PROJECT INFORMATION AND RFP INSTRUCTIONS

I. NOTICE OF PREQUALIFICATION

Notice is hereby given that Solano Community College District (“District”) is seeking to prequalify B licensed Contractors who wish to compete for the award of contract for the Library/Learning Resource Center Project. The District has determined that, pursuant to Public Contract Code section 20651.5 all bidders on construction of the Library Learning Resource Center Project must be pre-qualified prior to submitting a bid. All Contractors seeking to be prequalified must fully complete the prequalification questionnaire and provide all materials requested herein. No bid will be accepted from a Contractor that has failed to prequalify. If a Joint Venture intends to submit a bid, each entity within the Joint Venture must be separately prequalified.

II. PROJECT OVERVIEW

The new Library/Learning Resource Center (Building 100 Replacement) project (“Project”) is located in the heart of the District’s Fairfield Campus at 4000 Suisun Valley Road, Fairfield, California. This Project includes construction of a new 59,252 sf, 2-story Library/Learning Resource Center (LLRC) building, demolition of five modular buildings (approximately 8,930sf) and the approximately 49,074 sf old library building, and new site improvements at these areas. The new LLRC building will contain library functions, tutoring program, TV Studio program, professional development office and training room, and the District’s Data Center and IT department. These functions are currently located in the old Library building and will migrate to the new LLRC building when it is completed.

The foundation system will include rammed aggregate piers, footings and grade beams and floor slab. The main vertical and horizontal building structure will be steel moment frame (non-fireproofed). Ground floor exterior cladding is a rain screen with FRP panel and some metal panel sections. Upper floor exterior cladding is a storefront glazing system. Perforated metal panel sunscreens are projected from the building about much of the upper floor. The new building includes 2 elevators, 2 large open stairs, a bleacher-type tiered seating area, and a very large membrane skylight and corresponding atrium-type opening in the second floor. Site improvements will include patios, paths and landscaping about the new building, grading, paths, and landscaping of a new campus open space in the location of the old Library, replacement of a concrete on-campus sidewalk/fire access road, some improvements in existing parking lots, and miscellaneous related work.

This Project is anticipated to be issued for bid in July 2019, pending State approval to issue for bid. Construction is likely to commence in October 2019. The project budget is approximately \$34 million. Due to interface with an occupied campus, the following phases and timeframes have been established:

- Phase 1: Mobilize on site and demolish old portable buildings and site preparation for new building
- Phase 2: Construct new building. Building to be ready for occupancy June 1, 2021
- Phase 3: Demolish old Library building
- Phase 4: Construct site improvements in area of old Library building

The building is being designed with sustainability and ‘green’ building principles to equivalent *LEED* Silver rating. The building is also being designed to exceed Title 24 energy efficiency requirements by at least 15%.

Project Labor Agreement. The District has entered into a Project Labor Agreement that is applicable to this Project. The Contractor and all subcontractor tiers will be required to assent to the terms of the Project Labor Agreement.

Small Local and Diverse Business Program. The District has established a Small, Local, and Diverse Business Program (SLDBE Program) to ensure access, equity and inclusion of Solano County

businesses in the area of construction contracting associated with Measure Q Bond expenditures. The SLDBE participation goal is 20% of the total construction contract amount. SLDBE requirements may be achieved through the combined participation of the following:

- Local DBE Businesses (minimum 10%)
- Non-local DBE Businesses
- Local non-DBE Businesses

DBE businesses include:

- Certified Small Business Enterprises (SBEs)
- Certified Minority-owned Business Enterprises (MBEs)
- Certified Women-owned Business Enterprises (WBEs)
- Certified Disadvantaged Business Enterprises (DBEs)
- Certified Disabled Veteran-owned Business Enterprises (DVBEs)

Note that there is a concurrent goal of minimum 3% DVBE. This counts towards the 20% SLDB program goal, in either the local DBE or non-local DBE category above.

III. PREQUALIFICATION PROCESS

A. Prequalification Submittal Overview:

Answers to questions contained in the attached questionnaire, information about current bonding capacity, notarized statement from surety, and the most recent reviewed or audited financial statements, with accompanying notes and supplemental information, are required. The District will use these documents as the basis of rating Contractors. The District reserves the right to check other sources available. The District's decision will be based on the evaluation criteria in the attached Evaluation Forms.

The prequalification packages (questionnaire answers and financial statements) submitted by Contractors are not public records and are not open to public inspection. All information provided will be kept confidential to the extent permitted by law. However, the contents may be disclosed to third parties for purpose of verification, or investigation of substantial allegations, or in the appeal hearing. State law requires that the names of contractors applying for prequalification status shall be public records subject to disclosure, and the first page of the questionnaire will be used for that purpose.

Each questionnaire must be signed under penalty of perjury in the manner designated in the form, by an individual who has the legal authority to bind the Contractor on whose behalf that person is signing. If any information provided by a Contractor becomes inaccurate, the Contractor must immediately notify the District and provide updated accurate information in writing, under penalty of perjury.

The District may refuse to grant prequalification where the requested information and materials are not provided, or not provided by the due date. The closing time for submittals will not be changed in order to accommodate supplementation of incomplete submissions, or late submissions.

The District reserves the right to make other inquiries as permitted by law. The District reserves the right, in its sole discretion, to reject any or all prequalification packages, to waive irregularities and omissions in the information contained in the prequalification package submitted, and to make all final determinations.

Contractors that have submitted a Prequalification Package shall receive written notification of their prequalification status. The District reserves the right to suspend or rescind the prequalification based on subsequently learned information, including falsification of information. Regardless of the fact of prequalification, the District is not precluded from a post-bid consideration of a bidder's responsibility, including a determination of whether a bidder has the quality, fitness, capacity and experience to satisfactorily perform the proposed work, and has demonstrated the requisite trustworthiness.

B. Prequalification Forms:

All prequalification packages shall be on the forms provided by the District. Prequalification forms can be downloaded from the District's website at www.solano.edu.

C. Deadline for Submitting Prequalification Packages:

Interested contractors shall fully complete the prequalification package and submit one (1) unbound single sided original with attachments, five (5) bound copies with attachments and one (1) CD-R or thumb drive including a PDF copy of the prequalification package. PART V. FINANCIAL STATEMENTS AND SUPPLEMENTAL INFORMATION

Financial prequalification may be established by determining capacity to perform the Library/Learning Resource Center Project contract in the following manner:

- a. Working capital is determined from the most recent balance sheet submitted, by subtracting the current liabilities from current assets.
- b. Available lines of credit or other credit facilities are then added to the working capital, and then the sum is multiplied by ten (10).
- c. Uncompleted work on current contracts, which have been awarded to your organization (backlog), will be subtracted from the amount determined in paragraph "b" above.
- d. Any positive number resulting from paragraph "c" above would be the maximum Solano Community College District contract that can be awarded to the Submitting organization.

Should your organization not qualify on the basis of the above calculation, the Solano Community College District may consider other alternative information you can provide that, in its sole judgment, indicates clearly your ability to meet the financial requirements of the anticipated Solano Community College District contract. This information must include the required data described below, and sufficient supplemental analysis and description as needed to clearly present your position. This information must be submitted with your Request for Prequalification. It is your responsibility to make the above-described calculation and determine if additional information will be required to demonstrate your ability to perform the project.

Information you must submit includes:

1. Full set of financial statements for your most recent three (3) complete fiscal years, accompanied by either an audit or review report by an independent Certified Public Accountant. *Compiled or internally prepared financial statements will not be accepted.* Statements, which are older than six (6) months, must be supplemented by internally financial statements, which update the information to no more than six (6) months from the date of submission of the Request for Prequalification. Such statements must be prepared in accordance with generally accepted accounting principles, including all required information disclosures.
2. Letter from a financial institution in support of available lines of credit or other facilities, if you wish them to be considered in prequalification. See attached "General Statement of Bank Credit" for sample language; Attachment - 1.
3. Schedule indicating contracts, which have been awarded to you, and reconciling the original award, any amendments, completed portion and uncompleted portion of such contracts. This is your backlog of work awarded but not yet complete.
