Answers to Submitted Questions:

1. Should the fee schedule we submit include testing rates as well as hourly rates? If so, may testing rates be included in the Appendix, rather than in Section 3?

Answer: Yes, a full fee schedule detailing the fees associated with personnel hourly rates along with the rates for inspections, sampling, testing, travel, etc. would be preferred. This fee schedule can be included as part of the appendix.

2. Section 4. Project Entity Summary indicates that you would like a current fee schedule for each individual being submitted. In the past we have submitted a full fee schedule with all inspection rates as well as laboratory test (concrete, steel, masonry, soils, etc.). Would you like us to submit a full fee schedule and can we include it in the appendix?

Answer: See answer to #1 above.
