RE: Financial Aid Ineligible Status

As a result of the grades reported on your transcripts, you have been determined ineligible for financial aid. You were previously on a WARNING status which required you to complete at least 67% of the cumulative number of units attempted with a cumulative grade point average of 2.0. The ineligible status does not limit the Board of Governor's grant at this time if you were previously determined eligible.

To reestablish your eligibility for financial aid you must meet the overall Pace of Progression rate of 67% along with a minimum cumulative GPA of 2.0. Sitting out one semester or longer will not reestablish eligibility. Please refer to the Satisfactory Progress guidelines on the SCC Financial Aid website for consumer disclosure information.

If you have extenuating, documented circumstances you may submit an appeal to the Financial Aid Office for consideration. Note: Satisfactory Academic Progress Appeals will only be accepted from students who have experienced extenuating, documented circumstances for example: student's illness or medical issues, family death, or emergency. **Please keep in mind, as of the 2011-2012 academic year, students may be granted only one appeal.**

We highly recommend taking advantage of the resources on the main campus which include the tutoring labs, or reducing the number of units enrolled while reestablishing your eligibility. Please let us know if there is any additional assistance needed in your educational journey.
