

ACADEMIC PROGRAM REVIEW COMMITTEE

Solano Community College

Minutes – Wednesday, December 19, 2016

1:00-2:00pm Room 611

Special Meeting

In Attendance: Amy Obegi, Vitalis Enemmuo, Ferdinanda Florence, Maureen Powers, and Robert Gabriel.

Approval of Agenda: 1st M. Powers, 2nd F. Florence, and it was approved unanimously.

Public Comment: None

Discussion/Information Items:

1. Program Review Faculty Coordinator Position and Transition: An interview was held this morning (Wed. Dec. 19th) with the one candidate who applied to be the Program Review Coordinator. The interview went very well and an offer will likely be made later in the week. A. Obegi expressed confidence in the candidate.

Action Items:

1. Recommendation to purchase CurriCUNET Program Review Module from Governet to implement with Solano's approved program review handbook: A motion was made by F. Florence and 2nd by M. Powers. Governet offered a 20% discount if we sign up for the program review module by the end of the month. There was a brief discussion about how there are some reservations about working with Governet, since there have been challenges in the past getting timely changes made. However, the advantages of having a single database to house curriculum, assessment, and program review AND to have the systems be able to talk and share information was seen as outweighing the risks. The functionality provided will help us track data and link to an integrated planning process more cohesively. The motion carried unanimously.
