**\*See Descriptions of Workshops Below**

## ➤ Introduction to MLA8

This workshop will introduce you to the Modern Language Association Style (MLA8) for writing and formatting research papers. It covers what MLA8 Style is, why it is used, and who should apply this style to their work. It looks at the different aspects of MLA Formatting and Citations standards, both as sources appear in-text and in final reference page. This workshop should answer most of your basic questions about using MLA Style.

## ➤ Mid-Term Test Prep

This hands on workshop will outline how, what and when to study for major exams, like mid-terms. You will leave this workshop with practical, ready to use ideas to successfully approach test taking.

## ➤ How to Take Notes

Learn how to use different learning styles to effectively take notes for any college course. This is a hands-on workshop. You will practice different note taking styles in the workshop!

## ➤ Solving Word Problems

Do you struggle with reading, understanding, and solving word problems? This workshop will offer tips and tricks to identify what you are working to solve and how to solve it! Bring examples and be ready to work through some (with help)!

## ➤ Taking Notes and Preparing for Class

Never took notes in high school but can't keep up in college? Feel like no matter what you do in class you are never prepared enough to get the work done? This workshop will offer note taking examples and ideas on how to come to class prepared - to make the most of class and leave able to complete the homework and assignments.

## ➤ How to Eat and Elephant

Have you started that semester long project yet? Worried about where to begin? It is not too late! There is still time in the semester to get started, work on it, and get it done

on time. Come to this workshop for ideas on getting started, breaking up big projects, and what resources are available on campus to help you!

### ➤ **Working with Classmates**

Does your instructor put you into groups for collaboration in class or on projects? Ever wonder why? Come find out the benefits of working in groups with your peers and how to make the best of it! Be prepared, you might meet someone new!

### ➤ **Doing Life and College**

Feeling the pressure of life and wondering how you can keep up with it all? Know that you are NOT alone! There are so many resources on campus and in the community to help. This workshop will also help you identify your priorities and maximize your time - YOU CAN DO IT!

### ➤ **Preparing for Exams**

The end is near - but final exams are coming! This workshop will provide study strategies to help prepare you for final exams. This workshop will help you finish the semester strong!
