We are also happy to announce the availability of online tutoring for all Solano Community College students via NetTutor. Online math tutoring is available 24 hours a day, every day of the week. Writing assignments can be submitted 24 hours a day, every day of the week and all writing submissions to NetTutor will maintain a 48-72-hour turnaround time. All other subjects will follow the NetTutor subject hours for the semester. Click on the following link [NetTutor Student User Guide](#) for more information about NetTutor.

Please let us know if you are having any difficulties accessing our tutors online, have any questions/concerns, or have other tutoring needs. **We are here to help!** Go to the [ASTC webpage](#) or email us at ASTC@solano.edu for more information.
