When Can I Expect to See My Fall 2016 Shells in Canvas?

The Fall 2016 online course shells have been loaded into Canvas. You will find them by going to Courses and then clicking on All Courses. Here is the link, "[How to Import Content from Another Canvas Course.](#)"

The Fall 2016 eCompanion shells will be loaded into Canvas on Tuesday, July 26. All sections will be loaded into Canvas as a separate shell. Instructors of eCompanion shells will need to notify the DE Office of any course sections he/she wish to have combined in one shell.

Students will be loaded into Canvas for the Fall 2016 semester on August 8.
