

Review of Non Academic Program Review

15th August 2014

Present: Jowel Laguerre, Shirley Lewis, Diane White, Yulian Ligioso

General Feelings

Strong need to encourage VP involvement by providing strategic direction to ALG.

VP should sign-off on plans

Too much disconnect between strategic goals and area planning

Manager training needed on project management

Recommendations

Peter to add VP sign off sheet on plans

Look to strengthen connections between strategy and unit planning

SP/Fiscal to secure funding for ALG training (Oakland non-profit project management training / other assessment training?)
