Hi Laurie

Could you send the following on to CGC – many thanks /// Peter

The CGC meeting of 25th January will revisit the Institutional Priorities that will be used for Unit Planning in spring 2017.

Please provide your feedback on the priorities as described in my email of October 26th and attached.

On approval of the priorities management will use them as a guide for planning activities. You will be provided with a full list of planned projects grouped by priority. You will also receive regular progress reports on each of the priorities throughout the academic year.

These priorities represent an important step in advancing the mission of the college and provide directed focus to people involved in the planning process.

Subject: RE: Agenda for College Governance Council Meeting October 26, 2016

Good afternoon

Further to today's meeting – thank you all for your feedback - attached is a PDF with the planning priorities for the 2016/2017 planning year.

The priorities were developed as a way to :

- Add more focus and relevancy to planning activities.
- Allow CGC and other shared governance groups to influence medium term direction of the institution
- Facilitate tracking and communication of important projects

As members of CGC I propose that:

- You provide feedback to me on these priorities at the next regular meeting.
- In Spring 2017, you will review and provide feedback on a complete list of activity plans that support these priorities.
- From Fall 2017 onwards you will be provided with regular (once a semester) accountability progress reports that show how the plans are advancing these priorities. You will provide comment and recommendation on progress.
- You will provide input and guidance on future changes to priorities.

Many thanks ... Peter
