

Summer Bridge 2017 Program

Umoja Summer Bridge July 24th -27th

Are you ready to become Umojafied? The Umoja Summer Bridge Program at Solano Community College is open to all new students and is specifically designed to assist students in their transition from high school to college or first semester to second semester of college. Our goal is to provide students an opportunity to familiarize themselves with the higher learning environment. Students who participate in summer bridge programs adjust to college more quickly and are usually more successful the first year than the general population. This four-day program includes FREE English and Math enrichment workshops that will enhance academic readiness. Additionally, scholars will attend a college credit course, *Orientation for College Success*, which will introduce goal setting and time management techniques. **Join us at our informational session!**
