I. Agenda approved as submitted: M: LaNae, S: Randy

II. Minutes of September 25, 2015 were approved as submitted. M: Randy, S: Curtiss

III. Old Business
    A. Update on new database: Senate President Wyly deferred screening and selection of the new database to the Assessment Committee. Kevin suggested we look at other options (besides Curricunet and Argos).

    B. Most of the meeting was spent on identifying the course(s) that will be used to assess GELOs. We want to use assessments already done for courses rather than make separate assessments for GELOs or ILOs. We tried to have courses from all Schools represented. We also selected courses that would have good student populations (some courses would work well, but we thought the lower enrollments might be an issue). But so far:

Communication
        Reading: Engl 2
        Writing: Engl, 2, Engl 4
        Listening: HS 55, Nurs 55, 60 or 61
        Speak and Converse: Comm 6, Photo 56, TV 55

Critical Thinking/Information Competency
        Analysis: Drft 79, Math 104, Psyc 4,

Meeting adjourned at 4:45 p.m.
