Are you interested in being a workforce member of the emerging “Green” transportation workforce? If so, you will want to enroll in our Alternative and Renewable Fuels Vehicle Training Program.

Contact Andy Trotter for additional information. Andy@Gbengrp.com or 707.480.9507

**Eligibility requirements for enrollment:**

1. 18 years or older
2. Right to work in the United States
3. Males must have completed Selective Service Registration
4. A valid and unexpired driver’s license or ID card
5. Social Security number or Certificate of Birth
6. Have a verifiable background of education or experience in Automotive Service and Maintenance.

Solano Community College’s (SCC) Hybrid Maintenance training program will include Hybrid Safety, Basic Maintenance, Diagnostics, and Repair.

The skills students acquire will enable them to respond to the expanding demand for Hybrid maintenance technicians.

Solano Community College offers ARFVTP classes and remains an integral part of future sustainable solutions.

The entire world is making bold moves toward more fuel efficient vehicles of all types. California continues to lead the nation in Hybrid sales outperforming all other States.
