## Spring 2015 Schedule of Classes

# Welcome to Solano Community College!

## Greetings from your Superintendent-President

Welcome to Solano Community College! This guide to SCC's schedule of classes is designed to support you in making the right choices for the upcoming semester and to help you plan your educational pursuits as a Solano Community College student.

You have several options for your studies and we urge you to choose wisely. Meeting with one of the College counselors will help you to develop an educational plan and a schedule that are right for achieving your educational goals.

A variety of services to students is provided to ensure your success. By taking advantage of these services, you will avoid unnecessary hindrances to your College planning and you will be connected to resources to make your College experience meaningful and less arduous. The suite of services we offer our students includes financial aid, counseling, free tutoring, career planning, student activities, support for students with disabilities, support for veterans, support for minority

students, and more. Your counselor can introduce you to the services appropriate for you. The Academic Success Center, located in the library, has become a preferred place for students seeking support outside of the traditional resources available.

For those of you interested in going on to a four-year college or university, we have many associate degree and transfer programs to examine, including the transfer programs with California State institutions. If you are seeking to upgrade your skills to find new employment, we have programs offering certificates of achievement.

Our dedicated and enthusiastic faculty—many with regional, national, and international reputations—have extensive knowledge and expertise to share with you in our many state-of-the-art, multi-media equipped classrooms and labs.

Solano Community College has a proud tradition of serving the citizens of Solano County and Winters and we hope that you will join our educational community.

Welcome!

Jowel C. Laguerre, Ph.D.

## QUALITY EDUCATION at an Affordable Price

(see chart below)

As a full-time student at Solano Community College (SCC), you can expect to pay a little more than \$1,080 in annual fees (30 units at \$46/unit). You'd pay more than \$ 5,778 a year at a California State University (CSU) campus and \$11,893 at a University of California (UC) campus. SCC offers many financial aid options and scholarships to help you maximize your financial resources.

\*Applies to California residents; excludes cost of textbooks, materials fees, transportation/parking, and room & board. Fees subject to change due to State budget.

## INCREASE Your Earning Power

SCC graduates earn as much as twice the State's average wage in some cases. The average lifetime income of an SCC graduate with an associate degree is more than \$1 million—about \$250,000 more than a person with only a high school diploma. Employers also recognize the value of an SCC education. Many SCC students receive job offers immediately upon completion of our highly popular technology and healthcare career programs, for example. Associate of Arts and Science degree holders earn 22% more than those with a high school diploma.

## TRANSFER to a 4-Year University

Solano Community College is the place to begin your B.A. degree! You are able to complete lower division general education and major preparation courses prior to transferring to any public, independent, or out-of-state college of your choosing. Solano students may be guaranteed admission to many UC and CSU campuses through Transfer Admission Guarantee (TAG) programs. It is important to work closely with your Solano counselor to develop an appropriate educational plan. Please visit the Transfer Center in Room 402 or ask your counselor for more information.

## Outstanding FACULTY

SCC faculty are recognized regionally, state-wide, and nationally for their excellence in the classroom. They've joined the SCC faculty because they love working with students.

## Health Fee Exemptions

Since the provision of health services is very expensive and the California Community College system does not have sufficient funds to subsidize student health services, the State legislature mandates that the burden of supporting a student health center will be shared by all Solano Community College students through a general fee, regardless of whether they utilize the health center or have their own insurance.

The following students are exempt from paying the mandatory health fee:

- (1) Students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization.
- (2) Students who are attending a community college under an approved apprenticeship training program.

Students who fall within any one of the two grounds for exemption may apply for a fee waiver by submitting a written request to the Office of Student Development.

# How to Read this Schedule

## COURSE NUMBERING SYSTEM

The following numbering system indicates transferability, pass or no-pass status and other related information. For specific transfer information, consult a counselor and refer to the catalog of the prospective transfer institutions.

### Class Numbers

**001-049** - Qualify for an AA/AS Degree; transfer to the University of California system and the California State Universities system.

**050-099** - Qualify for an AA/AS Degree and transfer to the California State Universities system.

**100-199** - Qualify for an AA/AS Degree but, generally, do NOT transfer to four-year institutions. Some classes may be used to meet requirements in certain majors at some four-year institutions.

**300-399** - Credit classes which DO NOT apply to an AA/AS Degree. Exception: One English class below English 001 which may be applied to an Associate Degree as an elective. Classes do not transfer to four-year institutions.

**500-599** - Non-credit classes.

## DEFINITIONS

**Advisory** – A class or equivalent preparation that will broaden the student's learning experience in a subsequent class.

**CRN** – What was previously known as a SECTION number is now known as a CRN number.

**Co-Requisite** – Some classes require enrollment in both the lecture and the lab, or are part of a learning community that requires enrollment in all classes within the community. Your enrollment in a class with a co-requisite is blocked until you have completed or enrolled in the co-requisite class.

**Prerequisite** – A class or equivalent preparation that must be completed before enrolling in another class. Your enrollment in a class with a prerequisite is blocked until the requirements of the prerequisite are satisfied.

**Open Entry** – Class that can be added to a program of study up to the last day to drop a full-term class.

**Open Exit** – Classes that can be completed by fulfilling class requirements at any time during the semester.

**SCC Minimum English and Math Standards** – The minimum English standard is eligibility for enrollment in English 370; the minimum math standard is eligibility for enrollment in Math 330.

**Student ID Number** – We assign a unique 9-digit number to you when you apply for admission. If you attended Solano prior to Summer 2008, your Student ID Number transferred over to the new system.

**Class Cancellation** – The College reserves the right to cancel any class that does not meet minimum enrollment requirements or has unexpected staffing or facility situations that cannot be satisfactorily resolved. Class times and/or room assignments are subject to change; changes are posted outside the Office of Admissions and Records, Building 400, Fairfield Campus, and at the Vallejo and Vacaville Centers for classes scheduled at these locations. ## LEARNING COMMUNITY

### LC 001 • Umoja Program Scholars: Exploring the African-American Experience, Career Planning and Self-Development Throughout the Life Span

A Learning Community designed for the Umoja Program Scholars (UPS), Umoja (a Kiswahili word meaning "unity") is designed to incorporate Social Science 022 an examination of the historical, economic, psychological, and sociological aspects of majority-minority group relationships (ethnic, racial and gender) in the United States and selected cross-cultural situations; with History 018 an examination of the major economic, social, political, and cultural events that shaped the United States and their impact on American life. The Umoja Program Scholars is designed to help students make a smooth and successful transition in college. A variety of collaborative and other community-building strategies will be incorporated to enhance students' learning potential in and out of the classroom.

### LC 002 • Puente Program: Preparing Students for Transfer

Open to everyone, this two-semester program will promote increased self-awareness, help students identify personal goals and paths for academic success, and develop critical reading and writing skills through an exploration of the Mexican American /Latino experience.

# Online Classes

Solano Community College offers two types of Internet classes for credit: online and hybrid classes. Online classes are taught over the Internet and hybrid classes are taught partly over the Internet and partly in the classroom. These classes have regular assignment schedules and reading material and the same learning requirements as traditional classes. Participation in online sections and hybrid sections require that students have a computer with Internet access and a web browser. The individual classes will also have additional requirements such as a textbook and possibly a specific software program to be used. You might also have to come to campus for an in-person exam.

**Online:** These classes utilize the Internet to create an educational experience that can be completely independent of time and place. Students still purchase textbook(s) and take tests, but they do the majority of the classwork at a computer connected to the Internet. They work according to their own schedule, at home, in the office, or on open access computers on campus in the library. Course materials, the syllabus, assignments, tests, and links to other Web resources, are contained on the course site. Students communicate with their instructor, and each other, by sending and receiving email and by participating in "threaded discussions." These are discussions that continue over time where students drop in to read the comments and to

add their own. While online classes may not be for everyone, they are well-suited to students who are self-motivated, who have access to a computer, who may have busy schedules and who may not be able to travel to campus for classes with specific meeting times.

**Hybrid:** These classes use a combination of the face-to-face and online formats. Some activities will be conducted in a group (traditional class) format and some activities are conducted (online). These classes offer the best of both worlds - flexibility with the online portion and the sense of being in a group with the traditional class meeting

# Academic Integrity

Upon completion of Solano Community College's General Education program, a student will demonstrate competency in the following areas:

## HONOR CODE

At Solano Community College, we believe that Academic Integrity is fundamental in an institution dedicated to personal development through learning, free inquiry, and the exchange of ideas. Honest work is an integral part of the learning process: it builds self esteem, knowledge, and skills. It is the responsibility of every Solano Community College student to represent work truthfully and engage honestly in all assignments.

We believe that any instance of academic dishonesty hurts the entire college community. Solano Community College defines academic dishonesty as:

- Plagiarism or knowingly or unknowingly using someone else's ideas, words, or thoughts without giving credit to the source
- Receiving or providing unauthorized assistance on assignments and/or exams
- Using unauthorized materials during an exam
- Fabrication of data or references
- Denying others access to information
- Forgery, alteration, or misuse of documents, records, or identification

## Solano Community College will not tolerate Academic Dishonesty.

You are responsible for this information as well as the information available in the Student Handbook, the Schedule of Classes and the Solano Community College Catalog, which is available online at [www.solano.edu](http://www.solano.edu).

At the heart of any institution of higher learning is the fundamental right of Academic Freedom for which Honesty and Integrity are preconditions. Academic Integrity is therefore fundamental to the Solano Community College community. Academic Integrity

is maintained only when all academic work is the product of identified individuals. Any act of Academic Dishonesty interferes with Academic Integrity and therefore the core values of this institution. All violations of Academic Integrity on the part of any member of the academic community constitute a serious offense.

Examples of Academic Dishonesty include:

### Plagiarism:

Plagiarism consists of taking the exact words or the specific substance, structure or ideas of another and passing these words or ideas off as one's own in any academic exercise. The following examples are some of the many forms plagiarism may take.

1. Submitting a term paper, examination or other work written by someone else. This includes extended paraphrasing of another's work or research. This is a flagrant instance of plagiarism.
2. Failure to give appropriate credit for ideas, statements of facts, conclusions, or exact words derived by another either in the text or as a footnote.
3. Failure to use quotation marks or appropriate indents when using the exact words of another, whether it be a paragraph, a sentence or even a portion thereof.
4. Usage of any electronic media without providing proper citations, including the Internet, email, copied postings, or any other source of information available electronically.
5. The citing of a source which does not reasonably conform to these expectations, such as another plagiarized or otherwise undocumented paper or other resource.

Plagiarism can, in some cases, be a subtle issue. Any questions about what constitutes plagiarism should be discussed with the faculty member or a Solano Community College faculty librarian.

### Cheating:

Cheating is the usage of unacknowledged or unauthorized notes, materials, information, calculators, electronic devices, or study aids in any academic exercise. Cheating also includes: using information from another student or student's paper; altering a graded work after it has been returned then submitting the work for re-grading without instructor permission; submitting another's work under one's own name. Students must not request others (including commercial term paper companies) to conduct research for them. Students may be restricted from leaving the classroom during an exam period.

### Fabrication:

Fabrication is the falsification of any information or citation in an academic exercise. Fabrication includes presenting data not gathered in accordance with guidelines defining the appropriate methods for collecting or generating data or failing to include an accurate account of the method by which the data were generated or collected. "Invented" information may not be used in any laboratory experiment or other academic exercise without authorization from the instructor. The student must also acknowledge reliance upon the actual source from which cited information was obtained. A writer should not, for example, reproduce a quotation from a book review and indicate that the quotation was obtained from the book itself.

# Academic Integrity (continued)

## Facilitating Academic Dishonesty:

Students who knowingly or negligently allow their work to be used by other students or who otherwise aid another student in violating Academic Integrity are guilty of Academic Dishonesty even though they may not benefit directly from the violation. Facilitating Academic Dishonesty includes making one's research, notes, essays, or other work available for other students to access such as uploading one's work to the Internet or making it otherwise available.

## Denying Others Access to Information:

It is a violation of Academic Integrity to deny others access to scholarly resources, or to deliberately impede the progress of another student or scholar. Examples of offenses of this type include: giving other students false or misleading information; making library material unavailable to others by stealing or defacing books or journals, or by deliberately misplacing or destroying reserve materials; or altering computer files that belong to another.

## Forgery, Alteration or Misuse of Campus Documents, Records, or Identification or Knowingly Furnishing False or Incomplete Information to a Campus:

It is a violation of Academic Integrity to alter documents affecting academic records. It is also a violation to forge a signature of authorization or to falsify information on an official academic document, election form, grade report, letter of permission, petition, or any document designed to meet or exempt a student from an established College academic regulation.

## Sanctions:

All violations of Academic Integrity are subject to an appropriate penalty. Violations at Solano Community College are classified into three levels according to the severity of the infraction and the discretion of the instructor and/or Vice President of Academic Affairs. For each level of violation, a corresponding set of sanctions is recommended. These sanctions are intended as general guidelines as culpability may be assessed differentially for those with more and less experience as members of the academic community. Examples are cited below for each level of violation. These examples are illustrations and are not meant to be considered all-inclusive.

Any violation of Academic Integrity which occurs within the classroom or the context of a particular class may incur Level One or Level Two sanctions at the discretion of the instructor. The instructor may also choose to refer the student to the Office of the Vice President of Academic Affairs for possible further action at the discretion of the Vice President, Academic Affairs, including Level Three sanctions.

To refer students to the Office of the Vice President of Academic Affairs, faculty may contact the Office of the Vice President of Academic Affairs directly or use the Solano Community College Academic Dishonesty Report Form.

For a complete copy of the Academic Integrity policy, please refer to the SCC online catalog.

## Acknowledgements:

The Academic Integrity description was updated in Spring 2005 by a committee composed of SCC faculty appointed by the Academic Senate. Comments and suggestions were made by deans, faculty, students, and staff in the various academic units. The previous SCC academic integrity description and the policies/ descriptions of other major public institutions were consulted, especially Rutgers University, New Brunswick. Solano Community College is indebted to all those who have contributed their ideas.

## STUDENTS HELPING STUDENTS BOOK GRANTS

Solano Community College's Students Helping Students Fund is a program designed to provide one-time only financial assistance to economically disadvantaged SCC students in the form of a book grant. Funding is provided by students through a non-refundable optional fee of \$1, as well as through solicited annual contributions. A very limited number of book grants are distributed to eligible students at the start of the fall and spring semesters on a first-come, first-serve basis. New, first-time freshmen enrolled in six units at SCC, who meet the eligibility guidelines for an automatic Fee Waiver, are encouraged to complete a Fee Waiver application and the Students Helping Students Grant application. Applica-

tions are available in-person only from the Student Development Office at the beginning of the Spring or Fall Semester.

# Parking Information

## PARKING PERMITS

Fall, Spring, and Summer parking permits are purchased online. Log on to My Solano and click on Student Parking.

Parking permits are not transferable from one person to another. It is against the law to alter, forge, reproduce, sell, or loan your parking permit to another person.

Parking permits are required each semester and during summer sessions. Faculty/Staff and reserved parking is enforced 7 days a week, 24 hours a day. All permits (semester and daily) must be clearly displayed. Motorcycles may park in designated motorcycle areas without cost or permits. Motorcycles parked in other areas require permits at the vehicle price.

## PARKING ENFORCEMENT

Permit parking is not enforced in student/general parking lots during the first two weeks of the fall/spring semester and only during the first week of the first summer session offered (e.g., if a 10-week session is offered, the first week of that session will have a grace period. Any session beginning after the 10-week session will not have a grace period).

Thereafter, permit parking is enforced Monday-Friday, 7:00 am–10:00 pm. You must have a valid permit clearly displayed while parked on Solano Community College District property, including the Vacaville Center and the Vallejo Center. All other regulations and vehicle code violations are enforced 24 hours a day, 7 days a week.

Parking for students is provided in clearly designated areas. Certain parking areas are reserved for visitors, for faculty and staff who hold permanent parking permits, handicapped persons, and rideshare.

## FAIRFIELD CAMPUS

Student parking is provided in Lots 1, 2, 3, 4, 5, 6, and 7 (across from baseball and football stadiums).

## VACAVILLE AND VALLEJO CENTERS

A parking permit is required to park at both the Vacaville Center and Vallejo Center. Parking permits are \$20 per semester and \$6 for Summer session.

## DAILY PARKING PERMITS:

Daily parking permits may be purchased from the permit dispensers located in each student lot at a cost of \$1 per day (\$1 bills or coins accepted). New daily permits must be purchased each day. If the permit dispensers malfunction, notify the police in Bldg. 1800B or call (707) 864.7131. If a dispenser is out of service, purchase a permit in an adjacent lot. Daily permits are valid in student parking lots only and are interchangeable between the Fairfield campus, the Vacaville Center, and Vallejo Center.

## HANDICAP PARKING

A current parking permit along with a handicap placard or plates are required to park in handicap parking. The placard/plates and parking permit must be clearly displayed.

## RIDESHARE PERMITS

Rideshare permits are issued by the Student Development Office in Bldg. 1400, Room 1425. Vehicles displaying valid rideshare permits may park in the spaces reserved for rideshare participants and not in any other lots. If you do not have a rideshare permit, you may not park in the rideshare spaces. Rideshare vehicles must have 3 or more participants who each possess a current Solano student ID card (available in the Student Development Office). For more information, call (707) 864-7000 ext. 4367.

## VISITOR PARKING

Limited 30-minute visitor parking is available at the Fairfield campus in Lot 1. Visitor parking is located along the white curb line on the north side of the lot. For visits longer than 30 minutes, purchase a daily permit and move your vehicle to

another stall in the parking lot. Do not park in rideshare or faculty/ staff lots. Visitor parking is not to be used by faculty, staff, or students. Visitor parking is also available at the Vacaville and Vallejo Centers.
