About this Catalog

ABOUT THIS CATALOG - Students are expected to be familiar with the information in the Catalog, Schedule of Classes, and other publications relating to student attendance and conduct. Since this Catalog is prepared in advance of the period of time it covers, changes may occur in some programs and regulations. Courses as described in this Catalog are subject to change without notice, and some listed courses are not offered each year. The College reserves the right to adjust fees, conditions of enrollment, class offerings, and services as dictated by local and state mandates, the limits of institutional resources, and enrollment conditions. Consult the current Schedule of Classes for supplementary information and updated requirements.

OPEN ENROLLMENT POLICY - It is the policy of the District that, unless specifically exempted by state statute, every course section or individual course which is eligible for state apportionment shall be open for enrollment by any person who has been admitted to the College, meets the course prerequisites, and has paid required fees.

EQUAL OPPORTUNITY - The Solano County Community College District is subject to all laws governing equal opportunity including but not limited to Title VI and VII of the Civil Rights Act of 1964, Executive Order No. 11246 of 1965, Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, California Fair Employment Practices of 1959, Americans With Disabilities Act of 1990, and the Age Discrimination and Employment Act of 1972. Solano Community College does not discriminate on the basis of sex, sexual orientation, race, color, religious creed, national origin, marital status, veteran status, medical condition, age (over 40), pregnancy, disability, and political affiliation in its education programs and employment practices. Inquiries concerning compliance or complaints may be addressed to Human Resources:(707) 864-7128.

ALTERNATIVE MEDIA – This document can be made available in alternate formats for persons with disabilities. To request an alternate format for this document please contact the Alternate Media Office at (707) 864-7000 ext. 4466 or altmedia@solano.edu.

Accreditation, Governance, and Memberships

Accreditation and Approvals

- Solano Community College is accredited by the Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges, 10 Commercial Blvd., Suite 204, Novato, California 94949, (415) 506-0234, an institutional accrediting body recognized by the Council for Higher Education Accreditation and the U.S. Department of Education. Additional information about accreditation, including the filing of complaints against member institutions, can be found at: www.accjc.org.
- The Nursing program is approved by the California State Board of Registered Nursing.
- The Cosmetology program is approved by the California State Board of Barbering and Cosmetology.
- The Aeronautics program is certified by the Federal Aviation Administration (FAA) in accordance with CFR14, FAR Part 147.
- Solano Community College is approved for veterans training by the U.S. Department of State and for Foreign Student Education by the U.S. Immigration Service (USCIS).

Governance and Funding

Solano Community College is a public community college funded by a combination of state and local tax dollars. Through its Foundation, the college also actively solicits private donations from individuals and corporations to support capital projects and programs. The seven-member Board of Trustees of the Solano Community College District governs the College. Board members are elected at large from the representative areas of the district and serve four-year terms. Solano Community College is under the direction of its Superintendent-President, who, with faculty and staff, administers the college and oversees the implementation of Board policies.

Memberships

- American Association of Community Colleges (AACC)
- American Library Association
- Chambers of Commerce of Benicia, Fairfield, Vacaville, and Vallejo
- Community College League of California (CCLC)
- Directors of Educational Technology / California Higher Education (DET/CHE)
- EDUCAUSE
- Learning Resources Association of California Community Colleges (LRACCC)
- National Association of Student Financial Aid Administrators (NASFAA)
- National Association of Student Personnel Administrators (NASPA)
- National Association of Veterans Program Administrators (NAVPA)
- Research and Planning Group of California Community Colleges
- Servicemembers Opportunity Colleges (SOC)
- Solano County Economic Development Corporation (Solano EDC)
- Western Association of Veteran Education Specialists (WAVES)

Welcome!

On behalf of the faculty and staff at Solano Community College (SCC), I want to welcome you and congratulate you for choosing SCC. Our vision is clear: we want to be a recognized leader in educational excellence – transforming students' lives.

We have three campuses conveniently located near you: our Fairfield campus, the Vallejo Center, and the Vacaville Center. We also offer classes at Travis Air Force Base and online. Your decision to pursue a college education, whether it's a degree, a certificate, or transfer to a four-year college, is an important goal and our faculty and staff are here to help you succeed.

This catalog provides all the information you need to be successful at Solano Community College. You will find our academic and student policies; information on degrees, certificates, and requirements for transferring to a four-year college; and the names of our dedicated faculty and staff. In these pages you can also look up course descriptions and requirements for completing your degree or certificate as well as additional information on student services, including assessment, counseling, tutoring, and financial aid. Our entire College Catalog is also available online at www.Solano.edu.

We are committed to providing a dynamic, supportive learning environment for the students and community we serve. Our centers and the main campus offer day and evening classes, a variety of support services, and co-curricular activities (clubs, job fairs, etc.). Our Vallejo Center offers the opportunity to complete a Bachelor's Degree in Liberal Arts from Sonoma State University and our Vacaville Center is now offering a rigorous Bachelor's Degree in Biotechnology, the first 4-year degree offered at our college.

It's time to experience all that SCC has to offer. Take advantage of our programs and services to advance life-long learning, to upgrade your job skills, or to complete your educational goal. If it has been a while since you enrolled with us, I encourage you to return and enroll in one or more classes, enjoy some of our musical or theatrical performances, or attend the games of our sports teams. We look forward to seeing you.

Celia Esposito-Noy, Ed.D. Superintendent-President
Solano Community College

Solano Community College

Solano Community College is a tradition in Solano County. Established in 1945 as Vallejo Junior College, Solano was part of the Vallejo Unified School District until 1967 when the College became a countywide institution. The 192-acre campus, centrally located just off Interstate 80, was completed in 1971 and opened with 5,000 students. Since then, facilities, programs, staff and services have expanded to meet the growing needs of a growing county.

Solano Community College is part of California's public community college system of 113 campuses in 72 districts across the state. The College's service area encompasses the communities of Benicia, Dixon, Fairfield, Suisun, Vacaville, Vallejo and Travis Air Force Base as well as Winters in Yolo County. Many graduates of the area's 16 public high schools and three private schools take advantage of the educational opportunities offered by Solano Community College.

Solano's classes are held during two semesters each year (spring and fall) and two summer sessions. The Weekend College program offers expanded learning opportunities. Flexible scheduling, designed for students' convenience, includes day, evening, and Saturday classes, held both on and off campus, via online, home study and travel study. Short-term classes, open-entry / open-exit formats, and special interest workshops and seminars add to this scheduling flexibility.

With the current student population of over 14,000 taking classes during both day and evening, the Solano Community College campus is alive at all hours offering academic study and occupational training to all area residents.

Mission, Vision, Core Values and Ethics

MISSION

Solano Community College's mission is to educate a culturally and academically diverse student population drawn from our local communities and beyond. We are committed to student learning and achievement and to helping our students achieve their educational, professional, and personal goals. Solano transforms students' lives with undergraduate education, transfer courses, career-and-technical education, certificate programs, workforce development and training, basic-skills education, and life-long-learning opportunities.

The mission shall be evaluated and revised on a regular basis.

VISION

Solano Community College will be a recognized leader in educational excellence— transforming students' lives.

CORE VALUES

- **Integrity**— firm adherence to a code of ethical values in thought and behavior
- **Critical Thinking** — the use of intellectually disciplined, logically sound processes involving data-driven decision making
- **Mutual Respect** — valuing the intrinsic worth of each person in an atmosphere of collegiality
- **Collaboration** — working together across areas of responsibility or interest to achieve common goals and objectives
- **Innovation** — the search for and use of effective processes or procedures
- **Accountability** — individual and collective responsibility for achieving the highest level of performance
- **Student Well-being** — considering and addressing the impact on students of any and all actions or inactions

CODE OF ETHICS - POLICY 4100

The Code of Ethics serves to articulate values that the college embodies and promotes:

- Act with uncompromising integrity, dignity, respect, and fairness, and promote a spirit of collegiality campus-wide.
- Recognize and work to meet the College's responsibility to all citizens of the District to provide an educational program of the highest quality.
- Maintain and support transparency, communication, and equity in governance of the College, and in relationship to the community.
- Commit to the advancement and protection of academic freedom for all members of the institution.

Solano Community College

Strategic Goals

*The Goals and Objectives Have a Foundation
in Equity and Integrity in Action*

Foster Excellence in Learning

- Obj. 1.1 — Create an environment that is conducive to student learning.
- Obj. 1.2 — Create an environment that supports quality teaching.
- Obj. 1.3 — Optimize student performance on Institutional Learning Outcomes.

Maximize Student Access & Success

- Obj. 2.1 — Identify and provide appropriate support for underprepared students.
- Obj. 2.2 — Update and strengthen career / technical curricula.
- Obj. 2.3 — Identify and provide appropriate support for transfer students.
- Obj. 2.4 — Improve student access to college facilities and services for students.
- Obj. 2.5 — Develop and implement an effective Enrollment Management Plan.

Strengthen Community Connections

- Obj. 3.1 — Respond to community needs.
- Obj. 3.2 — Expand ties to the community.

Optimize Resources

- Obj. 4.1 — Develop and manage resources to support institutional effectiveness.
- Obj. 4.2 — Maximize organizational efficiency and effectiveness.
- Obj. 4.3 — Maintain up-to-date technology to support the curriculum and business function.

Institutional Learning Outcomes (ILOs)

Given the diversity of educational goals of our students and the length of their study, they will be proficient in the following areas to the extent required of their courses and/or program of study. These outcomes are neither course nor program specific but are meant to be applicable to all students.

1. Communication

Students will develop their reading, writing, listening, and speaking skills.

2. Critical Thinking and Problem Solving

Students will apply knowledge and skills in novel ways to discipline-specific situations.

3. Personal Responsibility and Workplace Skills

Students will obtain professional skills applicable to the classroom, workplace, and/or community at large.

4. Global Awareness

Students will increase knowledge of social, economic, and environmental trends from local to global perspectives.

Approved by Governing Board January 20, 2016

General Education Outcomes (GELOs)

Upon completion of Solano Community College's General Education program, a student will demonstrate competency in the following areas:

Communication and Critical Thinking (Option A, Area D; IGETC Option B, Area 1 and 6; CSU Option C, Area A)

- Students will develop their writing, listening and speaking skills to communicate effectively
- Students will engage in critical thinking to analyze problems and consider potential solutions

Scientific Inquiry and Quantitative Reasoning (Option A, Area A; IGETC Option B, Area 2 and 5; Option C, Area B)

- Students will engage in scientific inquiry to discover and apply information to the analysis of data and/or scientific phenomena
- Students will solve problems using appropriate mathematical and/or statistical techniques

Arts and Humanities (Option A, Area C; IGETC Option B, Area 3; CSU Option C, Area C)

- Students will exhibit an understanding of the ways in which people in diverse cultures and eras have produced creative works
- Students will analyze significant events and/or works from the past, including cultural and regional influences
- Students will create works through diverse forms of expression

Social Sciences (Option A, Area B; IGETC Option B, Area 4; CSU Option C, Area D)

- Students will analyze human behavior in a variety of contexts
- Students will investigate the social, political, economic, historical, geographical, and/or psychological forces that impact individuals, groups, and society

Lifelong Learning and Self Development (Option A, Health and Physical Development; CSU Option C, Area E)

- Students will demonstrate knowledge of the physical, psychological, cognitive, and/or developmental practices that foster personal well-being and human development

Cross-Cultural Studies (Option A, Area E)

- Students will analyze cross-cultural beliefs, practices, and forms of expression to gain a rich understanding of self and others

General Campus Information

ACADEMIC FREEDOM - FACULTY

The Solano Community College District affirms its belief in the academic freedom of its full and adjunct faculty and students to engage in any teaching, studying, research, writing, and criticism deemed appropriate by such individuals to the spirit of free inquiry and pursuit of truth.

As stated in the Academic Freedom and Tenure, (Handbook of American Association of University Professors, 1969):

“...academic freedom consists in the absence of, or protection from, such restraints or pressures - chiefly in the form of sanctions, threatened by the state or church authorities or by the authorities, faculties, or students of colleges and universities, but occasionally also by other power groups in society - as are designed to create in the minds of academic scholars (teachers, research workers, and students in colleges and universities) fears and anxieties that may inhibit them from freely studying and investigating whatever they are interested in, and from freely discussing, teaching or publishing whatever opinions they have reached. “

Since these rights of academic freedom carry responsibilities with them, each faculty member and student should strive to be accurate, should exercise appropriate restraint, show respect for the opinions of others, and must indicate that he or she does not speak, necessarily, for the College.

ATM SERVICE

An ATM is located in the lobby of Building 1400 and is available for students, staff, and visitors to the campus. All major ATM cards are accepted. Bank fees may apply.

BOOKSTORE

The Bookstore is located in the Student Center, Building 1400. It is responsible for providing text-books and instructional materials at a reasonable cost. The Bookstore also carries a selection of reference books, study aids, gifts, school and art supplies, and Solano Community College imprinted clothing. **The Bookstore is open to the public all year, except campus holidays**, and accepts Master Card, Visa, American Express, and Discover Card.

Used, New, Rental, Digital: Students may also choose a rental, used book, or digital option on selected textbooks, which may result in cost savings.

Book Buyback: Students may sell textbooks if they are being used in the upcoming term. You can sell your books

back to the bookstore at any time; the best time is at the end of the term during finals week. For further details about book buyback, refunds, and other policies, please contact the bookstore or see our web site.

Hours of operation vary in conjunction with the College calendar. For more information, hours, selected products, services, textbook information, online ordering, and policies see the Bookstore's web site (www.solano.edu/bookstore), or call (707) 864-7111.

CAFETERIA

The cafeteria at Solano Community College is located in the Student Center, Building 1400. The cafeteria offers a wide selection for breakfast and lunch from its full service grill. The selection includes daily hot lunch menus, soups, salad bar, deli sandwiches, Mexican and Asian menus, vegetarian, desserts, snacks, and beverages. The cafeteria hours of operation during the Fall and Spring semesters are Monday through Thursday, 7:30 a.m. to 8:00 p.m., and Fridays from 7:30 a.m. to 2:00 p.m.

CAREER CENTER

The Career and Employment Services Center offers one-stop services to include career exploration and skills assessment, labor market information and free employment assistance to all Solano Community College students and alumni in obtaining full- or part-time employment on and off campus. Students can research information and resources on occupations, including employment outlooks, education and training requirements, prospective employers and current salaries. The Center offers computerized career information systems, online resume posting and job search as well as up-to-date listings of current employment opportunities. For more information or appointments, call the Career and Employment Services Center at (707) 864-7124 or visit the online site at <http://www.collegecentral.com/solano>.

Solano Community College Career and Employment Services does not accept or list any job opportunity that discriminates on the basis of sex, sexual orientation, race, religious creed, national origin, marital status, medical condition, or age (over 40). The SCC Career Center adheres to all laws governing equal opportunity and discrimination, including, but not limited to, Title VI and VII of the Civil Rights Act of 1964, Executing Section 504 of the Rehabilitation Act of 1973, California Fair Employment Practices of 1959, Americans With Disabilities Act of 1990, and the Discrimination and Employment Act of 1972.

General Campus Information

WORKFORCE DEVELOPMENT

Solano Community College's Workforce Development offers a wide range of educational services to local businesses and organizations. We offer semester-long, credit courses that lead to a certificate or degree and customized, short, on-site, non-credit training classes (both live and online). In addition, Workforce Development has the capacity to provide academic testing and advisement along with employee assessment and interest surveys to determine the needs of individual employees. We conduct management and employee focus groups to determine the productivity improvement training and/or engagement programs needed.

Workforce Development also arranges training to be held at various locations, including campus facilities, as well as at a client's location.

The Workforce Development office is located at the Solano Community College, 4000 Suisun Valley Road, Rooms 168 and 169. Registration is available online at www.solano.edu/vistas or at www.eventbrite.com. For more information, call (707) 864-7149. Solano Community College's Workforce Development is prepared to meet with your management team to assist you.

COSMETOLOGY SERVICES

The Cosmetology Department offers haircare, skin care, and manicuring services. These services are available during the semester in Building 1600, Room 1610. All work is done by students, with instructor supervision. Clients' complimentary parking passes for Cosmetology parking are issued by the reception desk and must be placed on the dash of the client's vehicle. An allergy test must be on file with the Cosmetology Department if the client wishes to have chemical services performed. Appointments are appreciated but not required.

General Campus Information

CRIME AWARENESS AND CAMPUS SECURITY ACT OF 1990 (CLERY ACT)

The Solano Community College District is in compliance with the Federal Crime Awareness and Campus Security Act of 1990 (Clery Act). Information required by this act may be found in the *Student Handbook: Rights, Responsibilities & Procedures*. Statistical crime information required by this act is published annually and inserted in the Student Handbook. "Crime Statistics and Campus Safety Information" is available on the College's campus Sheriff's Department web site. An updated statistics list is available online at <http://ope.ed.gov/security>.

DRUG AND SMOKE-FREE CAMPUS

In accordance with Public Law 101-226, the Drug Free Schools and Communities Act Amendment of 1989, the Board of Trustees of Solano Community College prohibits the unlawful possession, use, or distribution of illicit drugs and alcohol. District policies for Student Conduct Standards (§5300) prohibit, on college property, or at any college-sponsored event:

- a) Unlawful possession, use, sale, offer to sell, or furnishing, or being under the influence of, any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the California Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind, or unlawful possession of, or offering, arranging, or negotiating the sale of any drug paraphernalia, as defined in California Health and Safety Code Section 11014.5.
- b) Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the Governing Board.

Any student or employee in violation of this policy is subject to disciplinary action up to, and including, expulsion from Solano Community College or termination from employment for violation of the standards of conduct. The decision to take disciplinary action in any instance rests with the Board of Trustees, after consideration of the recommendation of the Superintendent-President of Solano Community College.

The possession, use and sale of alcoholic beverages by anyone on property controlled by Solano Community College, except as authorized under Board Policy (§1120), is a misdemeanor, as per California Business

Code (§25608) and a violation of the standards of student conduct. The use, sale or possession of any illegal drug is a violation of State law and any person found in violation may be subject to arrest by Federal, State, local or campus law enforcement authorities. Criminal prosecution is separate from any administrative discipline that may be imposed by the District.

For reasons of health and safety, the Solano Community College District has instituted a Tobacco-Free policy. Tobacco use is prohibited on all District-owned property, including buildings, grounds, and parking lots. (Board Policy §4215). It is the responsibility of all students and employees to observe this policy. SCC will follow discipline procedures for those reported to be violators. (This policy does not supersede more restrictive policies that may be in force in compliance with State or Federal regulations.)

For more detailed information and a listing of assistance contact:

Student Health Center - Room 1409
Counseling Department - Building 400
Disability Services - Building 400

EDUCATIONAL FOUNDATION

The Solano Community College Educational Foundation was established in 1985 by District residents to support the continuation of a quality college for Solano County. As an independent, non-profit organization, the Foundation is designed to solicit, receive, and expend funds to support College programs, activities, and facilities, and assist the College in meeting essential needs that reach beyond the limits of state funding. Through fund raising efforts such as the Alumni Development Campaign, Corporate Gift Giving, Endowments, Major Campaigns and Charitable Remainder Trusts, the Foundation has provided funds for the library, nursing and pre-engineering programs, a Student Placement Center, and for campus signs.

Governed by a board of community directors, the Foundation provides an avenue for individuals and businesses to make tax-deductible donations to support the work of Solano Community College. Persons wishing to donate to the Foundation should make checks payable to the SCC Educational Foundation and mail them to SCC Educational Foundation, 4000 Suisun Valley Road, Fairfield, CA 94534-3197.

General Campus Information

To donate online or for more information, go to our website at <http://foundation.solano.edu/> - Call our office at (707) 864-7177 to talk to Curt Johnston, Executive Director, or Eileen Amick, Administrative Assistant.

HOUSING

The College does not maintain dormitories. Students may obtain information on off-campus housing from the bulletin board in the Student Center located in Building 1400.

PARKING ENFORCEMENT

Permit parking is not enforced in student/general parking lots during the first week of the fall and spring semesters, and summer session offered (e.g. if a 10-week session is offered, the first week of that session will have a grace period. Any session beginning after the 10-week session will not have a grace period). Reserved areas, such as RideShare, Visitors, Faculty and Staff, Disabled parking, etc. do not have a grace period for permit parking. Thereafter, permit parking is enforced Monday-Friday, 7:00 am–10:00 pm. You must have a valid permit clearly displayed while parked on Solano Community College District property, including the Vacaville Center and the Vallejo Center. All other regulations and vehicle code violations are enforced 24 hours a day, 7 days a week. Parking for students is provided in clearly designated areas. Certain parking areas are reserved for visitors, for faculty and staff who hold permanent parking permits, handicapped persons, and rideshare.

General Information: Parking permits are valid for all Solano Community College campuses. Permits must be placed as indicated on the permit directions. Parking fees are subject to change. An appeal process is available to contest parking citations.

For more information regarding parking, access our web site at www.solano.edu/police or email us at parkingservices@solano.edu or call (707) 864-7131.

PUBLICATIONS

Solano Community College publishes a general Catalog yearly, a Schedule of Classes prior to each semester (fall, spring, summer); and a variety of brochures on specific areas of study and student services. Students publish a bi-monthly bulletin, and the *ASSC Newsletter*. The College also maintains a web site with current information on classes, policies, programs and services: www.solano.edu.

SAFETY FOR THE COLLEGE COMMUNITY

The following information is published in accordance with Public Law 101.542 (§201), as amended by Public Law 102.26, the *Crime Awareness and Campus Security Act of 1990*.

Crime Reporting Procedures: No community or campus can be totally risk-free in today's society. Students, faculty, staff, and visitors are partners in creating an atmosphere that is safe and conducive to learning.

All law enforcement services are provided by the Solano County Sheriff's Office under a Memorandum of Agreement with Solano Community College District. The department is located in Bldg. 1800B. When on campus report any criminal action or other emergency by calling (707) 580-6526 or 911. The non-emergency number is (707) 864-7131. Off campus dial 911 to report an emergency.

College Property: Solano Community College property may **not** be removed from the campus without the expressed, written permission from the school dean or area supervisor. Unauthorized removal of College property from the campus is a violation of the law and may be prosecuted by the College.

Sheriff's Department: It is the policy of the Solano Community College Board of Trustees to protect all members of the College community and to protect the property of the District (Board Policy §3410 & §3800). Under the general direction of the Service Area Manager assigned by the Sheriff's Office, the campus Sheriff's Department shall ensure that reasonable protection is provided by using methods that fit within, and contribute to, the educational philosophy and process of the institution.

Deputies have full peace officer authority, pursuant to California Penal Code (§830.32A) and Education Code (§72330). They have peace-officer training, as prescribed by the California Commission on Peace Officer Standards and Training. Drivers should be aware that Deputies are authorized to enforce all provisions of the California Vehicle Code relative to both moving and non-moving violations on campus.

The Campus Crime Statistics Report is published annually and is available in the Solano Community College Sheriff's Department and on the college's website at <http://www.solano.edu/police/statistics.php>.

General Campus Information

Sexual Assaults: Sexual assaults including rape, acquaintance rape, and other sex offenses, should be reported to the campus Sheriff's Department immediately. Deputies can be contacted in Bldg. 1800B or by calling (707) 580-6526. The non-emergency number for campus Sheriff's Department is (707) 864-7131.

If you are a victim of a sexual assault, do not touch or change anything at the scene. Do not wash, take a shower, or change your clothing; you may destroy important evidence. Sexual assault victims will be transported to the nearest hospital for examination and collection of important evidence by trained medical personnel.

Services available on campus include a deputy trained in sexual assault investigation. During the fall and spring semesters, a nurse is located in Bldg. 1400. The rape crisis hotline for Solano County is (707) 258-9404. Possible sanctions for a perpetrator of a sexual assault include: criminal prosecution, official warning, reprimand, social probation, restitution, suspension by teacher, emergency summary suspension, disciplinary suspension, disciplinary probation, and expulsion. All criminal investigations are conducted independently of college rules of conduct inquiries.

Crime Prevention: One of the essential ingredients of any successful crime prevention program is an informed public. It is the intent of Solano Community College to inform students and staff, in a timely manner, of any criminal activity or security problems that may pose a reasonable threat to their physical safety. Another critical element of a campus safety program is training. The Sheriff's Department, the ASSC and the Office of Student Services sponsor on-going training programs on various topics, ranging from sexual assault awareness to the prevention of substance abuse.

Finally, all effective crime prevention programs include some measure of people watching out for one another. All staff and students are asked to be **ALERT, SAFETY-CONSCIOUS, AND INVOLVED.**

Report suspicious behavior or activity to the Solano Community College Sheriff's Department at (707) 864-7131 or (707) 580-6526.

Off-Campus Crime: The local police departments have been requested to provide Solano Community College with crime data for the areas surrounding the facilities operated by the College. When a safety problem arises, the campus Sheriff's Department will notify persons using these facilities.

STUDENT RIGHTS

Academic Freedom - Students: Every student is guaranteed the right of full expression and advocacy, consistent with established District policy and regulations (Board Policy §5580). To this end, a "Hyde Park" location has been designated near the Student Center (Building 1400). This is the area where peaceful assembly may take place for the purpose of free expression and exchange of ideas by the students and staff of the College. Outside speakers and groups must be sponsored by a campus organization, faculty member or administrator.

The "Hyde Park" area is available five days a week, from 9 a.m. to 5 p.m., unless otherwise reserved. Scheduling of this area **must** be done through the Office of Student Life (Room 1425) **prior** to the activity.

Speech, with or without electronic amplification, shall not interfere with nor disrupt the orderly operation of the College, including classroom instruction, registration procedures, public programs, and athletic events. The expression of obscene, libelous, or slanderous statements, according to current legal standards, or statements which so incite students as to create a clear and present danger of the commission of unlawful acts on campus premises or the violation of College regulations or the substantial disruption of the orderly operation of the College are prohibited.

Privacy Act: Students at Solano Community College are guaranteed certain rights regarding their school records and information which they provide to the College (Family Educational Rights and Privacy Act of 1974, Section 438, Public Law 93-380). These rights include:

1. The right to inspect and review official college records.
2. The right to challenge the accuracy of the records.
3. The right of controlled access and release of information.

General Campus Information

These rights are designed to protect the privacy of all students. A photo identification is required before releasing information. Official college records are kept in Admissions and Records. The Dean of Enrollment Services has been designated "Records Officer," as required by the Act.

Release of Student Information: Student information cannot be released without the written consent of the student as provided for in the *Family Educational Rights and Privacy Act of 1974*.

Rights to Privacy: While the College does not provide general directory services, it may (by law under special circumstances) release the following information about a student: name, address, telephone number, date of birth, major field of study, participation in officially recognized sports, height and weight of members of athletic teams, dates of attendance, and degrees and awards received. If a student does not wish such information to be released, notify Admissions and Records in writing. Directory information may be released at the discretion of the College to persons or agencies, such as the National Student Clearinghouse, which the College deems to have legitimate reason for access to the information. To prevent disclosure, written notification must be sent to Admissions and Records.

The College is required to release student names, addresses, and telephone numbers to armed forces recruiters, per the Solomon Act, without first obtaining a student's permission. In addition, the college is required to release information to the U.S. Department of Education and the Federal Internal Revenue Services about fees paid and financial aid received according to the Hope and Opportunity for Post secondary Education Act of 1997.

Student Equity: The mission of the California Community Colleges is to serve the educational needs of all residents of the State, regardless of the educational or socioeconomic background, ethnic, or cultural heritage of students seeking higher education opportunities. The College provides programs and services to ensure that all students have the opportunity to succeed academically. The overarching equity goal at Solano Community College is to provide a teaching and learning environment that is welcoming, supportive, and accessible to all participants, regardless of ethnicity, culture, nationality, language, disability, gender, sexual orientation, or religion, and to ensure that all students have an equal opportunity for academic success.

CIVIL RIGHTS/TITLE IX

Open Access & Non-Discrimination is the policy of the Solano Community College District, based

on California Title 5 regulations, that no person, on the basis of ethnic group identification, national origin, religion, sexual orientation, age, sex, race, color, or physical or mental disability, shall be unlawfully subjected to discrimination under any program or activity that is funded directly by, or that receives any financial assistance from, the Chancellor or Board of Governors of the California Community Colleges.

Other forms of unlawful/prohibited discrimination under federal and state law include discrimination on the basis of race or national origin. Further, the College District, in compliance with state law, will not tolerate behavior by students or staff which insults, degrades, threatens, stereotypes, or otherwise discriminates on the basis of marital status, pregnancy, sexual orientation, political activities or affiliation and/or medical condition. In addition, Solano Community College has identified another form of discrimination not recognized by the Chancellor's Office and the State of California to include veteran status. Complaints should be filed with Human Resources. No one shall retaliate against anyone who files a discrimination complaint or participates in an investigation, or against anyone who is a representative of an alleged victim or an alleged offender.

"TITLE IX" of the Education Amendment of 1972 provides the starting point that guarantees the right of students, faculty, staff, and administration to be free of sexual discrimination and harassment. These guarantees apply to access to educational opportunities and courses, counseling and guidance services, treatment of students, access to personal records, athletics, financial assistance, the educational environment and work experience. Any inquiries related to "Title IX" concerns of sexual discrimination or harassment should be reported directly to the Title IX Administrator of the Solano Community College District, through Human Resources.

The Americans with Disabilities Act of 1990 provides individuals with disabilities equal educational opportunities, programs, and services. To ensure equality of access for students with disabilities, academic accommodations and auxiliary aids shall be provided to the extent necessary to comply with state and federal law and regulations. Academic accommodations and auxiliary aids shall specifically address those functional limitations of the disability which adversely affect equal educational opportunity. If students feel their accommodations have not been made, they may file a complaint with Human Resources.

General Campus Information

Sexual Harassment is prohibited by law and by College policy (Board Policies §4270 and §4285). Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors and other verbal, visual, or physical conduct of a sexual nature or communications constituting sexual harassment made by someone from or in the work place or educational setting when:

1. Submission to the conduct is explicitly or implicitly made a term or condition of an individual's employment, academic status, or progress.
2. Submission to, or rejection of, the conduct by the individual is used as the basis of employment or academic decisions affecting the individual.
3. The conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment.
4. Submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors programs, or activities available at or through the district.

Examples of Sexual Harassment:

1. Making unsolicited verbal, physical, written, and/or visual contact of a sexual nature.
 - a. Verbal: Offensive and/or inappropriate comments, epithets, whistling, jokes and innuendoes of a sexual nature, including but not limited to, comments of a sexual nature about another person's or one's own physical appearance, attire, sexual thoughts, sexual behavior, marital status or sexual orientation.
 - b. Physical: Offensive and/or inappropriate touching, interference with movement, or sexual assault, including but not limited to, kissing, touching intimate places, unnecessary and unwelcome touching of non-intimate places, or blocking of free bodily movement.
 - c. Written: Sending or delivering sexually suggestive

letters, notes, invitations, electronic media transmissions, or other reading materials.

- d. Visual: Displaying sexually suggestive posters, pictures, drawings, cartoons, computer graphics or objects; making sexually suggestive or obscene gestures; leering or staring at another person with sexual intent.

The above types of conduct of a sexual nature may be considered sexual harassment whether or not they are directed at a specific person. A workplace or educational setting which is permeated with sexual communications or behaviors may create a hostile environment to all persons within that setting. Whether an environment is hostile depends on the totality of the circumstances, including such factors as the frequency and severity of the conduct and whether the conduct has a negative impact on a person's work or educational environment.

2. Continuing to express sexual interest after having been informed that the interest is unwelcome.
3. Coercive sexual behavior such as making reprisals, threats of reprisal, or implied threats following a rebuff of harassing behavior used to control, influence, or affect the career, salary, or work environment of another person, including but not limited to promises or threats regarding appointments, promotions, transfers, changes of assignment, or performance evaluations which are explicitly or implicitly made contingent on the person tolerating or submitting to the sexual behavior.
4. Coercive sexual behavior such as making reprisals, threats of reprisal, or implied threats following a rebuff of harassing behavior used to control, influence, or affect the educational opportunities, grades, or learning environment of a student, including but not limited to promises or threats regarding grades earned or deserved, course admission, suggesting poor performance evaluations, letters of recommendation, benefits or services such as scholarships, financial aid, or work study jobs which are explicitly or implicitly made contingent on the student tolerating or submitting to the sexual behavior.

General Campus Information

Obligations of All District Employees and Students:

All employees and students shall report to their immediate supervisor or school official any conduct on the part of other employees and students or non-employees, such as sales representatives or service vendors, who sexually harass any District employee, student, or other persons. If the immediate supervisor is the alleged harasser, contact Human Resources. Immediately following notification to the supervisor or school official, the party shall notify Human Resources and provide all information relevant to the complaint.

Because different procedures apply after a formal governmental administrative charge or complaint is filed, any employee receiving such a charge or complaint is directed to Human Resources immediately.

All employees and students shall cooperate with any investigation of an alleged act of sexual harassment conducted by the District or by an appropriate state or federal agency.

No employee or student of the District shall take any action to discourage a victim of sexual harassment from reporting such an instance.

The District will respond to any conduct which may constitute unlawful/prohibited discrimination as it deems appropriate, including but not limited to an internal investigation of reported conduct, and will take appropriate disciplinary action up to and including discharge, expulsion, or termination of contract if such is justified.

STUDENT RIGHT-TO-KNOW DISCLOSURE

Education is fundamental to the development of individual citizens and the progress of the Nation as a whole. There is increasing concern among citizens, educators, and public officials regarding the academic performance of students at institutions of higher education. Prospective students and prospective student athletes should be aware of the educational commitments of an institution of higher education. Knowledge of graduation rates helps prospective students and prospective student athletes make an informed judgment about the educational benefits available at a given institution of higher education.

Compliance with the Student Right-to-Know and Campus Security Act of 1990 completion and transfer rate statistics can be viewed at <http://srtk.cccco.edu/index.asp>.

Student Support Programs and Services

ACADEMIC SUCCESS AND TUTORING CENTER (ASTC)

Academic Success and Tutoring Center (ASTC) serves as a center to encourage and facilitate academic success through academic support services for students. The ASTC provides information about other important campus support resources; a quiet study space; use of laptop computers and printer; academic success workshops (i.e. study skills, exam preparation, time management, research and writing papers). The Academic Success and Tutoring Center is located inside the Library on the Main Campus in Fairfield, in room 137 at the Vacaville Center, and Room 124 at the Vallejo Center.

ADMISSIONS AND RECORDS (A&R)

The Admissions and Records office is located in the Student Services building (400), 1st Floor.

Registration information is printed in the Schedule of Classes and is available on our web site at www.solano.edu. For more information, email admissions@solano.edu or call (707) 864-7171.

ASSOCIATED STUDENTS OF SOLANO COMMUNITY COLLEGE (A.S.S.C.)

The Associated Students of Solano Community College are represented by an Executive Board and the Student Senate. Every registered student is a member of the A.S.S.C. and is encouraged to participate in the student government. Students may obtain information from the Student Life Office (Room 1425) concerning requirements for holding a student government office. The A.S.S.C. meets at 12:30 p.m. on Tuesdays during the Spring and Fall semesters in room 1421 in the Student Center. Through its annual budget, the A.S.S.C. allocates student funds for the use and benefit of day, evening and off-campus students. Students are invited to drop in and become familiar with the services provided by the Student Life Office and to meet the people (students, staff, and faculty) who are working to make the student experience at Solano Community College a successful one.

CALWORKS

Solano Community College (SCC) is dedicated to long-term self-sufficiency and success. Our program provides comprehensive services to our CalWORKs students while assisting them in achieving success. Students may earn a Certificate of Achievement, Associate Degree or transfer to a 4-year college. We offer support, advocacy, counseling, and work-study. Our office is part of the college Student

Services team and we are a partner to the Solano County CalWORKs Program.

To begin your path to success, please visit our office on the Fairfield Campus:

Student Services Building 400, Room 407
Phone: (707) 864-7000, ext. 4645, Fax: (707) 646-2058

EARLY LEARNING CENTER

The Solano Community College Early Learning Center provides child care and development services for children of student parents and from the community. The program is also the early childhood education laboratory school for students studying child development and family studies.

We are open for child care from 7:45 a.m. – 3:30 p.m. Monday through Friday, serving young children under age 5 in part-day and full-day programs. We also offer an afternoon preschool program from 1:00 – 4:00 p.m. each week day.

To place your child on the subsidized or non-subsidized child care wait list, you may come to the 200 building on the Fairfield campus to complete an application. As openings occur, we enroll from the wait list. The majority of the enrollment spaces are state or federally subsidized with no- or low-cost child care available to low-income families. The fees for non-subsidized child care vary according to the child's age and hours enrolled in care.

The children's days and hours of enrollment are based upon the parents' school schedules and/or work hours. To support the consistency and structure that children need, we emphasize a consistent enrollment schedule for each child. We do not provide drop in child care services.

High quality, developmentally appropriate services are provided daily by well-qualified, dedicated teachers. Child Development and Family Studies (CDFS) students learning to be teachers of young children work in the classrooms as well. The children receive one-on-one support through a curriculum designed to meet their developmental needs.

Visit the Children's Programs between 8:00 a.m. and 4:00 p.m. or call (707) 864-7182 for more information.

Licensing numbers: 480111003 & 483000791**

Student Services

CARE PROGRAM

(Cooperative Agency Resources for Education)

The CARE Program was established by the State of California to help welfare recipients become convinced that they and their children are important, that they are capable, and that with proper support they can break the welfare dependency cycle through education and job training.

CARE is a supplemental component of EOPS that specifically assists EOPS students who are single heads of welfare households with young children, by offering supportive services so they are able to acquire the education, training and marketable skills needed to transition from welfare-dependency to employment and eventual self-sufficiency for their families. Every CARE student is an EOPS student who must meet the eligibility criteria for both programs.

Eligibility requirements for the CARE Program include:

- An EOPS student currently receiving the Pell Grant.
- Enrolled full-time at Solano Community College.
- A current recipient of Tribal TANF/TANF/CalWORKS cash aid, or at least one dependent child currently receiving cash aid.
- At least 18 years of age.
- Single parent head-of-household.
- The parent of at least one child under 14.

CARE provides support services and CARE Grant reimbursement for child care expenses, textbooks and supplies, transportation costs, meal tickets, academic counseling, and personal development activities and workshops.

For more information, contact the EOPS Office in room 426, or call (707) 864-7000 ext. 4444, or online at www.solano.edu.

COUNSELING

The Counseling Center provides career, educational and personal counseling services. The counselors work with students to help them understand their interests, abilities, and achievements. Counselors assist students in determining goals and planning programs to attain their goals. Careful course selection is the key to a successful college experience.

Because requirements differ for each program, major, and college or university, and because these requirements are subject to change, students are encouraged to consult with a counselor prior to registration. New students should plan to meet with a counselor well before the start of their term. Counseling services are available in person at the main campus and college centers, as well as online through e-counseling at www.solano.edu/counseling/ecounseling.php.

Students on academic or progress probation, along with students petitioning for readmission after being academically disqualified, must meet with a counselor prior to enrolling in classes.

How to make a counseling appointment

1. In person in Building 400
2. Online at <http://www.solano.edu/counseling>
3. By phone:
 - Main Campus (707) 864-7101
 - Vallejo Center (707) 642-8188
 - Vacaville Center (707) 863-7836
 - Travis Air Force Base (707) 424-2431

ENGLISH LABS

DROP-IN WRITING LAB

The English department offers a drop-in writing lab on the Fairfield Campus at the ASTC in Room 137. The lab is available to help students work on essays for any course at SCC, not just English courses. Students can drop in for immediate writing assistance if space is available. However, if the lab is busy, students have the option of signing up for drop-in sessions up to two weeks in advance. The lab is a place to help students develop the skills needed to improve their abilities in reading and writing. This means they will be introduced to strategies associated with active reading, brainstorming, organizing, revising and proofreading.

ENGLISH AS A SECOND LANGUAGE (ESL) LAB

The English as a Second Language Department operates an ESL Lab in building 100 (Library) to provide listening comprehension, pronunciation, and note-taking practice for second language learners. Students may also work on grammar and elementary word processing while carrying .5 unit per semester of lab hours.

Student Services

EOPS PROGRAM

(Extended Opportunity Programs & Services)

The EOPS program's primary goal is to encourage the enrollment, retention and transfer of students disadvantaged by language, social, economic and educational circumstances, and to facilitate the successful completion of these goals and objectives in college. EOPS offers academic and support counseling, financial aid and other support services.

Eligibility criteria for the EOPS Program include:

1. Resident of California.
2. Enrollment in 12.0 semester units at Solano Community College.
3. Qualification and receipt of the BOG Fee Waiver A, B or C with a zero EFC.
4. Status of educationally disadvantaged according to State defined Title V Guidelines.

EOPS support services include:

- Program review - orientation
- Academic, career, and personal counseling
- Testing and career assessment
- Bus tours to four-year colleges and universities
- EOPS Lab (study room for EOPS students)
- EOPS Book Library
- EOPS Grant (based on funding)
- EOPS Book Lending Library
- EOPS Transportation Grant (based on funding)
- Student Education Plan (SEP) development
- Basic Skills Math tutoring or referrals
- Fee waiver assistance for university applications
- Newsletter or bulletin
- Priority registration and registration assistance
- Progress reports
- Workshops
- Book voucher program for fall and spring semesters

For more information, contact the EOPS Office in room 426 or call (707) 864-7000 ext. 4444, or online at www.solano.edu/eops.

FINANCIAL AID PROGRAMS AND ELIGIBILITY

Basic types of financial aid:

- **Grants** – Federal and state gift aid that does not have to be repaid, unless the student withdraws before completing 60% of semester.
- **Work-Study** - Money earned monthly through part-time work.
- **Loans** - Money borrowed which must be repaid with accrued interest.
- **Scholarships** – Institutional, foundation, non-profit, and private gift aid that does not have to be repaid.

HOW TO APPLY FOR FINANCIAL AID

Apply online at www.fafsa.gov with the FAFSA (Free Application for Federal Student Aid) using the Solano Community College Title IV School Code 001292. Students are encouraged to submit the FAFSA by the annual March 2 priority and state deadline; however, the FAFSA may be submitted late through the end of the spring term of the following academic year.

NOTE: Application processing may take up to 10 weeks after completing and submitting additional required forms and documentation (see "Student Requirements" on the MySolano Financial Aid Tab.)

Students are encouraged to log into their MySolano web account to read frequent email blasts and check their updated Financial Aid status. For more information, go online to www.solano.edu, click "Financial Aid."

Student Services

IMPORTANT FALL 2016 BOG FEE WAIVER

CHANGES:

Once a student qualifies for the BOG Fee Waiver, it is important that the student ensures that he/she is meeting the ACADEMIC and PROGRESS STANDARDS in order to avoid losing the BOG Waiver:

- **ACADEMIC:** the student must sustain a GPA of 2.0 or higher. If cumulative GPA falls below 2.0 for two (2) consecutive primary terms (Fall/Spring semesters), the student may lose BOG Fee Waiver eligibility.
- **PROGRESS:** a student must complete more than 50% of coursework. If the cumulative number of units completed is not more than 50% in two (2) consecutive primary terms (Fall/Spring semesters), the student may lose BOG Fee Waiver eligibility.
- **COMBINATION of ACADEMIC and PROGRESS STANDARDS:** any combination of two (2) consecutive terms of cumulative GPA below 2.0, and/or cumulative unit completion of not more than 50% may result in the loss of BOG Fee Waiver eligibility.

The **BOG Fee Waiver (BOG FW)** is a state financial assistance program offered through the California Community College system. Enrollment fee(s) for qualifying students who are California residents will be waived who meet BOG FW income eligibility requirements in one (1) of the three (3) ways:

BOG Fee Waiver A:

- Be a California resident.
- Apply with the FAFSA (Free Application for Federal Student Aid) at www.fafsa.gov or the BOG Fee Waiver application. Refer to www.solano.edu, click "Financial Aid" for the paper application or use the CCCApply online BOG fee waiver application.
- Be a recipient of CalWORKS/TANF (Temporary Assistance to Needy Families), or SSI/SSP (Supplemental Security Income/State Supplemental Program), or General Assistance/General Relief at the time of enrollment.
- Provide documentation of receiving CalWORKS/TANF, or SSI/SSP, or Untaxed Income Verification form of cash benefits currently received at time of enrollment.
- Documentation may include a copy of

correspondence from the local office of Public Assistance which identifies the student (or family members if applicable) and indicates that a monthly payment is being awarded for the current or prior month. This may include a copy of an Adjustment-to-Benefits letter, Notice of Action or Aid Verification Summary that show current receipt of CalWORKS/TANF, SSI/SSP, or General Assistance/General Relief and the amount of the grant.

BOG Fee Waiver B:

- Be a California resident.
- Apply with the FAFSA (Free Application for Federal Student Aid) at www.fafsa.gov or the BOG Fee Waiver application. Refer to www.solano.edu, click "Financial Aid" for the paper application or use the CCCApply online BOG fee waiver application.
- Meet the following 2017-2018 Income Standards:

Family Size	2016 Income
1	\$17,655
2.....	\$23,895
3.....	\$30,135
4.....	\$36,375
5.....	\$42,615
6.....	\$48,855
7.....	\$55,095
8.....	\$61,335
Each additional Family Member	\$ 6,240

- These standards are based upon the federal poverty guidelines, as published each year by the US Department of Health and Human Services. Under Title 5 of the California Code of Regulations, the student or the student's family must have a total income in the prior year (in this case 2015) that is equal to or less than 150% of the U.S. Department of Health and Human Services Poverty Guidelines based on family size.
- The U.S. Department of Health and Human Services published the 2015 Poverty Guidelines in January 2015 (additional information will be posted after the guidelines are published).
- These income standards are for the 2016-2017 academic year and are to be used to determine BOGFW-B eligibility EFFECTIVE July 1, 2017.

Student Services

BOG Fee Waiver C:

- Be a California resident.
- Apply with the 2016-2017 FAFSA (Free Application for Federal Student Aid) online at www.fafsa.gov.
- Demonstrate minimum need threshold of \$1,104.00 based upon FAFSA data.
- The “minimum need” threshold will be established annually by the California Community College Chancellor’s Office. The minimum need threshold shall be in effect for 2016-2017.

CCCApply online BOG Fee Waiver application is available for **BOG Fee Waiver A & B!** Refer to www.solano.edu, click “Financial Aid” for the paper application or for the CCCApply online BOG fee waiver application.

AB-540 Students

The California Dream Act of 2011 (AB130/131) allows eligible undocumented and documented students to apply for and receive institutional scholarships and state administered financial aid (AB-130) and community college fee waivers (AB 131), effective January 2013. Apply with the CA Dream Application at <https://dream.csac.ca.gov/>

Financial Aid assistance is available through the federal and state government, as well as scholarships offered by the institution, private, and non-profit foundations. Financial aid may help to offset the cost of higher education such as tuition, fees, books, supplies, housing, transportation and personal expenses. Be aware that financial aid does not fully support a student with all expenses. Financial Aid is one of many tools to help students achieve their educational and career goals. Here is a listing of financial aid programs available through Solano Community College:

Title IV Federal Student Aid Programs— School Code 001292

Grants (free money for college)

- Pell Grant
- Supplemental Educational Opportunity Grant (SEOG)

Work-Study (cash earned while you learn) Loans
(borrowing requires repayment)

- Direct Loan Program
 - Subsidized
 - Unsubsidized

California State Aid

- Cal Grant B, C, Transfer
- Chafee Grant for Foster Youth

California Community Colleges

- BOG Fee Waiver (CA residents)
- Full-Time Students Success Grant (FTSSG) for Cal Grant B recipients
- Extended Opportunity Programs & Services (EOPS)
- Foster Youth Success Initiative (FYSI)
- CARE (Cooperative Agency Resources for Education)
- CalWORKS

Scholarships

- Private foundations and non-profit organizations
- Institutional (colleges/ universities)

Eligibility for financial aid is based on financial need and on several other factors. To be eligible to receive Federal Title IV financial aid assistance, students must:

- Demonstrate financial need (except for certain loans).
- Have a high school diploma or a General Education Development (GED) certificate, meet other standards your state establishes that the Department approves; complete a high school education in a home school setting that is treated as such under state law; or have completed 6 semester units in a post-secondary degree or certificate program prior to July 1, 2012.
- Be a U.S. citizen or eligible noncitizen.
- Have a valid Social Security Number or Alien Registration Number (ARN).
- Register with the Selective Service (males age 18-25). Students may use the online FAFSA at www.fafsa.gov to register, or may register at www.sss.gov, or call 1-847-688-6888.
- Maintain Satisfactory Academic Progress (SAP).
- Not be in default on a federal student loan and do not owe money on a federal student grant.

Satisfactory Academic Progress (SAP)

Federal and State financial aid regulations require Solano Community College (SCC) to establish, publish, and apply qualitative, quantitative and incremental standards by which SCC can determine whether a student requesting and/or receiving financial aid is maintaining Satisfactory Academic Progress (SAP) in his/her course of study. Financial Aid requires a declared major and enrollment in a Title IV eligible program (16 or more units in length).

**Have questions
about financial aid?**

**Check out our online
video answers!**

solano.financialaidtv.com/m

SOLANO

Student Services

Solano Community College Financial Aid Office evaluates all three standards along with specific institutional policies to determine a student's eligibility for financial aid. Satisfactory Academic Progress (SAP) will be evaluated at the end of each semester. Each SAP evaluation includes both the semester and cumulative GPA and pace of progression completion rate.

Satisfactory Academic Progress (SAP) Standards

- Grade Point Average (GPA)
- Pace of Progression
- Maximum Time Frame
- Institutional Policies

Qualitative-Grade Point Average (GPA)

- Students must have a semester and cumulative GPA of 2.0 at each SAP evaluation.
- Grades for remedial and ESL courses count in the GPA calculation.

Quantitative-Pace of Progression

- Students must complete at least 67% of the semester and cumulative number of units attempted at each SAP evaluation.
- Completion rate is computed by dividing the total number of units completed by the total number of units attempted.
- Must include courses with earned "W" and units transferred into the institution, as well as academic renew/amnesty courses.

Quantitative-Maximum Time Frame

- A period of time that is no longer than 150% of published length of the program in which the student is enrolled.
- For degree and transfer programs of 60 units, maximum time frame is 90 units.
- For eligible certificate programs, maximum time frame varies (i.e. 30 unit program = 45 units maximum, 18 unit program = 27 units maximum).
- Requires that the student be enrolled in a Title IV eligible program leading to degree, certificate or transfer (basic financial aid requirement).
- Must include courses with earned "W" and units transferred into the institution, as well as academic renew/amnesty courses.

Institutional Policies

- Remedial/ESL coursework may be excluded from the Pace and Maximum Time Frame calculations.
- All units attempted are considered in the

evaluation process, including incompletes and withdrawals.

- Major Changes: A maximum of two major changes are allowed.

Warning

- Students not making SAP will be automatically placed on one term of "Warning" status.
- Students may receive financial aid during the warning period.
- Students not making SAP at the end of the warning period are determined to be ineligible for federal and state financial aid until they meet SAP standards.

Re-establishing Eligibility

- Students may reestablish their eligibility by meeting the Pace of Progression- 67% completion rate standard along with a minimum cumulative GPA of 2.0.
- Sitting out one semester or longer will not reestablish eligibility.

Student Appeals for Extenuating Circumstance

- Should include an explanation of why the student failed to meet SAP.
- Should explain what has changed that will allow the student to make SAP.
- Additional documentation required; see appeals form.
- Outcome is a Professional Judgment decision, case-by-case and not capricious nor discriminatory.
- Progress Report may be required prior to final determination.
- **Students may be granted only one (1) appeal.**
- **Remedial Courses:** Remedial courses are eligible for funding only if recommended on a student's educational plan by an academic counselor. A maximum of 30 remedial course units will be eligible for financial aid funding.

Probation

- Approved appeals result in the student being placed on SAP probation.
- Students may receive financial aid during terms of probation.
- Students can regain eligibility by making SAP at the end of one term of probation.

Student Services

- Students must complete 67% of the units attempted along with a minimum 2.0 GPA each semester while on probation.
- Students must follow their academic plan while on probation.
- The institution will verify each term that the student is following the academic plan and/or meeting terms of probation; if not, the student becomes ineligible for federal and state student aid until SAP standards are met.

Scholarships

The Financial Aid Office serves as an information center for students interested in scholarships and grants. Solano Community College offers a number of scholarships from awards provided by a variety of social and professional organizations. Qualifications vary according to conditions stipulated by the donors of the funds. Recipients are usually selected on the basis of academic ability, promise for continued scholarly achievement, special talents and/or leadership abilities. The following scholarships may be offered on an annual basis at Solano Community College:

- Alpha Gamma Sigma Scholarship Society
- Allison Rael Banks Memorial
- Frank Buck Scholarship
- Chancellor's Office Real Estate Scholarship
- Delta Kappa Gamma Delta, XI Chapter
- Doris M. Higgins Scholarship
- Fairfield-Suisun Rotary "Most Deserving" Scholarship
- Bill Gates Millennium Scholarship
- Golden Gate University Scholarship
- Vallejo Business & Professional Women's Club
- Malcolm X Scholarship
- Nursing-La Societe Des Quarante-Hommes et Huit Chevaux (40 & 8)
- Re-Entry Scholarship
- Solano Association of Realtors
- Solano Republican Women Federated Scholarship
- Soroptimist International of Vacaville
- The Sparkettes
- Bill Thurston Ethnic Studies Scholarship
- Vallejo Federated Women's Club Scholarship
- John Webster Scholarship

Students interested in applying for these scholarships should refer to www.solano.edu, click "Financial Aid" then "Scholarship" or contact the Financial Aid Office, Student Services Building 400, Second Floor, Fairfield Main Campus, (707) 864-7103 for additional information.

(Refer to **SCC Scholarship Foundation** for updated information)

HEALTH CENTER FOR STUDENTS

A Public Health Nurse and Health Assistant are ready to help you with your health needs at the Student Health Center, Monday through Thursday, 8:00 am- 6:00 pm, and Friday, 8:30 am- 3:00 pm (fall and spring semesters only).

Our services include:

- Nursing assessment and management of minor health problems
- Treatment of minor acute illnesses and referrals
- First-aid and emergency care
- Band-Aids, aspirin, Tylenol, etc. for self care
- Pregnancy testing and birth control information
- Nutritional information
- Information on sexually transmitted infections and referrals
- Immunizations
- Tuberculosis skin tests and referrals
- Hearing and vision screening
- Blood pressure screening
- Strep throat test
- Blood glucose screen test

Student Health is located in the Student Union, Building 1400 in Room 1409. The Public Health Nurse also visits the Vallejo Center and Vacaville Center for most services. Contact the Student Health Center for times/hours of nurse visits to Centers. Students are welcome to drop-in for care or make an appointment by calling (707) 864-7163. Information is available at www.solano.edu (select "Campus Life" and then "Health Center").

Current schedules of activities sponsored by the Health Center can also be found in the ASSC Newsletter, published twice a month and posted online at www.solano.edu.

Student Services

INTERCOLLEGIATE ATHLETICS

The Intercollegiate Athletics Program is governed by the California Community College Athletics Association. Solano Community College is a member of the Bay Valley Conference and participates in a number of men's and women's intercollegiate sports.

To practice and participate, student athletes must present evidence from a physician that they are physically fit to participate in an intercollegiate athletic activity. To be eligible, student athletes must be continuously enrolled in a minimum of 12 units during the semester of competition. For the second year of competition, the student athlete must have completed 24 units between seasons of competition with a minimum 2.0 grade point average. All athletes must have an educational plan on file with the athletic counselor and must be enrolled in at least 9 of their 12 mandatory units toward their educational plan. Additional eligibility information may be obtained from the Athletic Director or respective Solano Community College coach. Intercollegiate athletic sports offered are:

MEN

ATHL 015 Intercollegiate Baseball (Spring)
ATHL 016A/016B Intercollegiate Basketball (F/S)

WOMEN

ATHL 001 Intercollegiate Volleyball (Fall)
ATHL 002A/002B Intercollegiate Basketball (F/S) ATHL
003 Intercollegiate Softball (Spring)
ATHL 004 Intercollegiate Soccer (Fall)

MEN AND WOMEN

ATHL 010 Intercollegiate Swimming/Diving (S) ATHL 048
Intercollegiate Tennis (S)

LIBRARY

The Library houses a reserve collection of class-related materials and media, as well as a wide variety of materials for basic research. The Library also houses an Information Commons with sixty PC's, providing students with access to the Library's online catalog, databases, word processing packages, Excel, PowerPoint, and the Web. It also contains a Biblio-graphic Instruction Classroom accommodating students in library orientations and workshops, as well as Information Competency, Research and Web Searching courses. Independent and group study / work spaces are available as well.

The Library is open Monday through Friday, both day and evening hours when classes are in session, and is closed on all school holidays and breaks between sessions. The Library's Web site (<http://www.solano.edu/library>) posts current hours of operations.

MATHEMATICS, ENGINEERING AND SCIENCE ACHIEVEMENT (MESA)

The MESA program is a statewide academic program that supports economically and educationally disadvantaged students to excel in math, science or engineering related majors so students can transfer to four year universities.

The MESA model for success includes a variety of services that results in a high rate of academic achievement.

The main components include:

- **Student Study and Computer Lab Center**
A dedicated multipurpose space for quiet study, workshops, computer related activities, and information sharing.
- **Academic Excellence Workshops**
Students are scheduled in math and science core classes and taught to maintain high academic outcomes through facilitated group study.
- **Mandatory Information Session**
Teaches college survival skills to incoming students majoring in math, engineering and science.
- **MESA Counselor**
A dedicated MESA counselor is provided to assist students with their educational planning and goals.
- **Assistance in the transfer process**
Including field trips to universities, workshops on applications, and counseling.
- **Career advising**
To introduce work options to students. Field trips, job fair information, job shadowing exercises and industry mentors are available to students.

All students who are interested in participating in MESA must meet the academic and economically disadvantaged criteria—contact our office for details.

For additional information please visit our MESA Center in Room 434, Building 400. Our office hours are Monday through Thursday, 9:00am-5:00pm, Friday, 9:00am-3:00pm, (707) 864-7000 ext. 7164. You can also check out our MESA website: www.solano.edu/mesa

Student Services

OCCUPATIONAL EDUCATION— WORK EXPERIENCE

Earn 1 to 6 transferable units per semester for working in a paid or unpaid part-time or full-time position with a licensed business or 1.5 units to brush up on soft skills or create a career portfolio - no job required. We offer three courses:

OCED 070: Occupational Soft Skills

No job or volunteer work required. This 8-week 1.5-unit course will provide students the necessary skills to become valuable employees and get started on the path to an internship or job.

OCED 090: Occupational Work Experience.

For those students working or volunteering in positions which are directly related to their declared major. Students can earn 1 unit for each 75 hours paid or 60 hours unpaid work per semester – up to 6 units per semester to a total of 16 units over multiple semesters. We offer full-semester, 12-week and 8-week sections. For a breakdown of how many hours students need to work, visit our website at <http://www.sccworkexperience.com/>.

OCED 091: General Work Experience

For those working or volunteering in jobs not related to their major. Students can earn 1 unit for each 75 hours paid or 60 hours unpaid work per semester – up to 6 units per semester to a total of 6 units over multiple semesters. We offer full-semester, 12-week and 8-week sections. For a breakdown of how many hours students need to work, go to <http://www.sccworkexperience.com/>.

PUENTE PROJECT

The Puente Program has won accolades for its approach to helping more than 400,000 underserved students thrive academically – by holding high expectations, valuing cultural and social capital, and ensuring that students and their families have critical college-going information and guidance. Puente’s mission is to increase the number of educationally underrepresented students who enroll in four-year colleges and universities, earn degrees, and return to their communities as leaders and mentors to future generations. The Puente Program has three main components:

1. A rigorous one-year writing program, ENGL 001 and 310D in the fall and ENG 002 in the spring. These classes provide a supportive and stimulating environment for Puente students to build confidence in writing skills.
2. Focused counseling services. Students take one semester of COUN 007: College Study Techniques. Students work closely with the Puente counselor until graduation, exploring career options, developing an academic educational plan and identifying lifetime goals. Students visit University of California and California State University campuses and attend an annual student transfer conference.
3. Professional community mentors—each student is matched with a mentor from the business or professional community. Mentors share with students personal, academic, and career experiences, and provide a window into a “real life” work environment. For more information, please contact Rebecca LaCount at (707) 864-7000, ext. 5779. You can check out the website at www.Solano.edu/puente.

Student Services

SCHOLARSHIP FOUNDATION

The Solano Community College Scholarship Foundation is a non-profit corporation that awards scholarships to Solano Community College students on the basis of academic achievement and demonstrated potential for excellence. The Scholarship Foundation is administered by a Board of Directors providing representation from the communities of Solano County.

Beginning with the three scholarships that were presented in 1974, the scholarship program has grown through the years. The goal of the Scholarship Foundation is to promote academic excellence among Solano students by recognizing and rewarding outstanding students. Almost all of the scholarships require students to have completed 24 graded units of coursework at Solano with a cumulative GPA of at least 3.30.

The Scholarship Foundation administers two scholarship programs: the General Scholastic Achievement Program and the Memorial and Special Endowment Programs. These scholarships have been established to honor and commemorate specific individuals and purposes. Most have designated majors and/or other specific qualifying requirements that determine eligibility for consideration.

The Memorial and Special Endowments Scholarships

- *Academic Senate Distinguished Scholar Award*
- *ASSC Academic Scholarship*
- *ASSC Leadership Scholarship*
- *Chloe Beavers Tribute (Cosmetology)*
- *Dr. Marge Blaha Memorial (Re-entry, female, transfer major)*
- *California Teachers Association Scholarship (Education, interest in teaching)*
- *Richard and Billie Chabolla Award (Business or Music)*
- *Jean Chapman Scholarship (Science)*
- *Amy L. Chun Scholarship (Science, Math, Technology)*
- *Naomi "Chris" Christensen Memorial (Music)*
- *Joe Clevenger Tribute Scholarship (Business Administration)*
- *James "Jim" Cooper Memorial (Business)*
- *George and Nancy Daugavietis Scholarship*
- *John and Carol DeKloe Biotechnology Scholarship*
- *Christine G. Ducoing Scholarship (Female, Engineering, Physics, Chemistry)*
- *Ray O. Duey Memorial (Registered Nursing)*
- *Eddie Edwards Memorial (Re-entry)*
- *Evelyn Elson Scholarship (ECE, re-entry preferred)*
- *Fairfield-Suisun Twilight Rotary Club (Business or related major)*
- *Jane H. Ford Memorial (English)*
- *Robert D. Ford Memorial (Science)*
- *David Froehlich Scholarship in Music*
- *Nick Gentile Memorial (Business)*
- *Gilbert Scholarship (Re-entry, history)*
- *Rachel Goodwin Memorial*
- *Chuck Gray Memorial (Photography)*
- *Harry Gray Memorial (History or Political Science)*
- *Phillip Moses Gray Memorial (Re-entry, male, Human Services)*
- *Dr. Carolyn Anne Green Memorial (Registered Nursing)*
- *Richard E. Green Award for Individual Perseverance*
- *Peggy and Vernon Gross Memorial (Wildlife interests, Audubon Society)*
- *Bob Hamilton Memorial (Science)*
- *Ralph Hanson Memorial (Language Arts)*
- *Buelah Hawkins Memorial (Re-entry, female, essay required)*
- *James "Doc" Hollister Memorial*
- *Hosley Family Scholarship (Academic Excellence/Transfer)*
- *Margaret Lee Jenkins Memorial (Cosmetology)*
- *Gerald Korte Scholarship in History*
- *Howard Love Memorial Scholarship (Applicant has intent to apply for medical, dental, veterinary or pharmacy schools)*
- *Carmen Camille Cook Johnson Memorial (Re-entry, ECE, Social Science, Education)*
- *Kirkorian Family Memorial (Education)*
- *Phuong Le Memorial Scholarship for Nursing*
- *Clyde Low Scholarship (History, Library Science)*
- *Materials Science Scholarship*
- *William Michaels Memorial (History or Vocational Education)*
- *Jim Mills Scholarship (Biotechnology)*
- *Martin Mini Memorial*
- *Math and Science Faculty Scholarship*
- *Mooy-Durkin memorial Scholarship (Interest in Teaching)*
- *Diana Muir Memorial (Re-entry, English)*
- *Napa/Solano Psychological Association (Psychology, Counseling)*
- *Mary C. and Henry A. Ornellas Memorial (Fashion Design, Music, or Cinematography)*
- *Dr. Delphine Palm Memorial (Biological Science or Medical Field)*
- *Robert (Bob) Pokorny Memorial (Education)*
- *Henry Power Memorial (Aeronautics)*
- *Dr. Sally Ralph Memorial (Psychology/Counseling)*
- *Clarence Rose Memorial (Computer Science, Math, Engineering)*
- *Steve Ryder Memorial (Nature Appreciation)*
- *SCC Cosmetology Scholarship*

Student Services

- *Art and Myrna Satterlie Scholarship (Math, Engineering, Science)*
- *Bob Scott Mathematics Scholarship*
- *Don Seigel Journalism/English Scholarship (Journalism major or Tempest staff member)*
- *Sierra Club Scholarship, Solano Group (Environmental Concerns)*
- *Charlene Snow Memorial Scholarship (Re-entry Woman)*
- *Solano District Scout House Scholarship (Eagle Scout)*
- *Alvin E. and Jeanne E. Soliday Scholarship (Environmental Science)*
- *Dennis Stevens Memorial (Fire Science)*
- *Taylor Scholarship (Re-entry)*
- *Dr. Jane M. Thompson Memorial (Business or Computer Science)*
- *Mac Tilley Memorial (Electronics)*
- *Malcolm Henry Tipp Memorial Scholarship (Business, Computer Science)*
- *Charlotte Waggy Memorial*
- *Gloria Green Wellington Award (Nursing)*
- *Lawrence "Jack" Wheeler Memorial (Counseling)*
- *Willis Jepson Chapter, California Native Plant Society (Native Plant Biology, Biology, Horticulture)*
- *Bill and Jean Wilson Memorial (Leadership/Service, Athletics)*
- *Morgan "Porky" Wood Memorial (Athletics)*

For additional information, please visit the Solano Community College website at www.solano.eduscholarship_foundation/.

SERVICEMEMBERS OPPORTUNITY COLLEGES (SOC)

Solano Community College has been designated as an institutional member of Servicemembers Opportunity Colleges (SOC), a group of over 1,800 colleges and universities providing voluntary postsecondary education to members of the military throughout the world. As an SOC member, Solano Community College recognizes the unique nature of the military lifestyle and has committed itself to easing the transfer of relevant course credits, providing flexible academic residency requirements, and crediting learning from appropriate military training and experiences.

STUDENT CLUBS

A wide range of clubs and organizations reflecting cultural, social, ethnic, and academic interests are active on the campus. The Inter-Club Council is the governing body for clubs on campus and each club can have one voting member at the meetings. Inter-Club Council meetings are held the first and third Thursday of the month in room 1421 from 12:30 – 1:30p.m. during the Fall and Spring semesters. Announcements of meetings and activities are available from the Student Life Office, Room 1425, or call (707) 864-7000 ext. 4367.

STUDENT COMPLAINTS AND GRIEVANCES

When students believe their individual rights, or rights to due process (as provided for by College policies, state laws, and/or federal laws) have been denied, they may seek redress through the formal complaint or grievance procedure.

Student Complaints: Unlawful/Prohibited Discrimination Policy and Complaint Resolution Procedures (§4285) and Sexual Harassment Policy (§4270)

In the event that any student believes that an act of prohibited and unlawful discrimination involving ethnic group identification, religion, age, sex, color or physical or mental disability, race, national origin, marital status, pregnancy, political activities or affiliation, medical condition, veteran status, or sexual orientation has been directed against him/her by another student, staff member, group or campus organization, the student may file a complaint with the Human Resources Department, (707) 864-7128.

At any time the student may submit his/her complaint to any of the following agencies: California Department of Fair Employment and Housing at (800) 884-1684; U.S. Department of Education, Office for Civil Rights at (800) 872-5327; California Community College Chancellor's Office at (916) 322-4005, and Equal Employment Opportunity Commission at (800) 669-4000.

Student Services

Student Grievances: Non-Civil Rights (§5350) – A grievance may arise from a decision or action that has an adverse effect on a student with respect to his/her educational rights. It may arise when a student believes he/she has been denied educational rights provided by college, state, and federal policies, rules or regulations.

Copies of Solano Community College's current procedures on "Student Grievances: Non-Civil Rights (§5350)" are available free, upon request, from the Vice President, Student Services, or designee (Room 433, Student Services Building) or on the College's website:

http://www.solano.edu/district_policies/series5300_student_rights.php. These procedures outline the steps to file a grievance, de-scribe the hearing process, and establish the time limits under which these procedures operate.

STANDARDS OF STUDENT CONDUCT POLICY (§5300)

A student attending Solano Community College may rightfully expect that the faculty and administration will provide and maintain an environment in which there is freedom to learn. Students shall respect and obey the civil and criminal laws and shall be subject to punishment for violation of the law in the same manner as other persons. Additionally, students shall obey the policies and the rules and regulations adopted by the Solano Community College District Governing Board, and shall be subject to discipline for violation of these policies and the rules and regulations of the District and the College.

Grounds for Disciplinary Action: Student conduct at Solano Community College and in the activities of the College must conform to and be compatible with the College's function as an educational institution. College-related misconduct for which students may be expelled, suspended, or given a lesser sanction may come within, but is not limited to, one or more of the following categories:

1. Academic Violations:

- a. Violation of the Academic Honesty Policy includes but is not limited to cheating or plagiarism. An instructor who determines that a student has cheated or plagiarized has the right to give a failing (i.e. "F") grade, or numerical equivalent, for the assignment or examination.
- b. Violation of class assignments, examination rules, e.g., communicating or transferring information to another student, using any materials such as books, notes, etc., other than those expressly allowed for the exam, looking at another student's exam, etc.

- c. Unauthorized preparation, giving, selling, transfer, distribution, or publication, for any commercial purpose, of any contemporaneous recording of an academic presentation in a classroom or equivalent site of instruction, including, but not limited to, handwritten or computer generated class notes, except as permitted by any college policy or administrative procedure.

2. General College Violations:

- a. Dishonesty, forgery, alteration, or misuse of college documents, records, identification, or knowingly furnishing false information to the college. Abuse of and/or tampering with the registration process.
- b. Obstruction or disruption of teaching, research, administration, disciplinary procedures, or other college activities, including, but not limited to, its community service functions, or of other authorized activities on college premises.
- c. Engaging in an expression which is obscene, libelous, or slanderous, or which so incites students as to create a clear and present danger of the commission of unlawful acts on college premises, or the violation of lawful college administrative procedures, or the substantial disruption of the orderly operation of the college.
- d. Unauthorized entry into college premises or facilities or use of college supplies, equipment, and or facilities.
- e. Violation of college policies or of campus regulations including, but not limited to, campus regulations concerning student organizations, the use of college facilities, or the time, place, and manner of public expression, library procedures, college bills, debts, and parking.
- f. Theft of or damage to property of the college, or of a member of the college community, or campus visitor, or knowingly receiving stolen college or private property on campus.
- g. Use of personal portable sound amplification equipment and other electronic devices (radios, cell telephones, pagers, and tape players, etc.) in a manner that disturbs the privacy of other individuals and/or the programs of the college.
- h. Causing or attempting to cause damage to district property or to private property on campus.

Student Services

- i. Littering on campus property, including grounds, facilities, and parking lots.

3. Computer Usage Violations: Students are to conduct themselves in accordance with Governing Board Policy 2067 and Human Resources Procedures 2067 regarding computer usage. Theft or abuse of computer resources, including, but not limited to:

- a. Unauthorized access to a file, database, or computer to use, read, or change the contents, or for any other purpose.
- b. Unauthorized transfer of a file.
- c. Unauthorized use of another person's identification and password.
- d. Use of computing facilities to interfere with the work of another student, faculty member, or college official.
- e. Use of computing facilities to send obscene or abusive messages, or to defame or intentionally harm other persons.
- f. Use of computing facilities to interfere with normal operation of the college computing system.
- g. Use of computing facilities for student's personal financial gain or for solicitation of any kind.

4. Behavior Violations

- a. Disruptive behavior, willful disobedience, habitual profanity or vulgarity, or the persistent abuse of college personnel on college-owned or controlled property, or at college-sponsored or supervised functions.
- b. Assault, battery, or verbal abuse or conduct that threatens or endangers the health or safety of a student, college personnel, or campus visitor.
- c. Hazing or any act that injures, degrades, or disgraces or tends to injure, degrade, or disgrace any student, college personnel, or campus visitor.
- d. Gambling on District property.
- e. Failure to identify oneself when on college property or at a college-sponsored or supervised event, upon the request of a college official acting in the performance of their duties.
- f. Willful misconduct which results in injury or death to a student or to college personnel or which results in defacing, or other injury to any real or personal property owned by the District or on campus.
- g. Failure to comply with directions of college officials acting in the performance of their duties, open

and persistent defiance of the authority of college personnel.

- h. Unauthorized entry on the campus or into the facility to which access has been denied after suspension or dismissal, during the suspension period. (CA Penal Code 626.2).

- i. Committing or attempting to commit robbery or extortion.
- j. Committing sexual harassment as defined by law or by college policies and procedures.
- k. Engaging in harassing or discriminatory behavior based on race, sex (i.e., gender), sexual orientation, religion, age, national origin, disability, or any other status protected by law.

5. Substance Violations

- a. Unlawful possession, use, sale, offer to sell, or furnishing, or being under the influence of, any controlled substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the California Health and Safety Code, an alcoholic beverage, or an intoxicant of any kind, or unlawful possession of, or offering, arranging, or negotiating the sale of any drug paraphernalia, as defined in California Health and Safety Code Section 11014.5, on college property, or at any college sponsored event.
- b. Willful or persistent smoking in any area where smoking has been prohibited by law or by regulation of the Governing Board.

6. Weapons Violations

- a. Possession, sale or otherwise furnishing any firearm, knife, explosive or other dangerous object, including but not limited to any facsimile firearm, knife or explosive, unless, in the case of possession of any object of this type, the student has obtained written permission to possess the item from a district employee, which is concurred in writing by the college Superintendent-President.
- b. Possession or use of firecrackers, fireworks, pyrotechnics, or any other explosive device on any college-owned or controlled property or at any college-sponsored or supervised function.

7. Students who engage in any of the above are subject to the measures outlined in Student Services Discipline Procedures 5300.

Student Services

Types of Disciplinary Action: Sanctions may be imposed for violation of the Standards of Student Conduct. One or more of the sanctions listed below may be imposed for any single or multiple violation(s). Any times specified in these procedures may be shortened or lengthened, if there is mutual concurrence by the parties. This procedure is administered by the Vice President, Student Services, or designee. Previous violations of the Student Conduct Code will be considered when determining appropriate sanctions for violations.

Non-Appealable Sanctions

1. Official Warning
2. Reprimand
3. Temporary Suspension by Instructor
4. Administrative Withdrawal from Class
5. Disciplinary Probation
6. Short-Term Suspension
7. Restitution
8. Campus Community Service
9. Withdrawal of Consent to Remain on Campus / Short-Term Suspension
10. Mental Health Clearance

Appealable Sanctions

1. Suspension
2. Expulsion

The definition, process and implication of each of these are detailed in the District's procedures on "Standards of Student Conduct (§5300)," available in the Student Life Office (Room 1425/1426), the office of the Vice President, Student Services (Room 433), and the Counseling Office (Bldg. 400).

Student Disciplinary Procedures: The Vice President, Student Services, or designee administers the disciplinary procedures and is authorized to take appropriate action, subject to the approval of the Superintendent/President and the Governing Board as required in the current District policies and procedures. Disciplinary action taken under these procedures may be taken regardless of anticipated, pending, or completed civil or criminal proceedings arising out of the same act or event.

Copies of the District's current procedures on "Standards of Student Conduct (§5300)" are available free, upon request, from the office of the Vice President, Student Services (Room 443, Building 400).

STUDENT LIFE OFFICE

The Student Life Office, located in Room 1425/1426 of the Student Center, provides students with information about campus activities, special events, resources, and policies. Also, the College's Lost and Found department is located in this office. The Student Life Office supports an active student government pro-gram and encourages students to use the many services provided by the College.

The Student Life Office is a focal point for service and student leadership development. A wide variety of programs, services and clubs is available to students. Students and the student government play an important role in developing and supporting these activities. Students are involved in decision making and policy determination through their representation on many college committees. For information call (707) 864-7000, extension 4367.

DISABILITY SERVICES PROGRAM (DSP)

This program offers supportive service for students with physical, visual, hearing, learning and psychological disabilities or other medical problems. The purpose of this program is to enable persons with a disability to integrate successfully into the college program. Some of the supportive services are: specialized counseling, priority registration, assistive computer technology / alternate media, volunteer notetakers, specialized equipment, mobility services, and community agency liaisons. Also, adapted educational programs in Horticulture are offered.

The College campus is ideal for the student with physical disabilities. Most rooms are on the ground level with many accessible restrooms and ramps, and second floor classrooms are accessible by elevator. The DSP maintains a working relationship with the Solano County Office of Education Department of Rehabilitation, Mental Health, Veterans Administration, Worker's Compensation (Private Rehab) and similar agencies. For further information call (707) 864-7136, or come to Building 400, Room 407, Fairfield campus.

TECHNOLOGY SERVICES & SUPPORT

Technology Services and Support is located in the Library Building (Bldg. 100) and is responsible for all matters related to information technology services, strategic technology planning, and local data / telephone network planning and implementation.

Student Services

It exercises overall responsibility for administrative computing, academic and instructional technology support programs, telephone, network infrastructure, local and wide area networks, media, and videoconferencing. The office is open Monday through Friday, 8 a.m. to 4:30 p.m., and closed on weekends, all school holidays, and breaks between sessions.

TRANSCRIPTS-SOLANO COMMUNITY COLLEGE

Please visit our website www.solano.edu for transcript information. Click on the “Admissions and Records” link, and then click on transcripts. For additional help, email us at admissions@solano.edu. You may also visit or call our office during business hours at (707) 864-7171.

TRANSPORTATION

Public transportation to Solano Community College is available via local city transit agencies. For schedules and fares, contact the appropriate local agency. Information on bus schedules, ride shares, and carpools is available in the Student Life Office, Room 1425/1426. Also, bus schedules are available on the College website at www.solano.edu/student_development/carpool_bus.php

TUTORING

Students may receive free tutoring in most subjects offered at Solano Community College. Students desiring assistance with their study load should contact the Academic Success and Tutoring Center, located Bldg. 100, or call (707) 864-7230.

VERIFICATION OF ENROLLMENT

Solano Community College has authorized the National Student Clearinghouse to act as its agent for verification of student enrollment status. You can obtain an official Enrollment Verification Certificate at any time via the Clearinghouse website at www.studentclearinghouse.org. There is a cost for this service. Please visit our website for additional information at www.solano.edu then click on the “Admissions and Records” link.

*Fees are subject to change. Visit the Clearinghouse website for current fees.

VETERANS AFFAIRS

Veterans & Dependents: The Veterans Affairs Center offers assistance with applying for education benefits, coordinating the VA work study program, and processing tutorial assistance paperwork. The following educational benefits are available to veterans and dependents:

- Chapter 30 (Montgomery GI Bill —Active Duty)
- Chapter 31 (Vocational Rehabilitation)
- Chapter 32 (Veterans Educational Assistance Program – VEAP)
- Chapter 33 (Post-9/11 GI Bill)
- Chapter 1606 (Montgomery GI Bill —Reservists)
- Chapter 1607 (Reserve Educational Assistance Program – REAP)
- Chapter 35 (Dependents Educational Assistance)
- California Veterans Fee Waiver Program (Dependents of Veterans with a Service-Connected Disability)

Note that in order to receive benefits while attending SCC, the student must be a regularly matriculated student and all classes taken must be required for the educational objective selected.

Active Duty: After receiving approval for Tuition Assistance, please submit a copy of the authorization to the Veterans Affairs Center or by fax.

- **Air Force Personnel must apply via internet at <https://www.my.af.mil/faf/FAF/fafHome.jsp>
- Army Personnel must apply via internet at www.earmyu.com
- Coast Guard Personnel must fill out the Coast Guard Tuition Assistance Form (CG-4147). Submit completed form to CGI-PF-Tuition_Assistance@uscg.mil
- Marine Corps Personnel must complete form NETPDTC 1560 & turn in form to your nearest Marine Corps location.
- Navy Personnel must complete form NETPDTC 1560 & turn in form to your nearest Marine Corps location.
- National Guard – Contact your unit regarding Apply for Tuition Assistance.

**Note: individuals approved for Air Force TA do not need to submit their authorizations to Solano Community College. SCC will process all TA through the AI Portal regularly. For questions or inquiries please contact the Solano Community College Travis Air Force Base Center.

For specific information regarding eligibility for Veterans Education Benefits, please visit our office located in Building 400, Room 429, or call: (707) 864-7105.

Admissions and Registration

ADMISSION TO THE COLLEGE

Admission to Solano Community College is open to anyone who is a high school graduate, has a high school equivalency certificate, or is 18 years of age or older and shows evidence of being able to benefit from instruction. All inquiries concerning application, admission and registration should be sent to Solano Community College Admissions and Records, 4000 Suisun Valley Road, Fairfield, CA 94534, (707) 864-7171, www.solano.edu/ar/.

APPLICATION FOR ADMISSION

Applications for admission with detailed instructions are available on the college Web site at www.solano.edu.

An application must be submitted if a student is:

1. A new student entering Solano Community College for the first time, or
2. A returning (former) student who did not attend Solano during the prior semester, or
3. An international student (www.solano.edu/international/apply.php), or
4. A student in grades K-12 enrolled in a public or private school seeking special admission www.solano.edu/ar/k12admission.
5. All students should apply online at www.solano.edu click "MySolano."

STUDENT SUCCESS AND SUPPORT PROGRAM (SSSP)

SSSP is a process that brings students and their college into an agreement about the choices and processes needed for the student to realize his or her educational objectives. The agreement acknowledges the responsibilities and rights of both parties. As part of its on-going SSSP, Solano Community College provides a full range of services, including:

- Admission to the College
- Testing in Writing and Reading
- Orientation to the College
- Assessment of abilities and interests
- Counseling and advising
- Registration for courses
- Follow-up of student progress
- Various support services

Each student has the following responsibilities regarding SSSP services:

- Express a general educational goal at the time of admission
- Meet with a counselor to discuss academic choices and to develop an educational plan
- Identify a specific educational goal upon completion of 15 semester units of degree-applicable, credit coursework
- Attend classes and complete assigned course work
- Maintain progress toward the specified educational goal

The College has the following responsibilities:

- Use multiple sources of information, in addition to test results, as the basis of assessment for counseling/advisement
- Provide special accommodations for students with learning or physical disabilities
- Provide a mechanism for changing a specified educational goal
- Inform students of their responsibilities and rights regarding matriculation services
- Upon request, provide students with written District procedures concerning challenges, complaints or appeals of SSSP services

The student has the right, and is strongly encouraged, to receive all SSSP services provided by the College. The student also has the right to refuse any or all of these services.

Exemptions. The following students may be exempt from assessment, orientation, and education planning:

- Students who have completed an Associate Degree or higher
- Students who seek to enroll only in non-credit courses
- Students indicating an educational goal of:
 - Job Skills – to maintain current job
 - Personal Interest – not for employment
 - Complete credits for High School
 - Maintain a Certificate or License (for example, in Nursing, Real Estate)

Admissions and Registration

SPECIAL ADMISSION (K-12)

Solano Community College may permit the admission of K-12 students who, in the opinion of the Superintendent/President, or designee, can benefit from instruction. Approval of the student's principal, and parent or guardian is required. The intent of this program is to provide educational enrichment opportunity for a limited number of eligible students who fulfill special admission standards.

- The College reserves the right to exclude or limit enrollment in courses or programs where health, safety, instructional methodology, facility constraints, or legal requirements are deemed inappropriate for special admission students.
- Special admission students shall conform to the College's academic rules and regulations and the code of conduct expected of all college students.
- Students under grade 9 must attend an interview with a College official, along with the parent or guardian.

Please visit our website for additional information at www.solano.edu then click on the Admissions link.

INTERNATIONAL STUDENT ADMISSION

Solano Community College admits international students each semester. We accept applications year round. International students must meet the following admission requirements:

1. File official transcripts from all secondary schools, universities or professional schools. Transcripts must be accompanied by an official English translation.
2. Submit scores from the Test of English as a Foreign Language (TOEFL). A minimum score of 500 is required for admission on the paper-based examination. A score of 61 on the internet-based test is required for admission (subject to change) and from the IELTS test a score of 7.0.
3. File a current declaration and certification of finances.
4. File a current certificate of health, including a tuberculin test. A copy of the health verification certificate submitted to immigration is acceptable provided it is not more than one year old.
5. Provide evidence of health and accident insurance protection.
6. Provide a local street address, not a post office box number, and a social security number, if applicable.

Students with an F-1 Visa must meet with the International Student Academic Counselor each semester for approval of their academic programs. Each student must maintain enrollment in at least 12 semester units of academic work each semester. An email address is provided to all students and is the primary means used by the college to communicate with students. Students should activate and check their email regularly. Non-resident tuition is \$211.00 per unit plus \$46.00 per unit enrollment fee plus \$5.00 per unit nonresidential capital outlay fee. All fees are subject to change by the State legislature.

Email to international@solano.edu for additional information, or visit www.solano.edu/international/index.php.

RESIDENCY

The California residency requirement has two parts, Act and Intent. To claim residency a student must have lived and shown intent to reside in California by: a) paying California income taxes; b) possessing a valid California driver's license; c) registering and voting in the state; d) owning and registering a car in California, and/or the absence of these ties with another state. The payment of California state income taxes is an important act of intent. Concurrent with these acts of intent, physical presence in the state for one year and one day prior to the first day of classes is needed to establish California residency. Because the residency requirement is complicated, students with questions should contact the Residency Assistant in the Admissions and Records office.

SCCID (SOLANO COMMUNITY COLLEGE IDENTIFICATION NUMBER)

All students admitted to Solano Community College will be issued an SCCID upon receipt of their application for admission. The SCCID is your primary identification number. The SCCID provides an added layer of protection to combat ever-increasing occurrences of identity theft.

TRANSCRIPTS FOR ADMISSION

The following students are required to submit official transcripts from all regionally accredited institutions:

1. Applicants for the Nursing Program.
2. Veterans.
3. Students enrolling in English and mathematics courses.
4. International students.

Admissions and Registration

5. Students receiving financial assistance.
6. Recipients of California State Scholarships must file high school transcripts showing the eight semesters.
7. Participants in intercollegiate athletics.

Students planning to complete an A.A./A.S. degree or certificate should submit transcripts from other institutions if the units apply toward the degree or certificate requirements. The applicant is responsible for requesting the transcripts be mailed directly to the Admissions and Records office. Please visit our website www.solano.edu for incoming transcript information. Click on the Admissions and Records link, then click on Transcript for additional help, or email us at admissions@solano.edu.

TRANSFER OF CREDIT FROM OTHER COLLEGES

Only those courses from regionally accredited colleges may be accepted for transfer to a degree or certificate program.

REGISTRATION ASSESSMENT/ ORIENTATION PROGRAM

All new, non-exempt students should complete the assessment process prior to registering for classes. Assessment, Orientation and Counseling are part of this process. See exemption criteria under SSSP.

In addition, all students enrolling for the first time in any English, English as a Second Language, or reading class must complete the appropriate testing to meet department requirements. Students who take the standard English placement tests also will be required to take a mathematics test.

Procedures: To gain the most from these services, students should plan on completing the matriculation process in the following sequence:

- 1) Complete and file an "Application for Admission" with the Admission & Records office (A&R) [Note: this can be done online at the Web site: www.solano.edu].
- 2) Attend a scheduled test session and take the math, reading and writing tests.
- 3) Complete an on-line orientation session, found on the College's Website under "Counseling" (www.solano.edu/counseling) or complete an in-person orientation. See website for dates.
- 4) Meet with a counselor to complete an education plan.
- 5) Register for classes.

Additional information may be obtained from the Counseling Center or at the Admissions and Records office. Students should schedule an assessment test online at www.solano.edu/assessment. The Assessment Center is located in Building 400, Room 442. Students may also phone (707) 864-7000, ext. 4525 for more information.

Students who have completed testing or coursework in English at another college or who have had equivalent educational experiences in high school may be eligible for an exemption in assessment or orientation. Contact a counselor for detailed information.

DEBTS

Most debts for the current semester that are associated with registration can be paid online. If you do not have internet access or your debt involves special circumstances, please contact Admissions and Records.

Students are advised to keep receipts as proof of payment. Print a copy of the confirmation page for your records. Save a screen shot on your phone or tablet.

Debts left unpaid may be subject to collections and/or holds on student's records.

OFF-CAMPUS CLASSES

Classes are offered at three off-campus centers and other locations throughout Solano County.

**Parking permit required at the centers listed below.*

Vacaville Center *

2001 N. Village Parkway, Vacaville
Counseling services available

Vallejo Center *

545 Columbus Parkway, Vallejo
Counseling services available

Travis Airforce Base (TAFB)*

Travis University Center
Building 249 at 530 Hickman, Travis AFB, Counseling services available. Please visit SCC web site for TAFB security requirements prior to registering for classes. Students must be enrolled in classes at TAFB in order to receive SCC services on Base.

Admissions and Registration

Other Locations

Vallejo Automotive Technology
1301 Georgia Street, Vallejo

Nut Tree Airport (Aeronautics)

275 County Airport Road, Vacaville

Various high school locations throughout the region, California State Prison (CSPS) and California Correctional Medical Facility (CMF), Vacaville

(classes at CSPS and CMF are currently not open to the general public)

360 Campus Lane (2nd Floor)

Fairfield

For specific locations and times, registration, and other information, please see the Schedule of Classes at the SCC website www.solano.edu or contact the Office of Admissions at (707) 864-7171.

PHOTO-IDENTIFICATION CARD (\$5.00)

A photo-identification card is recommended for all students, except students who enroll in fee-based courses offered by Community Services. Students should carry their card while on campus. The fee of \$5.00 is payable at registration. Once purchased, students may have photos taken and an ID will be created on the spot in the Student Life Office (SLO). The card may be used during nine consecutive semesters of attendance. The card must be validated each semester upon presenting proof of registration. Students with a validated ID card are eligible for off-campus student discounts. There is no charge for the validation. Student ID cards may be obtained in the Student Life Office, Room 1425/1426 (Bldg. 1400).

SCHEDULE OF CLASSES

A searchable class schedule is online at www.solano.edu.

REGISTRATION PROCEDURES

Preparation: Students should acquaint themselves with college policies and study the information in this Catalog, the Schedule of Classes and registration materials supplied by the Admissions and Records office (A&R). The Admissions and Records office is a convenient place to ask questions about College procedures or visit our Web site at www.solano.edu. The following registration procedures apply to students enrolling in day, evening, on-campus, and off-campus classes.

All debts to the College must be cleared before students may register for classes.

Registration: Students who wish to enroll in classes for the next semester can obtain registration information from the Schedule of Classes or online at www.solano.edu.

The Schedule of Classes contains registration information and instructions. Registration is conducted by priority. The priority registration definitions/schedule are listed in the Schedule of Classes and online approximately 2 weeks prior to the start of the registration period.

WAITLIST

A waitlist allows students to show their interest in a course where the seat capacity has been reached. When a seat becomes available, the next student on the waitlist will receive a notification email which is sent to the student's Solano Community College email account. It is the student's responsibility to check their email account. If students choose to have their student email forwarded to their personal email, it is the student's responsibility to ensure that the forwarded address is correct and that the donotreplya&r@solano.edu is not blocked by the external email provider's spam filters. Students have 48 hours to register in the waitlisted course from the time the notification email is sent. Failure to register within the 48 hour notification window will result in the student being expired from the waitlist which opens the opportunity for the next student to register.

LATE REGISTRATION

During the first week of each semester, students may register for additional courses if class space is available. (See academic calendar at www.solano.edu for all deadlines.)

Adding Classes and/or Late Registration:

1. Students go to the classes they wish to attend. If space is available, the instructors will give them an add code which they should use to enroll in the course online via the College web site.
2. All enrollment fees must be submitted upon registration.

Dropping Classes:

1. Students must drop classes online at www.solano.edu
2. Students maybe dropped from class by the instructor.
3. Students should check their Schedule Bill for course deadlines.

Admissions and Registration

Students are responsible for officially dropping their courses before established deadlines. Nonattendance or non-payment of fees will not remove you from a course nor alleviate your responsibility to pay fees.

Students who do not officially drop courses may receive an "F" for the term and incur a student debt. Students should drop courses online.

FEES

Fees are due and payable at the time of registration. All debts to the College must be cleared before students may register for classes.

NON-RESIDENT TUITION

Non-residents (out-of-state and international students) must pay tuition fees at the time of registration. At the time of publication of this catalog, fees are \$211.00 per unit. All non-resident students are also required to pay a \$46.00 per unit enrollment fee and a \$5.00 per unit nonresidential capital outlay fee. Fees are subject to change.

GENERAL ENROLLMENT FEES AND OTHER COSTS

- Enrollment fee: \$46 per unit.* There is no enrollment fee for noncredit classes. Fees are due and payable at registration. All debts to the College must be cleared before students may register for classes.
- Parking permits are required for students parking their vehicles at the Fairfield campus, Vallejo and Vacaville Centers - \$20 fee per vehicle.
- Student transcript fee: \$4.00; Rush service \$7.50; \$1.00 unofficial transcript.
- Student on-campus enrollment verification fee: \$1.00; Verification service through the National Student Clearinghouse: Visit the Clearing House web site for current fees.
- Health fee: Fall/Spring-\$13.00; Summer-\$5.00**
- Student photo ID for on-campus students: \$5.00 (good for nine consecutive semesters when validated).
- Student Center fee: \$1 per unit, up to a maximum of \$10 per student fiscal year (July 1-June 30).
- Library fines: See website for fees.
- Parking citations: \$20 (for regular parking citations); \$275 (for handicapped parking citations).
- Instructional and required materials fees: See the Schedule of Classes.

** The State of California has mandated this fee for credit courses through Section 72252 of the California State Education Code. The fee is not applicable to students who can demonstrate, at the time of enrollment, that they are recipients of benefits under the CalWORKS program, the Supplemental Security Income/State Supplementary program, or the General Assistance program. Fee waiver forms may be obtained from the Financial Aid Office. The enrollment fee is subject to change by the State Legislature.

Refer to Financial Aid Programs & Eligibility BOG fee Waiver (BOG FW) information.

APPLYING FOR REFUNDS

Classes dropped by appropriate deadlines are automatically refunded. Any outstanding debts are deducted from refunds. Fees are refunded by check 2-4 weeks after classes are dropped.

CALIFORNIA COMMUNITY COLLEGES ENROLLMENT AND NON-RESIDENT TUITION FEE Fall and Spring Semesters – Full Term Classes

Through refund deadline, 100% of the California Community College Enrollment Fee will be refunded.

Summer Session and Short-Term Courses

Through 10% of the course, 100% of the California Community College Enrollment Fee will be refunded.

HEALTH AND STUDENT CENTER FEES

The Health and Student Center fees are only refundable if all classes are dropped prior to the beginning of the semester.

Since the provision of health services is very expensive and the California Community College system does not have sufficient funds to subsidize student health services, the State Legislature mandates that the burden of supporting a student health center will be shared by all Solano Community College students through a general fee, regardless of whether they utilize the health center or have their own insurance.

The following students are exempt from paying the mandatory health fee:

- (1) Students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization.

*Fees Subject to change.

Admissions and Registration

- (2) Students who are attending a community college under an approved apprenticeship training program.

Students who fall within any one of the two grounds for exemption may apply for a fee waiver by submitting a written request to the Student Life Office.

ACADEMIC COUNCIL

The Academic Council deals with all matters that pertain to problems that students are having with their academic performance, enrollment status, graduation status evaluations and financial matters that pertain to the registration process.

1. The Academic Council consists of the following membership: Vice President, Student Services or designee (Chairperson), Academic Dean, Director of Admissions and Records, one counselor, two faculty members (appointed by the Academic Senate), and one classified staff member from Student Services.

In the event that the Vice President, Student Services, or designee, is unavailable, an additional Academic or Student Services Dean will be appointed to serve in his/her place.

2. Students may petition the Academic Council concerning any matter that pertains to their academic performance, enrollment status or registration/withdrawal procedures.
3. The Academic Council reviews the scope and content of each student's petition.
4. Students may obtain Academic Council petitions from the Office of Admissions and Records.
5. Students shall submit their completed form(s) to the Office of Admissions and Records.
6. All Academic Council actions are decided by majority vote. If there is a tie vote, the Vice President, Student Services, may vote to break the tie.
7. The Academic Council meets on an as-needed basis.
8. Students who submit petitions that pertain to academic disqualification must have their petitions reviewed and signed by a counselor before the Academic Council will consider their requests for readmission.
9. Each student who petitions the Academic Council is notified in writing, by the Student Services Office, concerning the action taken by the Academic Council on his/her petition.

10. Any student who is not satisfied with the Academic Council action taken on his/her petition may request a second petition review by the Academic Council or an opportunity to meet with the Academic Council in order to discuss his/her petition. Requests for a second review or a personal meeting are directed to the Vice President, Student Services.

11. The Office of Admissions and Records is notified, by the Student Services Office, of all Academic Council decisions. The Disabled Student Program and Services (DSP&S) Extended Opportunity Programs and Services (EOPS) and the Counseling Division are notified about special counseling needs for students.

12. The Academic Council Petition for each student is filed in his/her permanent cumulative folder along with a copy of the Academic Council's action.

STANDARDS FOR PROBATION AND DISQUALIFICATION

Students failing to maintain an acceptable standard of academic achievement shall be placed on academic probation, progress probation, academic dismissal or progress dismissal. (*Reference: Student Services Policy and Procedures 5100*) For purposes of probation and dismissal, only consecutive, primary semesters are counted. The semester in which a student's performance causes him/her to be placed on probation is the first probationary semester. Summer is not a primary semester.

Academic Probation

A. Placement on Academic Probation

A student shall be placed on academic probation for the following reasons: A student has attempted at least 12 total semester units and has achieved a cumulative grade point average (GPA) of less than 2.0.

B. Removal from Academic Probation

A student on academic probation is removed when his/her cumulative GPA is 2.0 or higher.

(*Reference: Student Services Policy and Procedures 5200*)

Academic Regulations

Progress Probation

A. Placement on Progress Probation

A student shall be placed on progress probation for the following reason:

1. A student has attempted at least 12 total semester units and received transcript entries of "W", "I", or "NP" representing 50% or more of all units attempted.

B. Removal from Progress Probation

1. A student will be removed from progress probation when the student has received transcript entries of "W", "I", or "NP" for less than 50% of all units attempted.

Dismissal

Dismissal prohibits the student from enrolling until one primary semester has passed and the student has met with a counselor and/or attended a probation/ dismissal workshop.

A. Placement on Dismissal

A student will be dismissed for one or more of the following reasons:

1. A student achieves a cumulative GPA of less than 2.0 for three consecutive primary semesters.
2. A student receives 50% or more of transcript entries as "W", "I", or "NP" for three consecutive, primary semesters.

B. Removal from Dismissal

A student will be removed from Dismissal for any of the following reasons:

1. A student's cumulative GPA is 2.0 or better and a Student's transcript entries of "W", "I", or "NP" are less than 50% of all units attempted.
2. Satisfactory Progress After Dismissal: A student who meets the requirements for readmissions after dismissal and achieves a semester GPA of 2.25 or greater, but does not have an overall cumulative GPA of 2.0 or greater, shall remain on academic probation until the cumulative GPA is 2.0 or better. (This condition only overrides A.1. above.)

If semester GPA falls below 2.25 and/or student qualifies for Progress Probation, student will be academically and/or progress dismissed.

Appeals

Students who are dismissed may file an appeal to contest the requirement of sitting out a primary semester with the Vice President, Student Services, or designee if extenuating circumstances exist which caused the substandard grades. To appeal, students complete the Readmit After Dismissal petition and indicate on it that they are appealing the requirement of sitting out a primary semester.

ACADEMIC RENEWAL – STUDENT SERVICES PROCEDURES 5110

Pursuant to regulations established by the Board of Governors of the California Community Colleges (Title 5, Section 55764), students may, under the provisions outlined below, petition for the elimination of past substandard coursework (D, F, or NP) in the calculation of the student's grade point average (GPA).

1. Coursework eligible for consideration under this regulation shall be:
 - a) No more than thirty (30) units;
 - b) Clearly sub-standard coursework, defined as those courses in which the student earned grades of D, F or No Pass;
 - c) Courses taken at Solano Community College and
 - d) Courses taken three or more semesters (not including summer session) prior to petitioning.
2. Students are not eligible for relief under the academic renewal policy until they have:
 - a) Completed at least fifteen (15) units, with a grade of "C" or better at a regionally accredited post-secondary institution subsequent to the coursework to be alleviated;
 - b) Met the three semester (not including summer session) time requirements; and
 - c) Filed an Academic Renewal Petition with the Office of Admissions and Records.
3. Courses eliminated under this policy may not be applied toward any degree or certificate requirement. Academic renewal actions are irreversible.
4. If the request is approved, the student's academic record will be annotated to reflect the change, but all work will remain legible.
5. Solano Community College may honor the Academic Renewal Policy of other regionally accredited institutions in disregarding previous academic work.
6. Students should understand that other colleges may not honor the Academic Renewal Regulations of Solano Community College.

Academic Regulations

PETITION PROCESS

Any student who has a problem regarding their academic performance, enrollment status, or registration/ withdrawal procedures should contact the Admissions and Records office at admissions@solano.edu.

AUDITING

Course auditing is permitted as a service to students who have completed designated credit courses for the maximum number of allowable enrollments. The purpose of auditing is to allow students to continue study, after course repeatability has been exhausted. A list of courses that have been designated for auditing is available in the Admissions and Records office. Auditing conditions are as follows: 1) Student participation in the course is subject to instructor discretion; 2) no grades or credit shall be awarded and no transcript of record maintained; 3) auditors may not change their status in the course from audit to credit student or the reverse; and 4) audit fees shall not be refunded. The auditing fee is \$20 per semester unit. NOTE: This is the fee at the time of publication; however, it is possible that the fee may be increased by the State Legislature and Governor at a later date. For up-to-date fee information, go to: www.solano.edu. One may apply to audit a designated course after the second meeting when class size has been established for regular students.

FINAL EXAMINATIONS

A final examination is required in all classes. For full semester day sections, final examinations will be given during the scheduled final examination period (finals week) at the end of each semester. For full-semester evening sections, short-term sections which end prior to finals week, and summer sessions the final examination will be given during the last class meeting. For short-term sections which end during the finals week period, the final examination will be given in accordance with the finals week schedule.

GRADES

GRADING SYSTEM

Solano Community College uses the following letter grade system for evaluating the quality of students' work:

Symbol	Definition	Grade Point
A	Excellent	4
B	Good	3
C	Satisfactory	2
D*	Passing, less than satisfactory	1
F*	Failing	0
P	Pass (at least satisfactory)	0
NP*	No Pass (less than satisfactory or failing)	0

**Substandard grades (Title V 55761)*

NON-EVALUATIVE GRADES

I	Incomplete	0
RD	Report delayed	0
W	Withdrawal	0
MW	Military Withdrawal	0

A grade point average (GPA) is determined by dividing the total number of grade points earned by the total units attempted, excluding credit/ no-credit courses and those in which W or I grades are earned. (Example: 36 grade points divided by 12 units attempted equals 3.0 GPA/B average.)

PASS/NO-PASS OPTION

The purpose of the pass/ no-pass option is to encourage students to take challenging courses for electives outside the major area while avoiding undue concern for grades in competition with students who may be better prepared.

The P grade represents a letter grade of A, B, or C. The NP grade represents a D or F letter grade. Units earned in the grading system are not used in computing grade point averages. A letter grade cannot be changed to a pass/ no-pass grade, and a pass/ no-pass grade cannot be changed to a letter grade unless the course is repeated. A course in which a grade of NP has been earned may be repeated once for a P or letter grade. Some courses are offered only on a P/NP grading basis and letter grades may not be earned in these courses. These courses are identified in the Course Descriptions section of this Catalog.

Academic Regulations

Students may request P/NP grades in any regular graded class offered by the College but they are limited to a total of 15 semester units under the P/NP option while attending Solano Community College. In order to exercise this option, a petition must be filed with the Admissions and Records office at the time of registration, or by the fifth week of the semester for a full semester course. Petitions for summer session and short-term courses must be filed within the first thirty per cent of the course.

Students should be aware that other colleges and universities may be reluctant to accept P/NP grades. Students should not take the P/NP grade option in their major fields of study.

UNOFFICIAL TRANSCRIPTS

Unofficial transcripts of grades are available online via MySolano Student tab. Contact admissions@solano.edu for assistance.

INCOMPLETE GRADES

An incomplete grade may be assigned only when a student has failed to complete the final examination, a class project, or a term paper because of illness or severe personal problems. Incomplete work must be completed by the end of one calendar year. When such conditions exist, the instructor and student must complete an "Incomplete Grade Contract" which outlines the work to be completed within one calendar year to result in an agreed-upon grade and states a preliminary grade which represents the grade earned by the student in work completed. When the work has been completed as outlined on the contract, the instructor will forward a "Change of Grade" form to the School Dean. Students who do not complete the contract will be assigned a grade at the end of one calendar year.

CHANGE OF GRADES

Students requesting a change of grade must initiate the request within one year after completing the course for which the grade change is being requested. After this period, if there are extenuating circumstances, a change of grade may be requested; however, the period for requesting a grade change may not exceed 3 years after the completion of the course.

Students should submit a request in writing directly to the faculty member within one year after completing the course for which the grade change is being requested. If the faculty member is not available, the request should be submitted through the appropriate School Dean; however, only the faculty member that assigned the original grade or designee may authorize a change of grade.

Important Note: Except in the cases of mistake, fraud, bad faith, or incompetency, a grade assigned by an instructor is not a grievable issue as described by the California Education Code (Section 76224): "...when grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student's grade by the instructor, and in the absence of mistake, fraud, bad faith, or incompetency, shall be final."

HONORS

President's: The President's Honor List recognizes those students who earn academic honors each semester. The President's List includes those students who have earned a grade point average of 3.85 or higher with at least 39 grade points in not fewer than 12 units of work completed.

Deans': The Deans' Honor List recognizes those students who earn academic honors each semester. The Deans' List includes those students who have achieved a grade point average of at least 3.25 or higher with at least 39 grade points in not fewer than 12 units of work completed. A grade point average (GPA) is determined by dividing the total number of grade points earned by the total units attempted, excluding Pass/No Pass courses and those in which W or I grades are earned. (Example: 36 grade points divided by 12 units attempted equals 3.0 GPA/B average.)

Alpha Gamma Sigma: Permanent membership in Alpha Gamma Sigma, the California Community College Honor Society, recognizes students who have maintained a high grade point average in all college work. Permanent membership may be awarded at the time of graduation. Applications and information are available in Room 1425/1426 in the Student Center.

Phi Theta Kappa: Permanent membership in Phi Theta Kappa International Honor Society, Beta Mu Gamma Chapter, recognizes the scholarly achievements of SCC students who have completed 12 semester hours associate degree course work, with a grade point average of 3.5. Grades for courses completed at other institutions will not be considered when determining membership eligibility. A cumulative grade point average of 3.25 must be maintained to remain in good standing. Applications are available in the Student Life Office, Room 1425/1426, Fairfield campus. For detailed membership eligibility information, contact the PTK Advisor, c/o Student Services Office, Room 433.

Academic Regulations

Honors at Graduation:

A student who achieves a cumulative grade point average of 3.50 to 3.74 will be graduated with honors; and 3.75 and above with high honors.

REPEATABILITY OF COURSES

Repetition of courses must be conducted by all California community colleges in compliance with California Title V Regulations, Sections 55040 through 55046.

Course repetition to improve a sub-standard grade:

A course may be taken once and repeated a maximum of two times for which a grade notation of D, F, NP (No Pass), or W (Withdrawal) was earned. Solano Community College requires students to petition to repeat prior to the second attempt. A W will count as an attempt.

REPEATABLE COURSES:

An earned grade of C or better cannot be repeated. However, there are specialized courses that are designated as repeatable and are noted in the course description. Types of courses in this category include:

- Transfer level courses that may be taken more than once to meet the major requirement for transfer to a California State University (CSU) campus or to other universities with a similar transfer requirement.
- Variable unit courses that are open entry /exit such as math, reading and writing laboratory courses; these courses may be repeated up to the total maximum units allowed.
- Work Experience courses, which can be taken again when there is new or expanded learning on the job for a maximum of sixteen units.
- Interscholastic sports and their related conditioning courses may be repeated to meet requirements for CCCAA eligibility.
- Intercollegiate academic or vocational competition courses with the primary purpose to prepare students for competition.

PETITION FOR AN EXCEPTION - NON-REPEATABLE COURSES:

Some special circumstances allow students to complete the Course Repetition petition process when the request does not meet the criteria cited in the section above:

- A student may repeat a course because there has been a significant lapse of time (defined as at least three years) since the student previously took the course and there is a properly established recency prerequisite for a course or program at Solano Community College or at another institution

of higher learning. In cases where a transfer university requires a community college course to be taken as a university prerequisite more recently than three years ago, a college may alter the three-year rule with documentation provided by the student. Grades awarded for courses repeated under this circumstance shall not be counted when calculating a student's grade point average. This is a one-time exception. Documentation from the college or university catalog must be submitted with the petition.

- Courses where students need to meet a legally mandated or licensure training requirement as a condition of continued paid or volunteer employment. These repetitions are not limited and are granted based on the college's verification of established legal mandates. Documentation may include an expired CPR Certification, the job announcement or job description, coupled with a certification by the student that he or she needs the course for employment.
- A special course that can be repeatable by petition so that a particular student can be approved to repeat it as a disability-related accommodation.
- The college finds that the student's most recent previous grade is, at least in part, the result of extenuating circumstances. Extenuating circumstances are verified cases of accidents, illness, or other circumstances beyond the student's control. This is a one-time exception.

LIMITATIONS ON ACTIVE PARTICIPATORY COURSES:

Active participatory courses are those courses where individual study or group assignments are the basic means by which learning objectives are obtained. These include kinesiology (formerly physical education or PE) active participatory courses, as well as visual and performing arts active participatory courses (theatre arts, music and art). Some courses in these categories are related in content and have been placed in groups that Solano Community College calls Course Families. Course Families allow for skill development beyond an introductory level. A Course Family may include more than four courses, but students are limited to taking a maximum of four courses in any one family.

Academic Regulations

If a student gets a sub-standard grade (a notation of D, F, NP [No Pass], or W [Withdrawal]) in any course within a family, the sub-standard grade counts as one attempt of the four course limitations in the family. Please consult with a counselor for more information.

STUDENT CLASSIFICATION

Students are classified in terms of the number of units they have completed and the units in which they are currently enrolled.

Freshman: A college student who has earned from 0 to 29.5 semester units of college credit.

Sophomore: A college student who has earned from 30 to 60 semester units of college credit.

Full-time: A student enrolled in 12 or more semester units.

Part-time: A student enrolled in 11.5 or fewer semester units.

Post Associate Degree: A student who has been awarded an A.A., A.S. or higher degree.

STUDENT LOAD

A student load is defined as the total subjects and units carried in a program in any one semester. Fifteen units constitute the normal semester program; twelve units constitute minimum full-time enrollment. In some cases, a semester program may require more than fifteen units for a student to complete a major in the normal two-year period.

Permission to carry an excess load of 20.5 or more units may be granted to individuals depending on the excellence of their academic work. A "Carry Excess Load" petition must be completed with a counselor. Petitions are available at the Admissions and Records office.

The California State Education Code specifies that each lecture hour of a community college class requires at least two hours of study outside of class. The following schedule is suggested for students who attend college and also work.

SUGGESTED TIME PLAN

IF YOU WORK (Hrs./WK)	AND ENROLL IN (Lecture Hours)	AND STUDY (Recommended)	YOUR TOTAL LOAD IS (Hrs./Wk)
40	3	6	49
30	6	12	48
20	9	18	47
10	12	24	46
0	15	30	45

STUDENT RESPONSIBILITIES

Attendance and Participation

Students must attend the first meeting of their classes each semester in order to verify their class enrollments. Students failing to appear may be dropped from class rosters. Regular attendance, completion of examinations, assignments, participation in class activities and discussion is expected. Instructors shall provide students with written statements describing course requirements, grading standards and course prerequisites.

Regular attendance is an obligation assumed by every student at the time of registration. Absences per semester should not exceed the number of hours or the number of days, as determined by the instructor, that a class meets per week. Absences in excess of the maximum may result in students being dropped from classes. Students who fail to attend their classes may be dropped by their instructors no later than the end of 62.5 percent of a full-term class, short-term class, or summer session.

Students have the responsibility for verifying their enrollment status. **If students stop attending, it is their responsibility to make sure the drop card has been submitted to the Admissions and Records office or that they have completed the drop online at MySolano.**

It is the responsibility of students to know the status of their attendance records and to complete all academic work missed due to absences. Compliance with the above regulations may be waived in the presence of verifiable extenuating circumstances including accidents, illnesses, shift changes and temporary changes in military assignments. Students who are dropped from classes because of unsatisfactory attendance and/or participation may petition their instructors for class reinstatement. Instructors may reinstate a student by signing an add card and writing "Reinstate" on the card. The add card must be submitted to the Admissions and Records office.

Academic Regulations

Attendance and Progress of Veterans

Veterans and their dependents must initiate their claim for educational benefits through the Veterans Affairs Center on campus. After classes begin, students are required to notify the Veterans Affairs Center promptly of any change in their unit loads or changes of address. Veterans should be aware that short-term classes, variable-unit courses and other flexible schedules may change the training time and affect benefits. A veteran who is academically disqualified must contact a Veterans Affairs Center staff member for specific details concerning readmission.

Withdrawal from Classes

Students are responsible for officially dropping from classes and verifying that drop cards are submitted to the Admissions and Records office or completing the drop process using the web online services. Non-attendance or non-payment of fees is not a guarantee of removal from a course and does not alleviate responsibility to pay fees. Students who do not officially drop courses may receive an "F" for the term and incur a student debt. Courses should be dropped online.

Courses dropped after 20% of instruction through the end of 62.5% of instruction will be recorded as a "W" on the student's record. A student must petition the Academic Council for a "W" after the last day to drop if extenuating circumstances apply. Documentation shall be required.

Short-term or summer session courses, which are less than a full semester in length, dropped during the first 20% of the class will not appear on the student's record. Courses dropped 21% to 62.5% of the term/session will be recorded as a "W" on the student's record.

Students should refer to their Schedule Bill for course specific deadlines.

Withdrawal from College

Students who find it necessary to drop all courses during the semester are required to drop within published deadlines. It is important to clear any debts owed to the College before leaving the College. Failure to drop properly could result in failing grades and a student debt.

Students are advised to speak with faculty members and a counselor before deciding to withdraw.

Access your *MySolano* account to drop or do so in person at any of our Admissions & Records campus locations.

ACADEMIC INTEGRITY

At the heart of any institution of higher learning is the fundamental right of Academic Freedom for which Honesty and Integrity are preconditions. Academic Integrity is therefore fundamental to the Solano Community College community. Academic Integrity is maintained only when all academic work is the product of identified individuals. Any act of Academic Dishonesty interferes with Academic Integrity and therefore with the core values of this institution. All violations of Academic Integrity on the part of any member of the academic community constitute a serious offense. Examples of Academic Dishonesty include:

Plagiarism: Academic Honesty Policy

The College community functions best when its members treat one another with honesty, fairness, respect and trust. Therefore, an individual should realize that deception for the purpose of individual gain is an offense against the members of the College community. Violation of the Academic Honesty Policy includes but is not limited to:

1. Plagiarism – from the Latin word for "kidnap" – involves using another's work without giving proper credit, whether done accidentally or on purpose. This includes not only words and ideas, but also graphs, artwork, music, maps, statistics, diagrams, scientific data, software, films, videos and the like. Plagiarism is plagiarism whether the material is from published or unpublished sources. It does not matter whether ideas are stolen, bought, downloaded from the Internet, or written for the student by someone else – it is still plagiarism. Even if only bits and pieces of other sources are used, or outside sources reworded, they must still be cited. To avoid problems, students should cite any source(s) and check with the instructor before submitting an assignment or project. Students are always responsible for any plagiarism in their work.

An instructor who determines that a student has cheated or plagiarized has the right to give a failing (i.e. "F") grade, or numerical equivalent, for the assignment or examination.

2. Violation of class assignments, examination rules, e.g., communicating or transferring information to another student, using any materials such as books, notes, etc., other than those expressly allowed for the exam, looking at another student's exam, etc.

Academic Regulations

3. Unauthorized preparation, giving, selling, transfer, distribution, or publication, for any commercial purpose, of any contemporaneous recording of an academic presentation in a classroom or equivalent site of instruction, including, but not limited to, handwritten or computer generated class notes, except as permitted by any college policy or administrative procedure.

SANCTIONS FOR ACADEMIC DISHONESTY

An instructor who determines that a student has cheated or plagiarized has the right to give a failing (i.e. "F") grade, or numerical equivalent, for the assignment or examination. Instances of alleged plagiarism or any other form of academic dishonesty may be referred to the Vice President, Student Services, for action in accordance with the established disciplinary procedures as set forth in Solano Community College Board Policy, §5300. Following procedures consonant with due process, a student may be expelled, suspended, or given a lesser sanction if he or she is found to have committed an act of academic dishonesty. The totality of the particular circumstances, the student involved, and any relevant mitigating factors shall be considered in every case.

Additional Consequences of Violating the Academic Integrity Policy

Students committing acts of academic dishonesty not only face university censure but run a serious risk of harming their future educational and employment opportunities.

Prospective employers and other educational institutions frequently use recommendation forms that ask for judgment and comment on an individual's moral or ethical behavior. Many scholarship opportunities, awards and memberships to academic societies, such as honor societies or discipline-specific associations, also rely heavily on recommendations. College faculty and administrators knowledgeable of academic dishonesty infractions are ethically bound to report such incidences. Moreover, in all cases in which a grade of "F" is assigned for disciplinary reasons, the "F" will remain on the student's transcript, even if the course is retaken and a passing grade is achieved. Lastly, many other institutions and professional environments impose a no tolerance policy on dishonesty which may result in the student being expelled or fired. Solano Community College students are therefore obligated to develop educational habits befitting their scholastic and career goals.

SOLANO COMMUNITY COLLEGE HONOR CODE

At Solano Community College, we believe that Academic Integrity is fundamental in an institution dedicated to personal development through learning, free inquiry, and the exchange of ideas. Honest work is an integral part of the learning process: it builds self-esteem, knowledge, and skills. It is the responsibility of every Solano Community College student to represent work truthfully and engage honestly in all assignments. We believe that any instance of academic dishonesty hurts the entire college community.

Non-Traditional Learning

Solano Community College awards non-traditional credit for CLEP (College Level Examination Program), Credit-by-Examination, formal military service schools, and military service. The maximum credit for all non-traditional credit accepted by Solano Community College may not exceed twenty-four (24) semester units.

Students planning to transfer to a four-year college or university should note that non-traditional credit accepted by Solano Community College may not be acceptable for transfer. Students should check with prospective transfer colleges regarding their policies on non-traditional credit.

ADVANCED STANDING

Students may apply for advanced academic standing through waiver of certain courses as identified by academic schools. To receive course waivers, the student must demonstrate knowledge of the subject to be waived through examination, previous study, or related work experience. Units are not awarded. Students who receive course waivers must complete the minimum number of units for the major and Associate Degree as required by the California Code of Regulations.

CLEP EXAMINATIONS APPROVED AT SOLANO COMMUNITY COLLEGE

Students who receive satisfactory scores on the CLEP (College Level Entrance Program) tests listed below will be awarded college credits for SCC equivalent courses. For more information contact the Office of Admissions and Records.

* Continuing Course: Determined by consultation with Division Dean and Division Faculty Member.

If a specific AP exam is not listed above, acceptance will default to the CSU standard. Please see a counselor.

CREDIT-BY-EXAMINATION

Credit-by-examination is available for some courses that are not remedial or normally taught at or below the secondary education level. Courses eligible for credit-by-examination have been identified by the appropriate academic school. The amount of credit granted may not exceed the amount listed for the specific course in the college catalog.

Non-Traditional Learning

To be eligible, the student must be enrolled currently at the College in at least one (1) graded course other than those being taken for credit-by-examination, be in good standing (overall 2.0 GPA) and have completed a minimum of 12 units in residence or will have completed a minimum of 12 semester units by the end of the current semester, exclusive of units to be earned by the credit-by-examination. All prerequisites must be met or waived by the School Dean before a student takes an examination for credit, and no examination may be repeated. The maximum number of units that may be earned by credit-by-examination is 15. A petition for credit-by-examination must be filed with the Office of Admissions and Records no later than the fourth week of the semester. If the petition for credit-by-examination is approved by the School Dean, the student returns the petition to Admissions and Records. Eligibility will be checked and payment of a fee for preparation and administration of the examination in the amount of \$20 per course unit to a maximum of \$120.

Students may obtain a copy of the policy and the credit-by-examination petition form online or at Admissions and Records service counters.

MILITARY TRANSCRIPT EVALUATION

Solano Community College under the DoD Voluntary Education Partnership Memorandum of Understanding recognizes service members' Military Training for College Credit based on American Council on Education recommendations. Veterans who submit transcripts from either Community College of the Air Force or Joint Services Transcript (Army, Marine Corps, Navy, and Coast Guard) will be granted up to 24 units of college elective credit. (**Specialized training may be used to meet degree major requirements by submitting an SCC Substitution Petition. A description of the course/training received is required).

MILITARY SERVICE

Solano Community College will grant six (6) elective units for military service if the person has a) spent at least one year in active service, and b) has received an honorable discharge. Active duty personnel should submit a copy of DD295 (veterans submit DD214 Member 4 or Copy 2 or Copy 7) to Admissions and Records for evaluation. These units meet the health and physical education requirements for graduation.

Military Service credit is given towards California State University General Option C transfer for Area E with the submission of DD214 Member 4 or Copy 2 or Copy 7.

ONLINE AND HYBRID CLASSES

Solano Community College offers two types of Internet classes for credit: online and hybrid classes. Online classes are taught over the Internet and hybrid classes are taught partly over the Internet and partly in the classroom. These classes have regular assignment schedules and reading material and the same learning requirements as traditional classes.

Participation in online sections and hybrid sections requires that students have a computer with Internet access and a web browser. The individual classes will also have additional requirements such as a textbook and possibly a specific software program to be used. A student may also have to come to campus for a required in-person exam or orientation.

ONLINE: These classes utilize the Internet to create an educational experience that can be partly independent of time and place. Students still purchase textbook(s) and take tests and meet due dates, but they do the majority of the class work at any computer connected to the Internet. They work according to their own schedule, at home, in the office, or on open access computers on campus in the library. Course materials, the syllabus, assignments, tests, and links to other Web resources are contained on the course site. Students communicate with their instructor, and each other, by sending and receiving email and by participating in "threaded discussions." These are discussions that continue over time where students drop in to read the comments and to add their own. While online classes may not be for everyone, they are well-suited to students who are self-motivated, who have access to a computer, who may have busy daytime schedules, and who may not be able to travel to campus for classes with specific meeting times.

HYBRID: These classes use a combination of the face-to-face and online formats. Some activities will be conducted in a group (traditional class) format and some activities are conducted over the Internet (online). These classes offer the best of both worlds - flexibility with the online portion and the sense of being in a group with a traditional class meeting and face-to-face instruction.

Non-Traditional Learning

International Baccalaureate (IB) Credits

Solano Community College may award college credit for international baccalaureate (IB) higher level course completion with scores of 5, 6, or 7, if the course work is compatible with the college's curriculum. No credit will be granted for lower level course work completed in the IB program. Students who have earned credit from an IB exam should not take a comparable college course because transfer credit will not be granted for both.

International Baccalaureate (IB) Credit for Solano CC General Education

REQUIRED EXAM SCORE (HIGHER LEVEL EXAM ONLY)	SOLANO COMMUNITY COLLEGE GE 3 semester units	CSU GE Breadth CERTIFICATION 3 semester units	CSU Minimum Semester Credit Earned toward transfer (includes GE Units)	IGETC CERTIFICATION 3 semester or 4 quarter units	Total UC Units earned toward Transfer (includes GE units) (qtr/sem)

- 1) Only higher level tests accepted for credit.
- 2) IB scores must be between 5 and 7 for credit towards Solano College general education units, unless otherwise stated above.
- 3) IB credit is not granted for English Composition (ENGL 001) or for the Art Exam.
- 4) If a student passes more than one test in the same language other than English (e.g., two exams in Spanish), only one exam may be applied.
- 5) Credit is granted only toward the specific area(s) listed in general education. The units may not apply toward certification of the corresponding GE-Breadth area.
- 6) These units may not apply towards Associate Degree for Transfer (ADT) or the baccalaureate degree.
- 7) Students seeking certification in Language A1 and/or A2 prior to transfer must have passed the test before Fall 2013.

Graduation Requirements

Associate Degrees and Certificates of Achievement are awarded within 2-3 months of each fall, spring, or summer semester.

It is the responsibility of the student who expects to receive a degree or certificate to file a petition with Admissions and Records. See the Admissions and Records calendar for deadline dates.

Program Length

Most degree programs at Solano Community College can be completed in two years, assuming students take an average of 15 units per term. Certificate programs vary in length; most certificate programs require less than two years of full-time study to complete and many programs may be completed on a part-time basis. Students are advised to meet with a counselor to develop an educational plan as not all courses are offered every term.

Certificates of Achievement

A Certificate of Achievement recognizes a student's satisfactory completion of an organized program of study. A number of certificate programs are offered for students seeking specialized training in specific fields. Students are required to complete each course within the program with a grade of 'C' or better (or 'P' if the course is taken on a pass/no-pass basis) and to maintain a grade point average of 2.0 in program coursework. Certificate of Achievement programs differ from degree programs in that students are only required to complete the courses in the programs. All credits earned in a certificate program may be counted toward the A.A./A.S./ADT Degree and, in some instances, credit for certificate courses may be transferred to four-year colleges.

To be eligible for a Certificate of Achievement, at least 6 semester units in the field or a closely related subject must be completed at Solano Community College.

Students may be awarded a Certificate of Achievement based on the requirements in this Catalog, or the Catalog in effect at the time of first enrollment, or when the certificate was first offered.

Associate Degrees

Solano Community College offers two degrees: Associate in Art and Associate in Science. A degree may be granted upon successful completion of requirements in a major field of study, appropriate general education courses, and electives to total at least 60 semester units. Students must petition for degrees as described above. Students may apply for multiple degrees.

Associate Degrees for Transfer (AD-T)

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer," a newly established variation of the associate degrees traditionally offered at a California community college.

The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that accepts the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is a designated "high-unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor for more information on university admission and transfer requirements.

Catalog Rights

Graduation requirements are determined according to the Catalog in effect at the time of first enrollment at SCC. If enrollment is in any credit course and is continuous (at least one course is taken each academic year), then graduation requirements are taken from the Catalog in effect at the time of first enrollment. Students enrolled at another regionally accredited public institution of higher education and meeting the SCC definition of continuous enrollment shall not lose their original catalog rights. In order to maintain catalog rights, enrollment must begin with Solano Community College. Students may select a more recent catalog for catalog rights, if they wish.

Transfer of Credit From Other Colleges

Only those courses from regionally accredited colleges may be accepted for general education and transfer to a degree or certificate program.

Total Units

A degree requires a minimum of 60 degree-applicable semester units. At least 12 semester units must be completed at Solano Community College. The student must have a 2.0 overall grade point average at the time of graduation.

Graduation Requirements

Major and Area of Emphasis

A minimum of 18 semester units must be concentrated in a designated field of study, as outlined in one of the two-year degree programs. All courses in the major or area of emphasis must be completed with a grade of 'C' or better (or a 'P' if the course is taken on a pass/no pass basis).

General Education Philosophy and Criteria Statements

General education represents the breadth component of a liberal arts education as compared with the in-depth study required for a major. The purpose of this requirement is to give students the opportunity to become acquainted with intellectual, social, and aesthetic perspectives that can form the basis of an expanded plan for lifelong learning and enjoyment. In addition, it is designed to assist students in achieving an expanded context within which to explore their majors so as to enrich these specialized viewpoints. This philosophy is intrinsic to the development of the following basic educational abilities and skills:

- To improve the essential communication skills of speaking, writing, reading, and listening.
- To understand the heritage and culture of one's own society and the society of others.
- To provide opportunities to gain information which could aid students in making realistic career decisions.
- To provide the opportunity for students to achieve competence in mathematics and analytical thinking appropriate to their needs.
- To provide educational experiences for students to gain understanding and appreciation in the basic areas of knowledge: the social and behavioral sciences, the natural sciences, and the humanities which will provide an opportunity for cultural, intellectual and personal growth.
- To develop insight and knowledge in the area of self-understanding.
- To develop the knowledge and understanding of the rights, responsibilities and privileges involved in becoming a participating citizen in a democratic society.
- To develop an understanding of technological developments and the effects these will have on society today and in the future.

Cross-Cultural Studies Requirement

The general education requirement for an Associate Degree from Solano Community College includes a 3 unit Cross-Cultural Studies course. Courses that satisfy this requirement are listed under "Area E." Additional courses will be developed and added to the curriculum in the future; however, any Cross-Cultural Studies course, either

current or future, may be used by students to satisfy this requirement even if that course first appears in a Catalog subsequent to the beginning of the student's course of study.

General Education Structure

There are three options available for completing the General Education requirements for the Associate Degree. Requirements for Option A, Option B, and Option C are as follows:

Option A – See next page

Option B

To satisfy the general education requirements for the Associate Degree, completion of Intersegmental General Education Transfer Curriculum (IGETC) requirements may be used in lieu of the Solano Community College requirements listed in Option A.

Please see the IGETC requirements listed on the pages entitled "Transfer to Four-Year Colleges and Universities." Cross-Cultural Studies Requirement At least one of the following cross-cultural courses must be completed in order to use this option to fulfill the Solano Community College general education requirement:

ART 012, CDFS 053, CINA 011, COMM 012, COUN 015, ENGL 036, HUMN 003, MUSC 013, PLSC 005, PYSC 007, SOCS 022, THEA 013.

Option C

To satisfy the general education requirements for the Associate Degree, completion of the California State University (CSU) general education 39-unit breadth pattern may be used in lieu of the requirements listed in Option A or B. In order to use this option, these courses must be completed with the grades required for admission to the CSU campuses. Please see a counselor for further information.

Please see the CSU GE requirements listed on the pages entitled "Transfer to Four-Year Colleges and Universities."

Cross-Cultural Studies Requirement

At least one of the following cross-cultural courses must be completed in order to use this option to fulfill the Solano Community College general education requirement:

ART 012, CINA 011, COMM 012, COUN 015, ENGL 036, HIST 037, HUMN 003, MUSC 013, PLSC 005, PYSC 007, SOCS 022, THEA 013.

General Education Option A

2017-2018

In using this option to complete the Solano College general education (GE) requirement, students should note:

1. Students must complete at least 21 units with a minimum of 3 units from each Area A, B1, C, D1, D3 and E, as well as the local District Health and Kinesiology requirement.
2. After meeting the minimum units required for each area, a student may select remaining units from all courses listed under the above areas or from Area B2 or D4. If two courses are selected from the same GE area, they must have a different course prefix for both to be used in satisfying GE requirements. Exceptions: English and Mathematics.
3. See Area D2 below for options to satisfy the Reading requirement.
4. Courses with the same prefix as the student's major may not be used to fulfill general education requirements. Exceptions: ENGL 001 (Area D1), ENGL 062 (Area D2) and Mathematics (Area D3).
5. Courses used to satisfy the English (Area D1), Reading (Area D2) and Mathematics (Area D3) requirements must be completed with a grade of "C" or better or a "P" if the course is taken on a Pass/No Pass basis.

	C	IP	P
ART 012*; CDFS 053*; CINA 011*; COMM 012; COUN 015* ENGL 012*, 036; HIST 037*; HUMN 003*; MUSC 013*; PLSC 005*; PSYC 007; THEA 013*; SOCS 022*			

Local District Requirements – Health and Physical Education

Choose one of the following:	C	IP	P
a. Two KINE activity courses or two ATHL/Intercollegiate sport courses or b. One KINE activity course and one ATHL/Intercollegiate sport course or c. One of the following: HED 002, 003; KINE 020A, 020V, 020W, 057; DD214 (military experience)			

Graduation Requirements

Petitioning for a Degree or Certificate

In order to receive a Degree and/or Certificate from Solano Community College you must file a completed Petition for Degree or Certificate with the Office of Admissions and Records during the appropriate time frame. It is recommended that you meet with your counselor regularly to ensure that you are meeting the necessary requirements.

In your last semester of attendance, you should submit your completed Petition for Degree or Certificate to the Office of Admissions and Records. Petitions are accepted beginning the first day of each term through a date that is set and published for each term. **NO PETITIONS ARE ACCEPTED AFTER THE DEADLINE.**

Please check Dates and Deadlines in MySolano for the deadline.

Petitions are reviewed by Admissions and Records and students are notified of the outcome 2-3 months after the term ends. Email admissions@solano.edu if you have questions.

Graduation Ceremony

SCC holds a graduation ceremony once a year at the end of the spring term. Students who were awarded degrees and/or certificates in the previous summer and fall and who petitioned in spring are encouraged to walk in the graduation ceremony.

Students who were awarded degrees and/or certificates in the prior summer or fall and who petitioned in spring will be sent information regarding graduation ceremony participation mid-way through the spring term from the Student Life Office.

Students should direct additional questions regarding the graduation ceremony participation to the Student Life Office. For more information, please visit www.solano.edu/graduation.

Questions? Problems?

Email us at admissions@solano.edu

Associate Degrees for Transfer (ADT)

California Community Colleges are now offering Associate Degrees for Transfer (ADT) to the CSU. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an A.A.-T or A.S.-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses.

Students who have been awarded an A.A.-T or A.S.-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester units or 90 quarter units.

To view the most current list of Solano Community College Associate Degrees for Transfer go to www.solano.edu. For additional information on Associate Degrees for Transfer, visit <http://adegreewithaguarantee.com>.

Current and prospective community college students are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

Students expecting to complete an ADT degree should be sure to have indicated that with the CSU Mentor website if planning to transfer to a California State University. Students must petition for the degree at Solano Community College Admissions & Records by February 15 for the Fall term and September 15 for the Spring term. If the date falls on a weekend/holiday, then the deadline is the next business day.

Transfer to Four-Year Colleges & Universities

Solano Community College has a long history of preparing students for successful transfer to colleges throughout California and the United States. While it is ultimately the student's responsibility to adhere to transfer admissions requirements and application deadlines, Solano Community College counselors can help students keep up-to-date with the complex array of transfer requirements. To ensure transfer admission, particularly into competitive majors, students should see a counselor early in their educational experience in order to develop an education plan that includes transfer prerequisites. In addition, students are urged to study the catalogs of the transfer institutions and, if possible, to visit those campuses. Catalogs and detailed transfer information are available in the Counseling, Career, and Transfer Centers. Information regarding general education requirements for the California State University system and the University of California system are summarized in this catalog, but students are still urged to see a counselor to discuss general education for their major and transfer school.

Obtaining regular counselor assistance with transfer education planning is essential for successful transition to four-year universities and colleges.

Transfer Programs

Solano Community College works closely with the UC, CSU, and independent higher education institutions to create a seamless transition from SCC to the higher education university. While Solano students may apply to any university, the college has particular guaranteed transfer admission programs with some universities. To participate in these programs students must meet specific G.P.A. and course requirements often times associated with their major. The University of California offers a Transfer Admission Guarantee (TAG) to all UC campuses with the exception of UC Berkeley, UC Los Angeles and UC San Diego.

Concurrent Enrollment

Students may enroll in one course at the UC or CSU at no additional cost while concurrently enrolled at Solano Community College. G.P.A. and unit requirements are enforced and students must be enrolled full-time. Contact the Office of Admissions and Records or a counselor for additional information and application.

Aerospace Studies (Air Force ROTC)

Air Force Reserve Officer Training Corps (AFROTC) is available to Solano Community College students through a program offered at California State University, Sacramento (CSUS). The CSUS Department of Aerospace Studies offers two-, three-, or four-year programs leading to a commission in the United States Air Force. All coursework (12 or 16 semester units) is completed on the CSUS campus. Drills and courses are normally offered on Tuesdays, Wednesdays, and Thursdays. Field Training is conducted during part of the summer at an active Air Force base, normally between the student's sophomore and junior years.

Upon completion of all the program requirements for a Bachelor's degree, cadets are commissioned second lieutenants in the Air Force and serve a minimum of four years on active duty.

Graduates who are qualified and are selected may enter pilot or navigator training after graduation, or serve in a specialty consistent with their academic major, individual goals, and existing Air Force needs. Graduates may request a delay of entry on active duty to continue their education or may apply for Air Force sponsored graduate study to begin immediately upon entry on active duty. Due to firm scheduling requirements for the AFROTC program, students are encouraged to work closely with their academic advisors in planning this academic program.

AFROTC offers 3-year and 2-year scholarships to qualified students. Applications are accepted in any academic discipline; however, particular emphasis is usually given to applicants in the fields of engineering, computer science, mathematics, and physics. Application to the AFROTC program should normally be no later than during the first semester of a student's sophomore year. Juniors, seniors, and graduate students may also apply under certain conditions. Contact the Unit Admissions Officer in the Aerospace Studies Department at CSUS, telephone (916) 278-7315, for information on the program or the entry process.

Intersegmental General Education 2017-18 Transfer Curriculum (IGETC) Option B

The Intersegmental General Education Transfer Curriculum (IGETC) is a pattern of courses that allows community college transfer students to fulfill lower-division general education requirements either at the UC or the CSU system. The IGETC pattern is most useful for students who want to keep their options open before making a final decision about transferring to a particular UC or CSU campus. Completion of IGETC does not guarantee admission, nor is it generally required for admission. IGETC is not appropriate for some majors. Students should request certification from Admission and Records prior to transfer. Please see a counselor for additional information and guidance.

Note: All courses used for IGETC must be completed with a "C" grade or better and must be IGETC approved at the time the course is completed.

___ **GE Units** (this sheet) + ___ **Major Units** (see www.assist.org) + ___ **Elective** (classes 001-049 UC, classes 001-099 CSU) = **60 Units req.**

CSU General Education Option C

2017-2018

The CSU GE pattern is a set of courses approved to meet lower division general education requirements at the California State University system. For full certification, a student must complete 39 units in each subject area (A-E) minimum. Partial certification is also available for students missing one or more courses. Students should request certification from Admissions and Records prior to transfer. Please see a counselor for additional information and academic guidance.

Transfer to Four-Year Colleges & Universities

GENERAL EDUCATION FOR THE UC AND CSU SYSTEMS

In addition to preparing for their transfer major, students are encouraged to complete the lower division portions of their general education (GE) program as well. These requirements may be met using one of two patterns. The first pattern is known as the Intersegmental General Education Transfer Curriculum (IGETC) and the other is the California State University General Education Breadth pattern (CSU GEB). The IGETC pattern is accepted at both the UC and the CSU to meet lower division GE requirements. All courses used for IGETC must be completed with a minimum grade of “C” or better.

The CSU GEB pattern is accepted for lower division general education at the CSU only.

Completion of either of these patterns will permit students to transfer to the universities with all of their lower division GE courses completed.

Students may also elect to follow the specific general education requirements for the college to which they plan to transfer.

Completion of the IGETC is not a requirement for transfer to a CSU or UC, nor is it the only way to fulfill the lower-division general education requirements of the CSU or UC prior to transfer. Students may find it advantageous to take courses fulfilling CSU’s general education requirements or those of a particular UC campus. Upon completion of IGETC, a student must request certification. IGETC certification may be verified with a counselor who will confirm that all requirements have been met. To see a list of the courses that meet the IGETC and CSU GE requirements see the forms on the preceding pages. These forms are used by counselors and students to identify appropriate course selection. This does not substitute for counseling advice which includes consideration of many other variables. Please see a counselor to plan your course selection.

California State Universities (CSU) Undergraduate Transfer Admission Requirement

Students are eligible for admission if they:

- Have completed 60 or more transferable semester college units.
- Have a minimum cumulative grade point average of 2.00 in all transferable college units attempted.
- Are in good standing at the last college or university attended, i.e., they are eligible to re-enroll.

- Meet the admission requirements for a first-time freshman or have successfully completed necessary courses to make up the deficiencies they had in high school if they did not complete the 15-unit pattern of college preparatory subjects.
- Meet the eligibility index required of a freshman which requires SAT or ACT test scores.

Some campuses may require completion of English composition and general education math. Students should contact the campus to which they plan to submit an application to determine whether there are limits on admission as a lower division transfer. (Students who completed college units before they graduated from high school or during the summer between high school graduation and CSU enrollment are considered first-time freshmen and must meet those admission requirements.)

Upper Division Transfer Admission Requirements—

Students are eligible for admission if they:

- Have completed 60 or more transferable semester college units (90 quarter units).
- Have a college grade point average of 2.00 or better (2.40 for non-California residents) in all transferable college units attempted.
- Are in good standing at the last college or university attended, i.e., they are eligible to re-enroll.
- Have completed or will complete prior to transfer at least 30 semester units (45 quarter units) of courses equivalent to general education requirements with a grade of ‘C’ or better. The 30 units must include all of the general education requirements in communication in the English language (English composition, oral communication, and critical thinking) and at least one course of at least 3 semester units (4 quarter units) in transfer level mathematics.

Transfer applicants are required to submit final college transcripts prior to attendance in CSU classes. A final review will be done to verify successful completion of the courses. If the student did not complete the courses, the CSU campus may delay or cancel the student’s admission or enrollment until the student successfully completes the required courses.

(NOTE: Some CSU campuses will admit transfer students based on courses “in progress,” and some will not. Students should contact the specific campus(es) or obtain their published or electronic materials for specific campus information.)

Transfer to Four-Year Colleges & Universities

Online application, instructions, and other information are available at www.csumentor.edu.

Identification of Baccalaureate Level Courses— California State Universities

1. Courses numbered 001 through 099 transfer for entrance and elective credit to all California State Universities.
2. Vocational courses designated for two-year programs are transferable for the Bachelor of Vocational Education (BVE) or other directly related four-year programs.

For additional information, contact a counselor.

General Education Breadth Requirements

Requirements for graduation from California State Universities include the completion of specific courses in general education. The requirements may be met by completing a total of 39 semester units in the following categories:

- A. A minimum of 9 semester units in communication in the English language, to include both oral communication and written communication, and critical thinking.
- B. A minimum of 9 semester units to include inquiry into the physical universe and its life forms, with some immediate participation in laboratory activity, and in math concepts and quantitative reasoning and their applications.
- C. A minimum of 9 semester units from the arts, literature, philosophy, and foreign languages.
- D. A minimum of 9 semester units dealing with human social, political, and economic institutions and behavior and their historical background.
- E. A minimum of three semester units in study designed to equip human beings for lifelong understanding and development of themselves as integrated physiological and psychological entities.

Thirty-nine units of general education requirements that are completed at Solano Community College may be certified on the student's transcript. The remaining nine units must be upper division courses taken at the California State University from which the student will receive his/her Baccalaureate Degree. Please see the CSU GE requirements listed in the section entitled "Transfer to Four-Year Colleges and Universities."

University of California Undergraduate Transfer Admission Requirement

Transfer students need to plan their coursework carefully. Courses they take should, first, help them meet the minimum admission requirements for transfer. In addition, students should select community college courses that partially or completely fulfill a variety of other University requirements. All courses students take to meet University requirements must be transferable to UC.

Students increase their chances for admission and success after transferring if they develop and follow a pre-transfer plan of college coursework. Many prospective transfer students know which UC campus and program they wish to attend and have a general knowledge of University requirements; however, this is not enough to ensure a successful transfer. It is essential that students research the specific requirements of their intended major and campus and the community college courses that are approved to meet those requirements.

Knowing what the requirements are, and planning their community college program around them will maximize students' chances for admission to their first-choice campuses and programs. Meeting requirements in advance will give students more freedom when selecting courses once they enroll in the University. They may also be able to complete their undergraduate education within four years, without having to attend additional terms to meet requirements or take prerequisites.

Information to assist in the transfer process is available online at <http://www.ucop.edu/pathways> and in a variety of UC publications, including Answers for Transfers and the campus General Catalog. Solano Community College's UC Transferable Course Agreement and the articulation agreements with UC campuses are available online at www.assist.org. Contact a counselor for details and specific information on UC transfer requirements.

Transfer to Four-Year Colleges & Universities

California Residents

There are several ways to meet the University's minimum admission requirements for transfer students as described below. The path used by the student depends upon the degree to which the student has satisfied the UC's minimum eligibility requirements for freshmen at the time of graduation from high school. In all cases, applicants must have at least a 'C' (2.0) average in all transferable coursework:

1. Students who were eligible for admission to the University when they graduated from high school—meaning they satisfied the Subject, Scholarship, and Examination requirements or were identified by the University during the senior year in high school as being eligible under the Eligibility in the Local Context (ELC) program—are eligible to transfer if they have a 'C' (2.0) average in their transferable college coursework.
2. Students who met the Scholarship Requirement but did not satisfy the Subject Requirement must take transferable college courses in the missing subjects, earning a grade of 'C' or better in each of these required courses, and earn an overall 'C' (2.0) average in all transferable coursework to be eligible to transfer.
3. Students who were not eligible for admission to the University when they graduated from high school because they did not meet the Scholarship Requirement must:
 - a. Complete 60 semester (90 quarter) units of transferable college credit with a grade-point average of at least 2.4, and;
 - b. Complete the following course pattern, earning a grade of 'C' or better in each course:
 - two transferable college courses (3 semester or 4-5 quarter units each) in English composition; and
 - one transferable college course (3 semester or 4-5 quarter units) in mathematical concepts and quantitative reasoning; and
 - four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, the physical and biological sciences.

(Students who satisfy the IGETC prior to transferring to UC will satisfy Option 3b of the transfer admission requirements.)

Nonresidents

The minimum admission requirements for nonresident transfer applicants are very similar to those for residents. Please consult with the Admissions Office at one of the University campuses for details. In all cases, however, nonresidents must have a grade point average of 2.8 or higher in all transferable college coursework.

University of California (Breadth) General Education Requirements

The general education or breadth requirements are designed to give UC undergraduates a broad background in all major academic disciplines—natural sciences, physical sciences, social sciences, humanities, and fine arts. The general education/breadth requirements specify the courses students must take or credit hours they must accumulate in each area.

Each school and college at every UC campus has its own set of requirements. They are described in the campus catalogs and articulation agreements. With careful planning, the student can meet many of the requirements while attending community college. At some campuses and in some majors, transfer students must fulfill all or a portion of the general education/breadth requirements before transferring.

Transfer applicants may satisfy lower division general education requirements at any UC campus by completing the Intersegmental General Education Transfer Curriculum (IGETC).

However, some majors and some colleges within a particular UC campus may not accept IGETC. Please see a counselor for more information. See IGETC Option B page for the specific Solano Community College courses.

University of California, Berkeley (College of Letters and Science)

Transfer students with 60 or more semester units are expected to have satisfied the reading and composition breadth requirement, the quantitative reasoning breadth requirement, and the foreign language requirement of the College by the end of the spring term prior to transfer.

Transfer students who apply from California community colleges also have the option of fulfilling lower division breadth requirements by completing the Intersegmental General Education Transfer Curriculum (IGETC). This program specifies a series of subject areas and types of courses that, if completed before transfer, will satisfy the lower division breadth and general education requirements at any general campus of UC.

Transfer to Four-Year Colleges & Universities

NOTE: In recent years, all major programs have turned away qualified applicants because of space limitations. Transfer applicants should be aware that admission to most majors in the College of Letters and Science is competitive and should endeavor to complete as much of the lower division preparation for their major as possible before transferring.

Contact a counselor and visit the ASSIST Web site at *www.assist.org* for details and information on specific courses to satisfy the College of Letters and Science breadth and major requirements.

University of California, Davis

There are three parts to preparing to transfer to UC Davis:

1. Minimum Transfer Admissions Eligibility: courses and grades that prepare a student to be minimally eligible to transfer, regardless of the major.
2. Major Preparation: courses that prepare a student to complete a major after transferring.
3. General Education (GE): courses that satisfy the GE requirement for graduation from UC Davis.

Students should place highest priority on achieving minimum transfer eligibility and on completing courses for their majors. Major preparation gives students the best opportunity to begin upper-level courses as soon as they transfer. Additionally, some majors require that students complete specific courses before they may transfer.

These majors are: all majors in the College of Engineering, all majors in the Division of Biological Sciences, Biotechnology, Communications, Computer Science, Fermentation Science, International Relations, Landscape Architecture, Pre-Design, Pre-Managerial Economics, Psychology, and Viticulture and Enology.

After students have planned their courses for major preparation, they can think about General Education. GE is not required for admission; it is required for graduation from UC Davis. There are two ways to complete GE. Students pursuing majors with few courses for major preparation will want to consider completing the Intersegmental General Education Transfer Curriculum (IGETC). Students pursuing majors that have many preparatory courses should work on UC Davis GE rather than IGETC.

Students should work with a Solano Community College Counselor and a UC Davis Advisor to know how to prepare for their majors. This consultation also will help students decide which version of GE to choose.

CTE Degree & Certificate Program

Workforce Development

Solano Community College staff work closely with local business, industry, and advisory groups to design occupational programs that meet the needs of employers and residents in Solano County.

Experienced workers can upgrade skills and knowledge or enter a new field. In some areas, it is possible to enter a new field and get a certificate in a year or less. An associate degree can take two years or longer depending upon the field and the student's prior education. Many courses and programs are transferable to four-year institutions.

For more details, refer to the "Transfer to Four-Year Colleges and Universities" section of this catalog. Equal access in occupational training through our career technical education (CTE) programs is provided for all students regardless of race, handicap, national origin, age or gender. Solano Community College career technical education (CTE) programs encourage women and men to enter non-traditional fields for their gender.

Short-Term Courses

Solano Community College offers some short-term courses with flexible schedules which enable students to continue to work while they upgrade skills and obtain the knowledge needed to qualify for career advancement or change.

Degree and Certificate Programs

Solano Community College offers a wide variety of programs and courses leading to the Associate in Arts or Associate in Science degrees. These courses are also available to students who wish to develop personal and technical competence in an occupational area or in an academic discipline. Some programs offer specific areas of concentration within a degree.

A number of Certificate of Achievement programs are offered for students seeking specialized training in specific fields. All courses for the Certificate must be completed with a grade of 'C' or better (or a 'P' if the course is taken on a pass-no pass basis). All credits earned in certificate programs may be counted toward the Associate in Arts or Associate in Science (A.A./A.S.) degree, and in some

instances credit for certificate courses may be transferable to four-year colleges. To be eligible for a certificate, at least six semester units in the field or a closely related subject must be completed at Solano Community College.

Many Job-Direct certificate programs are also offered. These programs are specifically designed to prepare students for employment in the identified field. Not all credits earned in the Job-Direct certificate programs may be counted toward the A.A./A.S. degree or the Certificate of Achievement.

Students planning to transfer to four-year institutions should consult the catalog of the college to which they intend to transfer. Also, they should meet with a counselor to coordinate their A.A./A.S. courses with transfer requirements. This is the best way to ensure that the program taken at Solano Community College satisfies lower division requirements of the transfer institution.

Requirements for all programs leading to the Associate in Arts or Associate in Science degrees, Certificates of Achievement, and Job-Direct Certificates appear on the following pages.

Gainful Employment Programs

Gainful Employment programs include all programs at public and not-for-profit institutions that do not lead to a degree, that are not fully transferable to a bachelor's degree program or that are not considered to be basic skills or preparatory course work for enrollment in an eligible program.

Recognized Occupations are those identified by a federal Standard Occupational Classification (SOC) code established by the Office of Management and Budget, by an Occupational Network (O*NET-SOC) code established by the U.S. Department of Labor, or those determined by the U.S. Secretary of Education in consultation with the U.S. Secretary of Labor.

Job Direct Certificates

Job Direct Certificates

Awarded in the following fields to students who satisfactorily complete a fast-track program to prepare them for employment:

Accounting	Account Clerk
Business	Insurance Specialist
Computer Information Science	Computer Applications Specialist Database Specialist Microsoft Office Master Microsoft Office Specialist Web Developer Web Programmer
Drafting	Computer Aided Drafting (CAD) Technician
Horticulture	Landscape Worker
Kinesiology	Fitness Professional
Nursing	Certified Nursing Assistant Emergency Medical Technician I
Occupational Education	Soft Skills for Technicians
Welding	Welding Equipment Operator

Counselors, faculty, and administrators are glad to answer any questions about these programs. Requirements for the above courses and programs are listed in the following section of this catalog.

Associate Degree for Transfer (ADT)

The Student Transfer Achievement Reform Act of 2010 (SB 1440 - Padilla) enables the California Community Colleges and California State University to collaborate on the creation of Associate in Arts Degree (AA) and Associate in Science (AS) Degree transfer programs. Upon completion of the associate degree, the student is eligible for transfer with junior standing into the California State University (CSU) system. Students are given guaranteed admission into the California State University (CSU) system, and further are given priority consideration when applying to a particular program that is similar to the student's community college major. For more information, see the California Chancellor's Office website on SB 1440 Associate Degrees for Transfer <http://www.sb1440.org/>

COMMUNITY COLLEGE PATHWAY TO LAW SCHOOL INITIATIVE (CCPLS)

The Community College Pathway to Law School (CCPLS) Initiative is the first and only of its kind to provide a clear pathway from community college to law school.

The CCPLS Initiative is the product of the visionary leadership of the California State Bar's Council on Access and Fairness (COAF). As a participating institution in the initiative, Solano Community College (SCC) has developed special partnerships with six top rated undergraduate and law school programs: **UC Davis, UC Irvine, USF, Santa Clara University, Loyola Marymount and USC**. Students taking part in the CCPLS program and successfully completing the initiative will be eligible to take advantage of these partnerships towards the goal of achieving a legal education.

Students apply to participate in the program. Upon admittance to the program participating students will be identified as "CCPLS / COAF Scholars" and must complete a seven (7) course core sequence and participate in activities sponsored by the CCPLS Initiative.

The curriculum and law related events build necessary skills to increase competitiveness at the next level of academia.

Upon successful completion of the undergraduate program CCPLS / COAF scholars will be eligible for admission to one of the law school programs partnering with the initiative.

**For information on the Community College
Pathway to Law School Initiative,
please email the program at CCPLS@Solano.edu.**

Announcement of Course & Course Numbers

COURSES

Credit Courses: Courses numbered 001-399 are graded courses authorized by the Governing Board of Solano Community College. All courses are not offered every year. Courses offered depend on prospective enrollment, the availability of instructors and physical facilities. Prospective students should consult the current Schedule of Classes for information on course offerings for a specific semester.

Noncredit Courses: The courses numbered 500-599 are offered on a noncredit basis. Regular attendance and participation are required. No grades or college credit are issued. Contact the Office of Admissions and Records or see the Schedule of Classes for current offerings.

CO/PREREQUISITES AND ADVISORIES

It is the intent of Solano Community College to guide students into courses in which they will have the best opportunity for academic success. Therefore, many courses have corequisites, prerequisites or advisories indicated in their descriptions.

Corequisite details: There are two types of corequisites. The first is a course or equivalent preparation that **must** be taken concurrently with another course. The second is a course or equivalent preparation that may be completed before or taken concurrently with another course. Both types of corequisites are listed as such under "Prerequisites," but the second type is followed by the parenthetical phrase "may be taken concurrently." A student's enrollment in a course with a corequisite is blocked until the requirements of the corequisite are satisfied.

Prerequisite: A course or equivalent preparation that **must** be completed **before** enrolling in another course. A student's enrollment in a course with a prerequisite is blocked until the requirements of the prerequisite are satisfied.

Advisory: A course or equivalent preparation that will broaden or deepen a student's learning experience in a subsequent course. A student's enrollment in a course with an advisory is not blocked for lack of the advisory skills.

Co/Prerequisites: Course corequisites and prerequisites ensure that the student has the minimum level of knowledge and/or skills to be successful in the specific course or program. The skills, concepts, and proficiencies learned in the prerequisite are not taught in the subsequent course. Corequisite and prerequisite information for a course, if any, appears in the "Prerequisite" area of the catalog description. For registration purposes, if a student is currently enrolled in a prerequisite course, that student may enroll in a subsequent course **contingent** on successful completion of the prerequisite. If the student is unsuccessful in the prerequisite, he/she will be **dropped** automatically from the subsequent course.

Advisories: Advisories are recommendations made to enhance or deepen the student's learning experience in a course. While the advisory skills and proficiencies are not required in order for a student to be successful in the course, advisories should be taken seriously. For specific information, students should consult their counselor or faculty advisor.

Solano Community College has established recommended minimum English and math standards for Associate Degree-level courses across the disciplines to advise students of the levels of writing, reading, and math skills they should have in order to have the most beneficial learning experience. Advisory information for a course appears in the "Course Advisory" area of the catalog description. The recommended **minimum** skill level in English in an Associate Degree-level course (SCC minimum English standard) is eligibility for enrollment in one English course one level below English 001. The recommended **minimum** skill level in mathematics in an Associate Degree-level course (SCC minimum Math standard) is eligibility for enrollment in elementary algebra (MATH 930).

Verification of a Co/Prerequisite: Students desiring to enroll in a course or program that specifies a co/prerequisite course and who have completed such a course at an institution other than Solano Community College must submit documentation to verify this completion. This documentation (unofficial or official transcript or report card) must be presented to a counselor, faculty advisor, or division dean or Office of Admissions or Records.

Announcement of Course & Course Numbers

Challenging a Co/Prerequisite. A student has the right to challenge a course co/prerequisite based on the following grounds: the co/prerequisite has not been established in accordance with the District process for establishing co/prerequisites; the co/prerequisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner; the prerequisite course has not been made “reasonably available” and the required completion of it will cause a delay of one or more terms in attaining the goal specified in the student’s authorized Individualized Education Plan (IEP); or the student has the knowledge or ability to succeed in the course or program despite not meeting the co/prerequisite. In the challenge process, **the burden of proof is on the student.** In order to file a challenge, students must submit a “Petition to Challenge a Course Pre/Corequisite,” available at the Office of Admissions and Records. If the challenge is upheld, the student will be allowed to enroll, contingent on the availability of space in the course; if denied, the student will not be allowed to enroll or, if already enrolled, will be dropped automatically from the class. Refer to the form for more detailed information on the requirements and procedures for processing this petition.

COURSE NUMBERING SYSTEM

The following numbering system indicates transferability, credit or noncredit status and other related information. For specific transfer information, students should consult a counselor and refer to the catalog of the prospective transfer institutions.

COURSE NUMBERS

001-049	Qualify for the A.A./A.S. Degree; transfer to the University of California system and the California State Universities.
050-099	Qualify for the A.A./A.S. Degree and transfer to the California State Universities.
100-199	Qualify for the A.A./A.S. Degree but, generally, do not transfer to four-year institutions. Some courses may be used to meet requirements in certain majors at some four-year institutions.
200-299	Vocational, credit courses which DO NOT apply to the A.A./A.S. Degree and do not transfer to four-year institutions.
300-399	Credit courses which DO NOT apply to the A.A./A.S. Degree. Exception: One English course one level below English 001 which may be applied to the Associate Degree as an elective and one elementary algebra course which may be used as an elective. These courses do not transfer to four-year institutions.
400-499	Upper division courses that apply to the B.S. Degree.
500-599	Non-credit courses.
600-799	Community Service courses. These courses are not for credit and usually charge a fee.

Some sequentially-numbered courses continue through two or more semesters and must often be taken in sequence. Check course prerequisites for appropriate course sequence.

The college reserves the right to cancel any class which does not meet the minimum enrollment requirements and whenever there are unexpected staffing or facility situations that cannot be satisfactorily resolved.

Course Identification Numbering System (C-ID)

The Course Identification Numbering System (C-ID) is a statewide numbering system that is different from the course numbers assigned by individual California Community Colleges. A C-ID Designator next to a course means that the course is comparable in content and scope to a similar course offered by participating California colleges and universities. Thus, if a catalog lists a C-ID Designator for a course, students can be assured that the course will be accepted at another California Community College that offers a course with the same C-ID Designator.

The C-ID Numbering System is particularly useful for students attending more than one California Community College since C-ID Designators are often applied to courses students need to prepare for transfer.

Below is the list of Solano Community College courses that currently have a C-ID designator.

<u>Solano Community College</u>	<u>C-ID Designator</u>	<u>Solano Community College</u>	<u>C-ID Designator</u>

Accounting

Accounting

Program Description

In recent years, accounting has been one of the fastest growing professions, and the monetary rewards for the individual just entering the field and those achieving corporate positions are among the highest. Accountants deal with the financial condition of a company, an individual, or an organization. An accountant is an analyst who is employed because of expertise in financial matters.

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement can be obtained upon completion of the 29-unit major with a grade of C (2.0) or better in each course. The Associate in Science Degree can be obtained by completing a total of 60 units, including the required courses in the major, the general education requirements, and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who earn the Accounting Associate Degree or transfer with a focus on accounting will be able to:

1. Demonstrate the use of the accounting cycle to prepare the income statement, statement of owner's equity, and balance sheet while applying the generally accepted accounting principles and concepts.
2. Analyze and evaluate managerial decisions using basic managerial accounting concepts and theory.

Students who earn the Accounting Certificate will be able to:

1. Demonstrate the use of the accounting cycle to prepare the income statement, statement of owner's equity, and balance sheet while applying the generally accepted accounting principles and concepts.

OT 162 Ten-Key

Total units..... 9.5

Accounting

ACCT 001

4.0 Units

Principles of Accounting - Financial

Course Advisory: Eligible for English 001 and Elementary Algebra. A study and analysis of accounting as an information system, its importance and use by external users such as investors, creditors, and others making decisions. The course covers the accounting cycle, application of the generally accepted accounting principles, financial reporting, and statement analysis. The course will include issues relating to the valuation of assets, liabilities, and equity, the recognition of revenue and expenses, cash flow, internal controls, ethics, and International Financial Reporting Standards. C-ID ACCT 110. *Four hours lecture.*

ACCT 002

4.0 Units

Principles of Accounting - Managerial

Prerequisite: ACCT 001 with a minimum grade of C or P. Course Advisory: Working knowledge of Excel helpful. A study and analysis of how managers use accounting information in decision-making, planning, directing operations, and controlling, to include the following: terms and concepts; job order cost accounting; process cost accounting; departmental accounting; product analysis; pricing decisions; flexible budgeting; standard cost analysis; cost-volume-profit analysis; preparation of operational, capital and financial budgets; and analysis of financial reporting in manufacturing and service environments. C-ID ACCT 120. *Four hours lecture.*

ACCT 050

3.0 Units

Computer Accounting

Prerequisite: ACCT 001. Course Advisory: SCC minimum English and Math standards. A hands-on course covering a complete computerized accounting system. Topics include a review of basic accounting concepts, preparation of business reports and graphs, and the creation of an accounting system for a company. *Three hours lecture.*

ACCT 176

3.0 Units

Intermediate Accounting

Prerequisite: ACCT 001 with minimum grade of C or P. Course Advisory: Working knowledge of Excel helpful. Accounting theory as applied to common issues faced by accountants in today's businesses. Lecture, group-study, and computer-based study emphasize the conceptual framework, the four major financial statements, footnotes, and present-value concepts. The class helps prepare the student for an entry-level position in professional accounting. *Three hours lecture.*

ACCT 177

3.0 Units

Cost Accounting

Prerequisite: ACCT 002 with a minimum grade of C or P. A comprehensive study and analysis of manufacturing costs as they apply to planning, controlling, and determining unit costs, inventory valuation, and income. *Three hours lecture.*

ACCT 180

3.0 Units

Introduction To Accounting

Course Advisory: SCC minimum English and Math standards. A study and analysis of the accounting cycle for a merchandising business and professional enterprises, payroll accounting, accruals and deferrals, accounting systems, error correction, and financial reporting. *Three hours lecture.*

ACCT 183

3.0 Units

Principles of Income Tax

Course Advisory: SCC minimum English and Math standards. A comprehensive study and analysis of the principles of federal income tax applied to individual, partnership, informational, and corporate tax returns. *Three hours lecture.*

Aeronautics

Airframe Maintenance Technician

Program Description

Practical and theoretical knowledge in basic maintenance techniques, plus the special requirements of either airframe or powerplant work. Upon satisfactory completion of the required courses, the student is eligible to take the Federal Aviation Administration written oral and practical examination for airframe or powerplant license.

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement can be obtained upon completion of the 41-unit major listed below. An Associate in Science Degree can be obtained upon completion of the units required for the major in either Airframe or Powerplant or Airframe and Powerplant and general education requirements.

A combination Airframe & Powerplant Maintenance Technician Certificate of Achievement can be obtained upon completion of the 41-unit airframe major and 21-unit powerplant courses. An Associate in Science Degree can be obtained upon completion of the units required for the airframe major, powerplant courses and general education requirements.

The Federal Aviation administration (FAA) requires 1150 hours (four full semesters) of instruction to complete the Airframe curriculum (An additional 750 hours, two full semesters for Airframe and Powerplant). All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Airframe Maintenance Technician or Airframe & Powerplant Maintenance Technician Certificate of Achievement/ Associate Degree will be able to:

1. Demonstrate proficient, entry-level aviation maintenance skills in airframe and powerplant with emphasis on aircraft engines, aircraft structures, and aircraft systems.
2. Have a working knowledge to inspect, maintain, service and repair aircraft electrical, engine (piston and turbine), airframe structure, flight control, hydraulic, pneumatic, fuel, navigation and instrument systems and other aircraft components specified by Federal Aviation Regulation Part 147.
3. Obtain an FAA, Airframe and Powerplant License upon completion of the Federal Aviation Administration (FAA) knowledge, oral, practical and written examination in general, airframe, and powerplant subjects.

REQUIRED COURSES.....Units

AERO 055 Aviation Maintenance Technician General I	10
AERO 102 Airframe Maintenance I.....	10
AERO 103 Aviation Maintenance Technician General II.....	10
AERO 105 Airframe Maintenance II.....	10
AERO 118 FAA Airframe Test Review & Qualification	1
Total units	41

Recommended Electives:

AERO 150 FAA Special Projects-Airframe Enhancement
OCED 090 Occupational Work Experience
OCED 091 General Work Experience

For combined Airframe & Powerplant Maintenance Technician Required Courses

(In addition to the 41 units listed above)..... Units

AERO 106 Powerplant Maintenance I	10
AERO 107 Powerplant Maintenance II.....	10
AERO 119 FAA Powerplant Test Review & Qualification	1
Total units	21

These programs are Gainful Employment Programs. For additional information, please visit http://www.solano.edu/gainful_employment/ and select "Aeronautics Airframe Maintenance Technician," or "Aeronautics Airframe & Powerplant Maintenance Technician."

Aeronautics

Powerplant Maintenance Technician

Program Description

Practical and theoretical knowledge in basic maintenance techniques, plus the special requirements of either powerplant or airframe & powerplant work. Upon satisfactory completion of the required courses, the student is eligible to take the Federal Aviation Administration written, oral, and practical examination for powerplant or airframe & powerplant license.

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement can be obtained upon completion of the 41-unit powerplant major. An Associate in Science Degree can be obtained upon completion of the units required for the powerplant major and general education requirements.

A combination Airframe & Powerplant Maintenance Technician Certificate of Achievement can be obtained upon completion of the 41-unit powerplant major and 21-unit airframe courses. An Associate in Science Degree can be obtained upon completion of the units required for the powerplant major, airframe courses and general education requirements.

The Federal Aviation Administration (FAA) requires 1150 hours (four full semesters) of instruction to complete the Powerplant curriculum (An additional 750 hours, two full semesters for Airframe and Powerplant). All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Powerplant Maintenance Technician or Airframe & Powerplant Maintenance Technician Certificate of Achievement/ Associate Degree will be able to:

1. Demonstrate proficient, entry-level aviation maintenance skills in powerplant or airframe and powerplant with emphasis on aircraft engines, aircraft structures, and aircraft systems.
2. Have a working knowledge to inspect, maintain, service and repair aircraft electrical, engine (piston and turbine), airframe structure, flight control, hydraulic, pneumatic, fuel, navigation and instrument systems and other aircraft components specified by Federal Aviation Regulation Part 147.
3. Obtain an FAA, Powerplant or Airframe and Powerplant License upon completion of the Federal Aviation Administration (FAA) Knowledge, oral, practical and written examination in general, powerplant or airframe and powerplant subjects.

Aeronautics

AERO 055 10.0 Units
Aviation Maintenance Technician General I

Course Advisory: SCC Minimum English and Math standards. Presents the fundamentals necessary for the advanced study in Aeronautics. It will define the history of aviation and powerplant operation, and the study of flight: aircraft weight and balance, ground operation and servicing, mathematics, maintenance forms and records, basic physics, maintenance publication, and mechanic privileges and limitation. Safety is stressed throughout the course. In addition, this course is a study of the methods and processes used in the production of an aircraft, including shop safety. The course includes fundamentals in the use of hand tools and power equipment, aircraft drawings, cleaning, corrosion control; and the processes used by the manufacturers for aircraft construction. *Five hours lecture, fifteen hours lab.*

AERO 102 10.0 Units
Airframe Maintenance I

Course Advisory: SCC minimum English standard. This course presents the application of fundamental methods, techniques, and practices used in aircraft inspection, maintenance, and repair. The course includes fundamentals of shop safety, wood structures, fabric covering, finishes, composite structures, plastics, sheet-metal structures, welding, assembly and rigging, and airframe inspection. *Five hours lecture, fifteen hours lab.*

AERO 103 10.0 Units
Aviation Maintenance Technician General II

Course Advisory: SCC minimum English standard. This course offers a study of fluid control systems and components with emphasis on design, maintainability, testing and system repair. The course includes the fundamentals of hydraulic fluids, fluid carrying lines and fittings, inspection, servicing and testing of pneumatic and hydraulic systems. The course also presents theory and application of direct and alternating current as related to aircraft electrical components and systems. *Five hours lecture, fifteen hours lab.*

AERO 105 10.0 Units
Airframe Maintenance II

Course Advisory: SCC minimum English standard. This course offers a detailed study of the fundamentals of fabrication, maintenance, and repair of aircraft airframe systems. The course includes study of all basic systems which include: landing gear, hydraulic, pneumatic, cabin atmospheric control, flight instrumentation, communication, navigation, fuel storage and delivery, ice and rain detection, prevention and removal as well as fire detection and protection systems. *Five hours lecture, fifteen hours lab.*

AERO 106 10.0 Units
Powerplant Maintenance I

Course Advisory: SCC minimum English and Math standards. This course is designed to acquaint the student with reciprocating engines. The course includes study in the fundamentals of basic engine design, types and materials of construction, nomenclature, repair, overhaul and servicing, maintainability and reliability concepts. *Five hours lecture, fifteen hours lab.*

AERO 107 10.0 Units
Powerplant Maintenance II

Course Advisory: SCC minimum English and Math standards. The course presents a study of the theory, operation, maintenance and repair of the turbine engine and related systems. It gives the student practical "hands on" experience that will satisfy future employment and FAA requirements. *Five hours lecture, fifteen hours lab.*

AERO 118 0.5 to 1.5 Units
FAA Airframe Test Review and Qualification

Course Advisory: SCC minimum English and Math standards. This course is to be taken during the final semester of a student's enrollment in the Aeronautics program. The course consists of a comprehensive oral, practical, and written examination of all material covered in the Airframe Program for the purpose of verifying the student's readiness to pass the Federal Aviation Administration Airframe Examinations. Students may take this course up to the maximum number of units over multiple semesters. This is an Open Entry / Open Exit course. *One and one-half to four and one-half hours lab.*

Aeronautics

AERO 119 0.5 to 1.5 Units

FAA Powerplant Test Review & Qualification

Course Advisory: SCC minimum English and Math standards.

This course is to be taken during the final semester of a student's enrollment in the Aeronautics program. The course consists of a comprehensive oral, practical, and written examination of all material covered in the Powerplant Program for the purpose of verifying the student's readiness to pass the Federal Aviation Administration Powerplant Examinations. Students may take this course up to the maximum number of units over multiple semesters. This is an Open Entry/Open Exit course. *One and one-half to four and one-half hours lab.*

AERO 150 0.5 to 1.5 Units

FAA Special Projects - Airframe Enhancement

Course Advisory: SCC minimum English and Math standards;

Any Solano College Aeronautics course (AERO 055-119); or

previous training/experience in aeronautics. This course is

designed to give Aeronautics students a chance to make up time lost for FAA certificate and/or to work on special projects required by FAA to bring students in line with new FAA FAR Part 66 requirements. Students may take this course up to the maximum number of units over multiple semesters. This is an Open Entry/Open Exit course. *One and one-half to four and one-half hours lab.*

AERO 151 0.5 to 1.5 Units

FAA Special Projects - Powerplant Enhancement

Course Advisory: SCC minimum English and Math standards.

This course is designed to give Aeronautics students a chance to make up time lost for FAA certificate and/or to work on special projects required by FAA to bring students in line with new FAA FAR Part 66 requirements. Students may take this course up to the maximum number of units over multiple semesters. This is an Open Entry/Open Exit course. *One and one-half to four and one-half hours lab.*

Air Conditioning and Refrigeration

ACR 100

3.0 Units

Air Conditioning and Refrigeration

Course Advisory: SCC minimum English standard. A study of compression systems, controls, refrigerants, various refrigeration systems, and commercial applications designed to develop the ability to understand and apply the basic principles required to maintain and service this type of specialized equipment. *Three hours lecture.*

ACR 101

3.0 Units

Air Conditioning and Refrigeration

Course Advisory: ACR 100; SCC minimum English standard. The maintenance and servicing of commercial air conditioning and refrigeration systems with the study of techniques applied to refrigerant handling, systems controls, and compression systems. *Three hours lecture.*

American Sign Language

ASL 001 3.0 Units
Deaf Culture in America

Advisory: SCC minimum English standard. This course introduces American Deaf Culture with historical and cultural overview of the American Deaf community and its language, American Sign Language (ASL). Fundamental sociological and anthropological theories will be discussed. Students will be given an opportunity to study and understand the following: minority group dynamics, attitudes and behavioral characteristics of the oppressed and oppressors, and the liberation movements. Analysis of the relationship of ASL to the history of the American Deaf community will be conducted. *Three hours lecture.*

ASL 046 3.0 Units
American Sign Language 1

Prerequisite: SCC minimum English standard. An introductory course to the culture and language of the deaf in this country. The course includes the acquisition of Fingerspelling skills and basic functional vocabulary of ASL. In addition to fluency in these two separate skills, the student will acquire basic knowledge of ASL syntax and nonverbal aspects of ASL, a history of the deaf in the country and deaf education, variations in Manual Communication, and the Culture of the Deaf. There will be both written and signed examinations, a research project, homework assignments, and individual examinations to demonstrate competency in both expressive and receptive ASL. Students will be expected to acquire a vocabulary of approximately 500 words (signs) and be proficient in Fingerspelling. *Formerly ENGL 046. Three hours lecture.*

ASL 047 3.0 Units
American Sign Language 2

Course Advisory: SCC minimum English standard. Emphasis is on vocabulary expansion, introduction to ASL idiomatic expressions and information regarding the ethics and process of becoming a sign language interpreter. Assessment of competency is accomplished through written and communicative examinations. Some interaction with the deaf population is required. *Formerly ENGL 047. Three hours lecture.*

ASL 050 3.0 Units
Deaf Education

Advisory: SCC minimum English standard. This course is designed to provide students with a general orientation to Deaf education. The course provides an overview of the historical, philosophical, and social aspects of Deaf education. In addition, an orientation to problems, issues, research, legislation, and current trends in the field of education of the Deaf and Hard-of-Hearing students is provided. *Three hours lecture.*

Anthropology

Associate in Arts in Anthropology for Transfer

Program Description

This program emphasizes the development and diversity of, and adaptations in, human behavior and biology. Students in this program may study a variety of anthropological subfields, including Physical, Cultural, and Archaeology. In addition to acting as a path for successful transfer to an institution offering a baccalaureate degree in Anthropology, the Associate in Arts in Anthropology for Transfer Degree provides students pursuing any baccalaureate degree with basic skills in critical analysis, application of the scientific method, and cross-cultural understanding.

Associate in Arts in Anthropology for Transfer Degree

Upon completion of the Associate in Arts in Anthropology for Transfer Degree, students will be prepared to transfer to a CSU undergraduate Anthropology program. The Associate in Arts in Anthropology for Transfer Degree will facilitate successful transfer to the CSU system, allowing students to complete baccalaureate degrees in a more timely fashion.

To earn the Associate in Arts in Anthropology for Transfer degree, students must:

1. Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements
 - b. A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

Program Outcomes

Students who complete the Associate in Arts in Anthropology for Transfer degree, will be able to:

1. Demonstrate an understanding of anthropology as a science, in particular with regard to major theories, methods, and applications.
2. Increase understanding of human biological and cultural diversity, and be able to discuss processes responsible for such variation.

REQUIRED COURSES.....	Units
ANTH 001 Physical Anthropology.....	3
ANTH 002 Cultural Anthropology	3
ANTH 007 Archaeology.....	3
Select four units from List A.....	4
Select three to five units from List B.....	3 - 5
Select three units from List C	3-5.5

Any List A or B course not already used	
COMM 012 Intercultural Communication.....	3
SOC 001 Introduction to Sociology	3
GEOG 002 Cultural Geography	3
Required Major Total units.....	19-23.5
CSU General Education or IGETC Pattern units.....	37-39
CSU Transferable Electives (as needed to reach 60 transferable units)*	5.5-21
Total Degree units.....	60

** 9-19 units may be double counted toward both the major area of emphasis and CSU General Education or IGETC Pattern. Consult with a counselor for more information on completing this degree.*

Anthropology

ANTH 001

3.0 Units

Physical Anthropology

Course Advisory: ENGL 001 with a minimum grade of C. This course is an introduction to the science of physical anthropology; covering the concepts, methods of inquiry, and scientific explanations of biological evolution and their application to the human species. Topics to be covered will include: the scientific method, genetics, principles and mechanisms of biological evolution, modern human variation and the race concept, biocultural adaptations, primate classification, comparative primate anatomy and behavior, and the fossil evidence for human evolution. C-ID ANTH 110. *Three hours lecture.*

ANTH 001L

1.5 Units

Physical Anthropology Laboratory

Prerequisite: ANTH 001 with a minimum grade of C (may enroll concurrently). *Course Advisory:* Eligibility for ENGL 001 and MATH 330. This introductory laboratory course is designed to familiarize students with the methods and materials of physical anthropology, and is intended to be a companion course to ANTH 001 (Physical Anthropology). This course provides hands-on experience with genetics exercises as well as the skeletal materials of modern humans, non-human primates, and fossil hominins. Other topics discussed include the scientific method, sources of biological variation (with special focus on variation in humans and non-human primates) and the forces of evolution, biological classification of the primates, and non-human primate behavior. *A field trip may be required. One-half hour lecture, three hours lab.*

ANTH 002

3.0 Units

Cultural Anthropology

Course Advisory: ENGL 001 with a minimum grade of C. This course is an introduction to the anthropological study of human culture; covering anthropological concepts such as fieldwork, holism, the comparative method, cultural relativism, the nature of culture and cultural identity, and research ethics. Topics will include: subsistence patterns, political organizations including social inequality, kinship and family, communication, supernatural belief systems, gender and sexuality, art, culture change including globalization, and applied anthropology. C-ID ANTH 120. *Three hours lecture.*

ANTH 007

3.0 Units

Archaeology

Course Advisory: ENGL 001 with a minimum grade of C. SCC minimum Math standards. An introduction to the study of the concepts, theories, methods, and data of archaeology that contribute to our knowledge of human cultures. The course includes a discussion of the nature of scientific inquiry; the history and interdisciplinary nature of archaeological research; dating techniques; methods of survey, excavation, analysis, and interpretation; cultural resource management; professional ethics; and selected cultural sequences. Several key archaeological sites will be covered and will serve to illustrate central archaeological theories and methods. C-ID ANTH 150. *Three hours lecture*

ANTH 049

2.0 Units

Anthropology Honors

Prerequisite: Completion of 24 units of college credit with a minimum GPA of 3.3; a minimum of 5 units in the discipline with a minimum grade of B; an ability to work independently; and permission of the School Dean based on instructor availability. Open to students qualified to do advanced work in the field. The program may include research, directed reading, field work, or other advanced study. *Six hours by arrangement.*

Art

Art - Two-Dimensional

Program Description

The Two-Dimensional Art program offers many high-quality courses in drawing, painting, printmaking and design. Students are prepared to transfer to a four-year institution, start an art-related career or engage in fields where creative problem-solving and critical thinking skills are necessary. By enrolling in the 2-D Art major, students will develop their artistic abilities, strengthen analytical skills, and improve their interpretive capabilities. Solano Art students develop multicultural visual literacy, exercising the skills necessary to create, analyze, apply and integrate diverse visual experiences. Students may select from several studio art programs: Art—Two-Dimensional; Art-Three-Dimensional; Graphic Arts; and Studio Arts for Transfer.

Students earning an Associates Degree in Art—Two-Dimensional will also qualify for the Studio Arts for Transfer Degree (AA-T). However, the Art—Two-Dimensional degree is more rigorous than the AA-T degree, and provides a deeper foundation for student artists.

Associate in Arts Degree

The Associate in Arts Degree can be obtained upon completion of 60 units, including the 29 to 30 units in the major for Art—Two-Dimensional, general education requirements, and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Art Two-Dimensional Associate Degree will be able to:

1. Analyze, apply and integrate diverse visual experiences.
2. Develop and articulate with proficiency an understanding of visual and multi-cultural literacy.
3. Work independently and cooperatively to solve creative problems, applying critical thinking skills.

REQUIRED COURSES.....Units	
Foundation Component.....	9

Art

Art - Three-Dimensional

Program Description

The Three-Dimensional Art program offers extensive training in sculpture, ceramics and creative problem solving. Students are prepared to pursue further study at four year institutions, pursue a career as a studio artist or succeed in any career pursuit where creative problem solving is paramount. The program features state-of-the-art facilities, experienced, dedicated and diverse faculty, student-centered learning, multi-cultural perspectives, visual literacy training and a commitment to the highest standards of excellence in education and community service. Students may select from several studio art programs: Art—Two-Dimensional; Art—Three-Dimensional; Graphic Arts; and Studio Arts for Transfer (AA-T). These programs are designed to develop visual skills in a variety of art media. Students completing the requirements for the associates degree in Art—Three-Dimensional will also meet requirements for the Studio Arts AA-T degree. Art—Three-Dimensional is a more rigorous program, giving student artists a deeper foundation for further study and artistic practice.

Associate in Arts

The Associate in Arts Degree can be obtained upon completion of 60 units, including the courses in the major for Art—Two-Dimensional or Art—Three-Dimensional, general education requirements, and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Art – Three Dimensional Associate Degree will be able to:

1. Analyze, apply and integrate diverse visual experiences.
2. Develop and articulate with proficiency an understanding of visual and multi-cultural literacy.
3. Work independently and cooperatively to solve creative problems, applying critical thinking skills.

Students must complete courses in all of the following components according to the listed requirements in each.

Art History

Program Description

This program provides the academic and practical experience to prepare students for a career, or further education at a four-year institution, in art history and related fields. By completing this program, students will also complete the requirements for the AA-T degree in Art History. However, this program is more rigorous than the AA-T degree, providing a broader foundation for the Art History student.

Associate in Arts Degree

The Associate in Arts Degree can be obtained by completing a total of 60 units, including the 24 units for the major, the general education requirements, and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Art History Associate Degree will be able to:

1. Analyze, apply and integrate diverse visual experiences.
2. Develop and articulate with proficiency an understanding of visual and multi-cultural literacy.
3. Work independently and cooperatively to solve creative problems, applying critical thinking skills.

Associate in Arts in Art History for Transfer (ADT: A.A.-T)

Program Description

This program provides the academic and practical experience to prepare students for a career, or further education at a four-year institution, in art history and related fields, such as museum studies, art education and administration. The Associate in Arts in Art History for Transfer provides the academic and practical experience to transfer into the CSU system to complete a baccalaureate degree that will prepare students for a career in the Art History industry.

Associate in Arts in Art History for Transfer

The Associate in Arts in Art History for Transfer degree is especially designed for students who plan to complete a bachelor's degree in Art History at a CSU campus. Students completing an Associate in Arts in Art History for Transfer degree are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that accepts the Associate in Arts in Art History for Transfer degree will be required to complete no more than 60 units after transfer to earn a bachelor's degree. The Associate in Arts in Art History for Transfer degree also prepares students for art history degree programs at CSU institutions, but does not come with the same guarantees. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

To earn the Associate in Arts in Art History for Transfer degree, students must:

1. Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements
 - b. A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

Program Outcomes

Students who complete the Associate in Arts in Art History for Transfer degree will be able to:

1. Analyze, apply and integrate diverse visual experiences.
2. Develop and articulate with proficiency an understanding of visual and multi-cultural literacy.
3. Work independently and cooperatively to solve creative problems, applying critical thinking skills.

Associate in Arts in Studio Arts for Transfer (ADT: A.A.-T)

Program Description

This program provides the academic and practical experience to prepare students for a career, or further education at a four-year institution, in studio art. The program is designed for students to develop visual skills in a variety of art media.

Associate in Arts in Studio Arts for Transfer

The Associate in Arts in Studio Arts for Transfer is especially designed for students who plan to complete a bachelor's degree in Studio Art at a CSU campus. Students completing an Associate in Arts for Transfer degree are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that accepts the A.A. degree for Transfer will be required to complete no more than 60 units after transfer to earn a bachelor's degree. This degree also prepares students for studio art programs at other four-year institutions, but does not come with the same guarantees. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

To earn the Associate in Arts in Studio Art for Transfer degree, students must:

1. Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements
 - b. A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

Program Outcomes

Students who complete the Associate in Arts in Studio Arts for Transfer degree will be able to:

1. Analyze, apply and integrate diverse visual experiences.
2. Develop and articulate with proficiency an understanding of visual and multi-cultural literacy.
3. Work independently and cooperatively to solve creative problems, applying critical thinking skills.

Art

ART 001 3.0 Units
Art History

Course Advisory: Eligibility for ENGL 001. Explores the history of art in the Western World from the Paleolithic era through the Middle Ages. Focuses on the interrelation of art and culture, with a comparative study of select works of non-Western art. *Field trip may be required. Three hours lecture.*

ART 002 3.0 Units
Art History

Course Advisory: Eligibility for ENGL 001. Explores the history of Western Art through a critical analysis of Renaissance art through Post-Modern art. Students will examine the connection between art and culture, and evaluate the historic, religious, and political influences on the artistic choices of diverse men and women of art history from the 15th century to today. *Field trip may be required. C-ID ARTH 120. Three hours lecture.*

ART 003A 3.0 Units
Arts of Asia

Course Advisory: English 001 and SCC minimum MATH standard. This course provides a survey of art and architecture from India, Southeast Asia, China, Korea, and Japan from pre-history to modern times. C-ID ARTH 130. *Three hours lecture.*

ART 003B 3.0 Units
Arts of Africa, Oceania, and the Americas

Course Advisory: English 001 and SCC minimum MATH standard. This course is a survey of the arts and architecture of Africa, Oceania, and the Americas, with an emphasis on traditional arts and practices. This course will also address issues related to the scholarship and display of these arts in the Western world. C-ID ARTH 140. *Three hours lecture.*

ART 004 3.0 Units
Life Drawing

Course Advisory: SCC minimum English standard. A study of the human figure in action and repose using a variety of drawing materials and approaches. Students work directly from the live model to develop skills using assignments which include gesture, line drawings, tone studies and the use of color. The student submits a midterm and final portfolio for evaluation. *Field trip may be required. Two hours lecture, four hours lab.*

ART 005 3.0 Units
Life Drawing - Intermediate

Prerequisite: ART 004 with a minimum grade of C. The continued study of the human figure with more advanced problems in drawing and composition. Following initial review, the student may choose an individual program of study with the approval of the instructor. *Field trip may be required. Two hours lecture, four hours lab.*

ART 006 3.0 Units
Design Principles In 2-Dimensions

Course Advisory: SCC minimum English standard. A fundamental study of visual elements and principles of design for production of art images in 2-Dimensions using various materials in black and white. Design formats developed from historic and esthetic precepts are employed to investigate the relationship of form and content. *Field trip may be required. C-ID ARTS 100. Two hours lecture, four hours lab.*

ART 007 3.0 Units
Design-Color

Course Advisory: SCC minimum English standard. A study of the principles of additive and subtractive color in two dimensions. Various theories of color will be studied including those of Albers and Ittens. Reference to the use of color in the dominant styles of art history will be made. Students will produce a portfolio of projects in applied color and the elements of design. *Field trip may be required. C-ID ARTS 270. Two hours lecture, four hours lab.*

ART 008 3.0 Units
Design Principles In 3-Dimensions

Course Advisory: SCC minimum English standard. The fundamental study of visual elements and principles of design for production of art objects in three dimensions using various sculpture materials and methods. Design formats developed from historic and esthetic precepts are employed to investigate the relationships of form and content. *Field trip may be required. C-ID ARTS 101. Two hours lecture, four hours lab.*

ART 010 3.0 Units
Art Appreciation

Course Advisory: Eligibility for English 001. An introductory course examining the cultural, universal, and personal factors influencing the making and viewing of art. Includes a study of style, composition, materials and techniques used in the creation of art from disparate cultures and periods of history. *Field trip may be required. Three hours lecture.*

Art

ART 011 3.0 Units
Survey of Modern Art

Course Advisory: English 001. A study of the art and architecture of the major modern movements and artists from the 19th century and 20th centuries. Analysis of subject, form and content of paintings, photography and sculpture in lecture and audio visual presentation. Classes supplemented by field trips to current exhibitions. Written examinations and paper required. Field trip may be required. *Three hours lecture.*

ART 012 3.0 Units
Inside/Outside: The Cultures and Identities of Visual Artists in a Diverse America.

Course Advisory: English 001. An art survey course that examines and assesses three or more groups of culturally diverse artists, art organizations and support structures. Explores art issues related to social and historical trends in the U.S., including ways in which art may reflect and shape American attitudes towards identity (ethnic, gender, sexual, intersectional), culture and discrimination. *Field trip may be required. Three hours lecture.*

ART 014 3.0 Units
Introduction To Drawing

Course Advisory: SCC minimum English standard. A study of drawing as a means of expression with emphasis on the potential variety of forms and materials available to the artist. Students will create representational and abstract drawings from still life, the figure, nature and imagination. Observational drawing skills and technical skills will be developed. *Field trip may be required. Two hours lecture, four hours lab.*

ART 015 3.0 Units
Intermediate Drawing

Course Advisory: ART 014; SCC minimum English and Math standards. A basic drawing class which develops the concepts introduced in ART 014 on a more advanced level. Problems in observation and imagination and the translation of these experiences into graphic terms by exploration of line, shape, mass, space, texture, and light and shadow. Emphasis on composition and the development of a personal approach to drawing. Students will be required to submit a portfolio of assignments. *Field trip may be required. C-ID ARTS 205. Two hours lecture, four hours lab.*

ART 015B 3.0 Units
Collage and Assemblage

Course Advisory: SCC minimum English standard. Explores the making of 2D and 3D collages and assemblages in a variety of media. Addresses the history and prevalence of collage thinking as an approach to art making while integrating traditional drawing and painting skills. *Field trip may be required. Two hours lecture, four hours lab.*

ART 015C 3.0 Units
Book Making

Course Advisory: SCC minimum English and Math standards. Explores book making in a variety of formats. Discussion of the history and development of the book is included. Students will make several books: Classic signature book bound between boards, side bound books and a variety of artist's books including altered books, boxed books, and 3 dimensional book structures like accordion books and pop-up books. *Field trip may be required. Two hours lecture, four hours lab.*

ART 016 3.0 Units
Beginning Painting

Course Advisory: ART 014; SCC minimum English standard. Introduction to techniques and materials of painting in acrylic or oil. Designed for the student with limited experience in painting, this course includes color theory, composition, exposure to a variety of subject matters, and the development of skills for individual expression. *Field trip may be required. Two hours lecture, four hours lab.*

ART 017 3.0 Units
Intermediate Painting: Acrylic and Oil

Course Advisory: SCC minimum English standard, ART 016. A study of acrylic and oil painting techniques focusing on use of color, the medium and composition. A series of painting assignments designed to develop skills in both media. *Field trip may be required. Two hours lecture, four hours lab.*

ART 018 3.0 Units
Advanced Intermediate Painting: Acrylic and Oil

Prerequisite: ART 017 with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. A study of color, composition and technique in oil or acrylic painting on an intermediate level. Students may choose to build on assignments from ART 017 or develop an outline of semester assignments appropriate to their interests and skill needs. *Field trip may be required. Two hours lecture, four hours lab.*

Art

ART 019 **3.0 Units**
Figure Painting
Course Advisory: SCC minimum English standard. ART 016. A study of the human figure using a variety of painting techniques and approaches. Students work directly from the live model to develop skills in rendering and expression. Assignments include long and short observational paintings which will afford skill development in materials handling as well as compositional and thematic developments. *Field trip may be required. Two hours lecture, four hours lab.*

ART 019B **3.0 Units**
Clothed Figure
Course Advisory: SCC minimum English standard. Course emphasis is on understanding the various properties of clothing and drapery, as used with the figure in painting and drawing. Gesture, proportion, form and color will be studied in relation to the clothed figure. Projects will include a variety of costume statements including fashion, sport, fantasy or science fiction and theatre costume. *Field trip may be required. Two hours lecture, four hours lab.*

ART 020 **2.0 or 3.0 Units**
Landscape Drawing And Painting - Reflections Of Nature
Course Advisory: SCC minimum English and Math standards. This drawing and painting class will focus on the outdoors as subject matter. Frequent field trips and class exercises will introduce and expand the student's awareness and observational skills of the environment, in the tradition of Natural History as well as plein air (outdoor) art making. The student will reflect and translate these experiences into graphic terms using various media while considering line, shape, mass, space, texture, light, color and shadow. The student will focus on composition and content while developing a personal understanding of the environment. Keeping a written and visual journal will also be a component of this class. This course will examine the interrelationships of humans and their surroundings, and the esthetic choices available with which to communicate our responses. This class will consist of regular field trips during class meetings as well as some weekend outings. Films, special lectures, various projects and assignments as well as consideration for weather conditions will make up the remaining time in the studio. *Students who wish to transfer must enroll in the 3-unit section. One to two hours lecture, three to four hours lab.*

ART 021 **3.0 Units**
Watercolor
Course Advisory: SCC minimum English standard. An introduction to the materials and techniques of transparent watercolor. Course includes basic composition, color study and an exploration of materials. Lectures, demonstrations and field study will supplement class assignments. *Field trip may be required. Two hours lecture, four hours lab.*

ART 022 **3.0 Units**
Watercolor - Intermediate
Prerequisite: ART 021 with a minimum grade of C. *Course Advisory: SCC minimum English standard.* A continuation of the study of basic watercolor techniques with emphasis on a more individual approach to the medium. The student and instructor develop a course of study that will focus on needs in the areas of skills and self-expression. *Field trip may be required. Two hours lecture, four hours lab.*

ART 023 **3.0 Units**
Introduction to Ceramics: Hand Building
Course Advisory: SCC minimum English standard. Covers basic construction methods of hand building and finishing pottery. Emphasis on form, craftsmanship and creativity. Building methods include pinch technique, coil building, and slab construction. Surface techniques include texture, stencil, slip, relief, stain, and glaze. Non-traditional construction and surface techniques will also be covered. *Field trip may be required. Two hours lecture, four hours lab.*

ART 024 **3.0 Units**
Intermediate Ceramics: Hand Building
Prerequisite: ART 023 with a minimum grade of C. *Course Advisory: SCC minimum English standard.* Continuation of ART 023 with emphasis on expanding skills, experimentation, design, craftsmanship, and creativity. Application of basic techniques to create finished art forms. *Field trip may be required. Two hours lecture, four hours lab.*

ART 025 **3.0 Units**
Ceramic Design And Decoration: Hand Building Methods
Prerequisite: ART 024 with a minimum grade of C. *Course Advisory: SCC minimum English standard.* Emphasizes ceramic design problem-solving. Emphasis on creativity, design, honing skills, craftsmanship and experimentation. Ceramic art of the past as well as contemporary art is discussed. Loading and firing kilns, formulating glazes and mixing clay bodies are also covered. Builds on fundamental skills covered in Art 023 and Art 024. *Field trip may be required. Two hours lecture, Four hours lab.*

Art

ART 026 3.0 Units
Introduction to Ceramics: Wheel Throwing Techniques

Course Advisory: SCC minimum English standard.

Introduction to basic wheel throwing techniques.

Emphasis on form, craftsmanship, and creativity. Surface techniques include texture, stencil, slip, relief, stain, and glaze. Non-traditional construction and surface techniques will also be covered. *Two hours lecture, four hours lab.*

ART 027 3.0 Units
Intermediate Ceramics: Wheel Throwing Techniques

Prerequisite: ART 026 with a minimum grade of C. Course

Advisory: SCC minimum English standard. Continuation

of ART 026 with emphasis on expanding skills,

experimentation, design, craftsmanship, and creativity.

Application of basic techniques to create finished art forms.

Field trip may be required. Two hours lecture, four hours lab.

ART 028 3.0 Units
Ceramic Design: Wheel Throwing Techniques

Prerequisite: ART 027 with a minimum grade of C. Course

Advisory: SCC minimum English standard. Emphasizes

ceramic design problem-solving. Emphasis on

creativity, design, honing skills, craftsmanship and

experimentation. Ceramic art of the past as well as

contemporary art is discussed. Loading and firing kilns,

formulating glazes and mixing clay bodies are also covered.

Builds on fundamental skills covered in ART 026 and ART

027. *Field trip may be required. Two hours lecture, four hours*

lab.

ART 029 2.0 or 3.0 Units
Raku Pottery

Course Advisory: SCC minimum English standard. ART 023 or

ART 026 (one college level ceramics course). Covers the ancient

and contemporary art of Raku. Topics include techniques

of forming clay, the formulation of clay bodies and glazes

for Raku, kiln construction, firing, post firing, Eastern and

Western aesthetics, and the history of Raku. The course will

not cover basic ceramic construction techniques. Students

should already be familiar with basic hand building or

wheel throwing techniques. *Field trip may be required.*

Students who wish to transfer must enroll in the 3-unit section.

One to two hours lecture, three to four hours lab.

ART 030A 2.0 or 3.0 Units
Architectural Ceramics, Murals and Tiles

Course Advisory: SCC minimum English standard. ART 023 or

ART 026 (one college level ceramics course). This course will

investigate the history, contemporary examples, materials,

techniques and the vast range of artistic expression possible

in architectural ceramics, ceramic murals and tiles. The

course will not cover basic ceramic construction techniques.

Students should already be familiar with basic hand

building or wheel throwing techniques. Student should

expect to incur materials and equipment costs typical of

a studio art course. *Field trips may be required in this course.*

Students who wish to transfer must enroll in the 3-unit section.

One to two hours lecture, three to four hours lab.

ART 030B 3.0 Units
Mural Painting: History, Community, Practice

Course Advisory: ENGL 001 and SCC minimum Math

Standard. This course explores the cultural history of mural

painting as well as the social and political issues related

to the creation and public reception of mural paintings.

Students will apply aesthetic as well as conceptual analyses

to the design and creation of a full-scale mural. Through

both study and practice, students will consider the

importance of the community in the mural-making process.

Course requires field trips. Students will travel to view murals in

the Bay Area. Murals may be painted at a site off-campus. Four

hours lecture, eight hours lab (8-week course).

ART 031 3.0 Units
Sculpture

Course Advisory: SCC minimum English standard.

Introduction to sculpture methods and materials. Emphasis

on principles of three dimensional design and the

interrelationship of form, content and context. Sculpture

methods to be covered include modeling, mold making,

welding, assemblage, and construction with a variety of

materials. Various sculpture methods are practiced with

attention to creative self-expression and historical context.

Field trip may be required. Two hours lecture, four hours lab.

ART 032 3.0 Units
Sculpture: Human Figure

Course Advisory: SCC minimum English standard. Study of

the human form in sculpture. Students will create both

realistic and abstract sculpture of the human form in a

variety of materials. *Field trip may be required. Two hours*

lecture, four hours lab.

Art

ART 033 3.0 Units
Intermediate Sculpture

Prerequisite: A minimum grade of C in ART 031, ART 032 or ART 034. Course Advisory: SCC minimum English standard. Further development of concepts and skills presented in ART 031 and ART 032. Emphasis is placed on individual expression. A variety of materials, methods, and sculptural concepts are explored. *Field trip may be required. Two hours lecture, four hours lab.*

ART 034 3.0 Units
Ceramic Sculpture

Course Advisory: SCC minimum English standard. Introduction to basic sculpture concepts, materials, and approaches with an emphasis on ceramics. Subjects to be covered include: Historic and contemporary approaches to ceramic sculpture, slab construction, coil building, mold making, extruded fabrication, modeling from the figure, introduction to ceramic color, characteristics and limitations of ceramic materials. *Field trip may be required. Two hours lecture, four hours lab.*

ART 035A 3.0 Units
Introduction to Wood-Fired Ceramics

Course Advisory: SCC minimum English and Math standards. Covers the ancient and contemporary art of wood-fired ceramics. Topics include techniques of forming clay, the formulating of clay bodies and glazes for wood fire, kiln construction, wood firing techniques, Eastern and Western aesthetics and the history of wood-fired ceramics. The course will not cover basic ceramic construction techniques. Students should already be familiar with basic hand building or wheel throwing techniques. *Two hours lecture, four hours lab.*

ART 036 2.0 or 3.0 Units
Ceramics Surfaces - Drawing and Painting on Clay

Course Advisory: SCC minimum English and Math standards. This course in ceramic surface design will explore the vast range of artistic expression possible with ceramic slips, stains, glazes and firing techniques at low, medium and high temperature ranges. The course will not cover basic ceramic construction techniques. Students should already be familiar with basic hand building or wheel throwing techniques. *Field trip may be required. Students who wish to transfer must enroll in the 3-unit section. One to two hours lecture, three to four hours lab.*

ART 037 2.0 or 3.0 Units
Clay and Glazes for the Ceramic Artist

Prerequisite: A minimum grade of C or equivalent in either ART 023 or 026. Course Advisory: SCC minimum English and Math standards. Covers and investigates the theoretical and practical aspects of clay and glaze formulation. Topics covered include: Clay/glaze fit, glaze calculation, testing strategies, the development of color, the development of texture, kiln types, kiln temperatures and kiln atmosphere. *Field trip may be required. Students who wish to transfer must enroll in the 3-unit section. One to two hours lecture, three to four hours lab.*

ART 038 3.0 Units
Introduction to Printmaking

Course Advisory: SCC minimum English and Math standards. Explores traditional and contemporary approaches to etching (Intaglio), lithography, relief (woodcut and linoleum) and screen printing. Digital and new methods of photographic printmaking are discussed and demonstrated. This course is project oriented to enable the student to develop a portfolio of completed works in various mediums. *Field trip may be required. Two hours lecture, four hours lab.*

ART 039 3.0 Units
Etching and Engraving: Line Techniques

Course Advisory: SCC minimum English standard. Covers history and techniques of line etching and engraving, including dry point, sugar lift line etching, and soft ground line variations. The student is expected to produce matted prints of completed projects. *Field trip may be required. Two hours lecture, four hours lab.*

ART 040 3.0 Units
Etching and Engraving: Tone

Course Advisory: SCC minimum English standard. Includes etching and engraving techniques such as aquatint, featherbiting, spit bite, and soft ground which produce tones that have gray and black areas defining line etchings. The student will prepare a portfolio of completed projects. *Field trip may be required. Two hours lecture, four hours lab.*

ART 041 3.0 Units
Etching and Engraving: Color

Course Advisory: SCC minimum English and Math standards. Includes etching and engraving techniques and their history, including the use of multiple plates for each color used on the key plate. Some color plate methods covered include a la poupee, monotype, chine colle, color rollings, and viscosity printing. The student will prepare a portfolio of completed projects. *Field trip may be required. Two hours lecture, four hours lab.*

Art

ART 042 3.0 Units
Screen Printing

Course Advisory: SCC minimum English and Math standards. Screen printing techniques from paper stencils and pochoir to photographic and digital processes. Students are expected to develop a portfolio of prints that emphasizes the exploration of personal content while employing advanced screen techniques and related digital processes. The course will consist of studio production, lectures on contemporary and historical screen printing, demonstrations and critiques. *Field trip may be required. Two hours lecture, four hours lab.*

ART 042A 3.0 Units
Commercial Screen Printing

An introduction to the screen-printing process. Students will participate in the various functions of a design studio. They will produce artwork; select mesh, frames, and stencil systems; and select inks and substrates based on printing techniques. A combination of laboratory applications and theory will provide the foundation for this course. Acquisition of technical skills through the actual production of screen-printed products is a major goal of this course. Tee shirts, reusable shopping bags and aprons will be some of the merchandise the class will design and print for the Solano College community. This course is offered in conjunction with a certificate program. *Two hours lecture, four hours lab.*

ART 043 3.0 Units
Print Making: Relief Printing, Including Woodcut

Course Advisory: SCC minimum English and Math Standards. A general introduction to printmaking - the history, development, techniques, and processes. Emphasis is on an in-depth study and application of various relief methods (embossing, collagraph, linoleum cut, woodcut, and non-traditional methods) along with an investigation of relevant image source and development. *Field trip may be required. Two hours lecture, four hours lab.*

ART 045A 3.0 Units
Graphic Design I

Provides fundamental background for terminal and transfer students planning to enter the graphic design field. Instruction in the professional use of design, lettering, and illustration through solution of visual communication problems. *(Formerly ART 056) Two hours lecture, four hours lab.*

ART 045B 3.0 Units
Graphic Design II

Prerequisite: ART 045A with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. Computer design and production methods for print and digital mediums using Adobe and other software programs for layout, illustration, typography, and animation. Graphic design principles are stressed. *(Formerly ART 057) Two hours lecture, four hours lab.*

ART 045C 3.0 Units
Typography

Course Advisory: English 001 with a minimum grade of C. Typography fundamentals course covering the history, theory and study of letterforms and type design, using both traditional and digital media. Studies will include typographic characteristics, the relationship between type and image, principles of legibility, visual hierarchy, and grid systems. *Field trip may be required. Two hours lecture, four hours lab.*

ART 046 3.0 Units
Illustration I

Course Advisory: SCC minimum English standard. Problems in design and rendering of illustration for print and film media. Projects may include illustrations for books, magazines, advertising and film. *Field trip may be required. Two hours lecture, four hours lab.*

ART 046C 3.0 Units
Illustration II

Prerequisite: ART 046 with a minimum grade of C or equivalent as determined by portfolio review. Course Advisory: SCC minimum English standard. Studio illustration conception, production and finish. Students will execute illustration projects using professional procedures and equipment. Emphasis is on student creative and technical development. Written papers and portfolio review required. *Two hours lecture, four hours lab.*

ART 047 3.0 Units
Introduction to Animation

Prerequisite: SCC Minimum Math and English standards. This course will introduce students to the art of animation, and will cover its history and evolution. Student projects will facilitate and require the further development of visual literacy, esthetic principles, and critical thinking skills. Interactivity, the study of motion and linear and non-linear narrative structures will be explored. Students will gain an understanding of how animation can be used as an effective tool for storytelling, and will gain experience through group and individual animation projects. Offers an in-depth study of animation and interactive work using industry standard animation software. *Two hours lecture, four hours lab.*

Art

ART 049**1.0 to 3.0 Units****Art Honors**

Prerequisite: Completion of 24 units of college credit with a minimum GPA of 3.3; a minimum of 5 units in the discipline with a grade of 'B' or better; an ability to work independently and permission of the School Dean based on instructor availability.

An independent study course designed for sophomores or students who have taken many of the basic classes and wish to continue work with an instructor in a specialized area. The student works by arrangement with the instructor on an outlined program of study. Students may take this course up to the maximum number of units over multiple semesters. *Three to nine hours by arrangement.*

ART 060**1.0 to 3.0 Units****Exhibition Design**

Course Advisory: Eligibility for English 001. Provides fundamentals of designing exhibitions in gallery, museum, and alternative spaces. Students will gain experience developing exhibitions for the Herger Gallery (Fairfield Campus) and Centers. Topics covered include selection, design and installation of exhibitions; defining the mission of a gallery; public relations; and career opportunities. *Field trip may be required. One to three hours lecture.*

ART 064**3.0 Units****Monotype/Monoprint**

Course Advisory: SCC minimum English and Math standards. This course will focus on the unique print. Study will include history and development of this form in relation to print tradition. Development of press skills in single-drop and multi-drop printing is required. A portfolio of printing techniques including direct, indirect and combination prints will be required. *Field trip may be required. Two hours lecture, four hours lab.*

ART 074**2.0 or 3.0 Units****Kiln Design and Operation**

Course Advisory: SCC minimum English and Math standards. ART 023 or ART 023 (one college level ceramics course). This course in kiln design and operation will investigate the vast range of kiln designs, their operation and the opportunities each offers for artistic expression. Kiln designs covered will include natural gas, propane, electric, raku, salt, wood, and alternative kilns. Students will be able to determine which kilns and which firing strategies are best suited to their current artistic vision. The course will not cover basic ceramic construction techniques. Students should already be familiar with basic hand building or wheel throwing techniques. *Field trips may be required. Students who wish to transfer must enroll in the 3-unit section. One to two hours lecture, three to four hours lab.*

ART 075**2.0 or 3.0 Units****Art Studio Concepts**

Course Advisory: SCC minimum English standard. Intensive study in visual arts studio. Exposure to contemporary art directions, trends and selected topics. Different studio problems will be investigated each semester. Field trips may be required. *Students who wish to transfer must enroll in the 3-unit section. One to two hours lecture, three to four hours lab.*

ART 076A**3.0 Units****Portfolio Development - Artistic Inquiry**

Course Advisory: SCC minimum English standard. This is an advanced course designed to serve the student in the preparation of a professional fine art portfolio consisting of a body or series of work. Emphasis is placed on 1) individual expression of an artistic vision 2) idea development 3) artistic inquiry 4) setting and meeting artistic goals and timelines for the production of a body or series of work. For this course the student should have the necessary skills, art making experience and motivation to work independently, with expert consultation by the instructor, on developing a coherent body of work. This course is the first in a two part course offering completed by Portfolio Development - Documentation. Student should expect to incur materials and equipment costs typical of a studio art course. *Field trip may be required. Two hours lecture, four hours lab.*

ART 076B**3.0 Units****Portfolio Development: Documentation**

Course Advisory: SCC minimum English standard. This is an advanced course designed to serve the student in the preparation of a professional fine art portfolio consisting of a body or series of work. Emphasis is placed on 1) individual expression of an artistic vision 2) professional quality documentation and presentation of artwork and 3) capacity to communicate both verbally and in writing about artwork produced. For this course the student should have the necessary skills, art making experience and motivation to work independently, with expert consultation by the instructor, on developing a coherent body of work. This course is the second in a two part course offering following Portfolio Development - Artistic Inquiry. Student should expect to incur materials and equipment costs typical of a studio art course. *Field trip may be required. Two hours lecture, four hours lab.*

Art

ART 077A 3.0 Units
Professional Practices for Artists

Course Advisory: SCC minimum English standard. This course is designed to provide the skills and information to serve the student in developing a professional art career. Topics include: How to approach galleries, institutions, universities, art schools, and potential employers. Techniques for promoting art for employment or transfer to four year schools, portfolio preparation, resume writing, artist statement and biography composition, sales and pricing of art, business basics, entrepreneurship, public relations, art on the internet, planning and goal setting, contracts, taxes, grant getting, display, shipping, sustaining creativity. Evaluation of marketing and promotional concepts. Recommended for all art and design majors seeking to become professionals. *Field trips may be required. Three hours lecture.*

ART 077B 3.0 Units
Art on Site

Course Advisory: SCC minimum English standard. Art on Site is a movable feast. We will visit artists, gallery owners, museum curators and art administrators on site, at their studios, galleries museums and offices. This will be a forum for students to hear first hand from artists, arts scholars and other art professionals discussing and contextualizing their work within the contemporary art field. Includes multiple lecturers by visitors and additional class lectures providing further context. Exposure to contemporary art directions, trends and job markets. *This course requires extensive field trips to destinations in the greater Sacramento area and Bay Area. Three hours lecture.*

ART 100 2.0 or 3.0 Units
Color and Mixed Media Drawing

Course Advisory: SCC minimum English standard. Course focuses on the use of a variety of drawing materials and techniques with special attention to color theory. Lectures, demonstrations and field study will supplement class assignments. *Field trip may be required. One to two hours lecture, three to four hours lab.*

ART 145 2.0 or 3.0 Units
Portrait Drawing and Painting

Course Advisory: ART 014. A multi-faceted course addressing the representation of likeness portrait study. Includes anatomy and work with live models, self-portraits and portraits of others. Issues of gender, ethnic identity, youth and aging, stereotyping and caricature will be presented in historical and contemporary contexts. Portrait work will be explored in a variety of stylistic formats from observational likeness to expressionistic images to symbolic portraits. Work in a variety of media is required. *Field trip may be required. One to two hours lecture, three to four hours lab.*

Astronomy

ASTR 010

3.0 Units

General Astronomy

Course Advisory: Eligibility for English 001; SCC minimum Math standard. An introductory study of the universe, including the properties and evolution of galaxies, stars, pulsars, black holes, quasars, the sun, planets, and life in the universe. Field trip may be required. Three hours lecture.

ASTR 020

1.0 Units

Astronomy Laboratory

Prerequisite: ASTR 010, 030, or 040 (courses may be taken concurrently). Course Advisory: SCC minimum English and Math standards. Students will gain familiarity with the sky, telescopes, and other astronomical equipment. They will do experiments in Physics related to Astronomy. Topics will cover the moon, planets, stars, galaxies, and cosmology. Field trips may be required. Three hours lab.

ASTR 030

3.0 Units

The Solar System

Course Advisory: Eligibility for English 001; SCC minimum Math standard. An introductory study of solar system astronomy, the physics related to that astronomy, the planets and their moons, the sun, solar system debris, and the possibility of extraterrestrial life. Field trips may be required. Three hours lecture.

ASTR 040

3.0 Units

Stars, Galaxies, and Cosmology

Course Advisory: Eligibility for English 001; SCC minimum Math standard. An introductory study of stars, galaxies, the universe, and the physics related to these topics. This includes an examination of the facts relating to the sun, stellar lifetimes, supernovae, black holes, and cosmology. Field trip may be required. Three hours lecture.

Automotive

Automotive Body and Repair

Program Description

This program is designed to prepare the student for employment as a body repair and paint apprentice in privately owned repair shops or automotive dealerships. A student could be self-employed from the training after completing the program.

Certificate of Achievement and Associate Degree in Science

A Certificate of Achievement can be obtained by completing the 46-unit major below. The Associate in Science Degree can be obtained by completing 67 units, including the major and the general education requirements. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Automotive Body and Repair Certificate of Achievement/ Associate Degree will be able to:

1. Demonstrate knowledge of metal joining and straightening methods.
2. Inspect, remove, install, align panels, doors and trim to meet shop standards.
3. Determine type of paint; plan refinishing system; remove, prepare, seal and mask; apply coatings to vehicle.
4. Demonstrate correct use of chemicals within the shop environment.
5. Work safely and responsibly within all safety and environmental guideline standards for a shop.
6. Identify and strategize career plans for employment in the auto collision field.

REQUIRED COURSES.....Units

AUTB 100 Fundamentals of Auto Body Repair.....	10
AUTB 101 Spray Paint Theory and Techniques	10
AUTB 102 Automotive Body Panels and Frame Straightening.....	10
AUTB 103 Advanced Auto Body Repair and Painting..	10
IT 140 Industrial Materials.....	3
IT 150 Industrial Processes	3
Total units	46

Recommended Electives

BUS 005 Introduction to Business
DRFT 079 Blueprint Reading
IT 110 Modern Welding
OCED 070 Occupational Soft Skills
OCED 090 Occupational Work Experience
OCED 091 General Work Experience

Some courses may not be offered. Please contact the Dean of Applied Technology and Business for alternate courses if necessary.

This is a Gainful Employment Program. For additional information, please visit http://www.solano.edu/gainful_employment/ and select "Automotive Body & Repair."

Automotive

Automotive Technician

Program Description

This program is designed to prepare graduates for entry level employment in the automotive industry as apprentice technicians, parts specialists, service consultants, or specialists in one of the many areas in the automotive service and repair industry.

Associate in Science Degree

The Associate in Science Degree can be obtained upon completion of 66 units, including the major, and the general education requirements. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Associate Degree will be technically proficient in entry level skills as defined by the National Automotive Technician's Education Foundation (NATEF) by demonstrating:

1. Completion of 85 percent of the tasks established by NATEF for the Master Automobile Service Technology Certification.
2. Proper service and repair procedures of the following systems:
 - Engine Repair
 - Light Duty Hybrid/Electric Vehicle
 - Automatic Transaxles/Transmissions
 - Manual Drivetrain
 - Suspension, Steering and Alignment
 - Brakes
 - Electrical/Electronic Systems
 - Heating and Air Conditioning
 - Engine Performance
3. Proper safety procedures and techniques.
4. Efficient oral and written communication.
5. The ability to apply fundamental automotive technology principles.
6. Skills for successful employment in the field of Automotive Service and Repair
7. Appropriate methods for hazardous waste handling and disposal.

REQUIRED COURSES.....	Units
ATEC 070 Automotive Fundamentals	3
ATEC 130 Automotive Suspension and Steering	4
ATEC 131 Automotive Electrical Systems	4
ATEC 132 Automotive Brake Systems	4
ATEC 133 Automotive Engine Repair.....	4
ATEC 134 Automatic Transmissions/Transaxles	4

Automotive

Automotive Automatic Transmissions and Transaxles

Program Description

This program is designed to prepare graduates for entry level employment in the automotive industry as an Automatic Transmission/Transaxle Service/Repair Technician.

Certificate of Achievement

A Certificate of Achievement in Automatic Transmissions and Transaxles can be obtained by completing the 15-unit automotive major. All courses must be completed with a minimum grade of C or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Certificate of Achievement in Automatic Transmissions and Transaxles shall have demonstrated and practiced:

1. 85% of all Master Automobile Service Technology (MAST) P1, P2, and P3 (priority level) Automatic Transmission and Transaxle tasks in accordance with the 2013 National Automotive Technicians Education Foundation (NATEF) automotive training program accreditation standards for the Automatic Transmission and Transaxle Technician A2 Certification.

REQUIRED COURSES.....	Units
ATEC 070 Automotive Fundamentals	3
ATEC 131 Automotive Electrical Systems	4
ATEC 134 Automatic Transmissions/Transaxles	4
ATEC 138 Automotive Electronics.....	4
Total Units	15

Automotive

Automotive Electrical and Body Systems

Program Description

This program is designed to prepare graduates for entry level employment in the automotive industry as an Automotive Electrical/Electronics Service/Repair Technician.

Certificate of Achievement

A Certificate of Achievement in Automotive Electrical and Body Systems can be obtained by completing the 17-unit automotive major. All courses must be completed with a minimum grade of C or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Certificate of Achievement in Automotive Electrical and Body Systems shall have demonstrated and practiced:

1. 85% of all Master Automobile Service Technology (MAST) P1, P2, and P3 (priority level) Electrical/electronic Systems tasks in accordance with the 2013 National Automotive Technicians Education Foundation (NATEF) automotive training program accreditation standards for the Electrical/Electronic Technical A6 Certification.

ATEC 138 Automotive Electronics.....	4
ATEC 140 Hybrid Vehicle Maintenance and Repair	2
Total Units	17

Automotive

ATEC 070

3.0 Units

Automotive Fundamentals

Course Advisory: SCC minimum English and Math standards. This course serves as the pre-requisite for all automotive technology certificate and/or degree applicable courses and provides the knowledge and skills needed to prepare students for entry into the automotive core curriculum. The study of automotive industry fundamentals including careers; safety; fasteners; hand tool identification and usage; vehicle systems; electrical fundamentals; service information access and use; automotive chemical and fluid applications; hazardous waste handling; general shop equipment usage, and vehicle servicing. The course is designed in conjunction with Automotive Service Excellence (ASE) standards and subsequently will in part prepare the student for the ASE Maintenance and Light Repair G1 Certification Examination. *Two hours lecture, three hours lab.*

ATEC 130

4.0 Units

Automotive Suspension and Steering

Prerequisite: ATEC 070 with a minimum grade of C (may be taken concurrently). Course Advisory: ATEC 131, and SCC minimum English and Math standard. The study of automotive suspension and steering fundamentals including: diagnosis, inspection, repair, and adjustment of modern automotive steering, suspension, supplemental restraint, tire pressure monitoring, and alignment systems. Theory of operation, common automotive steering and suspension systems, wheel alignment principles, methods of diagnosis, adjustment and repair, and the use of suspension service equipment will be covered. The course is designed in conjunction with Automotive Service Excellence (ASE) standards and subsequently will in part prepare the student for the ASE Suspension and Steering A4 Certification Examination. *Two hours lecture, six hours lab.*

ATEC 131

4.0 Units

Automotive Electrical Systems

Prerequisite: ATEC 070 with a minimum grade of C (may be taken concurrently). Course Advisory: SCC minimum English and Math standard. A course covering theory and principles of automotive electrical systems. The course includes basic electrical theory, Ohm's Law, series and parallel circuits, electrical symbols and schematics, automotive batteries, charging systems, voltage regulation, starting systems, lighting systems, and various accessory systems. The laboratory portion of the course will place emphasis on diagnosis and testing techniques required to effectively determine the necessary action in an electrical system failure. The use of schematics, technical specifications, voltmeters, ohmmeters, ammeters, and circuit testers will be required. The course is designed in conjunction with Automotive Service Excellence (ASE) standards and subsequently will in part prepare the student for the ASE Electrical / Electronic A6 Certification Examination. *Two hours lecture, six hours lab.*

ATEC 132

4.0 Units

Automotive Brake Systems

Prerequisite: ATEC 070 with a minimum grade of C (may be taken concurrently). Course Advisory: ATEC 131; SCC minimum English and Math standards. The study of modern automotive braking systems. Hydraulic principles, coefficients of friction, and thermodynamics will be discussed. Diagnosis, repair, overhaul, and adjustment procedures of drum, disc/drum, and four-wheel disc systems will be emphasized. Anti-lock Braking Systems (ABS) diagnostics, servicing, and repair procedures will also be covered. The course will cover common domestic and import passenger vehicles, and light trucks only. The course is designed in conjunction with Automotive Service Excellence (ASE) standards and subsequently will prepare the student for the ASE Brakes A5 Certification Examination. *Two hours lecture, six hours lab.*

Automotive

ATEC 133

Automotive Engine Repair

Prerequisite: ATEC 070 with a minimum grade of C (may be taken concurrently). *Course Advisory:* ATEC 131; SCC minimum English and Math standards. The study of four stroke combustion cycle theory, engine torque, horsepower, materials, and manufacturing processes as they relate to internal combustion powerplants used in production automobiles and light trucks. The theory, principles, and diagnosis of cooling systems, lubrication systems, and common engine mechanical failures will be emphasized. The laboratory portion of the course will focus on comprehensive engine testing, in-vehicle engine servicing, engine disassembly/reassembly, precision measuring, and inspection of internal engine components. The course is designed in conjunction with Automotive Service Excellence (ASE) standards and subsequently will prepare the student for the ASE Engine Repair A1 Certification Examination. *Two hours lecture, six hours lab.*

ATEC 134

Automatic Transmissions/Transaxles

Prerequisite: ATEC 070 with a minimum grade of C (may be taken concurrently). *Course Advisory:* ATEC 131; SCC minimum English and Math standards. The study of hydraulic and electronically actuated automatic transmissions and transaxles. Topics will include positive and variable displacement pumps, torque converters, bands and clutches, hydraulic valves, electronic shift solenoids, governors, and common compound planetary gear arrangements. The laboratory portion of the course will focus on diagnostic and overhaul procedures, in-vehicle testing, and bench testing of various components. The course is designed in conjunction with Automotive Service Excellence (ASE) standards and subsequently will prepare the student for the ASE Automatic Transmission A2 Certification Examination. *Two hours lecture, six hours lab.*

ATEC 135

Automotive Engine Performance

Prerequisite: ATEC 070 with a minimum grade of C (may take concurrently). *Course Advisory:* ATEC 131; SCC minimum English and Math standards. Lecture, demonstration and practical lab experience in the operation, troubleshooting and repair of the ignition, fuel and emission control systems of import and domestic passenger vehicles and light trucks. Emphasis is on theoretical knowledge and the proper use of diagnostic tools and equipment. The course is designed in conjunction with Automotive Service Excellence (ASE) standards and subsequently will in part prepare the student for the ASE Engine Performance A8 Certification Examination. *Two hours lecture, six hours lab.*

ATEC 136

Automotive Manual Drivetrain and Axles

Prerequisite: ATEC 070 with a minimum grade of C (may be taken concurrently). *Course Advisory:* SCC minimum English and Math standards. A course covering theory and principles of manual transmissions/transaxles, clutches, driveshafts, half shafts, variable and constant velocity joints, differentials, rear wheel drive axle assemblies, all wheel drives, and four wheel drives. Gear types, ratios, and noise, vibration, harshness diagnostic routines will be discussed. Diagnosis, repair, overhaul, and adjustment procedures for common domestic, import, and light truck drivetrain components will be emphasized. The course is designed in conjunction with Automotive Service Excellence (ASE) standards and subsequently will prepare the student for the ASE Manual Transmission/Transaxle & Drivetrain A3 Certification Examination. *Two hours lecture, six hours lab.*

4.0 Units

ATEC 137

Automotive Heating and Air Conditioning

Prerequisite: ATEC 070 with a minimum grade of C (may be taken concurrently). An Automotive Technology course covering theory and operation of automotive heating systems and air conditioning refrigeration systems. Topics will include the refrigeration cycle, evacuation principles, humidity, heat transfer, automotive refrigerants, temperature pressure relationship, greenhouse gases, and proper handling and storage of refrigerants. The laboratory portion of the course will focus on the diagnosis and repair of heating and cooling systems, use of refrigerant recycling-reclaiming equipment, use of evacuation equipment, retrofitting, and environmentally sound refrigeration handling techniques. The course is designed in conjunction with Automotive Service Excellence (ASE) standards and subsequently, will prepare the student for the ASE A7 Air Conditioning and Heating Certification Examination. *Two hours lecture, six hours lab.*

4.0 Units

ATEC 138

Automotive Electronics

Prerequisite: A minimum grade of C in both ATEC 070 and ATEC 131. Emphasis on applied techniques in schematic reading, scan tool usage and diagnosis of various automotive electronic systems, including power doors, mirrors, windows and seats; sun roofs; air bags; keyless entry; networks and other body control electronics. This course builds on the concepts introduced in Automotive Electrical Systems. The course is designed in conjunction with Automotive Service Excellence (ASE) standards and subsequently will in part prepare the student for the ASE Electrical / Electronic A6 Certification Examination. *Two hours lecture, six hours lab.*

4.0 Units

Automotive

ATEC 139 4.0 Units

Advanced Engine Performance

Prerequisite: A minimum grade of C in ATEC 070, ATEC 131 and ATEC 135. Emphasis on applied techniques in advanced engine performance systems diagnostics including fuel injection; ignition; emission controls; OBD II and CAN/BUS. The course is correlated with the National Institute for Automotive Service Excellence standards and is designed to prepare the student for the ASE A8 and L1 Engine Performance Certification Examination series. *Two hours lecture, six hours lab.*

ATEC 140 2.0 Units

Hybrid Vehicle Maintenance and Repair

Course Advisory: SCC minimum English and Math standards. Study of hybrid vehicles, safety issues associated with hybrid vehicles, maintenance and repair procedures specific to hybrid vehicles. *One hour lecture, three hours lab.*

Automotive Body and Repair

AUTB 100 10.0 Units

Fundamentals of Auto Body Repair

Course Advisory: SCC minimum English standard. Acquaints the student with the basic skills and fundamental principles of auto body repair. Learned skills are verified through manipulative projects and written tests. *Five hours lecture, fifteen hours lab.*

AUTB 101 10.0 Units

Spray Paint Theory and Techniques

Prerequisite: AUTB 100. Course Advisory: SCC minimum English standard. Acquaints the student with the basic principles and techniques of automotive refinishing. Skills acquired are verified through manipulative projects and written tests. *Five hours lecture, fifteen hours lab.*

AUTB 102 10.0 Units

Automotive Body Panels and Frame Straightening

Prerequisite: AUTB 100. Students will learn to repair and replace body panels. Includes unibody and frame straightening. Learned skills are verified through manipulative projects and written exams. *Five hours lecture, fifteen hours lab.*

AUTB 103 10.0 Units

Advanced Auto Body Repair and Painting

Prerequisite: AUTB 101, AUTB 102. Students are exposed to the fine details of automotive body repair. Excellence and precision of skills are refined and quality work is emphasized. Students demonstrate their achievements through manipulative projects and written tests. *Five hours lecture, fifteen hours lab.*

AUTB 110 3.0 Units

Special Projects

Prerequisite: AUTB 103. Advanced projects undertaken by students in their field of specialization, under supervision of the instructor. *Two hours lecture, three hours lab.*

Biology

Biology

Program Description

The biology program emphasizes the relationship between structure and function of living systems and the concept that biological processes can be studied at different levels of organization. The program provides a balanced blend of mathematics, chemistry, physics and traditional and modern biology including the advanced topics essential to students continuing their studies at the university. Life is explored at the molecular, cellular, organismal and ecological levels.

Associate in Science Degree

The Associate in Science Degree can be obtained by completing the 46 - 50 unit major, the general education requirements, and electives for a total of 64 - 66 units. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Biology Associate Degree will be able to:

1. Design and/or interpret an investigation, including data collection and/or analysis.
2. Describe the molecular basis of genetics and energetics.
3. Explain the principles and mechanisms of microevolution and macroevolution.

REQUIRED COURSES.....Units	
BIO 002 Cell and Molecular Biology	5
BIO 003 Evolution, Ecology & Biodiversity	5
CHEM 001 General Chemistry.....	5
CHEM 002 General Chemistry.....	5
CHEM 003 Organic Chemistry I.....	5
CHEM 004 Organic Chemistry II.....	5
MATH 030 Analytic Geometry and Calculus	3
AND	
MATH 031 Analytic Geometry and Calculus	3
OR	
MATH 020 Analytic Geometry and Calculus I.....	5
AND	
MATH 021 Analytic Geometry and Calculus II.....	5
PHYS 002 General Physics (Non-Calculus)	5
AND	
PHYS 004 General Physics (Non-Calculus)	5
OR	
PHYS 006 Physics for Science and Engineering	5
AND	
PHYS 007 Physics for Science and Engineering	5
Total Units	46 – 50

BIO 002	5.0 Units
----------------	------------------

Cell and Molecular Biology

Prerequisite: CHEM 001. Course Advisory: Eligibility for ENGL 001. This course intended for biology majors covers the structure and function of prokaryotic and eukaryotic cells, biological molecules, cell reproduction and its controls. Mendelian and molecular genetics, cell physiology and the metabolism including cellular respiration and photosynthesis, cellular communication, and homeostasis. An extensive laboratory component teaches the techniques used in biotechnology to manipulate DNA and to study proteins. *Three hours lecture, Six hours lab.*

BIO 003	5.0 Units
----------------	------------------

Evolution, Ecology & Biodiversity

Prerequisite: BIO 002 with a minimum grade of C. Course Advisory: Eligibility for English 001, completion of Intermediate Algebra with a minimum grade of C and eligibility for college level math. This course for biology majors covers evolution, ecology, and the diversity of life. The laboratory component includes invertebrate and vertebrate dissection and several weekend and all day field trips. Students must successfully complete both the lecture and the laboratory portions of the course. *Field trips may be required. Some field trips may involve a fee. C-ID BIOL 140. Three hours lecture, six hours lab.*

Biology

BIO 004 **5.0 Units**
Human Anatomy

Course Advisory: Eligibility for English 001 and SCC minimum Math standard, BIO 016 and BIO 016L are strongly recommended. A study of the structural organization of the human body, from cellular to organismal level. Throughout the course, various types of instruction are used, including microscopic investigation of prepared slides of tissues and organs, gross (macroscopic) anatomical dissection, and examination of prosected human material. *Formerly BIO 006. C-ID BIOL 110B. Three hours lecture, six hours lab.*

BIO 005 **5.0 Units**
Human Physiology

Prerequisite: A minimum grade of C in BIO 004 and CHEM 001, CHEM 010. Course Advisory: SCC minimum English and Math standards. This course describes physiological and homeostatic mechanisms of the body systems in health and disease. The laboratory relates structure to function, uses instrumentation to measure physiological variables, and enables students to critically evaluate functional status. *C-ID BIOL 120B Three hours lecture, six hours lab.*

BIO 012 **3.0 Units**
Environmental Science

Course Advisory: Eligibility for English 001 and SCC minimum Math standard. This course examines the basic concepts of biology (especially ecology), chemistry, and physics to study: (1) human population growth, (2) short and long-term use of resources (such as soil, food, land, renewable and nonrenewable energy, water, and air), and (3) the production of pollution and other wastes. *Field trips may be required. Three hours lecture.*

BIO 012L **1.5 Units**
Environmental Science Laboratory

Prerequisite: BIO 012 (may be taken concurrently) Course Advisory: Eligibility for English 001 and SCC minimum Math standards. A course that uses laboratory and mandatory field trip techniques to examine the ecological roles of organisms, resource use, and pollution/waste. Field trips may be required. *One half-hour lecture, three hours lab.*

BIO 014 **4.0 Units**
Principles of Microbiology

Prerequisite: Minimum grade of C, CHEM 010, or CHEM 001 and a minimum grade of C in MATH 104, MATH 114 or two years of high school algebra. Course Advisory: SCC minimum English and Math standards. The study of the morphology, physiology, genetics, taxonomy, and ecology of microorganisms. The course also includes principles of immunology, the control of microbes, and their relationship to disease. Laboratory exercises cover microscopy, staining, aseptic techniques, identification, and microbial growth among others. *Three hours lecture, three hours lab.*

BIO 015 **4.0 Units**
Introduction to Biology

Course Advisory: Eligibility for English 001 and SCC minimum Math standard. A non-majors biology course that introduces basic concepts of living organisms including aspects of biological chemistry, cell structure and function, physiology, genetics, evolution, and ecology. *Students must successfully complete both the lecture AND lab portions of the course. Off-campus field trips may be required and may involve a fee. NOTE: Not open for credit to students who have completed BIO 001, 002 or 012. Three hours lecture, three hours lab.*

BIO 016 **3.0 Units**
Introduction to Human Biology

Course Advisory: SCC minimum English and Math standards. An introduction to general biology with emphasis on the human model. Topics include cell structure and function, human evolution, anatomy and physiology, genetics, and the human impact on the environment. This is a course for non-majors. *NOTE: Not open for credit to students who have completed BIO 001, 002, 004, 005, 010 or 015. Three hours lecture.*

BIO 016L **1.5 Units**
Human Biology Laboratory

Prerequisite: BIO 016 with a minimum grade of C (may be taken concurrently). Course Advisory: Eligibility for English 001 and SCC minimum Math standard. A non-majors laboratory course providing an introduction to general biology with an emphasis on the human model. Topics include microscopy, cell structure and function, human anatomy and physiology, genetics and the human impact on the environment. Field trips may be required. *Off-campus field trips may be required and may involve a fee. Note: Not open for credit to students who have completed BIO 002, 003, 004, 005 or 015. One half-hour lecture, three hours lab.*

Biology

BIO 018

3.0 Units

Biology Of Sex

Course Advisory: Eligibility for English 001 and SCC minimum Math standard. The biological bases of human sex and sexuality will be discussed. Emphasis will be placed on the normal and diseased state of the male and female reproductive system. Essay and objective exams as well as written assignments will be used for student evaluations; the final exam will be comprehensive. *Three hours lecture.*

BIO 019

4.0 Units

Marine Biology

Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. A non-majors course that studies the diversity and natural history of life in the marine environment with an emphasis on the adaptations of organisms to their environment. Students must successfully complete both the lecture and laboratory portions of the course. *Field trips may be required. Some field trips may involve a fee. This course is not open for credit to students who have completed BIO 001 or 002. Three hours lecture, three hours lab.*

BIO 020

3.0 Units

Infectious Disease, Plagues, and Public Health

Course Advisory: Eligibility for English 001 and SCC minimum MATH standard. This course examines infectious disease and the changing disease landscape from the molecular to the ecological level. Topics include cell structure and function, microorganisms, immunity, epidemiology, historical plagues, emerging diseases, prevention and treatment, and conditions that promote novel disease emergence. This is a course designed for non-science majors. *Three hours lecture.*

BIO 025

3.0 Units

Human Genetics

Course Advisory: Eligibility for ENGL 001 and SCC minimum math standard. This course is designed for non-science majors to provide an understanding of basic principles of genetics, current developments in genetics, and the influence of genes and the environment in determining human characteristics. *Three hours lecture.*

BIO 047

0.5 to 3.0 Units

Independent Study

Prerequisite: Minimum grade of C in 12 units of credit, including 4 units from within the discipline. Course Advisory: Eligibility for English 001; statistics may be useful for data analysis. Designed for students who intend to major in biological sciences or pre-professional programs. *Students may take this course up to the maximum number of units over multiple semesters. One and one-half to nine hours by arrangement.*

BIO 049

1.0 to 3.0 Units

Biology Honors

Prerequisite: Eligibility for Honors Program; BIO 001, BIO 002, BIO 005, BIO 014, or BIO 015 (any of these courses may be taken concurrently). Requires approval of a faculty member sponsor and the Dean of the School of Science and Mathematics. Course Advisory: Eligibility for English 001. Requires students to complete an independent student project under the supervision of a member of the faculty. The project may be a laboratory or field study or a library study that leads to a thesis. In all cases, the final written product should show integration and synthesis of ideas. *Students may take this course up to the maximum number of units over multiple semesters. Three to nine hours by arrangement.*

BIO 099

0.5 to 2.0 Units

Biology Honors: Special Dissection

Prerequisites: Completion of 24 units of college credit with a minimum GPA of 3.3; a minimum of 5 units in BIO 004 with a minimum grade of B; an ability to work independently; permission of the School Dean based on instructor availability. An independent study project designed to increase understanding of human anatomy through detailed dissection and other projects assigned by the supervising instructor. The student will be evaluated through oral examination and evaluation of dissections. *This course is an Open Entry/Open Exit course. Students may continue BIO 099 over multiple semesters not to exceed 2 units. One and one-half to six hours by arrangement.*

BIO 101

0.5 Units

How To Study Science

This short-term course provides a step-by-step approach for success in transferable science courses. Topics include: overcoming science anxiety; learning how science courses are organized; how best to learn and retain scientific information; how to use science textbooks, common scientific terms and symbols; how to analyze figures; how to develop test-taking skills to prepare for lecture and laboratory tests; and more. *Two hours lecture (4 week course).*

BIO 160

2.5 Units

Review of Scientific Principles of Pre-Nursing

Prerequisite: CONDITION OF ENROLLMENT: Current acceptance or on the waiting list of an RN Program. This course focuses on science and mathematics topics that are critical to success for students entering an RN program. It provides a clinically pertinent review of select anatomy, physiology, nutrition, and microbiology topics for students entering nursing school. It is especially designed for students that have had an extended time period between finishing their pre-nursing requirements and entering nursing school. This course is taught by a panel of experts in the field. Case studies are extensively used in order to contextualize the material. *This is a Pass/No Pass only course. Ten hours lecture. (4-week course).*

Biomanufacturing

Biomanufacturing Bachelor of Science (Baccalaureate) Degree

Solano Community College is one of fifteen community colleges in the state of California to offer a pilot four year, or baccalaureate, degree. Solano Community College's degree is a Bachelor of Science in Biomanufacturing. In biomanufacturing scientists develop techniques to grow genetically engineered cells (bacterial, yeast, or animal cells) in large tanks called bioreactors and develop methods to purify the protein that the cells produce. Then technicians use analytical techniques to prove the purity of the isolated protein. In the future Biomanufacturing will be expanded to include the industrial production of biofuels, biomaterials, stem cells, and other products currently manufactured using chemical rather than biological techniques.

Program Description

The Bachelor of Science in Biomanufacturing program builds upon the Associate in Science in Industrial Biotechnology degree. In the baccalaureate program students gain knowledge in biology, chemistry, engineering, statistics, quality, regulatory affairs, and business. Students use biomanufacturing laboratory facilities to gain process development skills. Many of the courses have been designed with curriculum that aligns with the requirements of certifications from professional organizations.

Bachelor of Science Degree

The Bachelor of Science degree is awarded upon successful completion of a total of 120 units that include 60 lower-division units and ten upper-division major courses, three upper division general education courses, and electives. All courses in the major must be completed with a grade of C or better.

Program Outcomes

Biomanufacturing Technology:

1. Students will demonstrate the ability to identify and critically analyze two viable options for a biomanufacturing process. The critical analysis will include the technical, financial, and environmental impact of the two options as well as the identification of the benefits and disadvantages of each.
2. Students will be able to produce a professional report and presentation representing their opinion regarding the advantages of selecting a specific biomanufacturing process.

Quality:

3. Students will demonstrate the skills needed to conduct an investigation and analysis of an Out of Specification deviation that occurred during a production step in the manufacturing of a pharmaceutical protein. The student will be able to determine the impact of the OOS deviation on the batch of protein.
4. Students will be able to produce a written Corrective Action Preventative Action report in a format standard to the industry. The report will include evidence to justify their conclusions and action plan.
5. Students will demonstrate the ability to apply Quality by Design (QbD) principles (understanding of the product, the process, and the process control) as adopted by the U.S. Food and Drug Administration (FDA) to design a robust, stable, and controlled manufacturing process for a protein pharmaceutical that can be carried out under current Good Manufacturing Practices (cGMPs). This includes the ability to predetermine values and potential ranges of the critical quality attributes (CQAs) of the product and the critical material attributes (CMAs) of the materials. Students will also be able to determine which parameters would benefit from a Design of Experiments (DoE) approach for their optimization, and construct a strategy for experimental planning and data analysis.
6. Students will use a quality risk assessment approach to perform a criticality assessment to determine the Critical Process Parameters (CPPs) that would need to be monitored and controlled.

Program Requirements and Courses

Successful completion of the lower division prerequisites is required prior to enrollment in the upper division courses on the following page. The program has been designed to follow a cohort model: all students take all of the courses in order.

Biomanufacturing

REQUIRED COURSES

First Semester..... 15 Units

BIOT 401 Biomanufacturing Process Sciences	5
BIOT 407 Advanced Topics in Quality Assurance and Regulatory Affairs	4
ENGL 400 Advanced Technical Writing: Writing in the Scientific Professions	3
3 units of an Elective	3

Second Semester..... 16 units

BIOT 402 Design of Experiments for Biomanufacturing	4
BIOT 403 Design of Biomanufacturing Facilities, Critical Utilities, Processes, and Equipment	4
BIOT 404 Bioprocess Monitoring and Control.....	5
3 units of an Elective.....	3

Third Semester 16 Units

BIOT 405 Emerging Biomanufacturing Technologies.....	3
BIOT 406 Supply Chain and Enterprise Resource Planning.....	3
BIOT 408 Six Sigma and Lean Manufacturing.....	4
PHIL 400 Bioethics	3
3 units of an Elective.....	3

Fourth Semester..... 13 units

BIOT 409 Methods in Quality Improvements, Investigations and Audits.....	4
BIOT 410 Emerging Trends in Biomanufacturing Quality	3
BUS 400 Bioprocess Monitoring and Control	3
3 units of an Elective.....	3

Total Units 60 Units

Biomanufacturing

BIOMANUFACTURING BACCALAUREATE DEGREE PROGRAM APPLICATION/ACCEPTANCE REQUIREMENTS

Currently the Biomanufacturing Bachelor of Science program admits students once per year in the fall. Applications are available online at <http://www.solano.edu/biomanufacturing>.

Prerequisite:

ALL of the following requirements must be met in order to APPLY to the Biomanufacturing Bachelor of Science degree program. If you are unsure about any of these items, please meet with an Academic Counselor. For counseling information, please visit <http://www.solano.edu/counseling/>.

1. Overall cumulative grade point average (GPA) of 2.5 for ALL college coursework.
2. Completion of, or current Spring semester enrollment in, the following prerequisites with a combined GPA of 2.5 and with no grade less than a C for each of the lower division courses: BIOT 001 (formerly BIOT 051), BIOT 052, BIOT 062, BIOT 063, CHEM 001, BIO 002.
3. Completion of lower division general education CSU/IGETC Option B or Option C program prerequisites (see SCC college catalog).
4. Students who have attended college outside the United States must have transcripts evaluated by a National Association of Credential Evaluation Services (NACES) approved independent agency, demonstrating equivalency to the above requirements (1, 2, & 3).
5. One Statement of Interest, submitted with your application, explaining why you are interested in the program. Topic below:

Write a Statement of Interest that explains why you would like to complete the Bachelor of Science degree in Biomanufacturing. In this essay, state how your background in the prerequisite courses and/or any job experience has prepared you to succeed in this rigorous program. Emphasize your laboratory background. Include any life experience, special circumstances or barriers that you had to overcome while completing the prerequisite courses.

Transcripts:

During the application process, unofficial transcripts may be submitted with the application. Upon admission to the Biomanufacturing Bachelor of Science degree program, you are required to submit one original official transcript in a sealed envelope to the Admissions and Records department from each college and university attended, including Solano Community College, prior to being granted permission to enroll and register for classes in the program.

Please send transcripts to:

Solano Community College
Admissions & Records
Attn: Biomanufacturing Baccalaureate Admissions
4000 Suisun Valley Road
Fairfield, CA 94534-3197

Foreign Transcripts:

All foreign transcripts must be evaluated by a NACES agency for determining U.S. equivalency. ***IF foreign courses were completed or degree earned**, the evaluation must state its equivalency to the Prerequisite requirements (1, 2, & 3) listed above. A list of approved agencies can be found in the Office of Admissions and Records.

Biomanufacturing

Steps for Completing the Application Process

- 1. New or Returning Solano Community College Students (Students currently enrolled in classes go to Step 2)**
 - a. **Apply:** Students who have never attended Solano Community College or are former students (returning SCC students who are not currently enrolled in classes) must submit a current SCC application for admission. Access the SCC home page (www.solano.edu) and click on Application.
 - b. **SCC ID number:** After submitting your SCC application for admission, allow 30 minutes for processing. An email will be sent to the email address you provided in the application and will include your SCC ID number, username and password for your MySolano account. When completing a new application to Solano, if you previously had an ID number, the system will re-activate that same ID number. You will need your SCC ID number to complete the application.
- 2. Complete the Biomanufacturing Application**
 - a. Have your SCC ID number, unofficial transcripts, and your Statement of Interest ready.
 - b. All required information for admission to the Biomanufacturing Program must be submitted through the link provided on our webpage.
- 3. Once Application is Submitted**
 - a. **Email Account:** All correspondence regarding the application status will be sent to the email address you provided on the application. Applicants will not receive any paper or phone verification regarding their status. Please notify the Admissions and Records Office if you have a change in email address.
 - b. New student applications for fall semester enrollment will be evaluated beginning March 31st of each year. Incomplete applications will NOT be accepted.

Accepted Applicant Requirements

1. If you received notification that you have been accepted into the program, a Biomanufacturing Admitted Student Information Session must be completed before your program begins. A schedule will be made available through the School of Math and Science, Fairfield Campus.
2. Upon completion of the Admitted Student Information Session, the student must schedule an Advisement Session prior to registering for classes. Students will meet with an Academic Counselor to develop a Student Education Plan (SEP) during the Advisement Session.

Eligibility requirements, application process, and related information is available on the web at <http://www.solano.edu/biomanufacturing>.

Biomanufacturing

BIOT 401 5.0 Units
Biomanufacturing Process Sciences and Engineering Principles

Prerequisite: Admission into the Biomanufacturing Baccalaureate degree program. Permission of faculty required. A minimum grade of C in MATH 011. Builds upon the scientific knowledge underlying chemical engineering principles (for example fluid flow, mass transfer, heat transfer, and the energy relationship of fluid systems) to design, develop, and optimize key parameters in a biomanufacturing process. Process development includes the optimization of media composition, fermenter and bioreactor design, the design of downstream processes, instrumentation, engineering systems, and process control systems to maximize the yield and integrity of a protein pharmaceutical. *Three hours lecture, six hours lab.*

BIOT 402 4.0 Units
Design of Experiments for Biomanufacturing

Prerequisite: Admission into the Biomanufacturing Baccalaureate degree program. Permission of faculty required. A minimum grade of C in MATH 011. Teaches the formal approach called "Design of Experiments" (DoE), a system that optimizes a process through the methodical varying of key parameters and a formalized approach to the analysis, interpretation, and application of the results. DoE is designed to make any process more robust and to minimize variability from external sources. The course builds upon the statistical concepts required for DoE including hypothesis testing, confidence intervals, statistical models, and analysis of variance (ANOVA). The DoE approach systematically varies the parameters of a biomanufacturing project to improve its operation. *Three hours lecture, three hours lab.*

BIOT 403 4.0 Units
Design of Biomanufacturing Facilities, Critical Utilities, Processes, and Equipment

Prerequisite: Admission into the Biomanufacturing Baccalaureate degree program. Permission of faculty required. Students analyze and evaluate how the design of a biomanufacturing facility uses one-way personnel flow and one-way material flow to maintain appropriate levels of cleanliness and sterility to promote the production of safe and effective products. Students analyze the design of the processes, equipment, and instrumentation used in biological production to generate critical utilities, aseptic systems, environmental control and monitoring, upstream production, and downstream (recovery and purification) production within a regulated environment. *Four hours lecture.*

BIOT 404 5.0 Units
Bioprocess Monitoring and Control

Prerequisite: Admission into the Biomanufacturing Baccalaureate degree program; BIOT 401. Permission of faculty required. Covers the measurement, monitoring, modeling, and control of biomanufacturing processes and the statistical methodology used for measuring, analyzing, and controlling quality during the manufacturing process including control charts and the analysis of process capabilities. *Three hours lecture, six hours lab.*

BIOT 405 3.0 Units
Emerging Biomanufacturing Technologies

Prerequisite: Admission into the Biomanufacturing Baccalaureate degree program. Permission of faculty required; BIOT 401. Focuses on biomanufacturing advances and emerging technologies in biological production and protein purification operations. In the course students compare the advances and disadvantages of the new technology to the traditional technologies and approaches. *Three hours lecture.*

BIOT 406 3.0 Units
Supply Chain and Enterprise Resource Planning in Biomanufacturing

Prerequisite: Admission into the Biomanufacturing Baccalaureate degree program; Permission of faculty required. BIOT 402, BIOT 403, BIOT 404. Students gain knowledge of how companies manage the complete flow of materials in a supply chain from suppliers to customers. This course covers the design, planning, execution, monitoring, and control of raw materials, personnel resources, inventory management, and distribution. At the end students will have the knowledge required to take the CPIM (Certified in Production and Inventory Management) certification test administered by APICS (the American Production and Inventory Control Society). *Three hours lecture.*

BIOT 407 4.0 Units
Advanced Topics in Quality Assurance and Regulatory Affairs

Prerequisite: Admission into the Biomanufacturing Baccalaureate degree program; Permission of faculty required. A minimum grade of C in MATH 011. Builds upon previous knowledge of quality assurance and regulatory affairs to study the harmonized quality system approaches of ICH (the International Committee on Harmonisation) Q8, Q9, Q10, and Q11. The course pays special attention to the topics of quality risk management, qualification, and validation. This course content has been aligned with the American Society for Quality's Body of Knowledge for a Certified Pharmaceutical Good Manufacturing Practice Professional examination. *Four hours lecture.*

Biomanufacturing

BIOT 408

Six Sigma and Lean Manufacturing

Prerequisite: Admission into the Biomanufacturing Baccalaureate degree program; Permission of faculty required; BIOT 402, BIOT 403, BIOT 404. Covers the Six Sigma approach to the maintenance and improvement of biomanufacturing processes. It incorporates the DMAIC phases: design, measure, analyze, improve, and control. The course covers the use and implementation of lean manufacturing tools that biomanufacturing companies use to reduce waste. At the end of the course students will be prepared to take the certification test administered by the American Society for Quality for qualification with a white belt in Six Sigma. *Four hours lecture.*

4.0 Units

BIOT 409

Methods in Quality Improvements, Investigations, and Audits

Prerequisite: Admission into the Biomanufacturing Baccalaureate degree program; Permission of faculty required; BIOT 407. Examines the investigational methods used by quality assurance departments to analyze process deviations and make the decision about the severity of the deviation. In this course students learn to write industry-standard CAPA (Corrective Action Preventative Action) report to conclude what corrective and preventative actions result from the investigation. The course also covers how a company would perform an internal audit in anticipation of an inspection by the Food and Drug Administration or an external audit for the supplier of a key raw material. This course content has been aligned with the American Society for Quality's Body of Knowledge for a Certified Quality Technician examination. *Three hours lecture, three hours lab.*

4.0 Units

BIOT 410

Emerging Trends in Biomanufacturing Quality

Prerequisite: Admission into the Biomanufacturing Baccalaureate degree program; Permission of faculty required; BIOT 407. examines the process by which the quality systems of biomanufacturing evolve by examining a selected current trend in the laws and regulations governing pharmaceutical manufacturing. In this course students evaluate the effectiveness of the laws and regulations governing pharmaceutical manufacturing. *Three hours lecture.*

3.0 Units

BUS 400

Project Management

Prerequisite: Admission into the Biomanufacturing Baccalaureate degree program; Permission of faculty required; ENGL 001, MATH 011. Corequisite: BIOT 409 and BIOT 410. Learn the core characteristics of project management including project selection, initiation, planning, execution, monitoring and control, and closing. Students learn how the management of the project's scope, time, cost, quality, human resources, communication, procurement, stakeholders, and risk lead to the ability to deliver the project on-time and on-budget, while meeting performance specifications. This course is designed to fulfill the classroom component of a Project Management Professional credential. *Three hours lecture.*

3.0 Units

Biomanufacturing

ENGL 400

3.0 Units

Advanced Technical Writing: Writing in the Scientific Professions

Prerequisite: Admission into the Biomanufacturing Baccalaureate degree program; Permission of faculty required; ENGL 001 with a minimum grade of C. Advanced study in technical writing with a focus on writing for the sciences, including memos, forms, resumes, proposals, formal and informal reports, and peer review strategies. Emphasis is on understanding the differences between academic and technical writing, including techniques for organizing, evaluating, and presenting information in the objective style required in modern technical communications, as well as current trends in technology and scientific discourse. Instruction includes writing as a process, from researching a problem to organizing and drafting a document to testing, revising and editing that document. Students will learn to employ rhetorical strategies for effective visual and document design as well as how to address ethical, cultural, and political issues related to writing in the sciences. Currency in scientific writing and electronic publishing, including peer review, will also be emphasized. This course trains scientists to become more effective, efficient, and confident writers. *Three hours lecture.*

PHIL 400

3.0 Units

Bioethics

Prerequisite: Admission into the Biomanufacturing Baccalaureate degree program; Permission of faculty required; ENGL 001, MATH 011. Builds upon a philosophical and critical thinking foundation to train students to be able to model sound ethical decision making in the life science and medical fields. The course requires application of moral theory to a variety of problems in the life science and medical fields such as: genetic engineering, stem cells, allocation of resources, medically assisted dying, genetic screening, genetic alteration, abortion and reproductive rights, and experiments on human or animal subjects. Enrollment in this upper division General Education course is limited to students enrolled in the Bachelors of Science in Biomanufacturing program. *Three hours lecture.*

Biotechnology

Industrial Biotechnology - Associate in Science Degree

Program Description

This program prepares graduates to work in the biotechnology industry as production technicians. A production technician operates and maintains the equipment used to manufacture protein pharmaceutical products. Students will grow bacterial, yeast, and mammalian cells and recover the proteins that they produce. They will follow good manufacturing practices by maintaining records in order to comply with quality assurance procedures and government regulations. Students in the program must be able to adjust their time to a flexible schedule.

Associate in Science Degree

The Associate in Science Degree can be obtained upon completion of 60 units, including the major, general education requirements and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Industrial Biotechnology Associate Degree will be able to:

1. Understand the structure and function of protein pharmaceuticals and evaluate which protein properties a production facility can exploit to purify a particular protein from other cellular components.
2. Construct a pathway analyzing how a drug or biologic is produced by genetically engineered cells and subsequently purified.

REQUIRED COURSES.....	Units
BIOT 001 Principles of Biotechnology.....	3
BIOT 052 Business and Regulatory Practices in Biotechnology	3
BIOT 062 Cell Culture and Protein Recovery	4
BIOT 063 Biotechnology Instrumentation: Quality Control & Genetic Engineering	4
One course from List A.....	4-5
One course from List B.....	4-5
Total Units	22 – 24

List A (select one course)

BIO 002 Principles of Cell and Molecular Biology	5
BIO 014 Principles of Microbiology	4

List B (select one course)

CHEM 001 General Chemistry.....	5
CHEM 010 Intermediate Chemistry.....	4

NOTE: Prior knowledge and use of computers is advised, including word processing, spreadsheets, and databases.

This is a Gainful Employment Program. For additional information, please visit

Biotechnology

Industrial Biotechnology - Certificate of Achievement

Program Description

This program prepares graduates to work in the biotechnology industry as production technicians. A production technician operates and maintains the equipment used to manufacture protein pharmaceutical products. Students will grow bacterial, yeast, and mammalian cells and recover the proteins that they produce. They will follow good manufacturing practices by maintaining records in order to comply with quality assurance procedures and government regulations. Students in the program must be able to adjust their time to a flexible schedule.

Certificate of Achievement

The Certificate of Achievement can be obtained upon completion of the 27-28 unit major with a grade of "C" (2.0) or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Industrial Biotechnology Associate Degree will be able to:

1. Understand the structure and function of protein pharmaceuticals and evaluate which protein properties a production facility can exploit to purify a particular protein from other cellular components.
2. Construct a pathway analyzing how a drug or biologic is produced by genetically engineered cells and subsequently purified.

REQUIRED COURSES.....	Units
BIOT 001 Principles of Biotechnology.....	3

Biotechnology

Biotechnology Laboratory Assistant

Program Description

This program serves as a Bridge to Biosciences, enabling graduates to enter the Solano College Industrial Biotechnology program or to enter an entry level position in a biotechnology company. It serves as a stackable certificate that may be followed by Industrial Biotechnology Certificate or an Applied Biotechnology Certificate. A Laboratory Assistant may be hired by life science related companies to prepare buffers, prepare media, operate routine laboratory equipment, and to clean glassware.

Certificate of Achievement

The Certificate of Achievement can be obtained upon completion of the 14 unit major with a grade of "C" (2.0) or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Industrial Biotechnology Certificate of Achievement will be able to:

1. Demonstrate the ability to perform routine laboratory techniques including buffer preparation, media preparation, and aseptic microbial culture.
2. Demonstrate the ability to perform mathematical (algebraic) operations required for calculations important in chemistry and biology.
3. Demonstrate the ability to read and write in a range of writing style categories typical of laboratory and scholarly environments, including lab reports, expository texts, and research-based arguments.

REQUIRED COURSES.....	Units
BIOT 160 Basic Concepts/Methods in Biotechnology.....	4
MATH 330 Elementary Algebra.....	5
ENGL 360 Focused English Fundamentals	5

This is a Gainful Employment Program. For additional information, please visit
http://www.solano.edu/gainful_employment/ and select "Biotechnology Laboratory Assistant"

Biotechnology

BIOT 001**3.0 Units****Principles of Biotechnology**

Prerequisite: BIO 014, BIO 002 or BIOT 160. SCC minimum English and math standards. This lecture course covers topics important in the development, production, recovery, and analysis of products produced by biotechnology. The course traces the path of a drug or biologic from the cell through the production facility, the final processing, and into the human body. It discusses the growth characteristics of the organisms used to produce pharmaceutical proteins, the techniques used in product recovery, and the techniques used in product analysis. *Three hours lecture.*

BIOT 052**3.0 Units****Business And Regulatory Practices In Biotechnology**

Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. Examines how basic business principles and sound manufacturing procedures assure the quality and safety of a product as the manufacturing team moves a product down the biotechnology production pipeline. It explores the role of governmental oversight and regulation during the discovery, development, and manufacturing of new products produced by biotechnology. *Three hours lecture.*

BIOT 062**4.0 Units****Cell Culture And Protein Recovery**

Prerequisite: BIO 014 or BIO 002 or BIOT 160. *Course Advisory:* Eligibility for English 001. This laboratory course teaches the skills needed to serve as a technician in biotechnology production. Students grow and monitor bacterial, yeast, and mammalian cells on a laboratory scale that emulates the large-scale production used in industry. Students will become familiar with the cleaning, sterilization, aseptic inoculation, operation, and monitoring of fermenters and bioreactors. Students then recover and purify proteins produced by those cell cultures. They recover and purify proteins using centrifugation, ultrafiltration, and chromatography techniques. The course emphasizes the use of current Good Manufacturing Practices (cGMP), and students gain experience following Standard Operating Procedures (SOP). *Two hours lecture, six hours lab.*

BIOT 063**4.0 Units****Biotechnology Instrumentation: Quality Control and Genetic Engineering**

Prerequisite: BIO 014 or BIO 002 or BIOT 160. *Course Advisory:* Eligibility for English 001. This laboratory course teaches the skills needed to serve as a technician in biotechnology production. Students grow and monitor bacterial, yeast, and mammalian cells on a laboratory scale that emulates the large-scale production used in industry. Students will become familiar with the cleaning, sterilization, aseptic inoculation, operation, and monitoring of fermenters and bioreactors. Students then recover and purify proteins produced by those cell cultures. They recover and purify proteins using centrifugation, ultrafiltration, and chromatography techniques. The course emphasizes the use of current Good Manufacturing Practices (cGMP), and students gain experience following Standard Operating Procedures (SOP). *Two hours lecture, six hours lab.*

BIOT 160**4.0 Units****Basic Concepts/Methods in Biotechnology**

Course Advisory: MATH 330 with a minimum grade of C; SCC minimum English standard. This course serves as a prerequisite to Solano College's biotechnology courses by giving students knowledge of the basic concepts in biology and chemistry used in biotechnology while also developing the basic laboratory skills required to succeed in the field. *Two hours lecture, six hours lab.*

Business

Associate in Science in Business Administration for Transfer (ADT: A.S.-T)

Program Description

This curriculum is designed to provide an opportunity for Business majors to achieve an associate in science degree in business administration while completing the requirements for transfer to a California State University (CSU) or other four-year college or university. A baccalaureate degree is recommended preparation for those considering careers in business. Completion of this curriculum will demonstrate commitment to the field and provide comprehensive preparation for upper-division work.

Associate in Science in Business Administration for Transfer

A Solano College student who has earned the associate in science degree in business administration for transfer will be granted priority admission to the CSU into a similar (BA) degree program as long as the student meets all prescribed admission requirements. Once admitted the student will only be required to complete 60 additional upper-division units to qualify for the similar BA degree. The A.S.-T degree does not guarantee admission to a specified major or campus, but does require the California State University to grant a student priority admission consideration to a CSU campus and to a major that is similar to the transfer degree.

To earn the Associate in Arts in Business for Transfer degree, students must:

1. Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements
 - b. A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

Program Outcomes

Students who complete the Associate in Science in Business Administration for Transfer degree will be able to:

1. Recognize and describe the importance of marketing, law, economics, accounting, business administration, finance, risk analysis, and personnel management in business and formulate hypotheses based on these concepts.
2. Analyze practical business problems and utilize research and critical thinking to evaluate and recommend alternative solutions.
3. Use appropriate computer software to create and or modify relevant business documents.
4. Apply accounting concepts and principles in making business decisions.

REQUIRED COURSES.....	Units
ACCT 001 Principles of Accounting – Financial.....	4
ACCT 002 Principles of Accounting – Managerial.....	4
BUS 005 Introduction to Business.....	3
BUS 018 Legal Environment of Business.....	3
CIS 050 Microcomputer Applications	3
ECON 001 Principles of Economics (Macroeconomics)..	3
ECON 002 Principles of Economics (Microeconomics)...	3
MATH 011 Elementary Statistics	4
Required Major Total Units	27

CSU General Education or IGETC Pattern Units.....	37 – 39
CSU Transferable Electives (as needed to reach 60 transferable units)*	3 – 5
Total Degree Units	60

** 9 units may be double counted toward both the major area of emphasis and CSU General Education or IGETC Pattern. Consult with a counselor for more information on completing this degree.*

Business

Business, General

Program Description

This program is designed for business students planning to transfer to the University of California and/or the California State University systems.

Certificate of Achievement

A Certificate of Achievement can be obtained by completing the 26-unit major with a grade of "C" or better in each course or a P if taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Business, General Certificate of Achievement will be able to:

1. Recognize the importance marketing, legal, economics, accounting, business forms, financing, risk, and personnel management in business and formulate hypotheses based on these concepts.

REQUIRED COURSES.....

Units

ACCT 001 Principles of Accounting - Financial	4
ACCT 002 Principles of Accounting - Managerial	4
BUS 005 Introduction to Business.....	3
BUS 018 Legal Environment of Business.....	3
CIS 001 Introduction to Computer Science	3
OR	
CIS 050 Microcomputer Applications	3
ECON 001 Principles of Economics (Macroeconomics) ..	3
ECON 002 Principles of Economics (Microeconomics) ..	3
Elective(s) selected from the recommended electives	3
Total Units	26

Recommended Electives

(Select three units).....

Units

BUS 092 Business Communication.....	3
CIS 020 Assembly Programming	3
CIS 022 Introduction to Programming.....	3
CIS 023 Data Structures and Algorithms.....	4
MATH 011 Elementary Statistics	4
MATH 020 Analytic Geometry and Calculus I	5
MATH 021 Analytic Geometry and Calculus II.....	5
MATH 030 Analytic Geometry and Calculus	3
MATH 031 Analytic Geometry and Calculus	3
OCED 090 Occupational Work Experience	1-8
OCED 091 General Work Experience	1-6

***Suggested general education math courses for the Business, General (Transfer) major are MATH 011 (Statistics) OR MATH 030 (Analytical Geometry and Calculus).**

This is a Gainful Employment Program. For additional information, please visit http://www.solano.edu/gainful_employment/ and select "Business, General."

Business

Business-Insurance: Property & Casualty

Program Description

This program provides essential background information needed by those wishing to work in an insurance office. Extensive employment opportunities are available in a variety of job areas from sales to accounting to database or project management.

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement can be obtained by completing the 31-unit major below. The Associate in Science Degree can be obtained upon completion of 60 units, including the major, and the general education requirements and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Business-Insurance: Property & Casualty Certificate of Achievement/ Associate Degree will be able to:

1. Understand the insurance process, the segments of insurance, and the consequences of insurance contracts in mitigating loss.
2. Understand the risk management techniques available to handle exposure to loss and the use of risk modification.
3. Understand the financial and human consequences of loss. Proper and casualty exposures.
4. Apply the insurance principles in potential and real business and personal loss exposures.
5. Understand the exposures to loss faced by an individual and/or corporation.

REQUIRED COURSES.....Units	Recommended Electives
ACCT 001 Principles of Accounting - Financial 4	MKT 171 Introduction to Marketing
BUS 005 Introduction to Business..... 3	MKT 173 Principles of Selling
BUS 018 Legal Environment of Business..... 3

Insurance Specialist Job-Direct Certificate

All courses must be completed with a C or better

REQUIRED COURSES.....Units	
BUS 070 Introduction to Insurance..... 1	
BUS 071 Principles of Property and Liability Insurance . 3	
BUS 072 Personal Insurance 3	
BUS 073 Commercial Insurance 3	
BUS 074 Insurance—Code & Ethics..... 1	
Total Units 11	

Business

BUS 005 3.0 Units
Introduction To Business

Course Advisory: Eligibility for English 001 and SCC minimum Math standard. A comprehensive study and analysis of the principles of business. The course introduces students to contemporary business principles, practices, and terminology. Students will gain an understanding and appreciation of the private enterprise system, and how the functional areas of business work and interrelate. The course explores business career opportunities, provides the prerequisite knowledge needed for success in other business courses, and prepares students for transfer to upper-division business degree programs. Assigned readings, class participation, written homework, and written examinations are required. *Three hours lecture.*

BUS 018 3.0 Units
Legal Environment of Business

Course Advisory: Eligibility for English 001 and SCC minimum Math standard. A comprehensive introduction to the study of law, with specific emphasis on the legal environment of business. Includes the legal process, legal institutions, ethics, jurisdiction, U.S. Constitution, contracts, agency, the Uniform Commercial Code (UCC), torts, employment law, property, bankruptcy law, forms of business organization, corporations, consumer protection, government regulation and Alternative Dispute Resolution (ADR), along with ethical concerns and current public policy issues. Written examinations required. C-ID BUS 120. *Three hours lecture.*

BUS 060 3.0 Units
Introduction to International Business

Course Advisory: Eligibility for English 001 and SCC minimum Math standard. A comprehensive overview designed to provide a global perspective in a continuously emerging international marketplace, including topics such as foreign investing, impact of financial markets, international marketing, cultural understanding, and operation of multinational and small companies. *Three hours lecture.*

BUS 070 1.0 Units
Introduction to Insurance

Course Advisory: Eligibility for English 001 and SCC minimum Math standard. Provides students with the background needed prior to taking the other insurance courses. Included are topics such as property/casualty insurance, distribution of insurance products and services to the consumer, how insurance company departments function, civil laws or tort and contract, basic commercial and personal Insurance Services Office (ISO) contracts, and the risk management process. *Three hours lecture (6-week course).*

BUS 071 3.0 Units
Principles of Property and Liability Insurance

Course Advisory: Eligibility for English 001 and SCC minimum Math standard. One of five insurance courses that are designed to prepare students for employment in the insurance industry, which consists of many different types of employment opportunities, from selling insurance to working in a variety of positions in an insurance company. *Three hours lecture.*

BUS 072 3.0 Units
Personal Insurance

Course Advisory: Eligibility for English 001 and SCC minimum Math standard. Assists individuals in learning basic information regarding personal insurance. It includes information about automobile insurance; homeowners' insurance; other residential insurance, such as fire and earthquake insurance; marine insurance; and other personal property. *Three hours lecture.*

BUS 073 3.0 Units
Commercial Insurance

Course Advisory: Eligibility for English 001 and SCC minimum Math standard. One of five insurance courses designed to prepare students for employment in the insurance industry. Emphasis for this course is on commercial insurance. The insurance industry offers many different types of employment opportunities, from selling insurance to working in an insurance office. *Three hours lecture.*

BUS 074 1.0 Units
Insurance - Code & Ethics

Course Advisory: Eligibility for English 001 and SCC minimum Math standard. Designed to enable students to understand and apply proper ethical business behavior and obligations, especially as they relate to those working in the field of insurance. *Three hours lecture (6-week course).*

BUS 092 3.0 Units
Business Communication

Course Advisory: Eligibility for English 001 and SCC minimum Math standard. A study of communication theory in the planning and preparation of various types of letters, reports, resumes, and oral presentations along with analysis of group dynamics, symbolic communication, interview techniques and listening skills. Stresses audience analysis, style, appearance, and the importance of grammar, punctuation and vocabulary. Strong focus on gender and cultural communication issues and strategies in the workplace. Critical thinking encouraged through written and oral assignments and case studies on business communication and ethical issues. *Three hours lecture.*

Business

BUS 099 1.0 to 3.0 Units
Business Honors

Prerequisite: Completion of 24 units of college credit with a minimum GPA of 3.3; a minimum of 5 units in the discipline with a minimum grade of B; an ability to work independently; permission of the School Dean based on instructor availability.
A comprehensive study and analysis of a topic of student scholarship which is centered on important topics or issues within the business field. Students may take this course up to the maximum number of units over multiple semesters. *Three to nine hours by arrangement.*

BUS 100 1.5 Units
Work Readiness

Course Advisory: SCC minimum English and Math standards.
Covers the process of assessing the job market and completing a resume and application. Topics include how to be successful on the job and to gain satisfaction and rewards from work. The skills needed in the workplace are emphasized along with the social and communication skills, personal characteristics and habits, and expectations of the employer. *Three hours lecture (8-week course).*

BUS 148A 3.0 Units
Small Business Project-Based Path for Entrepreneurs

Small Business Project-Based Path for Entrepreneurs Course Advisory: SCC minimum English and Math standards. This course emphasizes activities and techniques through project management that develops competencies needed to become a successful leader. Students receive instruction and project-based activities in the areas of entrepreneurship, project management, personal and workplace skill, oral and written techniques, and networking. *Three hours lecture.*

BUS 181 1.0 to 3.0 Units
Business Mathematics

Course Advisory: SCC minimum English standard. This course requires students to apply essential mathematical skills necessary for success in business. Includes a review of fractions, decimals, percents, ratios, the percentage formula, and general business applications; covers advanced business applications such as interest, discount, markup, payroll, pricing policies, cash and trade discounts, and financial statements. This is a self-paced, programmed learning class. *Students may take this course up to the maximum number of units over multiple semesters. This is an Open Entry/Open Exit, Variable unit course; Online course is not Open Entry/Open Exit. One to three hour(s) lecture.*

BUS 182 1.0 Units
Small Business Mathematics

Course Advisory: SCC minimum English and Math standards. This course requires students to apply essential mathematical skills necessary for persons operating a successful business. It includes asset and inventory management; ratio analysis, depreciation, taxation applied to sales, excise, and real property; investments and insurance, and basic statistics. This is a self-paced, programmed learning class. *This is an Open Entry/Open Exit course; Online course is not Open Entry/Open Exit. One hour lecture.*

BUS 208 0.5 Units
Employee Relations And Personnel Policies

Good employees are made through effective training, development, and relations. This course explores techniques used in training and developing good employees. The elements that comprise a sound employee relations program are presented. *This is a Pass/No Pass only course. Four hours lecture (2-week course).*

Chemistry

Chemistry

Program Description

This program is designed to foster an understanding of the fundamental principles of chemistry in a variety of applications. Students will learn how chemical knowledge is derived, theorized, and applied in solving problems in everyday life.

Associate in Science Degree

The Associate in Science Degree can be obtained by completing 60 units, including the 26-30 unit major listed below, general education requirements, and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Chemistry Associate Degree will be able to:

1. Interpret and analyze chemical data.
2. Apply chemical bonding knowledge to structural analysis.
3. Construct balanced equations for chemical reactions.
4. Develop various lab techniques.
5. Formulate and write names for chemical compounds.
6. Analyze chemical problems.

REQUIRED COURSES.....	Units
CHEM 001 General Chemistry.....	5
CHEM 002 General Chemistry.....	5
CHEM 003 Organic Chemistry I.....	5
CHEM 004 Organic Chemistry II.....	5
BIO (any course except 048 or 098).....	3 - 5
PHYS 002 General Physics (Non-calculus).....	5
OR	
PHYS 006 Physics for Science and Engineering	5
OR	
PHYS 010 Descriptive Physics	3
Total Units	26 – 30

CHEM 001

General Chemistry

Prerequisite: A minimum grade of C in both CHEM 160 and MATH 104. *Course Advisory:* CHEM 010 is strongly recommended for students who need additional preparation in problem solving; SCC minimum English standard. Presents principles of general chemistry for students in science, engineering, medical and related professions. Topics include atomic structure and theory, the periodic table, bonding, gas laws, stoichiometry, solutions, ionization, thermochemistry and equilibrium. This course requires significant math skills and previous knowledge of fundamental chemistry concepts. Field trips and online work may be required. *Three hours lecture, six hours lab.*

5.0 Units

CHEM 002

General Chemistry

Prerequisite: CHEM 001 with a minimum grade of C. A continuation of chemical principles and theory covered in CHEM 001 with emphasis on electrochemistry, chemical equilibrium, acid-base equilibrium, thermodynamics, descriptive chemistry and quantitative and qualitative analysis. This course requires significant math skills and previous knowledge of fundamental chemistry concepts. Field trips and online work may be required. *Three hours lecture, six hours lab.*

5.0 Units

Chemistry

CHEM 003**5.0 Units****Organic Chemistry I**

Prerequisite: CHEM 002 with a minimum grade of C. *Course Advisory:* Eligibility for ENGL 001. First half of a two semester course sequence (CHEM 003 and CHEM 004) that begins a survey of organic chemistry for students in chemical, biological, health science, and related professions. Topics include analysis of structure and nomenclature, bonding, isomerism, and basic reaction mechanisms of organic chemicals. Functional groups considered include alkanes, alkenes, alkynes, alcohols, and alkyl halides and ethers. Basic organic laboratory procedures are introduced along with spectral analysis, simple syntheses, and reactions described in lecture. Field trip may be required. Online homework and quizzes may be required. C-ID CHEM 150; (CHEM 003 + 004) C-ID CHEM 160S. *Four hours lecture, four hours lab.*

CHEM 004**5.0 Units****Organic Chemistry II**

Prerequisite: CHEM 003 with a minimum grade of C. Second half of a two semester course sequence (CHEM 003 and CHEM 004). *Course Advisory:* Eligibility for ENGL 001. Topics include analysis of structure, nomenclature, and reaction mechanisms of conjugated systems, aromatics, organometallics, aldehydes, ketones, amines, carboxylic acids and acid derivatives, and various functional groups, carbohydrates, lipids, amino acids, proteins, and nucleic acids. The laboratory will emphasize more advanced work and the application of instrumentation in organic chemistry. Field trip may be required. Online homework and quizzes may be required. C-ID (CHEM 003 + 004) CHEM 160S. *Four hours lecture, four hours lab.*

CHEM 010**4.0 Units****Intermediate Chemistry**

Prerequisite: CHEM 160 with a minimum grade of C and a minimum grade of C in MATH 104 or MATH 114. *Course Advisory:* Eligibility for English 001. A general chemistry course often required for nursing students and for students majoring in physical therapy, occupational therapy, and industrial technology, it emphasizes the chemistry of inorganic compounds and covers selected topics such as atomic theory, bonding, equations, gas laws, solutions, acid-base theory, and oxidation-reduction. *Field trip may be required. Online homework may be required. NOTE: Not open for credit to students who have completed CHEM 001. Three hours lecture, three hours lab.*

CHEM 011**4.0 Units****Basic Organic Chemistry & Biochemistry**

Prerequisite: CHEM 010 or CHEM 001 with a minimum grade of C. *Course Advisory:* Eligibility for English 001. Presents an overview of organic chemistry and biochemistry for majors in nursing, liberal arts and technical fields. *Field trip may be required. Online work may be required. Three hours lecture, three hours lab.*

CHEM 012**5.0 Units****Chemistry for the Health Sciences**

Prerequisite: CHEM 160 with a minimum grade of C, or two semesters of high school chemistry, and a minimum grade of C in MATH 104 or MATH 114 or the equivalent or two years of high school algebra. *Course Advisory:* Eligibility for English 001. This course presents an overview of general, organic chemistry, and biochemistry for majors in nursing and other allied health occupations. Topics covered include chemical bonding, chemical equations, gas laws, solutions, acid-base theory, oxidation-reduction, functional groups and properties of organic compounds, and the structure and function of carbohydrates, lipids, proteins, and nucleic acids. These topics are discussed in the context of cellular metabolism and human health. This course is not a prerequisite for any chemistry course. Field trip may be required. Online homework may be required. **NOTE:** Not open for credit to students who have completed CHEM 011. Formerly CHEM 051. *Three hours lecture, six hours lab.*

CHEM 160**4.0 Units****Introductory Chemistry**

Prerequisite: A minimum grade of C in any of the following: MATH 104 or MATH 114 or two years of high school algebra. *Course Advisory:* SCC minimum English standard. An introductory course covering the fundamental principles of inorganic chemistry. *Field trips may be required. Online work may be required. NOTE: Not open to students who have completed CHEM 001, CHEM 010, or equivalent. Three hours lecture, three hours lab.*

Child Development and Family Studies

Early Childhood Education

Program Description

This program offers comprehensive study of child development, strategies for child guidance, techniques for effective classroom interaction with emphasis on the child in the context of family and culture, and curriculum that enhances the development of the whole child. The Child Development and Family Studies Department is a participant in the Curriculum Alignment Project (CAP). A key effort of the Curriculum Alignment Project is to facilitate the transfer of the courses below as an integrated course of study promoting access to ongoing education and degree attainment. These courses will easily transfer between many California State Universities. The CAP courses include: CDFS 038, CDFS 050, CDFS 053, CDFS 054 (or NUTR 054), CDFS 062, CDFS 063, CDFS 064, and CDFS 065.

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement can be obtained upon successful completion of the 35-unit major with a grade of C (2.0) or better in each course. The Associate in Science degree can be obtained by completing the 35-unit major, the general education requirements (Solano College, CSU or IGETC), and electives.

Program Outcomes

Students who complete the Early Childhood Education Certificate of Achievement / Associate Degree will be able to:

1. Demonstrate an understanding of child development theory, current research, and trends in the field, and their application to responsive practice in early care setting.
2. Demonstrate an understanding of the context of individual development including the centrality of family, culture, and community. Students will develop specific techniques for creating meaningful relationships between home and school.
3. Develop curriculum and early care environments that are derived from unbiased observation and assessment of children's interests and developmental levels.
4. Demonstrate reflective practice in their work with young children by building awareness of self as teacher, child as learner, and early childhood pedagogy.

REQUIRED COURSES

Full-time students are advised to enroll in CDFS 038, CDFS 050, CDFS 062, and a required curriculum course (CDFS 071, 072, or 073) during their first semester. Second semester students should take CDFS 054, CDFS 063, and CDFS 064. In the third and fourth semesters, students should take practicum (CDFS 065 and CDFS 066), CDFS 053, and a required curriculum course (CDFS 071, 072, 073, or 074). Students will spend their first semester of ECE Practicum I (CDFS 065) assigned to the Solano College Children's Program. A second semester may be spent either on campus or off campus (CDFS 066). Off campus placements will be made with an approved teacher from the Early Childhood Mentor Project. Prior to the first week of enrollment in CDFS 065 or 066, students will be required to pass a criminal record check and be fingerprinted at District expense.

Child Development and Family Studies

Associate in Science in Early Childhood Education for Transfer (ADT: A.S.-T)

Program Description

Successful completion of this major prepares students to work in the field of early childhood education. Students will learn about child development, health and safety, observation and assessment, and techniques for effective classroom teaching including child guidance, curriculum development, and educating in a culturally respectful manner. One semester of practicum is required. This program aligns with the statewide Early Childhood Education Curriculum Alignment Project (CAP) which is designed to aid in student transfer. The CAP courses include: CDFS 038, CDFS 050, CDFS 053, CDFS 054 (or NUTR 054), CDFS 062, CDFS 063, CDFS 064, and CDFS 065.

Associate in Science in Early Childhood Education for Transfer

The Associate in Science in Early Childhood Education for Transfer is especially appropriate for students who plan to complete a bachelor's degree in Early Childhood Education or Child Development at a CSU campus. Students completing and Associate in Science in Early Childhood Education for Transfer degree are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the Associate in Science in Early Childhood Education for Transfer will be required to complete no more than 60 units after transfer to earn a bachelor's degree. This degree also prepares students for Early Childhood Education degree programs at other four-year institutions, but does not come with the same guarantees. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

To earn the Associate in Science in Early Childhood Education for Transfer Degree, students must:

1. Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements
 - b. A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

Program Outcomes

Students who complete the Associate in Science in Early Childhood Education for Transfer degree will be able to:

1. Demonstrate an understanding of child development theory, current research, and trends in the field, and their application to responsive practice in early care settings.
2. Demonstrate an understanding of the context of individual development including the centrality of family, culture, and community through developing techniques for creating meaningful relationships between home and school.
3. Develop curriculum and early care environments that are derived from unbiased observation and assessment of children's interests and developmental levels.
4. Demonstrate reflective practice in their work with young children by building awareness of self as teacher, child as learner, and early childhood pedagogy.

REQUIRED COURSES

The following 25 CDFS units are required for the Early Childhood Education for transfer degree. Some may double count for general education and the major (CDFS 038, CDFS 050). It is recommended that full time students enroll in CDFS 038, CDFS 050, and CDFS 062 in their first semester. Second semester students should take CDFS 054, CDFS 063, and CDFS 064. In the second year students should take CDFS 065, CDFS 053, and complete their other general education requirements. Practicum placements (CDFS 065) will be made at the Solano College Children's Program. Prior to the first week of enrollment in practicum student will be required to pass a criminal record check and be fingerprinted at the District's expense.

	Units	Required Major Total Units	25
CDFS 038 Child Growth and Development.....	3	CSU General Education or IGETC Pattern units..	37 - 39
CDFS 050 Child, Family and Community.....	3	CSU Transferable Electives	
CDFS 053 Teaching in a Diverse Society.....	3	(as needed to reach 60 transferable units)*	2 - 5
CDFS 054 Child Health, Safety, and Nutrition	3	Total Degree Units	60
CDFS 062 Introduction to Early Childhood Education:			
Principles and Practices.....	3		
CDFS 063 Introduction to Curriculum.....	3		
CDFS 064 Observation and Assessment.....	3		
CDFS 065 Early Childhood Education Practicum I	4		

* 6 units may be double counted toward both the major area of emphasis and CSU General Education or IGETC Pattern. Consult with a counselor for more information on completing this degree.

Child Development and Family Studies

Associate Teacher

Program Description

The Associate Teacher Certificate of Achievement meets the education requirements for the associate teacher level of the Child Development Permit Matrix issued by the State of California Commission on Teacher Credentialing and Community Care Licensing, Title 22 requirements for a fully qualified teacher. After meeting additional experience requirements, graduates are qualified to apply for a Child Development Permit, which is required to work in federal and state funded programs for children aged 0-5.

Certificate of Achievement

A Certificate of Achievement can be obtained by completing the 12-unit major with a minimum grade of "C" in each course or a P if taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Associate Teacher Certificate of Achievement will be able to:

1. Analyze major developmental milestones for children from conception through adolescence in the areas of physical, psychosocial, cognitive and language development using standard research methodologies including observation.
2. Assess early childhood settings, curriculum, and teaching strategies utilizing indicators of quality early childhood practices that support all children including those with diverse characteristics and their families.
3. Investigate and apply developmentally appropriate principles and teaching strategies to positively influence all young children's development and acquisition of knowledge and skills.
4. Identify the various and complex factors that affect the socialization of children including culture, historical factors, socio-economics, parenting styles, bias, etc. in an ecological context.

This is a Gainful Employment Program. For additional information, please visit
http://www.solano.edu/gainful_employment/ and select "Associate Teacher."

Child Development and Family Studies

CDFS 038 3.0 Units
Child Growth and Development

Course Advisory: Eligibility for ENGL 001. This course examines the major physical, cognitive, and psychosocial developmental milestones (typical and atypical) and theories from conception through adolescence. Emphasis is placed on the interaction between maturational processes and environmental factors. Current research and methodologies are examined. Child observations and analysis are included. C-ID CDEV 100. *Three hours lecture.*

CDFS 040 3.0 Units
Family Relationships

Course Advisory: Eligibility for ENGL 001. A study of sociological and psychological factors influencing relationships, particularly dating, family, and marital relationships, as well as alternative lifestyles in contemporary society, including factors that affect communication and interpersonal interactions within relationships. *Three hours lecture.*

CDFS 050 3.0 Units
Child, Family and Community

Course Advisory: Eligibility for ENGL 001. An examination of the developing child in a societal context focusing on the interrelationships of family, school and community, including historical and socio-cultural influences. Socialization and identity development are emphasized, as are teacher strategies for building respectful, reciprocal relationships that support and empower children and families. C-ID CDEV 110. *Three hours lecture.*

CDFS 052 3.0 Units
Children with Special Needs

Prerequisite: CDFS 038. Course Advisory: Eligibility for ENGL 001. An introductory study of children with special needs, including causes of disabilities, their incidence, care, management, and general remedial procedures. Emphasis is on the child with disabilities in the home and community settings. *Three hours lecture.*

CDFS 053 3.0 Units
Teaching in a Diverse Society

Course Advisory: Eligibility for ENGL 001. Examination of teaching young children in a diverse society in an effort to support optimal identity development, competency, and inclusion. Theoretical and practical implications of oppression and privilege will be explored as they apply to children, families, programs, classrooms, and teaching. Various classroom strategies will emphasize culturally and linguistically appropriate anti-bias approaches. Course includes self-examination and reflection on issues related to social identity, stereotypes and bias, social and educational access, media, and schooling. C-ID ECE 230. *Three hours lecture.*

CDFS 054 3.0 Units
Child Health, Safety, and Nutrition

Course Advisory: Eligibility for ENGL 001, CDFS 038 and CDFS 062. Introduction to the laws, regulations, standards, policies and procedures and early childhood curriculum related to child health safety and nutrition. The key components that ensure physical health, mental health and safety for both children and staff will be identified along with the importance of collaboration with families and health professionals. Focus on integrating the concepts into everyday planning and program development for all children. *This course is the same course as NUTR 054.* C-ID ECE 220. *Three hours lecture.*

CDFS 055 3.0 Units
Impact of Violence on Children and their Families

Course Advisory: SCC minimum English standards. Exploration of violence in America and its impact on the physical and psychological well-being of children, their families and early childhood teachers. Emphasis on critical factors in understanding appropriate early childhood violence prevention and intervention strategies. *Three hours lecture.*

CDFS 056 3.0 Units
Intervention and Strategies for Working with Children with Challenging Behaviors

Course Advisory: SCC minimum English standards. Provides early childhood teachers knowledge and skills to respond to the needs of children and families who experience stress and chronic violence through exploration of the power of play in helping children resolve conflicts and methods for teaching alternatives to violence. *Three hours lecture.*

Child Development and Family Studies

CDFS 062 3.0 Units
Introduction to Early Childhood Education: Principles and Practices

Prerequisite: CDFS 038 (may be taken concurrently). *Course Advisory:* Eligibility for ENGL 001. An examination of the underlying theoretical principles of developmentally appropriate practices applied to programs, environments, emphasizing the key role of relationships, constructive adult-child interactions, and teaching strategies in supporting physical, social, creative and intellectual development for all young children. This course includes a review of the historical roots of early childhood programs and the evolution of the professional practices promoting advocacy, ethics and professional identity. C-ID ECE 120. *Three hours lecture.*

CDFS 063 3.0 Units
Introduction to Curriculum

Prerequisite: CDFS 038 with a minimum grade of C. *Course Advisory:* CDFS 062 with a minimum grade of C; Eligibility for ENG 001. This course presents an overview of knowledge and skills related to providing appropriate curriculum and environments for young children from birth to age 6. Students will examine a teacher's role in supporting development and fostering children's curiosity and learning. Through observation and assessment strategies students will develop appropriate play-based curriculum. An overview of content areas will include but not be limited to: Language and literacy, social and emotional learning, sensory learning, art and creativity, music, math, and science. C-ID ECE 130. *Three hours lecture.*

CDFS 064 3.0 Units
Observation and Assessment

Course Advisory: CDFS 038; Eligibility for ENGL 001. This course focuses on the appropriate use of assessment and observation strategies to document development, growth, play and learning to join with families and professionals in promoting children's success. Recording strategies, rating systems, portfolios, and multiple assessment tools are explored. C-ID ECE 200. *Three hours lecture.*

CDFS 065 4.0 Units
Early Childhood Education Practicum I

Prerequisite: Minimum grade of C in both CDFS 050 and CDFS 063. *Course Advisory:* Eligibility for ENGL 001. Supervised laboratory experience with infants through preschool children in the Solano College Children's Programs. Students will spend 8 hours in practicum, 1 hour in a teacher meeting, and 1 hour in seminar for a total of 10 hours per week. Students will utilize practical classroom experiences to make connections between theory and practice, develop professional behaviors, and build a comprehensive understanding of children and families. Child centered, play-oriented approaches to teaching, learning, and assessment; and knowledge of curriculum content areas will be emphasized as students teachers design, implement and evaluate experiences that promote positive development and learning for all young children. During the first week of enrollment, students will be required to be fingerprinted and cleared through Department of Justice and have a negative TB skin test at the District's expense. C-ID ECE 210. *One hour lecture, nine hours by arrangement.*

CDFS 066 4.0 Units
Early Childhood Education Practicum II

Prerequisite: CDFS 065 with a minimum grade of C. *Course Advisory:* Eligibility for ENG 001. Laboratory practicum emphasizing curriculum activities, comprehensive case studies, methods of child observation, and relationships of theories to practices. Students may be placed in the Solano College Children's Programs on campus or with a Mentor teacher (selected by the SCC/ECE Mentor teacher selection committee) off campus. Students will spend 8 hours in practicum, 1 hour in a teacher meeting, and 1 hour in seminar for a total of 10 hours per week. During the first week of enrollment, students will be required to be fingerprinted and cleared through Department of Justice and have a negative TB skin test at the District's expense. *One hour lecture, nine hours by arrangement.*

CDFS 070 3.0 Units
Lifespan Human Development

Course Advisory: Eligibility for ENG 001. A survey of human development throughout the life cycle, including physical, social, intellectual, and emotional development from conception to death. Includes direct observation. *Three hours lecture.*

Child Development and Family Studies

CDFS 071 3.0 Units

Language and Literature for ECE

Course Advisory: Eligibility for ENG 001 and CDFS 038. An introduction to children's literature and to the development of speech and language during early childhood. Students will explore teaching techniques which promote language acquisition including teacher-child interaction, story telling, puppetry, language games, flannel board stories, journaling, and the development of dramatic play materials. Culturally inclusive practices will be emphasized. *Three hours lecture.*

CDFS 072 3.0 Units

Art and Creative Development for ECE

Course Advisory: SCC minimum English and Math standards; CDFS 038. A study of art activities appropriate to the developmental needs of the young child. Emphasis is on children's use of art as a way to express their individuality and communicate their ideas about themselves and their world. *Formerly ECE 072. Three hours lecture.*

CDFS 073 3.0 Units

Music and Movement for ECE

Course Advisory: CDFS 038; Eligibility for ENG 001. Presents a curriculum of music appropriate for teachers of young children from infancy through the primary grades. Fundamentals of music and simple chording techniques will be introduced. *Formerly ECE 073. Field trip may be required. Three hours lecture.*

CDFS 074 3.0 Units

Science and Math for ECE

Course Advisory: CDFS 038 with a minimum grade of C; Eligibility for ENG 001 and SCC minimum Math standard. An exploration of scientific principles, materials, and information from the biological and physical sciences appropriate for young children. Through an emphasis on the choice and presentation of appropriate concepts and processes, students acquire basic science knowledge relevant to the intellectual development of the young child. *Formerly ECE 070. Field trip may be required. Three hours lecture.*

CDFS 075 3.0 Units

Care of Infants and Toddlers: Social-Emotional Foundations

Course Advisory: Eligibility for ENG 001. This course examines relationship-based infant/toddler group care, with an emphasis on social-emotional development. Theoretical foundations of quality care are addressed including the importance of home-family connections, cultural continuity, and responsive practice. Skills for individualizing care, routines, and working with children with special needs are explored. *Three hours lecture.*

CDFS 076 3.0 Units

Care of Infants and Toddlers: Curriculum and Environments

Course Advisory: Eligibility for ENG 001. Based on theory and an holistic approach to development, this course explores quality environments and curriculum for infants and toddlers. Through observation and assessment, students develop skills for creating meaningful cognitive, physical, literacy, and social/emotional experiences in group care. *Three hours lecture.*

CDFS 080 3.0 Units

Early Childhood Administration

Prerequisite: Minimum grade of C in both CDFS 038 and CDFS 062. Course Advisory: Eligibility for ENG 001. An overview of the fundamental duties and responsibilities of Early Childhood Administration, including preparation, implementation and evaluation of the program goals and budget controls. Meets requirements set by the California Commission on Teacher Credentialing for Site Supervisor and Program Director permit and State of California Community Care Licensing. *Three hours lecture.*

CDFS 081 3.0 Units

Early Childhood Staff Supervision

Prerequisite: Minimum grade of C in CDFS 038, CDFS 050, and CDFS 062. Course Advisory: Eligibility for ENG 001. A presentation of the fundamentals involved in becoming a more effective supervisor and methods and procedures in dealing with selection, supervision and evaluation of staff in an early childhood setting. Meets the requirements set by the California Commission on Teacher Credentialing for the Site Supervisor and Program Director Permit and State of California Community Care Licensing. *Three hours lecture.*

Child Development and Family Studies

CDFS 082

2.0 Units

Adult Supervision: The Mentor Teacher

Prerequisite: Minimum grade of C in each CDFS 038, CDFS 050, and CDFS 062. Course Advisory: Eligibility for ENG 001.

Methods and principles of supervising student teachers in early childhood classrooms. Emphasis on the role of experienced classroom teachers who function as mentors to new teachers while simultaneously addressing the needs of children, parents and other staff. Required for the Master Teacher, Site Supervisor, and Program Director Permits issued by the California Commission on Teaching Credentialing. *Two and three-quarters hours lecture (12-week course).*

CDFS 099

1.0 to 3.0 Units

Early Childhood Education Honors

Prerequisite: Completion of 24 units of college credit with a minimum GPA of 3.3; a minimum of 5 units in the discipline with a minimum grade of B; an ability to work independently; permission of the School Dean based on instructor availability. Course Advisory: Eligibility for ENGL 001. An independent study and research class in the areas of infant, toddler, and preschool early education programs. The student and instructor design an outlined program of study. Students may continue CDFS 099 over multiple semesters not to exceed 3 units. *Three to nine hours by arrangement.*

Communication Studies

Associate in Arts in Communication Studies for Transfer (ADT: A.A.-T)

Program Description

The Communication Studies Program is broad-based and concerned with the preparation and delivery of messages in interpersonal, public and business situations. This program focuses on understanding the communication process and improving communication skills. The program prepares the students to pursue professional goals in a variety of career possibilities including: Community College Teacher, Speech Writer, Communication Consultant, Lawyer, Minister, Personnel Director, Sports Broadcast Journalist, Public Relations, Political Campaign Aide, Sales, Counselor.

Associate in Arts Degree for Transfer

The Associate in Arts in Communication Studies for Transfer (AA-T) is especially appropriate for students who plan to complete a bachelor's degree in Communication Studies at a CSU campus. Students completing this degree (AA-T in Communication Studies) are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AA-T in Communication Studies will be required to complete no more than 60 units after transfer to earn a bachelor's degree. This degree also prepares students for communication studies degree programs at other four-year institutions, but does not come with the same guarantees. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

To earn the Associate in Arts in Communication Studies for Transfer degree, a student must:

1. Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements
 - b. A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

Program Outcomes

Students who complete the Associate in Arts in Communication Studies for Transfer Degree will be able to:

1. Critically evaluate speeches, debates, and other communicative performances.
2. Comprehend the skills and techniques necessary to be organized, confident communicators in a variety of classroom settings.
3. Understand the process of communication and communication methods in a multiple contexts.
4. Communicate utilizing a variety of performance methods.

Communication Studies

Sports Broadcasting

Program Description

The Certificate of Achievement in Sports Broadcasting offers students hands-on experience in the basics of television and internet sports broadcasting. Areas of concentration include performance and technical training for a variety of televised sporting events and productions. The Certificate is geared for those who are interested in obtaining employable skills in a short timeframe. The Certificate of Achievement may be completed in one year and serves as a professional development opportunity.

Certificate of Achievement

A Certificate of Achievement can be obtained by completing the 12-unit major with a minimum grade of "C" in each course or a P if taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Sports Broadcasting Certificate of Achievement will be able to:

1. Obtain and demonstrate skill set for entry level positions in broadcasting and electronic media productions.
2. Amass a minimum of 200 experience hours working on sports production tasks and to acquire recorded audio/video content to compile a demo tape.
3. Broadcast production assignments totaling 200 hours, exams, self-evaluation journals, and viewer response and evaluations.
4. Demonstrate ability to work as an individual as well as an effective team member on sports productions.

Communication Studies

COMM 001

3.0 Units

Introduction to Public Speaking

Course Advisory: Eligibility for ENG 001. A public speaking course which includes instruction and practice in the various forms of public address and the techniques for orally presenting ideas clearly, concisely, and coherently. Students are required to outline speeches frequently and/or complete a detailed manuscript of the speech; to read a college-level public speaking textbook and apply its principles in the preparation of their speeches; to critically analyze public speeches of various types. C-ID COMM 110. *Three hours lecture.*

COMM 002

3.0 Units

Fundamentals of Persuasive Speaking

Course Advisory: Eligibility for ENGL 001. A persuasive speaking course which includes instruction and practice in the various forms of persuasive speaking including, but not limited to, sales presentations, speeches of praise/blame, propaganda, and opposing viewpoints. Students are required to outline persuasive speeches frequently; to read a college-level persuasive speaking textbook and apply its principles in the preparation of their persuasive speeches; to critically analyze persuasive speeches; and to deliver persuasive speeches of various types. These speeches will be presented in class, in person to an audience of peers. Faculty evaluation will be done in the classroom in person. C-ID COMM 190. *Three hours lecture.*

COMM 006

3.0 Units

Argumentation and Debate

Course Advisory: Eligibility for ENGL 001. A public speaking course which includes instruction and practice in the principles of argumentation and in the various forms of debate including the analysis of propositions, research, evidence and reasoning. Students are required to practice various forensic debating techniques through the presentation of their outlined advocate/government and opposition cases after investigating major contemporary issues; to read a college level argumentation and debate textbook and apply its principles in the preparation of their cases/and to critically analyze debate cases. These debates will be presented in class, in person to an audience of peers. Faculty evaluation will be done in the classroom in person. C-ID COMM 120. *Three hours lecture.*

COMM 008

3.0 Units

Group Communication

Course Advisory: SCC minimum English standard. This course is designed to increase students' understanding of group communication behaviors related to problem-solving, decision-making, leadership, group roles, norms and conformity and to prepare students to function more effectively in groups. This course is designed for students majoring in speech communication, business, international business, education, nursing, and all fields of study and certifications that require group and team-building skills. C-ID COMM 140. *Three hours lecture.*

COMM 010

3.0 Units

Interpersonal Communication

Course Advisory: Eligibility for ENG 001. Communication principles as applied to different interpersonal communication situations including verbal and non-verbal communication, listening, overcoming barriers to communication, and conflict resolution. *Three hours lecture.*

COMM 012

3.0 Units

Intercultural Communication

Course Advisory: SCC minimum English standard. This course introduces students to the challenges and promises of intercultural communication with application to American culture, subcultures, and different cultures of the world. Specific focus will be development of the ability to acknowledge and understand the unique voice of people from the African, Asian, Latina, Middle Eastern, and Pacific Island cultures as well as co-cultures within the United States. Through lectures, readings, films, group discussions, written and oral assignments, students will learn the skills necessary to achieve positive outcomes when communicating with others that are perceived as different. C-ID COMM 150. *Three hours lecture.*

COMM 015

3.0 Units

Oral Interpretation of Literature

Course Advisory: Eligibility for ENG 001. Study of literature through oral performance that includes development of skills in the analysis and interpretation of prose, poetry, and dramatic literature. Emphasis on vocal and physical techniques to orally communicate understanding of the literature performed. C-ID COMM 170. *Three hours lecture.*

Communication Studies

COMM 049

1.0 to 3.0 Units

Speech Honors

Prerequisite: Completion of 30 or more units of transferable college credit including 6 units of transferable speech; ENGL 001 with a minimum grade of B; an ability to work independently; and permission of the School Dean based on instructor availability. An independent study program designed for students who have completed the available Speech offerings and wish to continue work in one of these areas, or work with an instructor in a specialized area of oral communication. The student and instructor design an outlined program of study. Students may take this course up to the maximum number of units over multiple semesters. *Three to nine hours by arrangement.*

COMM 050

1.0 to 4.0 Units

Forensics/Speech Workshop

Course Advisory: Eligibility for ENG 001. Provides training in the principles of all forms of competitive speaking, oral interpretation and debate, including participation in intercollegiate competition and appearances before campus and community groups. Students attend intercollegiate forensic tournaments and festivals or speak before campus or community audiences. Participation may include weekends and off campus travel. This is an Open entry/ Open exit course. C-ID COMM 160B. One hour lecture, zero to nine hours lab.

COMM 060

3.0 Units

Business and Professional Communication

Course Advisory: Eligibility for ENG 001. Presents practical communication skills to allow students to achieve effective verbal communication in business situations, community activities and other areas of daily life. Areas of discussion include giving and receiving the basic practical communication skills. Assignments and exercises are employed to allow students to achieve effective verbal communication in business situations, community activities, and other areas of daily life, including giving and receiving instructions, interviewing, verbal and non-verbal communication. Three hours lecture.

COMM 075A

3.0 Units

Sports Broadcasting - Fall Sports

Course Advisory: Eligibility for ENGL 001. A professional approach to the basics of on-air and internet sports broadcasting of football, soccer, volleyball and tennis. Areas of concentration include performance training for play-by-play description, color commentary, compiling and organizing statistical data for football, soccer, volleyball and tennis broadcasts. The course includes an in-depth approach to careers in broadcast communication with concentration on all aspects of research preparation and delivery presentation to establish and sustain a career in sports broadcasting in one or more of the following sports: football, soccer, volleyball and/or tennis. *Students will be required to attend weekly athletic events to fulfill activity hours. Events typically on TWTHF. One and one-half hours lecture, four and one-half hours lab.*

COMM 075B

3.0 Units

Sports Broadcasting - Spring Sports

Course Advisory: Eligibility for ENG 001. A professional approach to the basics of on-air and internet sports broadcasting of baseball, softball, basketball, hockey and swimming. Areas of concentration include performance training for play-by-play description, color commentary, compiling and organizing statistical data for baseball, softball, basketball, swimming and hockey broadcasts. The course includes an in-depth approach to careers in broadcast communication with concentration on all aspects of research preparation and delivery presentation to adequately and effectively establish and sustain a career in sports broadcasting in one or more of the following sports: baseball, softball, basketball, hockey and/or swimming. *Students will be required to attend weekly athletic events to fulfill activity hours. Events typically on TWTHFS. One and one-half hour lecture, four and one-half hours lab.*

COMM 080A

3.0 Units

TV Sports Production - Fall Sports

Course Advisory: Eligibility for ENG 001. Offers instruction and training in the fundamentals of televised sports productions, both in the studio and on location. The course focuses on all aspects of production: directing, board operation, computer graphics, videography, instant replay and pre and post production editing as it pertains to football, soccer, tennis and volleyball. *Students required to attend weekly athletic events to fulfill activity hours. Events typically on TWTHF afternoons and/or evenings. One and one-half hour lecture, four and one-half hours lab.*

Communication Studies

COMM 080B

3.0 Units

TV Sports Production - Spring Sports

Course Advisory: Eligibility for ENG 001. Offers instruction and training in the fundamentals of televised sports productions, both in the studio and on location. The course focuses on all aspects of production: directing, board operation, computer graphics, videography, instant replay and pre and post production editing as it pertains to basketball, baseball, softball, hockey and swimming. *Students required to attend weekly athletic events to fulfill activity hours. Events typically on TWTTHS afternoons and/or evenings. One and one-half hours lecture, four and one-half hours lab.*

Computer Information Science

Computer Programming

Program Description

This program is designed to prepare the student for employment as a computer programmer trainee.

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement can be obtained upon completion of the 33-unit major listed below. The Associate in Science Degree may be obtained by completing a total of 60 units, including the major, general education requirements, and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Computer Programming Certificate of Achievement/ Associate Degree will be able to:

1. Construct applications that use GUI (graphical user interface) components and access databases for data permanence.
2. Develop a programming solution to a data structure problem using object-oriented methodologies and appropriate data structures and algorithms.
3. Implement a well-designed, properly normalized relational database after analyzing user requirements and business rules.

REQUIRED COURSES	Units	Recommended Electives (select 3 units).....	Units
CIS 001 Introduction to Computer Science	3	CIS 035 Introduction to Java Programming	3
BUS 092 Business Communication.....	3	CIS 060 Introduction to the Internet.....	1.5
CIS 022 Introduction to Programming.....	3	CIS 061 Creating Web Pages	3
CIS 055 MS Windows Operating Systems.....	3	CIS 066 Microsoft Word.....	3
CIS 023 Data Structures and Algorithms.....	3	CIS 068 Object Oriented Game Programming with Flash	3
CIS 015 Programming in Visual Basic.NET.....	3	CIS 073 Microsoft Excel	3
CIS 089 Essential Networking Technologies	3	CIS 080 SQL Database Management Systems.....	3
CIS 078 Access - Database Management System.....	3	ACCT 001 Principles of Accounting - Financial	4
CIS 052 UNIX Operating System	3	ACCT 002 Principles of Accounting – Managerial.....	4
CIS 020 Assembly Programming	3	BUS 005 Introduction to Business.....	3
3 units from Recommended Electives.....	3	OCED 090 Occupational Work Experience	1 - 8
Total Units	33	OCED 091 General Work Experience	1 - 6

Note: Students planning to transfer to a four-year college and major in Management Information Systems/ Computer Science should see a counselor regarding Business Articulation Agreements for a particular university campus.

This is a Gainful Employment Program. For additional information, please visit http://www.solano.edu/gainful_employment/ and select "Computer & Info Science: Computer Programming."

Computer Information Science

Microcomputer Applications

Program Description

This option is designed to prepare the student for employment as a microcomputer applications specialist.

Certificate of Achievement and Associate of Science Degree

A Certificate of Achievement can be obtained upon completion of the 30-unit major listed below. The Associate in Science Degree may be obtained by completing a total of 60 units, including the major, general education requirements, and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Microcomputer Applications Certificate of Achievement/ Associate Degree will be able to:

1. Demonstrate knowledge of application software such as word processing, spread sheets, personal information management, database, operating systems, and networking, presentation and html editors.
2. Understand Visual Basic programming.
3. Demonstrate effective oral and written communication.

REQUIRED COURSES..... Units

CIS 001 Introduction to Computer Science	3
CIS 015 Programming in Visual Basic.NET.....	3
CIS 055 MS Windows Operating Systems.....	3
CIS 061 Creating Web Pages.....	3
CIS 066 Microsoft Word.....	3
CIS 073 Microsoft Excel.....	3
CIS 078 Access - Database Management System.....	3
CIS 089 Essential Networking Technologies.....	3
CIS 090 Introduction to PowerPoint.....	1.5
CIS 091 Microsoft Outlook.....	1.5
BUS 092 Business Communication.....	3
Total Units	30

Recommended Electives

CIS 020 Assembly Programming
CIS 022 Introduction to Programming
CIS 035 Introduction to Java Programming
CIS 060 Introduction to the Internet
CIS 066 Microsoft Word
CIS 080 SQL Database Management Systems
CIS 093 MS Publisher
ACCT 001 Principles of Accounting - Financial
ACCT 002 Principles of Accounting - Managerial
BUS 005 Introduction to Business
OCED 090 Occupational Work Experience
OCED 091 General Work Experience

Computer Information Science

Web Development and Administration

Program Description

This specialty is designed to prepare the student for employment as a web site administrator and developer.

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement can be obtained upon completion of the 33-unit major listed below. The Associate in Science Degree may be obtained by completing a total of 60 units, including the major, general education requirements, and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Web Development and Administration Certificate of Achievement/ Associate Degree will be able to:

1. Properly use design elements and an html editor in creating web pages.
2. Describe and explain the use of a database in a website utilizing input forms, queries, and data base results.
3. Develop a project incorporating CSS, search forms, tables, photo galleries, shared borders, themes, interactive components, dynamic web pages and publish to a website.

REQUIRED COURSES	Units
CIS 001 Introduction to Computer Science	3
CIS 061 Creating Web Pages	3
CIS 062 Creating Web Interactivity with Flash.....	3
CIS 069 Multimedia for the Web.....	3
CIS 072 Extensible Markup Language (XML).....	1.5

Computer Information Science

CIS 001 3.0 Units
Introduction to Computer Science

Course Advisory: SCC minimum English and Math standards; keyboarding 30 wpm. An introduction to the hardware and software components of basic computer information systems. Also, an examination of information systems and their role in business. A review of historical, social and cultural implications of computer technology in today's society. Course content will include "hands-on" familiarization with a computer operating system and common application software. Additionally, the course includes an introduction to computer programming using the Visual Basic .Net language. Students will learn to develop problem specifications, detailed analysis, design algorithms, and construct structured computer programs. *Three hours lecture, one hour lab.*

CIS 015 3.0 Units
Programming in Visual Basic.NET

Prerequisite: CIS 001 with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. An introductory course in Object Oriented Programming (OOP) using Visual Basic.NET, emphasizing problem-solving techniques using structured design and development. An extensive coverage of the Visual Basic computer language will be conducted using the Microsoft .Net environment. Students will construct forms and define procedures, events, properties, methods and objects to solve a variety of business-oriented problems. *Three hours lecture, one hour lab.*

CIS 020 3.0 Units
Assembly Programming

Prerequisite: CIS 015 or 022 or 035 with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. A hardware-oriented programming course dealing with programming a computer at the assembler language level. Emphasis will be on the assembly language of computers. *Two hours lecture, three hours lab.*

CIS 022 3.0 Units
Introduction to Programming

Prerequisite: CIS 001 with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. An introduction to computer programming. The course's content will include 'hands-on' development of structured algorithms and programs through top-down design, modular and object oriented programming, and standardized control structures. (Taught using an object-oriented computer programming language such as C++, C#, Java, etc.). *Three hours lecture, one hour lab.*

CIS 021 3.0 Units
Discrete Structures for Computer Science

Prerequisite: A minimum grade of C in both CIS 023 and Math 020. Course Advisory: SCC minimum English Standard. This course is an introduction to the discrete structures used in Computer Science with an emphasis on their applications. Topics covered include: Functions, Relations and Sets; Basic Logic; Proof Techniques; Basics of Counting; Graphs and Trees; and Discrete Probability. C-ID COMP 152. *Two hours lecture, three hours lab.*

CIS 022 3.0 Units
Introduction to Programming

Prerequisite: CIS 001 with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. An introduction to computer programming. The course's content will include 'hands-on' development of structured algorithms and programs through top-down design, modular and object oriented programming, and standardized control structures. (Taught using an object-oriented computer programming language such as C++, C#, Java, etc.). C-ID COMP 122. *Three hours lecture, one hour lab.*

CIS 023 3.0 Units
Data Structures and Algorithms

Prerequisite: CIS 022 with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. A study of the basic concepts associated with the creation and manipulation of data structures and their related processing algorithms. Topics include software engineering principles, the selection, design, and implementation of data structures including arrays, sequential and random access files, strings, stacks, queues, linked lists, and binary trees, and the development of efficient algorithms for sorting, searching, and manipulating these data structures. (Taught using an object-oriented computer programming language such as C++, C#, Java, etc.) *Two hours lecture, three hours lab.*

CIS 035 3.0 Units
Introduction to Java Programming

Prerequisite: A minimum grade of C in CIS 015 or CIS 022 or CIS 023. Course Advisory: SCC minimum English and Math standards. Introduces Object Oriented Programming (OOP) using the Java programming language. Includes hands-on development of Java applets and Java applications using objects, classes, interfaces and Graphical User Interface (GUI) components. *Two hours lecture, three hours lab.*

Computer Information Science

CIS 049 1.0 to 3.0 Units
Computer and Information Science Honors

Prerequisite: Completion of 24 units of college credit with a minimum GPA of 3.3; a minimum of 5 units in the discipline with a minimum grade of C; an ability to work independently; permission of the School Dean based on instructor availability. Course Advisory: SCC minimum English and Math standards. Designed for honor students who intend to major in one of the Computer and Information Science options. Students are expected to design their own projects and must submit them to the instructor for approval. *Students may take this course up to the maximum number of units over multiple semesters. Three to nine hours by arrangement.*

CIS 050 3.0 Units
Microcomputer Applications

Course Advisory: Basic keyboarding skills at 30 wpm; SCC minimum English and Math standards. This course will serve as an introduction to microcomputers and the more frequently used applications software. The course is designed for the microcomputer user who is not a computer science major. The purpose of this course is to help students to understand the concepts and fundamentals of working with: an operating system with its associated graphical user interface, word processing, spreadsheets, databases and presentation software. *Three hours lecture.*

CIS 052 3.0 Units
UNIX Operating System

Course Advisory: CIS 055 with a minimum grade of C or P; SCC minimum English and Math standards. This course will analyze the UNIX operating system, its terminology, user utilities, file structure, file security, commands, shells, shell programming, system architecture, and system administration. Emphasis will be placed on the shell environment, shell programming and utilities. The course will include hands-on exercises for the students to complete using the UNIX operating system (Currently taught using LINUX). *Three hours lecture.*

CIS 055 3.0 Units
MS Windows Operating Systems

Course Advisory: CIS 001 with a minimum grade of C or P; basic keyboarding skills. Students will learn how to use the Graphical User Interface (GUI) and the command line interface in carrying out system tasks in the MS Windows operating systems. Topics include file management, hard disk management, system tools, batch files, connectivity, and the registry. *Three hours lecture.*

CIS 060 1.5 Units
Introduction to the Internet

Course Advisory: SCC minimum English and Math standards. Designed to prepare students to use the Internet, a world wide computer network. Emphasis is on introducing features of the Internet, including electronic mail, the World Wide Web, Gopher, FTP (file transfer protocol), Telnet, and Usenet, as well as other Internet services and utilities. Students will explore hands-on the vast resources of the Internet, learn to access information using a variety of methods, and will construct a simple Web page. *Three hours lecture. (8-week course).*

CIS 061 3.0 Units
Creating Web Pages

Course Advisory: CIS 001; SCC minimum English and Math standards. This course is designed to prepare students to develop web sites that interact with databases. Emphasis is on the creation of Web sites with interactive Web pages, data access Web pages, and web pages with interactive components. Students will explore hands-on access to the Internet and an HTML editor to create and maintain Web sites. *Three hours lecture.*

CIS 062 3.0 Units
Creating Web Interactivity with Flash

Course Advisory: CIS 001 with a minimum grade of C or P; CIS 061 with a minimum grade of C or P; SCC minimum English and Math standards. This course covers the creation of vector-based graphics, animation, and interactivity within the Web environment. Emphasis will be placed on applying design principles to the elements of motion and interactivity. The basic operating principles of Macromedia Flash will be applied in order to create Web sites with animation, interactive buttons, and sound. Issues of optimal delivery and web accessibility will also be covered. A portfolio-quality professional level capstone project will be developed and presented. *Three hours lecture.*

CIS 066 3.0 Units
Microsoft Word

Course Advisory: CIS 001 or CIS 050 with a minimum grade of C or P; ability to keyboard at 30 wpm. Provides an in-depth study of the functions of the word processing program. Students will learn how to use basic and advanced program features to create and design business documents. *Three hours lecture.*

Computer Information Science

CIS 068 3.0 Units
Object Oriented Game Programming with Flash

Prerequisite: CIS 062 with a minimum grade of C. *Course Advisory:* CIS 001 with a minimum grade of C or P; SCC minimum English and Math standards. Using solid programming techniques and the fundamental concepts of Object Oriented Programming, students will use Macromedia Flash ActionScript to create multimedia games. This process includes designing, coding, testing, debugging and documenting Flash ActionScript programs. Additionally, students will apply these concepts to the creation of game programs that utilize digital media including images, animation, audio, video, and text. *Three hours lecture.*

CIS 069 3.0 Units
Multimedia for the Web

Course Advisory: CIS 061 with a minimum grade of C; SCC minimum English and Math standards. Takes an in-depth look at designing multimedia for the Web. Topics include developing graphic elements such as buttons, background textures and images for a Web site, using Cascading Style Sheets to position graphics, using Dynamic HTML to create web site interactivity, adding audio and/or video to a Web site, and manipulating Web multimedia file formats. *Three hours lecture.*

CIS 070 3.0 Units
Adobe Photoshop for the Web

Course Advisory: SCC minimum English and Math standards. CIS 001 or CIS 050 with a minimum grade of Pass or equivalent. This course emphasizes the use of computer technology to create and manipulate raster and vector digital images. Students use Photoshop techniques to produce digital creations for the web. Layers, filter effects, blending modes, and other editing tools will be used to produce digital images appropriate for print and electronic reproduction. The elements of Photoshop for use in industry-standard web and print production will be explored. *Three hours lecture.*

CIS 072 1.5 Units
Extensible Markup Language (XML)

Course Advisory: CIS 001 with a minimum grade of C; CIS 061 with a minimum grade of C; SCC minimum English and Math standards. Introduces Extensible Markup Language. Students will learn how to create XML documents and use XML-based markup languages. *Three hours lecture (8-week course).*

CIS 073 3.0 Units
Microsoft Excel

Course Advisory: CIS 001 with a minimum grade of C or P; ability to keyboard at 30wpm. Provides a thorough study of spreadsheet operation and enables the student to use the spreadsheet to perform mathematical computations and analysis. Students will create graphic representations of the information contained in a spreadsheet, perform list management routines, use functions, perform 'what if' analysis, customize toolbars and menus, and create macros using Visual Basic for Applications. *Three hours lecture.*

CIS 075 3.0 Units
Client-Side Web Programming

Course Advisory: CIS 001 with a minimum grade of C; CIS 061 with a minimum grade of C; SCC minimum English and Math standards. Focuses on the enhancement of Web pages by adding interactivity and functionality through the use of client-side programming. *Three hours lecture.*

CIS 078 3.0 Units
Access - Database Management System

Course Advisory: CIS 001 with a minimum grade of C. An introduction to relational database management using microcomputers. Microsoft's Access database management program is used. Students will learn how to create and maintain relational database structures, organize and manipulate data, ask questions of the data, create custom forms for entering data and custom reports for printing the data. How to publish objects on the Internet's World Wide Web is presented. The student will learn how to construct a complete application combining previously created tables, queries, forms, and reports. Visual BASIC Applications (VBA) and Structured Query Language (SQL) are introduced. Advanced database design is explored and the student learns how to 'normalize' a database structure. *Three hours lecture.*

CIS 080 3.0 Units
SQL Database Management Systems

Course Advisory: CIS 001, CIS 078; SCC minimum English and Math standards. Designed for the student who needs knowledge and skills about advanced database systems that use the SQL language such as IBM's DB2, Oracle, Sybase and Microsoft's SQL Server. This course is designed for the end user, the database designer and the database administrator. Microsoft SQL Server 2008 is the database system currently used for this course. *Three hours lecture.*

Computer Information Science

CIS 081 3.0 Units
Server-Side Web Programming

Course Advisory: A minimum grade of C in both CIS 001 and CIS 061; SCC minimum English and Math standards. Emphasizes the creation of interactive web sites using a server-sided scripting language such as ASP.Net, CGI, or Perl. Topics include core features of the server-side scripting language, control structures, functions, arrays, form validations, regular expressions, environmental variables, and database-driven web applications. *Three hours lecture.*

CIS 083 3.0 Units
Web Server Administration

Course Advisory: A minimum grade of C in both CIS 001 and CIS 061; SCC minimum English and Math standards. This course covers web server installation and administration for the internet and intranet. Topics covered include the installation, configuration, management and tuning of web services, security, online transaction processing, and FTP services. *Three hours lecture.*

CIS 085 3.0 Units
Digital Publishing with InDesign

Course Advisory: CIS 001 or CIS 050 with a minimum grade of pass or equivalent; SCC minimum English and Math standards. An introduction to the graphics software program Adobe InDesign. Students will learn to produce and publish publications employing vector graphics and typography as well as color and print management. This course will establish an understanding of the basic features in Adobe InDesign for use in both print and digital media. *Three hours lecture.*

CIS 087 3.0 Units
Adobe Illustrator for the Web

Course Advisory: CIS 001 or CIS 050 with a minimum grade of P or equivalent; SCC minimum English and Math standards. An introduction to the graphics software program, Adobe Illustrator. Students will learn to create vector shapes, import, export and modify graphics, and use Illustrator tools. This course will establish an understanding of the basic features in Adobe Illustrator for use in digital media. *Three hours lecture.*

CIS 089 3.0 Units
Essential Networking Technologies

Course Advisory: CIS 001 with a minimum grade of C or P; SCC minimum English and Math standards. An introductory course starting with a general overview of networking. Network design, media, protocols, architectures, operations, and administration will be discussed. Local area networks, wide area networks, and network connectivity (including Internet) are covered. This course is the foundation of all other network classes and helps prepare the student to be successful when taking various certified examinations. *Three hours lecture.*

CIS 090 1.5 Units
Introduction to PowerPoint

Course Advisory: CIS 001 or CIS 050 with a minimum grade of C; ability to keyboard 30 wpm. This course introduces features and design concepts utilized in developing powerful presentations using a package software such as Microsoft PowerPoint. *Three hours lecture (8-week course).*

CIS 091 1.5 Units
Microsoft Outlook

Course Advisory: CIS 001 or CIS 050 with a minimum grade of C; basic keyboarding skills; SCC minimum English standard. Students get started using Outlook's features; working with the Contact address book; Inbox and e-mail; Journal; Notes; Tasks; use Calendar to track and schedule appointments, events and meetings; work with forms and templates; use Outlook with other applications. *Three hours lecture (8-week course).*

CIS 093 1.5 Units
MS Publisher

Provides 'hands-on' experience in the Microsoft Publisher desktop publishing computer program. Students will learn to produce camera ready, near-typeset quality reports, brochures, newsletters, labels, cards, and business forms. *Three hours lecture (8-week course).*

CIS 106 1.0 Units
Computer Literacy

Course Advisory: SCC minimum English and Math standards. This course is Designed to provide a brief introduction to information technology for novices. It includes an introduction to computer components, and also includes hands-on activities utilizing the Windows operating system, word processing and spreadsheet software and the internet. *Two hours lecture, 1 hour lab (8-week course).*

Computer Information Science

CIS 110

Wireless LANs

Course Advisory: CIS 001 with a minimum grade of C or P; SCC minimum English and Math standards. This course is designed to instruct students on planning, designing, installing and configuring wireless LANs. The course offers in-depth coverage of wireless networks with extensive step-by-step coverage of IEEE 802.11b/a/g/pre-n implementation, design, security, and troubleshooting. *Three hours lecture, one hour lab (8-week course).*

1.5 Units

CIS 112

Introduction to Robotics Programming

Prerequisite: CIS 001. Course Advisory: SCC minimum English and Math standards. The student will be introduced to Programming a 360-degree, 5-axis articulating arm via the Industry Standard Smart Terminal hand held computer and the PC interface. The student will learn all the basic physical parts of the system. Additionally, the student will learn to utilize many of the 150 programming language commands to manipulate the robot to do work in three dimensional work spaces over time. Furthermore, the student will learn and implement Industry Standard Robotic Safety Standards in the work place. *Three hours lecture.*

3.0 Units

CIS 113

Introduction to Programmable Logic Controllers

Prerequisite: CIS 001. Course Advisory: SCC minimum English and Math Standards. The student will be introduced to how to design, program and operate the Programmable Logic Controller (PLC) to control a number of process applications used by industries all over the world. The Programmable Logic Controller (PLC) is a microprocessor-based controller designed to provide easily programmed control of almost any type of process. The student will learn to program Input Modules, Output Modules, Processor Module, Power Supply, Programming device, and I/O chassis. *Three lecture hours.*

3.0 Units

CIS 120

Developing XML Web Services

Prerequisite: CIS 072. Course Advisory: CIS 001 and SCC minimum English and Math Standards. This course introduces the fundamental Web services architecture and its core technologies, including XML, XML Schema, SOAP, WSDL, and UDDI with the focus on writing, testing, and debugging a Web service such as a credit card validation Web service. *Three hours lecture, one hour lab by arrangement (8-week course).*

1.5 Units

CIS 121

PHP Programming with MySQL

Course Advisory: SCC minimum English and Math standards; CIS 061; CIS 001. This course teaches Web development with PHP and MySQL. It presents the basics of PHP and MySQL along with advanced topics including object-oriented programming and how to build Web sites that incorporate authentication and security. Upon completion of this course, students should be able to use PHP and MySQL to build professional quality, database-driven Web sites. Additionally, students will become proficient with the administration and maintenance of a MySQL database. *Three hours lecture, one hour lab by arrangement.*

3.0 Units

CIS 162

A+ Computer Hardware Technology

Course Advisory: SCC minimum English and Math standards. Presents the structure of modern personal computer architecture including the names, purpose, and characteristics of components such as motherboards, CPUs, RAM, disk drive storage, printers and networks. This course also addresses upgrading computer components, optimizing computer performance, preventative maintenance, safety, and computer hardware troubleshooting. Prepares the student for CompTIA A+ Hardware Service Technician Certification. *Three hours lecture, three hours lab.*

4.0 Units

CIS 164

A+ Computer Operating Systems Technology

Course Advisory: ECTN 126, SCC minimum English and Math standards. Presents the purpose and capabilities of computer operating systems, operating system components and utilities. The course emphasizes initial investigation of personal computer operating systems and demonstrates the uses of the operating system and other software for isolating troubles and completing the repair of personal computers. Prepares the student for CompTIA A+ Operating Systems Technologies certification. *Three hours lecture, three hours lab.*

4.0 Units

Computer Information Science

CIS 166 4.0 Units
Computer Network+ Technology

Course Advisory: SCC minimum English and math Standards. Presents the architecture of computer networks, including the names, purpose, and characteristics of network components such as network interface card (NIC), hubs, routers, cabling and connectors as well as topologies, protocols and standards. This course also addresses network implementation, network support and troubleshooting. Prepares the student for CompTIA Network+ Computer Network Certification. As a team, in a laboratory environment, the class will assemble and implement a complete network, with a server running a Microsoft server network operation system (NOS) and several computers running the Microsoft Windows XP Professional Operating System. All of the required cabling will be assembled in the lab by the students under the supervision of the instructor. *Three hours lecture, three hours lab.*

CIS 168 4.0 Units
Computer Security+ Technology

Prerequisite: A minimum grade of C in either CIS 166 or ECTN 122. Course Advisory: SCC minimum English and Math standards. Presents the vulnerability, threats, and risks to data and other computer assets from spyware, Trojan horses, viruses, worms, and other security attacks. This course also addresses the fundamental policies and procedures for maintaining the security of a computer network. Prepares the student for the Computing Technology Industry Association's (CompTIA) Security+ Certification. *Three hours lecture, three hours lab.*

CIS 172 1.5 Units
Computer Forensics: Evidence Recovery

Course Advisory: SCC minimum English and Math standards. Introduces the student to the physical aspects of data collection from computer systems and computer networks. The student is introduced to the hardware and software used to collect data, the techniques used to ensure integrity and preserve data, and the requirements of preparing collected data for later forensic investigation. Students will learn to process a digital crime scene as well as the corporate environment for both criminal/civil cases and incident response. *(Formerly ECTN 172). One hour lecture, one and one-half hours lab.*

CIS 173 3.0 Units
Computer Forensics Investigations

Prerequisite: CIS 001. Course Advisory: Eligibility for English 001 and SCC minimum Math standard. Introduces the student to the tools and techniques of preserving and investigating digital evidence in a systematic and scientifically reliable manner using modern computer forensic software applications. The student is introduced to the interpretation and analysis of recovered data for the purpose of collecting legal evidence. Student is exposed to data in an array of formats and applications from several computer types and operating systems as well as deleted, encrypted, and damaged information. Evidence reporting practices are also introduced. *Two hours lecture, three hours lab.*

CIS 174 3.0 Units
Computer Forensics: Operating Systems Internals

Prerequisite: Minimum grade of C in either CIS 173 or ECTN 173. Course Advisory: SCC minimum English and Math standards. Students will explore the internal workings of computer operating systems and perform forensic examinations of various operating systems. Students will analyze FAT, NTFS, Ext2, Ext3, UFS1, and UFS2 file systems and data structures. Students will learn to recognize systems that have been compromised by viruses or other intrusive programs, and will be able to locate corrupt, hidden or deleted data. *Two lecture hours, three hours lab.*

Cosmetology

Cosmetology

Program Description

The program consists of sixteen hundred (1600) hours of intensive training and study designed to prepare the student to take the California State Board of Cosmetology examination for licensure. Units include theory and practice in fundamental skills in all phases of beauty culture. Assignment of units is based on hours in attendance. See the Course Description portion of the Catalog for prerequisite requirements for admission to the program.

Transfer students will be accepted on a space-available basis providing they have not achieved more than 500 certified hours of training.

Certificate of Achievement and Associate in Science Degree

A Certificate can be obtained by completing the 49.5 unit major listed below. The Associate in Science Degree can be obtained by completing a minimum of 66 units, including the major of at least 49.5 units and the general education requirements. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Cosmetology Certificate of Achievement/ Associate Degree will be able to:

1. Translate and identify the differences between chemical and non-chemical changes as related to Cosmetology.
2. Employ and demonstrate the theories as related to sanitation, sterilization and rules and regulations as mandated by the Cosmetology Act and the Rules and Regulations - State approved textbooks.
3. Interpret and apply cosmetological theories as required for theoretical and practical applications.
4. Contrast and compare the skills and concepts as required by the California State Board of Barbering and Cosmetology.
5. Mandated Clinic Laboratory hours completed - Desk and Reception Training - Business and Communication skills developed - Sales and retail product knowledge.

REQUIRED COURSES	Units
COSM 100 Cosmetology I.....	12.5
COSM 101 Cosmetology II.....	12.5
COSM 102 Cosmetology III	12.5
COSM 103A Cosmetology IV	6
COSM 103B Cosmetology V	6
OR	
COSM 175 Cosmetology Education Practicum	6
Total Units	49.5

Recommended Electives:

COSM 103B Cosmetology V
COSM 104B Esthetics of Skin Care II
COSM 111 Special Hair Processes
COSM 112 Basic Hairstyling
COSM 113 Advanced Hairstyling
COSM 114 Brush-Up and/or Supplemental Training
COSM 115 Cosmetology Instructor Training I
COSM 116 Cosmetology Instructor Training II
COSM 117 Special Manicurist
COSM 175 Cosmetology Education Practicum
OCED 070 Occupational Soft Skills
OCED 090 Occupational Work Experience
OCED 091 General Work Experience

NOTE: First time students to the Cosmetology Program will be required to attend an orientation meeting and purchase a materials card at registration in addition to the registration fees. The cost of the materials card and start-up materials exceeds \$2,000. For more information see the schedule of classes or call the Cosmetology Department at (707) 864-7000 ext. 4389.

The Cosmetology program is approved by the California State Board of Barbering and Cosmetology.

This is a Gainful Employment Program. For additional information, please visit
http://www.solano.edu/gainful_employment/ and select "Cosmetology."

Cosmetology

COSM 100

13.0 to 17.5 Units

Cosmetology I

Course Advisory: SCC minimum English and Math standards. This is the first course in a series of courses that provides the fundamental training towards the state mandated minimum hours designed to prepare the student for the California State Board of Cosmetology examination for licensure. A combination of both lecture and laboratory activities introduces the student to theoretical concepts, principles and practice in the beauty industry. Critical thinking skills are developed in the areas of communication, hair care, nail care, record keeping, and business decorum. A combination of 80 lecture hours and 600 lab hours for day students to earn 17.5 units and a combination of 80 lecture hours and 360 lab hours for evening students to earn 13 units each term. Students enrolling in this course must attend the mandatory information sessions. See the schedule of classes for location, dates and times. At the time of registration students must pay a Material's Fee with enrollment fees to the office of Admissions and Records. Students are required to purchase an equipment kit. The cost of the materials fee and start-up materials varies. For more information, current prices, textbooks, and ordering the equipment kit call the Bookstore at (707) 864-7111 or www.solano.bncollege.com. To qualify for the State Board of Cosmetology examination for a cosmetology license, students must have completed all state mandates including the following: a minimum of 1600 clocked hours, designated subject areas of technical instruction, designated subject areas of practical operations, completed the 10th grade or the equivalent, be at least 17 years of age, and have a current state or federally issued photo graphic identification. For more information; www.barbercosmo.ca.gov. *Five hours lecture, Twenty-five hours to thirty-seven and one-half hours.*

COSM 101

13.0 to 17.5 Units

Cosmetology II

Prerequisite: COSM 100 with a minimum grade of C. The second of a series of courses in Cosmetology to provide the training towards the state mandated hours of intensive training and study designed to prepare the student for the California State Board of Cosmetology examination for licensure. Focus is on the continued study of beauty industry. This course provides the students with the opportunity to synthesize and utilize cosmetology knowledge and skills in providing more advanced services for multiple clients. *All students enrolling in COSM 101 must pay a Material's Fee with enrollment fees to the Admissions and Records office at the time of registration. The cost of the materials fee and start-up materials varies. Five hours lecture, twenty five to thirty seven and one-half hours lab.*

COSM 102

6.0 to 8.5 Units

Cosmetology III

Prerequisite: COSM 101 with a minimum grade of C. The third in a series of courses in Cosmetology designed to provide the training towards the state mandated hours and prepare the student for the California State Board of Cosmetology examination for licensure. Topics include the principles and practices of cosmetology with emphasis on the essential knowledge and skills for licensure and working within the cosmetology industry. Students are able to increase practical application skills and processes by providing multiple clients with hair care, skin care and nail care services in the patron laboratory. All students enrolling in COSM 102 must pay a Material's Fee with enrollment fees to the Admissions and Records office at the time of registration. The cost of the materials fee and start-up materials varies. *Five hours lecture, twenty two and one-half to thirty seven and one-half hours lab (8-week course).*

COSM 103A

6.0 Units

Cosmetology IV

Prerequisite: A minimum grade of C in COSM 100, 101, and 102. Designed to meet the needs of students who are preparing to go to the state exam. Review over the basic skills that are required to pass the tests by practice and study. Reinforce the entry level skills expected from the industry. NOTE: All students enrolling in COSM 103A must pay a Material's Fee with enrollment fees to the Admissions and Records office at the time of registration. The cost of the materials fee and start-up materials varies. *Five hours lecture, twenty-one hours lab (8-week course).*

COSM 103B

6.0 Units

Cosmetology V

Prerequisite: COSM 103A or COSM 175. Provides the application of theoretical skills to increase performance proficiencies and accrue the hours as mandated by the State Board of Barbering and Cosmetology. Students are required to have the mandatory books and equipment kit as required in the concurrent course by the first class meeting. Students are required to pay a materials fee at the time of registration. The cost of the materials fee varies. For current costs, please refer to the schedule of classes for each semester. *Five hours lecture, twenty one hours lab (8-week course).*

Cosmetology

COSM 104A **15.0 Units** **Esthetics of Skin Care I**

Prerequisite: Tenth grade completion or equivalent and 18 years of age as required by the State Board of Barbering and Cosmetology. *Course Advisory:* SCC minimum English standard. A two semester course series in skin care consisting of 600 hours. Designed to prepare the student for the California State Board of Barbering and Cosmetology examination for Esthetician licensure. An intensive study of basic and advanced technological concepts in European faciating techniques. The curriculum framework provides the theoretical, manual and mechanical skills needed for a profession in esthetics. NOTE: Students are required to purchase a mandatory equipment kit and materials card at the SCC bookstore. The cost of materials card and start-up materials varies. For current costs, please refer to the Schedule of Classes for each semester. Additionally, students are required to attend the mandatory Cosmetology information session (see Schedule of Classes for the date and time). Five hours lecture, thirty hours lab.

COSM 104B **6.0 Units** **Esthetics of Skin Care II**

Prerequisite: COSM 104A. A continuation of COSM 104A providing additional in-depth training for more advanced skin care techniques and methodologies. Designed to prepare the student for the California State Board of Barbering and Cosmetology examination for Esthetician licensure. NOTE: Students will be required to purchase a mandatory materials card from the SCC bookstore. The cost of the materials card and start-up materials varies. For current costs, please refer to the Schedule of Classes for each semester. Five hours lecture, twenty-one hours lab (8-week course).

COSM 105A **9.5 Units** **Fundamentals of Esthetics**

Prerequisite: Tenth grade completion or equivalent; and 18 years of age as required by the State Board of Barbering and Cosmetology. *Course Advisory:* SCC minimum English and Math standards. The first of a two-part class designed to introduce students to the basic knowledge and skills to qualify them to take the state licensing exam in esthetics. Topics include the treatments, facials, makeup, and hair removal processes as well as a thorough understanding of the business aspects, general facial procedures, the human anatomy, chemistry, ingredients, electricity, sanitation and health and safety associated with this field. NOTE: All students enrolling in COSM 105A must pay a Material's Fee with enrollment fees to the Admissions and Records office at the time of registration. The cost of the materials fee and start-up materials varies. Additionally, students are required to attend the mandatory Cosmetology information session (see schedule of Classes for the information session date and time). This class is not open to students enrolled in COSM 104A. Four and one-half hours lecture, fifteen hours lab.

COSM 105B **9.5 Units** **Advanced Fundamentals of Esthetics**

Prerequisite: Tenth grade completion or equivalent and 18 years of age as required by the State Board of Barbering and Cosmetology; completion of COSM 105A. *Course Advisory:* SCC minimum English and Math standards. This course continues the basic skills practice and technical training from COSM 105A to qualify students for state licensure. It expands the knowledge of the practices, techniques, products, chemicals, laws and advanced procedures used in the current field of Esthetics. NOTE: Students will be required to purchase a mandatory materials card from the SCC bookstore. The cost of the materials card and start-up materials varies. For current costs, please refer to the schedule of classes for each semester. This class is not open to students who have completed COSM 104A or students enrolled in COSM 104B. Four and one-half hours lecture, fifteen hours lab.

COSM 110 **6.0 Units** **Introduction to Cosmetology**

Course Advisory: SCC minimum English standard. To acquaint students with cosmetology career opportunities and the industry options available. A survey of the concepts and processes utilized in the beauty industry. NOTE: All students enrolling in COSM 110 must pay a Material's Fee with enrollment fees to the Office of Admissions and Records at the time of registration. The cost of the materials fee and start-up materials varies. Five hours lecture, twenty-one hours lab. (8-week course).

COSM 111 **2.0 Units** **Special Hair Processes**

Prerequisite: Current California State Cosmetology License or COSM 100 (may be taken concurrently). *Course Advisory:* SCC minimum English standard. This course is designed to teach theory and practice in the thermal and chemical processes used in the curling, straightening and waving of hair. NOTE: Students are required to purchase a materials card from the SCC bookstore. The cost of the materials card and start-up materials varies. For current costs, please refer to the Schedule of Classes for each semester. One hour lecture, three hours lab

COSM 112 **2.0 Units** **Basic Hairstyling**

Prerequisite: Current California State Cosmetology License or completion of COSM 100. *Course Advisory:* SCC minimum English standard. This course is designed to provide licensed operators and students enrolled in the Solano College Cosmetology day program with a fundamental knowledge of basic styling and hair cutting skills. NOTE: Students are required to buy a materials card from the SCC bookstore. The cost of the materials card and start-up materials varies. For current costs, please refer to the Schedule of Classes for each semester. One hour lecture, three hours lab.

Cosmetology

COSM 113 2.0 Units
Advanced Hairstyling

Prerequisite: Current California State Cosmetology License. Course Advisory: SCC minimum English standard. Designed to provide licensed cosmetologists with advanced techniques in haircutting, hairstyling and make-up. Provides hands-on knowledge of the current trends released by the National Hairdresser's Association. Presents concepts and principles of newly established in the cosmetology industry. *NOTE: Students are required to purchase a materials card from the SCC bookstore. The cost of the materials card and start-up materials varies. For current costs, please refer to the Schedule of Classes for each semester One hour lecture, three hours lab.*

COSM 114 15.0 Units
Brush-Up and/or Supplemental Training

Prerequisite: Completion of COSM 102 or its equivalent, or current license number or expired California State license number, or a letter from the California State Board of Cosmetology identifying specific requirements of training for cosmetology licensure. Course Advisory: SCC minimum English standard. Designed to meet the needs of cosmetologists who have deficiencies in theory or practice in the field of cosmetology. Assists cosmetologists who require additional training to qualify for better positions by upgrading skills. Preparatory training for cosmetologists who wish to renew their cosmetology license. *NOTE: Students are required to purchase a materials card from the SCC bookstore. The cost of the materials card and start-up materials varies. For current costs, please refer to the Schedule of Classes for each semester. Five hours lecture, thirty hours lab.*

COSM 115 13.0 Units
Cosmetology Instructor Training I

Prerequisite: Current California Cosmetologist's license and completion of COSM 102 or 114. Course Advisory: SCC minimum English standard. Presents cosmetology principles and techniques applied to instruction teaching methods. Designed for currently licensed cosmetologists who want to pursue a cosmetology instructor license through the California State Board of Barbering and Cosmetology. Focus is on the lesson planning, presentation methods, application techniques, evaluation processes and instruction materials. Provides the utilization of cosmetology processes to develop instruction performance criteria. *NOTE: Students are required to purchase a materials card from the SCC bookstore. The cost of the materials card and start-up materials varies. For current costs, please refer to the Schedule of Classes for each semester. Five hours lecture, twenty-four hours lab.*

COSM 116 8.0 Units
Cosmetology Instructor Training II

Prerequisite: COSM 115. Course Advisory: SCC minimum English standard. Continuation of Cosmetology 115 to give the student more sophistication in the development, implementation and evaluation of teaching methods. Focus is on laboratory practicum emphasizing curriculum activities utilizing lesson planning and teaching techniques. Provide the students with the opportunity to synthesize and utilize instructional knowledge and skills through classroom instruction presentations. Designed to prepare the student for the cosmetology instructor licensure examination for the California State Board of Barbering and Cosmetology. *NOTE: Students are required to purchase a materials card from the SCC bookstore. The cost of the materials card and start-up materials varies. For current costs, please refer to the Schedule of Classes for each semester. Five hours lecture, fifteen hours activities.*

COSM 117 15.0 Units
Special Manicurist

Course Advisory: SCC minimum English standard. Consists of four hundred (400) hours of intensive training and study. Designed to prepare the student for the California State Board Examination in Manicuring. Focus is on the essential knowledge and skills in all area of manicuring technology. Provide the opportunity for students to develop technical skills in providing nail care and artificial nail service to multiple clients in the patron laboratory. *NOTE: Students are required to purchase an equipment kit and materials card from the SCC Bookstore. The cost of the materials card and start-up materials varies. For current costs, please refer to the Schedule of Classes for each semester. Students are required to attend the mandatory Cosmetology information session (see information session statement in Schedule of Classes). Students must have completed the designated hours of practical training and technical instruction, the tenth (10th) grade, or its equivalent, and be 18 years of age to qualify for the manicurist license examination by the State Board of Barbering and Cosmetology. NOTE: Not open to students who have completed COSM 171, 172, 173, or 174. Five hours lecture, thirty hours lab.*

COSM 175 6.0 Units
Cosmetology Education Practicum

Prerequisite: A minimum grade of C in COSM 100, 101, 102, 104A, 104B, 115, or 117. Course Advisory: SCC minimum English standard. Provides the application of theoretical skills to increase performance proficiencies and accrue the hours as mandated by the State Board of Barbering and Cosmetology. *All students enrolling in COSM 175 must pay a Material's Fee with enrollment fees to the Admissions and Records office at the time of registration. The cost of the materials fee and start-up materials varies. Five hours lecture, twenty-one hours lab (8-week course).*

Counseling

Program Description

These courses are designed to assist students in making a successful adjustment to college, develop academic and career plans and goals, acquire learning skills, obtain job-seeking skills and employment, and develop interpersonal skills for life and work.

Associate Degree

Not offered in this discipline.

COUN 004 3.0 Units **Life Management**

Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. The course helps students evaluate the social, psychological and physiological factors that influence developing essential life management skills. The course encourages self exploration of personal responsibility, self-motivation, self discipline, self management, interdependence, and self-esteem. Includes introduction to financial, time and stress management and communication skills. Requires written papers and problem-solving exercises. *UC limitation of credit: 3 units of Counseling courses numbered 001-009. Three hours lecture.*

COUN 005 3.0 Units **Career/Life Planning**

Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. This course is designed to help students demonstrate an understanding and appreciation of the impact and significance of career choices on their social, psychological and physiological experiences throughout the life span. This course is also designed to help students identify their interests, skills, values and personality traits (self-assessment profile), conduct career research and exploration, and learn current job seeking skills. Students will analyze the relationship between themselves, their life choices and the ongoing process of career planning and self-development throughout the life span. At the time of registration the student will be charged a course materials fee for the required Strong and Myers Briggs online assessments payable to Admissions and Records. *UC limitation of credit 3 units: Counseling courses 001-009. Three hours lecture*

COUN 006 1.0 Units **University Transfer Success**

Course Advisory: Eligibility for ENG 001 and SCC minimum Math standard. This course provides students with a concrete plan for understanding and succeeding in transferring to a four-year college or university. Topics include the following: Major selection; college options; application processes; academic preparation and student education plans. *UC limitation of credit: 3 units Counseling courses numbered 001-009. Four hours lecture (4 week course).*

COUN 007 3.0 Units **College Study Techniques**

Course Advisory: Eligibility for ENG 001 and SCC minimum Math standards. This course provides an exploration of the intellectual, psychological, physiological and sociological factors that impact lifelong learning, well-being and success. Topics include: value of education and student responsibility; psychology of student attitudes, motivation, behaviors and self efficacy; critical thinking and effective study strategies; health issues and lifestyle choices; relying on others in a diverse world; effective written and oral communication; time management, campus and community resources; transfer and educational planning. *UC limitation of credit: 3 units Counseling courses numbered 001-009. Three hours lecture.*

COUN 008 1.0 Units **Math, Engineering and Science Achievement (MESA) Enrichment**

Course Advisory: Eligibility for ENG 001 and SCC minimum Math standard. This course assists students in acquiring the knowledge and skills necessary to reach their educational goals in mathematics, engineering and science-related fields. Topics to be covered include: strengths assessment; math and science study skills; transfer preparation and career strategies. Students will synthesize and compare and contrast information to draw conclusions on course topics. *UC limitation of credit: 3 units for any Counseling courses numbered 001-009. One hour lecture.*

COUN 009 3.0 Units **Performance Enhancement**

Course Advisory: Eligibility for ENG 001 and SCC minimum Math standard. Performance enhancement explores the psychological, social and physiological factors influencing optimal performance in life's endeavors including academics, performing arts, sports and in interpersonal and business relationships. Performance enhancement topics require evaluation of self care, life balance, confidence, arousal management, motivation, goal attainment, concentration, positive self talk, commitment, uses of imagery and visualization, active listening and demonstrating empathy. Students will design and apply their own Personal Performance Plan to a variety of performance arenas. *UC limitation of credit: 3 units for Counseling courses numbered 001-009. Three hours lecture.*

Counseling

COUN 015 **3.0 Units**
Valuing Diversity
Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. An examination of the complexities of interpersonal relationships among several cultures in our society including self-concept, values, beliefs, communication and lifestyle. This course will invite exploration of individual cultural perception in order to promote respect for differences and to develop a sense of community. Examination requirements include written essays that demonstrate critical thinking. *Three hours lecture.*

COUN 023 **3.0 Units**
Psychology for Modern Life
Course Advisory: Eligibility for ENGL 001. This course examines the fundamental concepts of psychology as they relate to daily life. Topics include examining methods of psychology, stages of personality development, personal relationships, values, communication, motivation, emotions, lifestyle and attitudes. Concepts will be introduced to foster the student's understanding of his/her own personal development. Theories and research will be applied across a diversity of settings. *Three hours lecture.*

COUN 062 **3.0 Units**
Helping Skills: Creating Alliances & Facilitating Change
Course Advisory: COUN 083, Eligibility for ENG 001 and SCC minimum Math standard. An introduction to the basic helping skills that enable the student to build an alliance, effect change and empower others within a multicultural society. A helping model is introduced and helping skills such as attending, active listening, demonstrating empathy, assessment and referral are discussed, role played and applied in an experiential manner to a number of common challenges. In addition, the pertinent legal and ethical guidelines of the professional helping relationship are presented, discussed and applied throughout the course. *Three hours lecture.*

COUN 064A **4.0 Units**
Practicum I
Prerequisite: COUN 062, HS 051, HS 053. Course Advisory: Eligibility for ENG 001 and SCC minimum Math standard. The first of a two-course sequence in a supervised Human Services practicum experience at an approved agency or educational setting. In order to develop and apply culturally sensitive and ethically sound helping skills, students will work a minimum of 100 hours and participate actively in a two hour weekly seminar. Placement at most sites will involve a criminal background check. *Two hours lecture, six hours by arrangement.*

COUN 064B **4.0 Units**
Practicum II
Prerequisite: COUN 064A. Course Advisory: HS 055; Eligibility for ENG 001; SCC minimum Math standard. The second semester of a two-course sequence in a supervised Human Services Practicum, required for Human Services majors. Students will further develop culturally and ethically competent helping skills as they continue to work in their approved site or work in a new approved site. Students will continue to hone and apply more advanced and educationally informed helping skills. This additional 100 hours in an approved site and its supporting 2 hour weekly seminar will meet the Human Services certificate and Associate degree requirement and will help students further clarify their potential for a longer range educational and career path in Human Services, Social Work or Counseling. *Practicum Sites often require students to pass a criminal background check. Two hours lecture, six hours by arrangement.*

COUN 091 **0.5 Units**
Foundations for College Success
Course Advisory: Completion of Solano Assessment testing and possession of all relevant academic records and other test results and transcripts including SAT, ACT, AP and IB and SCC minimum English and Math Standards. This short-term course provides an in-depth introduction to college and the required initial student education plan. It seeks to maximize the new student's successful experience by introducing Solano College's student support services, certificate, associate degree and transfer preparation requirements, and the essential personal motivators for college success. Students will provide their academic records, e.g. high school and college transcripts, assessments and tests such as SAT/ACT/AP/IB which will assist them in creation of the initial student education plan. *Eight hours lecture (One week course).*

COUN 102A **0.5 Units**
Time Management & Goal Setting
Course Advisory: SCC minimum English and Math standards. This course introduces goal setting and time management techniques such as analyzing time usage, prioritizing and developing a schedule to assist students to achieve their educational and career goals. Other COUN 102 courses may be taken concurrently. *NOTE: Not open for credit to students who have completed COUN 007 with a minimum grade of C. Four hours lecture (2-week course).*

Counseling

COUN 102B**0.5 Units****Test Taking, Test Anxiety & Memory**

Course Advisory: SCC minimum English and Math standards.
This course introduces test taking, test anxiety and memory concepts and techniques to assist students to achieve their educational and career goals. Other COUN 102 courses may be taken concurrently. *Note: Not open for credit to students who have completed COUN 007 with a minimum grade of C. Four hours lecture (2-week course).*

COUN 102C**0.5 Units****Study Systems**

Course Advisory: SCC minimum English and Math standards.
This course introduces note-taking, reading and study environment concepts/strategies and identifies attitudes and learning styles to assist students to achieve their educational and career goals. Other COUN 102 courses may be taken concurrently. *Note: Not open for credit to students who have completed COUN 007 with a minimum grade of C. Four hours lecture (2-week course).*

COUN 103**3.0 Units****Disability and Success**

Course Advisory: SCC minimum English and Math standards.
This is a college, career, and life preparation course to assist students with disabilities in accessing services and completing their community college and career goals. It includes the SCC Disability Service Program, the College community, community agencies serving people with disabilities, laws and disabilities, coping with a disability, self advocacy, success in the classroom, and a final "Plan for Personal Disability Management." Student will receive a letter grade. *Three hours lecture.*

COUN 310**1.0 Units****Transition to College for Students with Disabilities**

This is a transition course for high school seniors who are planning on entering the Community College system and receiving Disability Services. It includes the Student Support and Success Program process of entering into college, the difference between college and high school for students with disabilities. Students will obtain a beginning understanding of how to navigate successfully through the Community College system and Disability Services. Pass/No-Pass Only. *Two hours Lecture (8-week course)*

COUN 510**0.0 Units****Assessment/Orientation/Planning**

Mandatory new student assessment, orientation and initial counseling. Includes reading, writing and mathematics assessments; overview of the programs and services that support student retention and success, time management practices, policies and procedures of Solano College and a preliminary Student Education Plan (SEP). *One hour lecture, two hours lab (1 week course).*

Criminal Justice

Associate in Science in Administration of Justice for Transfer (ADT: A.S.-T)

Program Description

This program offers core and selective courses which provide the student with a base of knowledge and proficiencies in the area of criminal justice. The program operates with the cooperation and participation of local criminal justice agencies. All instructors in the program have experience in the criminal justice field. Courses are scheduled both day and evening to accommodate full-time or part-time students seeking to acquire or upgrade skills and to prepare the criminal justice student for a four-year degree in the CSU system.

Associate in Science in Criminal Justice for Transfer

The Associate in Science in Administration of Justice for Transfer degree is designed for students who plan to complete a bachelor's degree in Administration of Justice at a CSU campus. Students completing an Associate in Science in Administration of Justice for Transfer degree are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that accepts the Associate in Science in Administration of Justice will be required to complete no more than 60 units after transfer to earn a bachelor's degree. The Associate in Science in Administration of Justice for Transfer degree also provides students with the learning experience on how to preserve and maintain social order by gaining critical skills in these key areas: law enforcement; corrections, probation, and parole; juvenile justice, delinquency, and juvenile corrections; criminology theory and crime control; and criminal justice leadership and administration. With this transfer degree, students will gain an understanding of both adult and juvenile justice systems, as well as the skills to apply innovative programmatic efforts. From due process to constitutional protections to the importance of case law in American criminal justice, the student will be exposed to the specific legal and ethical challenges for each branch of the U.S. criminal justice system.

To earn the Associate in Science in Administration of Justice for Transfer, students must:

1. Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements
 - b. A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis. A "P" (Pass) grade is not an acceptable grade for courses in the major.

Program Outcomes

Students who complete the Associate in Science in Administration of Justice for Transfer will be able to:

1. Demonstrate an understanding of the American Criminal Justice system and the scope of responsibilities of the various local, state, and federal law enforcement agencies beginning with arrest through parole.
2. Articulate the system's objectives, the crime problem, and role expectations of criminal justice personnel, and describe the various agencies and each subsystem within the system.
3. Describe the system's responsibilities to the community, factors in crime causation, the social implications of crime and communication barriers between the system and the community.
4. Articulate the differences between the major criminological theories of the causes of crime and how those theories relate to policies toward crime and criminal behavior.
5. Analyze legal concepts and make rational decisions about case processing.
6. Demonstrate knowledge of the rules of evidence, legal definitions, and concepts of evidentiary law. Apply basic investigative proficiencies.
7. Demonstrate critical thinking and analytical skills acquired in the social sciences in preparation for continuance of college-level education at a four year college.

Criminal Justice

Criminal Justice, Computer Forensics

Program Description

This program is designed to prepare the student for employment as a computer forensics investigator. It includes a mix of several disciplines of study that when combined, provide a basis for the general knowledge and skills required to perform the careful investigation of evidence obtained from computers and computer systems. In addition, this major provides the knowledge and skills required by computer network specialists involved in the tasks of securing computer systems and protecting information workers.

Certificate of Achievement and Associate in Science Degree

The Certificate of Achievement can be obtained upon completion of the 32.5 unit major listed below. The Associate Degree can be obtained upon completion of 60 units, including the major, general education requirements, and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Criminal Justice, Computer Forensics Certificate of Achievement/ Associate Degree will be able to:

1. Perform complex operation and management of computer-based software systems.
2. Setup and maintain computer-based hardware systems.
3. Perform a computer investigation.
4. Understand the legal principles and practices of computer investigations.

REQUIRED COURSES	Units
CJ 051 Criminal Investigation	3
CJ 053 Legal Aspects of Evidence	3

Criminal Justice

Criminal Justice, Corrections

Program Description

This program offers core and selective courses which provide the student with a base of knowledge and proficiencies in the area of corrections. The program operates with the cooperation and participation of local corrections agencies. All instructors in the program have experience in the corrections field. Courses are scheduled both day and evening to accommodate full-time or part-time students seeking to acquire or upgrade skills in the corrections field.

Certificate of Achievement and Associate in Science Degree

The Certificate of Achievement can be obtained upon completion of the 30-unit major listed below. The Associate in Science Degree can be obtained upon completion of 60 units, including the major, general education requirements, and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Criminal Justice, Corrections Certificate of Achievement / Associate Degree will be able to:

1. Demonstrate an understanding of the American Criminal Justice system and the scope of responsibilities of the various local, state, and federal law enforcement agencies beginning with arrest through parole.
2. Articulate the system's objectives, the crime problem, and role expectations of criminal justice personnel, and describe the various agencies and each subsystem within the system.
3. Describe the system's responsibilities to the community, factors in crime causation, the social implications of crime and communication barriers between the system and the community.
4. Articulate the differences between the major criminological theories of the causes of crime and how those theories relate to policies toward crime and criminal behavior.
5. Analyze legal concepts and make rational decisions about case processing. Demonstrate knowledge of the rules of evidence, legal definitions, and concepts of evidentiary law. Apply basic investigative proficiencies.
6. Demonstrate critical thinking and analytical skills acquired in the social sciences in preparation for continuance of college-level education.

REQUIRED COURSES Units

Criminal Justice

Criminal Justice, Law Enforcement

Program Description

This program was established with the cooperation of the Solano County Criminal Justice Advisory Committee and offers courses for both pre-service and in-service students. All instructors have experience in law enforcement, and courses are scheduled day or evening to accommodate full-time and part-time students seeking to acquire or upgrade skills in the field.

Certificate of Achievement and Associate in Science Degree

The Certificate of Achievement can be obtained upon completion of the 30-unit major listed below. The Associate in Science Degree can be obtained upon completion of 60 units, including the major, general education requirements, and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Criminal Justice, Law Enforcement Certificate of Achievement/ Associate Degree will be able to:

1. Demonstrate an understanding of the American Criminal Justice system and the scope of responsibilities of the various local, state, and federal law enforcement agencies beginning with arrest through parole.
2. Articulate the system's objectives, the crime problem, and role expectations of criminal justice personnel, and describe the various agencies and each subsystem within the system.
3. Describe the system's responsibilities to the community, factors in crime causation, the social implications of crime and communication barriers between the system and the community.

Criminal Justice

CJ 001 3.0 Units
Introduction to Criminal Justice

Course Advisory: Minimum grade of C in ENGL 001. Introduces students to the characteristics of the criminal justice system in the United States. Focus is placed on examining crime measurement, theoretical explanations of crime, responses to crime, components of the system, and current challenges to the system. The course examines the evolution of the principles and approaches utilized by the justice system and the evolving forces which have shaped those principals and approaches. Although justice structure and process is examined in a cross cultural context, emphasis is placed on the US justice system, particularly the structure and function of US police, courts, and corrections. Students are introduced to the origins and development of criminal law, legal process, and sentencing and incarceration policies. C-ID AJ 110. *Three hours lecture.*

CJ 002 3.0 Units
Concepts of Criminal Law

Course Advisory: Minimum grade of C in ENGL 001. A study of the history, philosophy and development of law and various legal systems; case law and legal research; corpus delicti, mental elements, capacity to commit crimes, and defenses; classification of crimes and penalties; elements of major crimes. C-ID AJ 120. *Three hours lecture.*

CJ 011 3.0 Units
Community Relations

Course Advisory: SCC minimum English and Math standards. This course examines the complex, dynamic relationship between the justice system and the community in addressing crime and conflict. The emphasis is on the challenges and prospects of administering justice within a diverse multicultural population. Topics covered may include crime prevention, restorative justice, conflict resolution and ethics. C-ID AJ 160. *Three hours lecture.*

CJ 051 3.0 Units
Criminal Investigation

Course Advisory: CJ 001; SCC minimum English and Math standards. Addresses the techniques, procedures, and ethical issues in the investigation of crime, including organization of the investigative process, crime scene searches, interviewing and interrogating, surveillance, source of information, utility of evidence, scientific analysis of evidence and the role of the investigator in the trial process. It introduces the fundamentals of investigation, crime scene search and recording, collection and preservation of evidence, scientific aid; interviews and interrogation, follow-up and case preparation. C-ID AJ 140. *Three hours lecture.*

CJ 052 3.0 Units
Investigative Report Writing

Course Advisory: CJ 001; CJ 002; CJ 051; Eligibility for ENG 001. Presents investigative report writing in criminal justice relative to police, probation, institutional and parole activities. Includes practical experience in preparing field notes, statements, and reports. *Three hours lecture.*

CJ 053 3.0 Units
Legal Aspects of Evidence

Course Advisory: CJ 001; SCC minimum English and Math standards. A study of the origin, development, philosophy and constitutional basics of evidence; constitutional and procedural considerations affecting arrest, search and seizure; kinds of degrees of evidence and rules governing admissibility; judicial decisions interpreting individual rights and case studies. C-ID AJ 124. *Three hours lecture.*

CJ 056 3.0 Units
Juvenile Procedures

Course Advisory: Eligibility for ENG 001. Presents the organization, function, and jurisdiction of juvenile agencies; the processing and detention of juveniles; juvenile case disposition; juvenile statutes and court procedures. C-ID AJ 220. *Three hours lecture.*

CJ 057 3.0 Units
Criminal Justice Career Development

Course Advisory: CJ 001; SCC minimum English and Math standards. Examines criminal justice career positions, employment standards and current occupational opportunities in the field. Includes practical aspects of various jobs and provides information and practice in entrance examination taking, oral interviews, and general preparation for various occupations within the criminal justice field. *Three hours lecture.*

CJ 058 3.0 Units
Fundamentals of Crime and Delinquency

Course Advisory: CJ 001; SCC minimum English and Math standards. Introduction to major types of criminal behavior, patterns of career offenders, factors which contribute to the production of criminality or delinquency. Includes methods used in dealing with violators in the justice system; the changing roles of police courts and after-care process of sentence, probation, prisons, and parole; changes of the law in crime control and treatment processes. *Three hours lecture.*

Criminal Justice

CJ 059 3.0 Units
Interviewing and Counseling

Course Advisory: CJ 001; SCC minimum English and Math standards. Overview of the interviewing and counseling techniques available to practitioners in law enforcement, the courts, and corrections emphasizing communication and practical skills. *Three hours lecture.*

CJ 060 3.0 Units
Probation and Parole

Course Advisory: CJ 001; CJ 058; SCC minimum English and Math standards. Presents the philosophy and history of correctional services. A survey of the correctional sub-systems of institutions by type and function, probation concepts and parole operations. A discussion of correctional employee responsibilities as applied to offender behavior modifications through supervisory control techniques. Covers rehabilitation goals as they affect individual and intimate cultural groups in both confined and field settings. *Three hours lecture.*

CJ 062 3.0 Units
Legal Aspects of Correction

Course Advisory: CJ 058; SCC minimum English and Math standards. Presents the legal aspects of corrections and code provisions relative to all phases of the correctional system. *Three hours lecture.*

CJ 064 3.0 Units
Principles and Procedures of the Criminal Justice System

Course Advisory: CJ 001; SCC minimum English and math standards. Detailed study of the role and responsibility of each sub-system within the criminal justice system; an examination of the philosophy, history, structure, operation and interrelation of each sub-system component; a description of procedure from initial entry of the individual into the system to the final disposition. *Three hours lecture.*

CJ 090 1.0 to 3.0 Units
Vocational Work Experience: Law Enforcement

Course Advisory: CJ 001. Volunteer service in a variety of governmental and private criminal justice agencies related to Law Enforcement. One unit of credit may be earned for each 75 hours paid or 60 hours unpaid work per semester to a maximum of 3 units per semester. Students who enroll in CJ 090 may not enroll in CJ 091 during the same semester. Students may take this course up to the maximum number of units over multiple semesters. This is a Pass/No Pass only course. NOTE: Combined units for all work experience courses shall not exceed 12. One hour lecture and five to twenty hours by arrangement. To determine the correct number of units in which to enroll, refer to the following formula for paid employment*: Full Semester Sections: 1 unit = 5 hours per week; 2 units = 10 hours per week; 3 units = 15 hours per week. *Unpaid work requires fewer hours per week.

CJ 091 1.0 to 3.0 Units
Vocational Work Experience: Corrections

Course Advisory: CJ 001. Volunteer service in a variety of governmental and private criminal justice agencies related to Corrections. One unit of credit may be earned for each 75 hours paid or 60 hours unpaid work per semester to a maximum of 3 units per semester. Students enrolled in CJ 091 may not enroll in CJ 090 during the same semester. Students may take this course up to the maximum number of units over multiple semesters. This is a Pass/No Pass only course. NOTE: Combined units for all work experience courses shall not exceed 12. One hour lecture and five to twenty hours by arrangement. To determine the correct number of units in which to enroll, refer to the following formula for paid employment*: Full Semester Sections: 1 unit = 5 hours per week; 2 units = 10 hours per week; 3 units = 15 hours per week. *Unpaid work requires fewer hours per week.

Drafting

Drafting and Design Technician

Program Description

This program is designed to provide students with entry level skills in the fields of mechanical, electrical, civil and architectural drafting and/or design.

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement can be obtained upon completion of the 30-unit major listed below. The Associate in Science Degree can be obtained by completing a total of 60 units, including the major, general education requirements, and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Drafting and Design Technician Certificate of Achievement/ Associate Degree will be able to:

1. Demonstrate proficiency using industry standard computer aided drafting/ design CAD (AutoCAD) software program.
2. Demonstrate proficiency at reading, drawing, and dimensioning industry standard mechanical drawings.
3. Demonstrate proficiency at reading, drawing, and dimensioning industry standard civil drawings.
4. Demonstrate proficiency at reading, drawing, and dimensioning industry standard electronic drawings.
5. Demonstrate proficiency at reading, drawing, and dimensioning industry standard architectural drawings.

REQUIRED COURSES	Units	DRFT 065 Architectural Drafting II	3
DRFT 045 Introduction to Computer-Aided Drafting (CAD)	3	DRFT 079 Blueprint Reading.....	3
DRFT 046 Advanced CAD	3	DRFT 085 Civil Drafting II	3
DRFT 055 Mechanical Drafting - Level I	3	DRFT 092 Special Problems.....	1 - 3
DRFT 058 Solid Modeling with Solidworks.....	3	DRFT 130 Advanced Printed Circuit Board Design.....	3

Recommended Electives (Select 3 units).....	Units		
ART 014 Introduction to Drawing	3		
DRFT 050 Basic Drafting.....	1.5		
DRFT 057 Mechanical Drafting - Level II	3		

NOTE: Many of the advanced courses will require CAD. It is important to take DRFT 045 (Intro. to CAD) as early in your program as possible. College credit may be obtained with credit by examination in DRFT 045, 050, and 060 or they may be waived.

This is a Gainful Employment Program. For additional information, please visit http://www.solano.edu/gainful_employment/ and select "Drafting Technician."

Drafting

Survey and Civil Drafting Technician

Program Description

This program is designed to provide students with entry-level skills in the fields of Surveying Technician, Civil Drafting Technician, and/or mapping technician.

Certificate of Achievement and Associate Degree

A Certificate of Achievement can be obtained upon completion of 27 core requirement units. An Associate in Science degree may be obtained by completing 60 units, including the required courses in the major, the general education requirements, and electives. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Survey and Civil Drafting Technician Certificate of Achievement/ Associate Degree will be able to:

1. Demonstrate proficiency using industry standard computer aided drafting/ design CAD (AutoCAD) software program.
2. Demonstrate proficiency at reading, drawing and dimensioning industry standard civil drawings.
3. Demonstrate basic understanding in using industry standard survey equipment including Transit, Theodolite, and Level.

REQUIRED COURSES	Units	Recommended Electives (Select 3 units)	Units

Addendum

Drafting

DRFT 045 3.0 Units
Introduction to Computer-Aided Drafting (CAD)

Course Advisory: SCC minimum English and Math standards. Designed to introduce the drafting student to CAD (AutoCAD) technology and terminology. The student shall complete a series of related drawing problems using a CAD work station. Fundamentals of creating and modifying engineering and architectural related drawings. *Two hours lecture, three hours lab.*

DRFT 046 3.0 Units
Advanced Computer Aided Drafting (CAD)

Prerequisite: DRFT 045 with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. Designed to develop advanced proficiency in CAD. Covers symbol libraries, isometrics, external references (XREFS), 3-D drawing, basic solid modeling, tables and customization techniques. *Two hours lecture, three hours lab.*

DRFT 050 1.5 Units
Basic Drafting

Course Advisory: SCC minimum English and Math standards. This course presents the fundamentals of drafting using hand drafting tools--pencil, paper, triangles, scales, compass, etc. Students will use traditional methods of construction for polygons, orthographic views, pictorial drawings, simple architectural floor plans and other technical drafting constructions and will be given hands on training in technical sketching. This course is intended to give additional training in visualization and object manipulation without the aid of a computer and is a recommended elective for drafting students, or for non-drafting students (in fields such as welding, mechatronics, engineering, etc) who may need to create technical drawings without a computer. *One-half hour lecture, three hours lab.*

DRFT 055 3.0 Units
Mechanical Drafting - Level I

Prerequisite: Minimum grade of C in DRFT 045; Minimum grade of C in DRFT 058 (may be take concurrently). Course Advisory: SCC minimum English and Math standards. This course teaches techniques and standards of mechanical drafting. Main topics include orthographic drawings, sections, pictorials, threads, fasteners, basic tolerance concepts, ANSI standards and working drawings. Basic mechanical design principles, with a special emphasis on electro-mechanical packaging, are introduced. *Two hours lecture, three hours lab.*

DRFT 057 3.0 Units
Mechanical Drafting - Level II

Prerequisite: DRFT 055 with a minimum grade of C. Course Advisory: IT 151 (may be taken concurrently); SCC minimum English and Math standards. A continuation of Drafting 055, with special emphasis on advanced electro-mechanical packaging and design, Geometric Dimension and Tolerancing (GD&T) terminology and drawing standards, gears, and advanced working drawings. Students will create designs using electronic components (Printed Circuit Boards, connectors, LEDs, etc) and 3D printed models. *Two hours lecture, three hours lab.*

DRFT 058 3.0 Units
Solid Modeling with Solidworks

Course Advisory: SCC minimum English standards; knowledge of drafting concepts. This course is designed to teach the basic concepts and skills necessary to create, view, and manipulate objects and engineering drawings in three dimensional space using Solidworks software. Student will create models in 3D printer, output support documentation and drawings, and incorporate design process concepts in designs. *Two hours lecture, three hours lab.*

DRFT 60 3.0 Units
Architectural Drafting I

Prerequisite: DRFT 045 with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. Covers basic methods and practices of architectural drafting and design. Students will design a complete set of plans for a single family dwelling in accordance with local building regulations. Course includes an introduction to the Title 24 energy requirements and standards. Recommended for non-majors and drafting majors. *Two hours lecture, three hours lab.*

DRFT 65 3.0 Units
Architectural Drafting II

Prerequisite: DRFT 060 with a minimum grade of C. Course Advisory: IT 151 (may be taken concurrently); SCC minimum English and Math standards. A continuation of Drafting 60 with special emphasis multiple story residential design. Students will create an industry standard, two-story house design on a 12-14 sheet plan set. This course also exposes students to famous architects, past and present. *Two hours lecture, three hours lab.*

Drafting

DRFT 75 3.0 Units**Electronic Drafting**

Prerequisite: DRFT 045 with a minimum grade of C. *Course Advisory:* SCC minimum English and Math standards. Designed for drafters to develop skill in reading and drawing plans related to electronics. Topics include, terminology, component identification, schematic symbols, cable drawings, electro-mechanical design from the electronic perspective. Special emphasis is placed on basic printed circuit board design. Students will design through-hole and surface mount printed circuit boards. Two hours lecture, three hours lab.

DRFT 079 3.0 Units**Blueprint Reading**

Course Advisory: SCC minimum English and Math standards. Designed to provide an understanding and interpretation of a variety of blueprints. Emphasizes the ability to recognize and identify features of mechanical blueprints and architectural blueprints. Also includes basic development of freehand sketching abilities. *Two and one-half hours lecture, one and one-half hours lab.*

DRFT 080 3.0 Units**Civil Drafting I**

Prerequisite: DRFT 045 with a minimum grade of C. *Course Advisory:* IT 151 with a minimum grade of C. SCC minimum English and Math standards. An introductory course in civil drawing with emphasis on land division, breakdown of survey notes, office procedures and related math computations. Includes instruction in a variety of industry standard maps, including subdivision maps, assessors parcel maps and topographic maps. *Two hours lecture, three hours lab.*

DRFT 085 3.0 Units**Civil Drafting II**

Prerequisite: DRFT 080 with a minimum grade of C. *Course Advisory:* IT 151 with a minimum grade of C; SCC minimum English and Math standards. Designed for the advanced civil drafting student with emphasis on computer programs and experience compatible with the industry standards. Includes the study of plan and profile, cross-section and earthwork calculations. *Two hours lecture, three hours lab.*

DRFT 092 1.0 to 3.0 Units**Special Problems**

Prerequisite: DRFT 050. Individualized projects for advanced students who demonstrate competency to carry out individual work. Students may take this course up to the maximum number of units over multiple semesters. *Three to nine hours by arrangement.*

DRFT 130 3.0 Units**Advanced Printed Circuit Board Design**

Prerequisite: DRFT 075 with a minimum grade of C. *Course Advisory:* SCC minimum English and Math standards. The student will learn how to design complex circuit boards from schematic layout to artwork generation. Course requires completion of a complete set of drawings for a printed circuit board, including proper documentation, all based on industry standards. Through-hole and surface mount technology are studied. *Two hours lecture, three hours lab.*

DRFT 140 3.0 Units**Surveying**

Prerequisite: DRFT 080 with a minimum grade of C. *Course Advisory:* IT 151 with a minimum grade of C; SCC minimum English and Math standards. Presents the principles and practices of surveying. Topics include measurement of directions, distances and elevations. Students will learn the use and care of electronic survey equipment, transits, tapes and levels and be introduced to topics that include transverse calculations, horizontal and vertical curves, measuring standards and mapping. *Two hours lecture, three hours lab.*

Economics

Program Description

Economics is the study of how people make choices when faced with scarcity. It is therefore the study of the process of decision-making by individuals, business, governments, or any other group that must make such choices, and the study of the institutional context in which these decisions are made.

Associate Degree

Not offered in this discipline

ECON 001 3.0 Units **Principles of Economics (Macroeconomics)**

Prerequisite: MATH 330 with a minimum grade of C. Course Advisory: Eligibility for ENGL 001. An introductory course focusing on aggregate economic analysis. Topics include: market systems, aggregate measures of economic activity, macroeconomic equilibrium, money and financial institutions, monetary and fiscal policy, international economics, and economic growth. Online work may be required. C-ID ECON 202. *Three hours lecture.*

ECON 002 3.0 Units **Principles of Economics (Microeconomics)**

Prerequisite: MATH 330 with a minimum grade of C. Course Advisory: Eligibility for ENGL 001. This is an introductory course focusing on choices of individual economic decision-makers. Topics include scarcity, specialization and trade, market equilibrium, elasticity, production and cost theory, market structures, factor markets, and market failure. Online work may be required. C-ID ECON 201. *Three hours lecture.*

ECON 010 3.0 Units **Global Economics**

Course Advisory: Eligibility for English 001 and SCC minimum Math standard. This is an introductory course that examines patterns of international trade and development. In this course students will understand how economies around the world are linked. Students will examine issues of global trade, trade policies, exchange rate systems, developing countries and controversies regarding trade policy. Students may be required to complete work online. *Three hours lecture.*

Education

EDUC 050

3.0 Units

Introduction to Education

Course Advisory: SCC minimum English standard. Survey of American education as a social institution. The course is designed for, but not limited to, students who are considering entering the teaching profession. Three hours lecture.

Emergency Medical Technician

EMT 112 7.0 Units
Emergency Medical Technician (Basic)

Prerequisite: EMT 128 with a minimum grade of C. *Course Advisory:* Eligibility for ENGL 001 and SCC minimum Math standard. Based on state Emergency Medical Services Association regulations, the goal of the EMT (Basic) course is to acquire essential assessment & treatment skills for the delivery of prompt, efficient & safe pre-hospital emergency patient care. Application of these emergency care skills can minimize the risk of permanent disability to an individual. The course has lecture/discussion sessions & skills practice time. Students will attend a combined minimum of twenty-four (24) hours of observation time with an emergency department and an ambulance service. This clinical experience must include a minimum of ten (10) documented patient contacts wherein a patient assessment and other EMT skills are performed. Students successfully completing the course are eligible to take the National Registry Emergency Medical Technician (Basic) Exam as required by the state of California for certification. Certification enables students to qualify for employment with ambulance services, fire, or rescue services, search & rescue crews, ski patrol or related pre-hospital emergency care positions. NOTE: By law, applicants for certification must be at least 18 years of age. Students must present current Basic Life Support for Healthcare Providers course completion card at the mandatory information session in order to enroll in the course. Can be repeated every 2 years. *Five hours lecture, six hours activity.*

EMT 128 3.0 Units
Emergency Medical Responder

Course Advisory: SCC minimum English and Math standards. Provides the student with the basic emergency care procedures for sick and injured victims as a first responder including but not limited to: cuts, abrasions, broken bones, trauma injuries, burns and respiratory / cardiovascular emergencies. *Five hours lecture, three hours lab (8-week course).*

EMT 213 1.0 Units
Emergency Medical Technician (Basic) Refresher

Prerequisite: EMT 112 or previous EMT 213. *Course Advisory:* SCC minimum English and Math standards. Consists of review and update of EMT 112 course content and focuses on hands-on practice of all pre-hospital emergency skills, meeting the education requirements for EMT renewal. Topics and skills include: legal issues (including HIPAA), trauma, triage, use of airway/ventilation equipment with CPR, automated external defibrillation (AED), patient exam (medical & trauma), assessments and treatments for breathing, cardiovascular, neurologic, musculoskeletal, soft tissue injury, childbirth & environmental emergencies. Students apply assessments and treatments during pre-planned patient care skills scenarios to meet EMSA requirements for skills verification. May repeat every 1-2 years, ad infinitum (as stipulated by EMSA regulations for EMT I refresher and renewal). *Four and one-half hours lecture, four and one-half hours activity (3-week course).*

**Emergency Medical Technician I
 Job - Direct Certificate**

The required courses must be completed with a grade of C or better.

Engineering

Engineering

Program Description

Solano Community College offers a two-year lower division Engineering Program that is designed to prepare students to transfer to a four-year university. The lower division Engineering Core Courses recommended by the Engineering Liaison Committee of the State of California have been coordinated between community colleges and the four-year colleges and universities throughout California. As part of our Engineering Program, an Associate in Science Degree in Engineering is available. Although most engineering students transfer to a four-year university, those with an AS degree can also be employed in entry-level jobs that require two years of college-level science and math.

Associate in Science Degree

The Associate in Science Degree in Engineering can be obtained by completing a total of 68-75 units, including the requirements listed below, the general education requirements, and electives. All courses for the major must be completed with a grade of C or better, or a grade of P if the course is taken on a Pass / No Pass basis.

Program Outcomes

1. Demonstrate analytical problem solving skills in Math, Physics, Chemistry and Engineering.
2. Conduct experiments and critically assess the data.
3. Write professional laboratory reports and/or give oral presentations.

REQUIRED COURSES Units

CHEM 001 General Chemistry	5
MATH 020 Analytic Geometry and Calculus I	5
MATH 021 Analytic Geometry and Calculus II	5
MATH 022 Analytic Geometry and Calculus III	4
MATH 023 Differential Equations	4
PHYS 006 Physics for Science and Engineering	5
PHYS 007 Physics for Science and Engineering	5
Three courses from List A	10-13
Total Units	43-46

List A: (select three courses)..... Units

CIS 022 Introduction to Programming	3
DRFT 045 Introduction to Computer-Aided Drafting (CAD)	3
ENGR 017 Introduction to Electrical Engineering	5
ENGR 026 Mathematics and Engineering Problem Solving Using Matlab	4
OR	
MATH 026 Mathematics and Engineering Problem Solving Using Matlab	4
ENGR 030 Engineering Mechanics: Statics	4
ENGR 045 Properties of Materials	4

Engineering

ENGR 001**1.0 Units****Introduction to Engineering**

Course Advisory: Successful completion of ENG 001 and SCC minimum Math standard. A first, non-technical course for engineering students and students considering majoring in engineering. Introduction to different engineering fields, the campus life of engineering students, schedule guidelines, opportunities in engineering, engineers' roles in society, ethics in engineering, and strategies and approaches required to survive math, science, and engineering courses. Possible field trips. *One hour lecture.*

ENGR 017**5.0 Units****Introduction to Electrical Engineering**

Prerequisite: MATH 023 with a minimum grade of C (may be taken concurrently), and PHYS 007 with a minimum grade of C. Course Advisory: Eligibility for ENG 001. Required for engineering majors, the course presents a study of basic circuit analysis techniques including Kirchhoff's laws, mesh-current, node-voltage, Thevenin and Norton equivalent; transient and steady-state responses of passive circuits; sinusoidal steady-state analysis; power calculations; operational amplifier; semiconductor devices. Weekly homework assignments and written tests, including a comprehensive final examination and lab reports, will be used to evaluate student success. *Four hours lecture, three hours lab.*

ENGR 026**4.0 Units****Mathematics and Engineering Problem Solving Using Matlab**

Prerequisite: MATH 021 with a minimum grade of C (may be taken concurrently). This course covers methodologies for solving mathematics and engineering problems. Students will also learn to perform mathematics and engineering computation and visualization using the MATLAB language. Students will write a variety of programs in the MATLAB language. Same as MATH 026. *Three hours lecture, three hours lab.*

ENGR 030**4.0 Units****Engineering Mechanics: Statics**

Prerequisite: A minimum grade of C in both MATH 021 and PHYS 006. Course Advisory: Eligibility for ENG 001. This course, which is required for engineering majors, presents a study of the principles of statics of particles and rigid bodies as applied to equilibrium problems of two and three-dimensional structures, and the principles of friction, virtual work, and stability of equilibrium. *Four hours lecture.*

ENGR 045**4.0 Units****Properties of Materials**

Prerequisite: PHYS 006 with a minimum grade of C and CHEM 001 with a minimum grade of C. Course Advisory: Eligibility for ENG 001. This required course for engineering majors covers the application of basic principles of physics and chemistry to the structure and properties of engineering materials. Special emphasis is devoted to the relationship between microstructure and the mechanical properties of metals, polymers and ceramics, and the electrical, magnetic, and optical properties of materials. *Possible field trips. Three hours lecture, three hours lab.*

English

English

Program Description

The Associate in Arts Degree in English provides the academic and practical experience for further education in English at a four-year institution or a career in English or further education or careers in fields related to English. By completing this program, students may complete transfer requirements to the CSU system and UC system as well as public and private universities both in and out of California to pursue a Bachelor's Degree in English, English Literature or Creative Writing. A Bachelor's Degree in English may also include various emphases such as creative writing, composition/rhetoric, education, literature, or linguistics. Students who complete the A.A. Degree in English will also satisfy the requirements for the A.A.-T degree in English. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

Associate in Arts Degree

Students will take courses in English as well as in related fields required for English majors. The English program teaches writing, critical thinking, reading, and research skills as they apply to the areas of composition, creative writing, and the analysis of literature. Course work in creative writing is presented in sequenced writing workshops and courses in literary publishing. Course work in literature explores primarily British and American writers through genre, survey, figure, and thematic courses. The Associate in Arts Degree in English can be obtained by completing a total of sixty (60) units, including the twenty-five (25) to twenty-six (26) units for the major, general education requirements, and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis

Program Outcomes

Students who complete the English Associate Degree will be able to:

1. Demonstrate an ability to compose and communicate using appropriate rhetorical patterns and writing strategies.
2. Demonstrate college-level reading, writing, and analytical skills.
3. Demonstrate an understanding of the importance and influence of literature's study of the human condition in shaping and reflecting intellectual history and cultural identity.
4. Demonstrate, through the study and analysis of literature from a variety of cultural or ethnic backgrounds and sexual orientations, an ability to recognize and examine assumptions about difference and social norms and an understanding of how the experience of reading literature from different perspectives can better prepare one for meaningful participation in a diverse global community.
5. Explore and demonstrate through creative writing and/or analytical techniques, the practice and study of diverse literatures and publishing.

REQUIRED COURSES Units

The courses are listed in the suggested sequence.

ENGL 002 Critical Thinking and Writing About Literature	4
Two courses from List A	6
Two courses from List B	6
Two courses from List C	6
One course from List D	3
Total Units	25

List A: (select two courses)..... Units

ENGL 030 Survey of American Literature I	3
ENGL 031 Survey of American Literature II	3
ENGL 040 Survey of English Literature I	3
ENGL 041 Survey of English Literature II	3

List B: (select two courses)..... Units

ENGL 006 Creative Writing 1	3
ENGL 021 Introduction to Poetry	3
ENGL 023 Introduction to the Modern Novel	3
ENGL 024 Introduction to the Short Story	3
Any course from LIST A not already used	3

List C: (select two courses)..... Units

ENGL 007 Creative Writing II	3
ENGL 010 Creative Writing III	3
ENGL 018 Introduction to Mythology	3
ENGL 036 Multi-Ethnic Literature in America	3
ENGL 044 Introduction to Shakespeare	3
ENGL 058 Creative Writing: The Literary Magazine I	3
Any course from List A or B not already used	3

List D: (select two courses)..... Units

ENGL 049 English Honors	1 – 3
ENGL 059 Creative Writing: The Literary Magazine II ...	3
HUMN 001 What it Means to be Human	3
Any course from List A, B, or C not already used	3

English

Associate in Arts in English for Transfer (ADT: A.A.-T)

Program Description

The Associate in Arts Degree in English for Transfer (A.A.-T) is for students who intend to complete a bachelor's degree in English at a CSU. Students will take courses in English as well as related fields required for English majors. This program teaches writing, critical thinking, reading, and research skills as they apply to the areas of composition, creative writing, and the analysis of literature. Course work in creative writing is presented in sequenced writing workshops and courses in literary publishing. Course work in literature explores primarily British and American writers through genre, survey, figure, and thematic courses.

Associate in Arts in English for Transfer

Students who complete this 19-unit major will be guaranteed admission with junior status to the California State University system, though not to a particular campus or major. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

To earn the Associate in Arts in English for Transfer degree, students must:

1. Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements
 - b. A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

Program Outcomes

Students who complete an Associate in Arts in English for Transfer will be able to:

1. Demonstrate an ability to compose and communicate using appropriate rhetorical patterns and writing strategies.
2. Demonstrate college-level reading, writing, and analysis skills.
3. Demonstrate an understanding of the importance and influence of literature's study of the human condition in shaping and reflecting intellectual history and cultural identity.
4. Demonstrate, through study and analysis of literature from a variety of cultural or ethnic backgrounds and sexual orientations, an ability to recognize and examine assumptions about difference and social norms and an understanding of how the experience of reading literature from different perspectives can better prepare one for meaningful participation in a diverse global community.
5. Explore and/or demonstrate, through creative writing and/or analytical techniques, the practice and study of diverse literatures and publishing.

REQUIRED COURSES	Units
ENGL 002 Critical Thinking and Writing About Literature	4
Two courses from List A.....	6
Two courses from List B	6
One course from List C	3
Total Units	19

List A: (select two courses).....	Units
ENGL 030 Survey of American Literature I	3
ENGL 031 Survey of American Literature II	3
ENGL 040 Survey of English Literature I	3
ENGL 041 Survey of English Literature II	3

List B: (select two courses)	Units
ENGL 006 Creative Writing I.....	3
ENGL 007 Creative Writing II	3
ENGL 010 Creative Writing III	3
ENGL 018 Introduction to Mythology	3
ENGL 021 Introduction to Poetry	3
ENGL 023 Introduction to the Modern Novel	3
ENGL 024 Introduction to the Short Story	3
ENGL 036 Multi-Ethnic Literature in America	3
ENGL 044 Introduction to Shakespeare.....	3
ENGL 058 Creative Writing: The Literary Magazine I ...	3
Any course from LIST A not already used	3

English

List C: (select one course) **Units**
 ENGL 059 Creative Writing: The Literary Magazine..... 3
 HUMN 001 What it Means to be Human..... 3
 Any course from List A or B not already used..... 3

* 9 units may be double counted toward both the major area of emphasis and CSU General Education or IGETC Pattern. Consult with a counselor for more information on completing this degree.

Required Major Total Units: 19
CSU General Education or IGETC Pattern Units ...37-39
CSU Transferable Electives (as needed to reach 60 transferable units)* 11-13
Total Degree Units 60

ENGL 001 4.0 Units
College Composition

Corequisite: LR 010. *Prerequisite:* A high school GPA of 2.7 or better; OR a "B" or better in Junior or Senior High school English; or a "C+" or better in AP English; or a score of 90 or better within on the sentence skills section of the assessment test; or SAT verbal score of at least 500; or ACT score of at least 23; or a grade of "Pass" in ENGL 370 or 348E or 380 or 348G or 360; or recommendation of a counselor or English instructor based on a Multiple Measures Evaluation; or concurrent enrollment in English 348D or 310D. A writing course which emphasizes critical reading, expository and argumentative writing, and mastery of library research techniques. It includes instruction and practice in critical thinking, in analytical reading and evaluation of written work, and in the methods of clearly communicating and supporting ideas in organized, coherent essays (min 750 words each). Students are required to write an average of 7500 formal words, including a research paper, based on essays, literature read in class, personal experience, and college-level research. C-ID ENGL 100. Four hours lecture.

ENGL 002 4.0 Units
Critical Thinking and Writing About Literature

Prerequisite: ENGL 001 with a minimum grade of C. The development of critical thinking, reading, and writing skills as they apply to the analysis of fiction, poetry and drama, literary criticism, and related non-fiction from diverse cultural sources and perspectives. Emphasis is on the techniques and principles of effective written argument as they apply to literature. Essay examinations, critical papers, and some research projects are required. C-ID ENGL 110. Four hours lecture.

ENGL 004 4.0 Units
Critical Thinking and Composition: Language in Context

Prerequisite: ENGL 001 with a minimum grade of C. *Course Advisory:* SCC minimum Math standard. A study of the process of thought and its representation in writing, focusing on the formation of responsible opinions and their presentation in written argument. This course offers practice in the intellectual skills necessary for critical thinking, including observation, analysis, and research; it provides instruction in the organization, arrangement, and stylistic presentation of informative and argumentative writing; it examines the informative and argumentative writing of others and requires students to write their own analytical and argumentative essays. Essay examinations and critical papers are required. C-ID ENGL 105. Four hours lecture.

ENGL 006 3.0 Units
Creative Writing I

Prerequisite: ENGL 001 with a minimum grade of C. An introductory study of creative writing techniques in multiple genres. Students develop self-expression through writing and through individual and class criticism of student work. Frequent writing is required. C-ID ENGL 200. Three hours lecture.

ENGL 007 3.0 Units
Creative Writing II

Prerequisite: ENGL 006 with a minimum grade of C. An intermediate study of creative writing techniques. Students refine skills of self-expression through individual and class criticism of student work. Frequent writing and intense individual and class criticism of student work are requirements. Three hours lecture.

English

ENGL 010 3.0 Units
Creative Writing III

Prerequisite: ENGL 007 with a minimum grade of C. An advanced study of creative writing skills. Students will be expected to show proficiency in at least one genre (poetry, short story, drama, and novel). Frequent writing, intense individual and class criticism, and the compilation of an individual portfolio of genre-specific creative work are requirements. *Three hours lecture.*

ENGL 018 3.0 Units
Introduction to Mythology

Prerequisite: ENGL 001 with a minimum grade of C. A survey of the major elements of mythology, its history and development as part of the human experience with a central focus on Western mythology, its origins and development as well as its appearance in and influence on literature. Examinations and papers are required. *Three hours lecture.*

ENGL 021 3.0 Units
Introduction to Poetry

Prerequisite: ENGL 001 with a minimum grade of C. A study of poetry as a form of literature and art. This course examines the elements of poetry, the historical development of the genre, and the major themes treated by poetry. Examinations and critical papers are required. *Three hours lecture.*

ENGL 023 3.0 Units
Introduction to the Modern Novel

Prerequisite: ENGL 001 with a minimum grade of C. A study of selected novels written during the 20th Century, including the development of the modern novel as a form of literature and the specific techniques and themes employed by novelists. *Three hours lecture.*

ENGL 024 3.0 Units
Introduction to the Short Story

Prerequisite: ENGL 001 with a minimum grade of C. A study of the short story as a form of literature, examining the historical development of the short story, the literary elements of the genre, and the major themes treated by the short story. Examinations and critical papers are required. *Three hours lecture.*

ENGL 030 3.0 Units
Survey of American Literature I

Prerequisite: ENGL 001 with a minimum grade of C. A survey of literature written in the United States from the time of early settlement to the end of the Civil War. Through focus on significant works of diverse writers, attention is given to major literary movements and to understanding, comparing, and contrasting the diverse political, religious, social, and cultural elements of literature in the United States. Written examinations and critical papers are required. C-ID ENGL 130. *Three hours lecture.*

ENGL 031 3.0 Units
Survey of American Literature II

Prerequisite: ENGL 001 with a minimum grade of C. A survey of literature written in the United States from the end of the Civil War to the present. Through focus on significant works of diverse writers, attention is given to significant literary movements and to understanding, comparing and contrasting the diverse political, religious, social and cultural elements of literature in the United States. Written examinations and critical papers are required. C-ID ENGL 135. *Three hours lecture.*

ENGL 036 3.0 Units
Multi-Ethnic Literature in America

Prerequisite: ENGL 001 with a minimum grade of C. A study of representative literature by various American multicultural writers: Asian American, African American, European American, Latina/o, and Native American. Written examinations and critical papers are required. *Three hours lecture.*

ENGL 040 3.0 Units
Survey of English Literature I

Prerequisite: ENGL 001 with a minimum grade of C. A study of major works of British authors from the Anglo-Saxon period through the Eighteenth Century, in poetry, prose, and drama. The course focuses on the development of a literature in English and explores how this literature responds to and shapes its historical and cultural context. It introduces students to the use of critical theory in the analysis of literature. Examinations and critical papers are required. C-ID ENGL 160. *Three hours lecture.*

English

ENGL 041 3.0 Units
Survey of English Literature II

Prerequisite: ENGL 001 with a minimum grade of C. A study of major works in poetry, prose, and drama from approximately 1798 to the present. The course focuses on the Romantic Movement, the Victorian Age, early 20th Century, modernism, postwar literature, post-colonial literature, and late 20th Century post-modernism. It examines the shifting relationship between literature and its historical and cultural contexts. It introduces students to questions of canon formation and the use of critical theory in the analysis of literature. Examinations and critical papers are required. C-ID ENGL 165. *Three hours lecture.*

ENGL 044 3.0 Units
Introduction to Shakespeare

Prerequisite: ENGL 001 with a minimum grade of C. An introduction to Shakespearean drama and poetry through a study of representative comedies, histories, tragedies, and sonnets. Students will be concerned with dramatic and poetic principles as well as with an understanding of the historical context into which Shakespearean drama fits. Examinations and critical papers are required. *Three hours lecture.*

ENGL 049 1.0 to 3.0 Units
English Honors

Prerequisite: Completion of 24 units of college credit with a minimum GPA of 3.3; a minimum of 5 units in the discipline with a minimum grade of B; an ability to work independently; permission of the School Dean based on instructor availability. An independent study project which generally results in a critical examination of literature of significant creative and/or analytical writing. Students may take this course up to the maximum number of units over multiple semesters. *Three to nine hours by arrangement with instructor and School Dean.*

ENGL 058 3.0 Units
Creative Writing: The Literary Magazine I

Prerequisite: ENGL 001 with a minimum grade of C. A course in the contemporary American Literary magazine which will also produce its own literary magazine: requesting submissions, reviewing them, selecting material, arranging contents and determining the format. Students may write creatively and make their work available for class commentary, as well as for possible inclusion in the magazine. *Three hours lecture.*

ENGL 059 3.0 Units
Creative Writing: The Literary Magazine II

Prerequisite: ENGL 058 with a minimum grade of C. An advanced study of the contemporary American literary magazine and the practice of publishing its own literary magazine, The Suisun Valley Review, where the student is expected to assume a lead editorial role. Students may write creatively and make their work available for class commentary, as well as for possible inclusion in the magazine. *Three hours lecture.*

ENGL 062 3.0 Units
Analytical Reading

Prerequisite: Eligibility for ENGL 360. A college-level reading course designed to improve and enhance the student's ability to understand inferential reading passages. Emphasis is on the development of critical reading skills, including the ability to understand the author's point of view and to engage in textual analysis. In addition, the student should develop the ability to successfully critique college-level reading material by analyzing a variety of prose structures. *Three hours lecture.*

ENGL 310 .5 to 1.5 Units
Writing Skills Lab

Upon registration, each student's writing sample will be used to identify his/her individual writing problems, and an individualized program will be designed to provide instruction in those problem areas. Credit will be earned upon successful completion and mastery of the student's course of study and an appropriate number of hours as specified in each student's contract. Students may take this course up to the maximum number of units over multiple semesters. This is an Open Entry / Open Exit, Pass / No Pass only course. *One to three hours by arrangement.*

ENGL 310A 1.5 Units
Introductory Reading and Writing Skills

Intensive instruction in developmental language processing skills, reading and writing skills, and general college survival skills. Success in this lab will be based on attendance, satisfactory completion of in-class reading and writing assignments. This is a Pass / No Pass only course. *Two hours lab, two and one-half hours by arrangement.*

English as a Second Language

ENGL 310D

Advanced English Skills Lab

Corequisite: ENGL 001. Prerequisite: A high school cumulative GPA of 2.3 or better; or a "C" or better in Junior or Senior English; or a score of 70 or better on the sentence skills section of the assessment test; or SAT verbal score of at least 500; or ACT score of at least 23; or a grade of "Pass" in ENGL 350, 355, 370, 348E, 380, 348G, 359, or 360; or recommendation of a counselor or English instructor based on a Multiple Measures Evaluation. Intensive instruction in advanced reading and writing skills for students who are currently taking English 001 or other transfer-level content courses. This class is designed to help students further hone their craft as writers and readers. Success in this lab will be based on attendance and satisfactory completion of in-class reading and writing assignments. This is a pass/no pass course. *Three hours lecture.*

ENGL 360

Focused English Fundamentals

Prerequisite: A score of 0-89 on the sentence skills section of the assessment test; OR recommendation of a counselor or English instructor based on a Multiple Measures Evaluation (decided upon by the English department). This is an intensive English course which gives students the tools to read and write the sort of sophisticated texts required of them in transfer level courses. There is no lab component to this course. This is a Pass/No Pass only course. *Five hours lecture.*

English as a Second Language

ESL 074

Intermediate Integrated ESL Skills

Prerequisite: Minimum grade of C in the following: ESL 372 and ESL 374, ESL 334 or ESL 334B, or LOEP score: 2/3 in the range of 50-85. Brings together reading, composition, and grammar skills for intermediate-level ESL students. Students will study vocabulary and comprehension strategies for academic reading, read extensively for fluency, compose paragraph-length compositions, and develop control of a range of sentence structures and verb forms. Not available to students who have completed both ESL 078 and ESL 079. Not available to students who have completed ESL 074A and/or ESL 074B. *Six hours lecture.*

1.0 Units

ESL 074A

Intermediate Integrated ESL Skills: Part 1

Prerequisite: Minimum grade of C in the following: ESL 372 and ESL 374, ESL 334 or ESL 334B, or LOEP Score: 2/3 scores in the range of 50 - 85. The first half of a two-part intermediate integrated skills course, which brings together reading, composition, and grammar skills for intermediate-level ESL students. Students will study vocabulary and comprehension strategies for academic reading, read extensively for fluency, compose paragraph-length compositions, and develop control of a range of sentence structures and verb forms. Not available to students who have completed ESL 074. Not available to students who have completed both ESL 078 and 079. *Three hours lecture.*

3.0 Units

ESL 074B

Intermediate Integrated ESL Skills Part 2

Prerequisite: Minimum grade of C in the following: ESL 372 and ESL 374, ESL 334 or ESL 334B, or LOEP Scores: 2/3 scores 50 - 85, or instructor approval. Course Advisory: ESL 074A with a minimum grade of C. The second half of a two-part intermediate integrated skills course, which brings together reading, composition, and grammar skills for intermediate-level ESL students. Students will study vocabulary and comprehension strategies for academic reading, read extensively for fluency, compose paragraph-length compositions, and develop control of a range of sentence structures and verb forms. Not available to students who have completed ESL 074. Not available to students who have completed ESL 078 and ESL 079. *Three hours lecture.*

3.0 Units

ESL 077

Conversation/Pronunciation Skills

Corequisite: ESL 077L. Prerequisite: Minimum grade of C in ESL 372, ESL 373, or ESL 374. Course Advisory: ESL Assessment Test Score: At or above Level 2. Offers practice in acquiring patterns of American English grammar and pronunciation for the purpose of conversing clearly and completely. Includes practice in critically evaluating semantic and syntactic contrasts among various languages represented by students. *Three hours lecture.*

3.0 Units

English as a Second Language

ESL 077L

ESL 077 Lab

Corequisite: ESL 077. Course Advisory: Familiarity with basic reading and writing skills: English alphabet letter names, numbers, and ability to follow directions. Provides structured listening comprehension and pronunciation practice, basic grammar practice, and elementary word processing practice for students new to the English language who wish to improve their own ability to speak and understand clearly. Instruction is individualized. Materials for the lab may be purchased in the bookstore. This is an Open Entry/Open Exit, Pass/No Pass only course. One and one-half hours lab.

0.5 Units

ESL 094

Advanced ESL Integrated Skills

Prerequisite: A minimum grade of C in any of the following: ESL 074, ESL 074B, ESL 078, ESL 079 or LEOP scores; at least 2/3 scores over 85. Brings together the reading, composition, and grammar skills offered in the advanced, discrete-skills courses ESL 055, ESL 006, and ESL 087. Students will study vocabulary and comprehension strategies for academic reading, read extensively for fluency, compose paragraph- and essay-length compositions, and practice the grammatical structures necessary to performing a variety of rhetorical tasks. Prepares ESL students for the reading and writing demands of 300-level English courses. Six hours lecture.

6.0 Units

ESL 094A

Advanced ESL Integrated Skills Part 1

Prerequisite: A minimum grade of C in any of the following: ESL 078, ESL 079, ESL 074, ESL 074B, or LEOP scores: at least 2/3 over 85, or instructor approval. The first half of a two-semester advanced integrated skills course, bringing together the reading, composition, and grammar skills to prepare non-native English speakers for the reading and writing demands of 300-level English courses. Students will study vocabulary and comprehension strategies for academic reading, read extensively for fluency, compose paragraph- and essay-length compositions, and practice the grammatical structures necessary to performing a variety of rhetorical tasks. Not available to students who have already taken ESL 094. Not available to students who have already taken ESL 055 and ESL 006. Three hours lecture.

3.0 Units

ESL 094B

Advanced ESL Integrated Skills Part 2

Prerequisite: A minimum grade of C in any of the following: ESL 074 or both ESL 078 and ESL 079, or both ESL 074A and ESL 074B, or LOEP scores: 2/3 above 85, or instructor approval. Course Advisory: ESL 094A with a minimum grade of C. The second half of a two-semester advanced integrated skills course, bringing together the reading, composition, and grammar skills to prepare non-native English speakers for the reading and writing demands of 300-level English courses. Students will study vocabulary and comprehension strategies for academic reading, read extensively for fluency, compose paragraph- and essay-length compositions, and practice the grammatical structures necessary to performing a variety of rhetorical tasks. Not available to students who have already completed ESL 094. Not available to students who have already taken ESL 055 and ESL 006. Three hours lecture.

3.0 Units

ESL 330

ESL Lab

Course Advisory: Familiarity with basic reading and writing skills: English alphabet letter names, numbers, and ability to follow directions. Provides structured listening comprehension and pronunciation practice, basic grammar practice, and elementary word processing practice for students new to the English language who wish to improve their own ability to speak and understand clearly. Students may take this course up to the maximum number of units over multiple semesters. This is an Open Entry/Open Exit, Pass/No Pass only course. One and one-half to four and one-half hours lab.

0.5 to 1.5 Units

ESL 334

Introductory Integrated ESL Skills: Reading, Writing, and Grammar

Course Advisory: Familiarity with basic reading and writing skills, English alphabet letter names, numbers, and ability to follow directions, and ESL test score for "Level 1." Introduces reading, writing, and grammar skills for low-intermediate-level ESL students. Students will study vocabulary and comprehension strategies, read for fluency, compose paragraphs, and develop familiarity with basic English sentence patterns and verb forms. Not available to students who have completed ESL 334A or 334B. Six hours lecture.

6.0 Units

English as a Second Language

ESL 334A 3.0 Units
Introductory Integrated ESL Skills: Reading, Writing, and Grammar Part 1

Prerequisite: LOEP Assessment test score up to 30. The first half of a two-semester introductory integrated skills course, introducing the reading, writing and grammar skills for low-intermediate level non-native English speakers. Students will study vocabulary and comprehension strategies, compose paragraphs and develop familiarity with basic English sentence patterns and verb forms. Not available to students who have completed ESL 334. *Three hours lecture.*

ESL 334B 3.0 Units
Introductory Integrated ESL Skills: Reading, Writing, and Grammar Part 2

Prerequisite: LOEP Assessment test scores up to 30. *Course Advisory:* ESL 334A with a minimum grade of C. The second half of a two-semester introductory integrated skills course, introducing the reading, writing and grammar skills for low-intermediate level non-native English speakers. Students will study vocabulary and comprehension strategies, compose paragraphs and develop familiarity with basic English sentence patterns and verb forms. Not available to students who have completed ESL 334. *Three hours lecture.*

ESL 373 3.0 Units
ESL Basic Oral Communication Skills

Corequisite: ESL 373L. *Course Advisory:* Familiarity with basic reading and writing skills, English alphabet letter names, numbers, and ability to follow directions and ESL Assessment Test Score: Level 3. For students still developing fluency in spoken English, this course offers practice in mastering the patterns of spoken American English through study of the English sound system (pronunciation), conversation strategies, related grammar, writing, and spelling at a high-beginning level of proficiency with oral communication and listening as the focus. *Three hours lecture.*

ESL 373L 0.5 Units
ESL 373 Lab

Corequisite: ESL 373. Provides structured listening comprehension and pronunciation practice, basic grammar practice, notetaking practice and elementary word processing practice for students new to the English language who wish to improve their own ability to speak and understand clearly. Instruction is individualized. Materials for the Lab may be purchased in the Solano College Bookstore. *One and one-half hours lab.*

ESL 374 3.0 Units
Fundamentals of ESL Grammar

Course Advisory: Familiarity with basic reading and writing skills, English alphabet letter names, numbers, and ability to follow directions and ESL Assessment Test Score: Level 3. The major goals of this course are increasing fluency and comprehension in speaking, listening, reading and writing English through the careful, guided study of grammar: Present, future and past verb tenses, singular and plural nouns, constructing simple sentences, special verbs and patterns, idioms to facilitate communication, spelling and study skills for learning a language. Attendance, participation, completion of quizzes and homework assignments requiring reading and writing will determine the student's success in completing the course. *Three hours lecture.*

ESL 534A 0.0 Units
Introductory Integrated ESL Skills: Reading, Writing and Grammar Part 1

Course Advisory: Familiarity with basic reading and writing skills, English alphabet letter names, numbers, and ability to follow directions, and ESL test score for "Level 1." The first half of a non-credit, two-semester introductory integrated skills course. This course introduces reading, writing and grammar skills for low-intermediate level English learners. Students will study vocabulary and comprehension strategies, compose paragraphs and develop familiarity with basic English sentence patterns and verb forms. *Three hours lecture.*

Ethnic Studies

Ethnic Studies

Program Description

This major is an interdisciplinary program which provides an opportunity for students to pursue organized studies of minority groups in American Society and to foster and expand general understanding of these groups. The courses allow for a wide latitude of study to meet a variety of interests with courses which fulfill competence in and an understanding of the unique contributions of American ethnic groups; interpretation of American ethnic culture as manifested in its history, its literature, and its social, economic, political, and philosophical development. (The course descriptions may be found under the appropriate disciplines.)

Associate in Arts Degree

The Associate in Arts Degree can be obtained by completing a total of 60 units, including the 18-unit major, general education requirements, and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Ethnic Studies Associate Degree will be able to:

1. Increase understanding of diverse ethnic groups in American society.
2. Identify and analyze the impact of culture and the significance of history and literature.
3. Develop competence as it pertains to various ethnic groups including an understanding of their social, economic,

Film and Television

Film and Television

See also *Sports Broadcasting – Certificate of Achievement in Communication Studies*

Program Description

This program is designed to provide fundamental theory and practical experiences required for a career in film and/or television.

Associate in Arts Degree

The Associate in Arts Degree can be obtained upon completion of a total of 60 units, including the 19 – 20-unit major, the general education requirements, and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Film and Television Associate Degree will be able to:

1. Conceive, structure, organize, produce, direct, film and edit to successful completion a short digital film and TV program.
2. Conceive, structure, organize and write film and TV treatments and scripts.
3. Critically evaluate film.
4. View and evaluate films, providing written and verbal critiques.
5. Demonstrate knowledge of film theory and history and TV/radio broadcasting mediums.

REQUIRED COURSES	Units
CINA 010 The Art of Cinema	3
CINA 015 Film Production	4
TV 050 Survey of Broadcasting	3
TV 055 Beginning Television Production	3
TV 060 Television and Film Writing	3

TV 061 Advanced Film Writing
TV 099 Telecommunications Honors

Film and Television

Cinematography

CINA 010 3.0 Units

Introduction to Cinema Studies

Course Advisory: Eligibility for ENGL 001. This course introduces the close analysis of film texts. Examines the broad questions of form and content, aesthetics and meaning, and history and culture. Explores the diverse possibilities presented by the cinematic art form through an examination of a wide variety of productions, national cinemas, and film movements. Topics include modes of production, narrative and non-narrative forms, visual design, editing, sound, genre, ideology and critical analysis. Written exams, film screenings, and film discussion are required. *Three hours lecture.*

CINA 011 3.0 Units

American Cultures in Film

Course Advisory: ENGL 001. A film studies approach to understanding ethnicity, culture, race, discrimination, gender, class and pluralism in America. Includes screenings of films by and/or about Asian Americans, African-Americans, European Americans, Hispanic Americans, Native Americans, and selected readings, written critical analysis and discussion. *Three hours lecture.*

CINA 015 4.0 Units

Film Production

Prerequisite: CINA 010 with a minimum grade of C (may be taken concurrently). An introduction to digital film production equipment, techniques and principles. Includes applications of producing, directing, writing, cinematography, editing and sound recording. Students are required to demonstrate knowledge of the above in student-produced digital films, exercises and written work. *Three hours lecture, three hours by arrangement.*

CINA 016 4.0 Units

Film Production

Prerequisite: CINA 015 with a minimum grade of C. The application of filmmaking principles and techniques in the production of student produced animated, documentary, educational and/or dramatic films. Emphasis is on developing skill and creativity as a producer/director and refining basic technical competence. A final film project is required. *Three hours lecture, three hours by arrangement.*

Television

TV 050 3.0 Units

Survey of Broadcasting

Course Advisory: SCC minimum English standard. Introduction to radio and television as mediums of mass communication. The history, development and structure of radio and television are studied, and their impact on society and culture. Students are required to demonstrate knowledge of course content through written tests and projects. *Three hours lecture.*

TV 055 3.0 Units

Beginning Television Production

Prerequisite: TV 050 (may be taken concurrently). Offers introductory training in the fundamentals of TV studio production, including producing, directing, scriptwriting, performing, production crewing, set graphics and designing. TV production projects are required. *Three hours lecture.*

TV 056 3.0 Units

Advanced Television Production

Prerequisite: TV 055 or previous television production experience. Course Advisory: SCC minimum English standard Presents the fundamentals of on-location and studio production applied to news, public affairs, and dramatic programs. Students are required to produce, direct, write, and crew on TV programs. *Three hours lecture, one hour lab.*

TV 060 3.0 Units

Television and Film Writing

Course Advisory: ENGL 001. Presents the fundamental principles, techniques and formats of writing for film and TV, including analysis and study of professionally written scripts. Scriptwriting assignments for news, public affairs, editorials, public service announcements, commercials, documentaries, and dramas are required. *Three hours lecture.*

TV 061 3.0 Units

Advanced Film Writing

Prerequisite: TV 060 or presentation of a treatment or well structured story line acceptable to the instructor. Script writing for the motion picture, including dramatic structure, scene and sequence structure, and character development. Each student will complete an original script for a full length motion picture. *Three hours lecture.*

Film and Television

TV 099

1.0 to 3.0 Units

Telecommunications Honors

Prerequisite: Completion of 24 units of college credit with a minimum GPA of 3.3; a minimum of 5 units in the discipline with a minimum grade of B; an ability to work independently; permission of the School Dean based on instructor availability.

Allows the advanced student to work independent of the structured classroom environment in areas of special concern during hours set by arrangement with instructor. Students are required to complete their independent study goals as arranged through contract with their instructor at the beginning of the semester. Students may take this course up to the maximum number of units over multiple semesters. *Three to nine hours by arrangement.*

Fire Technology

Fire Technology

Program Description

This program was established under direction of Solano County fire protection agencies and offers both an intensive training course culminating in a Certificate of Achievement and a well-rounded educational program leading to the Associate in Science Degree. Instructors in this program are experienced members of the fire service field. In addition, a Fire Technology Academy for recently recruited fire service personnel and pre-service students is conducted periodically. The curriculum consists of courses selected from the regular fire technology course offerings.

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement can be obtained upon completion of the 30-unit major with a grade of "C" or better in each course. The Associate in Science Degree can be obtained upon completion of a total of 60 units, including the major, the general education requirements, and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Fire Technology Certificate of Achievement/ Associate Degree will be able to:

1. Identify minimum qualifications and entry-level skills for fire fighter hiring.
2. Demonstrate knowledge of fire service history, culture, and diversity.
3. Demonstrate the ability to analyze, appraise and evaluate fire and emergency incidents and identify components of emergency management and fire fighter safety.
4. Identify and comprehend laws, regulations, codes, and standards that influence fire department operations, and identify regulatory and advisory organizations that create and mandate them, especially in the areas of fire prevention, building codes and ordinances, and firefighter health and safety.
5. Analyze the causes of fire; determine extinguishing agents and methods; differentiate the stages of the fire and compare methods of heat transfer.
6. Calculate flow requirements for fire apparatus; diagram a pump and plumbing schematic for fire apparatus; and apply mathematic formulae to hydraulics problems.
7. Identify and describe common types of building construction and conditions associated with structural collapse and fire fighter safety.
8. Differentiate between fire detection and fire suppression systems; design and diagram a wet and dry fire protection system; and identify alarm system components and their operations.

REQUIRED COURSES	Units
FIRE 050 * Principles of Emergency Services.....	3
FIRE 051 Fire Behavior & Combustion	3
FIRE 053 Fire Prevention Application.....	3
FIRE 054 Fire Protection Systems	3
FIRE 056 Building Construction as it Relates to the Fire Service	3
FIRE 101 Principles of Fire and Emergency Services Safety and Survival	3
12 units from Recommended Electives.....	12
Total Units	30

Recommended Electives (select 12 units):	Units
FIRE 140 Fire Technology Academy	24
EMT 112 Emergency Medical Technician (Basic)	7
EMT 128 Emergency Medical Responder.....	3
OCED 090 Occupational Work Experience	1 - 8

** Fire service personnel may take Fire Technology electives in lieu of this course providing they are a current EMT and CPR card holder.*

This is a Gainful Employment Program. For additional information, please visit
http://www.solano.edu/gainful_employment/ and select "Fire Technology."

Fire Technology

FIRE 050 3.0 Units
Principles of Emergency Services

Course Advisory: SCC minimum English standard. This course provides an overview of fire protection; career opportunities in the fire service and related fields; history of fire service and fire protection; fire organization and management; function of public and private protection services; fire departments as part of local government; fire prevention and investigation; building construction; specific fire protection functions; fire and emergency service apparatus and facilities; and introduction to fire protection systems. *Three hours lecture.*

FIRE 051 3.0 Units
Fire Behavior & Combustion

Course Advisory: SCC minimum English standard. Provides the student with fundamental information and knowledge of the physical and chemical characteristics of matter, fire, hazardous materials, weapons of mass destruction identification and basic extinguishment theory. *Field Trip may be required. Three hours lecture.*

FIRE 053 3.0 Units
Fire Prevention Applications

Course Advisory: SCC minimum English standard. This course provides fundamental information regarding the history and philosophy of fire prevention, organization and operation of a fire prevention bureau. It will also discuss the use of fire codes, identification and correction of fire hazards, and the relationship of fire prevention with fire safety education and detection and suppression systems. *Three hours lecture.*

FIRE 054 3.0 Units
Fire Protection Systems

Course Advisory: SCC minimum English standard. This course will provide information relating to the features of design and operation of fire detection and alarm systems and heat and smoke control systems. It will discuss special protection and sprinkler systems, water supply for fire protection, and portable fire extinguishers. *Three hours lecture.*

FIRE 056 3.0 Units
Building Construction as it Relates to the Fire Service

Course Advisory: SCC minimum English and Math standards. This course is intended to provide basic information about how buildings are designed and constructed. Through a basic understanding of building construction, the student will acquire an understanding of how buildings will behave under fire conditions. This course will aid in decision making related to fire prevention and fire control with the goal of successful fire ground operations. *Three hours lecture.*

FIRE 101 3.0 Units
Principles of Fire and Emergency Services Safety and Survival

Course Advisory: ENGL 001 and SCC minimum MATH standard. Introduction to basic principles and history related to the firefighter life safety initiatives, focusing on the need for cultural and behavior change throughout the emergency services. *Three hours lecture.*

FIRE 140 24.0 Units
Fire Technology Academy

Prerequisite: Minimum grade of C in FIRE 050, FIRE 101, EMT 128 and a passing grade on the CPAT or PACK test as evidenced by a certificate of completion. A course containing the contents of FIRE 115, 123, 124, 125, 126, 127, 129, 130, 131, and 83 and Certification of State Fire Marshal courses of I-200, Fire Control I, Fire Control 3B, Water/Swiftwater Rescue Awareness, Confined Space Awareness, Rescue Systems I, Trench Rescue, Low Angle Rescue, American Red Cross EMS First Responder for the Professional, and State Fire Marshal Certified wildland courses of S-190, S-130, S-131, S-134, L-180 and CALFIRE 67 Hour Basic Course. Successful students who maintained at least an 80% score on each unit and subject covered in this course may become eligible for certification by the State Fire Marshal as a Firefighter I pending a required internship with a recognized fire entity. **NOTE:** Additional fees are associated with this course. Fees may include and are not limited to purchase of uniforms, physical fitness attire, State Fire Marshal certificates, and other related costs. The Solano College Fire Technology Program and its appurtenant Firefighter I Academy is a California State Fire Marshal Accredited Regional Training Program. Field trips may be required. Students will be required to rent, at their cost, all or portions of personal protective equipment (PPE) needed for academy events. If a student is sponsored by a fire department and said department provides the student with necessary PPE, he/she will not be required to rent PPE. *Fourteen hours lecture, thirty hours lab.*

Foreign Languages

Foreign Languages, General

Program Description

This program introduces the fundamentals of language learning (listening, speaking, reading, writing, and culture) with emphasis on language production, grammar, syntax, vocabulary acquisition, and exposure to the culture. This program provides study in more than one language.

Associate in Arts Degree

The Associate in Arts Degree can be obtained by completing a total of 60 units, including a minimum of 20 units from the courses listed below in the two different languages, the general education requirements, and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Foreign Languages, General Associate Degree will be able to:

1. Read, write, speak, listen, and engage with the target culture in more than one language, at the novice-mid to advanced proficiency levels (depending on course level), as prescribed by the ACTFL Proficiency Guidelines and the ILR Culture Proficiency Guidelines. (Minimum of 20 units)

REQUIRED COURSES

Select a minimum of 20 units combined from the two different languages.

Associate in Arts in Spanish for Transfer

Program Description

The Associate in Arts Degree in Spanish for Transfer (A.A.-T) is for students who intend to complete a bachelor's degree in Spanish at a CSU. Students will take courses in Spanish required for Spanish majors. This program teaches writing, reading, speaking, listening and comprehension in the target language, as well as critical thinking skills in the context of engaging and processing cultural materials, with the intent to heighten cultural awareness and sensitivity to diversity.

Associate in Arts in Spanish for Transfer Degree

Students who complete this degree will be guaranteed admission with junior status to the California State University system, though not to a particular campus or major. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

To earn the Associate in Arts in Spanish for Transfer degree, students must:

1. Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements
 - b. A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

Program Outcomes

Students who complete the Associate in Arts in Spanish for Transfer degree, will be able to:

1. Build cultural awareness of Spanish-speaking cultures through comparison and contrast of linguistic variances, as well as various customs, societies, and institutions.
2. Demonstrate reading, writing, and analysis in Spanish at the intermediate/high to advanced proficiency level based on the ACTFL guidelines.
3. Demonstrate oral and aural abilities in Spanish at the intermediate/high to advanced proficiency level based on the ACTFL guidelines.

Foreign Languages

FLNG 101

Cross Age Teaching

Corequisite: Concurrent enrollment in 1 unit of OCED 090. Prerequisite: Students must have completed French 002, German 002, or Spanish 002 with a minimum grade of C. Weekly seminars will explore how children learn and develop understanding in French, German and Spanish. Working with a peer partner or partners, students will prepare lesson plans and develop curriculum. Through a co-requisite OCED 090, students will work in elementary school classes in Solano County to provide language instruction based on the lesson plans developed. *Two hours lecture.*

French

FREN 001

First Semester French

Course Advisory: SCC minimum English standard. Introduces the fundamental elements of the language (listening, speaking, reading, writing and culture) with emphasis on language production, grammar, syntax, acquisition of a practical vocabulary, and exposure to the Francophone culture. Exams, quizzes, written and oral assignments and completion of the activities manual will be used to evaluate student progress. NOTE: Not open for credit to students who have had two or more years of high school French with a minimum grade of B within the last three years or to students who have completed FREN 031 and/or 032. *Five hours lecture.*

FREN 002

Second Semester French

Prerequisite: A minimum grade of C in either FREN 001, or FREN 032, or two years of high school French with a minimum grade of C. Continuation of FREN 001 introducing the fundamentals of French (listening, speaking, reading, writing and culture) with increased emphasis on writing and continued stress on language production, pronunciation, grammar, syntax, acquisition of a practical vocabulary, and exposure to the Francophone culture. Exams, quizzes, written assignments and completion of the activities manual will be used to evaluate student progress. NOTE: Not open to students who have completed FREN 033 and/or 034. *Five hours lecture.*

2.0 Units

FREN 003

Third Semester French

Prerequisite: A minimum grade of C in either FREN 002, or FREN 034, or three years of high school French with a minimum grade of C. Continuation of FREN 002, that expands the student's knowledge of the language (listening, speaking, reading, writing and culture) with emphasis on language production, grammar, syntax, and acquisition of a practical vocabulary, and exposure to Francophone culture. In addition, students will read and discuss short selections taken from a literary and cultural anthology. Exams, quizzes, written and oral assignments and completion of the activities manual will be used to evaluate student progress. *Five hours lecture.*

5.0 Units

FREN 004

Fourth Semester French

Prerequisite: FREN 003 with a minimum grade of C. Continuation of French 003. Reviews and expands knowledge of elements previously learned, while introducing new material. Exposure to the culture and thinking of the French-speaking world. Extensive work is done in reading, writing and conversing in French. Regular Quizzes, exams, written and oral assignments required. *Five hours lecture.*

5.0 Units

FREN 011

Conversational French

Prerequisite: A minimum grade of C in either FREN 002 or FREN 034. Designed to promote competency in the oral use of the language and to increase fluency by reinforcing previously learned materials and by expanding vocabulary and patterns of speech. This course emphasizes the practical application of the language, not grammar acquisition or review. *Three hours lecture.*

3.0 Units

FREN 012

Intermediate French Conversation

Prerequisite: FREN 011 with a minimum grade of C. This course is a continuation of FREN 011, and is designed to promote competency in the oral use of the language and to increase fluency by expanding beyond previously learned materials, vocabulary and patterns of speech. The course emphasizes the practical application of the language, not grammar acquisition or review, exposing students to global awareness through a rich variety of Francophone cultural sources. *Three hours lecture.*

3.0 Units

Foreign Languages

FREN 031

3.0 Units

First Semester French, Part I

Course Advisory: SCC minimum English standard. Introduces the basic elements of the language (listening, speaking, reading, writing and culture) with emphasis on language production, grammar, syntax, vocabulary building, and exposure to the Francophone culture. Exams, quizzes, written and oral assignments and completion of the activities manual will be used to evaluate student progress. NOTE: In order to fulfill the one semester of French 001 requirement of some universities, transfer students must complete the sequence of FREN 031-032. NOTE: Not open for credit to students who have received credit for FREN 001 or to students who have had two or more years of high school French with a minimum grade of B within the past three years. *Three hours lecture.*

FREN 032

3.0 Units

First Semester French, Part II

Prerequisite: FREN 031 with a minimum grade of C, or one year of high school French with a minimum grade of C. Continuation of FREN 031 introducing the fundamental elements of the language (listening, speaking, reading, writing and culture) with continued emphasis on language production, grammar, syntax, vocabulary building, and exposure to the French culture. Exams, quizzes, written assignments and completion of the activities manual will be used to evaluate student progress. NOTE: In order to fulfill the one-semester French 001 requirement of some universities, transfer students must complete the sequence of FREN 031 and 032. NOTE: Not open for credit to students who have completed FREN 001 or who have had two or more years of high school French with a minimum grade of B within the last three years. *Three hours lecture.*

FREN 049

1.0 to 3.0 Units

French Honors

Prerequisite: Completion of 24 units of college credit with a minimum GPA of 3.3; a minimum of 5 units in the discipline with a minimum grade of B; an ability to work independently; permission of the School Dean based on instructor availability. Independent study and research, by arrangement with the instructor, in specified fields of study in French or creative writing in French. Students may take this course up to the maximum number of units over multiple semesters. *Three to nine hours by arrangement with instructor and School Dean.*

Spanish

SPAN 001

5.0 Units

First Semester Spanish

Course Advisory: SCC minimum English standard. Introduces the fundamental elements of the language (listening, speaking, reading, writing and culture) with emphasis on language production, grammar, syntax, acquisition of a practical vocabulary, and exposure to the Hispanic culture. The students will interact with authentic language in a cultural context. NOTE: Not open for credit to students who have had two or more years of high school Spanish with a minimum grade of B within the last three years or to students who have completed SPAN 001S, or SPAN 031 and/or 032, or SPAN 061M and/or 062M. *C-ID SPAN 100. Five hours lecture.*

SPAN 002

5.0 Units

Second Semester Spanish

Prerequisite: Minimum grade of C in SPAN 001, or SPAN 001S, or SPAN 032, or SPAN 062M, or two years of high school Spanish with a minimum grade of C, or the equivalent. Continuation of SPAN 001. Continues students' introduction to the fundamentals of Spanish (listening, speaking, reading, writing and culture) with increased emphasis on writing and continued stress on language production, pronunciation, grammar, syntax, acquisition of a practical vocabulary through authentic language in a cultural context. NOTE: Not open to students who have completed SPAN 002S, or SPAN 033 and/or 034, or SPAN 063M and/or 064M. *C-ID SPAN 110. Five hours lecture.*

SPAN 003

5.0 Units

Third Semester Spanish

Prerequisite: A minimum grade of C in SPAN 002, or SPAN 002S, or SPAN 034, or SPAN 064M, or three years of high school Spanish with a minimum grade of C. This course teaches culture and facilitates language acquisition through listening, speaking, reading and writing. Students will continue to interact with authentic language in context and express personal meaning, using different strategies and techniques that go beyond casual conversation, in order to express opinions, make suggestions on familiar topics, discuss some abstract issues, and make plans. Students will demonstrate the ability to think critically by analyzing linguistic structures and reflecting on and making cross-cultural comparisons. Students will demonstrate an increased awareness of cultural norms, values, and culturally relevant appropriate customs and events. This course will be taught in Spanish. *C-ID SPAN 200. Five hours lecture.*

Foreign Languages

SPAN 004**5.0 Units****Fourth Semester Spanish**

Prerequisite: SPAN 003 with a minimum grade of C or four years of high school Spanish with a minimum grade of C. *Continuation of Spanish 003.* This course continues to expand upon culture and facilitate language acquisition through listening, speaking, reading and writing. Students will continue to interact with authentic language in context and express personal meaning, using different strategies and techniques that go beyond casual conversation, in order to express opinions, make suggestions on familiar topics, discuss some abstract issues, and make plans. Students will demonstrate the ability to think critically by analyzing linguistic structures and reflecting on and making cross-cultural comparisons. Students will demonstrate an increased awareness of cultural norms, values, and culturally relevant appropriate customs and events. This course will be taught in Spanish. C-ID SPAN 210. *Five hours lecture.*

SPAN 011**3.0 Units****Conversational Spanish**

Prerequisite: A minimum grade of C in SPAN 002, or SPAN 02S, or SPAN 034. Designed to promote competency in the oral use of the language and to increase fluency by reinforcing previously learned materials and by expanding vocabulary and patterns of speech. This course emphasizes the practical application of the language, not grammar acquisition or review. *Three hours lecture.*

SPAN 031**3.0 Units****First Semester Spanish, Part I**

Course Advisory: SCC minimum English standard. Introduces the basic elements of the language (listening, speaking, reading, writing and culture) with emphasis on language production, grammar, syntax, vocabulary building, and exposure to the Hispanic culture. Exams, quizzes, written assignments and completion of the activities manual will be used to evaluate student progress. NOTE: In order to fulfill the one-semester Spanish 001 requirement of some universities, transfer students must complete the sequence of Spanish 031 and 032. NOTE: Not open for credit to students who have received credit for SPAN 001, or SPAN 001S, or SPAN 061M, or who have had two or more years of high school Spanish with a minimum grade of B within the last three years. *Three hours lecture.*

SPAN 032**3.0 Units****First Semester Spanish, Part II**

Prerequisite: A minimum grade of C in either SPAN 031 or SPAN 061M. Continuation of Spanish 031, presenting the fundamental elements of the language (listening, speaking, reading, writing and culture) with continued emphasis on language production, grammar, syntax, vocabulary building, and exposure to the Hispanic culture. Exams, quizzes, written assignments and completion of the activities manual will be used to evaluate student progress. NOTE: In order to fulfill the one-semester Spanish 001 requirement of some universities, transfer students must complete the sequence of Spanish 031 and 032. NOTE: Not open for credit to students who have received credit for SPAN 001, or SPAN 001S, or SPAN 062M, or who have had two or more years of high school Spanish with a minimum grade of C within the last three years. *Three hours lecture.*

SPAN 033**3.0 Units****Second Semester Spanish, Part I**

Prerequisite: SPAN 001, or SPAN 001S, or SPAN 032, or SPAN 062M with a grade of C or better. Continuation of Spanish 001 (or Spanish 032), presenting the fundamentals of Spanish (listening, speaking, reading, writing and culture), with increased emphasis on writing and continued stress on language production, pronunciation, grammar, syntax, acquisition of a practical vocabulary, and exposure to the Hispanic culture. Exams, quizzes, written assignments and completion of the activities manual will be used to evaluate student progress. NOTE: Not open for credit to students who have received credit for SPAN 002, SPAN 002S, or SPAN 063M. *Three hours lecture.*

SPAN 034**3.0 Units****Second Semester Spanish, Part II**

Prerequisite: A minimum grade of C in either SPAN 033 or SPAN 063M. Continuation of Spanish 033, presenting the fundamentals of Spanish (listening, speaking, reading, writing and culture), with increased emphasis on writing and continued stress on language production, pronunciation, grammar, syntax, acquisition of a practical vocabulary, and exposure to the Hispanic culture. Exams, quizzes, written assignments and completion of the activities manual will be used to evaluate student progress. NOTE: Not open for credit to students who have received credit for SPAN 002 or SPAN 002S. *Three hours lecture.*

Foreign Languages

SPAN 049

1.0 to 3.0 Units

Spanish Honors

Prerequisite: Completion of 24 units of college credit with a minimum GPA of 3.3; a minimum of 5 units in the discipline with a minimum grade of B; an ability to work independently; permission of the School Dean based on instructor availability.

Independent study and research, by arrangement with the instructor, in specified fields of study in Spanish or creative writing in Spanish. Students may take this course up to the maximum number of units over multiple semesters. *Three to nine hours by arrangement with instructor and School Dean.*

Geography

Associates in Arts in Geography for Transfer (ADT: A.A.-T)

Program Description

Solano Community College offers an Associate in Arts in Geography for Transfer degree to introduce students to principles, theory, and applied methods of spatial analysis in studying both the natural and human environment. The Associate in Arts in Geography for Transfer degree is designed to prepare students for a seamless transfer into the CSU system to complete a baccalaureate degree in Geography or similar major. The degree provides students with a foundation in the knowledge and skills of the Geography profession and prepares them for upper division university course work. Recipients of the Associate in Arts for Transfer degree are guaranteed admission with junior standing at a campus of the California State University system. The program in Geography is designed to develop the student's awareness of human environment relationships and changes in the physical and cultural landscape induced by human activities.

Associates in Arts in Geography for Transfer

The Associate in Arts in Geography for Transfer degree is especially designed for students who plan to complete a bachelor's degree in Geography at a CSU campus. Students completing an Associate in Arts in Geography for Transfer degree are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that accepts the Associate in Arts in Geography for Transfer degree will be required to complete no more than 60 units after transfer to earn a bachelor's degree.

The Associate in Arts in Geography for Transfer degree, which aligns with the Geography TMC, will prepare students for a baccalaureate degree in Geography at a CSU institution. Geography provides insights about the earth as the human habitat. It is a way of looking at the earth, not an inventory of its contents. This viewpoint rests on fundamental interlocking concepts. The cultural appraisal of the earth, the regional concept, areal coherence, human ecology, spatial interaction, study of landscape, and the concept of change are all ways the geographer tries to better understand the environment.

To earn the Associate in Arts in Geography for Transfer degree, students must:

1. Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
 - b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

Program Outcomes

Students who complete the Associate in Arts in Geography for Transfer degree will be able to:

1. Use maps and other appropriate geographic tools to interpret and analyze spatial data.
2. Explain the impact of humans on the natural environment.
3. Identify major worldwide spatial political, cultural, economic, and environmental patterns.

Geography

GEOG 001**3.0 Units****Physical Geography**

Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. This course is a spatial study of the Earth's dynamic physical systems and processes. Topics include: Earth-sun geometry, weather, climate, water, landforms, soil, and the biosphere. Emphasis is on the interrelationships among environmental and human systems and processes and their resulting patterns and distributions. Tools of geographic inquiry are also briefly covered; they may include: maps, remote sensing, Geographic Information Systems (GIS) and Global Positioning Systems (GPS). Field trips may be required. C-ID GEOG 110. *Three hours lecture.*

GEOG 001L**1.0 Units****Physical Geography Laboratory**

Prerequisite: GEOG 001 with a minimum grade of C (may be taken concurrently). Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. This course is designed to provide supplemental exercises in topics covered in Physical Geography lecture. Lab experience will include map analysis and interpretation, weather prognostication, landform processes and evolution, tectonics, biogeography, and habitat analysis. One or more field trips are required and may occur outside of class time. C-ID GEOG 111. *Three hours lab.*

GEOG 002**3.0 Units****Cultural Geography**

Course Advisory: Eligibility for English 001. This course is a study of diverse human populations, their cultural origins, diffusion and contemporary spatial expressions. Topics include: demography, languages and religions, urbanization and landscape modification, political units and nationalism, and economic systems and development. A field trip may be required. However, if the student cannot attend the field trip, there will be an optional research paper assignment. C-ID GEOG 120. *Three hours lecture.*

GEOG 004**3.0 Units****World Geography**

Course Advisory: Eligibility for ENGL 001. Survey of the world's culture regions and nations as interpreted by geographers, including physical, cultural, and economic features. Emphasis on spatial and historical influences on population growth, transportation networks, and natural environments. Identification and importance of the significant features of regions. A field trip may be required with the course. However, if a student cannot attend the trip, there will be an optional research paper assignment. C-ID GEOG 125. *Three hours lecture.*

GEOG 006**3.0 Units****California Geography**

Course Advisory: Eligibility for ENGL 001. A thematic approach to the state's issues, processes and topics relevant to geography including climate, landforms, natural vegetation, water resources, cultural landscape, ethnic diversity, urban and agricultural regions, and the economy. This course explores the physical, and human landscapes that have evolved as a result of the human-environment interface. A field trip is required. C-ID GEOG 140. *Three lecture hours.*

GEOG 010**3.0 Units****Introduction to Geographic Information Systems**

Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. Basic computer literacy is desirable. Study of Geographic Information Systems (GIS) science and its applications to spatial data management. Identification and acquisition of GIS data. Assessment of vector and raster systems, scale, resolution, map projection, coordinate systems, georeferencing and Global Positioning Systems (GPS). Spatial analysis and modeling with GIS. Same course as GEOL 010. Not open to students who have completed GEOL 010. Field trips may be required. C-ID GEOG 155. *Three hours lecture.*

Geology

GEOL 001 **3.0 Units**
Physical Geology

Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. An introduction to the principles of geology with emphasis on Earth processes. This course focuses on the internal structure and origin of the Earth and the processes that change and shape it. Online work may be required. C-ID GEOL 100. *Three hours lecture.*

GEOL 002 **1.0 Units**
Geology Laboratory

Prerequisite: A minimum grade of C in either GEOL 001 or GEOL 005 (either course may be taken concurrently). *Course Advisory: SCC minimum Math standard and Eligibility for ENGL 001.* Topics include the identification of rocks and minerals as hand specimen and the study of geologic maps, landforms, and structures. Field trips will be taken to areas of geologic interest. Laboratory projects, written assignments and reports, and examinations will be used to evaluate student success. C-ID GEOL 100L. *Three hours lab.*

GEOL 005 **3.0 Units**
Geology of California

Course Advisory: GEOL 001 with minimum grade of C, Eligibility for ENGL 001 and SCC minimum math standard. An introduction to the geology of California, including tectonic processes, geologic structures, physiographic provinces, local rocks and minerals, landforms, natural resources, geologic history, and natural hazards in the state. Field trip will be taken to areas of geologic interest. A field trip report will be required. If the student cannot attend the trip, they will have a make-up work. *Three hours lecture.*

GEOL 010 **3.0 Units**
Introduction to Geographic Information Systems

Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standards. Study of Geographic Information Systems (GIS) science and its applications to spatial data management. Identification and acquisition of GIS data. Assessment of vector and raster systems, scale, resolution, map projection, coordinate systems, georeferencing and Global Positioning Systems (GPS). Spatial analysis and modeling with GIS. Same course as GEOG 010. Not open to students who have completed GEOG 010. C-ID GEOL 155. *Three hours lecture.*

GEOL 049 **1.0 to 3.0 Units**
Geology Honors

Prerequisite: Completion of 24 units of college credit with a minimum GPA of 3.0; completion of GEOL 001, GEOL 005, or GEOL 010 with a minimum grade of B; an ability to work independently; and permission of the School Dean based on instructor availability. *Course Advisory: Eligibility for ENGL 001.* Requires students to engage in an independent student project. The project may be a laboratory or field study or a library study that leads to a thesis. In all cases, the final written product should show integration and synthesis of ideas. This project requires the approval of a faculty member sponsor. Students may take this course up to the maximum number of units over multiple semesters. *Three to nine hours by arrangement.*

History

Associate in Arts in History for Transfer (ADT: A.A.-T)

Program Description

This program emphasizes the development of various societies through a chronological study of the major social, political, economic, and cultural forces which have shaped these societies. Students in this program may study a variety of historical fields including United States, World, Western Civilization, African-American, Mexican and Mexican-American, California and Women's History.

Associate in Arts in History for Transfer

The Associate in Arts in History for Transfer is especially designed for students who plan to complete a bachelor's degree in History at a CSU campus. Students completing the Associate in Arts for Transfer degree are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that accepts the Associate in Arts Degree for Transfer will be required to complete no more than 60 units after transfer to earn a bachelor's degree.

To earn the Associate in Arts in History for Transfer degree, students must:

1. Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements
 - b. A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

Program Outcomes

Students who complete an Associate in Arts in History for Transfer degree will be able to:

1. Recognize and define a variety of major economic, social, cultural and political events and trends in history.
2. Analyze the significant causal factors that contributed to the shaping of a variety of historical movements, events and trends.
3. Interrogate and analyze primary historical evidence, including textual documents, artifacts and visual images.

REQUIRED COURSES	Units
HIST 017 History of the United States to 1865	3
HIST 018 History of the United States from 1865.....	3

Total Degree Units

* 6 - 15 units may be double counted toward both the major area of emphasis and CSU General Education or IGETC Pattern. Consult with a counselor for more information on completing this degree.

History

HIST 002 3.0 Units
World History to 1500

Course Advisory: Eligibility for ENGL 001; SCC minimum Math standard. An integrated study of world civilizations from their beginnings to 1500. Emphasis will be placed on a critical assessment of the cultural achievements, belief systems and economic, political and social structures of the major global civilizations. We will also study the interconnections that linked these cultures into an integrated world system during the early modern period. C-ID HIST 150. *Three hours lecture.*

HIST 003 3.0 Units
World History Since 1500

Course Advisory: Eligibility for ENGL 001; SCC minimum Math standard. An integrated study of modern global history since 1500. Emphasis will be placed on the emergence of an interconnected world system in the modern era and the impact of that system on societies and cultures around the globe. The ongoing tension between tradition and modernity 'shaped by wars, revolutions, and economic transformations' forms the central theme of the course. C-ID HIST 160. *Three hours lecture.*

HIST 004 3.0 Units
History of Western Civilization to 1500

Course Advisory: Eligibility for ENGL 001. Survey of the history of the development of western culture and civilization to the Reformation. Emphasis will be on analyzing the major social, political, economic and cultural forces which have shaped European societies. C-ID HIST 170. *Three hours lecture.*

HIST 005 3.0 Units
History of Western Civilization Since 1500

Course Advisory: Eligibility for ENGL 001. Survey of the history of western civilization from 1500 to the present. Emphasis will be on analyzing the major social, political, economic and cultural forces which have shaped modern European history. C-ID HIST 180. *Three hours lecture.*

HIST 010 3.0 Units
California History

Course Advisory: Eligibility for ENGL 001. Survey of California history from the pre-colonial, Native American period to the modern state. Particular emphasis will be placed on the interplay of geographic, economic, political, social and cultural forces that shaped both the development of this diverse state and the experiences of a wide range of peoples who have inhabited it. *Three hours lecture.*

HIST 017 3.0 Units
History of the United States to 1877

Course Advisory: Eligibility for ENGL 001. This course is a survey of the history of the United States from its Native American, African and European origins through the period of the Civil War and Reconstruction. Emphasis is placed on the analyzing the major economic, social, political, and cultural events, movements and trends that shaped historical developments, examining cause and effect relationships and interpreting primary and secondary sources. C-ID HIST 130. *Three hours lecture.*

HIST 018 3.0 Units
History of the United States from 1865

Course Advisory: Eligibility for ENGL 001. This course is a survey of the history of the United States from Reconstruction to the present. It examines the major economic, social, political, and cultural events that shaped the United States and their impact on American life. This course also examines the United States' increasing involvement in world affairs. Special emphasis is placed on analyzing the cause and effect relationships in U.S. history and on the historical interpretation of events and trends in U.S. history. C-ID HIST 140. *Three hours lecture.*

HIST 028 3.0 Units
African American History to 1877

Course Advisory: Eligibility for ENGL 001. This is a survey course of the African-American experience in the United States from African origins to 1877. An emphasis is placed on the role of Africans in the settlement of North America, a comparison of colonial slave systems, and African-American strategies of resistance and self-help. The course will examine the contributions of African Americans to the social, political, and economic development of the United States. *Three hours lecture.*

HIST 029 3.0 Units
African American History Since 1865

Course Advisory: Eligibility for ENGL 001. This course is a survey of the political, social, and economic history of African Americans from Reconstruction (1865) to the present. An emphasis is placed on the transition of African Americans from slavery to freedom, segregation, migration and urbanization, black ideology and leadership, and African American protest movements of the twentieth century. The course will closely examine the role of African-Americans in shaping the American nation. *Three hours lecture.*

History

HIST 031

3.0 Units

Mexican American/Chicano History

Course Advisory: Eligibility for ENGL 001. A survey of Mexican American/Chicano history from the pre-Columbian civilizations of Mexico to the present. Course will emphasize the economic, social, cultural, and political conditions and events that have shaped the history of Mexican Americans/Chicanos in the United States. Special attention is given to the contributions of Mexican Americans and Mexican immigrants to the multi-cultural development of the United States. *Three hours lecture.*

HIST 037

3.0 Units

Women in American History

Course Advisory: Successful completion of ENGL 001 with a minimum grade of C. A multi-cultural survey of American history from pre-colonial times to the present examining the impact of ethnic and cultural diversity, class, and gender on the lives of women. *Three hours lecture.*

Horticulture

Horticulture and Plant Science

Program Description

This program is designed to provide theory and practical experience needed to enter the horticulture field or prepare for advancement or certification. It also offers some of the basic courses required of horticulture majors transferring to four-year institutions. This program offers certificates and degrees in six Ornamental Horticulture areas.

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement can be obtained by completing all courses in the major with a grade of C or better or a P if the course is taken on a Pass/No Pass basis. The Associate in Science Degree can be obtained by completing a total of 60 units, including the required courses in the major, the general education requirements, and electives. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Horticulture Science Certificate of Achievement/ Associate Degree will be able to:

1. Design a landscape.
2. Lay out a landscape.
3. Estimate the cost of a landscape.

REQUIRED COURSES	Units
HORT 006 Identification and Ecology of Landscape Plant Materials.....	4
HORT 030 Landscape Design I	3
HORT 050 Introduction to Horticulture	3
HORT 055 Soils and Fertilizers.	3
HORT 056 Landscape Pest Control and Management	4
HORT 070 Landscape Construction and Estimation	3
HORT 071 Irrigation Principles.....	3
Total Units	23

This is a Gainful Employment Program. For additional information, please visit http://www.solano.edu/gainful_employment/ and select "Horticulture Science."

Landscape Worker Job-Direct Certificate

The required courses must be completed with a grade of "C" or better.

REQUIRED COURSES	Units
HORT 006 Identification and Ecology of Landscape Plant Materials.....	4
HORT 050 Introduction to Horticulture	3
HORT 071 Irrigation Principles.....	3
Total Units	10

**Students will be required to complete 80 hours of cooperative supervised work experience to receive credit.*

Horticulture

HORT 006 **4.0 Units**
Identification and Ecology of Landscape Plant Materials

Course Advisory: HORT 050 recommended and SCC minimum English and Math standards. Study of the identification, growth habits, cultural requirements, and evaluation of landscape plant materials used for ornamental purposes in Western landscapes. Laboratory experience will emphasize the identification and use of the plant materials in various landscape settings. A collection will be required. *Three hours lecture, three hours lab.*

HORT 030 **3.0 Units**
Landscape Design I

Prerequisite: HORT 006 with a minimum grade of C. Course Advisory: HORT 050; SCC minimum English and Math standards. Introduction to the skills and techniques of landscape design principles and practices. Laboratories will stress drafting techniques through design projects. *Field trips required. Two hours lecture, three hours lab.*

HORT 031 **3.0 Units**
Landscape Design II

Prerequisite: HORT 030 with a minimum grade of C. Course Advisory: HORT 050; SCC minimum English and Math standards. Presents the association of plant materials according to design principles and their environmental requirements with attention to groupings, arrangements and planting about buildings and other landscape structures. Landscape drafting will be stressed in the laboratory projects culminating in a term design project. *Mandatory field trips. Two hours lecture, three hours lab.*

HORT 050 **3.0 Units**
Introduction to Horticulture

Course Advisory: SCC minimum English and Math standards. Introduction and preview of the nursery, florist, and landscaping industries including elemental landscape design, flower arranging, plant identification, plant propagation, landscape tools, turf care, pest control, soil testing and basic botany. Laboratory experience will develop beginning techniques in propagation, soil testing, and turf and shrub maintenance. *Mandatory field trips will be taken to various phases of the industry. Two hours lecture, three hours lab.*

HORT 055 **3.0 Units**
Soils and Fertilizers

Course Advisory: SCC minimum English and Math standards. Study of the relationships of soils and fertilizers to proper plant growth and emphasizes analysis of soils and fertilizers. Field laboratories will develop management techniques in testing and application through exercises and field trip observations. *Two hours lecture, three hours lab.*

HORT 056 **4.0 Units**
Landscape Pest Control and Management

Course Advisory: SCC minimum English and Math standards. Study of horticultural pests, insects, weeds, diseases and other non-pathogenic causes common to the Solano County area emphasizing identification, cultural, rotational, natural and chemical control methods. Mandatory field trips and laboratory experiences will provide experiences in detection, identification and techniques necessary to manage and control various species of plant pests. A collection is required. *Three hours lecture, three hours lab.*

HORT 070 **3.0 Units**
Landscape Construction and Estimation

Course Advisory: SCC minimum English and Math standards; HORT 050. Study of the construction of patios, decks, walks, retaining walls, raised planters, mowstrips, fences, overhead structures, masonry work, sprinkler layout and other landscape features with emphasis on building code specifications. Previews contractor's licensing. Site development and construction skills will be developed during the laboratory. *Two hours lecture, three hours lab.*

HORT 071 **3.0 Units**
Irrigation Principles

Course Advisory: SCC minimum English and Math standards; HORT 055. Study of the principles and management of water development and use in agricultural and horticultural production with special emphasis on water supplies, measurement, movement through soils, application methods, amounts needed and problems of distribution. The field laboratories will develop management techniques through exercises and field trip observations. *Two hours lecture, three hours lab.*

Horticulture

HORT 101 **2.0 Units**
Plant Propagation and Production

Course Advisory: HORT 050; SCC minimum English standard with a minimum grade of C. Plant propagation and production practices with emphasis on vegetable crops, greenhouse and nursery operations including sexual and asexual reproduction, planting, transplanting, fertilizing, plant pest and disease control; structures and site layout; preparation and use of propagating and planting mediums; use and maintenance of common tools and equipment; regulations pertaining to plant production. *Two hours lecture, six hours lab. (8 week course)*

HORT 301A **2.0 Units**
Adaptive Horticulture - Basic Skills and Practices

Course Advisory: This course is for students with learning difficulties. A horticulture and vocational training class adapted for students with special learning needs. Students will learn basic horticulture skills in a garden, nursery, and landscape setting. Safety training will be incorporated throughout the course. Students will receive a letter grade for this course. *There will be 1 or more field trips for this course. Two hours lecture, four hours lab, four hours activity (8-week course).*

HORT 301B **2.0 Units**
Adaptive Greenhouse Management

Course Advisory: This course is primarily for students with special learning needs. This is a greenhouse skills vocational training course adapted for but not limited to students with intellectual and/or physical disabilities. Students will learn greenhouse management skills for employment preparation. *Two hours lecture, four hours lab, four hours activity (8-week course).*

HORT 301C **2.0 Units**
Adaptive Nursery and Landscape Management

Course Advisory: This course is primarily for students with disabilities. This is a nursery and landscape skills vocational training course adapted for but not limited to students with intellectual and/or physical disabilities. Students will learn nursery and landscape management skills for employment preparation. Students will be given a letter grade for this course. *Two hours lecture, four hours lab, four hours activity (8-week course).*

HORT 301D **2.0 Units**
Adaptive Vegetable and Orchard Management

Course Advisory: This course is primarily for students with disabilities. This is a vegetable and orchard skills vocational training course adapted for but not limited to students with intellectual and/or physical disabilities. Students will learn vegetable and orchard management skills for employment preparation. Students will receive a letter grade for this course. There are one or more field trips required for this course. *Two hours lecture, four hours lab, four hours activity (8-week course).*

HORT 301E **2.0 Units**
Adaptive Plant Propagation

Course Advisory: This course is primarily for students with disabilities. This is a plant propagation skills vocational training course adapted but not limited to students with intellectual and/or physical disabilities. Students will learn propagation management skills for employment preparation. Students will receive a letter grade for this course. There will be one or more field trips required for this course. *Two hours lecture, four hours lab, four hours activity (8-week course).*

Humanities

HUMN 001

3.0 Units

What It Means To Be Human

Prerequisite: ENGL 001 with a minimum grade of C. Explores what it means to be human by examining human life in several ways such as humans as social beings, language users, thinkers, myth makers, aggressors and peace makers, revolutionaries, scientists, and creators, and media creators and consumers. Inquiry into each category will involve critical thinking, artistic sensitivity, and historical perspective. *Three hours lecture.*

HUMN 002

3.0 Units

Humans As Creators: The Media of Creativity

Course Advisory: Eligibility for ENGL 001. Exploration of the varieties of ways in which humans demonstrate their creative ability ranging from a study of the creative process itself to an examination of creativity in the arts, in the sciences, and in human organization. *Three hours lecture.*

HUMN 003

3.0 Units

Journey In a Multicultural Landscape

Course Advisory: SCC minimum English and Math standards. Interdisciplinary course to help students recognize and explore sites of multicultural interaction and conflict in the U.S. by examining at least three different American ethnic cultures as well as cultural issues of gender, disability, sexual orientation, and age. Inquiry into the process of the making and representation of cultural artifacts will enable critical appraisal and appreciation, interpersonal sensitivity and multicultural perspective. *Three hours lecture.*

Human Services

Human Services

Program Description

This program is designed to equip students with the basic knowledge and skills necessary for the variety of jobs in the field of Human Services. These courses are intended to provide entry-level skills and training for students who are interested in employment in mental health, social welfare, developmental services, corrections, alcohol and drug treatment, or child/adolescent treatment services.

Certificate of Achievement and Associate of Arts Degree

A Certificate of Achievement can be obtained upon completion of the 23-unit major with a grade of "C" (2.0) or better in each course. The Associate of Arts Degree can be obtained upon completion of 60 units, including the major with a grade of "C" (2.0) or better in each course, general education requirements, and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Human Services Certificate of Achievement/ Associate Degree will be able to:

1. Development of basic knowledge within the field of Human Services.
2. Development of cultural competency, group facilitation, and case management skills.
3. Application of Human Services knowledge and skills.

REQUIRED COURSES Units (listed in recommended sequence)

HS 051 Introduction to Human Services	3
COUN 062 Helping Skills: Creating Alliances & Facilitating Change.....	3
HS 053 Serving Special Populations	3
HS 054 Introduction to Group Processes	3
HS 055 Introduction to Case Management.....	3
COUN 064A Practicum I.....	4
COUN 064B Practicum II.....	4
Total Units	23

Recommended Electives

CDFS 038 Child Development
CDFS 039 School Years and Adolescent Development
CDFS 052 Children with Special Needs
CDFS 062 Introduction to Early Childhood Education
CDFS 070 Lifespan Human Development
CDFS 075 Children with Special Needs
CJ 001 Introduction to Criminal Justice
CJ 011 Community Relations
CJ 058 Fundamentals of Crime and Delinquency
PSYC 001 Introduction to Psychology
PSYC 002 Biological Psychology
PSYC 005 Abnormal Psychology
PSYC 006 Developmental Psychology
PSYC 007 Cross-Cultural Psychology
PSYC 020 Personal and Social Behavior
PSYC 030 Introduction to Social Psychology
PSYC 034 Human Sexual Behavior
PSYC 040 Drugs, Society & Behavior
OCED 090 Occupational Work Experience
SOCS 022 Ethnic, Racial and Minority Group Relations in Harmony and Conflict
SOCS 023 The African-American Family
SOCS 025 Mexican-American Experience
SOCS 027 Native American Experience
SOC 001 Introduction to Sociology
SOC 002 Social Issues and Problems
SOC 040 Sociology of the Family

This is a Gainful Employment Program. For additional information, please visit http://www.solano.edu/gainful_employment/ and select "Human Services."

Human Services

HS 051 3.0 Units
Introduction to Human Services

Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. Provided is an overview of the history and purpose of human services. Students will familiarize themselves with skills needed to provide optimum services to diverse consumer populations in areas such as social welfare, mental health, substance use, rehabilitation, and child, adult and elder care. Political and economic aspects inclusive of roles and functions of local human services agencies systems will be examined. *Three hours lecture.*

HS 053 3.0 Units
Serving Special Populations

Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. The study of the values, problems, issues, concerns and counseling needs of special population groups including, but not limited to age, gender, ethnicity, socioeconomic status, physical or psychiatric disability, sexual orientation, and chemical dependency characteristics. The course provides students with the insight, knowledge and skills necessary to work with diverse populations in human services settings. *Three hours lecture.*

HS 054 3.0 Units
Introduction to Group Processes

Prerequisite: HS 051 with a minimum grade of C. Course Advisory: COUN 062 with a minimum grade of C; Eligibility for ENGL 001 and SCC minimum Math standard. An introduction to the theory and dynamics of group interaction including psychoeducational, support and therapeutic context. The various stages and processes of group development are studied using both a conceptual and experiential approach. This course is intended to assist persons who will function as leaders in a variety of small group situations. *Three hours lecture.*

HS 055 3.0 Units
Introduction To Case Management

Prerequisite: COUN 062. Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. An introductory course which acquaints students with the basic concepts and skills of case management. This course provides an introduction to the history and purpose of case management, case management concepts, legal and ethical considerations of case management, service planning and delivery, careers in case management and other topics. *Three hours lecture.*

Industrial Education

Mechatronics

Program Description

Mechatronics is the blending of electronics, mechanics, electrical and computers to produce a well-rounded technician capable of handling the complex maintenance and operations tasks demanded by modern manufacturing, transportation, communication, and other industries. The modularization of electro-mechanical devices no longer requires in-depth specialization of a single field of study as more emphasis is placed on troubleshooting and replacement skills for maintenance and generalized knowledge of how systems work together for operations and purchasing and planning.

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement can be obtained upon completion of the 42-unit major listed below. The Associate in Science Degree can be obtained by completing a total of 60 units, including the 42 unit major, the general education requirements, and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Mechatronics Certificate of Achievement/ Associate Degree will be able to:

1. Safely operate a variety of testing instruments and diagnostic tools.
2. Recognize complex systems and understand their function, operation, advantages and disadvantages.
3. Analyze complex systems and diagnose/troubleshoot problems.

REQUIRED COURSES	Units
CIS 001 Introduction to Computer Science	3
IT 050 Alternative Energy Technologies	3
IT 101 How Things Work	3
IT 151 Vocational Mathematics	3
MT 120 Principles of Analog Electronics	3
MT 122 Principles of Digital Electronics	3
MT 130 Principles of Mechanical Power Systems	3
MT 132 Principles of Fluid Power Systems	3
MT 140 Principles of Industrial Electrical Systems	3
MT 142 Principles of Electrical Machinery	3
MT 162 Robotic Manufacturing Systems	3
MT 164 Programmable Logic Controllers	3

Total Units	42

List A (select 6 units)

ACR 100 Air Conditioning and Refrigeration	3
OR	
ACR 101 Air Conditioning and Refrigeration	3
DRFT 045 Introduction to Computer-Aided Drafting (CAD)	3
DRFT 050 Basic Drafting	3
DRFT 079 Blueprint Reading	3
IT 110 Modern Welding	3
IT 120 Electrical Safety	3
IT 140 Industrial Materials	3
OCED 090 Occupational Work Experience	1 - 8

This is a Gainful Employment Program. For additional information, please visit
http://www.solano.edu/gainful_employment/ and select "Mechatronics."

Industrial Management

IT 050 3.0 Units
Alternative Energy Technologies

Course Advisory: SCC minimum English and Math standards. Introduces the topics of power generation, transmission, and consumption of both conventional and alternative energy sources. Students will be exposed to an in-depth analysis of the design and use of fossil fuel based systems and then compare those systems to alternatives. Energy use in transportation, industrial, commercial, and residential applications will be examined. *Three hours lecture.*

IT 101 3.0 Units
How Things Work

Course Advisory: SCC minimum English and Math standards. Provides an understanding of how the technology in our lives works using only basic concepts and rudimentary mathematics. This course considers objects from our daily environment and focuses on their principles of operation, histories, and relationships to one another. Students learn about common technologies through lecture, classroom discussion, and laboratory experiments. *Two hours lecture, three hours lab.*

IT 110 3.0 Units
Modern Welding

Course Advisory: SCC minimum English standard. Designed to acquaint the student with MIG and TIG welding methods and knowledge necessary to weld in all positions utilizing the mild steel, low hydrogen electrodes, metal inert gas and tungsten inert gas techniques. *Two hours lecture, three hours lab.*

IT 111 3.0 Units
Modern Welding

Prerequisite: IT 110. Designed to acquaint the student with MIG and TIG welding methods and knowledge necessary to weld in all positions utilizing the mild steel, low hydrogen electrodes, metal inert gas and tungsten inert gas techniques. *Two hours lecture, three hours lab.*

IT 120 1.0 to 3.0 Units
Electrical Safety

Course Advisory: SCC minimum English and Math standards. A survey of the proper use, handling, and hazards associated with electrical and electronic equipment. The student will be introduced to the current generally accepted (National Electrical Safety Code) safety practices and procedures associated with power transmission, industrial, and consumer electrical and electronic equipment. This is an Open Entry/Open Exit course. Students may take this course up to the maximum number of units over multiple semesters. *One to three hours lecture.*

IT 130 1.0 Units
Fundamentals of Wire Cabling

Course Advisory: SCC minimum English and Math standards. Presents the principles and practices of copper cable wiring technology. Includes instruction in the design, installation, and maintenance of copper wiring systems for intelligent control systems, lighting and appliance control devices, communication, and networking. Also includes instruction in household and institutional power wiring. *One hour lecture, one hour lab.*

IT 132 1.0 Units
Fundamentals of Fiber Optics

Course Advisory: SCC minimum English and Math standards. Presents the principles and practices of fiber optics and optoelectronic technology. Includes instruction in the design, installation, and maintenance of fiber optic cabling and control systems and optoelectronic control systems for computer communication and networking systems. *One hour lecture, one hour lab.*

IT 134 1.0 Units
Fundamentals of Wireless Communication

Course Advisory: SCC minimum English and Math standards. Presents the principles and practices of wireless communication technology. Includes instruction in the design, installation, and maintenance of wireless communication and network systems. Emphasis is placed on system reliability, security, and cost containment concerns. Formerly ECTN 113. *One hour lecture, one hour lab.*

IT 140 3.0 Units
Industrial Materials

Course Advisory: SCC minimum English standard. A broad overview of the characteristics and comparative qualities of naturally occurring, alloyed and man-made materials used in industry. Testing and practical use of materials are required. *Two hours lecture, three hours lab.*

IT 151 3.0 Units
Vocational Mathematics

Course Advisory: SCC minimum English and Math standards. Focuses on mathematical functions, plane and solid geometry, measurement systems, algebra, and trigonometry applied to specific vocational areas. *Three hours lecture.*

Interdisciplinary Studies

Interdisciplinary Studies

Program Description

This major is designed for students who are not certain of their specific academic major goals and do not have immediate transfer plans. It would enable them to earn the Associate Degree by completing general education and an 18-unit area of academic focus.

- I. All students will complete the Solano College Option A GE Pattern: Minimum 22 semester units.
- II. All students will complete an 18-unit Area of Emphasis; Arts and Humanities, Communication, Science and Quantitative Reasoning, Social Science or Wellness and Self Development.
- III. Electives may be necessary to total 60 overall units required for the Associate degree.
- IV. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete an Associate Degree will be able to:

1. Students will discern the relationship between personal perspective and evidence-based evaluation of information.
2. Students will discover the nature and common themes of the disciplines represented by an academic area of emphasis.
3. Students will acquire a knowledge base that encourages lifelong learning in order for them to effectively adapt to a complex and changing society.

Areas of Emphasis

1. 18 units required from one Area of Emphasis.
2. Courses selected cannot also be used to fulfill GE areas.
3. Courses numbered 001-049 transfer to UC, CSU and most independent and out-of-state colleges. Courses numbered 050-099 transfer to CSU and some independent and out-of-state colleges and universities. Courses numbered 100-199 are associate degree applicable but usually do not transfer to baccalaureate-granting institutions.

Arts and Humanities

Courses in this area are designed to cultivate intellect, imagination, sensibility and sensitivity. Students will study great works of the human imagination and will examine their own esthetic and creative experience. Awareness and appreciation of humanistic disciplines will be explored and encouraged. Students will be exposed to the study of human culture from a variety of perspectives.

REQUIRED COURSES

Minimum 6 units from Arts

Minimum 6 units from Humanities

**Maximum 3 units of credit for studio/performance courses*

Total Units: Minimum of 18

Science and Quantitative Reasoning

This emphasis is intended to involve inquiry into the physical universe and its life forms with consideration of facts and principles which form the foundations of living and non-living systems. Students will explore scientific methodologies as investigative tools, the acquisition and use of evidence, and the past and present influences of science on world civilizations. Understanding and analysis of basic mathematical and quantitative reasoning concepts will be explored. This area includes courses in areas such as computer science, math, and science.

REQUIRED COURSES

Minimum 6 units from Science

Minimum 6 units from Quantitative Reasoning

**Chemistry courses may be used as either Science or Quantitative reasoning but not in both.*

Global Interdependence

Course Advisory: Eligibility for ENG 001; PLSC 001; ENGL 062. Designed to give students a foundation for the study of international relations, it provides a backdrop to understanding global interdependence, its causes and consequences. Included are political, economic, historical, philosophical, cultural, geographical, and environmental dimensions of interdependence. This course adopts a multidisciplinary perspective and may feature guest speakers or presentations from a variety of disciplines.
Three hours lecture.

Journalism

Journalism

Program Description

Journalism teaches critical thinking and communication skills that enable students to translate events and issues of importance accurately and responsibly. Student who may benefit from the major are those anticipating careers in newspapers; television or film; photojournalism; layout, computer graphics or graphic design; advertising or public relations; or media management.

Associate in Arts Degree

An Associate in Arts Degree can be obtained upon completion of 60 units, including the required core courses, program electives, and courses in one of four emphasis areas (a total of 24 units); and completion of the general education requirements and electives. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Journalism Associate Degree will be able to:

1. Demonstrate the fundamental research and critical thinking skills necessary to analyze and interpret current issues in a professional media environment.
2. Utilize written, oral and visual communication skills to analyze, interpret and produce accurate news and opinions across a variety of platforms.
3. Recognize fundamental legal and ethical aspects of journalism and apply them to real-life circumstances.
4. Demonstrate a working knowledge of the fundamental technological applications of media production.

REQUIRED COURSES	Units
JOUR 001 Newswriting and Reporting	3
JOUR 002 Introduction to Feature and Magazine Writing.....	3
JOUR 011 Introduction to Mass Communication.....	3
JOUR 060 Publications Laboratory	3
12 units of Program electives from Area I, Area II, and Area III.....	12
Total Units	24

Program electives are intended to improve students' critical thinking and communication skills and to give them tools to succeed in the workplace. Students must take at least three units in each of the following areas:

Area I

COMM 006 Argumentation and Debate.....	3
ENGL 002 Critical Thinking and Writing About Literature	4
ENGL 004 Critical Thinking and Composition: Language in Context.....	3
MATH 011 Elementary Statistics	4
PHIL 005 Critical Thinking: The Philosophic Grounds of Literacy	3

OCED 091 General Work Experience	1 - 6
JOUR 060 Publications Laboratory	2 - 3
MATH 011 * Elementary Statistics	4
OCED 090 Occupational Work Experience	1 - 8

NOTE: Courses with an "*" have prerequisites or advisories other than eligibility for ENGL 001

Journalism

Associate in Arts in Journalism for Transfer (ADT: A.A.-T)

Program Description

Journalism teaches critical thinking and communication skills that enable students to translate events and issues of importance accurately and responsibly. The Associate in Arts for Transfer (AA-T) in Journalism is intended for students who plan to complete a bachelor's degree in Journalism, Mass Communication, Public Relations or Advertising at a CSU campus. Students completing this degree (AA-T in Journalism) are guaranteed admission to the CSU system, but not to a particular campus or major.

Associate in Arts in Journalism for Transfer

Students will gain first-hand experience of journalism through practicum on the student newspaper, The Tempest, and its online version Solanotempest.net, and in some cases through placement in internships in the industry. Students learn the ethics and laws associated with journalism, as well as develop an understanding their own First Amendment rights.

To earn the Associate in Arts in Journalism for Transfer, students must:

- 1 Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements
 - b. A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

Program Outcomes

Students who complete the Associate in Arts in Journalism for Transfer degree will be able to:

1. Demonstrate the research and critical thinking skills necessary to analyze and interpret current issues in a professional media environment.
2. Demonstrate a working knowledge of the written, oral and visual communication skills necessary to analyze, interpret and produce accurate news and editorials across a variety of platforms.
3. Analyze and debate the legal and ethical issues of journalism and apply them to individual circumstances.
4. Demonstrate a working knowledge of the fundamental technological applications of media production.

REQUIRED COURSES	Units

** 9 units may be double counted toward both the major area of emphasis and CSU General Education or IGETC Pattern. Consult with a counselor for more information on completing this degree.*

Journalism

JOUR 001 **3.0 Units**
Newswriting & Reporting

Prerequisite: Eligibility for ENGL 001. This course teaches the theory and practice of writing news stories for the media. The student learns effective writing and interviewing strategies, common story structures, grammar and style rules, libel and privacy laws. C-ID JOUR 110. *Three hours lecture.*

JOUR 002 **3.0 Units**
Introduction to Feature and Magazine Writing

Prerequisite: Eligibility for ENGL 001. This class teaches the theory and practice of feature writing, including profiles, critical reviews, opinion columns, travel, news features and trend stories. Students learn research and reporting methods, grammar and style rules, libel and privacy laws, and tools for marketing their stories. *Three hours lecture.*

JOUR 011 **3.0 Units**
Introduction to Mass Communication

Prerequisite: Eligibility for ENGL 001. Study of the mass media including newspapers, magazines, radio, television, motion pictures and advertising which examines the standards, ethics, and rights of the media and the relationship of government and the public to the various media forms. Emphasis is on the functions, limitations, and responsibilities of the press, as well as the past, present and future impact on society and the individual. Attention will be given to theories of persuasion, the symbolic power and manipulation of images, and the relationship between information and knowledge. Essay examinations and critical papers are required. C-ID JOUR 100. *Three hours lecture.*

JOUR 050 **1.0 Units**
Grammar & Style for Media Writers

Prerequisite: Eligibility for ENGL 001. Course Advisory: SCC minimum Math standard. Intensive review of grammar, word use, spelling, and principles of clear, concise writing for the media. This course is a Pass/No Pass only course. *Two hours lecture (8-week course).*

JOUR 059 **1.0 Units**
News Media Laboratory

Course Advisory: Eligibility for ENGL 001. This one-unit laboratory class is intended for non-journalism majors to learn the fundamentals of media reporting while working as a staff member of the student news publications, The Tempest newspaper and the SolanoTempest.net website. Students may work in the areas of writing, photography, illustration or multimedia, and will be introduced to: journalistic laws and ethics, opinion and news writing, covering the campus community, working on deadline, visual communication, and working on a team to produce a journalistic product for distribution to a campus-wide audience. Students are limited to four classes within the Publications Laboratory family. Journalism majors should enroll in Journalism 060. *Three hours lab.*

JOUR 060 **3.0 Units**
Publications Laboratory

Prerequisite: Eligibility for ENGL 001. This course focuses on creating content and producing the student news publications, The Tempest newspaper and the SolanoTempest.net website, as a practical laboratory that produces a journalistic product for distribution to a college-wide audience. Journalistic ethics and legal aspects will be covered. Students will work primarily in one of the following areas: researching, writing and editing articles, taking photographs, creating illustrations, creating multimedia stories, or designing pages and graphics. Students are limited to four classes within the Publications Laboratory family. C-ID JOUR 130. *Seven hours lab, two hours activity.*

JOUR 061 **3.0 Units**
Publications Laboratory II

Prerequisite: JOUR 060 with a minimum grade of C. Course advisory: Eligibility for ENGL 001. Intermediate journalism students will broaden their newsgathering skills while creating content for and producing the student news publications, The Tempest newspaper and the SolanoTempest.net website. This is a practical laboratory that produces a journalistic product for distribution to a college-wide audience. Journalistic ethics and legal aspects will be covered. Students will work primarily in two of the following areas: researching, writing and editing articles, taking photographs, creating illustrations, creating multimedia stories, or designing pages and graphics. Students are limited to four classes within the Publications Laboratory family. C-ID JOUR 131. *Seven hours lab, two hours activity.*

Journalism

JOUR 062 2.0 to 3.0 Units

Publications Laboratory III

Prerequisite: JOUR 061 with a minimum grade of C. Intermediate journalism students will provide editorial leadership and in-depth coverage for the student news publications, The Tempest newspaper and the SolanoTempest.net website, as a practical laboratory that produces a journalistic product for distribution to a college-wide audience. Journalistic ethics and legal aspects will be covered. Students will work primarily in three of the following areas: editorial leadership, indepth coverage, researching, writing and editing articles, taking photographs, creating illustrations, creating multimedia stories, or designing pages and graphics. Students are limited to four classes within the Publications Laboratory family. *Five to seven hours lab, one to two hours activity.*

JOUR 064 1.0 Units

Publications Portfolio

Prerequisite: JOUR 062 with a minimum grade of C. *Course Advisory:* Eligibility for ENGL 001. Students with prior instruction in reporting, editing, photography, illustration, design or digital media will integrate their journalism skills to provide editorial leadership and/or create published works for the student news publications, The Tempest newspaper and the SolanoTempest.net website, while learning the basic principles of preparing a professional portfolio. An intermediate class for students preparing for employment in journalism and related fields. Students are limited to four classes withing the publications family. *Three hours lab.*

JOUR 075 3.0 Units

Intermediate Newswriting and Reporting

Prerequisite: JOUR 001 with a minimum grade of C. This course is a continuation of the introductory newswriting/reporting course and focuses on beat coverage including government, public safety, courts, and education for various news media platforms. Students will learn research and reporting methods and how to report for a variety of news purposes including: news, opinion, social issues, and feature or investigative pieces. *Three hours lecture.*

JOUR 099 1.0 to 3.0 Units

Journalism Honors: Field Study

Prerequisite: Completion of 24 units of college credit with a minimum GPA of 3.3; a minimum of 5 units in the discipline with a minimum grade of B; an ability to work independently; and permission of the School Dean based on instructor availability. *Course Advisory:* Eligibility for ENGL 001 and SCC minimum Math standards. An independent study class designed for students who have successfully completed at least two journalism classes and wish to do field work. The student works by arrangement with the instructor. *Three to nine hours by arrangement.*

Kinesiology

Sports Medicine/Fitness Science

Program Description

The Department of Kinesiology at Solano Community College offers a Sports Medicine Program. We are proud of our program and its students. The program is very strong academically with a core of science courses and hands-on laboratories. The intent of the program is to increase the students' breadth and depth of knowledge relative to the discipline of Kinesiology and Health Science; to provide the opportunity for students to engage in scholarly activity that includes creative, critical, and analytical thinking; and to provide a focus of study that will enhance career commitment and allow for experiences that will lead to continued self-development and growth..

Associate in Science Degree

The Associate in Science Degree can be obtained upon completion of a total 60 units, including the 35-unit major, the general education requirements, and electives. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Sports Medicine/Fitness Science Associate Degree will be able to:

1. Understand the psychological, physiological, and social benefits of physical activity
2. Demonstrate an understanding of the R.I.C.E. principle
3. Develop and apply strategies to prevent the incidence and/or severity of injury and illnesses
4. Demonstrate the clinical skills needed to appropriately diagnose patients for treatment and referral
5. Think critically and be a productive member of society
6. Complete athletic training competency skills required in first 2 years of ATEP Athletic Training programs.
7. Apply clinical and decision making skills to respond to acute injury and illness; including emergencies
8. Assess patient status and develop treatment and rehabilitation that are consistent with contemporary disablement models

REQUIRED COURSES Units

KINE 020A Foundations of Physical Education.....	3
KINE 020H Care and Prevention of Athletic Injuries.....	3
KINE 020S Advanced First Aid and Emergency Care.....	3
KINE 055A Sports Medicine-Athletic Training Practicum Fall Sports.....	3
KINE 055B Sports Medicine-Athletic Training Practicum Spring Sports.....	3
KINE 057 Introduction to Sports Psychology.....	3
BIO 004 Human Anatomy.....	5
BIO 005 Introductory Physiology.....	5
CHEM 010 Intermediate Chemistry.....	4
NUTR 010 Nutrition.....	3
Total Units	35

Recommended Electives

CHEM 011 Basic Organic Chemistry and Biochemistry
 HED 002 Health Education
 KINE 020V Introduction to Sports Science
 MATH 011 Elementary Statistics
 NURS 052 Pharmacology for Nursing
 NURS 111 Medical Terminology

Kinesiology / Athletics Activity Courses:

Aquatics:	KINE 001A, 002A, 002B	Racquet Sports:	KINE 008A, 008B
Team Sports:	KINE 009A, 009B, 009C, 009E, 009F, 009G, 009H	Fitness:	KINE 005C, 005G, 005J, 005K, 005M, 005N, 005P, 005Q, 006A, 006C, 006E, 006F

Kinesiology

Associate in Arts in Kinesiology for Transfer (ADT: A.A.-T)

Program Description

The Associate in Arts in Kinesiology for Transfer degree is designed to provide a seamless transfer pathway for students interested in pursuing at least one Kinesiology degree option in the CSU system.

Associate in Arts in Kinesiology for Transfer

Successful completion of the Associate in Arts in Kinesiology for Transfer degree prepares students to transfer into the CSU system and work in the sub-fields of Kinesiology. Students will learn about human functioning during sport and exercise, how exercise science and biomechanics is integrated into exercise program development, and observation and assessment of human performance. The Associate in Arts in Kinesiology for Transfer degree can provide students with the foundational knowledge necessary for transfer to a 4-year Bachelor of Science (BS) or Bachelor of Arts (BA) degree program. Students are encouraged to meet with a counselor to develop their educational plans as degree options and general education requirements vary for each university.

To earn the Associate in Arts in Kinesiology for Transfer degree, students must:

1. Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements
 - b. A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

Program Outcomes

Students who complete the Associate in Arts in Kinesiology for Transfer degree will be able to:

1. Use the fundamentals of biomechanics and exercise physiology and apply them to sport and fitness pedagogy.
2. Assess and measure the five components of fitness through improvements in fitness levels by comprehensive analysis of aerobic capacity, body composition, muscular strength and endurance, and flexibility.
3. Define and utilize the varieties of fitness and training principles as they pertain to each of the body systems in promoting homeostasis and how such body systems adapt to the demands of fitness and sports training.
4. Discuss how sociological, psychological, historical, and philosophical factors influence the discipline of Kinesiology and sports.

REQUIRED CORE..... Units

KINE 020A Introduction to Kinesiology.....	3
BIO 004 Human Anatomy.....	5
BIO 005 Introductory Physiology.....	5
A minimum of three (3) units from Movement-based courses (maximum of one course from any group)....	3 - 4

Kinesiology

Athletics

ATHL 001 2.0 Units

Women's Intercollegiate Volleyball (Fall)

Course Advisory: SCC minimum English and Math standards.
A comprehensive course designed for the student athlete covering advanced intercollegiate volleyball skills. The course includes the theories and analyses of offensive and defensive strategies, skill acquisition, development of fitness skills and mental preparation for competition. *Repeatable 3 times. Ten hours lab.*

ATHL 001A 2.0 Units

Off-season Intercollegiate Volleyball

Course Advisory: High School and competitive experience. A comprehensive course designed for the student athlete covering intercollegiate volleyball skills. The course includes the theories and analyses of offensive and defensive strategies, skill acquisition, development of fitness skills and mental preparation for non-traditional competition. Student-athletes interested in trying out for the Intercollegiate team in the fall should be enrolled in this course. *Repeatable 3 times. Six hours lab.*

ATHL 002A 1.0 Units

Women's Intercollegiate Basketball (Fall)

Course Advisory: SCC minimum English and Math standards. A comprehensive course designed for the student athlete covering advanced intercollegiate basketball skills. The course includes the theories and analyses of offensive and defensive strategies, acquisition and development of physical skills, and mental preparation for competition. *Repeatable 3 times. Ten hours lab (12-week course).*

ATHL 002B 1.0 Units

Women's Intercollegiate Basketball (Spring)

Course Advisory: SCC minimum English and Math standards. A comprehensive course designed for the student athlete covering advanced intercollegiate basketball skills. The course includes the theories and analyses of offensive and defensive strategies, acquisition and development of physical skills, and mental preparation for competition. *Repeatable three times. Ten hours lab (9-week course).*

ATHL 003 2.0 Units

Women's Intercollegiate Softball

Course Advisory: SCC minimum English and Math standards. A comprehensive course designed for the student athlete covering advanced softball skills. The course includes the theories and analyses of offensive and defensive strategies, skill acquisition, development of fitness skills and mental preparation for competition. *Repeatable three times. Ten hours lab.*

ATHL 003A 2.0 Units

Pre-season Intercollegiate Softball

A comprehensive course designed to develop the pre-season student athlete covering beginning softball skills. The course includes the theories and analyses of offensive and defensive strategies, skill acquisition, development of fitness skills and mental preparation for competition. *Repeatable three times. Seven hours lab.*

ATHL 004 2.0 Units

Women's Intercollegiate Soccer (Fall)

Course Advisory: SCC minimum English and Math standards. A comprehensive course designed for the student-athlete covering advanced intercollegiate soccer skills. The course includes the theories and analysis of offensive and defensive strategies, skill acquisition, development of fitness skills and mental preparations for competition. *Repeatable 3 times. Ten hours lab.*

ATHL 010 1.0 or 2.0 Units

Men's and Women's Intercollegiate Swimming and Diving (Spring)

Course Advisory: SCC minimum English and Math standards. A comprehensive course designed for the student athlete covering advanced intercollegiate swimming and diving skills. The course includes theories and analyses of skill acquisition, development of fitness skills and mental preparation for competition. *Repeatable 3 times. Ten hours lab.*

ATHL 010A 2.0 Units

Pre-season Swimming & Diving

A comprehensive course designed for the student athlete covering intercollegiate swimming and diving skills. The course includes the theories and analyses of stroke technique and racing and diving strategies, skill acquisition, development of fitness and conditioning and mental preparation for non-traditional competition. Student-athletes interested in trying out for the Intercollegiate team in the fall should be enrolled in this course. *Repeatable 3 times. Six hours lab.*

ATHL 015 2.0 Units

Men's Intercollegiate Baseball

Course Advisory: SCC minimum English and Math standards. A comprehensive course designed for the student athlete covering advanced intercollegiate baseball skills. The course includes the theories and analyses of offensive and defensive strategies, skill acquisition, development of fitness skills and mental preparation for competition. *Repeatable three times. Ten hours lab.*

Kinesiology

ATHL 016A 1.0 Units
Mens Intercollegiate Basketball (Fall)

Course Advisory: SCC minimum English and Math Standards.
A comprehensive course designed for the student athlete covering advanced intercollegiate basketball skills. The course includes the theories and analyses of offensive and defensive strategies, acquisition and development of physical skills, and mental preparation for competition. *Repeatable three times. Ten hours lab. (12-week course).*

ATHL 016B 1.0 Units
Men's Intercollegiate Basketball (Spring)

Course Advisory: SCC minimum English and Math standards.
A comprehensive course designed for the student athlete covering advanced intercollegiate basketball skills. The course includes the theories and analyses of offensive and defensive strategies, acquisition and development of physical skills, and mental preparation for competition. *Repeatable three times. Ten hours lab (9-week course).*

ATHL 022 2.5 Units
Intercollegiate Tennis

Advisory: SCC minimum English and Math standards. A comprehensive course designed for the student athlete covering advanced intercollegiate tennis skills. The course includes the four pillars of the game: mental, physical, tactical, and technical facets. Includes a global and historical examination of the sport, rules, equipment, facilities, and etiquette. Through the intercollegiate competitive experience students will improve their individual tennis skills, increase their ability to employ advanced strategies and increase their knowledge of physical training, nutrition, and biomechanics underlying the development of force, power and accuracy. *Day and/or overnight travel will be required. Nine and one half hours lab.*

Health Education

HED 002 3.0 Units
Health Education

Course Advisory: SCC minimum English and Math standards.
A survey course with a multifaceted view of health with physical, mental, and social dimensions. The course extends beyond the structure and function of one's body to include feelings, values, and reasoning. Examinations and a project are required. Satisfies one-half of the Health, Physical Education graduation requirement. *Three hours lecture.*

HED 003 3.0 Units
Women's Health Issues

Course Advisory: SCC minimum English and Math standards.
A study of health issues that are unique to women with a focus on women's health maintenance and care, and the development of skills and acquisitions of knowledge necessary to make informed choices in health matters of concern to women. Open to all students. Satisfies one-half of the Health, Physical Education graduation requirement. *Three hours lecture.*

Kinesiology

KINE 002A 1.0 or 1.5 Units
Beginning Swimming

Course Advisory: SCC minimum English and Math standards.
Covers the fundamental techniques of swimming, terminology, water adjustment, fluid mechanics, and water safety. Swimming strokes include freestyle and backstroke. Skills and written exams are used to evaluate student achievement. *One-half hour lecture, one and one-half hours or two and one-half hours activity.*

KINE 002B 1.0 or 1.5 Units
Intermediate Swimming

Prerequisite: KINE 002A Course Advisory: SCC minimum English and Math standards. Covers the intermediate techniques of swimming, terminology, and fluid mechanics. Swimming strokes include freestyle, backstroke, breaststroke, and butterfly. Racing starts, flip turns, and touch turns are taught on a beginning level. Interval training concepts are introduced. Skills and written exams are used to evaluate student achievement. *One-half hour lecture, one and one-half hours or two and one-half hours of activity.*

KINE 002D 1.5 or 2.0 Units
Swim for Fitness

Course Advisory: SCC minimum English and Math standards. Designed to provide life-long fitness through cardiovascular endurance training and skill development in basic aquatics skills. The major components which make up a swimming workout and the concepts of interval training and sprint and distance training are included. Skills exams and written exams serve to evaluate student achievement. *One hour lecture, one or two hours activity.*

Kinesiology

KINE 003A 1.0 or 1.5 Units
Beginning Self Defense

Course Advisory: SCC minimum English and Math standards. Designed to equip the student with basic skills and knowledge for protection against physical assault. Includes basic fighting techniques, falls and recoveries, and disengagements with counter-attacks. Also included are developing a self-defense consciousness and knowledge about self-defense and the law. Skills exam is used to evaluate student achievement. *One-half hour lecture, one and one-half hours or two and one-half hours activity.*

KINE 003D 1.0 or 1.5 Units
Beginning Judo

Course Advisory: SCC minimum English and Math standards. A basic judo course including techniques such as falls, holds, chokes, grips, grip breaks, balance breaks, and application of reverse locks. Strategies for the judo contest are included such as defenses, counters, break-up throws, take-downs, and general mat work. A historical overview of the martial arts is offered with an emphasis on the evolution of modern-day judo. Written and skills exams are used to measure student achievement. Required field trip. *One-half hour lecture, one and one-half or two and one-half hours activity.*

KINE 003E 1.0 to 1.5 Units
Intermediate Judo

Prerequisite: KINE 003D. Course Advisory: SCC minimum English and Math standards. An intermediate judo course that covers advanced throwing and grappling techniques. Combinations, transitions, and strategies will also be covered. Competition at the local level tournaments will be an option for interested students. *One-half hour lecture, one and one-half or two and one-half hours activity.*

KINE 004A 1.5 or 2.0 Units
Beginning Contemporary Modern Dance

Course Advisory: SCC minimum English and Math standards. An introduction to basic contemporary modern dance techniques. This class will focus on proper contemporary modern dance alignment, terminology, center work, movement across the floor, composition and self expression through movement. Students will study posture and alignment for dance, alignment reference points and basic postural muscles. Students will develop physical strength, flexibility, coordination, and an increase in movement memory. Students will explore a variety of common accompaniments for contemporary modern dance. Basic music notation will be presented in preparation for future dance composition. The history of Modern Dance is included. Interval skills exams and written exams serve to measure student achievement. *One hour lecture, one or two hours activity.*

KINE 004B 1.5 to 2.0 Units
Beginning Tap Dance

Course Advisory: SCC minimum English and Math standards. An introductory course that includes body placement, body balance, rhythm, coordination, musicality, and a repertoire of the traditional tap (foot) techniques. This course presents lecture information on music, music analysis, understanding basic components of fitness as related to dance, nutrition and basic first aid and injury prevention. This history of tap dance as an indigenous American dance form is included. Skills exams and written exams are used to evaluate student achievement. *One hour lecture, one or two hours activity.*

KINE 004C 1.5 to 2.0 Units
Intermediate Tap Dance

Prerequisite: KINE 004B. Course Advisory: SCC minimum English and Math standards. This course explores intermediate tap dance step, patterns, combinations, and choreography. Music theory concepts as they apply to the syncopated rhythms of tap dance are included. The history of tap dance as an indigenous American dance form is discussed. Interval performance exams are used to evaluate student achievement. Written exams are used to evaluate the student's knowledge of technique, music theory, rhythmic patterns, and the historical and cultural significance of tap dance in America. Students will learn to appreciate this dance form via attendance at a dance concert or musical theater performance. *One hour lecture, one hour or two hours activity.*

KINE 004D 1.5 to 2.0 Units
Jazz Dance Technique

Prerequisite: PE 004H. Course Advisory: SCC minimum English and Math standards. Designed for students who have vocational or avocational interests in dance. Course emphasis is on the skill development and analysis of intermediate-level and advanced-level techniques and patterns. Selected technique syllabi of various dance artists will be presented and studied. Jazz idioms, styles, and the historical and cultural development are included. Participation in the annual dance concert is encouraged. Interval skills exams and written exams serve to evaluate student achievement. Recommended for Theatre Arts majors. *One hour lecture, one to two hours activity.*

Kinesiology

KINE 004E 3.0 Units
Dance Production

Course Advisory: SCC minimum English and Math standards. Designed for dance students interested in public performance. Experiences in student choreography are included in addition to participation in the annual college dance concert. Interval skills exams and written exams serve to evaluate student achievement. Recommended for Theatre Arts Majors. *One hour lecture, seven hours lab, one hour by arrangement.*

KINE 004F 1.5 to 2.0 Units
Beginning Hip-Hop Dance

Course Advisory: SCC minimum English and Math Standards. Introduces students to the fundamentals of beginning hip-hop dance style. Students will learn general patterns as well as the basics of creating their own style and routines. Information describing the history and cultural development of hip-hop as a dance form will be presented. *One hour lecture, one to two hours activity.*

KINE 004G 2.0 Units
Dance Choreography

Course Advisory: SCC minimum English and Math standards. A performance dance ensemble class for the experienced dance student. It is advised that the student have some training in hip-hop, ballet, jazz, ballroom, ethnic or other styles of dance experience. There is an opportunity for student choreography. This class gives an opportunity for public performance. Recommended for Dance/Theatre or related arts majors. *One hour lecture, three hours activity.*

KINE 004H 1.5 to 2.0 Units
Beginning Jazz Dance

Course Advisory: SCC minimum English standard. Covers basic jazz techniques, styles, terminology, and history. This course presents lecture information on posture for the dancer, music analysis, understanding basic components of fitness as related to dance, nutrition and injury prevention, and choreography dance notation. The course focuses on sequential development of basic jazz patterns in preparation for future dance composition. Interval skills exams and written exams serve to evaluate student achievement. *One hour of lecture, one or two hours of activity.*

KINE 004J 1.5 to 2.0 Units
Beginning Ballroom Dance

Course Advisory: SCC minimum English and Math standards. In this course students will gain a solid foundation and knowledge of the basic skills and techniques of ballroom dance. This class will also be an introduction, short history, demonstration, and instruction of popular ballroom dances. Following good practice of exercise in dance execution, the students benefit from the activity and the cultural experiences. Dances selected from the following: Cha-Cha, Rumba, Nightclub Two-Step, East & West Coast Swing, Lindy-Hop, Salsa, Tango, Waltz, Samba, and Fox Trot. Attention on proper techniques in both lead and follow dance positions including, proper form, footwork, alignment, and correct posture. Music is varied to broaden the experience with different tempo and styles. No prior experience in dance required; partner not required. *One hour lecture, one or two hours activity.*

KINE 004K 1.5 to 2.0 Units
Beginning Ballet

Course Advisory: SCC minimum English and Math standards. An introduction to beginning classical ballet dance forms, positions, body alignment, patterns, and barre work. The lesson is conducted with the associated French terminology for all movements and steps. The history of ballet is presented and significant choreographers and ballets are discussed. Students will study proper dance posture, the muscular system as it relates to ballet movement and proper nutritional guidelines for the dancer. Basic first aid and injury prevention and treatment for self-care injuries will also be included in lectures. Performance exams and written exams are given to evaluate student achievement. Students will be required to submit a term project on the history of Ballet. *One hour lecture, one or two hours activity.*

KINE 004M 1.5 or 2.0 Units
Intermediate Ballet

Prerequisite: KINE 004K with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. The student will be exposed to second derivative skills and will expand technical development for artistic growth. Emphasis is on style and the aspects of interpretation of movement needed for development of the classical dancer. Skills exams and written exams are given to evaluate student achievement leading to studio recital or performance. Text required. *One-half hour lecture, two and one-half to three hours activity.*

Kinesiology

KINE 004N 1.5 to 2.0 Units
Beginning Swing Dance

Course Advisory: SCC minimum English and Math standards. An introductory experience of the popular American social dances known as 'Swing' and an exploration of the cultural scene that created them. The course surveys historical dance varieties and East Coast/West Coast regional differences as well as the latest trends and styles. Instruction, history, and open dancing will be included in class. Attention is paid to proper technique in both lead and follow dance positions; footwork alignment and posture. *One hour lecture, one or two hours activity.*

KINE 004P 1.5 to 2.0 Units
Intermediate Jazz Dance

Prerequisite: KINE 004H with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. Covers intermediate-level jazz techniques, styles, and terminology. Students will gain increased knowledge of dance posture and of the muscular functions of the major muscles that effect basic dance movements. Intermediate musical analysis will include 6 count phrasing. The course focuses on sequential development of intermediate jazz dance patterns in preparation for dance composition. Interval skills exams and written exams serve to evaluate student achievement. *One hour lecture, one to two hours activity.*

KINE 004S 2.0 Units
Intermediate Swing Dance

Prerequisite: KINE 004N with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. This is an Intermediate course in swing dance. Students will gain a higher level of understanding and improved techniques, terminology, steps, lifts, patterns, rhythms, music and history of the various types of swing dances. A partner is not required. *One hour lecture, three hours activity.*

KINE 004T 2.0 Units
Intermediate Ballroom Dance

Prerequisite: KINE 004J with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. This course will cover intermediate techniques and styles of ballroom dance. Students will gain improved rhythm, skills, and an increased knowledge of patterns and variations of popular ballroom dances: American Style Waltz, Tango, Cha-Cha, Nightclub Two-Step, Rumba, East Coast Swing, West Coast Swing, Salsa and Foxtrot. Increased attention on proper techniques in both lead and follow dance positions including proper form, footwork, alignment, and correct posture. Music is varied to broaden the experience with different tempo and styles. Beginning ballroom dance class is required; partner not required. *One hour lecture, three hours activity.*

KINE 005C 1.5 or 2.0 Units
Fitness for Life

Course Advisory: SCC minimum English and Math standards. Offers an individualized approach to fitness with a focus on the individual's personal responsibility for his/her fitness and health throughout life. The study of the physiological changes one undergoes as a result of the physical conditioning forms the basis for the development of a lifetime fitness plan. Fitness exams and written exams serve to evaluate student achievement. *One hour lecture, one and one-half to two hours activity.*

KINE 005D 1.0 or 1.5 Units
Circuit Training

Course Advisory: SCC minimum English and Math standards. This is an individualized program for achieving muscle tone while increasing strength and endurance. This course employs resistive exercises, which will improve lifetime fitness and overall body fitness. *One-half hour lecture, one and one-half or two and one-half hour activity.*

KINE 005E 1.0 or 1.5 Units
Cardio Conditioning

Course Advisory: SCC minimum English and Math standards. Designed for students who desire a cardiovascular workout using a combination of equipment such as stationary bikes, ellipticals, steppers, treadmills, stairmills and rowing machines. *One-half hour lecture, one and one-half to two and one-half hours activity.*

KINE 005G 1.0 or 1.5 Units
Off Season Athletic Conditioning

Course Advisory: SCC minimum English and Math standards. This is a comprehensive course designed for the intercollegiate student/athlete. The course focus is on continued development and enhancement of physical performance and maintenance level required of each student/athlete's respective sport. The course will focus on learning and execution of fitness/conditioning parameters as well as pre and post-tests on sport specific abilities applicable to each student/athlete's sport or activity. Repeatable 3 times. *One-half hour lecture, one and one-half or two and one-half hours activity.*

KINE 005J 1.0 or 1.5 Units
Beginning Body Conditioning

Course Advisory: SCC minimum English and Math standards. A general conditioning course that includes weight training, aerobic conditioning, and stretching exercises. A pre-test serves to define individual fitness goals, and two post-tests (written and practical) serve to evaluate student achievement. *One-half hour lecture, one and one-half or two and one-half hours activity.*

Kinesiology

KINE 005K 1.0 or 1.5 Units
Intermediate Body Conditioning

Prerequisite: KINE 005J. Course Advisory: SCC minimum English and Math standards. A general conditioning course that includes weight training, aerobic conditioning, and stretching exercises. A pre-test serves to define individual fitness goals, and two post-tests (written and practical) serve to evaluate student achievement. Post-test standards are higher than they are in the beginning-level course. Nutrition, as it relates to fitness and weight control, is included. *One-half hour lecture, one and one-half or two and one-half hours activity.*

KINE 005M 1.0 or 1.5 Units
Beginning Weight Training

Course Advisory: SCC minimum English and Math standards. A comprehensive weight training course for men and women with a focus on strength development and muscle hypertrophy. Resistive exercises via free weights and fixed weights are used for the development of every major muscle group. Pre-tests and post-tests (written and practical) serve to evaluate student achievement. *One-half hour lecture, one and one-half or two and one-half hours activity.*

KINE 005N 1.0 or 1.5 Units
Intermediate Weight Training

Prerequisite: KINE 005M with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. Intermediate weight training courses for men and women that will help individuals define and concentrate on personalized goals. Special emphasis will be directed at determining students' needs and helping them write and follow an exercise program designed to meet those needs. Pre-tests, post-tests and fitness measurements will be used to assess progress. *One-half hour lecture, one and one-half or two and one-half hours activity.*

KINE 005P 1.0 or 1.5 Units
Step Aerobics

Course Advisory: SCC minimum English and Math standards. An aerobic exercise program utilizing four inch, six inch, and eight inch step platforms. Class format includes warm-up, pre-aerobics, peak aerobics, aerobic cool down as determined by musical beats per minute (BPM). Body toning, strength building and flexibility components of the workout will be included to provide the student with a well-rounded fitness program. Fitness exams, written, exams, written assignments, and/or participation serve to measure student achievement. *One-half hour lecture, one and one-half or two and one-half hours activity.*

KINE 005Q 1.0 to 1.5 Units
Elite Fitness Training

Course Advisory: SCC minimum English and Math standards. Kokoro is "unbeatable spirit" in Japanese. This is the ultimate goal of Elite Fitness Training for the serious person who wants to find the warrior within; it includes training the mind, body, emotions, senses and spirit. *One-half hour lecture, one and one-half or two and one-half hours activity.*

KINE 005R 1.0 to 1.5 Units
Core Conditioning Training

Course Advisory: SCC minimum English and Math standards. A fitness course focusing on core conditioning in which students in physically demanding sports, fitness activities and professions learn to balance their conditioning over the entire body. This course will help improve performance by developing utilizing the principles of power, agility, core strength, and speed. *One-half hour lecture, one and one-half or two and one-half hours activity.*

KINE 006A 1.0 or 1.5 Units
Cardio Kickboxing

Course Advisory: SCC minimum English and Math standards. An aerobic exercise program utilizing non-contact kickboxing techniques. Class format includes warm-up, pre-aerobics, peak aerobics and aerobic cool down as determined by musical beats per minutes (BPM). Hand weights, step boxes, and other equipment may be used for additional lower and upper body strength and conditioning. A flexibility cool-down will conclude the exercise session. *One-half hour lecture, one and one-half to two and one-half hours activity.*

KINE 006C 1.0 or 1.5 Units
Pilates For Fitness

Course Advisory: SCC minimum English and Math standards. A fitness course that utilizes Pilates techniques that can increase strength, flexibility and endurance. Pilates exercises can improve posture, alignment coordination and balance. This course is targeted to improve core strength and overall fitness. *One-half hour lecture, one and one-half or two and one-half hours activity.*

KINE 006E 1.5 or 2.0 Units
Fundamentals of Yoga

Course Advisory: SCC minimum English and Math standards. Development of basic yoga postures, breathing practices, stretching and relaxation techniques as method to improve flexibility, decrease stress and improve physical and mental well-being. *One hour lecture, one and one-half or three hours activity.*

Kinesiology

KINE 006F 1.5 or 2.0 Units
Intermediate Yoga

Prerequisite: KINE 006E with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. This course will expand upon the techniques and philosophies of beginning yoga. Students will be exposed to intermediate postures, various specific yoga systems and additional philosophies of yoga from the masters. *One hour lecture, one or two hours activity.*

KINE 007F 1.0 or 1.5 Units
Beginning Archery

Course Advisory: SCC minimum English and Math standards. Covers the fundamental techniques of archery, terminology, accessories, and history of the sport. Practice and class competitions are provided to enhance skill development. Written and skills exams serve to evaluate student achievement. *One-half hour lecture, one and one-half or two and one-half hours activity.*

KINE 008A 1.0 or 1.5 Units
Beginning Tennis

Course Advisory: SCC minimum English and Math standards. Lectures and demonstrations cover the fundamental techniques of tennis: forehand, backhand, basic serve, and volley. Terminology, rules, and history are included. Practice, skill drills, and class competition in both singles and doubles are provided to enhance skill development and game strategy. Skills exams and written exams serve to evaluate student achievement. *One-half hour lecture, one and one-half or two and one-half hours activity.*

KINE 008B 1.0 or 1.5 Units
Intermediate Tennis

Prerequisite: KINE 008A with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. Lecture and demonstration cover the intermediate techniques of tennis: overhead smash, drop shot, chop volley, serves, and offensive and defensive lobs. Strategy for competitive play is emphasized. Skills exams and written exams serve to evaluate student achievement. *One-half hour lecture, one and one-half to two and one-half hours activity.*

KINE 008D 1.0 Units
Advanced Tennis

Course Advisory: SCC minimum English and Math standards; KINE 008B with a minimum grade of C; 1 year experience high school team tennis and/or club tennis tournament experience. This course will provide advanced instruction in the techniques, tactics and strategies associated with competitive tennis. Special emphasis placed on drills and competitive play situations. *Three hours activity.*

KINE 008E 1.0 or 1.5 Units
Beginning Badminton

Course Advisory: SCC minimum English and Math standards. Lecture and demonstrations on the basic skills: forehand, backhand, service, the clears and the smash. Also covered are singles and doubles strategy. History, terminology, rules and scoring, and care and selection of equipment are included. Skills exams and written exams serve to evaluate student achievement. *One-half hour lecture, one and one-half or two and one-half hours activity.*

KINE 008F 1.0 to 1.5 Units
Intermediate Badminton

Prerequisite: KINE 008E. Course Advisory: SCC minimum English and Math standards. Lecture and demonstrations cover intermediate skills: clears-cross court, down the line and reverse cross-court; drops - at the net, from the backcourt and from the mid-court; service - forehand and backhand. Also covered are offensive and defensive techniques of the smash. Training drills, agility, endurance and court coverage for competitive play will be taught. Skill exams and written exams serve to evaluate student achievement. *One-half hour lecture, one and one-half or two and one-half hours activity.*

KINE 009A 1.0 or 1.5 Units
Beginning Basketball

Course Advisory: SCC minimum English and Math standards. Lectures and demonstration cover the fundamental skills of basketball: shooting, passing, dribbling, rebounding, and footwork. Offensive and defensive drills are practiced in preparation for low-level competition in class. The history, rules, and terminology of the game are included. Skills exams and written exams serve to evaluate student achievement. *One-half hour lecture, one and one-half or two and one-half hours activity.*

KINE 009B 1.0 or 1.5 Units
Indoor/Outdoor Soccer

Course Advisory: SCC minimum English and Math standards. Covers the fundamental techniques of soccer, terminology, rules, and history. Practice, skills drills, and class competitions are provided to enhance skill development and game strategy. A written final exam and skills exams serve to evaluate student achievement. *One-half hour lecture, one and one-half or two and one-half hours activity.*

Kinesiology

KINE 009C 1.0 or 1.5 Units
Intermediate Soccer

Prerequisite: KINE 0098B with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. Covers intermediate soccer skills. Through team competition, emphasis is placed upon offensive and defensive tactics and strategies. Develop knowledge and understanding of the current collegiate soccer rules and fitness. One-half hour lecture, one and one-half or two and one-half hours activity.

KINE 009E 1.0 or 1.5 Units
Intermediate Basketball

Prerequisite: KINE 009A with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. Lecture and demonstration cover second derivative skills and philosophies of basketball: court leadership, team offenses and defenses, motivation, team strategies, court decorum and sportsmanship. Skill exams and written exams serve to evaluate student achievement. One half hour lecture, one and one-half or two and one-half hours activity..

KINE 009F 1.0 or 1.5 Units
Beginning Baseball

Course Advisory: SCC minimum English and Math standards. Using a lecture and lab format the class covers the fundamental skills of baseball: throwing, catching, fielding, catching fly balls, hitting, bunting, base running, sliding, and playing defensive positions. Offensive and defensive drills practiced in preparation for low-level competition in class. History, rules, and terminology are included. Skills exams and written exams serve to evaluate student achievement. One-half hour lecture, one and one-half or two and one-half hours activity.

KINE 009G 1.0 or 1.5 Units
Softball

Course Advisory: SCC minimum English and Math standards. Covers the fundamental techniques of softball, terminology, rules, and history. Practice, skill drills, and class competitions are provided to enhance skill development and game strategy. Skills exams and a written final exam serve to evaluate student achievement. Students must provide their own glove. One-half hour lecture, one and one-half or two and one-half hours activity.

KINE 009H 1.0 or 1.5 Units
Beginning Volleyball

Course Advisory: SCC minimum English and Math standards. Covers the basic skills: serve, pass, set attack, and block. Skill development is emphasized. This course presents lecture information on team play, rules, history, and basic game strategy. Physical conditioning is an integral part of the course. Skills exams and written exams serve to evaluate student achievement. One-half hour lecture, one and one-half or two and one-half hours activity.

KINE 009P 1.0 or 1.5 Units
Intermediate Volleyball

Prerequisite: KINE 009H with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. Covers the intermediate skills: serve, pass, set, attack, and block. The course focuses on offensive and defensive tactics and strategies in preparation for high-level competitive play. A comprehensive physical conditioning program is included to prepare the player for the rigors of volleyball activity. One-half hour lab, one and one-half to two and one-half hours activity.

KINE 020A 3.0 Units
Introduction to Kinesiology

Course Advisory: SCC minimum English and Math standards. This course is an introduction to the interdisciplinary approach to the study of human movement. An overview of the importance of the sub-disciplines in kinesiology will be discussed along with career opportunities in the areas of teaching, coaching, allied health, and fitness professions. Three hours lecture.

KINE 020D 2.0 Units
Baseball Theory and Practice I

Course Advisory: SCC minimum English and Math standards. A comprehensive baseball course designed for the athlete and coach. The course includes the theories and applications of offensive and defensive strategies, the game plan as it relates to the statistical performance of a particular team, and the use of scouting in assessing the skills and weaknesses of the opposing coach and team. Skills exams and written exams serve to evaluate athlete achievement. One hour lecture, two hours activity.

Kinesiology

KINE 020E 2.0 Units
Baseball Theory and Practice II
Course Advisory: SCC minimum English and Math standards. A continuation of Kinesiology 020D. A comprehensive baseball course designed for the athlete and coach. The course includes advanced theories and applications of offensive and defensive strategies, the evaluation of the game plan as it relates to the statistical information and skill performance of a team, and the use of assembling advanced scouting reports to assess the skills and weaknesses of the opposing coach and team. Skills exams and written exams serve to evaluate the student. *One hour lecture, two hours activity.*

KINE 020H 3.0 Units
Care and Prevention of Athletic Injuries
Course Advisory: SCC minimum English and Math standards. An introduction to the field of Athletic Training as a profession and as an academic discipline. Designed to train students in the recognition, rehabilitation, and prevention of athletic injuries. Emphasis is on learning and applying a variety of taping techniques and athletic training therapies. Written examinations and practical examinations serve to evaluate student achievement. Required of Physical Education majors and minors. *Three hours lecture.*

KINE 020J 2.0 Units
Softball Theory and Practice II
Course Advisory: SCC minimum English and Math standards. A continuation of Kinesiology 020P. An advanced softball course designed for the athlete and coach. The course includes advanced theories and applications of offensive and defensive strategies, evaluation of the game plan as it relates to statistical information and skill performance of a team. It also covers assembling advanced scouting reports to assess the opposition. Skill exams and written exams serve to evaluate the student. *One hour lecture, two hours lab*

KINE 020M 2.0 Units
Volleyball Theory And Practice I
Course Advisory: SCC minimum English standard. Study of the theories of offensive and defensive strategies of competitive volleyball. Athletes will study, analyze, and practice offensive and defensive skills and strategies in preparation for seasonal, intercollegiate competition. Skills exams and written exams serve to evaluate athlete achievement. *One hour lecture, two hours activity.*

KINE 020N 2.0 Units
Volleyball Theory and Practice II
Course Advisory: SCC minimum English standard. A continuation of PE 020M A study of advanced theories of offensive and defensive strategies of competitive volleyball. Students will analyze advanced offensive and defensive strategies and will develop in-depth scouting procedures. Skills exams and written exams serve to evaluate student achievement. *One hour lecture, two hours activity.*

KINE 020P 2.0 Units
Softball Theory And Practice I
Course Advisory: SCC minimum English and Math standards. Comprehensive course designed for the intercollegiate softball athlete and for the coach of fastpitch softball. The course focuses on the theories, analyses, and applications of offensive and defensive skills and strategies. Written exams and practical exams serve to evaluate athlete achievement. *One hour lecture, two hours activity.*

KINE 020Q 1.5 to 2.0 Units
Soccer Theory And Practice I
Course Advisory: SCC minimum English and Math standards. A comprehensive course designed for the intercollegiate soccer athlete and for the coach of soccer. The course focuses on the theories, analyses, and application of offensive and defensive skills and strategies. Written exams and practical exams serve to evaluate the student achievement. *One hour lecture, and one to two hours activity.*

KINE 020R 1.5 or 2.0 Units
Soccer Theory And Practice II
Course Advisory: SCC minimum English and Math standards; KINE 020Q or equivalent soccer experience. Continuation of Kinesiology 020Q. A study of advanced theories of offensive and defensive strategies of competitive soccer. Students will analyze advanced offensive and defensive strategies and will develop in-depth scouting procedures. Skill exams and written exams serve to evaluate student achievement. *One hour lecture, one to two hours activity.*

Kinesiology

KINE 020S 3.0 Units
Advanced First Aid and Emergency Care

Course Advisory: SCC minimum English and Math standards.
A course designed to prepare individuals who may administer emergency care to the injured and ill. Upon successful completion of the course, students will be knowledgeable in Advanced First Aid and Emergency Care, cardiopulmonary resuscitation (CPR), and Automatic External Defibrillator (AED) for infants, children, and adults. Upon successful completion of the appropriate exam, the student will be eligible for certification in First Responder First Aid and CPR. Required of Physical Education/Kinesiology majors/minors and Transfer Model Curriculum. An additional fee may be required to receive an official American Red Cross CPR card. An American Heart Association certification is required for students pursuing EMT certification. C-ID KIN 101. *Three hours lecture.*

KINE 020V 3.0 Units
Introduction to Sports Science

Course Advisory: SCC minimum English and Math standards.
A course covering the basic elements of sport sciences including: kinesiology, motor learning, biomechanics, exercise physiology, sports medicine, sport psychology and training theory. *Three hours lecture.*

KINE 020W 3.0 Units
Principles of Fitness & Sports Training

Course Advisory: SCC minimum English and Math standards.
A comprehensive fitness course that includes the study of the human organism and its reactions to fitness and physical activity. The course focuses on the physiological adaptations, exercise training/prescriptions, nutrition, ergogenic aids, environmental factors, and the major medical and health conditions. Written exams and measurements of activity serve to evaluate student achievement. *Three hours lecture.*

KINE 020X 2.5 Units
Basketball Theory And Analyses I

Course Advisory: SCC minimum English and Math standards.
A comprehensive basketball theory course designed for coach and athlete. The course includes the theories and analyses of offensive and defensive strategies, the development of the offensive and defensive game plan as it relates to statistical data, and spontaneous adjustments in offense and defense. Written exams serve to evaluate student achievement. *Two hours lecture, one hour activity.*

KINE 020Y 2.5 Units
Basketball Theory And Analyses II

Course Advisory: SCC minimum English and Math standards.
A continuation of KINE 020X. A comprehensive basketball theory course designed for coach and athlete. The course includes the advanced theories and analyses of offensive and defensive strategies and the development of the game plan using statistical data and the scouting report. Written exams and skill exams serve to evaluate student achievement. *Two hours lecture, one hour activity.*

KINE 055A 3.0 Units
Sports Medicine - Athletic Training Practicum Fall Sports

Supervised volunteer athletic experience which provides students with the opportunity for immediate recognition and treatment of lower extremity sports injuries. Emphasis is on taping techniques and rehabilitation which enables athletes to return to competition. Fall sport experience includes, soccer, volleyball, rugby, and men's and women's basketball specific to these sports include most lower extremity injuries. *One and one-half hour lecture, four and one-half hours lab.*

KINE 055B 3.0 Units
Sports Medicine - Athletic Training Practicum Spring Sports

Course Advisory: SCC minimum English and Math standards.
Supervised volunteer athletic experience which provides students with the opportunity for immediate recognition and treatment of upper extremity sports injuries. Emphasis is on taping techniques and rehabilitation which enables athletes to return to competition. Spring sport experience includes, softball, baseball, mens and womens swimming and diving. Injuries specific to these sports include most upper extremity injuries. *One and one-half hours lecture, four and one-half hours lab.*

KINE 057 3.0 Units
Introduction to Sports Psychology

Course Advisory: SCC minimum English and Math standards.
Introduction to psychological concepts, strategies and skills designed to help individuals overcome the barriers to optimal athletic performance. Skills such as imagery, goal setting, cognitive restructuring, attentional focusing, arousal regulation, and coping will be presented. With this course students establish a goal(s) and work toward it while fostering a winning environment. *Three hours lecture.*

Kinesiology

KINE 071

0.5 to 1.5 Units

Back Care and Injury Management

Course Advisory: SCC minimum English and Math standards.
A course designed for students with interest in back care or managing a back injury. Individualized and group exercises will focus on functional motor control, balance, coordination, flexibility, developmental movement, individually developed exercises and strength and endurance for students with back injuries. There will be an emphasis on encouraging independence in personal health and teaching lifelong fitness knowledge and skills. *One-half hour lecture, one-half or two and one-half hours activity.*

KINE 078

1.0 or 1.5 Units

Fit Ball Training

Course Advisory: SCC minimum English and Math standards.
A fitness course that utilizes fitness ball techniques that can increase strength, flexibility, endurance and lean body composition. Fitness ball exercises can help to improve and develop functionality and agility through strengthening weak muscles as well as core muscles. Students will learn to safely and effectively execute strengthening exercises for all the major muscle groups with and without hand weights, flexibility exercises and balancing exercises. Skill exams and written exams serve to evaluate student achievement. *One-half hour lecture, one and one-half or two and one-half hours activity.*

KINE 083

2.0 Units

Tactical Fitness

Course Advisory: KINE 005Q with a minimum grade of C; SCC minimum English and Math standards. An advanced lifelong functional fitness training and educational course designed specifically for students currently in or planning on entering the tactical/operator profession. This course will prepare or increase a student's mission/job performance and knowledge by incorporating current research and advanced training methods to increase strength, stamina, and reduce injury risks. This course will challenge those students who want to attain the pinnacle of fitness and exercise knowledge. *One hour lecture, three hours activity.*

Learning Resources

LR 010

Intro to Library Research and Information Competency

Course Advisory: SCC minimum Math standards. An introduction to Information Competency skills necessary to use research tools and to select, locate, retrieve and evaluate information. One hour lecture.

1.0 Units

LR 011

Internet Explored: Advanced Information Competency

Course Advisory: Eligibility for ENGL 001, Computer literacy (familiarity with basic computer functions). An advanced information competency course evaluating information and exploring information technology in society including Internet, World Wide Web, search engines (e.g., Google, Ask, Live), retrieval systems, and electronic publishing. One and one-half hours lecture.

1.5 Units

Learning Skills

LS 102 3.0 Units
Learning Skills Strategies

Course Advisory: SCC minimum English and Math standards. Enrollment in other college courses recommended as strategies are applied to curricular materials. Helps the student with cognitive learning and processing disabilities that is planning to transfer to a 4-year school. The student will learn to analyze, compare, think critically and select effective learning strategies to help them access college curricular materials. Throughout the semester, students will learn to develop their self-understanding and ability to advocate for effective accommodations in academic, work, and social settings. *Two hours lecture, three hours activity.*

LS 301B 1.0 Units
Reading Strategies

Course Advisory: SCC minimum English and Math standards. Enrollment in other classes is strongly recommended as strategies are applied to curricular materials. This course is one in a series of four that helps students with cognitive processing disabilities. This course focuses on strategies specific to reading needs. Students will learn to apply paraphrasing, questioning, pre-reading, vocabulary, and other strategies to help with their processing deficits. This is a Pass/No Pass only course. *Two hours lecture, one hour activity (8-week course).*

LS 306A 3.0 Units
Spelling Strategies

Emphasizes special spelling techniques, computer-assisted instruction, and assistive-device instruction to help the student compensate for a specific spelling disabilities impacting his/her college courses. Covers phoneme awareness, morphograph analysis, and beginning rule applications to affixes and base words. The students also begin to learn compensatory strategies. This is a Pass/No Pass only course. *Three hours lecture.*

LS 306B 3.0 Units
Spelling Strategies

Prerequisite: LS 306A. Spelling strategies for students with learning disabilities emphasizes special spelling techniques, computer-assisted instruction, and assistive-device instruction to help the student compensate for specific spelling disabilities impacting his/her college courses. 306B will continue with additional morphograph analysis, new rule applications, and concentration on compensatory strategies, greater emphasis on written application. This is a Pass/No Pass only course. *Three hours lecture.*

Maintenance Technician

MT 120 3.0 Units
Principles of Analog Electronics

Course Advisory: SCC minimum English and Math standards.
Introduces the topic of analog electronics as it applies to mechatronics. Studies include an introduction to DC and AC circuitry as well as advanced electronic components, instruments used in the operation, installation, and troubleshooting of electronic systems, schematic diagrams, and breadboarding. Students will construct several kits as part of the class. *Two hours lecture, three hours lab.*

MT 122 3.0 Units
Principles of Digital Electronics

Course Advisory: SCC minimum English and Math standards.
Introduces the topic of digital electronics as it applies to mechatronics. Studies include an introduction to digital numbering systems, digital codes and logic, registers, memories, Boolean Algebra, and integrated circuits as well as advanced topics in computerized control systems. Students will construct several kits as part of the class. *Two hours lecture, three hours lab.*

MT 130 3.0 Units
Principles of Mechanical Power Systems

Course Advisory: SCC minimum English and Math standards.
Introduces the topic of mechanical power systems and mechanical power transmission as it applies to mechatronics. Studies include mechanical theory, mechanical power, thermal systems, hand tools, precision measuring instruments, and mathematics applied to mechanical power systems. Includes studies in manufacturing technology using modern manufacturing equipment and software simulators. *Two hours lecture, three hours lab.*

MT 132 3.0 Units
Principles of Fluid Power Systems

Course Advisory: SCC minimum English and Math standards.
Introduces the topic of hydraulic and pneumatic systems as they apply to mechatronics. Studies include fluid power systems theory, pumps, actuators, accumulators, filters, meters, valves, control devices, and mathematics applied to fluid power systems. Includes studies in manufacturing technology using modern manufacturing equipment and software simulators. *Two hours lecture, three hours lab.*

MT 140 3.0 Units
Principles of Industrial Electrical Systems

Course Advisory: SCC minimum English and Math standards.
Introduces the topic of DC, single-phase and three-phase AC circuits as they apply to mechatronics. Introduces commercial/industrial electrical installations that meet National Electrical Code requirements. Students will complete labs and wiring projects. Lab, electrical and worksite safety is emphasized. *Two hours lecture, three hours lab.*

MT 142 3.0 Units
Principles of Electrical Machinery

Prerequisite: A minimum grade of C in MT 120, or MT 140.
Course Advisory: SCC minimum English and Math standards.
Introduces the topic of electrical machinery as it applies to mechatronics. Studies include direct-current and alternating-current generators, alternators, transmission equipment, and motors. Students will complete labs and electrical machinery projects. Lab, electrical and worksite safety is emphasized. *Two hours lecture, three hours activity.*

MT 162 3.0 Units
Robotic Manufacturing Systems

Course Advisory: SCC minimum English and Math standards.
Presentation of physical principles applied to automated manufacturing systems. Students will develop solutions to manufacturing problems using robots, programmable logic controllers (PLC) and computer numerical control (CNC) manufacturing machines. Students will also apply safety-oriented work habits to the completion of laboratory projects while working individually and in groups. *Two hours lecture, three hours lab.*

MT 164 3.0 Units
Programmable Logic Controllers

Course Advisory: SCC minimum English and Math standards.
Introduces the student to process control via Programmable Logic Controllers (PLC's). Content includes the popular Allen-Bradley PLC systems and the most common command instructions for the RSLogix 5, RSLogix 500, RSLogix 5000, Micrologix 1000, SLC5 and SLC 500 as well as ControlLogix processors. Troubleshooting and electrical safety are emphasized. *Two hours lecture, three hours lab.*

Management

Management

Program Description

This program is designed to emphasize training to improve thought processes and to provide familiarity with the analytical tools of management, sound decision-making, and how to get things done through and with people. Also, this option is designed for initial employment upon graduation and for job advancement opportunities.

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement can be obtained by completing the 21-unit major. The Associate in Science Degree can be obtained by completing a total of 60 units, including the major, the supporting courses and the general education requirements. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Management Certificate of Achievement/ Associate Degree will be able to:

1. Demonstrate oral and written skills unique in the business community.
2. Apply leadership, ethical standards, and team building skills necessary for managerial positions in the 21st century.
3. Conduct a personal SWOT analysis for a future small business venture.
4. Design a comprehensive business plan for a future small business venture.
5. Demonstrate the ability to use technology in analyzing and solving business problems.
6. Use basic computation skills to analyze and solve business problems requiring the use of mathematics.

REQUIRED COURSES Units

BUS 005 Introduction to Business	3
BUS 092 Business Communication	3
BUS 181 Business Mathematics	3
CIS 050 Microcomputer Applications	3
MGMT 050 Principles of Management	3
MGMT 055 Management/Leadership Skills	3

MGMT 191 Human Relations

OR

MGMT 193 Human Resource Management

Total Units 21

Supporting Courses (for the A.S.)*Units

ACCT 001 Principles of Accounting - Financial

OR

ACCT 002 Principles of Accounting - Managerial

BUS 018 Legal Environment of Business

ECON 001 Principles of Economics (Macroeconomics) . 3

OR

ECON 002 Principles of Economics (Microeconomics) .. 3

Total Units 10

*Required for the A.S. degree

Management

Retail Management

Program Description

Designed to serve the needs of the employees and employers within the retail industry. The program provides the knowledge and skills needed to prepare students for both entry level jobs and upward mobility opportunities in this dynamic and ever changing segment of our economy. Program emphasis is placed on professional and career development

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement in Retail Management can be obtained by completing the 31 unit major listed below. The Associate in Science Degree can be obtained by completing a total of 60 units, including the major, general education requirements, and electives. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Retail Management Certificate of Achievement/ Associate Degree will be able to:

1. Demonstrate oral and written skills unique in the business community.
2. Apply leadership, ethical standards, and team building skills necessary for managerial positions in the 21st century.
3. Conduct a personal SWOT analysis for a future small business venture.
4. Design a comprehensive business plan for a future small business venture.
5. Demonstrate the ability to use technology in analyzing and solving business problems.
6. Use basic computation skills to analyze and solve business problems requiring the use of mathematics.

REQUIRED COURSES

(listed in recommended sequence).....	Units
BUS 092 Business Communication	3
BUS 181 Business Mathematics	3
CIS 050 Microcomputer Applications	3
MGMT 050 Principles of Management	3
ACCT 001 Principles of Accounting - Financial	4
MKT 171 Introduction to Marketing	3
MKT 174 Retail Merchandising	3
MGMT 191 Human Relations	3
MGMT 055 Management/Leadership Skills	3
MGMT 193 Human Resource Management	3
Total Units	31

Recommended Electives

BUS 182 Small Business Mathematics
OCED 090 Occupational Work Experience
OCED 091 General Work Experience

NOTE: This program is approved by the Western Association of food chains for awarding of the industry WAFC Certificate.

This is a Gainful Employment Program. For additional information, please visit http://www.solano.edu/gainful_employment/ and select "Retail Management WAFC."

Management

Small Business Management

Program Description

This program is designed for those planning to start their own business, buy an existing business, buy a franchise, or who already own their own business. This option emphasizes learning the concepts and practical skills necessary to be a successful, professional entrepreneur. Specifically designed for working adults, the courses emphasize a systematic approach to business which focuses on the integration of theoretical and practical skills.

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement can be obtained by completing the 28-unit major listed below. The Associate in Science Degree can be obtained by completing a total of 60 units, including the major, general education requirements, and electives. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Small Business Management Certificate of Achievement/ Associate Degree will be able to:

1. Demonstrate oral and written skills unique in the business community.
2. Apply leadership, ethical standards, and team building skills necessary for managerial positions in the 21st century.
3. Conduct a personal SWOT analysis for a future small business venture.
4. Design a comprehensive business plan for a future small business venture.
5. Demonstrate the ability to use technology in analyzing and solving business problems.
6. Use basic computation skills to analyze and solve business problems requiring the use of mathematics.

Management

MGMT 050

3.0 Units

Principles of Management

Course Advisory: Eligibility for ENGL 001; SCC minimum Math standard. An introduction and comprehensive survey of the theory and practices relevant to the management principles of: planning, organizing, staffing, directing and controlling. The course explores the nature and role of management/supervision in a contemporary environment focusing on the strategic planning, decision-making and problem-solving processes that affect organizational effectiveness and efficiency. Includes quantitative and qualitative methodology used in systems and contingency approach to management. *Three hours lecture.*

MGMT 055

3.0 Units

Management/Leadership Skills

Course Advisory: Eligibility for ENGL 001. A comprehensive development, analysis, and application of fundamental skills needed for the successful practice of supervision/leadership. This course addresses the quality principles of leadership applied to work processes, decision making and problem solving, communication, stress and time management, and delegating/facilitating in a team environment. The focus of the course is on job-relevant skills. Class exercises are employed to teach the various skills. *Three hours lecture.*

MGMT 191

3.0 Units

Human Relations

Course Advisory: SCC minimum English and Math standards. A comprehensive study and analysis of the concepts and skills associated with human behavior and relationships. The course stresses effective supervision and leadership practices as applied to human interaction. *Three hours lecture.*

MGMT 193

3.0 Units

Human Resource Management

Course Advisory: SCC minimum English and Math standards. Human resource administration of public and private organizations including personnel and administrative practices. The student will examine the evolution of unions including the various labor relations acts, collective bargaining processes, grievance procedures, and arbitration. Supervisor's and the steward's roles are emphasized for effectively maintaining negotiated contracts. The course focuses on actual personnel problems, principles and methods involved in recruitment, selecting and placement of employees with regard to affirmative action programs, training, experience and aptitude. *Three hours lecture.*

Marketing

Marketing

Program Description

Marketing involves a variety of activities including selection of target customer, product development, promotion, pricing and distribution. It applies equally to services, ideas, non-profit organizations, and the individual.

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement can be obtained by completing the 30–unit major below. The Associate in Science Degree can be obtained by completing a total of 60 units, including the major, general education requirements, and electives. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Marketing Certificate of Achievement/ Associate Degree will be able to:

1. Apply marketing research principles to a company's product or service.
2. Apply advertising principles to promote a firm's image and product/service offering.
3. Develop a marketing plan for a business using the fundamental elements of the marketing mix.

REQUIRED COURSES Units

BUS 005 Introduction to Business 3
BUS 018 Legal Environment of Business 3
BUS 181 Business Mathematics 3

CIS 001 Introduction to Computer Science 3
OR
CIS 050 Microcomputer Applications 3

ECON 002 Principles of Economics (Microeconomics) .. 3

MGMT 050 Principles of Management 3

OCED 090 Occupational Work Experience

***If not taken as part of major**

This is a Gainful Employment Program. For additional information, please visit
http://www.solano.edu/gainful_employment/ and select "Marketing."

Marketing

MKT 171

Introduction to Marketing

Course Advisory: SCC minimum English and Math standards.

A comprehensive study and analysis of initiating the marketing process (for both profit and non-profit organizations) with special emphasis on understanding the consumer and detailed studies of demographics and target marketing. Includes the role of marketing research, the process of defining a marketing problem and then systematically collecting and analyzing information to recommend actions to improve an organization's marketing activities. *Three hours lecture.*

3.0 Units

MKT 172

Market Management and Planning

Course Advisory: SCC minimum English and Math standards.

Covers marketing methodology related to all channels of distribution including pricing strategies, new product/services, and the development and evaluation of breakthrough opportunities. Practical applications in dealing with government regulations and the career field of sales, promotion/advertising. *Three hours lecture.*

3.0 Units

MKT 173

Principles of Selling

Course Advisory: SCC minimum English and Math standards.

The application of traditional selling skills including the approach, demonstrating the product, answering the customer's objections, and closing the sale to the customer's satisfaction. *Three hours lecture.*

3.0 Units

MKT 174

Retail Merchandising

Course Advisory: SCC minimum English and Math standards.

A comprehensive study of the principles and practices of merchandising management of product/services, with emphasis on store location analysis, layout, customer services, buying, sales promotion, consumer credit, and understanding consumer needs and wants. Course includes practical applications related to start-up of a new business and legal constraints of organizing, selling, advertising, consumer relations and personnel practices. *Three hours lecture.*

3.0 Units

Mathematics

Mathematics

Program Description

Successful completion of this major will assure competence in mathematics through differential and integral calculus, providing an adequate background for employment in many technological and scientific areas as well as providing a firm foundation for students planning advanced study.

Associate in Arts Degree

An Associate in Arts Degree can be obtained upon completion of 60 units, including the 20-21 unit major listed below, general education requirements, and electives. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Mathematics Associate Degree will be able to:

1. Solve problems by applying appropriate math concepts and ideas
2. Effectively communicate the solution(s) of these problems.

REQUIRED COURSES	Units
MATH 020 Analytic Geometry and Calculus I	5
MATH 021 Analytic Geometry and Calculus II	5
MATH 022 Analytic Geometry and Calculus III	4
MATH 023 Differential Equations	4
OR	
MATH 011 Elementary Statistics	4
OR	
MATH 012 Mathematical Ideas	3
MATH 040 Introduction to Linear Algebra	3
Total Units	20 - 21

Mathematics

Associate in Science in Mathematics for Transfer (ADT: A.S.-T)

Program Description

Successful completion of this major will assure competence in mathematics through differential and integral calculus, providing an adequate background for employment in many technological and scientific areas as well as providing a firm foundation for students planning to pursue a baccalaureate degree in mathematics.

Associate in Science in Mathematics for Transfer

The Associate in Science for Transfer is especially appropriate for students who plan to complete a bachelor's degree in Mathematics at a CSU campus. Students completing an AS-T degree are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree. This degree also prepares students for mathematics degree programs at other four-year institutions, but does not come with the same guarantees. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

To earn the Associate in Science in Mathematics for Transfer degree, students must:

1. Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements
 - b. A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

Program Outcomes

Students who complete the Associate in Science in Mathematics for Transfer degree will be able to:

1. Solve a problem applying appropriate math concepts and ideas.
2. Effectively communicate solution(s).

REQUIRED COURSES Units

MATH 020 Analytic Geometry and Calculus I 5

MATH 021 Analytic Geometry and Calculus II 5

MATH 022 Analytic Geometry and Calculus III 4

MATH 040 Introduction to Linear Algebra 3

MATH 023 Differential Equations 4

OR

MATH 011 Elementary Statistics 4

Required Major Total Units 21

CSU General Education or IGETC Pattern Units 37 - 39

CSU Transferable Electives (as needed to reach 60 transferable units)* 3 - 5

Total Degree Units 60

* 3 units may be double counted toward both the major area of emphasis and CSU General Education or IGETC Pattern. Consult with a counselor for more information on completing this degree.

Mathematics

MATH 002 **3.0 Units**
Algebra For Calculus (College Algebra)

Prerequisite: MATH 104 with a minimum grade of C. *Course Advisory:* SCC minimum English standard. Designed to develop the skills and introduce the concepts necessary for further study in mathematics, and facilitate the application of those skills and concepts to other fields. Included is a review of elementary set algebra; the algebra of functions; the real and complex numbers as a field; algebraic, exponential, and logarithmic functions; equations and inequalities of these functions; solution of linear systems, matrix algebra, and introduction to sequences and series. Assignments may be given that require completion in the Math Activities Center. *Three hours lecture.*

MATH 004 **5.0 Units**
Precalculus Mathematics

Prerequisite: A minimum grade of C in both in MATH 103 and 104. *Course Advisory:* SCC minimum English standard. A comprehensive study of the mathematics that is prerequisite to the calculus sequence. Topics included are the elementary functions and their graphs, methods of solving equations and systems of equations, applied problems that are relevant to calculus, analytic geometry and mathematical induction. Assignments may be given that require completion in the Math Activities Center. NOTE: Not open to students who have completed MATH 051 or MATH 002 with minimum grade of C. *Five hours lecture.*

MATH 011 **4.0 Units**
Elementary Statistics

Prerequisite: A minimum grade of C in either MATH 104 or MATH 112. *Course Advisory:* Eligibility for ENGL 001. An introduction to elementary probability and statistics including the basic rules of probability, probability distributions, descriptive statistics, hypothesis testing, estimation, correlation and regression analysis using data from a variety of disciplines and appropriate technology. Assignments may be given that require completion in the Math Activities Center. C-ID MATH 110. *Four hours lecture.*

MATH 012 **3.0 Units**
Mathematical Ideas

Prerequisite: A minimum grade of C in MATH 104 or MATH 112. *Course Advisory:* SCC minimum English standard. An introduction to the diversity of mathematics through the examination of ideas from logic, sets, the numeration systems, and other topics from contemporary mathematics. The emphasis is on problem solving. *Three hours lecture.*

MATH 020 **5.0 Units**
Analytic Geometry and Calculus I

Prerequisite: A minimum grade of C in both MATH 002 and MATH 051, or MATH 004 with a minimum grade of C. *Course Advisory:* SCC minimum English standard. The first of the three-semester sequence in Analytic Geometry and Calculus for students majoring in mathematics, engineering, and most physical sciences, is the study of the differential and integral calculus of functions of one variable. Topics covered are limits, continuity, differentiation of algebraic and transcendental functions, applications of the derivative, definite and indefinite integrals, fundamental theorem of calculus, and applications of the definite integral. Assignments may be given that require completion in the Math Activities Center. *Five hours lecture.*

MATH 021 **5.0 Units**
Analytic Geometry and Calculus II

Prerequisite: MATH 020 with a minimum grade of C. *Course Advisory:* SCC minimum English standard. The second of the three-semester sequence in Analytic Geometry and Calculus for students majoring in mathematics, engineering, and most physical sciences, continues the study of the differential and integral calculus of functions of one variable. Topics included are introduction to differential equations, computing area and volume, applications and techniques of integration, polar coordinates, infinite series, improper integrals, and L'Hopital's Rule. C-ID MATH 220. Assignments may be given that require completion in the Math Activities Center. *Five hours lecture.*

MATH 022 **4.0 Units**
Analytic Geometry and Calculus III

Prerequisite: MATH 021 with a minimum grade of C. *Course Advisory:* SCC minimum English standard. The third of the three-semester sequence in Analytic Geometry and Calculus for students majoring in mathematics, engineering, and most physical sciences, is a study of three-dimensional analytic geometry, vectors and vector-valued functions, functions of several variables, the calculus of these functions, and vector analysis including Green's and Stokes' theorems. *Four hours lecture.*

Mathematics

MATH 023**Differential Equations**

Prerequisite: MATH 021 with a minimum grade of C. *Course Advisory:* SCC minimum English standard. This course covers ordinary differential equations emphasizing linear differential equations and systems with applications to engineering, physics, and chemistry. Included are La Place transforms and power series methods of solution. C-ID MATH 240. *Four hours lecture.*

4.0 Units**MATH 026****Mathematics and Engineering Problem Solving Using Matlab**

Prerequisite: MATH 021 with a minimum grade of C; *May be taken concurrently.* This course covers methodologies for solving mathematics and engineering problems. Students will also learn to perform mathematics and engineering computation and visualization using the MATLAB language. Students will write a variety of programs in the MATLAB language. Same course as ENGR 026. *Three hours lecture, three hours by arrangement.*

4.0 Units**MATH 030****Analytic Geometry and Calculus**

Prerequisite: Math 104 with a minimum grade of C. *Course Advisory:* SCC minimum English standard. MATH 030 and 031 is a two-semester sequence in analytic geometry and calculus for students majoring in business, biological, and social sciences. This is not the calculus course for students majoring in mathematics, engineering or the physical sciences. MATH 030 covers differential and integral calculus of a single variable. Topics include limits, continuity, derivatives of algebraic and transcendental functions and their applications, integrals and their applications, and plane analytic geometry. Assignments may be given that require completion in the Math Activities Center. NOTE: Not open to students who have completed MATH 020 with a minimum grade of C. *Three hours lecture.*

3.0 Units**MATH 031****Analytic Geometry and Calculus**

Prerequisite: MATH 030 with a minimum grade of C. *Course Advisory:* SCC minimum English standard. A continuation of the calculus of functions of one variable (MATH 030). Topics included are the fundamental theorem of calculus, techniques of integration, numerical methods of integration, functions of several variables, elementary differential equations, and infinite series. Assignments may be given that require completion in the Math Activities Center. *Three hours lecture.*

3.0 Units**MATH 040****Introduction to Linear Algebra**

Prerequisite: MATH 021 with a minimum grade of C. *Course Advisory:* SCC minimum English standard. NOTE: A relatively high degree of mathematical maturity is required for this course. An introduction to linear algebra, with a focus on finite dimensional real vector spaces. Topics include systems of linear equations and matrices, linear transformations, general vector spaces, eigenvectors and eigenvalues and associated eigenspaces, inner products and orthogonality. C-ID MATH 250. *Three hours lecture.*

3.0 Units**MATH 049****Mathematics Honors**

Prerequisite: MATH 021 with a minimum grade of B. This course requires students to complete an independent student project under the supervision of a member of the faculty. The project may involve extensive problem solving, research, or data analysis. In all cases, the final written product should show integration and synthesis of ideas. Students may take this course up to the maximum number of units over multiple semesters. This course requires approval of a faculty member sponsor and the Dean of the School of Math & Sciences. *Three to nine hours lab by arrangement.*

1.0 to 3.0 Units**MATH 051****Trigonometry**

Prerequisite: A minimum grade of C in both MATH 103 and MATH 104. *Course Advisory:* SCC minimum English standard. Presents the essentials of plane trigonometry to prepare students for subsequent studies in physics, calculus or related technical programs. Topics include definitions of the trigonometric functions and inverse trigonometric functions, solutions of triangles and applied problems, graphs, trigonometric identities and equations, and the trigonometric form of complex numbers. Assignments may be given that require completion in the Math Activities Center. *Three hours lecture.*

3.0 Units**MATH 103****Plane Geometry**

Prerequisite: A minimum grade of C in either MATH 330 or MATH 330B. *Course Advisory:* SCC minimum English standard. The study of Euclidean (plane) geometry through conjecture, proof, and problem solving. Topics include the mathematical relationships of angles, parallels, triangles, quadrilaterals, circles, and solids. Additionally, coordinate geometry transformations are covered. Assignments may be given that require completion in the Math Activities Center. *Three hours lecture.*

3.0 Units

Mathematics

MATH 104**Intermediate Algebra**

Prerequisite: A minimum grade of C in either MATH 330 or MATH 330B. *Course Advisory:* SCC minimum English standard. An extension of the fundamental algebraic concepts developed in elementary algebra. Additional topics include arithmetic operations on functions; composition of functions; basic graphing techniques; absolute value, exponential, logarithmic, quadratic, linear, and polynomial functions; equations of the second degree and their graphs; complex numbers; and systems of linear equations in two and three variables. Assignments may be given that require completion in the Math Activities Center. *Five hours lecture.*

5.0 Units**MATH 112****Intermediate Algebra for Liberal Arts**

Prerequisite: A minimum grade of C in either MATH 330 or MATH 330B. *Course Advisory:* SCC minimum English standard. In this course students will develop their ability to solve problems with algebraic reasoning and learn to effectively communicate their solutions. Topics include number sense, functions, use of linear and exponential functions to model bivariate data, logarithms and an introduction to descriptive statistics and probability. This course is designed to meet the mathematics graduation requirement for an associates degree. This course can also be taken by students planning to transfer to a four-year institution and major in an area of liberal arts (non-STEM majors) that requires either Statistics (MATH 011) or Math Ideas (MATH 012). Students who need a calculus course must take MATH 104 in preparation for pre-calculus. All transfer students should consult with a counselor or mathematics instructor for advice on whether to take MATH 112 or MATH 104. Lab hours may be scheduled or TBA depending on the section. Students are expected to complete both the lecture and lab portions of the course. *Four hours lecture, one hour lab.*

4.0 Units**MATH 160****Math for Nursing School Students**

Prerequisite: CONDITION OF ENROLLMENT: Current acceptance or on the waiting list of an RN Program. This course focuses on mathematics topics that are critical to success for students entering an RN program. This course provides a review of select mathematics topics for students entering nursing school. This course is especially designed for students that have had an extended time period between finishing their pre-nursing requirements and entering nursing school. Pass/No Pass only course. *Two hours lecture. (4-week course)*

0.5 Units**MATH 305****Prepare for Math Success**

Students will review basic skills math topics from the last math course previously completed with the online math review program. In addition, students will explore and improve their math study skills. Students will need access to the internet. *4 hours lecture (2 week course).*

0.5 Units**MATH 310****Arithmetic**

Course Advisory: SCC minimum English standard. A course in basic mathematical computations designed to improve arithmetic skills and prepare the student for a pre-algebra level math course. Major topics include whole numbers, fractions, decimals, percents, simple geometry, measurement, and basic statistics. NOTE: Not open for credit to students who have completed MATH 304. *Three hours lecture.*

3.0 Units**MATH 320****Pre-Algebra**

Prerequisite: MATH 310 with a minimum grade of C, or 3 units of credit in MATH 304, or 3 units of BUS 181 with a minimum grade of C. *Course Advisory:* SCC minimum English standard. A course in pre-algebra designed to prepare the student for transition into a beginning algebra course. Major topics include operations on integers and rational numbers, the order of operations, introduction to variables, simplifying and evaluating expressions, solving basic linear equations, proportions, percents, basic geometry, graphing, and application problems. Lab hours may be scheduled or TBA depending on the section. Students are expected to complete both the lecture and lab portions of the course. *Four hours lecture, one hour lab.*

4.0 Units**MATH 330****Elementary Algebra**

Prerequisite: MATH 320 with a minimum grade of C. *Course Advisory:* SCC minimum English standard. Introductory examination of the structure of the number system. Covers such topics as an introduction to set operations, the field axioms of the real numbers, and the properties of the whole number exponents. Emphasizes operations with fundamental expressions, solutions of first-degree equations, inequalities and linear systems. Introduces absolute value, radical and quadratic equations, applied problems involving first and second degree equations in one variable, point-slope and slope-intercept equations of lines and their graphs, and the concepts of relations and functions. Not open to students who have passed MATH 330A. Assignments may be given that require completion in the Math Activities Center. *Five hours lecture.*

5.0 Units

Mathematics

MATH 330A

Elementary Algebra, Part I

Prerequisite: MATH 320 with a minimum grade of C. Course Advisory: SCC minimum English standard. Introductory examination of the structure of the number system. Covers such topics as an introduction to the concept of set operations, the field axioms of the real numbers, order of operations, properties of whole number exponents, variables, variable expressions, operations with monomials, definition of a polynomial, addition and subtraction of polynomials, linear equations, graphing linear equations, linear inequalities, and systems of linear equations, solutions of first degree equations and inequalities in one variable, and applications. A student must take MATH 330B to complete Elementary Algebra. Students who pass MATH 330A are not eligible for MATH 330. Assignments may be given that require completion in the Math Activities Center. Three hours lecture.

3.0 Units

MATH 330B

Elementary Algebra, Part II

Prerequisite: MATH 330A with a minimum grade of C. Course Advisory: SCC minimum English standard. Covers such topics as multiplication and division of polynomials, factoring, solving quadratic equations by factoring, operations with rational expressions, simplifying rational expressions, solutions of equations containing rational expressions, roots, radicals and the quadratic formula, and introduction to functions. Successful completion of Math 330B completes Elementary Algebra. Assignments may be given that require completion in the Math Activities Center. Three hours lecture.

3.0 Units

Music

Associate in Arts in Music for Transfer (ADT: A.A.-T)

Program Description

The Associate in Arts in Music for Transfer degree provides students with the foundations for a broad range of musical specializations such as instrumental performance, vocal performance, jazz performance, composition, theory, musicology, ethnomusicology, music education, and music industry.

Associate in Arts in Music for Transfer

The Associate in Arts in Music for Transfer degree provides students with the foundations for a broad range of musical specializations such as instrumental performance, vocal performance, jazz performance, composition, theory, musicology, ethnomusicology, music education, and music industry. The Associate in Arts in Music for Transfer provides students with a major that fulfills the general requirements of the California State University for transfer. Students completing an Associate in Arts in Music for Transfer degree are guaranteed admission with junior status to the CSU system, but not to a particular campus or major.

To earn the Associate in Arts in Music for Transfer degree, students must:

1. complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements
 - b. A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

Program Outcomes

Students who complete the Associate in Arts in Music for Transfer degree will be able to:

1. Analyze and perform the elements of music (rhythm, melody, harmony and form) with technical facility and artistry as a soloist and as a member of an ensemble.
2. Analyze musical scores and compositions
3. Critique personal music performances and those of other musicians.
4. Compare and contrast the characteristics of various musical cultures and historical periods.

REQUIRED COURSES	Units
MUSC 005 Music Fundamentals.....	3

Music

Music-Instrumental

Program Description

Students may select from three music programs--Instrumental, Theory-Composition, or Vocal. Music majors are urged to take class lessons or private instruction in their specialization each semester.

Associate in Arts Degree

The Associate in Arts Degree can be obtained by completing a total of 60 units, including the courses in the major for Instrumental, or Theory-Composition, or Vocal, the general education requirements, and elective courses. All courses for this major must be completed with grade of "C" or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Music – Instrumental Associate Degree will be able to:

1. Learn and rehearse a piece utilizing various musical techniques.
2. Analyze/compose a musical exercise using a variety of technical skills.
3. Critically evaluate a musical work.

Music

Music-Theory-Composition

Program Description

Students may select from three music programs--Instrumental, Theory-Composition, or Vocal. Music majors are urged to take class lessons or private instruction in their specialization each semester.

Associate in Arts Degree

The Associate in Arts Degree can be obtained by completing a total of 60 units, including the courses in the major for Instrumental, or Theory-Composition, or Vocal, the general education requirements, and elective courses. All courses for this major must be completed with grade of "C" or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Music - Theory – Composition Associate Degree will be able to:

1. Learn and rehearse a piece utilizing various musical techniques.
2. Analyze/compose a musical exercise using a variety of technical skills.

REQUIRED COURSES Units

MUSC 003 Advanced Theory 4

MUSC 004 Advanced Theory 4

MUSC 010* Concert Band 2

Music

MUSC 001 **4.0 Units**
Beginning Theory I
Course Advisory: MUSC 027 or knowledge of musical notation; SCC minimum English and Math standards. This course is a study of diatonic scales and triads, intervals, diatonic chords, basic harmonic progressions and cadences, part writing, rhythm and meter, sight singing, ear training, dictation, history and performance. Short creative assignments are included to provide experience in the application of materials learned in class. It includes analysis and composition and is required for music majors. C-ID MUS 120; MUS 125. *Four hours lecture.*

MUSC 002 **4.0 Units**
Beginning Theory II
Prerequisite: MUSC 001 with a minimum grade of C. Course Advisory: MUSC 028; SCC minimum English and Math standards. This course is a continuation of MUSC 001. It provides a more in-depth study of scales, triads, diatonic harmonies, part writing, rhythms, sight singing, ear training, dictation, form, history, and performance. It also includes the study of harmonic progression, dominant and non-dominant seventh chords, modulation, secondary function chords, and binary and ternary form. It includes analysis and composition and is required for music majors. C-ID MUS 130; MUS 135. *Four hours lecture.*

MUSC 003 **4.0 Units**
Advanced Theory I
Prerequisite: MUSC 002 with a minimum grade of C. This course is a continuation of MUSC 002. It includes the study of 16th- and 18th- century counterpoint, fugue, variation, altered chords, sonata allegro, and rondo forms, and late 19th century writing techniques; practice in rhythmic, melodic, harmonic, and contrapuntal sight singing; ear training, and dictation. This course is required for music majors. C-ID MUS 140; MUS 145. *Four hours lecture.*

MUSC 004 **4.0 Units**
Advanced Theory II
Prerequisite: MUSC 003 with a minimum grade of C. Course Advisory: MUSC 030; SCC minimum English and Math standards. This course is a continuation of MUSC 003. It includes a more in-depth study of altered chords and late 19th- and 20th-century writing techniques including: 9th, 11th and 13th chords; altered dominants; chromatic harmony; dodecaphony; set theory; aleatory; minimalism; and analysis techniques. It includes practice in rhythmic, melodic, harmonic and contrapuntal sight-singing, ear-training and dictation. This course is required for music majors. C-ID MUS 150; MUS 155. *Four hours lecture.*

MUSC 005 **3.0 Units**
Music Fundamentals
Course Advisory: SCC minimum English and Math standards. This course introduces the elements of music including notation, rhythm and meter, diatonic scales and triads, key signatures, melody, chords and aural skills. Traces the historical and cultural progress of music through the development of musical symbols and their application. No previous musical study is required. C-ID MUS 110. *Three hours lecture.*

MUSC 007 **3.0 Units**
Jazz and Popular Music in America: Ragtime to Rock
Course Advisory: SCC minimum English standard. A survey of jazz and popular music in America, using an historical approach. Includes listening to and analyzing examples of jazz and popular music in relation to the social, technical and historical trends. *Three hours lecture.*

MUSC 008 **3.0 Units**
Music Appreciation
Course Advisory: SCC minimum English standard. This course is an introductory examination of how composers and songwriters apply the various elements of music to heighten the expressive impact of a composition. Aspects of melody, rhythm, harmony, tone, and structure are studied through focused listening of works from the Renaissance to contemporary styles of avant-garde and popular music. This course requires no previous musical study. *Three hours lecture.*

MUSC 009 **1.0 Units**
Wind Ensemble
Course Advisory: SCC minimum English and Math standards; Limitation on Enrollment: Ability to play a wind ensemble instrument. Students must demonstrate an adequate level of proficiency on an instrument to participate and perform with the wind ensemble. This course is the study and performance of wind ensemble repertoire. It is open to those who play a wind ensemble instrument. Public performances and/or field trips are required. Repeatable 3 times. C-ID MUS 180. *Three hours activity, one hour by arrangement.*

Music

MUSC 010

1.0 Units

Concert Band

Course Advisory: SCC minimum English and Math standards; *Limitation on Enrollment:* Ability to play a concert band instrument. Students must demonstrate an adequate level of proficiency on an instrument to participate and perform with the concert band. This course offers the study and performance of concert band literature. It is open to those who play a concert band instrument. Public performances and/or field trips are required. Repeatable 3 times. C-ID MUS 180. *Three hours activity, one hour by arrangement.*

MUSC 011

1.0 Units

Symphonic Band

Course Advisory: SCC minimum English and Math standards. This course offers the study and performance of various styles of symphonic band literature. Symphonic band literature, rehearsal technique, and performance practices are examined. Public performances and/or field trips are required. Repeatable 3 times. *Three hours activity, one hour by arrangement.*

MUSC 013

3.0 Units

Multicultural Music in America

Course Advisory: SCC minimum English standard. A survey of multicultural music in America, including listening to and analyzing examples of multicultural music in relations to social, technical, and historical trends, including the role of music in influencing American attitudes toward ethnic identity, stereotyping, and racial prejudice. This course also examines the uniquely American style resulting from the interaction among musicians of many cultural, racial, national, and ethnic backgrounds. *Three hours lecture.*

MUSC 014

1.0 Units

Jazz Ensemble

Course Advisory: SCC minimum English and Math standards; *Limitation on Enrollment:* Ability to play at least one instrument commonly used in jazz ensemble. This course is the study and performance of jazz ensemble repertoire encompassing a wide variety of music in the jazz style. Public performances and field trips are required. Repeatable 3 times. C-ID MUS 180. *Three hours activity, one hour by arrangement.*

MUSC 015

1.0 Units

Stage Band

Course Advisory: SCC minimum English and Math standards; *Limitation on Enrollment:* Ability to perform on one or more instruments in the stage band. Students must demonstrate an adequate level of proficiency on an instrument to participate and perform with the stage band. An instrumental ensemble class analyzing and performing stage band music. This class requires public performance. Repeatable 3 times. C-ID MUS 180. *Three hours activity, one hour by arrangement.*

MUSC 016

1.0 Units

Symphony Orchestra

Course Advisory: SCC minimum English and Math standards; *Limitation on Enrollment:* Ability to play an orchestral instrument. Students must demonstrate an adequate level of proficiency on an instrument to participate and perform with the symphony orchestra. This course is the study and performance of orchestral repertoire. It is open to those who play an orchestral instrument. A wide variety of musical literature is covered. Public performances and/or field trips are required. Repeatable 3 times. This is an Open Entry/Open Exit course. C-ID MUS 180. *Three hours activity, one hour by arrangement.*

MUSC 017

1.0 Units

Chamber Orchestra

Course Advisory: SCC minimum English and Math standards; *Limitation on Enrollment:* Ability to play an orchestral instrument. Students must demonstrate an adequate level of proficiency on an instrument to participate and perform with the chamber orchestra. This course is the study and performance of chamber orchestra repertoire. It is open to those who play an orchestral instrument. Public performances and/or field trips are required. Repeatable 3 times. C-ID MUS 180. *Three hours activity, one hour by arrangement.*

MUSC 018

2.0 Units

Beginning Steel Drum Band

Course Advisory: SCC minimum English and Math standards. An ensemble class with emphasis on music from the Caribbean. Regular rehearsal and performances using steel drums. This class also presents a comparison of Caribbean musical performance styles. *Public performances and/or field trips required. Repeatable 3 times. One hour lecture, two hours activity, one hour by arrangement.*

MUSC 019

2.0 Units

Instrumental Ensemble

Course Advisory: Ability to read music and play an instrument. The study and performance of representative music literature for strings, woodwinds, brass and small mixed group ensembles. Includes improvisation, reading, ensemble practice and outside performance when possible. *Repeatable 3 times. Two hours lecture, one hour activity.*

Music

MUSC 020 Choir

1.0 Units

Course Advisory: SCC minimum English and Math standards. Limitation on Enrollment: Ability to sing in a choir. Students must demonstrate an adequate level of proficiency to participate and perform with the choir. A performing mixed choir (S.A.T.B.) that studies and performs a variety of a cappella and accompanied choral literature. This course teaches fundamentals of reading choral music, using examples from choral literature. Note: This course may be repeated three times for a total of four enrollments since skills are enhanced by supervised repetition and practice. Attendance at public performances required. Field trips may be required. Students will be involved in public performances. Repeatable 3 times. C-ID MUS 180. Three hours activity, one hour by arrangement.

MUSC 021 Chorus

1.0 Units

Course Advisory: SCC minimum English and Math standards. Prerequisite: Students must demonstrate an adequate level of vocal proficiency to participate in and perform with the Chorus. Audition required. A performing mixed choir (S.A.T.B.) that sings a variety of music, both historical and contemporary. This course teaches fundamentals of reading choral music, using examples from choral literature. Note: This course may be repeated three times for a total of four enrollments since skills are enhanced by supervised repetition and practice. Repeatable 3 times. Three hours activity, one hour by arrangement.

MUSC 023 Handbell Ensemble

2.0 Units

Course Advisory: SCC minimum English and Math standards. Presents the study and performance of music for handbells. Music reading skills, techniques of handbell ringing, and musicianship skills are taught through lecture, rehearsal and performance of various styles of music arranged for handbells. Previous musical experience is helpful but not required. Public performance is required. Repeatable 3 times. One hour lecture, two hours activity, one hour by arrangement.

MUSC 024 Master Works Chorale

1.0 Units

Prerequisite: Audition to assess ability of music reading and vocal skills. Course Advisory: SCC minimum English and Math standards. Students must demonstrate an adequate level of vocal proficiency to participate and perform with the Master Works Chorale. Audition required. A performing mixed choir (S.A.T.B.) that sings a variety of music, both historical and contemporary, with an emphasis on large choral forms such as oratorios and cantatas, accompanied by instruments. Designed for singers with previous choral experience. Public performance required. Repeatable 3 times. C-ID MUS 180. Three hours activity, one hour by arrangement.

MUSC 025 Chamber Choir

1.0 Units

Course Advisory: SCC minimum English and Math Standards. Prerequisite: Audition required to assess ability of music reading and vocal skills. Students must demonstrate an adequate level of vocal proficiency to participate and perform with the Chamber Choir. Advanced study and performance of choral works for the small ensemble. Public performance required. Highly recommended for music majors, especially voice majors. Participation in public performances required. Field trips are required. Repeatable 3 times. C-ID MUS 180. Three hours lab, one hour by arrangement.

MUSC 026 Vocal Jazz Ensemble

1.0 Units

Course Advisory: SCC minimum English and Math Standards. Prerequisite: Audition required to assess ability of music reading and vocal skills. Students must demonstrate an adequate level of vocal proficiency to participate and perform with the Chamber Choir. Course Advisory: SCC minimum English standard. Advanced study and performance of choral works for the small ensemble. Public performance required. Highly recommended for music majors, especially voice majors. Participation in public performances required. Field trips are required. Repeatable 3 times. C-ID MUS 180. Three hours lab, one hour by arrangement.

Music

MUSC 027 1.5 Units
Elementary Piano Part I

Course Advisory: SCC minimum English. An introduction to beginning piano techniques, including hand position, posture, fingering, technical exercises, note reading, sight reading, and performance of piano literature. Numerous examples are assigned to demonstrate the essentials of reading and counting skills, coupled with the presentation of major and minor scales, chords, and other fundamentals of piano playing. *One hour lecture, one hour activity.*

MUSC 028 1.5 Units
Elementary Piano Part II

Prerequisite: MUSC 027. Course Advisory: SCC minimum English standards. A continuation of MUSC 027, this course expands the elementary piano techniques by exploring a progressive series of pieces and exercises which develop the reading skills and other concepts used in performance practice. Stresses use of all major and minor scales, arpeggios in exercise form, sight reading, chromatic fingering, and performance. *One hour lecture, one hour activity.*

MUSC 029 1.5 Units
Intermediate Piano Part I

Prerequisite: MUSC 028. Course Advisory: SCC minimum English standards. Presents the intermediate level of piano technique and literature. Emphasis is on interpretation, fingering, phrasing, technical studies and exercises including performance. Sight reading and continued development through the mastery of progressive pieces enables the pianist to reach a greater overall skill level and confidence during performance. *One hour lecture, one hour activity.*

MUSC 030 1.5 Units
Intermediate Piano Part II

Prerequisite: MUSC 029. Course Advisory: SCC minimum English standards. Presents more difficult techniques for the intermediate pianist. Emphasizes the culmination of reading skills, motor coordination, knowledge of harmony, exercises and fingering, overall interpretation, dynamics, attention to form, advanced technical problems concerning performance of the literature. Recommended for students seeking a working knowledge in piano, comparable to second year level in the literature. *One hour lecture, one hour activity.*

MUSC 031 1.5 Units
Class Lessons in Woodwinds

Class instruction in woodwind instruments. Music majors are required to take one unit of instruction in their major instrument for graduation. Four units are recommended for transfer majors. This class requires outside practice. *One hour lecture, one hour activity.*

MUSC 032 1.5 Units
Class Lessons in Brass

Class instruction in brass instruments. Music majors are required to take one unit of instruction in their major instrument for graduation. Four units are recommended for transfer majors. This class requires outside practice. *One hour lecture, one hour activity.*

MUSC 033 1.0 Units
Class Lessons in Strings

Class instruction in strings. Transfer students are required to study four semesters in their major instrument. *One hour lecture, one hour activity.*

MUSC 034 2.0 Units
Class Lessons in Percussion

Class instruction in percussion instruments. Music majors are required to take one unit of instruction in their major instrument. Transfer majors are required to study four semesters in their major instrument. This class requires outside practice. *One hour lecture, two hours activity.*

MUSC 035A 1.5 Units
Beginning Voice I

Course Advisory: SCC minimum English standard. Group work on the fundamental techniques of singing, including literature of traditional/folk, art, musical theater and popular classics. Includes analysis of individual problems and the opportunity for solo performance. Transfer voice majors should study voice each semester. *One hour lecture, one hour activity.*

MUSC 035B 1.5 Units
Beginning Voice II

Prerequisite: MUSC 035A. Course Advisory: SCC minimum English standard. A continuation of MUSC 035A. Group work on the fundamental techniques of singing, including study of standard vocal literature for solo performance, with increased emphasis in developing vocal and performance skills. *One hour lecture, one hour activity.*

MUSC 036A 1.5 Units
Intermediate Voice I

Prerequisite: MUSC 035B. Course Advisory: SCC minimum English standard. A continuation of MUSC 035B with emphasis on the development of vocal technique and interpretation. Repertoire includes classical compositions from the English, Italian, and German languages. Analysis of individual vocal problems and performance skills is included. *One hour lecture, one hour activity.*

Music

MUSC 036B 1.5 Units
Intermediate Voice II

Prerequisite: MUSC 036A. A continuation of MUSC 036A with emphasis on vocal technique and interpretation. Solo repertoire appropriate to intermediate level includes standard voice literature. Analysis of individual vocal problems and performance skills is included. One hour lecture, one hour activity.

MUSC 038 1.5 Units
Class Lessons in Beginning Guitar

Presents the principles and techniques of fundamental guitar performance. The course stresses first position techniques, notereading, scales, fingerboard knowledge, chord positions, picking and strum techniques, and performance of selected musical literature appropriate to the beginning level. *One hour lecture, two hours activity.*

MUSC 039 1.5 Units
Class Lessons in Intermediate Guitar

Prerequisite: MUSC 038 or equivalent as assessed by instructor and ability to read simple guitar music. Presents the intermediate instruction level in guitar performance techniques and musical skill. The course covers 3rd and 5th positions, solo performance, musical notation exercise and application, musical interpretation and style, and intermediate literature. One hour lecture, two hours activity.

MUSC 040A 0.5 Units
Applied Music I

Corequisite: Student must be concurrently enrolled in a large performance ensemble (MUSC 009, 010, 011, 014, 015, 016, 017, 020, 021, 024 or 025) AND in a music theory class (MUSC 001, 002, 003 or 004). Prerequisite: Audition. Student must meet the performance standards of an entering first semester college music major as determined by an entrance audition. This is the first course in a four-part series which focuses on the development of individual performance skills and solo and ensemble repertoire. It includes one-on-one or small group instrumental, composition, or vocal instruction eight hours per semester. It also includes eight hours per semester of solo performance, masterclasses, and a final juried performance. It also includes one hour monitored practice time per week. This course is required for all traditional performance and jazz music majors. Students must be concurrently enrolled in a large performance ensemble and a music theory course. It is the first course in the four-part series required for the Associate Degree for Transfer. Audition required. Student must meet the performance standards of an entering first semester college traditional music major as determined by an entrance audition. C-ID MUS 160. One hour lab, one half-hour by arrangement.

MUSC 040B 0.5 Units
Applied Music II

Corequisite: Student must be enrolled in a large performance ensemble (MUSC 009, 010, 014, 015, 016, 017, 020, 021, 024, 025, or 026) AND in a music theory class (MUSC 001, 002, 003, 004). Prerequisite: MUSC 040A with a minimum grade of C. Audition required: Students must meet the performance standards of an entering second-semester college traditional music major as determined by an entrance audition. This is the second course in a four-part series which focuses on the development of individual performance skills and solo and ensemble repertoire. It includes one-on-one or small group instrumental, composition, or vocal instruction eight hours per semester. It also includes eight hours per semester of solo performance, masterclasses, and a final juried performance. It also includes one hour monitored practice time per week. This course is required for all traditional performance and jazz music majors. Students must be concurrently enrolled in a large performance ensemble and a music theory course. It is the second course in the four-part series required for the Associate Degree for Transfer. Audition required. Student must meet the performance standards of an entering second semester college traditional music major as determined by an entrance audition. C-ID MUS 160. One hour lab, one-half hour by arrangement.

MUSC 040C 0.5 Units
Applied Music III

Corequisite: Student must be enrolled in a large performance ensemble (MUSC 009, 010, 014, 015, 016, 017, 018, 020, 021, 024, 025, or 026) AND in a music theory class (MUSC 001, 002, 003 or 004). Prerequisite: MUSC 040B with a minimum grade of C. Audition required: Student must meet the performance standards of an entering third-semester college traditional music major as determined by an entrance audition. This is the third course in a four-part series which focuses on the development of individual performance skills and solo and ensemble repertoire. It includes one-on-one or small group instrumental, composition, or vocal instruction eight hours per semester. It also includes eight hours per semester of solo performance, masterclasses, and a final juried performance. It also includes one hour monitored practice time per week. This course is required for all traditional performance and jazz music majors. Students must be concurrently enrolled in a large performance ensemble and a music theory course. It is the third course in the four-part series required for the Music Associate Degree for Transfer. C-ID MUS 160. One hour lab, one-half hour by arrangement.

Music

MUSC 040D**0.5 Units****Applied Music IV**

Corequisite: Student must be enrolled in a large performance ensemble (MUSC 009, 010, 014, 015, 016, 017, 018, 020, 021, 024, 025, or 026) AND in a music theory class (MUSC 001, 002, 003 or 004). Prerequisite: MUSC 040C with a grade of C or better. Audition required: Student must meet the performance standards of an entering fourth-semester college traditional music major as determined by an entrance audition. This is the final course in a four-part series which focuses on the development of individual performance skills and solo and ensemble repertoire. It includes one-on-one or small group instrumental, composition, or vocal instruction eight hours per semester. It also includes eight hours per semester of solo performance, masterclasses, and a final juried performance. It also includes one hour monitored practice time per week. This course is required for all traditional performance and jazz music majors. Students must be concurrently enrolled in a large performance ensemble and a music theory course. It is the final course in the four-part series required for the Music Associate Degree for Transfer. C-ID MUS 160. One hour lab, one-half hour by arrangement.

MUSC 041A**1.5 Units****Music Majors Piano**

Course Advisory: SCC minimum English and Math standards. Instruction, practice and application of the techniques of piano performance. Emphasis will be placed on a variety of keyboard skills including harmonic progressions, scales, fingerings, drills and exercises, sight reading, and keyboard ear-training. The course will also present musical analysis, performance strategies, suggested rehearsal techniques, independent coordination, and memorization. The class is specially designed to accompany the music major and, therefore, is very specific in harmonic understanding, theory, melodic development and usage, and piano practice. One hour lecture, one hour activity.

MUSC 041B**1.5 Units****Music Majors Piano**

Course Advisory: SCC minimum English and Math standards. Instruction, practice and application of the techniques of piano performance. Emphasis will be placed on a variety of keyboard skills including harmonic progressions, scales, fingerings, drills and exercises, sight reading, and keyboard ear-training. The course will also present musical analysis, performance strategies, suggested rehearsal techniques, independent coordination, and memorization. The class is specially designed to accompany the music major and, therefore, is very specific in harmonic understanding, theory, melodic development and usage, and piano practice. One hour lecture, one hour activity.

MUSC 042A**1.5 Units****Jazz and Pop Piano**

Prerequisite: MUSC 027, 028, or equivalent as determined by instructor. Instruction, practice, performance, and application of the techniques of Jazz and Pop piano performance. Emphasis will be placed on establishing the foundations for an improvised approach as well as a review of available literature. The course will focus on the concepts of jazz and popular styles involving the realization of lead sheets, chord voicing, applied scale theory, rhythmic structure, arrangement techniques, improvisation, and accuracy in the development of all styles considered. One hour lecture, one hour activity.

MUSC 042B**1.5 Units****Jazz and Pop Piano**

Prerequisite: MUSC 027, 028, or equivalent as determined by instructor. Course Advisory: MUSC 042A. Instruction, practice, performance, and application of the techniques and principles of intermediate jazz and popular piano styles and skills. Emphasis will be directed to continuing the presentation made in 042A. Focus will be centered around arranging, improvisations, voicings, dialogue, hand formats, performance of literature, written projects and a further introduction to styles. The realization of lead sheets, sight reading, ear training, transcriptions of solos, fingerings, scale theory, exercises, and performance strategies will all be discussed. One hour lecture, one hour activity.

MUSC 049**1.0 to 3.0 Units****Music Honors**

Prerequisite: Completion of 24 units of college credit with a minimum GPA of 3.3; a minimum of 5 units in the discipline with a minimum grade of B; an ability to work independently; permission of the School Dean based on instructor availability. Course Advisory: SCC minimum English standard. An independent study course in a selected musical area for sophomore students. The student works by arrangement with the instructor on an outlined program of study. A contract between student and instructor which details the specific area of interest including goals and schedule for project completion is required. Students may take this course up to the maximum number of units over multiple semesters. Three to nine hours by arrangement.

Music

MUSC 051

1.5 Units

Jazz and Popular Solo Voice

Course Advisory: SCC minimum English standard. The study and performance of songs in the popular and jazz idiom. Areas covered will include musical phrasing, emotional expression, popular vocal styling, stage presence and the use of sound reinforcement systems. This class requires public performance and/or field trips. *One hour lecture, one hour activity.*

MUSC 052

2.0 Units

Sound Recording

Course Advisory: SCC minimum English standard. Designed for musical performers and students interested in recording specifically. Development of recorded performances in the studio environment. Emphasis on acoustics, vocal and instrumental recording requirements, control board management, microphone techniques, organization and supervision of the recording session, mixing and mixdown. Particular attention is given to the hands-on experience in recording engineering and the overall recording process, including production, musical arrangement, mixdown, and studio demeanor. *One hour lecture, three hours lab.*

MUSC 053

2.0 Units

Advanced Sound Recording

Prerequisite: MUSC 052. Course Advisory: SCC minimum English and Math standards. Advanced recording techniques with particular attention given to hands-on techniques. *One hour lecture, three hours lab.*

MUSC 055

3.0 Units

Introduction to Jazz Improvisation

Course Advisory: SCC minimum English standard and knowledge of music fundamentals and basic instrumental skills. Techniques and literature of improvisation including application of scales, modes, harmonic progressions, solo shape, form, and dynamic, rhythmic, and melodic development and interpretation of concepts and materials in the jazz style. Provides development and understanding of these techniques in the occupational areas of music through the concepts and performance of improvisation. *Two hours lecture, one hour activity, one hour by arrangement.*

MUSC 056

3.0 Units

Jazz Improvisational Ensemble

Course Advisory: MUSC 055. Presents the principles and techniques of improvisational materials, combo performance, individual solo skills, advanced playing concepts, group dynamics, and increased performance ability. The class will perform a wide variety of arrangements and the overall performance standards are directed to feature individual soloists. Provides the occupational musician with an opportunity to develop confidence and advanced skills from performance in this ensemble. Repeatable 3 times. *Two hours lecture, one hour activity, one hour by arrangement.*

MUSC 060

1.0 to 4.0 Units

Sound Recording Lab

Corequisite: MUSC 052, 061, 062, 063, or 066A - G. Introduces or further develops recording skills through practical application of techniques learned in related courses. The course is designed to allow recording students additional time outside of other classes to work on sound recording projects. Students may take this course up to the maximum number of units over multiple semesters. Three to twelve hours lab.

MUSC 061

2.0 Units

Midi and Computer Sequencing And Scoring

Course Advisory: SCC minimum English and Math standards; MUSC 027 with a minimum grade of C. An introduction to Midi (Musical Instrument Digital Interface), and the hardware and software components of music sequencing and scoring. The course content will include hands on familiarization with the Macintosh computer, practical use of sequencing and scoring software, and an understanding of Midi terminology. *One hour lecture, three hours lab.*

MUSC 066A

1.5 Units

Advanced Sound Recording - Signal Processing

Prerequisite: MUSC 052 with a minimum grade of C. Course Advisory: SCC minimum English Standard. This course is one in a series of Advanced Sound Recording electives and continues building upon MUSC 052 skills, focusing on treatment of recorded audio files (signal processing), including applying reverberation, compression, equalization. This course is designed for students particularly interested in mixing audio. *One half hour lecture, three hours lab.*

Music

MUSC 066B 1.5 Units

Advanced Sound Recording - Microphone Technique

Prerequisite: MUSC 052 with a minimum grade of C. *Course Advisory:* SCC minimum English Standard. This course is one in a series of Advanced Sound Recording electives and continues building upon MUSC 052 skills, focusing on understanding microphone construction, operating principles and uses. This course is designed for students particularly interested in microphone design and placement technique. *One half hour lecture, three hours lab.*

MUSC 066C 1.5 Units

Advanced Sound Recording - Mixing and Mastering

Prerequisite: MUSC 052 with a minimum grade of C. *Course Advisory:* SCC minimum English Standard. Continues, building upon MUSC 052 skills, focusing on mixing and mastering recorded music. This course is designed for students particularly interested in balancing audio that has been recorded and finalizing it in preparation for duplication. *One half hour lecture, three hours lab.*

MUSC 066D 1.5 Units

Advanced Sound Recording - Analog Recording

Prerequisite: MUSC 052 with a minimum grade of C. *Course Advisory:* SCC minimum English Standard with a minimum grade of C. Continues, building upon MUSC 052 skills, focusing on recording music with analog equipment. This course is designed for students particularly interested in learning to record without computers. *One half hour lecture, three hours lab.*

MUSC 066E 1.5 Units

Advanced Sound Recording - Home Studio Recording

Prerequisite: MUSC 052 with a minimum grade of C. *Course Advisory:* SCC minimum English standard with a minimum grade of C. This course is one in a series of Advanced Sound Recording electives and continues, building upon MUSC 052 skills, focusing on learning how to adapt an existing home to accommodate a small recording studio. This course is designed for students particularly interested recording in a home studio. *One half hour lecture, three hours lab.*

MUSC 066F 1.5 Units

Advanced Sound Recording - Studio Design and Equipment

Prerequisite: MUSC 052 with a minimum grade of C. *Course Advisory:* SCC minimum English standard. This course is one in a series of Advanced Sound Recording electives and continues, building upon MUSC 052 skills, focusing on learning how to physically design and equip any recording studio. This course is designed for students particularly interested in designing, building and equipping a recording studio. *Off-campus field trip may be required. One-half hour lecture, three hours lab.*

MUSC 066G 1.5 Units

Sound Recording Project

Prerequisite: MUSC 052 with a minimum grade of C. *Course Advisory:* SCC minimum English Standard. This course is two in a series of Advanced Sound Recording electives and continues building upon MUSC 052 skills, focusing on practical application of recording skills. This course is designed for students particularly interested in applying recording skills in real-world situations. Required attendance at up to three recording sessions which take place outside of normal classroom hours. *One-half hour lecture, three hours lab.*

MUSC 067A 1.5 Units

Introduction to Pro Tools

Course Advisory: MUSC 052 with a minimum grade of C; SCC minimum English Standard. This course covers basic Pro Tools principles. It provides everything students need to complete a Pro Tools project—from initial set up to final mixdown. This course is an introduction to AVID's Pro Tools digital audio workstation software application. Basic Pro Tools principles, including how to complete a Pro Tools project from initial set up to final mixdown are covered. It includes how to record, edit, and mix music and Musical Instrument Digital Interface (MIDI) tracks within the Pro Tools application. This course is the first in a series of four courses leading to certification as a Pro Tools Operator. *One-half hour lecture, three hours lab.*

MUSC 067B 1.5 Units

Pro Tools Production

Prerequisite: MUSC 062 with a minimum grade of C. *Course Advisory:* SCC minimum English standard. This course provides a more detailed look at the Pro Tools system above and beyond the knowledge gained in MUSC 067A course. It covers all the key concepts and skills needed to operate a Pro Tools system at the user level. This is an intermediate course in Digidesign's Pro Tools digital audio workstation hardware and software application. Concepts and skills needed to operate large sessions in a project studio environment are covered. It includes managing large track counts, multiple channels of simultaneous inputs and outputs, and the use of specialized plug-ins for specific music and post-production tasks. This course is the second in a series of four courses leading to certification as a Pro Tools Operator. *One-half hour lecture, three hours lab.*

Music

MUSC 071**3.0 Units****Business of Music I**

Course Advisory: Eligibility for ENGL 001. This course covers the processes of the music industry including record contracts as well as the responsibilities of record producers, agents, managers, and performing artists. *Three hours lecture.*

MUSC 072**3.0 Units****Business of Music II**

Course Advisory: Eligibility for ENGL 001. This course is one in a series of Music Industry core courses, and continues building upon MUSC 071 skills, focusing on the duties of attorneys, publishers, and radio stations regarding musical and financial matters. The course also defines and analyzes publishing agreements, merchandising contracts, trademark and servicemark points, as well as radio and record-industry relations and sales and distribution. *Three hours lecture.*

MUSC 073**3.0 Units****Artist Management**

Course Advisory: Eligibility for ENGL 001. This course covers the definitions, duties, and agreements of artist management. Topics include the functions of a personal manager, guidelines to career planning, choosing managers and clients, record company negotiations, and selecting other team players. It also analyzes the personal manager agreement and how to organize an artist's tour. *Three hours lecture.*

MUSC 074**3.0 Units****Music Promotion**

Course Advisory: Eligibility for ENGL 001. This course covers the process of music promotion. Topics include definitions of promotion, developing media/industry fan lists, and assembling a promotion packet. The course also discusses current internet strategies and new technologies developed for promotion. In addition, a campaign for album release and distribution is discussed and planned. Field trips may be required. *Three hours lecture.*

Nursing

Nursing, Registered

The Nursing program is approved by the California State Board of Registered Nursing.

Program Description

The Registered Nursing Program at Solano Community College is a 2-year Associate Degree Program fully approved by the State Board of Registered Nursing and is subject to its regulations regarding the education and training of nurses. Successful completion of the program qualifies the student to take the National Council Licensing Examination (NCLEX) to become a Registered Nurse. The practice of nursing requires knowledge of the biological, behavioral, and physical sciences, as well as knowledge of, and the ability to speak, to read, and to write the English language proficiently. This program follows the policy of non-discrimination set forth by the Governing Board of Solano Community College.

Associate in Science Degree

The Associate in Science Degree is awarded upon successful completion of the major and general education requirements. All courses in the major must be completed with a grade of C or better or a P if the course is taken on a Pass/ No Pass basis.

Program Outcomes

Students who complete the Registered Nursing Associate Degree will be able to:

1. Qualify for state licensure as a registered nurse by achieving a passing score on the National Council Licensure Examination for registered nurses (NCLEX-RN).
2. Synthesize principles of the nursing process and critical thinking to assist individuals, families and communities to achieve positive adaptation to change in health or a peaceful death.
3. Integrate evidenced based concepts of nursing practice across the health care continuum to ensure quality patient centered care.

Program Requirements and Courses

All courses taken toward the Registered Nursing Associate Degree must be completed with a letter grade of C or better.

Retention in Program:

1. Students are required to undergo criminal background checks and drug screens. Health Sciences may be unable to place students in a clinical setting if they have a positive criminal background check or drug screen; therefore, the student may be dropped from the nursing program.
2. If a student's conduct poses potential harm to the well-being of clients or is disruptive to the classroom or lab environment, the student may be terminated from the nursing program.
3. If a student's physical or emotional health appears to be such that he or she cannot meet the objectives of the program in nursing, the student may be asked to leave the nursing program.
4. In order to remain in the program and to graduate, a student must maintain a letter grade of C or better in the theory and the clinical portions of the nursing program.
5. Maintain current CPR, TB screening, clear criminal background check and drug screen.

In accordance with state law, the California Board of Registered Nursing (BRN) may deny licensure to an individual for crimes substantially related to the practice of nursing. Upon acceptance to the nursing program, any student who has had a conviction related to sex crimes, drug crimes (including DUI) and crimes of violence may need to contact the BRN regarding his/her status.

Nursing

REQUIRED COURSES Units

Nursing courses must be taken in sequence because one course is prerequisite to another.

NURS 058A-D Skills Lab I-IV 3
(Concurrent enrollment in NURS 058A-D is required for each of the following Nursing courses except NURS 052 & 065.)

First Year Courses Units

NURS 050A Fundamentals of Nursing 5
NURS 050B Basic Human Needs 6
CDFS 070 * Lifespan Human Development 3
NUTR 010 * Nutrition 3
NURS 052 * Pharmacology for Nursing 3
NURS 054 Maternal-Child Nursing 5
NURS 055 Nursing of Adults I 5

PSYC 001 ** Introduction to Psychology 3
OR

SOCS 022 Ethnic, Racial and Minority Group Relations in Harmony and Conflict 3

*Course must be completed prior to entry into NURS 054

**Course must be completed prior to entry into NURS 060/061

Second Year Courses Units

NURS 060 Nursing of Adults II/ Medical-Surgical Nursing 5
NURS 061 Psychiatric and Mental Health Nursing 5
NURS 063 Advanced Medical Surgical and Community Nursing 7
NURS 064 Issues and Leadership in Health Care Today 2
NURS 065 Role Transition in Practice 2.5

Concurrent Courses

The following courses are required for graduation and must be completed prior to entering the fourth semester of the Nursing Program, as the fourth semester schedule does not accommodate the scheduling of other courses.

ENGL 062 Analytical Reading 3
OR

meet the reading requirement Communications course other than ENGL 001 3

Students are encouraged to attend a Registered Nursing Information Workshop prior to seeing a counselor individually. These workshops provide a basic understanding of the nursing program and the requirements for application. After attending the Nursing Information Workshop, students planning to major in Nursing should make an appointment with a counselor for assistance in developing an education plan.

REQUIREMENTS FOR ADMISSION TO THE PROGRAM

1. Graduation from an accredited high school in the United States or successful completion of the General Education Development (GED) or California High School Proficiency Exam (CHSPE) per requirements of the Nurse Practice Act, Title 16, California Code of Regulations, Section 1412, prior to time of application.
 - Students with a high school diploma from a school outside the United States must have transcripts evaluated by a National Association of Credential Evaluation Service (NACES) approved independent agency.
 - Students who possess an Associate or Arts / Associate of Science degree or higher from a regionally accredited college in the U.S. are exempt from the educational requirements stated above.
 - Students who have attended college outside the United States must have transcripts evaluated by a NACES approved independent agency, demonstrating equivalency to an AA/ AS degree or higher from a U.S. regionally accredited college.
2. A Composite Score of 73% or greater. This is calculated using the applicant's College GPA, Core Biology GPA, English GPA and the applicant's Core Biology Repetitions (This includes grades of D or less and W's on the applicant's transcript).
3. A grade of "C" or better in the following pre-major and general education courses:

BIO 004	NUTR 010
BIO 005	PSYC 001
BIO 014	CDFS 070
ENGL 001	COMM 001*
NURS 052	All GE Graduation Requirements

4. Students are required to take the "Test of Essential Academic Skills (TEAS)" developed by the Assessment Technologies Institute. A minimum passing composite score of 62% is required within the first two (2) attempts. Further information can be found on the <http://www.atitesting.com/solutions/pre-program/TEAS-Discover.aspx> website regarding TEAS preparation, registration and testing.
5. First-time applicants are required to meet with an SCC counselor to obtain a NURSING PRE-MAJOR AND GENERAL EDUCATION REQUIREMENT CHECK SHEET and document completion of all eligibility requirements. Call (707) 864-7101 or go online to schedule an appointment.

Nursing

COURSES REQUIRED FOR THE ASSOCIATE OF SCIENCE DEGREE IN REGISTERED NURSING

Prerequisites / Graduation Requirements		Course Sequence for Degree
BIO 004	Social and Behavioral Science	Semester 1 NURS 050A, NURS 050B, NURS 058A
BIO 005	Humanities	
BIO 014	Reading Requirement	Semester II NURS 054, NURS 055, NURS 058B
ENGL 001	Math 104 or higher	
NUTR 010	Cross Cultural Studies	Semester III NURS 060, NURS 061, NURS 058C
PSYC 001*	Kinesiology	
CDFS 070		Semester IV NURS 063, NURS 064, NURS 065, NURS 058D
COMM 001*		

**Or equivalent (See Nursing Pre-Major and General Education Requirements available online)*

APPLICATION / ACCEPTANCE TO THE PROGRAM

Currently the Nursing Program admits students once per year. Applications are available online. Check the SCC Nursing website for specific details and deadlines. <http://www.solano.edu/health/disciplines.php#nursing>

The Nursing Program at Solano Community College is impacted; there are more students who apply than can be accepted into the program. Selection is based on a randomized lottery selection process. Fifty (50) percent of the selected applicants will have a composite score of 86% or greater and the other fifty (50) percent will have a score between 73 and 85%. Returning qualified applicants will have their name included into the appropriate pool for each time they have applied to SCC's nursing program. Only students who meet and complete the application criteria will be considered for admission. Meeting these requirements does not guarantee acceptance into the program. If a qualified applicant is not chosen, he/she may reapply the following application period.

Once accepted to the Nursing Program, students, at their own expense, must provide the following:

- Health History and Report of Medical Examination with required titers / inoculations.
- Background check and drug screening
- Current American Heart Association CPR card for Healthcare Providers.
- Compliance with specific healthcare partner requirements.

Students accepted for entry into the Nursing Program are required to attend a mandatory information meeting. Date, time, and location will be provided in the acceptance packet.

APPLICATION GUIDELINES

COMPLETE ALL PRE-MAJOR AND GENERAL EDUCATION COURSES BEFORE SUBMITTING AN SCC NURSING APPLICATION. Transcripts with courses in progress at the time of application will be voided or not accepted. Please refer to the nursing website for more information.

APPLY for admission to SCC online.

- ✓ Students who have never attended SCC must submit an online application. Go to the SCC home page (www.solano.edu) and click on Application.
- **Note: Returning SCC students who did not attend last semester** must complete a new SCC application before accessing the Nursing Application.

Nursing

- ✓ **STUDENT ID NUMBER.** After submitting an online application, allow 30 minutes for processing. An email will be sent to the email address provided in the application and it will include the applicant's SCC ID number, username and password for the applicant's MySolano account.
 - When completing a new application to Solano, if you already have an ID number, the system will re-activate the same ID number. After this step, you can complete the Nursing Application.
- ✓ **MYSOLANO EMAIL ACCOUNT.** All correspondence regarding the application status will be sent to the applicant's SCC email address. Applicants will not receive any paper or phone verification regarding their status.

COUNSELING SERVICES FOR FIRST-TIME NURSING APPLICANTS. An appointment with a Solano Community College (SCC) Counselor is required to obtain a Nursing Pre-Major and General Education Requirement Check Sheet to document completion of all eligibility requirements. This is especially important when coursework is not completed at SCC. A copy of this document can be found at: <http://www.solano.edu/health/disciplines.php#nursing>

- ✓ **Counseling Appointment: Call (707) 864-7101 to schedule an appointment with a Counselor.** If you have 15 or more units from other colleges, you will need to schedule a one-hour appointment with a Counselor. During the appointment the Counselor can assist with completion of the **Nursing Pre-Major and General Education Requirement Check Sheet**, petitioning of course equivalencies, requirements for foreign transcripts, and degree completion requirements. Official transcripts from other colleges should be brought to this appointment. If you completed Anatomy, Physiology, or Microbiology at an international college or university, please bring course descriptions in addition to transcripts.
- ✓ **Drop-In Meetings:** Drop-in meetings are only 15 - 20 minute sessions with counselors to address general counseling questions and NOT for completing a Nursing Pre-Major and General Education Requirement Check Sheet, petitioning of course equivalencies, requirements for foreign transcripts, and / or degree completion requirements. To find out when drop-ins are offered call (707) 864-7101.
- ✓ **Counseling Email:** If you have a general counseling question that requires minimal research and can be resolved in a couple of minutes, please contact the e-counselor at e-counselor@solano.edu

TO APPLY TO THE NURSING PROGRAM AT SCC:

- ✓ Log-in to the SCC website
- ✓ From the A-Z index locate the Registered Nursing website (<http://www.solano.edu/health/disciplines.php#nursing>)
- ✓ Click the "Registered Nursing Application" link
- ✓ Complete all required data elements on the Application packet
- ✓ Once you have completed all documents print the Application packet
- ✓ **TOOLS** to assist with the Nursing Program Application Process.
 - Students should refer to the nursing website for step-by-step instructions on how to complete the Application for the Nursing Program.
 - Email Support: Questions related to the nursing application process may be sent to the Administrative Assistant in the School of Health Sciences. Please allow five (5) business days for a reply. Due to the high volume of calls, DO NOT CALL the Nursing Department. We will respond only to student emails.

SUBMITTING the Nursing Program Application. All first-time and returning applicants must submit their Application Packet and required supporting documentation, if applicable, to SCC Nursing Department (Building 800, Room 805B) by the deadline date and time in a large 9 ½ x 11 self-addressed stamped envelope. Late Application Packets will not be accepted.

- ✓ If the applicant's application is not chosen to fill the incoming class, the Application Packet will be mailed back in the large 9 ½ x 11 self-addressed stamped envelope submitted at the time of application.

IMPORTANT NOTE: Application procedures may change. Please consult the website at <http://www.solano.edu/health/disciplines.php#nursing> for the most current instructions on applying to the program.

Nursing

LVN to RN Program

The LVN to RN Program at Solano Community College provides an opportunity for qualified licensed vocational nurses to be admitted with advanced placement into the Registered Nursing program. This program is designed to prepare technically competent nurses for service in the community. The curriculum includes study in general education, biophysical and social science courses. Principles derived from academic study are applied to the practice of nursing. The nursing major is comprised of lecture-discussion classes on campus and client care laboratory experience in agencies within the community. Nursing preparation includes the care of adults and children in medical, surgical, psychiatric and community settings. This program is approved by the California Board of Registered Nursing.

Program Requirements and Courses

Students are encouraged to attend a Registered Nursing Information Workshop prior to seeing a counselor individually. These workshops provide a basic understanding of the nursing program and the requirements for application. After attending the Nursing Information Workshop, students planning to major in Nursing should make an appointment with a counselor for assistance in developing an education plan.

Program Information

Licensed vocational nurses have two LVN to RN options:

Registered Nursing Associate Degree Option:

Applicants must complete prerequisites for the nursing program, science courses, and the general education requirements for the Associate Degree. By choosing this option:

- You would complete a total of 49 to 52 units toward the 60 units required for the Associate Degree.
- You would be a graduate of an accredited ADN program.
- You would be eligible for RN licensure by endorsement in other states.

Prerequisites

To be eligible to apply to the LVN to RN Program Associate Degree Option, students must have completed:

- ENGL 001 - College Composition (3 units)
- BIO 004 - Human Anatomy (5 units)
- BIO 005 - Introductory Physiology (5 units)
- BIO 014 - Principles of Microbiology (4 units)
- NUTR 010 - Nutrition (3 units)
- CDFS 070 - Lifespan Human Development (3 units)
- NURS 052 - Pharmacology for Health Care Professionals I (3 units)
- PSYC 001 - Introduction to Psychology: Individual & Social Processes (3 units)
- OR
- SOCS 022 - Ethnic, Racial, and Minority Group Relations in Harmony and Conflict (3 units)

NOTE: All courses required for graduation should be completed prior to entering the fourth semester of the Nursing Program, as the fourth semester schedule does not accommodate the scheduling of other courses. It is highly recommended that ENGL 062 or the college reading requirement be met prior to entering the program.

Thirty-Unit Option:

By choosing this option:

- You would complete a total of 29-30 units.
- You would not be a graduate of an Associate Degree Program.
- You would not be a graduate of the Solano Community College Nursing Program and may not wear the school pin.
- You would be eligible for licensure in California and may not be eligible for licensure in other states.

Nursing

Prerequisites

- BIO 004 – Human Anatomy (5 units)
- BIO 005 - Introductory Physiology (5 units)
- BIO 014 - Principles of Microbiology (4 units)

You must achieve a composite score of 73 or above to qualify for the waiting list. Composite score is determined by a combination of : (a) overall college GPA, (b) English GPA, (c) core Biology (Anatomy, Physiology & Microbiology) GPA, and (d) core Biology course repetitions.

Application Steps

1. **In order to apply to the LVN-RN Waitlist, letter grades of at least C or better must be officially posted to a transcript to verify COMPLETION of the following EIGHT prerequisite courses.**

ENGL 001 College Composition

BIO 004 Human Anatomy w/Lab (4 sem. units minimum)

BIO 005 Physiology w/Lab (4 sem. units minimum)

BIO 014 Microbiology w/Lab (4 sem. units minimum)

NUTR 010 Nutrition

CDFS 070* Lifespan Human Development

NURS 052 Pharmacology

PSYC 001 or SOCS 022 Ethnic Race Relations

2. **APPLY** for admission to SCC online at www.solano.edu (if not already a current/continuing student).
3. **WE HIGHLY RECOMMEND THAT YOU ATTEND AN RN INFORMATION WORKSHOP.**
For the RN Information Workshop schedule, go to www.solano.edu (Search for Nursing in the A – Z index)
4. **APPLY IN PERSON** at the Counseling Office located in the 400 Building at the Fairfield Main Campus (Monday – Thursday 8:30 – 6:00, Friday 8:30 – 3:00)

PLEASE BRING:

1. **California Driver's License or photo ID.**
2. **OFFICIAL TRANSCRIPTS** in sealed, unopened envelopes from **ALL** colleges, universities, or educational institutions **EVER** attended, except Solano. (Transcripts must be hand carried. New, current transcripts are required even if transcripts were submitted prior to submitting the application in person.)

NOTE: We need ALL transcripts

Even if you did not complete any of the ADN (Associate's Degree in Nursing) required classes at the other institutions you attended, we still *need the transcript*. Even if you feel the courses taken do not relate to SCC's Nursing Program, we still need ALL transcripts.

Failure to list ALL colleges of universities, and submit ALL transcripts, will VOID the application.

5. **WAIT 90-BUSINESS-DAYS.** During this time, Admissions and Records (A&R) will be evaluating your transcripts and calculating your overall RN Composite Score. Students must earn a score of 73 or above to qualify for the waitlist. **Do not contact A&R for your results.** IMPORTANT: Completion timeline may be extended beyond 90 days depending on volume of applications received.
6. **WAIT 90-BUSINESS-DAYS RETURN IN PERSON OR CALL** (707-864-7101) the Counseling Office to schedule a one-hour "LVN-RN Referral Appointment." *This is your responsibility.*
7. **ATTEND THE SCHEDULED LVN-RN REFERRAL APPOINTMENT.** During your counseling appointment, the counselor will review and post all completed pre-Major and General Education requirements, and list the remaining required courses for you to graduate from Solano Community College. You will then receive a wait list number by mail from the School of Health Sciences.
8. Once on the waitlist, you will be invited to take the **TEAS Test** and you must earn a 62 or higher. For more information, see: <https://www.atitesting.com/Solutions.aspx>.

NOTE: Dishonest or unethical conduct during the application process may lead to disqualification of the application.

Other Requirements

Upon admission to the program, students are required to enroll in NURS 159 during the next session.

Nursing

Prior to First Class Meeting, Students Must Have:

1. Physical examination indicating physical fitness and freedom from illness with required immunizations.
2. Cardiopulmonary Resuscitation (CPR) for Health Care Providers card.
3. Attended an orientation meeting with nursing faculty to be arranged by Health Sciences.
4. Taken the reading assessment test or have met the reading requirements for graduation.
5. Provide a clear criminal background check and drug screen.
6. Achieve a score of 62 or greater on the TEAS test.

Retention in Program:

1. Students are required to undergo criminal background checks and drug screens. The Health Sciences Division may be unable to place students in a clinical setting if they have a positive criminal background check or drug screen; therefore, the student may be dropped from the nursing program.
2. If a student's conduct poses potential harm to the well-being of clients or is disruptive to the classroom or lab environment, the student may be terminated from the nursing program.
3. If a student's physical or emotional health appears to be such that he or she cannot meet the objectives of the program in nursing, the student may be asked to leave the nursing program.
4. In order to remain in the program and to graduate, a student must maintain a grade of "C" or better in the theory and the clinical portions of the nursing program.
5. Maintain current CPR, TB screening, clear criminal background check and drug screen.

In accordance with state law, the California Board of Registered Nursing (BRN) may deny any license to an individual for crimes substantially related to the practice of nursing. Upon acceptance to the nursing program, any student who has had a conviction related to sex crimes, drug crimes (including DUI) and crimes of violence may need to contact the BRN regarding his/her status.

Certified Nursing Assistant Job-Direct Certificate

The required courses must be completed with a grade of "C" or better.

Required Courses	Units
NURS 103 Certified Nursing Assistant	6.5
Total Units	6.5

Nursing

NURS 050A**5.0 Units****Fundamentals of Nursing**

Corequisite: NURS 058A. Prerequisite: A minimum grade of C in ENGL 001, BIO 004, BIO 005, and BIO 014; current CPR for Healthcare Providers, current physical exam, immunizations and background check with drug screen. Authorization to enter RN program. Course Advisory: Basic computer navigation skills and frequent internet access is required. Introduction to the principles of nursing to meet needs common to all individuals. Utilizing the concept of homeostasis and communications theory, the student will study stressors affecting the patient's position on the wellness-illness continuum. The nursing process will be introduced, utilized and applied at the beginning level. The basis of the nurse-patient relationship will be explored. Clinical assignments, self-study modules and small group seminars will be offered concurrently with theory. *Eight hours lecture, six hours lab (8-week course).*

NURS 050B**6.0 Units****Basic Human Needs**

Corequisite: NURS 058A. Prerequisite: NURS 050A with a minimum grade of C. Course Advisory: Basic computer navigation skills and frequent internet access is required. This course is an introduction to the demands for increased care that are necessitated by deviations in health in the adult. Emphasis is placed on the basic human needs of activity and rest, oxygenation, fluid and electrolytes, nutrition, comfort, and elimination. Also included in the course are gerontology, nursing process, oral and injectable medication administration, wound care, and care of the adult perioperative patient. Clinical assignments, self-study modules and seminar will be offered concurrently with theory. *Seven hours lecture, fifteen hours lab (8-week course).*

NURS 052**3.0 Units****Pharmacology for Nursing**

Prerequisite: BIO 005 with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. Basic computer navigation skills and frequent internet access is required for Nursing or Pre-nursing Students. This course is designed to focus on nursing pharmacology by presenting a firm theoretical foundation. The course presents general principles, theories, and facts about medicinal agents. General characteristics of major classifications of medications are discussed. Specific information regarding action, dosage, side effects, adverse reactions and contraindications of selected medications within each classification is addressed. Practical information is presented on how the nursing process is integrated with pharmacology. Specific drug information is discussed in relation to assessment, client monitoring, interventions, client education, and evaluation of safe and effective drug therapy. *Three hours lecture.*

NURS 054**5.0 Units****Maternal-Child Nursing**

Corequisite: Concurrent enrollment in NURS 058B. Prerequisite: Minimum grade of C in NURS 050A, NURS 050B, NURS 052, NUTR 010, and CDFS 070. Course Advisory: Basic computer navigation skills and frequent internet access is required. A family centered course with emphasis on nursing care of women and children. The focus includes the antepartal, intrapartal, postpartal, neonatal and pediatric client, both sick and well. This course provides students the opportunity to synthesize and utilize nursing knowledge and skills in providing care to clients in a variety of settings. Concepts of homeostasis, communication, and growth and development are integrated throughout the course. The nursing process is utilized with concepts of legal aspects, pharmacology, clinical skills, safety and asepsis, crisis intervention, health teaching, and self-evaluation. Clinical assignments and self-study modules are offered concurrently with theory. This course must be completed successfully with a minimum grade of C to advance in the nursing program. *Five hours lecture, fifteen hours lab (8-week course).*

NURS 055**5.0 Units****Nursing of Adults I**

Corequisite: NURS 058B or 058E. Prerequisite: A minimum grade of C in NURS 050A, 050B, NURS 052, NUTR 010, and CDFS 070. Course Advisory: Basic computer navigation skills and frequent internet access is required. Covers the theory and practice of nursing necessary to assist the adult in meeting selected health care needs. Emphasis is placed on the client experiencing health alterations in the musculoskeletal, respiratory, cardiovascular and gastrointestinal systems. The concepts of safety, communication, clinical decision making, asepsis, pharmacology, legality, ethics, health teaching and self-evaluation are integrated throughout the course. Issues related to culture, developmental level and sexuality are considered, as nursing care is individualized to the client. Skill modules and clinical experiences are offered concurrently with theory. *Five hours lecture, fifteen hours lab (8-week course).*

Nursing

NURS 058A
Skills Lab I

1.0 Units

Corequisite: NURS 050A with a minimum grade of C (may be taken concurrently). Course Advisory: Basic computer navigation skills and frequent internet access is required. This is a 1.0 unit course that is required for students who are enrolled in the first semester of the nursing program. Students will participate in basic skills and introduction to simulations that involve group, peer and instructor evaluations. Students have the opportunity to practice and employ the required knowledge, skills and attitudes of a Registered Nurse through the use of the nursing process and QSEN standards for each course throughout the curriculum. Students are required to demonstrate competency in the required skills modules as well as participation in human patient care simulation scenarios by the end of the semester. Major modules that are instructor moderated include: spirometry, applying a dry, sterile dressing, administering enteral feedings, administering and managing primary intravenous line therapy and insertion, irrigation discontinuing a nasogastric tube, and oropharyngeal suctioning. Other peer evaluated skills include application of cold/heat therapy, use of compression devices, incentive spirometry, and oropharyngeal suctioning. Students are required to purchase a Nursing Skills Lab kit, stethoscope, white lab coat and uniform per the Registered Nursing Student Handbook. This is a Pass/No Pass only course. *Three hours lab.*

NURS 058B
Skills Lab II

1.0 Units

Corequisite: NURS 055 or NURS 054. Prerequisite: A minimum grade of C in NURS 058 or NURS 058A. Course Advisory: Basic computer navigation skills and frequent internet access is required. This is a 1.0 unit course that is required for students who are enrolled in the second semester of the nursing program. Students will build on previously learned concepts, participate in skills and simulations that involve group, peer and instructor evaluations. Students have the opportunity to practice and employ the required knowledge, skills and attitudes of a Registered Nurse through the use of the nursing process and QSEN standards for each course throughout the curriculum. Students are required to demonstrate competency in the required skills modules including: urinary catheter insertion, care and removal, application of a wet-to-damp dressing/packing; Intravenous (IV) piggyback medication; IV push medication; conversion of an IV to a saline lock; IV pump programming; ostomy bag application and management; performing blood glucose monitoring; collection of a pediatric urine specimen. Participation in human patient care simulation scenarios by the end of the semester are required. Students are required to purchase a Nursing Skills Lab kit, stethoscope, white lab coat and uniform per the Registered Nursing Student Handbook. This is a Pass/No Pass only course. *Three hours lab.*

NURS 058C
Skills Lab III

0.5 Units

Corequisite: NURS 060 or NURS 061. Prerequisite: A minimum grade of C in NURS 058, NURS 058B or 058E. Course Advisory: Basic computer navigation skills and frequent internet access is required. This is a 0.5 unit course that is required for students who are enrolled in the third semester of the nursing program. Students will continue to build on previously learned concepts content and participate in skills and simulations that involve group, peer and instructor evaluations. Students will continue to practice and employ the required knowledge, skills and attitudes of a Registered Nurse through the use of the nursing process and QSEN standards for each course throughout the curriculum. Students are required to demonstrate competency in the required skills modules including: administration of blood and blood products; central line care including blood drawing, flushing, dressing change and injection port change; continual practice of previously completed modules from first year skills courses and participation in human patient care simulation scenarios. Students are required to purchase a Nursing Skills Lab kit, stethoscope, white lab coat and uniform per the Registered Nursing Student Handbook. This is a Pass/No Pass only course. *One and one-half hours lab.*

NURS 058D
Skills Lab IV

0.5 Units

Corequisite: NURS 063. Prerequisite: A minimum grade of C in NURS 058 or NURS 058C. Course Advisory: Basic computer navigation skills and frequent internet access is required. This is a 0.5 unit course that is required for students who are enrolled in the fourth semester of the nursing program. Students will continue to build on previously learned concepts and participate in more advanced skills and simulations that involve group, peer and instructor evaluations. Students will continue to practice and employ the required knowledge, skills and attitudes of a Registered Nurse through the use of the nursing process and QSEN standards for each course throughout the curriculum. Students are required to demonstrate competency in the required skills modules including venipuncture, tracheostomy care and suctioning, management of a chest tube drainage system and practice of all previously completed skills from prior semesters. Participation in human patient care simulation scenarios is required. Students are required to have purchased a Nursing Skills Lab kit, stethoscope, white lab coat and uniform per the Registered Nursing Student Handbook. This is a Pass/No Pass only course. *One and one-half hours lab.*

Nursing

NURS 058E**1.0 Units****Skills Lab for LVN Transition Students**

Corequisite: NURS 159 or NURS 055. Course Advisory: Basic computer navigation skills and frequent internet access is required. This is a 1.0 unit course that is required for students who are enrolled in the LVN to RN Transition Course, NURS 159. Students will continue to build on previously learned concepts and participate in skills and simulations that involve group, peer and instructor evaluations including: dry-sterile dressing application; wet-to-damp dressing and packing; enteral feedings; insertion, maintenance and discontinuance of nasogastric tubes; intravenous (IV) therapy and medication administration via piggyback and IV push; urinary catheter insertion; care & removal, blood glucose monitoring; conversion of an IV to a saline lock; ostomy care; nasopharyngeal suctioning; administration of non-IV medication. Students will continue to practice and employ the required knowledge, skills and attitudes of a Registered Nurse through the use of the nursing process and QSEN standards for each course throughout the curriculum. Students are required to demonstrate competency in the required skills modules as well as participation in human patient care simulation scenarios by the end of the semester. Students are required to purchase a Nursing Skills Lab kit, stethoscope, white lab coat and uniform per the Registered Nursing Student Handbook. This is a Pass/No Pass only course. *Three hours lab.*

NURS 060**5.0 Units****Nursing of Adults II/Medical-Surgical Nursing**

Corequisite: NURS 058C. Prerequisite: A minimum grade of C in NURS 054 and NURS 055 and either PSYC 001, PSYC 002 or SOCS 022. Course Advisory: Basic computer navigation skills and frequent internet access is required. This course continues with the theory and practice of nursing necessary to assist the adult in meeting selected health care needs. Emphasis is placed on the patient experiencing health alterations related to nutritional deficits, the endocrine, renal/urinary, neurological and immune systems. The concepts of delegation, safety, communication, clinical decision-making, asepsis, pharmacology, legality, ethics, health education, and self-evaluation are integrated throughout the course. Issues related to culture, developmental level and sexuality are considered, as nursing care is individualized to the patient. Leadership and management concepts are introduced. Skill modules and clinical experiences are offered concurrently with theory. *Five hours lecture, fifteen hours lab (8-week course).*

NURS 061**5.0 Units****Psychiatric and Mental Health Nursing**

Prerequisite: NURS 054 & NURS 055 or NURS 159 & NURS 055 and either PSYC 001 or SOCS 022. All courses completed with a minimum grade of C. *Course Advisory: Basic computer navigation skills and frequent internet access is required.* Theory and practice related to mental health and illness is studied. This includes the principles and practices of mental health nursing using the prevailing psychobiological theories of mental health and illness, interpersonal communication, group process, growth and development and sociocultural theories. The nursing process is emphasized as the student nurse maintains and promotes mental health and seeks to prevent mental illness. Clinical experience is provided concurrently with theory in acute psychiatric hospitals, long-term care facilities and community agencies. Opportunity is provided for working with children, adolescents and adults individually, as well as in groups. *Five hours lecture, fifteen hours lab (8-week course).*

NURS 063**7.0 Units****Advanced Medical Surgical and Community Nursing**

Corequisite: NURS 058D. Prerequisite: A minimum grade of C in NURS 060 and NURS 061. Course Advisory: SCC minimum English and Math standards. Basic computer navigation skills and frequent internet access is required. This course builds on the concepts introduced in previous nursing courses. Complex alterations in physiological processes are studied as they relate to multi-system illnesses. This course requires students to develop and utilize critical thinking skills in working with patients across the lifespan in emergency, critical care, medical surgical units and the community. The clinical experience affords students the opportunity to apply theoretical knowledge, critical thinking skills (which are inherent to the nursing process), and psychomotor skills to a practical situation. The focus is to provide care to multiple patients across the lifespan who have complex multi-system illnesses and patients in the community. This course facilitates the student's entry into the profession of nursing. Legal and ethical responsibilities related to professional nursing practice are considered. Skill modules and clinical experience is offered concurrently with theory. *Four hours lecture, sixteen hours lab (12-week course).*

Nursing

NURS 064 **2.0 Units**
Issues and Leadership in Health Care Today

Corequisite: NURS 063 and/or NURS 065. Prerequisite: A minimum grade of C in NURS 060 and NURS 061. Course Advisory: SCC minimum English and Math standards. Basic computer navigation skills and frequent internet access is required. This course facilitates the graduates' entry into the profession of nursing. Topics include current issues, trends and leadership theories in the registered nurse's scope of practice in an ever-changing health care delivery system. Included is the delineation of the major functions of professional nursing organizations, accountability in nursing practice (quality improvement and risk management), identification of socio-political factors as well as leadership and management issues influencing professional nursing practice and their nursing implications. Legal and ethical concepts and responsibilities related to registered nursing practice are further considered. This is a non-clinical course. *Field trips may be required. Two hours lecture.*

NURS 065 **2.5 Units**
Role Transition in Practice

Corequisite: NURS 064. Prerequisite: NURS 063 with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. Basic computer navigation skills and frequent internet access is required. This course is the final course in the nursing sequence. The focus of this course is on nursing care and first level management / leadership skills in caring for groups of hospitalized patients. Emphasis is placed on team management skills in acute care settings. The registered nurse preceptor directly supervises the student under the guidance of the nursing faculty liaison. Professional development skills, as well as current issues in nursing, are applied. This course focuses on managing groups of patients with respect to the individual's cultural / religious beliefs related to wellness, illness and health care practice. Clinical application of both previously learned theory and skills are applied in various healthcare agencies. *Twenty-four hours lab (5-week course).*

NURS 101 **3.0 Units**
Preparation for Nursing

Course Advisory: SCC minimum English and Math standards. Basic computer navigation skills and frequent internet access is required. Designed to provide pre-nursing and beginning nursing students with realistic and useful strategies to enhance their success in reaching this career goal. Students will gain a realistic understanding of the nursing profession, critically analyze their own strengths, and develop strategies to identify and strengthen areas needing improvement. The course will also provide the student with the knowledge and skills to identify and locate social and financial resources; develop and/or enhance language, math and communication skills to work effectively with a culturally diverse population; develop and enhance critical thinking skills; and enhance self-assessment and accountability skills. *Three hours lecture.*

NURS 103 **6.5 Units**
Certified Nursing Assistant

Prerequisite: Applicants must be at least 16 years old. Course Advisory: SCC minimum English and Math standards. Basic computer navigation skills and frequent internet access is required. Prepares the student to function in the role of Certified Nursing Assistant in the acute care, long-term care, and home health settings. Students must apply to the CNA program through Solano Community College's Office of Admissions and Records, as well as attend a mandatory information session prior to the beginning of class. *8-week course. Eight hours lecture, sixteen hours lab.*

NURS 104 **2.0 Units**
Home Health Aide

Prerequisite: NURS 103 with a minimum grade of C (may be taken concurrently). The home health aide course is an extension of the nursing assistant training. It is a didactic model that addresses the transition of skills from an institutional environment to the home setting. The course consists of nine modules, 20 hours classroom instruction including use of state curriculum, lectures, videos and discussion. *4-week course. Six hours lecture, six hours lab.*

Nursing

NURS 105

Acute Care Nursing Assistant

Prerequisite: NURS 103 with a minimum grade of C. CNA acute care courses focus on patients with acute illness or short-term illness or injury. These classes prepare current CNAs to work in an emergency room or other short-term care facility, assisting registered nurses (RNs) and other health care personnel. Students refine skills learned in the general or long-term care CNA courses, such as measuring vital signs. Certified nursing assistants in this class become skilled at observing patients for discomfort, pain and learning how to apply basic knowledge and skills to delivery quality patient care. The CNA acute care curriculum also covers anatomy and physiology, infection control and safety procedures in an acute care setting. This course is typically taken by current CNAs. It is commonly referred to as a CNA level 2 course. The nurse assistant is an important member of the health care team. The nurse assistant, under the direct supervision of licensed nursing personnel, provides direct care to the resident; promotes comfort measures, and collects, records and reports data. Eight hours lecture, ten hours lab. (3-week course).

2.0 Units

NURS 111

Medical Terminology

Course Advisory: SCC minimum English and Math standards. Basic computer navigation skills and frequent internet access is required. A study of the language of medicine. The student will develop a working knowledge of terms, word roots, and abbreviations related to structure and functioning of the systems of the body as they pertain to medical practice. Three hours lecture.

3.0 Units

NURS 148M

Maternal Nursing for International Nurses

Prerequisite: Dean Authorization to Enroll; Board of Registered Nursing Letter stating need for additional content and lab hours in Maternal Nursing, Physical exam, Immunizations and proof of TB clearance as required by partner health care facilities; Criminal Background check and Drug Screen per Nursing Program requirements; CPR for Health Care Providers from the American Red Cross or American Heart Association. Course Advisory: SCC minimum English and Math Standards. Basic computer navigation skills and frequent internet access is required. A family-centered course with emphasis on nursing care of women and children for the foreign nurses. The focus includes the antepartal, intrapartal, postpartal, and neonatal client, both healthy and ill. This course provides students the opportunity to synthesize and use nursing knowledge and skills in providing care to clients in a variety of settings. Concepts of homeostasis, communication, and growth and development are integrated throughout the course. The nursing process is used with concepts of legal aspects, pharmacology, clinical skills, safety and asepsis, crisis intervention, health teaching, and self-evaluation. Clinical assignments and self-study modules are offered concurrently with theory. This course must be completed successfully with minimum grade of C to pass the class. This class is for nursing school graduates from non-BRN accredited programs/foreign nursing program graduates, satisfying the BRN obstetric education requirement to be able to obtain a registered nursing license in the United States of America. Five hours lecture, Fifteen hours lab. (8-week course)

5.0 Units

Nursing

NURS 159

Career Mobility Transition

Prerequisite: Dean Authorization to Enroll; Board of Registered Nursing Letter stating need for additional content and lab hours in Maternal Nursing, Physical exam, Immunizations and proof of TB clearance as required by partner health care facilities; Criminal Background check and Drug Screen per Nursing Program requirements; CPR for Health Care Providers from the American Red Cross or American Heart Association. Course Advisory: SCC minimum English and Math Standards. Basic computer navigation skills and frequent internet access is required. A family-centered course with emphasis on nursing care of women and children for the foreign nurses. The focus includes the antepartal, intrapartal, postpartal, and neonatal client, both healthy and ill. This course provides students the opportunity to synthesize and use nursing knowledge and skills in providing care to clients in a variety of settings. Concepts of homeostasis, communication, and growth and development are integrated throughout the course. The nursing process is used with concepts of legal aspects, pharmacology, clinical skills, safety and asepsis, crisis intervention, health teaching, and self-evaluation. Clinical assignments and self-study modules are offered concurrently with theory. This course must be completed successfully with minimum grade of C to pass the class. This class is for nursing school graduates from non-BRN accredited programs/foreign nursing program graduates, satisfying the BRN obstetric education requirement to be able to obtain a registered nursing license in the United States of America. *Five hours lecture, Fifteen hours lab. (8-week course)*

3.5 Units

NURS 223

Critical Care Nursing

Prerequisite: RN or LVN Licensure and NURS 219. Course Advisory: SCC minimum English and Math standards. Basic computer navigation skills and frequent internet access is required. Designed for staff nurses to provide essential knowledge and skills to adequately function in a critical care unit. For each body system, course content includes: brief review of anatomy and physiology; identification of critical illness states; potential complications; correlation of specific physical assessment/laboratory data; operational principles for the use of critical care equipment; nursing care responsibilities in the care of the critically ill patient; legal aspects of critical care nursing. *Four hours lecture.*

4.0 Units

NURS 230

Emergency Nursing

Prerequisite: RN or LVN licensure and NURS 219. Course Advisory: SCC minimum English and Math standards. Basic computer navigation skills and frequent internet access is required. Prepares staff nurses with essential knowledge and skills to function effectively within an emergency department. Topics include the emergency care of patients with: respiratory, cardiovascular, shock, neurological, orthopedic, abdominal, ENT, obstetrical, gynecological, genitourinary, pediatric, environmental, endocrine, trauma, psychological, psychiatric, abuse, and toxicologic emergencies. For each topic, pertinent physical and laboratory assessments, priorities of nursing care, interventions, and standards for documentation are explored. *Four hours lecture.*

4.0 Units

NURS 219

Cardiac Rhythms

Prerequisite: BIO 004, BIO 005. Course Advisory: SCC minimum English and Math standards. Basic computer navigation skills and frequent internet access is required. Designed for health care professionals who need to distinguish among the various cardiac rhythms/dysrhythmias while caring for patients on cardiac monitors. Topics include: basic cardiac physiology, electrophysiology of cardiac tissues; basic pathophysiology of coronary artery disease; identification and interpretation of sinus rhythms versus cardiac dysrhythmias; application of chest monitoring electrodes and 12 Lead ECG electrodes; and use of an oscilloscope. *Four hours lecture (8-week course).*

2.0 Units

Nutrition

Nutrition

Educational Course Offerings

The Health Science discipline of Nutrition provides students the opportunity to learn how the effect of diet interacts with the structure and function of the human body. The knowledge base includes an understanding of the basic biochemical foundations of proteins, carbohydrates, lipids, vitamins, and minerals and their relationship to metabolic disease and overall health.

Associate in Science Degree

Not offered in this discipline.

NUTR 010

3.0 Units

Nutrition

Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standards. Study of the scientific concepts of human nutrition. Essential nutrients, functions, chemical compositions of foods and their utilization in the body will be covered. The course will emphasize topics such as weight loss, sports nutrition, food safety, the diet-disease relationship, global nutrition, and analysis of special nutritional requirements during the lifecycle among others. Students utilize computer technology and nutritional assessment methods to evaluate personal dietary habits. C-ID NUTR 110. *Three hours lecture.*

NUTR 054

3.0 Units

Child Health, Safety, and Nutrition

Course Advisory: Eligibility for ENGL 001, CDFS 038 and CDFS 062. Introduction to the laws, regulations, standards, policies and procedures and early childhood curriculum related to child health safety and nutrition. The key components that ensure physical health, mental health and safety for both children and staff will be identified along with the importance of collaboration with families and health professionals. Focus on integrating the concepts into everyday planning and program development for all children. *This is the same course as CDFS 054. Three hours lecture.*

NUTR 012

.5 to 2.0 Units

Evaluating Current Topics in Nutrition

Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. Methods of evaluating current nutritional topics, determining reliable and unreliable sources of information and judging validity of experimental design. This course provides opportunities to study current, controversial topics in nutrition. Course topics include, but are not limited to, vitamin and mineral supplements, weight loss fads, phytochemicals and foods as medicine. *One-half to two hours lecture.*

Occupational Education

Occupational Education

Description

These courses are designed to combine academic studies with practical, on the job experience, enabling students to apply theories learned in the classrooms to real work situations while earning college credits. OCED 090 and 091 are variable-unit work experience courses available to all occupational education certificate and degree programs students. Students wishing to continue OCED 090 and 091 over multiple semesters must contact the Work Experience Coordinator for enrollment assistance.

Through an agreement formulated at the beginning of the semester, each student establishes specific "Measurable Learning Objectives" to be accomplished by the end of the grading period. This cooperative agreement may be in the private sector or in public agencies and may be paid or volunteer.

For more information on Solano Community College's Work Experience program, please visit

<http://www.sccworkexperience.com/>.

All unit counts may not be offered in a given semester. Students enrolled in OCED 091 may not enroll in OCED 090 or any other experiential or practicum course and count the same hours during the same semester.

Soft Skills for Technicians Job-Direct Certificate

Program Outcomes

Students completing a Soft Skills for Technicians Job-Direct Certificate will be able to:

1. Identify and demonstrate proper occupational readiness, solid soft skills, a professional attitude, the ability to work as a team, and identify career goals.
2. Demonstrate the ability to create an accurate and comprehensive set of technical reports.
3. Demonstrate the ability to assess and solve a technical problem through accurately selecting and applying the appropriate measurement and performing calculations to confirm results.

The required courses must be completed with a grade of "C" or better

REQUIRED COURSES	Units
OCED 070 Occupational Soft Skills.....	1.5
OCED 071 Occupational Portfolio Development	1.5

CIS 050 Microcomputer Applications	3
DRFT 079 Blueprint Reading.....	3
IT 050 Alternative Energy Technologies	3
IT 101 How Things Work.....	3
IT 110 Modern Welding.....	3
OCED 090 Occupational Work Experience	3
OCED 091 Occupational Work Experience	3

Occupational Education

OCED 070

1.5 Units

Occupational Soft Skills

Course Advisory: Minimum SCC math and English standard.

Covers the critical tools to help occupational students develop the employability or soft skills needed for a smooth transition to the work force based on the Secretary's Commission on Achieving Necessary Skills (SCANS). Topics include practical elements required to meet employer expectations, create cooperative co-worker interactions and development of positive personal characteristics. This is not a work experience course. *Three hours lecture.*

OCED 071

1.5 Units

Occupational Portfolio Development

Course Advisory: SCC minimum English standard. Innovative in career planning, career portfolios are designed to assist in demonstrating skills and competencies. In this course, participants will identify personal strengths and weaknesses in key skill areas and develop a plan for obtaining the skills they need. Professional and educational samples will be collected, categorized, and evaluated. Participants will analyze how the career portfolio can be used as a tool for the job search as well as for career advancement. A hard copy and/or electronic career portfolio will be completed by the end of this course. 8-week course. *Three hours lecture.*

OCED 090

1.0 to 8.0 Units

Occupational Work Experience

Corequisite: Student must be working (paid or unpaid) from 5 to 40 hours per week for a licensed business for a total of 75 hours per unit for paid work and 60 hours per unit for unpaid work. Duties must relate to student's major field. Course Advisory: SCC minimum English and Math standards. To Qualify for Occupational Work Experience credit, the student must be working (paid or unpaid) for a legal business in a position directly related to the declared major. Students must work 75 hours per unit of credit for paid work and 60 hours per unit of credit for unpaid work. Students will attend a weekly coordination seminar and develop job-oriented objectives. OCED 090 may be required for some majors and is an elective for all occupational education certificate and degree programs.

Qualified students who are not working or volunteering may seek placement assistance from the Student Placement Office. 1 unit of credit may be earned for each 75 hours paid or 60 hours unpaid work per semester to a maximum of 8 units per semester to a total of 16 units over multiple semesters.

NOTE: Students enrolled in OCED 90 may not enroll in OCED 91 or any other experiential or practicum course and count the same hours during the same semester. Lab hours are the hours students spend on their job sites. Students wishing to take the maximum OCED units may continue OCED 090 over multiple semesters not to exceed 16 units total for all work experience courses. Students wishing to continue OCED 090 in subsequent semesters must contact the Work Experience Coordinator for enrollment assistance.

OCED 091

1.0 to 6.0 Units

General Work Experience

Corequisite: Student must be available to work from 5 - 30 hours or more per week for a licensed business for a semester total of 75 hours per unit for paid work and 60 hours per unit for unpaid work. Job does not need to be related to major. To Qualify for General Work Experience credit, the student must be working (paid or unpaid) for a legal business. Students must work 75 hours per unit of credit for paid work and 60 hours per unit of credit for unpaid work. Work does not need to be related to major. Students will attend a weekly coordination seminar and develop job-oriented objectives. OCED 091 is an elective for all occupational education certificate and degree programs. Course Advisory: SCC minimum English and Math standards.

Qualified students who are not working or volunteering may seek placement assistance from the Student Placement Office. 1 unit of credit may be earned for each 75 hours paid or 60 hours unpaid work during the semester to a maximum of 6 units. OCED 091 may be taken over multiple semesters for a maximum of 6 units.

NOTE: Students enrolled in OCED 91 may not enroll in OCED 90 or any other experiential or practicum course and count the same hours during the same semester. Total work experience units may not be more than 16. Lab hours are the hours students spend on their job sites. Note: CSU will accept up to 12 units for transfer.

Office Technology

Administrative Assistant

Program Description

This program is designed to develop technical and communication skills required for management support. Computer literacy, keyboarding skills, document formatting, proofreading and grammatical skills, presentation skills, spreadsheet, and organizational skills are emphasized.

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement can be obtained upon successful completion of all courses. An Associate in Science Degree can be obtained upon completion of 60 units, including the required courses in the major, and the general education requirements. All courses for the major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Administrative Assistant Certificate of Achievement/ Associate Degree will be able to:

1. Demonstrate mastery of the alpha and numeric typewriting keyboard.
2. Demonstrate mastery in the keyboarding of correspondence, manuscripts, and compositions under timed conditions with established accuracy and formatting standards using proper techniques.
3. Develop a high degree of competency and a broad knowledge of skills as they relate to general office procedures.

Office Technology

Medical Front Office Clerk

Program Description

The goal of this program is to prepare students to enter the health care industry at an entry-level position in two semesters.

Certificate of Achievement

A Certificate of Achievement can be obtained upon successful completion of the 26-unit major below. All courses must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Medical Front Office Clerk Certificate of Achievement will be able to:

1. Demonstrate alpha and numeric keyboarding skills at 40 wpm with established accuracy.
2. Demonstrate computer literacy and word processing skills related to formatting business documents.
3. Use medical terminology for human diseases.
4. Demonstrate the differences in medical insurance and explain the duties of a medical office assistant, HIPPA.
5. Demonstrate ability to type medical documents and facility at using medical software such as Medisoft.
6. Employ the necessary soft skills to apply and find employment and keep it.

Office Technology

Medical Office and Coding Specialist

Program Description

This program builds upon the Medical Front Office Clerk program. Additional course work prepares students to perform medical front office duties including Medical Coding.

Certificate of Achievement and Associate in Science Degree

The Certificate of Achievement can be obtained upon successful completion of all courses. The Associate in Science Degree can be obtained upon completion of 60 units, including the required courses in the selected major, and the general education requirements. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes:

Students who complete the Medical Office and Coding Specialist Certificate of Achievement/ Associate Degree will be able to:

1. Apply both coding diagnostic and procedural for insurance billing while demonstrating understanding of medical terminology.
2. Enter patient information into medical software.
3. Keyboard accurately using the proper technique at 45+ wpm.

Office Technology

OT 054A 1.5 Units

Beginning Keyboarding A

OT 054A is an individualized beginning keyboarding course taught on the computer. Touch typing is developed for the alphabet, punctuation, symbols, and top row number keys. Speed will be built to a minimum of 20 words per minute. Students may test out of OT 54A if they can meet a minimum of 20 wpm with proper technique. *Three hours lecture (8-week course).*

OT 054B 1.5 Units

Beginning Keyboarding B

Prerequisite: OT 054A with a minimum grade of C or instructor consent. OT 054B is an individualized beginning keyboarding course taught on the computer. Touch typing is developed for the alphabet, punctuation, symbols, and top row number keys. Speed will be built to a minimum of 30 words per minute. Materials studied include production of documents such as correspondence, memos, reports and tables in standard formats. *3 hours lecture (8-week course).*

OT 055A 1.5 Units

Intermediate Keyboarding/Word Processing A

Prerequisite: OT 054B with a minimum grade of C or instructor recommendation. Course Advisory: CIS 066 with a minimum grade of C. OT 055A is a keyboarding course using a computer with units of study including skill building, correspondence, reports, compositions, tables, special projects, and business forms. Speed will be built to a minimum of 35 words per minute. *3 hours lecture (8-week course).*

OT 055B 1.5 Units

Intermediate Keyboarding/Word Processing B

Prerequisite: OT 055A with a minimum grade of C or instructor recommendation. An individualized keyboarding course using a computer with units of study including skill building, correspondence, reports, compositions, tables, special projects, and business forms. Speed will be built to a minimum of 40 words per minute. *Three hours lecture (8-week course).*

OT 056 2.0 Units

Business Grammar and Proof Reading

Prerequisite: OT 055B with a minimum grade of C or P, or pass the placement test. Course Advisory: SCC minimum English and Math standards. This course is designed to prepare students for professional work in an office with a heavy emphasis on business grammar and proof-reading. Speed will be built to a minimum of 50 words per minute. *Two hours lecture.*

OT 059 3.0 Units

Medical Keyboarding and Computer Applications

Prerequisite: Completion of all modules of OT 054 with minimum grade of C or P or passing the OT 059 placement test; and Nursing 111 (may be taken concurrently). Course Advisory: SCC minimum English standard. A medical document processing course. Students will process documents in various medical specialty units including: head and neck, cardiovascular medicine, plastic surgery, allergy / immunology, urology, surgery, oncology, dermatology, and internal medicine. Students will build keyboarding speed and accuracy. *Three hours lecture, two hours lab.*

OT 060 3.0 Units

Administrative Medical Assistant

Course Advisory: Eligibility for English 001 and SCC minimum Math standard. This course introduces the student to the responsibilities of an Administrative Medical Office Assistant including: HIPPA (legal and ethical considerations), interpersonal skills, scheduling appointments in person and by telephone, records and file management, written communications, and financial duties. This course will be offered in the Learning Community for the Medical Front Office Clerk Program. It may also be offered as a course which could be taken in conjunction with the Medical Office Specialist Program. *Three hours lecture.*

OT 061 3.0 Units

Health Insurance

Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. Introduces health insurance claims processing and reimbursement issues. Discusses the major health care insurance programs and the impact of federal regulations. The course introduces the use of diagnosis and procedures coding. Teaches the student how to accurately complete a claim. This class is offered as part of the Medical Front Office Clerk Learning Community. If taken as part of the community, students must enroll in all other Learning Community courses. The course may also be offered independently. *Three hours lecture.*

Office Technology

OT 100 1.0 Units
Skill Building on the Computer Keyboard

Course Advisory: Ability to touch type at 20 wpm; SCC minimum English and Math standards. Individualized skill building keyboarding course taught on the microcomputer. Speed and accuracy skills are enhanced on the alphabet, punctuation, and numbers. The unit of study includes identifying the specific needs of the individual and then assigning diagnostic drills, skill-development practice and pre and post-testing. The skill building goal will be to increase typing speed or straight copy 3- to 5-minute timed writings between 5 to 10 words per minute above the starting rate with an accuracy level of not more than one error per minute. *Two hours lecture (8-week course).*

OT 101 3.0 Units
Study of Human Diseases for Medical Assistants

Course Advisory: SCC minimum English standard. Study of the pathological process, imparting basic knowledge to paramedical personnel. The student will study the basic concepts, terminology, etiology and characteristics of pathological processes. Diseases are classified according to both causative agents and the body system to which they relate. *Three hours lecture.*

OT 151 3.0 Units
Office Systems & Procedures

Corequisite: One unit of OCED 90. *Prerequisite:* Typing rate of 45 words per minute and microcomputer word processing skills. *Course Advisory:* SCC minimum English and Math standards. An advanced level course designed to complete the training of Office Technology program students in office systems and procedures. Course should be taken during the student's final semester of the program or as a refresher for experienced business students. One unit of work experience will be required in the specialty area of the student's major. *Three hours lecture.*

OT 162 1.0 Units
Ten-Key

Course Advisory: SCC minimum English and Math standards. Individualized course offering the fundamentals of operating the ten-key microcomputer number keypad. The touch system of operation and continuous speed and accuracy development are emphasized throughout the course. *Two hours lecture (8-week course).*

OT 163 3.0 Units
Introduction to Diagnostic Coding

Prerequisite: A minimum grade of C in OT 101 and NURS 111. *Course Advisory:* SCC minimum English standard; A minimum grade of C in BIO 016 and BIO 016L. Introductory course in the basic principles of coding disease and procedures using the International Classification of Disease, Clinical Modification (ICD--CM) and ICD--CM coding handbook for entry-level coders. Current ICD--CM books only will be utilized in this course. The accuracy of coding using the ICD-DM manual is the focus of this course. The impact of coding on reimbursement will be discussed. *Three hours lecture.*

OT 164 3.0 Units
Intermediate ICD-PCS Coding

Prerequisite: Minimum grade of C in NURS 111 and OT 101. *Course Advisory:* SCC minimum English standard. This course explores the guidelines, conventions, and process for selecting procedural codes for inpatient claims. The course will focus on Procedural Coding System (PCS) coding in compliance with The Centers for Medicare and Medicaid Services (CMS) and the National Center for Health Statistics (NCHS) guidelines for coding and reporting using the International Classification of Diseases, Procedure Coding System (ICD-PCS). ICD-PCS is a procedure classification published by the United States for classifying procedures performed in hospital inpatient health care settings. *Three hours lecture.*

OT 166 3.0 Units
Current Procedural Coding

Prerequisite: NURS 111 and OT 101. *Course Advisory:* Minimum grade of C in OT 063 and OT 064; SCC minimum English and Math standards. Course that covers the principles and mechanics of coding professional services rendered using the CURRENT PROCEDURAL TERMINOLOGY (CPT-IV) coding system. *Three hours lecture.*

Philosophy

Philosophy

Program Description

The philosophy program consists of one comprehensive survey course augmented by special courses in critical thinking, ethics, political philosophy, and religion. All constitute a basic and well-rounded introduction to philosophy. Each course presumes no prior study of philosophy.

Associate Degree

Not offered in this discipline

PHIL 001 3.0 Units

Introduction to Critical Thinking and Reasoning

Course Advisory: ENGL 001 or ENGL 062. Study of logical thinking and reasoning in everyday life. Emphasis is on informal logic in contrast to formal symbolic logic. Special attention is given to 'computer literacy' and 'educational television.' Critical reading and writing is required. The course does not fulfill the IGETC critical thinking requirement. *Three hours lecture.*

PHIL 003 3.0 Units

Introduction to Philosophy

Course Advisory: ENGL 001 or ENGL 062. General introduction to the central methods and recurring problems in the Western philosophical tradition. Topics of inquiry are theories of knowledge, theories of existence, philosophy of religion, free will and determinism, and the mind-body problem. *Three hours lecture.*

PHIL 004 3.0 Units

Introduction to Moral Philosophy

Course Advisory: ENGL 001 or ENGL 062. Introduction to moral philosophy and major ethical theories of the Western philosophical tradition. Critical reading and writing are required. *Three hours lecture.*

PHIL 005 3.0 Units

Critical Thinking: The Philosophic Grounds of Literacy

Prerequisite: ENGL 001. Course Advisory: SCC minimum Math standard. Designed to educate students in the fundamental principles of sound and cogent thinking and reasoning expressed primarily in argumentative essays. More specifically, the course is a practicum in critical literacy, i.e., the written practice and refinement of fundamental skills and dispositions required in effective argumentation, critical analysis and evaluation, conceptual inquiry, and discursive expression in general. The study of exemplary argumentative writings from a variety of philosophical, social, and political sources is integral. Objective exams and critical essays are required. This course fulfills the IGETC critical thinking requirement. *Three hours lecture.*

PHIL 006 3.0 Units

Introduction to Political Philosophy

Course Advisory: ENGL 001 or ENGL 062. An inquiry into fundamental political concepts in political thought (e.g. justice, freedom, equality, power, authority, obligation and citizenship) as expressed by major political thinkers. Includes the study of basic skills, criticisms, and methods in political inquiry relevant to the life and education of citizens. Critical reading and writing is required. *Three hours lecture.*

Photography

Photography, Professional

Program Description

Pre-employment training in professional photography is designed to prepare students for self-employment and employment in the private and public sectors and covers a broad spectrum of photographic fields, e.g., advertising illustration, industrial, portraiture, medical, commercial, photojournalism, and landscape.

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement can be obtained upon completion of the 28-unit major. The Associate in Science Degree can be obtained by completing a total of 60 units, including the major and the general education requirements. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Photography, Professional Certificate of Achievement / Associate Degree will be able to:

1. Demonstrate and comprehend the technical components of digital/analog cameras to effectively photograph varied subject matter with visual literacy.
2. Analyze and distinguish creative components of a photograph within its contextual usage (light, composition, impact, etc.) and apply knowledge in producing successful images as they pertaining to the photographic usage, i.e., fine art or applied world.

REQUIRED COURSES Units

PHOT 151 Professional Photography: Introduction	4
PHOT 152 Professional Photography: Portraiture	4
PHOT 153 Professional Photography: Product and Advertising	4
PHOT 154 Professional Photography: Interior & Exterior	4
PHOT 156 Portfolio Development	3
PHOT 070 Beginning Digital Imaging	3
ART 002 Art History	3
3 units from List A	3
Total Units	28

Recommended Electives

ART 011 Survey of Modern Art
ART 054 Illustration I
ART 056 Graphic Design I
ART 060 Exhibition Design
CINA 010 The Art of Cinema
MGMT 184 Small Business Management and Planning
MKT 171 Introduction to Marketing
OCED 090 Occupational Work Experience
PHOT 035 Art of Photography

List A (select 3 units) Units

PHOT 030 Photojournalism & Documentary Photography	3
PHOT 031 Intermediate Photography	3
PHOT 056 Photojournalism & Documentary Photography	3
PHOT 071 Digital Imaging	1 - 3

This is a Gainful Employment Program. For additional information, please visit http://www.solano.edu/gainful_employment/ and select "Professional Photography."

Photography

PHOT 030 **3.0 Units**
Beginning Film Photography
Course Advisory: Eligibility for ENGL 001, SCC minimum Math standard and PHOT 035, ART 011. An introduction to black and white film photography. Includes a brief history and discussion of image composition, with special emphasis on darkroom techniques, photographic principles and materials. Camera equipment is essential for this course and there are a substantial number of cameras for loan. SLR 35mm film camera and related materials are required. *Field trip may be required. Two hours lecture, three hours lab.*

PHOT 031 **3.0 Units**
Intermediate Photography
Prerequisite: PHOT 070 with a minimum grade of C. Course Advisory: PHOT 035, SCC minimum English and Math standard. This course is designed to further develop a student's basic technical and visual skills with an emphasis on continued visual literacy. Students may work with either film or digital cameras. Camera equipment is not provided by the college. *SLR Film or SLR Digital camera is required. Two hours lecture, three hours activity.*

PHOT 035 **3.0 Units**
Art of Photography
Course Advisory: ENGL 001, ART 011. This course is an introduction to photography and visual literacy through a survey of historical and contemporary movements and photographers. Students will complete photo assignments related to course content to deepen their understanding of the concepts. Camera equipment is not provided by the college. Students registering for this class may use any film or digital camera to complete assignments. Access to a film or digital camera is required to complete some assignments. Any camera is acceptable. *Field trips may be required. Three hours lecture.*

PHOT 040 **3.0 Units**
Alternative Photography
Course Advisory: PHOT 035, ART 038, SCC minimum English and Math standard. Students experiment with alternative photographic and non-photographic materials to create visual images. Camera equipment is not provided by the college. *Two hours lecture, three hours lab.*

PHOT 045 **3.0 Units**
DSLR Videography
Course Advisory: PHOT 070 with a minimum grade of C. ENGL 001 and SCC minimum MATH standard. This course is designed to augment the professional photography courses with the ability to create digital video content via a DSLR camera. DSLR camera is required. *Two hours lecture, three hours lab.*

PHOT 051 **0.5 to 1.0 Units**
Photography Laboratory
Corequisite: Concurrent Enrollment in any SCC Photography course excluding PHOT 035. Course Advisory: SCC minimum English and Math standard. Photography laboratory is intended to augment concurrent enrollment in other darkroom, digital, and/or studio courses. The class provides individual assistance with projects requiring special darkroom, lightroom, and/or studio techniques as well as reinforcement of the proper care and maintenance practices of a darkroom, digital, and studio facility. Students may take this course up to the maximum number of units over multiple semesters. This is an Open Entry / Open Exit, Pass/No Pass only course. *One and one-half to three hours lab.*

PHOT 056 **3.0 Units**
Photojournalism & Documentary Photography
Prerequisite: A minimum grade of C in PHOT 030 or PHOT 070. Course Advisory: Eligibility for ENGL 001. Covers aspects of the camera as an editorial, journalistic and documentary tool. Covered are news and feature photography and photographic essays, including composition, impact, and creativity, for newspapers, magazines, Internet and other mass communications media. A camera is not provided by the College for this course. SLR film or SLR digital camera required. C-ID JOUR 160. *Two hours lecture, three hours lab.*

PHOT 070 **3.0 Units**
Beginning Digital Photography
Course Advisory: SCC minimum English and Math standard. An introduction to digital photography, including a brief history and discussion of image composition, camera usage, workflow and output options. This course is prerequisite to the Professional Photography program and most other photography courses. Camera equipment is not provided by the college. A SLR digital camera is required. *Two hours lecture, three hours activity.*

Photography

PHOT 071

Digital Imaging 1

Prerequisite: PHOT 070. Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. This course expands on the basic concepts and skills of digital imaging through usage of Lightroom and PhotoShop. Scanning and image editing included. SLR digital camera is required. Two hours lecture, three hours activity.

3.0 Units

PHOT 153

Professional Photography: Product and Advertising

Prerequisite: PHOT 070 with a minimum grade of C. Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. This course is designed to explore varied film and lighting techniques to execute photographs in the context of advertising. Assignments will vary from studio work to location settings using a wide variety of subjects (food, wine, autos, etc). SLR Digital camera required. Field trip may be required. Two hours lecture, six hours activity.

4.0 Units

PHOT 151

Professional Photography: Introduction

Prerequisite: PHOT 070 with a minimum grade of C. Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. This course is designed for students who are considering a career in photography. Students will be exposed to the technical and creative possibilities of applied and personal photography. SLR Digital camera required. Field trips may be required. Two hours lecture, six hours activity.

4.0 Units

PHOT 154

Professional Photography: Interior and Exterior

Prerequisite: PHOT 070 with a minimum grade of C. Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. This course provides the student with skills to photograph architecture in the rural and urban landscape. SLR Digital camera required. Field trip may be required. Two hours lecture, six hours activity.

4.0 Units

PHOT 152

Professional Photography: Portraiture

Prerequisite: PHOT 070 with a minimum grade of C. Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. This course focuses on varied applications of portrait work in the applied and fine art environments. SLR Film or SLR Digital camera required. Field trip may be required. Two hours lecture, six hours activity.

4.0 Units

PHOT 156

Portfolio Development

Prerequisite: PHOT 151 with a minimum grade of C and a minimum grade of C in one of the following: PHOT 152, 153 or 154. An advanced course designed to serve the student in the preparation of a professional fine art or commercial portfolio. Emphasis is placed on individual direction and personal goals. The student can expect individual consultation by the instructor. A digital or film camera is required. Student should expect to spend approximately \$200 in photographic materials. Two hours lecture, three hours lab.

3.0 Units

Physical Science

PHSC 012

4.0 Units

Introduction to Principles of Physical Science

Course Advisory: Eligibility for ENGL 001; SCC minimum Math standard. An introduction to the physical universe from atomic particles to the stars, with emphasis on the basic principles of physics, chemistry, astronomy, and the geo-sciences. This is a general education course in the physical science area for non-science majors that satisfies the physical science requirement for most universities and colleges. *Field trips may be required. Three hours lecture, three hours lab.*

Physics

Physics

Program Description

The focus of this program is on developing an understanding of and appreciation for the basic laws of our physical universe. This is done largely through the development of conceptual understanding, problem solving skills, and laboratory investigations.

Associate in Science Degree

The Associate in Science Degree can be obtained by completing a total of 60 units, including the 35 – 39-unit major listed below, the general education requirements, and electives. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Physics Associate Degree will be able to:

1. Demonstrate analytical and problem solving skills.
2. Carry out experiments and critically assess their data.
3. Learn the roles of hypotheses, measurement and analysis in the development of scientific theory as evidenced by laboratory reports.
4. Write a laboratory report or give an oral presentation.

REQUIRED COURSES Units

PHYS 006 Physics for Science and Engineering	5
PHYS 007 Physics for Science and Engineering	5
PHYS 008 Physics for Science and Engineering	5
MATH 020 Analytic Geometry and Calculus I	5
MATH 021 Analytic Geometry and Calculus II	5
MATH 023 Differential Equations	4
One course from Biological Science	3-5
One course from Physical Science	3-5
Total Units	35-39

Biological Science (select one course) Units

BIO 002 Principles of Cell and Molecular Biology	5
BIO 003 Evolution, Ecology & Biodiversity	5
BIO 005 Human Physiology	5
BIO 012 Environmental Science	3
BIO 014 Principles of Microbiology	4
BIO 015 Introduction to Biology	4
BIO 016 Introduction to Human Biology	3
BIO 018 Biology of Sex	3

Physical Science (select one course) Units

ASTR 010 General Astronomy	3
ASTR 020 Astronomy Laboratory	1
ASTR 030 The Solar System	3
ASTR 040 Stars, Galaxies, and Cosmology	3
CHEM 001 General Chemistry	5
CHEM 002 General Chemistry	5
CHEM 003 Organic Chemistry I	5
CHEM 004 Organic Chemistry II	5
CHEM 010 Intermediate Chemistry	4
CHEM 011 Basic Organic Chemistry and Biochemistry	4
GEOG 001 Physical Geography	3
GEOG 001L Physical Geography Laboratory	1
GEOL 001 Physical Geology	3
GEOL 002 Geology Laboratory	1
GEOL 005 Geology of California	3
PHSC 012 Introduction to the Principles of Physical Science	4

Physics

Associate in Science in Physics for Transfer (ADT: A.S.-T)

Program Description

The focus of this program is on developing an understanding of and appreciation for the basic laws of our physical universe. This is done largely through the development of conceptual understanding, problem-solving skills, and laboratory investigations. The Physics 006,007,008 sequence is a three-semester offering in introductory physics requiring math through calculus. This sequence satisfies the lower division physics requirement for majors in physics, chemistry, geology or other physical sciences, and engineering. Physics 006 is a study of mechanics, gravitation, vibration and fluids. In Physics 007, students will cover the topics of electricity, magnetism, wave motion, and sound. In Physics 008, students will cover heat, optics, relativity, and modern physics. Students will learn to analyze and solve problems appropriate for this level. Experiments relating to the topics covered will be performed.

Associate in Science in Physics for Transfer

The Associate in Science in Physics for Transfer, which aligns with the physics TMC, will prepare students for a baccalaureate degree in physics. It consists of the courses necessary for beginning physics students to be able to succeed in the upper division physics courses that they will encounter in the CSU system, or any institution (such as the UC system) that grants an undergraduate physics degree.

To earn the Associate in Science in Physics for Transfer degree, students must:

1. Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements.
 - b. A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

Program Outcomes

Students who complete the Associate in Science in Physics for Transfer degree will be able to:

1. Demonstrate analytical and problem-solving skills.
2. Carry out experiments and critically assess their data
3. Learn the roles of hypotheses, measurement, and analysis in the development of scientific theory as evidenced by laboratory reports.
4. Write a laboratory report or give an oral presentation.

REQUIRED COURSES Units

PHYS 006 Physics for Science and Engineering	5
PHYS 007 Physics for Science and Engineering	5
PHYS 008 Physics for Science and Engineering	5
MATH 020 Analytic Geometry and Calculus I.....	5
MATH 021 Analytic Geometry and Calculus II.....	5
MATH 022 Analytic Geometry and Calculus III	4

Required Major Total Units 29

CSU General Education or IGETC Pattern Units	37 - 39
CSU Transferable Electives (as needed to reach 60 transferable units)*	1
Total Degree Units	60

* 7 units may be double counted toward both the major area of emphasis and CSU General Education or IGETC Pattern. Consult with a counselor for more information on completing this degree.

Physics

PHYS 002 **5.0 Units**
General Physics (Non-Calculus)

Prerequisite: A minimum grade of C in either MATH 051 or MATH 004. *Course Advisory:* Eligibility for ENGL 001. PHYS 002 & 004, a two-semester sequence in introductory physics using math through trigonometry, is recommended for teachers, technicians, pre-dentistry, pre-medical, and biology majors, and others who need a general physics course. It covers the study of motion, energy, momentum, gravitation, solids, fluids, thermodynamics and the gaseous state, vibration, wave motion, and sound. Experiments relating to the topics covered will be performed and students will analyze the experiments. *Field trip may be required.* C-ID PHYS 105. *Four hours lecture, three hours lab.*

PHYS 004 **5.0 Units**
General Physics (Non-Calculus)

Prerequisite: PHYS 002 with a minimum grade of C. *Course Advisory:* Eligibility for ENGL 001. PHYS 002 & 004, a two-semester sequence in introductory physics using math through trigonometry, is recommended for teachers, technicians, pre-dentistry, pre-medical, and biology majors, and others who need a general physics course. It is a study of electricity, magnetism, light and optics, and modern physics. Students learn to analyze and solve problems appropriate for this level in these topics. Experiments relating to the topics covered will be performed and students will analyze the experiments. *Field trip may be required.* C-ID PHYS 110. *Four hours lecture, three hours lab.*

PHYS 006 **5.0 Units**
Physics for Science and Engineering

Prerequisite: MATH 021 with a minimum grade of C (may be taken concurrently). *Course Advisory:* Eligibility for ENGL 001 and High School Physics, or PHYS 002 with a minimum grade of C. The Physics 006, 007, 008 sequence is a three-semester offering in introductory physics requiring math through calculus. This sequence satisfies the lower division physics requirement for majors in physics, chemistry, geology or other physical sciences, and engineering. This course is a study of mechanics, gravitation, vibration and fluids. Students will learn to analyze and solve problems appropriate for this level in these topics. Experiments relating to the topics covered will be performed. C-ID PHYS 205. *Four hours lecture, three hours lab.*

PHYS 007 **5.0 Units**
Physics for Science and Engineering

Prerequisite: A minimum grade of C in both PHYS 006 and MATH 021. *Course Advisory:* Eligibility for ENGL 001. The PHYS 006, 007, 008 sequence is a three-semester offering in introductory physics requiring math through calculus. This sequence satisfies the lower division physics requirement for majors in physics, chemistry, geology or other physical sciences, and engineering. This course is a continuation of PHYS 006, covering the topics of electricity, magnetism, wave motion, and sound. Students will learn to analyze and solve problems appropriate for this level in these topics. Experiments relating to the topics covered will be performed. C-ID PHYS 210. *Four hours lecture, three hours lab.*

PHYS 008 **5.0 Units**
Physics for Science and Engineering

Prerequisite: A minimum grade of C in both PHYS 006 and MATH 021. *Course Advisory:* Eligibility for ENGL 001. The Physics 006, 007, 008 sequence is a three-semester offering in introductory physics requiring math through calculus. This sequence satisfies the lower division physics requirement for majors in physics, chemistry, geology or other physical sciences, and engineering. A continuation of PHYS 006 and PHYS 007, covering heat, optics, relativity, and modern physics. Students will learn to analyze and solve problems appropriate for this level in these topics. Experiments relating to the topics covered will be performed and students will analyze the experiments. *Field trip may be required.* C-ID PHYS 215. *Four hours lecture, three hours lab.*

PHYS 010 **3.0 Units**
Descriptive Physics

Course Advisory: SCC minimum English standard; MATH 330 or MATH 330B. An introductory physics course for both the non-science and the beginning science student. Includes topics such as nuclear physics, relativity, mechanics, properties of matter, quantum physics, heat, light, electricity and magnetism, sound and waves. Written assignments, tests, and a comprehensive final exam will be used to evaluate student success. *Field trip may be required.* *Three hours lecture.*

Political Science

Associate in Arts in Political Science for Transfer (ADT: A.A.-T)

Program Description

This program examines the theory and practice of government and the powerful personalities that affect governmental decisions. This interplay of individual citizens, public leaders, elections, and world events make political inquiry relevant today. The program provides a broad base for the analysis of how government resolves social conflict within the United States and around the world.

Associate in Science in Political Science for Transfer

Upon completion of the Associate in Arts in Political Science for Transfer Degree, students will be eligible to transfer to a CSU undergraduate Political Science program. The Associate in Arts in Political Science for Transfer Degree will facilitate successful transfer to the CSU system, allowing students to complete baccalaureate degrees in a more timely fashion.

To earn the Associate in Arts in Political Science for Transfer degree, students must:

1. Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements
 - b. A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

Program Outcomes

Students who complete the Associate in Arts in Political Science for Transfer degree will be able to:

1. Increase intellectual curiosity and political awareness.
2. Acquire an understanding of basic citizenship skills and requisite knowledge.
3. Demonstrate competency in the SCC “Core Four” competencies.
4. Expand knowledge and understanding of governmental systems and world politics. Apply political science skills to critically analyze and evaluate world governments, political movements and political change.
5. Demonstrate reading, writing, and analytical skills necessary to succeed in college, to transfer to four-year institutions, and to increase career and professional opportunities.
6. Develop awareness of cultural, social, political, environmental and economic forces in the US and world and arrive at a higher level of understanding of cultural and political diversity.

REQUIRED COURSES Units

PLSC 001 Introduction to American Government and Politics	3
Three courses from List A	9 – 10
Two courses from List B	6

List A: (select three courses)..... Units

PLSC 002 Introduction to Comparative Government	3
PLSC 006 Basic Concepts in Political Thought	3

PLSC 003 Introduction to International Politics	3
OR	
IR 001 Global Interdependence	3

MATH 011 Elementary Statistics	4
PLSC 004 Introduction to Political Science.....	3

List B: (select two courses) Units

Any List A course not used	
PLSC 005 Constitutional Rights in a Multicultural Society	3
PLSC 016 The American Legal System	3
PLSC 019 Human Rights and Sexual Orientation.....	3
PLSC 049 Political Science Honors	1 - 3
PLSC 050 Student Leadership	1

Required Major Total Units 18 - 19

CSU General Education or IGETC Pattern Units	37 - 39
CSU Transferable Electives (as needed to reach 60 transferable units)*.....	8 - 17
Total Degree Units	60

* 6 - 12 units may be double counted toward both the major area of emphasis and CSU General Education or IGETC Pattern. Consult with a counselor for more information on completing this degree.

Political Science

PLSC 001 3.0 Units

Introduction to American Government and Politics

Course Advisory: Successful completion of ENGL 001 with a minimum grade of C and SCC minimum Math standard. Introduction to the theory and practice of American politics, this course includes an analysis of the operation of national, state, and local governments, as well as the U.S. and California Constitutions. C-ID POLS 110. *Three hours lecture.*

PLSC 002 3.0 Units

Introduction to Comparative Government

Course Advisory: PLSC 001; Successful completion of ENGL 001 with a minimum grade of C; SCC minimum Math standard. The political institutions of selected industrialized and developing nations are examined comparatively. Emphasis is on the formation of political institutions; government, political culture, ethnic groups, citizen and interest participation, political parties and modern bureaucratic public policy roles. This course includes a 10-12 page research paper. C-ID POLS 130. *Three hours lecture.*

PLSC 003 3.0 Units

Introduction to International Politics

Course Advisory: ENGL 001 and SCC minimum Math standard. Successful completion of PLSC 001. An introductory study of the international system from the U.S. perspective focusing on such concepts as the nation state and nationalism, power, war and military strategy, international law and approaches to international peace and stability. C-ID POLS 140. *Three hours lecture.*

PLSC 004 3.0 Units

Introduction to Political Science

Course Advisory: ENGL001 with a minimum grade of C and SCC minimum Math standard. An introduction to political science designed to familiarize students with basic political concepts, political ideologies, political systems, and subfields within political science. C-ID POLS 150. *Three hours lecture.*

PLSC 005 3.0 Units

Constitutional Rights in a Multicultural Society

Course Advisory: PLSC 001; ENGL 001; SCC minimum Math standard. Introduction to Constitutional rights, this course will highlight the impact of European, Native American, African American, Asian American, and Latino American cultures on United States and California law and government. The effect of the legislative, executive, and judicial branches will be explored. Cross-cultural issues will also be an integral part of this inquiry, including the freedom of expression, religious culture, and the politics of ethnic groups. Satisfies B or E requirements for graduation. *Three hours lecture.*

PLSC 006 3.0 Units

Introduction to Political Philosophy

Course Advisory: ENGL 001 or ENGL 062. An inquiry into fundamental political concepts in political thought (e.g. justice, freedom, equality, power, authority, obligation and citizenship) as expressed by major political thinkers. Includes the study of basic skills, criticism, and method in political inquiry relevant to the life and education of citizens. *Critical reading and writing are required.* C-ID POLS 120. *Three hours lecture.*

PLSC 016 3.0 Units

The American Legal System

Course Advisory: PLSC 001; ENGL 001; SCC minimum Math standard. Introduction to the American legal system and influence of other legal systems, emphasizing the evolution of legal concepts in response to the changing environment. The American judicial system will be analyzed to include civil and criminal procedure, torts & contracts, as well as current legal issues including the death penalty, insanity defense, drugs, environmental law, right to die, forensic evidence and role of juries. *Three hours lecture.*

PLSC 019 3.0 Units

Human Rights and Sexual Orientation

Course Advisory: ENGL 001. An introduction to gay/lesbian studies with an analysis of a variety of concepts and theories in relation to political science, gay rights and the law, the politics of AIDS, health issues, the political/religious right, marriage and family, and current gay agenda issues. *Three hours lecture.*

PLSC 048G 3.0 Units

Human Rights: A Global Perspective

Course Advisory: Completion of ENGL 001, SCC minimum Math standard. An introduction to the developing systems, laws and norms for the promotion and the protection of human rights in the world today. This course will also provide a foundation for understanding legal, political, and economic aspects of human rights. Topics will include ideological and cultural perspectives; sources of violations; the United Nations, regional, and national systems; women's human rights; and the role of non-governmental organizations. Overall the course will be looking at prevailing concepts, institutions, rules, procedures, problems, and Human Rights potentialities. *Three hours lecture.*

Political Science

PLSC 049

1.0 to 3.0 Units

Political Science Honors

Prerequisite: Completion of 24 units of college credit with a minimum GPA of 3.3; a minimum of 6 units in the discipline with a minimum grade of B; an ability to work independently; permission of the School Dean based on instructor availability. Independent study project which results in a critical examination of government, politics, or law. Students may take this course up to the maximum number of units over multiple semesters. *Three to nine hours by arrangement*

PLSC 050

1.0 Units

Student Leadership

Course Advisory: SCC minimum English and math standards. A class devoted to the practical application of the governmental process through participation in the student government program. Open to all students. *Two hours activity, one hour by arrangement.*

Psychology

Psychology

Program Description

The psychology program provides a broad overview of psychology as a science, in particular regard to major theories, methods, and applications. The program emphasizes critical thinking, skeptical inquiry and the scientific approach to understanding behavior and mental processes. In addition, personal, social, and organizational issues are explored using psychological principles.

Associate in Arts Degree

The Associate in Arts Degree can be obtained by completing a total of 60 units, including the 18-unit major, general education requirements and electives. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Psychology Associate Degree will be able to:

1. Demonstrate an understanding of psychology as a science in regard to major theories, methods, and applications.
2. Successfully complete required psychology (major) program courses

REQUIRED COURSES Units

PSYC 001 Introduction to Psychology	3
PSYC 002 Biological Psychology	3
PSYC 004 Research Methods in Behavioral Science	3

Psychology

Associate in Arts in Psychology for Transfer (ADT: A.A.-T)

Program Description

The psychology program provides academic instruction in basic psychological concepts, theories, terminology, and research methods, and promotes life skills, personal growth, and interpersonal effectiveness.

Associate in Arts in Psychology for Transfer

The Associate in Arts for Transfer is especially appropriate for students who plan to complete a bachelor's degree in Psychology at a CSU campus. Students completing an A.A.-T degree are guaranteed admission to the CSU system, but not to a particular campus or major. Students transferring to a CSU campus that does accept the A.A.-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree. This degree also prepares students for psychology degree programs at other four-year institutions, but does not come with the same guarantees. In all cases, students should consult with a counselor for more information on university admission and transfer requirements.

To earn the Associate in Arts in Psychology for Transfer degree, students must:

1. Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements
 - b. A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

Program Outcomes

Students who complete the Associate in Arts in Psychology for Transfer degree will be able to:

1. Demonstrate an understanding of psychology as a science, in regard to major theories, method, and applications.
2. Students will successfully complete required psychology (major) program.

Psychology

PSYC 001 3.0 Units
Introduction to Psychology

Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. An introduction to psychology as the scientific study of human behavior and mental processes. Major topics include history of field, scientific method, sensation and perception, brain and nervous system, states of consciousness, development, learning, memory, cognition, motivation, emotion, personality, tests and measurements, health psychology, behavior disorders and treatment, and social psychology. C-ID PSY 110. *Three hours lecture.*

PSYC 002 3.0 Units
Biological Psychology

Prerequisite: PSYC 001 with a minimum grade of C. Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standards. This course focuses on the relationship of genetic and physiological factors to behavior. Topics include how the brain and nervous system influence behavior including perception, sexual behaviors, sleep, drug use, disorders, memory and learning. Current theories and research in biological psychology are reviewed. C-ID PSY 150. *Three hours lecture.*

PSYC 004 3.0 Units
Research Methods in Behavioral Science

Prerequisite: A minimum grade of C in both PSYC 001 and MATH 011. Course Advisory: Eligibility for ENGL 001. Introduction to basic methods in the behavioral sciences. Assumptions and goals of science are considered as well as several specific research techniques or designs. The ethics of research with human and animal subjects will be covered. C-ID PSY 200. *Three hours lecture.*

PSYC 005 3.0 Units
Abnormal Psychology

Prerequisite: PSYC 001. Course Advisory: ENGL 001, LR 010, ENGL 062, and SCC minimum Math standard. This course presents an overview of psychological disorders. It surveys selected disorders in the current version of the Diagnostic and Statistical Manual (DSM), including mood disorders (such as depression, bi-polar disorder), anxiety disorders, psychotic disorders (such as schizophrenia), personality disorders, eating disorders and others. It discusses historical and scientific approaches to explain and to treat these disorders from bio-psycho-social perspectives. *Three hours lecture.*

PSYC 006 3.0 Units
Developmental Psychology

Course Advisory: Eligibility for ENGL 001, SCC minimum Math standard, and PSYC 001. The course is a study of development from the prenatal period through the lifespan. Emphasis will be on current theories and research in developmental psychology. Physical, cognitive, social-emotional, intellectual and linguistic aspects of development will be examined. Included are influences of family, society and culture. This course does not fulfill the lifespan requirement for the nursing major. *Three hours lecture.*

PSYC 007 3.0 Units
Cross-Cultural Psychology

Course Advisory: Eligibility for ENGL 001, PSYC 001 with a minimum grade of C. This course is an overview of cross-cultural psychology with critical and comparative study of psychological topics such as ethnicity, gender, cognition, emotion, personality, health, and social interaction. Various ethnic populations within the United States, cultural values and individual beliefs will be examined in this class. Contemporary and historical research on the influence of culture on human psychology is reviewed. A service learning activity and/or field trip may be part of this class. *Three hours lecture.*

PSYC 012 3.0 Units
Psychology of Gender

Course Advisory: PSYC 001, ENGL 001, LR 010, and SCC minimum math standard. An examination of the research and theory from psychology and related fields to evaluate the behavioral, cognitive, psychological, biological, social, and cultural foundations in which women and men function. This course will explore classical and contemporary views of gender roles and the effects of gender roles on individual development and relationships. Open to all students. *Three hours lecture.*

PSYC 020 3.0 Units
Personal and Social Behavior

Course Advisory: SCC minimum English and Math standards. Study of human behavior in the process of adjusting to life's changes. The emphasis is on normal and abnormal adaptations to the various challenges which life presents. Issues related to the major schools of thought and their views towards a healthy personality, effective and ineffective behavior, behavioral disorders, psychotherapy, relationships, careers and personal growth will be examined. *Three hours lecture.*

Psychology

PSYC 030

3.0 Units

Introduction to Social Psychology

Course Advisory: PSYC 001; Eligibility for ENGL 001 and SCC minimum Math standard. This course will explore how thoughts, feelings, and behavior of individuals are influenced by the actual, imagined, or implied presence of others. Focus will be on the social factors that influence human behavior; other people, institutions, situations and the social and physical structures people have created. A review of the various perspectives unique to social psychologists and a variety of classical research in social psychology will be studied. *Same course as SOC 030. Three hours lecture.*

PSYC 034

3.0 Units

Human Sexual Behavior

Course Advisory: SCC minimum English standard. Objective exploration of the various issues pertaining to human sexual behavior from the perspective of the behavioral and social sciences. Some of the major topics to be discussed include history of sexuality, attitudes, behaviors, life styles, psychosexual development, role and identity, sexual dysfunctions, therapy and treatment. *Three hours lecture.*

PSYC 040

3.0 Units

Drugs, Society and Behavior

Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. The course will cover the historical, sociological, psychological, physiological, pharmacological and legal aspects of drugs. Emphasis will be placed on the effects of stimulants, sedative-hypnotics, narcotics, hallucinogens, alcohol, marijuana and inhalants. Various education, prevention and treatment approaches will be discussed. *Three hours lecture.*

PSYC 049

1.0 to 3.0 Units

Psychology Honors

Prerequisite: Completion of 24 units of college credit with a minimum GPA of 3.3; a minimum of 5 units in the discipline with a minimum grade of B; an ability to work independently; permission of the School Dean based on instructor availability. Independent study designed for honor students who intend to major in psychology. Students may take this course up to the maximum number of units over multiple semesters. *Three to nine hours by arrangement.*

Real Estate

Real Estate

Program Description

This program offers courses needed to qualify for the state of California salesperson license examination as well as for the broker's examination. A full range of real estate courses is offered including real estate finance, appraisals, etc. The courses are taught by qualified real estate professionals.

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement can be obtained by completing the 24-unit major. The Associate in Science degree can be obtained by completing 60 units, including the major, general education requirements, and electives. The major consists of 18 units selected from the courses listed below plus 6 units selected from the list of recommended electives which have been approved by the California Department of Real Estate. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Real Estate Certificate of Achievement/ Associate Degree will be able to:

1. Analyze common real estate problems, apply appropriate solutions, and interpret outcomes.
2. Meet career preparation goals, as well as prepare for a state licensing exam.
3. Explain the process for making home purchase or sale decisions and completing real estate transactions.
4. Students will demonstrate mastery of program-specific concepts and skills (e.g. understand theory and application in real estate finance, investments, property management and financial institutions).

REQUIRED COURSES Units

RE 164 Real Estate Principles 3

RE 171 Real Estate Economics 3

OR

ECON 001 Principles of Economics (Macroeconomics) . 3

OR

ECON 002 Principles of Economics (Microeconomics) .. 3

RE 172 Real Estate Practice 3

This is a Gainful Employment Program. For additional information, please visit
http://www.solano.edu/gainful_employment/ and select "Real Estate."

Real Estate

RE 164 3.0 Units
Real Estate Principles

Course Advisory: SCC minimum English and Math standards. Study of the characteristics of real estate from physical, legal, and economic standpoints. Course material is designed to assist those preparing for the real estate salespersons and brokers license examination. *Three hours lecture.*

RE 171 3.0 Units
Real Estate Economics

Course Advisory: SCC minimum English and Math standards. Study of the economic aspects of real estate and their effects on real estate markets, urban growth and finance. Particular emphasis is made on governmental and agency controls on development of regional and local areas, past and future. *Three hours lecture.*

RE 172 3.0 Units
Real Estate Practice

Course Advisory: SCC minimum English and Math standards. A comprehensive study of the techniques used to successfully operate a real estate business. Includes office management administration, in-service training of associate licensees, legal and statutory compliance, and agency and other oversights. Designed for students needing course for continuing education as required by the Department of Real Estate. *Three hours lecture.*

RE 173 3.0 Units
Legal Aspects of Real Estate

Course Advisory: SCC minimum English and Math standards. Comprehensive study and analysis of California law as applied to the legal problems involved in real estate transactions. Includes contract, agency, and finance devices. *Three hours lecture.*

RE 174 3.0 Units
Real Estate Finance

Course Advisory: SCC minimum English and Math standards. Comprehensive study and analysis of money markets, interest rates, and financing as applied to real estate transactions. *Three hours lecture.*

RE 175 3.0 Units
Principles of Appraisal

Course Advisory: SCC minimum English and Math standards. Entry level appraisal course introducing students to basic appraisal principles, and the Uniform Standards of Professional Appraisal Practice. Content includes: Influences on value, legal considerations, economic principles, real estate markets and analysis, valuation process, property description, highest and best use analysis, appraisal statistics, sales comparison and cost approaches to value. *Three hours lecture.*

RE 176 3.0 Units
Advanced Residential Appraisal Practice

Prerequisite: RE 175. Course Advisory: SCC minimum English and Math standards. Advanced appraisal course covering the principles, procedures and techniques needed to appraise all types of residential properties up to four units. The contents include: Review of basic appraisal principles, use of all Federal National Mortgage Association (FNMA) forms, basic income and expense estimating, gross rent multipliers, appraisal ethics and the Uniform Standards of Professional Appraisal Practice (USPAP). Student will appraise a custom home, a condominium and a small income residential property. *Three hours lecture.*

RE 177 3.0 Units
Income Property Appraisal and Analysis

Prerequisite: RE 175. Advanced appraisal course covering the principles, procedures and techniques needed to appraise commercial property, including large apartment buildings. The course content will include review of basic appraisal principles, income and expense estimating, operating expense ratios, direct capitalization, cash flow estimates, measures of cash flow and discounted cash flow analysis. *The use of financial calculator will be required. Three hours lecture.*

Science, General

Science

Program Description

This program is designed to provide students with a basic science background, preparing them to move into a curriculum at a four-year institution leading to a degree in such fields as chemistry, biology, physics, geology, or health sciences. This program is a path for immediate entry into science-based technology careers.

Associate in Science Degree

The Associate in Arts Degree can be obtained by completing a total of 60 units, including a minimum of 18 units in the major, the general education requirements, and electives. The major consists of courses selected from the lists below and must include twelve (12) units in courses with laboratory work and at least one course in each of the areas Biological Science and Physical Science. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Science, General Associate Degree will be able to:

1. Demonstrate analytical and/or conceptual problem solving skills.
2. Carry out experiments and critically assess their data.
3. Learn the role of hypotheses, measurement and analysis in the development of scientific theory as evidence by laboratory reports.
4. Learn how to write a laboratory report or give an oral presentation.

REQUIRED COURSES Units

Social Science

Social Science

Program Description

This program offers students the opportunity to study aspects of the human experience and the intricate relationship among them.

Associate in Arts Degree

The Associate in Arts Degree can be obtained by completing a total of 60 units, including the 18-unit major, general education requirements and electives. The 18-unit major is composed of courses selected from six subject areas shown below. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Social Sciences Associate Degree will be able to:

1. Be aware of the social and cultural aspects of human behavior.
2. Understand the relationship between individual/self, society and others.
3. Demonstrate understanding regarding diverse individuals and groups in society.
4. Understand diverse groups and the social and cultural aspects of relationships.
5. Think, read, and write critically with respect to the social sciences.
6. Apply the knowledge and skills to life experience, including employment, social and individuals.
7. Understand the purpose and value of social sciences across the curriculum.
8. Major in the Social Science field.

Mexican-American Experience

Course Advisory: SCC minimum English standard.
Interdisciplinary examination of the historical, economic, psychological, and sociological aspects of the Mexican-American experience. *Three hours lecture.*

SOCS 030 3.0 Units
Peace, Non Violence and Conflict Resolution

Course Advisory: Eligibility for ENGL 001. Introduces the student to the study of peace, non violence and peaceful conflict resolution. The course is designed for students interested in the fundamental issues of peace, justice and conflict resolution in our society. It offers students an opportunity to reflect on the peace writings of both past and contemporary authors and is an examination of justice, peace and peacemakers, in the U.S. and worldwide. *Three hours lecture.*

SOCS 049 1.0 to 3.0 Units
Social Science Honors

Prerequisite: Completion of 24 units of college credit with a minimum GPA of 3.3; a minimum of 5 units in the discipline with a minimum grade of B; an ability to work independently; permission of the School Dean based on instructor availability.
Independent study designed for honor students who intend to major in social sciences. Students may take this course up to the maximum number of units over multiple semesters. *Three to nine hours by arrangement.*

Sociology

Sociology

Program Description

Sociology is the study of society and human behavior. Students who obtain a degree in Sociology gain a fundamental understanding of culture, socialization, inequality, racial and ethnic relations, sex roles, deviance, social issues and problems, and the distribution of political and economic power. Sociology students prepare themselves for a job in the field of business, health, education, criminal justice, government/law, or social service, and a variety of other areas.

Associate in Arts Degree

The Associate in Arts Degree can be obtained by completing a total of 60 units, including the 18-19-unit major, general education requirements and electives. The 18-19-unit major is composed of courses selected from the three (3) subject areas shown below. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis

Program Outcomes

Students who complete the Sociology Associate Degree will be able to:

1. Gain a basic knowledge of the history of the development of sociology as a separate discipline.
2. Become more aware of cultural, social, political, environmental, and economic forces within the world they live.
3. Critically think, in addition to increase reading, writing and basic research skills.

REQUIRED COURSES	Units
SOC 001 Introduction to Sociology	3
SOC 002 Social Issues and Problems	3

Sociology

Associate in Arts in Sociology for Transfer (ADT: A.A.-T)

Program Description

Sociology is the study of society and human behavior. Students who obtain a degree in Sociology gain a fundamental understanding of culture, socialization, inequality, racial and ethnic relations, sex roles, deviance, social issues and problems, and the distribution of political and economic power. Sociology students prepare themselves for a job in the field of business, health, education, criminal justice, government/law, or social service, and a variety of other areas.

Associate in Arts in Sociology for Transfer

The Associate in Arts for Transfer (A.A.-T) in Sociology is intended for students who plan to complete a bachelor's degree in Sociology at a CSU campus. Students completing this degree (A.A.-T in Sociology) are guaranteed admission to the CSU system, but not to a particular campus or major.

To earn the Associate in Arts in Sociology for Transfer degree, student must:

1. Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements
 - b. A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

Program Outcomes

Students who complete the Associate in Arts in Sociology for Transfer degree will be able to:

1. Become more aware of cultural, social, political, environmental, and economic forces within the world they live.
2. Raise their ethnic consciousness to a higher level of understanding and acceptance.
3. Build skills in critical thinking, reading and writing.
4. Improve skills cited above to provide an excellent base for transfer and success at four-year institutions.

Required Major Total Units	18 - 19
CSU General Education or IGETC Pattern Units	37 - 39
CSU Transferable Electives (as needed to reach 60 transferable units)*	11 - 14
Total Degree Units.....	60

* 9 units may be double counted toward both the major area of emphasis and CSU General Education or IGETC Pattern. Consult with a counselor for more information on completing this degree.

Sociology

SOC 001 3.0 Units
Introduction to Sociology

Course Advisory: Eligibility for ENGL 001. Introduction to sociology with analysis of a variety of concepts and theories in relation to culture, socialization, social inequality, race relations, sex roles, deviance, and the distribution of political and economic power. C-ID SOCI 110. *Three hours lecture.*

SOC 002 3.0 Units
Social Issues and Problems

Course Advisory: SOC 001, Eligibility for ENGL 001. Analysis of selected social problems, including race relations, urban decay, suburban sprawl, crime, population problems, environment, and changes in the familial, economic and political institutions. *Three hours lecture.*

SOC 023 3.0 Units
Sociology of African Americans

Course Advisory: SOC 001 or SOC 022; Eligibility for ENGL 001. An introductory sociological study of African Americans. Emphasis will be on culture, community, social institutions, social relationships and social problems. *Three hours lecture.*

SOC 030 3.0 Units
Introduction to Social Psychology

Course Advisory: PSYC 001; Eligibility for ENGL 001 and SCC minimum Math standard. This course will explore how thoughts, feelings, and behavior of individuals are influenced by the actual, imagined, or implied presence of others. Focus will be on the social factors that influence human behavior; other people, institutions, situations and the social and physical structures people have created. A review of the various perspectives unique to social psychologists and a variety of classical research in social psychology will be studied. *Same course as PSYC 030. Three hours lecture.*

SOC 040 3.0 Units
Sociology of the Family

Course Advisory: SOC 001 and Eligibility for ENGL 001. A comparative cultural view of the family, the history of the family and its present role in our society with special emphasis on kinship relations, sex roles, ethnic variations of the family and alternative family styles. *Three hours lecture.*

SOC 045 3.0 Units
Sociology of Religion

Course Advisory: Eligibility for ENGL 001. An introduction to the sociological study of religion in the United States, with an emphasis on the origins of religion, theoretical perspectives on religion, religious conflict, and the future of religion. This course also covers the absence of religion and alternative forms of religion. *Three hours lecture.*

SOC 049 1.0 to 3.0 Units
Sociology Honors

Prerequisite: Completion of 24 units of college credit with a minimum GPA of 3.3; a minimum of 5 units in the discipline with a minimum grade of B; an ability to work independently; permission of the School Dean based on instructor availability. Independent study designed for honor students who intend to major in sociology. Students may take this course up to the maximum number of units over multiple semesters. *Three to nine hours by arrangement.*

SOC 075 3.0 Units
Introduction to Sociology of Sport

Course Advisory: SCC minimum English and Math standard; SOC 001. Sociology of Sport examines the nature, position, functions, and growing importance of sports in contemporary industrial society. Particular emphasis is given to the relationships between structure, variety, and extent of sports activity and other sectors of society, such as schools, churches, and the work place. *Three hours lecture.*

Theatre Arts

Theatre Arts

Program Description

The Theatre Arts Major is designed for students who are furthering their theatre education, as well as those seeking a career in the entertainment industry. In terms of university degrees, the curriculum of all core Solano College Theatre courses have been designed to equal courses offered in the UC and CSU system. Whether choosing the Acting or Technical emphasis, the major will provide a basic theatre foundation which will include “hands on experiences” in Acting, Stagecraft, Lighting and Costuming, as well as the historical and cultural background necessary for understanding the craft. Individuals interested in this major may also be seeking a foundation for lifelong learning.

Associate in Arts Degree

The Associate in Arts Degree in Theatre Arts can be obtained by completing a total of 60 units, including the 30-31-unit major in one of the listed emphasis areas listed below, the general education requirements, and electives. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Theatre Arts Associate Degree will be able to:

1. Read and analyze written materials for context, theme and dramatic intent.
2. Demonstrate comprehension of vocal and physical performance techniques.
3. Demonstrate comprehension of technical and artistic production elements including; stagecraft, scenery, costumes, lighting and sound.
4. Utilize and apply current theatrical technology.

Theatre Arts

Associate in Arts in Theatre Arts for Transfer (ADT: A.A.-T)

Program Description

Theatre teaches practical skills, performance techniques, and creativity. It is the goal of this department to provide students with the tools needed to pursue a university degree or a career in the performing arts. In terms of university degrees, the curriculum of all core Solano College Theatre courses have been designed to equal courses offered in the UC and CSU system. In terms of careers in the performing arts, a wide range of academic and professional opportunities exists. These job opportunities include work in stage performance, television/film acting, lighting, sound, stage makeup design, costume design, house management, theatre education, theatre for youth, stage management, and even sporting event production.

Associate in Arts in Theatre Arts for Transfer Degree

The Associate in Arts in Theatre Arts for Transfer (A.A.-T) is intended for students who plan to complete a bachelor's degree in performance theatre or technical theatre. Students completing this degree (A.A.-T in Theatre) are guaranteed admission to the CSU system, but not to a particular class or major.

To earn the Associate in Arts in Theatre Arts for Transfer degree, students must:

1. Complete 60 semester units that are eligible for transfer to the California State University, including both of the following:
 - a. The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements
 - b. A minimum of 18 semester units in a major or area of emphasis, as determined by the community college district.
2. Obtain a minimum grade point average of 2.0.

Program Outcomes

Students who complete the Associate in Arts in Theatre Arts for Transfer degree will be able to:

1. Demonstrate comprehension of technical elements and design processes.
2. Provide evidence of vocal and physical performance techniques.
3. Assess written materials for context, theme, structure, and technical requirements.
4. Express the relationship between culture and dramatic art, using scholarly sources to analyze the performing art persuasively and thoroughly.

Course Advisory: Successful completion of ENGL 001 and SCC minimum Math standard. The study of the history of theatre from the 17th Century to contemporary times. The history and development of theatre and drama are studied in relationship to cultural, political and social conditions of the time. Plays are read for analysis of structure, plot, character and historical relevance. Contemporary multicultural theatre will be emphasized. *Three hours lecture.*

THEA 013

3.0 Units

Diversity in American Theatre: A Contemporary Focus

Course Advisory: Eligibility for ENGL 001 and SCC minimum Math standard. Introduction to American cultural diversity in theatrical performance, this course will study African-American, Asian-American and Latino (a) theatres, and theatrical representations including TV and film, supplemented by consideration of the social and political conditions impacting these works. Journals, exams, and scene performance or readings and oral reports or critical papers are required. *Three hours lecture.*

THEA 020

3.0 Units

Introduction to Stage Lighting

Course Advisory: SCC minimum English and Math standards. This course involves the study and execution of stage lighting with an emphasis on equipment, control, color and their relationship to design. This course discusses the methods and materials utilized in designing lighting for the stage. Focus on the practical skills needed to complete a light design project. C-ID THTR 173. *Two hours lecture, three hours lab.*

THEA 021

3.0 Units

Introduction to Theatre Design

Course Advisory: Successful completion of ENGL 001 with a minimum grade of C and SCC minimum Math standards. *Prerequisite: THEA 003 with a minimum grade of C.* Students will be offered a survey of scenery, lighting, sound, costumes, make up, properties, theatrical equipment and construction techniques through demonstration and laboratory experience. Information will be applicable to all formal theatrical applications. C-ID THTR 172. *Two hours lecture, three hours lab.*

THEA 024

4.0 Units

Rehearsal and Performance in Production

Course Advisory: SCC minimum English Standard. This course provides instruction and supervised participation in theatre rehearsal and performance. Instruction will be focused upon the unique elements and demands of a live stage production. The production(s) can be: Comedy, Drama, Classical and Musical. Before enrolling in this course, students are required to audition for a role. Auditions take place during the second week of the semester. Details about auditions will be posted in the theater. Repeatable 3 times. *Three hours lab, sixteen hours lab by arrangement. (10-week course).*

THEA 024A

4.0 Units

Rehearsal and Performance in Production - Comedy

Course Advisory: SCC minimum English standard. This course provides instruction and supervised participation in theatre rehearsal and performance. Instruction will be focused upon the unique elements and demands of comedy. Before enrolling in this course, students are required to audition for a role. Auditions take place during the second week of the semester. Details about auditions will be posted in the theater. C-ID THTR 191. *Three hours activity, sixteen hours by arrangement (10-week course).*

THEA 024B

4.0 Units

Rehearsal and Performance in Production - Drama

Course Advisory: SCC minimum English standard. This course provides instruction and supervised participation in theatre rehearsal and performance. More specifically, this class is designed to approach the unique requirements of producing contemporary drama. Before enrolling in this course, students are required to audition for a role. Auditions take place during the second week of the semester. Details about auditions will be posted in the theater. C-ID THTR 191. *Three hours lab, sixteen hours by arrangement (10-week course).*

THEA 024C

4.0 Units

Rehearsal and Performance in Production - Classical

Course Advisory: SCC minimum English standard. This course provides instruction and supervised participation in a classical theatre production. Scripts selected may include classical Greek, Roman, medieval, renaissance, and restoration dramas. Before enrolling in this course, students are required to audition for a role. Auditions take place during the second week of the semester. Details about auditions will be posted in the theater. C-ID THTR 191. *Three hours lab, sixteen hours by arrangement (10-week course).*

Theatre Arts

THEA 024D 4.0 Units

Rehearsal and Performance in Production - Musical

Course Advisory: SCC minimum English standard. This course provides instruction and supervised participation in musical theatre rehearsal and performance, including operas, operettas, and musicals. Students will participate as vocalists, musicians, dancers and accompanists. Before enrolling in this course, students are required to audition for a role. Auditions take place during the second week of the semester. Details about auditions will be posted in the theater. C-ID THTR 191. *Three hours lab, seventeen hours by arrangement (10-week course).*

THEA 032A 3.0 Units

Fundamentals of Costume Design

Course Advisory: Eligibility for ENGL 001. Students will study costume history, design, and basic construction techniques as an introduction to theatrical costuming. Subject material can cover a variety of theatre genres, including: Musical Theatre, Drama, Comedy, and Classical works. Emphasis on illustration and design elements, including story boards and renderings. Students will analyze and examine scripts and research items related to costuming. Students will explore and learn how stock characters and their costumes can support an exaggerated theme and how these characters can have multiple costumes. C-ID THTR 174. *One hour lecture, six hours lab. Repeatable one time.*

THEA 032B 1.5 Units

Fundamentals of Costume Design

Course Advisory: Eligibility for ENGL 001. This lab course is oriented for the student to work with the Costume requirements used in a production. The type(s) of production can be: Comedy, Drama, Classical and Musical. Students will gain practical experience in the application of Costume responsibilities in any of the following: Assistant Designer, Tailor, Milliner, Cobbler, Cutter, Draper, Dyeing and painting, and alterations. Students will be given an increasing level of responsibility in accordance with their individual abilities. *One hour lecture, four and one half hours lab. Repeatable 3 times.*

THEA 032C 3.0 Units

Fundamentals of Costume Design - Classical

Course Advisory: Eligibility for ENGL 001. Students will learn how to research costuming from historical Western eras such as: Greek, Roman, Medieval, and the Renaissance. Students will also study ancient Eastern, African, or other historical costumes, depending upon the semester's theatre production. Tailoring, heirloom sewing, theatrical closures, alterations and sewing shortcuts will also be included in instruction. C-ID THTR 174. *One hour lecture, six hours lab.*

THEA 032D 3.0 Units

Fundamentals of Costume Design - Musical

Successful completion (minimum grade of C) or enrollment in ENGL 001. Students will study musical costume history, design, and basic construction techniques as an introduction to musical theatre costuming. Fabrics and their various uses will be investigated. Students will learn how to design costumes for large musical casts with multiple costume changes. Students will also learn how music and dance influence costume construction. Each student will be given an increasing level of responsibilities in accordance with individual abilities. Successful completion of the costume production process may culminate in the areas of : Co-Costume Designer, Assistant Designer, Cutter, Tailor, First Hand, Stitcher, Milliner, Cobbler, Crafts Artisan, Wardrobe Supervisor or Dresser. Repeatable to a maximum of 12 units, including initial enrollment. C-ID THTR 174. *One hour lecture, six hours lab.*

THEA 035 3.0 Units

Fundamentals of Musical Theatre: Acting

The study, rehearsal, and class performance of musical works for the stage. Students will participate as performers, singing and moving but with an emphasis on acting. *Repeatable 2 times. One hour lecture, six hours lab.*

THEA 040 3.0 Units

Acting for the Camera

Course Advisory: Minimum Standards: Eligibility for ENGL 001. A professional approach to the basics of on-camera acting. Areas of concentration include commercials, public service announcements, corporate videos, news reporting, and feature films. The course includes an in-depth approach to careers in media with concentration on agents, casting directors, resumes, pictures and the necessary tools for building a life as an actor. *Three hours lecture.*

THEA 047 3.0 Units

Technical Theatre in Production

Course Advisory: SCC minimum English standard. This course is oriented for the student to work with the technical requirements used in a production. The type(s) of production can be: Comedy, Drama, Classical and Musical. Students will gain practical experience in the application of production responsibilities in any of the following: Set Construction, Scenic painting, properties, costume, lighting, sound, live show running crews, stage management and house management. Students are given an increasing level of responsibility in accordance with their individual abilities. Repeatable 3 times. *Nine hours lab weekly by arrangement.*

Theatre Arts

THEA 047A 3.0 Units
Technical Theatre in Production - Comedy

Course Advisory: SCC minimum English standard. This course is oriented for the student to work with the unique technical requirements used in a Comedy production, such as abstract and whimsical scenic design elements, comic color pallets and special property elements that are designed specifically to 'get a laugh'. Students will gain practical experience in the application of production responsibilities in any of the following: stage management, house management, construction, scenery, properties, costume, lighting, sound, and running crews. Students are given an increasing level of responsibility in accordance with their individual abilities. C-ID THTR 192. *Nine hours lab.*

THEA 047B 3.0 Units
Technical Theatre in Production - Drama

Course Advisory: SCC minimum English standard. This course is oriented for the student to work with the unique technical requirements used in a Drama production, such as Realistic and period scenic design elements: Architecture as well as natural settings. The student will gain practical experience in the application of production responsibilities in any of the following: stage management, house management, construction, scenery, properties, costume, lighting, sound, and running crews. Students are given an increasing level of responsibility in accordance with their individual abilities. C-ID THTR 192. *Nine hours lab.*

THEA 047C 3.0 Units
Technical Theatre in Production - Classical

Course Advisory: SCC minimum English standard. This course is oriented for the student to work with the unique technical requirements used in a Classical production, such as Historical and renaissance period design pieces and accurate stage properties of the time. The students will gain practical experience in the application of production responsibilities in any of the following: stage management, house management, construction, scenery, properties, costume, lighting, sound, and running crews. Students are given an increasing level of responsibility in accordance with their individual abilities. C-ID THTR 192. *Nine hours lab.*

Technical Theatre in Production - Musical

Course Advisory: SCC minimum English standard. This course is designed for the student to work with the unique technical requirements used in a Musical Theatre Production: Such work can involve use of Scenery that has multiple settings, set pieces that employ special rigging, scenic wagons as well as special live audio and lighting effects. Students will gain practical experience in the application of production responsibilities in any of the following: stage management, house management, construction, scenery, properties, costume, lighting, sound, and running crews. Students are given an increasing level of responsibility in accordance with their individual abilities. C-ID THTR 192. *Nine hours lab.*

THEA 048A 3.0 Units
Theatre Appreciation

Course Advisory: SCC minimum English and Math standards. Students will be required to purchase tickets for live performances. An introduction to methods of evaluating theatre in performance. Students will attend several plays each semester (approximately six to be determined by instructor), producing a written analysis/critique of each. Lectures will focus on the elements of a play in production and critical analysis and writing techniques. *Two and one half hours lecture, one and one half hours by arrangement.*

THEA 055 1.0 Units
Advanced Theatre Touring Company

Advanced Theatre Touring Company students will gain experience touring throughout Solano County. Travel is required to various Solano County schools and venues for performances. *One hour lab, nine hours by arrangement. (5-week course).*

Tutoring

Program Description

These courses are designed for students using tutoring services on a drop-in basis or for students wishing to serve as tutors.

Associate Degree

Not offered in this discipline

TUTR 050

Tutoring Practicum

Prerequisite: Completion with a minimum grade of B in the subject to tutor, instructor recommendation, permission of Tutoring Center personnel after verification of prerequisites, and concurrent assignment as a Tutoring Center or in-class tutor. Provides supervised practice in tutoring, examines the basics of learning principles, communication, listening skills, effective tutoring techniques and is required for all students who work or volunteer in the Tutoring Center. Eight hours lecture (1-week course).

0.5 Units

TUTR 500

Supervised Tutoring

Prerequisite: Recommendation by the course instructor or a counselor or permission of the TUTR 500 instructor of record. Corequisite: concurrent enrollment in course or courses in which tutoring assistance is being requested. This course provides students tutorial support with instructional aids and student tutors to develop learning skills that enhance classroom achievement. In addition, Critical Skills for College Success Workshops are offered in many instructional areas. Tutor-supported computer labs are provided for academic use. This is an Open Entry/Open Exit, ungraded course.

0.0 Units

University Studies

University Studies

Program Description

The Associate in Arts Degree in University Studies is designed for students who wish a broad knowledge of arts and sciences plus additional coursework in an area of academic interest. With proper planning, students will complete lower division major preparation and general education for transfer while simultaneously completing the University Studies Associate Degree. This major is an ideal choice for students planning to transfer to the University of California (UC), the California State University (CSU), or any other baccalaureate-granting college or university.

Students are encouraged to develop a transfer plan in consultation with a counselor and to refer to www.as-sist.org for current articulation of Solano Community College and university courses.

- Choose either Solano Community College Option B or C for the General Education pattern related to your educational goal.
- For both options: complete a Cross Cultural Studies Graduation Requirement.
- Complete at least 18 units in on Area of Emphasis from those listed below.
- Choose electives if necessary to complete the 60 units required for the Associate Degree.
- All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

General Education Units

I. Option B: IGETC Minimum 34 semester units

Complete units necessary to meet full IGETC certification requirements.

II. Option C: CSU/GE/Breadth Pattern Minimum 39 semester units

Complete units necessary to meet full CSU/GE-Breadth certification requirements.

Areas of Emphasis

- 18 units required from one Area of Emphasis: Arts and Humanities, Communication, Science and Quantitative Reasoning, Social Science or Liberal Studies for Education.
- Where appropriate, courses in the Area of Emphasis may also be counted for GE.
- Courses numbered 1-49 transfer to UC, CSU and most independent and out-of-state colleges and universities. Courses numbered 50-99 transfer to CSU and some independent and out-of-state colleges and universities. Courses numbered 100-199 are associate degree applicable but usually do not transfer to baccalaureate-granting institutions.

Program Outcomes:

Students completing the University Studies Associate Degree will be able to:

1. Develop a pattern of thinking and a knowledge base consistent with the scholarship required to pursue further study in a major at a university.
2. Discover the nature and common themes of the disciplines represented by an area of emphasis
3. Examine the relationship between personal perspective and evidence-based evaluation of information.

Arts and Humanities

These courses emphasize the study of cultural, literary and humanistic activities and the artistic expression of human beings. Students will evaluate and interpret the ways in which people through the ages in different cultures have responded to each other and the world around them through artistic and cultural creation.

Majors at a 4-year institution appropriate for this Area of Emphasis include but are not limited to: Classical Civilization, Design, Dramatic Arts, Film Studies, Literature, Music, and Philosophy.

COMMUNICATION

These courses emphasize the content, understanding and production of verbal and written communication. Students will learn to evaluate and assess communication as a process of human symbolic interaction while developing skills in such areas as reason-ing, organization, accuracy, reading and effective listening.

Majors at a 4-year institution appropriate for this Area of Emphasis include, but are not limited to: Advertising and Public Relations, English, Journalism, Linguistics, Mass Communication, Rhetoric, and Speech.

University Studies

Liberal Studies with Emphasis on Education

This Area of Emphasis is intended for students who plan to complete a baccalaureate degree and a California Multiple subject Teaching Credential. Most students pursue this credential with the goal of becoming elementary school or special education teachers. This degree is designed to accommodate the differing requirements of the California State University and the University of California campuses that offer majors preparing students for the multiple subject credentials.

REQUIRED COURSES

Minimum three units from each of four different disciplines

Science and Quantitative Reasoning

These courses emphasize the natural sciences which examine the physical universe, its life forms and its natural phenomena. Courses in math emphasize the development of mathematical and quantitative reasoning skills beyond the level of intermediate algebra. Students will be able to demonstrate an understanding of the methodologies of science as investigative tools. Students will also examine the influence that the acquisition of scientific knowledge has on the development of the world's civilizations.

Majors at a 4-year institution appropriate for this Area of Emphasis include but are not limited to: Animal Science, Biology, Computer Science, Engineering, Geology, Nursing, and Physics.

Program Outcomes:

Students completing the Associate Degree will:

1. Learn how to write a laboratory report or give an oral presentation
2. Demonstrate analytical and/or conceptual problem solving skills
3. Learn to carry out experiments and critically assess their data. Students will learn the roles of hypotheses, measurement, and analysis in the development of scientific theory as evidenced by laboratory reports.

SOCIAL SCIENCE

These courses emphasize the perspective, concepts, theories and methodologies of the vast variety of disciplines that comprise study in the Social Sciences. This emphasis examines people and their interactions with each other, within their social and political institutions and as members of the larger society. Course work will explore behavior - sometimes the behavior of an individual, other times the behavior of a system, society, or culture. Topics and discussion will stimulate critical thinking about ways people have thought and acted in response to their upbringing, environment and society.

Majors at a 4-year institution appropriate for this Area of Emphasis include but are not limited to: Anthropology, Child Development, Government, History, Psychology, and Social Work.

Water and Wastewater Technology

Water and Wastewater Technology

Program Description

A study of the principles of water and wastewater disposal and purification including municipal and industrial wastewater collection and treatment. The program will satisfy most of the requirements for certification of water and wastewater treatment personnel.

Certificate of Achievement and Associate in Science

A Certificate of Achievement can be obtained upon completion of the 25 – 32-unit major. The Associate in Science Degree can be obtained upon completion of 60 units, including the major, the general education requirements, and electives. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes

Students who complete the Water and Wastewater Technology Certificate of Achievement/ Associate Degree will be able to

1. Attain certification of plant operators.
2. Understand treatment methods and technology.
3. Understand technology laws and regulations.

REQUIRED CORE COURSES Units

WATR 100 Wastewater Treatment I 4

WATR 101 Basic Chemistry for Water
and Wastewater 4

OR

WATR 102 Sanitary Chemistry 4

WATR 104 Water Treatment I 3

WATR 106 Instrumentation and Controls 3

WATR 107 Mathematics of Water and
Wastewater Treatment 4

4-5 units from Specialty Courses 4-5

Select Option 1, 2 or 3 3-9

Total Units 25-32

Specialty Courses (select 4-5 units)

WATR 105 Wastewater Treatment II 3

WATR 108 Water Treatment II 2

WATR 120 Distribution Systems Maintenance 2

WATR 121 Collection Systems Maintenance 2

Select from the following options:

OPTION 1 (4 units)

BIOT 160 Basic Concepts/Methods in
Biotechnology 4

OPTION 2 (8-9 units)

BIO 014 Principles of Microbiology 4

Select one

CHEM 010 Intermediate Chemistry 4

CHEM 051 Chemistry for the Health Sciences 5

CHEM 001 General Chemistry 5

OPTION 3 (3 units)

WATR 103 Biological Principles of Water
and Wastewater 3

This is a Gainful Employment Program. For additional information, please visit
http://www.solano.edu/gainful_employment/ and select "Water & Wastewater Technology."

Water and Wastewater Technology

WATR 100 4.0 Units
Wastewater Treatment I

Course Advisory: SCC minimum English and Math standards. Study of municipal and industrial wastewater collection and wastewater treatment methods, protection of ground water and receiving waters, and effects of pollutants on receiving waters. *Four hours lecture.*

WATR 101 4.0 Units
Basic Chemistry for Water and Wastewater

Course Advisory: SCC minimum English and Math standards. Through lecture and demonstrations, the student will develop the ability to analyze and determine if proper levels of purification, content of acidity, alkalinity, hardness, and other water quality criteria have been achieved for water or wastewater treatment. *Four hours lecture.*

WATR 103 3.0 Units
Biological Principles of Water and Wastewater

Course Advisory: SCC minimum English and Math standards. This course examines the biological and ecological properties of the bacteria, protozoa, fungi, algae, viruses, and animals whose control is important to the provision of safe drinking water supplies and environmentally safe wastewater. The course emphasizes the microbiology of drinking water, wastewater, and activated sludge, and examines the microbial sampling, analysis, and treatment strategies important in this industry. *Three hours lecture.*

WATR 104 3.0 Units
Water Treatment I

Course Advisory: SCC minimum English and Math standards. This course examines the elementary engineering aspects of the design, operation, process control, and facilities of a plant designed to treat and purify drinking water. *Three hours lecture.*

WATR 105 3.0 Units
Wastewater Treatment II

Prerequisite: WATR 100. Course Advisory: SCC minimum English and Math standards. Study of the elementary engineering aspects of design, operation process control, and maintenance of wastewater treatment plants and facilities. *Three hours lecture.*

WATR 106 3.0 Units
Instrumentation and Controls

Course Advisory: SCC minimum English and Math standards. Study of pneumatic, mechanical and electronic control systems and components. Includes a basic description and explanation of the operation of instruments and controls for water and wastewater plants. Typical performance characteristics, accuracy, and applications of instruments are studied. *Three hours lecture.*

WATR 107 4.0 Units
Mathematics of Water and Wastewater Treatment

Course Advisory: SCC minimum English and Math standards. A study of calculations - hydraulics, chemicals, solids - used in the design, operation, process control, and maintenance of treatment plants and facilities. *Four hours lecture.*

WATR 108 3.0 Units
Water Treatment II

Prerequisite: WATR 104 with a minimum grade of C. Course Advisory: SCC minimum English and Math standards. This course covers advanced topics in the control of ions and disinfecting chemicals in drinking water. In addition it covers the issues of safety, regulation, administration, and maintenance of a water treatment plant. This course will often be taught at an off-campus site. *Three hours lecture.*

WATR 112 2.0 Units
Wastewater Treatment III

Prerequisite: WATR 105. Course Advisory: SCC minimum English and Math standards. This course will cover advanced topics appropriate to a wastewater treatment facility including activated sludge, residual solids management, solids removal from secondary effluents, phosphorus and nitrogen removal, enhanced biological (nutrient) control, wastewater reclamation and recycling, and odor control. This course is often taught off-site. *Two hours lecture.*

WATR 120 2.0 Units
Distribution Systems Maintenance

Course Advisory: SCC minimum English and Math standards. Study of the operation and maintenance of water distribution systems covering the design, construction and the functioning of these systems. *Two hours lecture.*

WATR 121 2.0 Units
Collection Systems Maintenance

Course Advisory: SCC minimum English and Math standards. Study of the operation and maintenance of wastewater collection systems covering the design, construction and functioning of these systems. *Two hours lecture.*

Water and Wastewater Technology

WATR 125

Water Conservation

Course Advisory: SCC minimum English and Math standards.

Water conservation includes the study of methods to reduce water use, loss, and waste, and methods to increase water efficiency in an effort to minimize the amount of water used to accomplish a function or task. This course combines subject matter lectures and planned learning experiences so students learn the principles involved in the conservation and efficient use of water resources for economic, environmental, and regulatory purposes. Students will learn about water supply and demand, utility water demand characteristics and water rates, residential, commercial, and landscape water use measurements, water management planning, and how to perform various types of water audits. *Two and one half hours lecture.*

2.5 Units

WATR 126

Pumps and Motors

Course Advisory: SCC minimum Math standard. This course examines the design and operation of pumps and motors with special emphasis on the types of pumps used in the water and wastewater industries. *Three hours lecture.*

3.0 Units

Welding

Welding, Industrial Technician

Program Description

Designed to upgrade the skills of persons employed as welders, providing advanced training in a variety of welding applications.

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement can be obtained upon completion of the 24-unit major listed below. The Associate in Science Degree can be obtained by completing a total of 60 units, including the major, general education requirements, and electives. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis. Certification of students as "Code Welders" is available at a nominal cost to the student.

Program Outcomes

Students who complete the Welding, Industrial Technician Certificate of Achievement/ Associate Degree will be able to:

1. Demonstrate competency in major welding processes used in industry.
2. Apply welding processes and the use of hand tools and shop equipment to fabricate projects.
3. Recognize and interpret technical drawings in the planning and fabrication of projects.
4. Demonstrate appropriate workplace safety policies and procedures during welding and fabrication operations.
5. Apply mathematical concepts to solve problems related to an industrial/technical environment.

REQUIRED COURSES Units

DRFT 079 Blueprint Reading	3
IT 140 Industrial Materials	3
18 units from List A.....	18
Total Units	24

List A: (select 18 units) Units

WELD 120 Plate Welder (Basic)	3
WELD 121 Plate Code Welder (Advanced)	3
WELD 122 Pipe Welding (Basic)	3
WELD 123 Pipe Welding (Advanced)	3
WELD 124 Gas Tungsten Arc Welding (GTAW)	3
WELD 125 Gas Metal Arc Welding	3
WELD 126 Ornamental Iron Welding	3

Recommended Electives:

- OCED 070 Occupational Soft Skills
- OCED 090 Occupational Work Experience
- OCED 091 General Work Experience
- WELD 175 Welding Fabrication

This is a Gainful Employment Program. For additional information, please visit http://www.solano.edu/gainful_employment/ and select "Welding, Industrial Technician."

Welding

Welding Technician

Program Description

Designed to prepare the graduate for employment as a welder or a welder helper in the metal trades. The major types of welding covered are shielded arc, acetylene gas welding, metal inert gas, tungsten inert gas, automatic and semi-automatic welding machines.

Certificate of Achievement and Associate in Science Degree

A Certificate of Achievement can be obtained upon completion of the 49-unit major. The Associate in Science Degree can be obtained by completing a total of 70 units, including the major and the general education requirements. All courses for this major must be completed with a grade of C or better or a P if the course is taken on a Pass/No Pass basis. Certification of students as "Code Welders" is available at a nominal cost to the student.

Program Outcomes

Students who complete the Welding Technician Certificate of Achievement/ Associate Degree will be able to:

1. Demonstrate competency in major welding processes used in industry.
2. Apply welding processes and the use of hand tools and shop equipment to fabricate projects.
3. Recognize and interpret technical drawings in the planning and fabrication of projects.
4. Demonstrate appropriate workplace safety policies and procedures during welding and fabrication operations.
5. Apply mathematical concepts to solve problems related to an industrial/ technical environment.

REQUIRED COURSES	Units
WELD 100 Welding Technology	3
WELD 101 Welding Technology	10
WELD 102 Welding Technology	10
WELD 103 Welding Technology	10
DRFT 079 Blueprint Reading	3
IT 140 Industrial Materials	3
IT 150 Industrial Processes	3
Total Units	42

Recommended Electives:

IT 160 Electrical Fundamentals
OCED 070 Occupational Soft Skills
OCED 090 Occupational Work Experience
OCED 091 General Work Experience
WELD 175 Welding Fabrication

Welding Equipment Operator Job-Direct Certificate

All courses must be completed with a grade of "C" or better.

Required Courses	Units
WELD 175 Welding Fabrication	2
OCED 090 * Occupational Work Experience	1-8
Total Units	3-10

*Students will be required to complete 80 hours of cooperative supervised work experience to receive credit.

This is a Gainful Employment Program. For additional information, please visit http://www.solano.edu/gainful_employment/ and select "Welding Technician."

Welding

WELD 100 3.0 Units
Introduction to Welding

Course Advisory: SCC minimum English standard. This course is an introduction to welding processes, including shielded metal arc, gas metal arc, flux-cored gas shield and self shield, gas tungsten arc, oxyacetylene cutting and welding on joint designs, and positions used in industry. Safety in arc welding, oxyacetylene, and plasma cutting is also covered. *Field trips may be required. Two hours lecture, three hours lab.*

WELD 101 10.0 Units
Welding Technology

Prerequisite: WELD 100 or comparable industry experience or training. Course Advisory: SCC minimum English standard. Designed to present the theory, procedures, and manipulative skills required to weld mild steel plate to code certification levels with the shielded metal arc and flux cored arc welding processes. A basic understanding of metallurgy, metals identification, layout, and welding of other metals is also presented. *Five hours lecture, fifteen hours lab.*

WELD 102 10.0 Units
Welding Technology

Prerequisite: WELD 101 or comparable industry experience or training. Course Advisory: SCC minimum English and Math standards. Designed to present the theory, procedures, and manipulative skills required to weld metals of various thicknesses with the gas metal arc welding process. Introduces the student to the theory, procedures, and manipulative skills required to weld mild steel pipe to industrial standards. *Five hours lecture, fifteen hours lab.*

WELD 103 10.0 Units
Welding Technology

Prerequisite: WELD 102 or comparable industry experience or training. Course Advisory: SCC minimum English standard. Designed to present the theory, procedures and manipulative skills required to weld metals of various thicknesses with the gas tungsten arc process, as well as the theory, procedures and manipulative skills required to weld and fit pipe in all positions. *Five hours lecture, fifteen hours lab.*

WELD 112 1.0 Units
Carpentry Apprentice Welding

Course Advisory: SCC minimum English and Math standards. Provides introductory safety instruction and manipulative practice in the setup and use of oxyacetylene and arc welding and cutting equipment. Manipulative and written tests are used to give students practice and to evaluate performance in applying techniques learned. *Twelve hours lecture, twenty-four hours lab (1-week course).*

WELD 120 3.0 Units
Plate Welder (Basic)

Course Advisory: Successful completion of IT 110 or prior welding experience; SCC minimum English standard. Presents the theory, procedure and manipulative skills required to meet certification standards on one-inch plate using low hydrogen electrodes in the vertical position. Manipulative and written tests are used to give students practice and to evaluate performance in applying techniques learned. *Two hours lecture, three hours lab.*

WELD 121 3.0 Units
Plate Code Welder (Advanced)

Course Advisory: Successful completion of IT 110 or prior welding experience; SCC minimum English standard. Develops the principles taught in WELD 120, expanding the student's ability to weld one-inch thick certification plates in all positions with low hydrogen electrodes. Manipulative and written tests are used to give students practice and to evaluate performance in applying techniques learned. *Two hours lecture, three hours lab.*

WELD 122 3.0 Units
Pipe Welding (Basic)

Course Advisory: Successful completion of IT 110 or prior welding experience; SCC minimum English standard. Presents the theory, procedure, and manipulative skills required to meet certification standards on schedule 80 steel pipe in the horizontal fixed position. Manipulative and written tests are used to give students practice and to evaluate performance in applying techniques learned. *Two hours lecture, three hours lab.*

WELD 123 3.0 Units
Pipe Welding (Advanced)

Course Advisory: Successful completion of IT 110 or prior welding experience; SCC minimum English standard. Develops the principles taught in WELD 122, expanding the student's ability to weld pipe in all positions. Manipulative and written tests are used to give students practice and to evaluate performance in applying techniques learned. *Two hours lecture, three hours lab.*

Welding

WELD 124 3.0 Units
Gas Tungsten Arc Welding (GTAW)

Course Advisory: Successful completion of IT 110 or prior welding experience; SCC minimum English standard. Presents the theory, procedures, and manipulative skills required to weld aluminum steel and stainless steel with the Gas Tungsten Arc process. Manipulative and written tests are used to give students practice and to evaluate performance in applying techniques learned. *Two hours lecture, three hours lab.*

WELD 125 3.0 Units
Gas Metal Arc Welding

Course Advisory: Successful completion of IT 110 or prior welding experience; SCC minimum English standard. Presents the theory, procedures, and manipulative skills required to weld steel and aluminum with the gas metal arc process. Includes the manipulative skills required to weld with the flux cored arc process. Manipulative and written tests are used to give students practice and to evaluate performance in applying techniques learned. *Two hours lecture, three hours lab.*

WELD 126 3.0 Units
Ornamental Iron Welding

Course Advisory: Successful completion of IT 110 or prior welding experience; SCC minimum English standard. Presents the theory, procedures, and manipulative skills required to fabricate and weld ornamental iron projects. Manipulative and written tests are used to give students practice and to evaluate performance in applying techniques learned. *Two hours lecture, three hours lab.*

WELD 130 4.0 Units
Beginning Shielded Metal Arc Welding (Stick 7018/6010 Basic)

Advisory: SCC minimum English and Math standards. This course is designed to build arc welding skills with an emphasis on flat and horizontal welding. Course activities prepare students for welding certification and advanced welding classes. Welding applications and parameters are discussed and applied throughout the class developing the student's ability to problem solve and develop welding skills. *One hour lecture, nine hours lab.*

WELD 131 4.0 Units
Intermediate Shielded Metal Arc Welding (Stick Welding)

Prerequisite: WELD 130 with a minimum grade of C. Advisory: SCC minimum English and Math standards. This course is designed to advance arc welding skills with an emphasis on vertical and overhead welding. Course activities prepare students for welding certification and employment. Welding applications and parameters are discussed and applied throughout the class developing the students ability to problem solve, develop and enhance welding skills. *One hour lecture, nine hours lab.*

WELD 132 4.0 Units
Advanced SMAW (Stick Welding)

Advisory: SCC minimum English and Math standards. This course is designed to advance arc welding skills with an emphasis on vertical and overhead welding. Course activities prepare students for welding certification and employment in the metal trades. Welding applications and parameters are discussed and applied throughout the class developing the students ability to problem solve and develop welding skills. This course is designed to enhance welding skills and employability in the field of structural iron working. This course also prepares the student for the American Welding Society plate code D1.1 unlimited thickness in all position certification. *One hour lecture, nine hours lab.*

WELD 136 4.0 Units
Beginning Structural Steel and Flux Core Arc Weld (FCAW)

Advisory: SCC minimum English and Math standards. This course emphasizes developing skills on structural steel and FCAW practices. Related instruction will include ferrous metal identification and welding characteristics, Flux core welding applications and variable, dual shield inert shielding gases and mixtures, troubleshoot FCAW equipment and welds completed in the flat and horizontal positions (1G and 2G). *One hour lecture, nine hours lab.*

WELD 137 4.0 Units
Advanced Structural Steel and Flux Core Arc Weld (FCAW)

Prerequisite: WELD 136 with a minimum grade of C. Advisory: SCC minimum English and Math Standards. This course emphasizes developing skills on structural steel and FCAW practices. Related instruction will include ferrous metal identification and welding characteristics, FCAW welding applications and variable, dual shield inert shielding gases and mixtures, troubleshoot FCAW equipment and welds completed in the vertical and overhead position (3G 4G positions). *One hour lecture, nine hours lab.*

Welding

WELD 145 4.0 Units

Intermediate Pipe Welding 7018 STK (SMAW)

Prerequisite: WELD 144 with a minimum grade of C or have comparable industry experience. This is an intermediate pipe welding course with an emphasis on API 1104 certification. Course instruction includes code, pipe classification and identification. Completion of the class does not guarantee certification unless welding procedure qualification tests are passed. Pipe welding is a skill that requires a great deal of hand-eye coordination. Hours of practice are needed to master skills to advance and become skilled for employment. *One hour lecture, nine hours lab.*

WELD 175 2.0 Units

Welding Fabrication

Course Advisory: SCC minimum English and Math standards. Designed to increase student knowledge and tactile skills with welding processes and related metal working equipment. *Four hours lecture, sixteen hours lab (4-week course).*

WELD 500 0.0 Units

Special Welding Problems

Prerequisite: Permission of the instructor. Designed to assist with vocational placement for advanced welding students who have sufficient background in welding fundamentals to pursue more independent studying in the area of their choice. The student works by arrangement with the instructor on an outlined program of study to achieve independent objectives. *This is an Open Entry/Open Exit course. Hours by arrangement as required.*

Parking Information

Daily or semester parking permits are required and must be clearly displayed (semester and permit # or date and time for daily displayed permits) throughout each semester and summer session for all vehicles parked at the Fairfield Campus and the Vacaville and Vallejo Centers. Parking permits are not transferable from one person to another. It is against the law to alter, forge, reproduce, sell, or loan your parking decal to another person. Faculty/Staff and designated reserved parking (Rideshare, Disabled, Visitors, etc.) is enforced 7 days a week, 24 hours a day.

Motorcycles: Motorcycles may park in designated motorcycle areas without cost or permits. Motorcycles parked in other areas require permits at the vehicle price.

Purchasing a Permit

Semester/Session
Summer: \$6.00
Fall: \$20.00

Parking permits for the upcoming term are available at the time of registration and throughout the term.

- Log into MySolano (www.solano.edu)
- Under "Parking" click "Student Parking"
- Under "Student Parking Permits" select the appropriate term
- Fill out all information then click "Next"
- Choose or complete "Deliver to" address then click "Next"
- Make any needed edits and/or click "Next"
- Enter your credit card information
- Agree to Credit Card Transaction Agreement then click "Submit My Order"
- Follow the link to print out your Temporary Parking Permit, or go to the order confirmation email and print the attached Temporary Parking Permit

The parking permit should arrive by mail 7 – 10 business days after purchase.

DAILY PARKING PERMITS

- Daily permits must be purchased and displayed each day for vehicles parked on campus
- Purchase Daily permits for \$1.00 (Dispensers accept one-dollar bills and coins)
- Dispensers are located near the entrance of each parking lot
- Daily parking permits are interchangeable between the Fairfield Campus and the Vacaville and Vallejo Centers
- An inoperable dispenser does not relieve the requirement for a parking permit. Please locate a different dispenser to purchase a daily parking permit.
- Notify the Campus Sheriff's Office if the permit dispensers malfunction: (707) 864-7131, or Bldg. 1800B

RIDESHARE/CAR POOL PERMITS

- Visit the Student Life Office in 1425 (across from the Bookstore, Main Campus) to apply for a Rideshare permit. Rideshare permits are available on a limited basis for current SCC students who have three or more current SCC students sharing transportation to campus (carpooling).
- Provide current SCC ID cards, proof of enrollment, and license plate numbers of all cars to be driven as part of Rideshare/Car Pool.
- Contact the Student Life Office for more information (Room 1425, Phone 707-864-7000 ext. 4367).

Rideshare parking spaces are not available at the Vacaville or Vallejo Centers.

Parking Information

TRAVIS AIR FORCE BASE (AFB) PARKING

Register for a course at Travis AFB by contacting the instructor to obtain an 'add code' and add the class. Contact the Travis AFB office at (707) 424-2431 for additional instructions.

Obtain base pass at the Visitor Control Center, 615 Airbase Parkway, Fairfield, CA (located on the left-hand side before the main gates) by providing the following information:

- A current driver's license
- Valid car registration for the vehicle driven to class each week (vehicle [gate] passes are not transferable to any vehicle other than the one for which the pass was originally issued)
- Valid proof of vehicle insurance
- Proof of enrollment at Travis AFB (registration printout with current classes is acceptable)
- Additional forms of identification as needed upon request

Please allow one hour for issuance of a gate pass.

Students must have their own transportation to Travis AFB. Automobiles without military ID or an authorized semester pass will not be admitted on Travis AFB. For additional information, please call the SCC Travis Office (707) 424-2431.

Vehicle (gate) passes are not transferable to any vehicle.

PARKING ENFORCEMENT

Parking is not enforced in student lots during the first week of the fall and spring semesters and summer session offered (e.g. for a 10-week session, parking is not enforced for the first week. Parking will be enforced for any session beginning after the 10-week session.)

Permit parking is enforced in student lots during each semester and summer session M-F 6 a.m. – 10 p.m. Ride Share, Visitor Parking, Faculty and Staff Parking, Disabled Parking and other reserved areas require appropriate parking permit is displayed at all times 24 hours a day, 7 days a week.

PARKING LOT INFORMATION

Student Lots:

- Fairfield Campus Lots 1 – 7
- Vacaville Center Lots 1 – 4
- Vallejo Center Lots 1 – 2

Faculty / Staff Lots:

- Fairfield Campus Lots A – F
- Reserved stalls in other locations

Disabled Parking:

Individuals parked in the marked Disabled Parking spaces must have state issued placard or plates AND an SCC daily or semester parking permit.

Early Learning Center Parking:

15-minute drop-off or pick-up parking is available in the yellow zones in Lot D outside 200A. No faculty / staff or student parking is allowed in the Child Care Center yellow zone parking.

Cosmetology Services Parking

Parking for Cosmetology Services is located in Lot D. Cosmetology Parking spaces are in front of the Cosmetology Building (1600). Patrons must display a permit from the Cosmetology Department. These spaces are restricted to Cosmetology patron parking M-F 8:00a.m. – 5:00p.m.

Parking Information

Visitor Parking

Visitor parking is available in the marked spaces in Lot 1. Parking is available in these spaces for 30 minutes at a time in a 4-hour block. For visits longer than 30 minutes, daily parking permits can be purchased for \$1.00 from the dispensers, then park in one of the Student parking lots. The visitor parking area is not available for faculty, staff, or students.

Rideshare Parking

Special permits are available for 3 or more SCC students sharing transportation to the Fairfield Campus to park in rideshare spaces in Lots 1 and 2.

ADDITIONAL PARKING INFORMATION:

- Permits must be displayed according to the permit directions
- Parking Handbooks are available online at <http://www.solano.edu/police/parking.php> or at the Campus Sheriff's Office in Building 1800B on the Fairfield Campus
- California Vehicle Code and SCC District parking regulations are enforced by the Campus Sheriff's Office
- An appeal process is available to contest parking citations (www.pticket.com/solanocc, click on "How to Contest")

For questions regarding parking, call (707) 864-7131.

Campus Maps - Travis Air Force Base

The Travis AFB University Center is located in Building 249 at 530 Hickam Avenue on Travis Air Force Base. To get to the Center, take the Air Base Parkway exit off of I-80 and follow it until it ends at the Travis Main Gate. Instructions for obtaining a pass are located below. After obtaining a pass, proceed through the Main Gate, staying on the same street. Turn right onto First Avenue, then left on Waldron Street. About half way down the length of the street, turn right into the parking lot. Drive to the back of the lot; you will see the University Center on your right. You may park in any vacant space.

TRAVIS AIR FORCE BASE GATE PROCEDURE:

Due to base security measures, all non-military students must be registered in a class that meets at Travis AFB to receive a pass to enter the base. Students already registered for Travis classes will be able to obtain their base pass at the **Visitor Control Center**, 615 Airbase Parkway, located on the left-hand side before the main gates. The office is open Monday through Friday 6:00 am - 9:00 pm. Students will be able to obtain their base pass the day class begins. Please be advised it could take at least one hour or more to obtain a base pass. All registered students are required to present all of the documents listed below:

1. A current driver's license
2. Valid car registration (this must be the vehicle you will drive to class each week)
3. Valid proof of vehicle insurance.
4. Proof of your enrollment in a class at Travis (your registration printout showing your classes).
5. Travis AFB personnel may require other forms of identification as needed.

IMPORTANT: Students must have their own transportation. Anyone in an automobile without military ID, or an authorized semester pass, will not be admitted on TAFB.

If you wish to add a Travis class, you must contact the instructor to obtain an "Add [Authorization] Code" and enroll in the course prior to being admitted to the Base. Once enrolled you must contact the SCC Travis office to inform them.

For additional information or inquiries, please go to www.solano.edu/tafb or call the SCC Travis Office at (707) 424-2431.

Center Hours:
Monday/Tuesday 2:30 pm - 6:00 pm
Wednesday/ 9:00 am - 6:00 pm
Thursday Friday Closed

Campus Maps - Vacaville Center

The Solano Community College Vacaville Center is located north of the City of Vacaville at 2001 North Village Parkway. Turn onto North Village Parkway (formerly known as 1990 Akerly Drive), just off of Vaca Valley Parkway.

DIRECTIONS FROM FAIRFIELD/VACAVILLE:

Take I-80 East to I-505 and drive about 1/2 mile to the Vaca Valley Parkway exit. Turn right at the exit ramp stoplight on to Vaca Valley Parkway and go one block to North Village Parkway. Turn left at the stoplight on to North Village Parkway; the parking lot entrance to the Center is visible on the right side of the street within a distance of 1/2 block.

DIRECTIONS FROM DAVIS/DIXON:

Take I-80 West to the Leisure Town Road exit. Turn right onto Vaca Valley Parkway. Continue straight for approximately 1/2 mile to North Village Parkway and turn right at the stoplight. Turn right into the parking lot entrance to the Center.

PARKING:

Semester parking passes are \$20 per vehicle and may be purchased online through your MySolano account. The permit is valid for the Fairfield campus and the Vallejo and Vacaville Centers. Daily parking permits are available for \$1 from the machines located in the parking lots. Daily permits are valid for all campus locations.

For additional information please go to: www.solano.edu/vacaville or call the Vacaville Center at (707) 863-7836

Campus Maps - Vallejo (Fall 2017)

The Solano Community College Vallejo Center is located at 545 Columbus Parkway.

DIRECTIONS FROM FAIRFIELD/VACAVILLE/DAVIS/DIXON

Take I-80 toward San Francisco and exit at Columbus Parkway. The Solano Community College Vallejo Center is located approximately 1 & 1/2 miles on your right.

DIRECTIONS FROM PLEASANT HILL/CONCORD/WALNUT CREEK

Take 680 North to 780 West. From 780 West take I-80 East toward Sacramento. Exit at Columbus Parkway. The new Solano Community College Vallejo Center is located approximately 1 & 1/2 miles on your right.

PARKING

Parking at the Vallejo Center is \$20 per vehicle. The permit is valid for the Fairfield campus and the Vallejo and Vacaville Centers.

Daily parking permits are available for \$1 from the machine located in the parking lot and are valid for all campus locations. Parking is enforced 24 hours a day.

For additional information or inquiries please go to: www.solano.edu/vallejo or call the Vallejo Center at (707) 642-8188.

Due to summer upgrades at the Vallejo Center, Summer 2017 classes will be held at MIT. See the map on the following page.

Updated in
Addendum

Campus Maps - MIT Center (Summer 2017)

Summer 2017 Vallejo Center courses will be relocated to the MIT Center at 2 Positive Place, Vallejo, CA 94589

DIRECTIONS FROM THE VALLEJO CENTER (545 COLUMBUS PARKWAY, VALLEJO)

Depart Columbus Pkwy / Auto Mall Pkwy toward I-80. Take the ramp for CA-37 W. At exit 20, take the ramp right toward Discovery Kingdom / Fairgrounds Dr. Bear right onto Fairgrounds Dr. Turn left onto Whitney Ave and then right onto Mini Drive. The center will be on your right.

DIRECTIONS FROM DAVIS/DIXON/VACAVILLE/ FAIRFIELD:

From I-80 West toward San Francisco take exit 36 at American Canyon Road and turn right. Turn left onto Flosden Rd. Bear right onto Fairgrounds Drive, and then turn right onto Corcoran Ave. Pass the MIT entrance and turn left onto Mini Drive. The center will be on your left.

PARKING:

Parking is on Mini Drive. Please follow signs for additional parking.

Glossary

Academic Year - Consists of the summer session and fall semester of one year and the spring semester of the following year.

Accredited Institution - A college or university which has been accredited by an institutional accrediting body which is recognized by the Council on Postsecondary Accreditation and the U.S. Department of Education.

Add - Officially enrolling in a course.

ASSIST - A computerized student-transfer information system that can be accessed over the World Wide Web. It displays reports of how course credits earned at one California college or university can be applied when transferred to another. ASSIST is the official repository of articulation for California's colleges and universities and therefore provides the most accurate and up-to-date information available about student transfer in California. The ASSIST web site is: www.assist.org.

Assessment/Placement Tests - Tests given prior to registration in classes. The results are used to determine the student's placement at the most appropriate class level.

Associate Degree (A.A. or A.S.) - A degree (Associate in Arts or Associate in Science) granted by a community college which recognizes a student's satisfactory completion of an organized program of study of at least 60 units, including the major and general education requirements.

Bachelor's Degree (B.A., A.B., or B.S.) - A degree granted by a four-year college or university which recognizes a student's satisfactory completion of an organized program of study consisting of at least 120 semester units.

CalWORKs - California Work Opportunities and Responsibility to Kids program is available at Solano Community College. Students in this program will be referred by Solano or Yolo County Social Welfare Departments. This welfare-to-work program will enable welfare recipients to attain job training skills.

CARE - Cooperative Agency Resources for Education (CARE) is a supplemental component of EOPS that specifically assists EOPS students who are single heads of welfare households with young children, by offering supportive services so they are able to acquire the education, training and marketable skills needed to transition from welfare-dependence to employment and eventual self-sufficiency for their families. Every CARE student is an EOPS student who must meet the eligibility criteria for both programs.

Canvas - The Learning Management System used by Solano Community College to deliver online courses. Class materials, assignments and communications are accessed through the Canvas website.

Certificate of Achievement - A certificate granted by a community college which recognizes a student's satisfactory completion of an organized program of vocational study in the major.

Class Section - See "CRN."

College Work Study (CWS) - A program of federal aid which provides funds for student jobs.

Community Education Course - Fee-based, not for credit courses offered through the College Community Education Office, Vistas.

Concurrent Enrollment - Taking one course at a CSU or UC campus while also enrolled at Solano Community College.

Corequisite - There are two types of corequisites. The first is a course or equivalent preparation that must be taken concurrently with another course. The second is a course or equivalent preparation that may be completed before OR taken concurrently with another course. Both types of corequisites are listed under "Prerequisites," but the second type is followed by the parenthetical phrase "may be taken concurrently." A student's enrollment in a course with a corequisite is blocked until the requirements of the corequisite are satisfied.

Course - A particular portion of a subject selected for study. This is identified by a course number, for example, Psychology 001 (PYSC 001)

Course Advisory - A course or equivalent preparation that will broaden or deepen a student's learning experience in a subsequent course. A student's enrollment in a course with an advisory is not blocked for lack of the advisory skills.

Course Description - Brief statement about the content of a particular course.

Course Number - Course should read "006" (three digits) Honors - should read "049" or "099" (three digits) and "HIST 017H."

Course Reference Number (CRN) - This is identified in the class schedule by a specific CRN number (formerly class section).

Credit - Refers to the units earned by completing a class. Credit by Examination- Course or unit credit granted for demonstrated proficiency in a given area as determined by an examination.

CSU - California State University System. The CSU web site is www.calstate.edu.

Glossary

Degrees - A diploma granted by a college stating that the student has attained a certain level of ability in a specific field. The most common degrees are:

- 1) A.A.— Associate of Arts;
- 2) A.S.— Associate of Science;
- 3) B.A.— Bachelor of Arts;
- 4) B.S.— Bachelor of Science;
- 5) M.A.—Master of Arts;
- 6) Ph.D.—Doctor of Philosophy; and
- 7) Ed.D.—Doctor of Education.

Disqualification - A situation caused by low academic or progress performance, in which the disqualified student may not continue at the college without approval for readmission. See Catalog section on Academic Regulations.

Drop - Selectively withdrawing from a course, but remaining enrolled in college.

Drop Dates - 1) Last day to drop a class with no course or grade recorded (at the 30% point of the class); 2) Last date to drop a class with "W" grade recorded (at the 62.5% point of the class).

DSP - Disability Services Program offers supportive services for students with physical, communication, learning disabilities, psychological disabilities or other medical problems.

Elective - Courses which are not required for the major or general education but are acceptable for credit. An elective course may be in the student's major area of study or any department of a college. EOPS- Extended Opportunity Programs and Services (EOPS) primary goal is to encourage the enrollment, retention and transfer of students disadvantaged by language, social, economic and educational circumstances, and to facilitate the successful completion of their goals and objectives in college. EOPS offers academic and support counseling, financial aid and other support services.

EUREKA - A computerized career information system available to students in the College Career Center.

Full-time Student- A student taking twelve or more class units in a regular semester. Note: For enrollment fee purposes, the State considers 6 units as full-time.

General Education Requirements - Courses covering the broad area of thought and experience common to every person. There are two types of general education or breadth requirements, one for the associate degree and one for a bachelor's degree.

Good Standing - Indicates that a student's grade point average in the previous semester and cumulative grade point average is C (2.0) or better.

Grade Points - The numerical value of a college letter grade, A-4, B-3, C-2, D-1, others-0.

Grade Point Average - Grade point average (GPA) indicates an overall level of academic achievement. It is an important measure used in making decisions on probation and disqualification, eligibility for graduation, and transfer to four-year institutions. The grade point average is derived from the following unit system:

- A-4 grade points per unit
- B-3 grade points per unit
- C-2 grade points per unit
- D-1 grade point per unit
- F-0 grade points per unit

The GPA is calculated by dividing the total number of grade points received by the number of units attempted. Honors- These courses are designated with the course number "049" or "099" in the discipline in which they are offered. These courses have prerequisites. Please see the dean of the appropriate discipline area for more information.

Hour - Same as credit, credit unit, unit (See Credit).

Hybrid Course - A class presented using a combination of instructional formats. Both in-class and online instruction, assignments, and activities are included in hybrid courses.

IGETC - Intersegmental General Education Transfer Curriculum. Completion of the IGETC will permit a student to transfer from a community college to a campus in either the California State University or University of California system without the need, after transfer, to take additional lower-division, general education courses to satisfy campus G.E. requirements. (See counselor for exceptions).

Independent Study - Opportunity to do individual study in areas not covered in a regular course.

Job-Direct Certificate - A certificate granted by Solano College which recognizes a student's satisfactory completion of a shortened program of study specifically designed to prepare students for employment in the identified field.

Late Start - Courses or programs offered in an accelerated mode. Some courses can be completed in less than a semester. Some programs can be completed in less time than normally offered programs.

Learning Community - A class where students work together with a team of instructors from different subject areas to study a theme or question. Learning community classes involve less traditional lecture and more seminar, discussion, and group activities.

Glossary

Learning Disability Program - This program offers specialized services and instruction to students that have been identified as learning disabled.

Lower Division - Courses at the freshmen and sophomore level of college.

Major - An organized program of courses leading to an Associate Degree or Occupational Certificate.

Matriculation - A process which brings a college and a student who enrolls for credit into an agreement for the purpose of realizing the student's educational objective. A primary part of matriculation is the assessment, orientation, and counseling of new nonexempt students. The following students are exempted from the matriculation process:

- 1) Students who have completed an Associate degree or higher;
- 2) students who seek to enroll in noncredit courses only;
- 3) students indicating an education goal of job skills (to maintain current job), personal interest (not for employment), complete credits for high school, or maintain certificate or license (i.e., nursing, real estate).

Minor - The subject field of study which a student chooses for secondary emphasis.

MySolano - A web-based portal for students to look up classes, register for classes, get grades, request transcripts, get news and information, email and more. *Visit www.solano.edu.*

Noncredit Course - Courses numbered 500-799 which grant no college credit or student grades. A noncredit course should not be confused with the credit/nocredit grading option defined above.

Online Courses - Courses offered by Solano Community College that can be completed entirely online through the Internet. Instructor and student interact in a variety of ways (email, chat rooms, discussion boards). Course content and assignments are equivalent to comparable courses taught on campus. Online courses follow the same semester schedule as on campus classes; they are not self-paced. However, students have more flexibility over their study time in an online course. Some online courses may require occasional on-campus meetings for orientations or exams.

Open Entry - Courses which may be added to a program of study throughout the semester.

Open Exit - Courses which may be completed upon fulfillment of course requirements at any time during the semester.

Pass/No Pass - A grading system by which units of credit may be earned but no letter grade is assigned. Such units are not used in computing the grade point average. The credit/no-credit grading option should not be confused with noncredit courses defined above.

Prerequisite - A course or equivalent preparation that must be completed before enrolling in another course. A student's enrollment in a course with a prerequisite is blocked until the requirements of the prerequisite are satisfied.

Probation - A trial period in which a student must improve scholastic achievement.

Program Changes - Adding or dropping classes after the original program.

Program of Study - A planned series of courses and activities.

Registration - The process of selecting and enrolling in classes and paying the required fees.

SCC Minimum English Standard - Eligibility for enrollment in ENGL 370.

SCC Minimum Mathematics Standard - Eligibility for enrollment in MATH 102 or MATH 330 (Elementary Algebra).

Schedule of Classes - A list of courses offered for a particular semester, which can be found online at www.solano.edu, and which list by subject, course number, CRN, course title, units, instructor, time, and location. Semester- A subdivision of the academic year into two sessions, usually fall and spring, each lasting approximately seventeen weeks.

Smart Classroom - A classroom in which the instructional methods used may include a variety of multimedia technologies such as computers, CD ROM, VCR, Laser Disk, Internet and presentation software programs. Student Load- The number of class units which a student takes in any given semester. A full student load is twelve or more units. A normal full-time class load is fifteen units. Substandard Grades- A grade of D, F, or NC. (Title V 55761).

TAA - Transfer Admission Agreements.

TANF - Transitional Assistance to Needy Families is available at Solano Community College. Students in this program will be referred by Solano or Yolo County Social Welfare Departments. This welfare-to work program will enable AFDC welfare recipients to attain job skills.

TBA - To be announced (TBA) is noted in the Schedule of Classes when the room or time of a course was not known at time of schedule printing. Lists are posted at registration time to provide information to replace TBA. Tech Prep- A seamless vocational curriculum partnership between participating high schools and Solano Community College which leads to technical proficiency / certification and job placement.

Glossary

Transcript - A list of all courses taken at a college or university showing the final grade received for each course. Official transcripts bear a seal of the college and signature of a designated college official and are sent directly from one institution to another.

Transfer - Changing from one college to another after meeting the requirements for admission to the second institution.

Transfer Course - A course acceptable for credit at another college.

Travel Study - A course which combines traditional class study with the non-traditional learning experience of travel to an off-campus site relevant to the course subject matter.

Units - The measure of college credit given a course, usually on the basis of one unit for each lecture hour per week or for every two to three laboratory hours per week.

Attempted Hours (AH) - Total number of units in the courses for which a student has enrolled and received a grade of A, B, C, D or F.

Passed/Earned Hours (PH/EH) - Total number of units in the courses for which a student has received a grade of A, B, C, D, F, or CREDIT.

UC - The University of California System. The UC web site is www.ucop.edu.

Upper Division - Courses or classes intended for the junior and senior years of college.

Variable Units - The range of units which may be earned in a given course.

Waitlist - Allows students to show their interest in a course where the seat capacity has been reached.

Withdrawal - Dropping one or more classes.
