

VACAVILLE CENTER

(707) 864-7836

<http://www.solano.edu/vacaville>

2001 North Village Parkway, Vacaville, CA 95688

Monday - Thursday: 8:00 a.m. - 6:00 p.m. Friday: 8:00 a.m. - 3:00 p.m.

STUDENT SERVICES AVAILABLE AT THE VACAVILLE CENTER

- Assessment
- Financial Aid Assistance
- Learning Labs
- Library Services
- Counseling and Career Guidance
- Transfer Workshops
- Registration Assistance
- Computer Labs
- Student Health Services

Assessment Testing

Assessment testing is available at the Vacaville Center. Please see the Assessment Schedule page.

Book Sales

Textbooks for all Vacaville Center classes may be purchased at the Fairfield Campus or online: www.solano.edu/bookstore

Counseling

The Counseling Center provides career, educational, and personal counseling services. You can make a counseling appointment in person or online at www.solano.edu, then click "MySolano" or call the Vacaville Center at (707) 863-7836.

Registration Assistance

We can help you with applications and online registration during our regular business hours.

KINESIOLOGY

Students should be aware that there are inherent risks involved in any Kinesiology class. Students must notify the instructor of any medical condition they have, or have had in the past, that may impact their ability to participate in the class. Discipline Note: Intercollegiate athletics is for those students who wish to compete against other students at an advanced level of sport from other community colleges. To be eligible, student-athletes must be continuously enrolled in a minimum of 12 units during the semester of competition. For second year of competition, the student-athlete must have completed 24 units between seasons of competition with a minimum of a 2.0 grade point average.

ONLINE CLASSES

Solano Community College offers two types of Internet classes for credit: online and hybrid classes. Online classes are taught over the Internet and hybrid classes are taught partly over the Internet and partly in the classroom. These classes have regular assignment schedules and reading material and the same learning requirements as traditional classes. Participation in online sections and hybrid sections requires that the students have a computer with Internet access and a web browser. The individual classes will also have additional requirements such as a textbook and possibly a specific software program to be used. You might also have to come to campus for an in-person exam.

Online: These classes utilize the Internet to create an educational experience that can be completely independent of time and place. Students still purchase textbook(s) and take tests, but they do the majority of the classwork at a computer connected to the Internet. They work according to their own schedule, at home, in the office, or on open access computers on campus in the library. Course materials, the syllabus, assignments, tests, and links to other Web resources are contained on the course site. Students communicate with their instructor and each other by sending and receiving email and by participating in “threaded discussions.” These are discussions that continue over time where students drop in to read the comments and to add their own. While online classes may not be for everyone, they are well-suited to students who are self-motivated, who have access to a computer, who may have busy schedules, and who may not be able to travel to campus for classes with specific meeting times.

Hybrid: These classes use a combination of the face-to-face and online formats. Some activities will be conducted in a group (traditional class) format and some activities are conducted (online). These classes offer the best of both worlds - flexibility with the online portion and the sense of being in a group with the traditional class meeting.

In order to be successful in online and hybrid courses, students need to be self-directed, motivated, and able to independently complete and electronically submit assignments on schedule. Students will also need basic internet skills and consistent access to a computer with internet capability.

ACCOUNTING

ACCT	001	Principles of Accounting - Financial	UC/CSU	4.0

KINESIOLOGY

Students should be aware that there are inherent risks involved in any Kinesiology class. Students must notify the instructor of any medical condition they have, or have had in the past, that may impact their ability to participate in the class. Discipline Note: Intercollegiate athletics is for those students who wish to compete against other students at an advanced level of sport from other community colleges. To be eligible, student-athletes must be continuously enrolled in a minimum of 12 units during the semester of competition. For second year of competition, the student-athlete must have completed 24 units between seasons of competition with a minimum of a 2.0 grade point average.

ATEC 134	Automatic Transmissions/Transaxles	4.0
Prerequisite: ATEC 070 with a minimum grade of C (may enroll concurrently). Course Advisory: ATEC 131; SCC minimum English and Math standards. Hours: 32-36 lecture, 96-108 lab. The study of hydraulic and electronically actuated automatic transmissions and transaxles. Topics will include positive and variable displacement pumps, torque converters, bands and clutches, hydraulic valves, electronic shift solenoids, governors, and common compound planetary gear arrangements. Laboratory will focus on diagnostic and overhaul procedures, in-vehicle testing, and bench testing of various components. The course is designed in conjunction with Automotive Service Excellence (ASE) standards and subsequently will prepare the student for the ASE Automatic Transmission A2 Certification Examination.
