Interdisciplinary Studies: Science and Quantitative Reasoning
Associate in Arts

Program Description
This major is designed for students who are not certain of their specific academic major goals and do not have immediate transfer plans. It would enable them to earn the Associate Degree by completing general education and the 18-unit major. The program is intended to involve inquiry into the physical universe and its life forms with consideration of facts and principles which form the foundations of living and non-living systems. Students will explore scientific methodologies as investigative tools, the acquisition and use of evidence, and the past and present influences of science on world civilizations. Understanding and analysis of basic mathematical and quantitative reasoning concepts will be explored. This program includes courses in areas such as computer science, math, and science.

The Associate in Arts can be obtained by completing a minimum of 18-units in the major, General Education, and electives as needed to complete a minimum of 60 units. All courses for this major must be completed with a minimum grade of C or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes
Students who complete the Interdisciplinary Studies: Science and Quantitative Reasoning Associate in Arts will be able to:
1. Discern the relationship between personal perspective and evidence-based evaluation of information.
2. Discover the nature and common themes of the disciplines represented
3. Acquire a knowledge base that encourages lifelong learning in order for them to effectively adapt to a complex and changing society.

REQUIRED COURSES:
Minimum 6 units from Science
Minimum 6 units from Quantitative Reasoning
6 units from Science and/or Quantitative Reasoning
*Chemistry courses may not be used in both areas, must choose one area.

Required Major Total Units.................................18

Science
ANTH 001
ASTR 010, 020, 030, 040
BIO 002, 003, 004, 005, 012, 012L, 015, 016, 018, 019
CHEM* 001, 002, 003, 004, 010, 011, 051, 160

Wellness and Self Development
Associate in Arts

Program Description
This program is designed to equip students with the informative tools to support education in lifelong wellness and self-development. Students will be well acquainted with the vast landscape of wellness, self development, while considering the psychological, biological, developmental, and physical factors involved. They will be able to make more effective decisions about optimizing their own wellness, lifestyle and performance.

The Associate in Arts can be obtained by completing the 18-unit major, General Education, and electives as needed to complete a minimum of 60 units. All courses for this major must be completed with a minimum grade of C or a P if the course is taken on a Pass/No Pass basis.

Program Outcomes
Students who complete an Associate Degree will be able to:
1. Apply the theories of Wellness and Self Development with attention to personal, professional growth and vocational/life purpose.
2. Apply understanding of personal self and others to gain insight in both a psychological and biological perspective, thereby, enhancing personal wellness and community relationships.
3. Acquire a knowledge base that encourages lifelong learning for students to effectively adapt to a complex and changing society.

REQUIRED COURSES .............................................. Units
3 units from Wellness Required ................................. 3
3 units from Self Development Required .................... 3
3 units of any Wellness course(s) ............................. 3
3 units of any Self Development course(s) .................. 3
6 units of any Wellness and/or Self Development course(s) .................................................. 6

**courses may only be used one time within the major**

Required Major Total Units................................. 18

WELLNESS

Required (select a minimum of one course) .......... Units
HED 002 Health Education ........................................ 3
HED 003 Women’s Health Issues .............................. 3
KINE 057 Introduction to Sports Psychology ................ 3
NUTR 010 Nutrition ................................................. 3

Electives
