Fax: (707) 863 - 7806

May 10, 2010

Dear EOPS Applicant:

The Extended Opportunity Programs and Services (EOPS) Book Services Program would like to invite you to submit an EOPS Application for the academic year of 2010-11. However, due to the current State of California financial conditions and the proposed budget cut to the EOPS Program, the EOPS Program may be limited. Your EOPS Application will be based on the number of slots we will have available and the availability of EOPS funds.

Therefore, you may meet the program requirements but not be funded. In order to be considered as an eligible applicant and be accepted in the EOPS Program, you must complete all the necessary steps outlined below. You must complete all the steps listed below before submitting your application to the EOPS Program.

Step 1	Submit a Solano Community College Application at www.solano.edu and click on Application.
Step 2	Complete the Solano Community College Assessment Test. If you have already taken the SCC Assessment Test, please let staff know and they will verify your test results.
Step 3	Be eligible for the Financial Aid Fee Waiver (BOGG A or B).
Step 4	Complete or submit your Financial Aid 2010-11 FASFA (or renewal FASFA) form by visiting www.solano.edu . Click on Financial Aid for more information.
Step 5	Be enrolled in 12.0 units (full-time student).
Step 6	If you are transferring to Solano College, you are required to submit copies of transcript/s from other schools or colleges with your EOPS Application for evaluation. Note: to submit an EOPS Application <u>you must have completed less than 30.0 college units.</u>
Step 7	If you are eligible for the EOPS Program, you will receive a telephone call to schedule your EOPS orientation and counseling appointment.

The EOPS Program is looking forward to serving you. If you have any questions, please call the EOPS Office at 864-7000 ext. 4444.

Thank you.
