Title IX

What is Title IX

Title IX of the Education Amendment of 1972 prohibits discrimination on the basis of sex in educational programs and activities at academic institutions that receive federal financial assistance.

Sexual discrimination includes sexual harassment or sexual violence that compromises the educational opportunities or well-being of an individual and therefore is prohibited under Title IX. Unwelcome physical contact, conduct, or communications of a sexual nature that includes sexual advances, requests for sexual favors, or sexual intimidation constitutes sexual harassment when deemed so severe, persistent, or pervasive that it explicitly or implicitly impacts the employment of an individual, interferes with the educational performance of an individual, or creates a hostile work or educational environment for an individual.

Solano Community College (SCC) is committed to providing an academic and employment environment free from harassment or discrimination for all members of its community including students, staff, faculty, administrators, guests, and vendors. Individuals within the institution have been empowered to promptly address all complaints of discrimination, sexual harassment, and related retaliation in accordance with applicable federal and state laws.

More information can be found in Board policy 4270 or at http://www.solano.edu/about_scc/titleIX.php.

How do I report Title IX issues or concerns?

Chor Thao, JD maintains the title of the SCC Title IX Coordinator. Ms. Thao provides oversight and leadership of SCC Title IX compliance efforts while working in concert with the Vice President of Student Services and with the Office of Human Resources to establish a safe and supportive academic, working, and living environment free of discrimination based on sex, sexual harassment (sexual violence), and related retaliation.

If you believe you or someone has incurred any form of sexual harassment or sex-based discrimination by any student, employee, or visitor at SCC as described under Title IX, please report such misconduct or file a formal complaint with the Title IX Coordinator or official contacts listed below:

The recipient must not discriminate in any of the following areas: deciding who will be admitted, or have access, to any WIOA Title I financially assisted program or activity; providing opportunities in, or treating any person with regard to, such a program or activity; or, making employment decisions in the administration of, or in connection with, such a program or activity.

This means that, upon request and at no cost to the individual, recipients are required to provide appropriate auxiliary aids and services to qualified individuals with disabilities.

What to do if you believe you have experienced discrimination

If you think that you have been subjected to discrimination under a Workforce Innovation and Opportunity Act (WIOA) Title I financially assisted program or activity, you may file a complaint within 180 days from the date of the alleged violation with either the recipient's Equal Opportunity Officer (or the person whom the recipient has designated for this purpose)

- For ten consecutive work days, employees are entitled to full pay for their normal assignment covered by the district. If the employee is out longer than the ten working days covered, the employee would need to use their own accrued leave balances to remain in paid status.
- If you have been directed by a doctor to remain at home, the district will require a release from your physician to return to work.

Families First FMLA Child Care Leave

- Effective from April 1, 2020 thru December 31, 2020.
- The expanded FMLA leave of twelve weeks is available to those eligible employees who are parents of minor children who have been displaced from childcare providers or whose schools have been closed as a result of the COVID-19 public health emergency. "Eligible employees" are those employees who have been employed with the District for at least thirty (30) calendar days by the time the leave is requested, and who have not already exhausted their FMLA entitlement for the year. The employee must be unable to work from home.
- The first ten work days of this leave are unpaid. However, the employee can elect to be compensated for up to 2 weeks of regular pay that will be charged to the "emergency paid sick leave" provided by the law.
- The remaining weeks of leave will be paid at 2/3 the employee's regular rate of pay.
- Employees who wish to remain in full paid status will need to authorize the district to use their accrued leaves for the additional 1/3 pay.
- Please be aware that the "emergency paid sick leave" will be used before any of the employee's leave balances.
- Both the employee and the district will continue to make normal contributions for health and welfare benefits.
- Any leave provided for under this Act that is not used at the time an employee resigns, retires, or is terminated is not required to be compensated or reimbursed.

Professional/Ethical Behavior & Conflict of Interest Policies

Solano Community College Annual Employee Notice –2020-21

The Solano Board of Trustees has established a policy that provides a model of behavior for itself and all District employees. All employees are encouraged to review Board Policies 1020 Code of Ethics/Standards of Practice and 4100 Code of Ethics as well as their own contracts, statements on ethical and professional behavior. It is the policy of the District that an employee shall not participate in a decision or transaction or provide a service if they have a conflict of interest. A conflict of interest exists when an employee, in their role as an employee, participates in a decision or transaction or provides a service, where the employee or their immediate family personally benefits from the decision, transaction or service. The benefit received may either be financial or nonfinancial. If it is unclear whether a conflict of interest exists, you should contact your supervisor. See Board Policy 1019 Conflicts of Interest.

Administrative Computer Use and Regulations

Employees who use District computers are reminded that the equipment and transmission lines are the property of Solano Community College District and, as such, must be used in accordance with established District regulations. All employees are encouraged to review Board Policy 2067 Computer and Network Use.

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA), the State Student Records Act (Education Code, § 76200), and our Board Policy 5140, Release of Student Information (<http://www.solano.edu/ar/policies.php#studentrights>) ensure that records referring to students are maintained by the college and kept confidential.

What is FERPA? The Family Educational Rights and Privacy Act (FERPA), also known as the Buckley Amendment, is designed to protect the privacy of students' education records maintained by the District. This federal law spells out the rights of students and the responsibilities of educational institutions. The law asserts that the institution may not release student records to third parties without the student's written permission and also grants the student certain rights to correct their Educational Records. There are many exceptions when student permission is not required. This permission must be signed and dated, specify the records to be disclosed, state the purpose of the disclosure, and identify the party or parties to whom the disclosure may be made.

What are education records? An education record is any record that is directly related to a student and maintained by the college. A student has the right of access to these records. Education records include any records in whatever medium (handwritten, e-mail, print, etc.) that is in the possession of any school official. This includes transcripts or other records obtained from a school in which a student was previously enrolled.

What happens if non-compliance occurs? The student has the right to file a complaint with the U.S. Department of Education in Washington, D.C. This complaint may result in the loss of federal funding for Financial aid and educational grants for the District and the filing of civil litigation. Action to terminate funding is generally taken only if compliance cannot be secured by voluntary means.

Bloodborne Pathogens

According to OSHA, “Bloodborne pathogens are infectious microorganisms present in blood that can cause disease in humans. These pathogens include, but are not limited to, hepatitis B virus (HBV), hepatitis C virus (HCV), and human immunodeficiency virus (HIV), the virus that causes AIDS. Workers exposed to blood borne pathogens are at risk for serious or life-threatening illnesses.” While Solano Community College makes every effort to provide a safe working environment, some positions may have occasional exposure to blood in the course of their job. Below is a list of position groups that may have occupational exposure. This list is not all inclusive. Employees on this list or those who believe their job may have occasional blood borne pathogen exposure should talk to their supervisor to get trained in handling blood borne pathogens and review the college’s exposure control plan.
