BACKGROUND

In November 2012, the voters approved Bond Measure Q for facility improvements at Solano Community College District (“District”). Funding is planned for new construction and renovation of classrooms, other buildings, and infrastructure.

REQUEST FOR QUALIFICATIONS

At this time, the District is seeking to refresh its pool of qualified firms (aka “teams” or “entities”) to provide geotechnical engineering services for various capital projects. The pool will include three (3) to six (6) firms who understand the wide range of geotechnical needs inherent to community college bond programs, and who are sufficiently experienced to meet those needs. The selected firms will be directly responsible for assessing the surface and subsurface conditions of soils located at identified sites on the three District campuses, and reporting assessment results to the District.

Experienced firms (aka “teams” or “entities”) interested in being considered for inclusion in this pool must submit a Statement of Qualifications (“SOQ”) as set forth in this Request for Qualifications (“RFQ”), which defines the services sought by the District and generally outlines the requirements for submittal. The actual number of teams selected for the pool will vary based on qualifications and the right fit for the District. Selection into the pool does not guarantee selection for any specific project.

Respondents to this RFQ must mail or deliver one (1) unbound hard copy, five (5) bound copies and one (1) electronic copy (disk or flash drive, Word or PDF format) of the SOQ as further described herein, to:
