OF SOLAR/PHOTOVOLTAIC SYSTEM**

This Agreement for Design, Installation and Commissioning of Solar/Photovoltaic System ("Agreement") is made as of _____, 20__, between the Solano Community College District ("District") and _____ ("Design-Builder") (together, "Parties").

1. **Services.** Design-Builder shall furnish to the District the labor, equipment, material, and services as described in Exhibits "A-1" and "A-2" attached hereto and incorporated herein by this reference ("Services" or "Work").
2. **Term.** Design-Builder shall commence providing services under this Agreement upon execution of the Agreement by both parties, and will diligently perform such Services as required and will achieve Final Completion of the Services on or before _____, 20__.

2.1. Final Completion means that each of the following has been achieved in accordance with Prudent Industry Practices and the other requirements of the Contract Documents: (a) Achievement of Mechanical Completion and all conditions thereto continue to be satisfied; (b) All of the electrical works and all other infrastructure necessary to achieve connection of the System to the Utility's electricity transmission system are fully energized; (c) Successful testing of all systems comprising the System in accordance with the requirements of the Agreement; and (d) The System is capable of operating safely in accordance with Prudent Industry Practices and all applicable Laws.

3. **Liquidated Damages.** Time is of the essence for all Work under this Agreement. It is hereby understood and agreed that it is and will be difficult and/or impossible to ascertain and determine the actual damage that the District will sustain in the event of and by reason of Design-Builder's delay; therefore, Design-Builder agrees that it shall pay to the District the sum of FIVE THOUSAND DOLLARS (\$5,000) per day as liquidated damages for each and every day's delay beyond the Final Completion Date that Final Completion is not achieved.

It is hereby understood and agreed that this amount is not a penalty.

In the event any portion of the liquidated damages is not paid to the District, the District may deduct that amount from any money due or that may become due the Design-Builder under this Agreement, the District may seek recovery of Liquidated Damages from the Respondent's Performance Bond Surety and/or the District may seek recovery of Liquidated Damages from the Respondent or the Performance Bond Surety without having exhausted remedies against the other.

4. **Grants/Rebates/Incentives.** Design-Builder shall use commercially reasonable efforts to support the District in obtaining or maintaining grants/rebates/incentives for the Site(s). Design-Builder shall use commercially reasonable efforts to support the District in obtaining an extension, if allowed and if necessary. If the District does not obtain extensions for the rebates on terms satisfactory to the District on its sole discretion, the District may terminate the Contract Documents upon written notice to Design-Builder without liability to either Party.

5. Submittal of Documents. Design-Builder shall not commence the Work under this Agreement until the Design-Builder has submitted and the District has approved the performance bond, payment (labor and material) bond, the certificate(s) and affidavit(s), and the endorsement(s) of insurance required as indicated below:

6. Compensation. As compensation for the Work, the District shall pay to the Design-Builder _____ DOLLARS (\$_____) ("Total Contract Price"). Such amount shall not be increased without the express approval of the Board.

7. Community College League of California Payment Obligation. The Parties acknowledge that the District has enlisted the assistance of the Community College League of California ("CCLC") in undertaking and managing the solar/photovoltaic ("PV") procurement process that has resulted in this Agreement, and that the District's Request for Proposals ("RFP") resulting in this Agreement instructed each Respondent to this RFP, including Design-Builder, to indicate its agreement to making a payment to CCLC in the amount of 1.0% of the total amount of contract payments by the District to the Design-Builder, inclusive of any Alternate Item costs as well as costs associated with operations and maintenance and/or output guarantee agreements that may be executed between the District and the Design-Builder in connection with the Systems. Design-Builder therefore shall make payment to CCLC in the amount of _____ DOLLARS (\$_____). Such payment shall be made directly to CCLC by the Design-Builder and shall be made in full at the time that the District makes its first payment to Design-Builder. Payment shall be sent to the attention of CCLC's Vice President, Kimi Shigetani, to the following address: Community College League of California, 2017 O Street, Sacramento, CA 95811-5211. Ms. Shigetani may be contacted at (916) 444-8641.

- 8. Expenses.** District shall not be liable to Design-Builder for any costs or expenses paid or incurred by Design-Builder in performing services for District.
- 9. Payment.** On a monthly basis, Design-Builder shall submit an application for payment based upon the estimated value for materials delivered or services performed under the Agreement as of the date of submission ("Application for Payment"). Within thirty (30) days after District's approval of the Application for Payment, Design-Builder shall be paid a sum equal to ninety-five percent (95%), a higher retention amount is required pursuant to Public Contract Code section 7201(b)(4), of the value of the Work performed (as verified by District's designated representative and Inspector and certified by Design-Builder) up to the last day of the previous month, less the aggregate of previous payments and amount to be withheld. The District may deduct from any payment an amount necessary to protect the District from loss because of: (1) any sums expended by the District in performing any of Design-Builder's obligations under the Agreement which Design-Builder has failed to perform or has performed inadequately; (2) defective Work not remedied; (3) stop notices as allowed by state law; (4) reasonable doubt that the Work can be completed for the unpaid balance of the Total Contract price or by the scheduled completion date; (5) unsatisfactory prosecution of the Work by Design-Builder; (6) unauthorized deviations from the Agreement; (7) failure of the Design-Builder to maintain or submit on a timely basis proper and sufficient documentation as required by the Agreement or by District during the prosecution of the Work; (8) erroneous or false estimates by the Design-Builder of the value of the Work performed; (9) any sums representing expenses, losses, or damages, as determined by the District, incurred by the District for which Design-Builder is liable under the Contract; and (10) any other sums which the District is entitled to recover from Design-Builder under the terms of the Agreement or pursuant to state law, including section 1727 of the California Labor Code. The failure by the District to deduct any of these sums from a progress payment shall not constitute a waiver of the District's right to such sums. The District shall retain 10% from all amounts owing as retention. Retention shall be paid pursuant to Public Contract Code sections 7107 and 7200.
- 10. Independent Contractor.** Design-Builder, in the performance of this Agreement, shall be and act as an independent contractor. Design-Builder understands and agrees that he/she and all of his/her employees shall not be considered officers, employees, agents, partner, or joint venture of the District, and are not entitled to benefits of any kind or nature normally provided employees of the District and/or to which District's employees are normally entitled, including, but not limited to, State Unemployment Compensation or Worker's Compensation. Design-Builder shall assume full responsibility for payment of all federal, state and local taxes or contributions, including unemployment insurance, social security and income taxes with respect to Design-Builder's employees. Design-Builder shall be liable for its own actions, including its negligence or gross negligence, and shall be liable for the acts, omissions, or errors of its agents or employees.
- 11. Standard of Care.** Design-Builder's Services will be performed, findings obtained, reports and recommendations prepared in accordance with generally and currently accepted principles and practices of Solar Practices and all Applicable Law, including the applicable provisions of California Code of Regulations, Title 24, Pacific Gas and Electric, Co.'s applicable interconnection requirements ("PG&E"), the requirements of the Division of State Architect ("DSA") and the California Community Colleges Chancellor's Office, and the District's Design Guides and Technical Specifications. Design-Builder represents and warrants that it is fully experienced in projects of the nature and scope of Work, and that it is properly qualified, licensed and equipped to supply and perform the Work. The Work completed herein must meet the approval of the District and shall be subject to

the District's general right of inspection and supervision to secure the satisfactory completion thereof.

12.Originality of Services. Design-Builder agrees that all technologies, formulae, procedures, processes, methods, writings, ideas, dialogue, compositions, recordings, teleplays and video productions prepared for, written for, or submitted to the District and/or used in connection with this Agreement, shall be wholly original to Design-Builder and shall not be copied in whole or in part from any other source, except that submitted to Design-Builder by District as a basis for such services.

13.Copyright/Trademark/Patent. Design-Builder understands and agrees that all matters produced under this Agreement shall become the property of District and cannot be used without District's express written permission. District shall have all right, title and interest in said matters, including the right to secure and maintain the copyright, trademark and/or patent of said matter in the name of the District. Design-Builder consents to use of Design-Builder's name in conjunction with the sale, use, performance and distribution of the matters, for any purpose and in any medium.

14.Notice to Proceed. After the design of the PV system is approved by the District, the District shall provide a Notice to Proceed to Design-Builder at which time Design-Builder shall proceed with the construction Work.

15.Site Examination. Design-Builder has examined the Site and certifies that it accepts all measurements, specifications and conditions affecting the Work to be performed at the Site. By submitting its quote, Design-Builder warrants that it has made all Site examination(s) that it deems necessary as to the condition of the Site, its accessibility for materials, workers and utilities, and Design-Builder's ability to protect existing surface and subsurface improvements. No claim for allowance of time or money will be allowed as to any other undiscovered condition on the Site.

16.Materials. Design-Builder shall furnish, at his/her own expense, all labor, materials, equipment, supplies and other items necessary to complete the services to be provided pursuant to this Agreement.

16.1. Anti-Trust Claim. Design-Builder and its subcontractor(s) agree to assign to the District all rights, title, and interest in and to all causes of action they may have under Section 4 of the Clayton Act (15 U.S.C. Sec. 15) or under the Cartwright Act (Chapter 2 (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services, or materials pursuant to the Contract or a subcontract. This assignment shall be made and become effective at the time the District tenders final payment to the Design-Builder, without further acknowledgment by the parties.

16.2. Substitutions. No substitutions of material from those specified in the Work Specifications shall be made without the prior written approval of the District.

16.3. Hazardous Materials. If photovoltaic modules using hazardous materials are to be provided by Design-Builder, then the environmental impact of the hazardous material usage must be discussed, including any special maintenance requirements and proper disposal/recycling of the modules at the end of their useful life. Modules containing hazardous materials must comply with the EPA Landfill Disposal Requirements. Any additional costs and/or District

responsibilities related to photovoltaic modules containing hazardous materials must be clearly identified.

16.4. Photovoltaic Modules. Proposed photovoltaic modules must be (i) Monocrystalline or Polycrystalline, (ii) eligible under the California Solar Initiative (“CSI”) Program; (iii) in compliance with IEEE standards, including without limitation, IEEE 1262; (iv) UL listed; and (v) in compliance with the current National Electrical Code.

17. Equipment and Labor. Design-Builder shall furnish all tools, equipment, apparatus, facilities, transportation, labor, and material necessary to furnish the services herein described, the services to be performed at such times and places as directed by and subject to the approval of the authorized District representative indicated in the Work specifications attached hereto.

18. Warranty/Quality. Unless a longer warranty is called for elsewhere in this Agreement, the Design-Builder, manufacturer, or their assigned agents shall guarantee the workmanship, product or service performed against defective workmanship, defects or failures of materials for a minimum period of one (1) year from filing the Notice of Completion with the county in which the Site is located. All workmanship and merchandise must be warranted to be in compliance with applicable California energy, conservation, environmental, and educational standards.

18.1. PV modules used in this project shall have a 25-year product warranty from the date of sale.

18.2. Power Conditioning Equipment, including inverter(s), shall have a 5-year minimum product warranty from the date of sale.

18.3. Design-Builder shall be responsible for providing no-cost repair and component replacement not covered by the manufacturers of the components of the Systems for a period of 10 years after the Final Completion Date on all equipment, systems and controls necessary to endure PV production at the performance level set forth in the Performance Guarantee. This provision does not reduce any of Design-Builder’s obligations to the District required by the Maintenance Service Agreement or the Performance Guarantee.

19. Correction of Errors. Design-Builder shall perform, at its own cost and expense and without reimbursement from the District, any work necessary to correct errors or omissions which are caused by the Design-Builder’s failure to comply with the standard of care required herein.

20. Trench Shoring. If this Contract is in excess of \$25,000 and is for the excavation of any trench deeper than five (5) feet, Design-Builder must submit and obtain District acceptance, in advance of excavation, of a detailed plan showing the design of shoring, bracing, sloping, or other provisions to be made for worker protection from the hazard of caving ground during the excavation of such trench or trenches. If the plan varies from the shoring system standards, the plan shall be prepared by a registered civil or structural engineer.

21. Excavations Over Four Feet. If this Contract includes excavations over four (4) feet, Design-Builder shall promptly, and before the following conditions are disturbed, notify the District, in writing, of any: (1) Material that the Design-Builder believes may be material that is hazardous waste, as defined in Section 25117 of the Health and Safety Code, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law; (2) Subsurface or latent physical conditions at the site differing from those indicated; or (3) Unknown physical conditions at the site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in the Contract. The District shall promptly investigate the conditions, and if it finds that the conditions do materially so differ, or do involve hazardous waste, and cause a decrease or increase in the Design-Builder's cost of, or the time required for, performance of any part of the Work shall issue a change order under the procedures described in the Contract. In the event that a dispute arises between the District and the Design-Builder whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in the Design-Builder's cost of, or time required for, performance of any part of the work, the Design-Builder shall not be excused from any scheduled completion date provided for by the contract, but shall proceed with all Work to be performed under the contract. Design-Builder shall retain any and all rights provided either by Contract or by law which pertain to the resolution of disputes and protests between the contracting parties.

22. Lead-Based Paint. Pursuant to the Lead-Safe Schools Protection Act (Education Code Section 32240 et seq.) and other applicable law, no lead-based paint, lead plumbing and solders, or other potential sources of lead contamination shall be utilized on this Project, and only trained and state-certified contractors, inspectors and workers shall undertake any action to abate existing risk factors for lead. Design-Builder must execute the Lead-Based Paint Certification, if applicable.

23. Change in Scope of Work. Any change in the scope of the Work, method of performance, nature of materials or price thereof, or any other matter materially affecting the performance or nature of the Work shall not be paid for or accepted unless such change, addition, or deletion is approved in advance and in writing by a valid change order executed by the District. Design-Builder specifically understands, acknowledges, and agrees that the District shall have the right to request any alterations, deviations, reductions, or additions to the Project or Work, and the cost thereof shall be added to or deducted from the amount of the Contract Price by fair and reasonable valuations. Design-Builder also agrees to provide the District with all information requested to substantiate the cost of the change order and to inform the District whether the Work will be done by the Design-Builder or a subcontractor. In addition to any other information requested, Design-Builder shall submit, prior to approval of the change order, its request for a time extension (if any), as well as all information necessary to substantiate its belief that such change will delay the completion of the Work. If Design-Builder fails to submit its request for a time extension or the necessary supporting information, it shall be deemed to have waived its right to request such extension.

For all approved changes in the scope of work that result in a net increase in costs to Design-Builder, the following format shall be used, supported by attached documentation.

29.Protection of Work and Property. Design-Builder shall erect and properly maintain at all times, as required by conditions and progress of the Work, all necessary safeguards, signs, barriers, lights, and security persons for protection of workers and the public, and shall post danger signs warning against hazards created by the Work. In an emergency affecting life and safety of life or of Work or of adjoining property, Design-Builder, without special instruction or authorization from District, is permitted to act at his discretion to prevent such threatened loss or injury.

30.Occupancy. District reserves the right to occupy buildings at any time before formal Contract completion and such occupancy shall not constitute final acceptance or approval of any part of the Work covered by this Contract, nor shall such occupancy extend the date specified for completion of the Work.

31.Force Majeure. Design-Builder shall be excused from performance hereunder during the time and to the extent that it is prevented from obtaining delivery, or performing by act of God, fire, strike, loss, or shortage of transportation facilities, lock-out, commandeering of materials, product, plant, or facilities by the government, when satisfactory evidence thereof is presented to the District, provided that it is satisfactorily established that the non-performance is not due to the fault or neglect of the Design-Builder.

32.Termination.

32.1. For Convenience by District. District may, at any time, with or without reason, terminate this Agreement and compensate Design-Builder only for services satisfactorily rendered to the date of termination. Written notice by District shall be sufficient to stop further performance of services by Design-Builder. Notice shall be deemed given when received by the Design-Builder or no later than three (3) days after the day of mailing, whichever is sooner. In the event that District terminates this Agreement pursuant to this section, District shall compensate Design-Builder for work completed to date as a pro-rata amount of the full fees, costs, and expenses.

32.2. With Cause by District. District may terminate this Agreement upon giving of written notice of intention to terminate for cause. Cause shall include:

32.2.1. material violation of this Agreement by the Design-Builder; or

32.2.2. any act by Design-Builder exposing the District to liability to others for personal injury or property damage; or

32.2.3. Design-Builder is adjudged a bankrupt, Design-Builder makes a general assignment for the benefit of creditors or a receiver is appointed on account of Design-Builder's insolvency.

Written notice by District shall contain the reasons for such intention to terminate and unless within three (3) calendar days after that notice the condition or violation shall cease, or satisfactory arrangements for the correction thereof be made, this Agreement shall upon the expiration of the three (3) calendar days cease and terminate. In the event of this termination, the District may secure the required services from another Design-Builder. If the expense, fees, and costs to the District exceed the cost of providing the service pursuant to this Agreement, Design-Builder shall immediately pay the excess expense, fees, and/or costs to the District upon the receipt of the District's notice of these expense, fees, and/or costs. The foregoing provisions are in addition to and not a limitation of any other rights or remedies available to District.

32.3. Upon termination, Design-Builder shall provide the District with all documents produced maintained or collected by Design-Builder pursuant to this Agreement, whether or not such documents are final or draft documents.

33. Indemnification. To the furthest extent permitted by California law, Design-Builder shall, at its sole expense, defend, indemnify, and hold harmless the District, the State of California, and their agents, representatives, officers, consultants, employees, trustees, and volunteers (the "indemnified parties") from any and all demands, losses, liabilities, claims, suits, and actions (the "claims") of any kind, nature, and description, including, but not limited to, personal injury, death, property damage, and consultants and/or attorneys fees and costs, directly or indirectly arising out of, connected with, or resulting from the performance of the Agreement or from any activity, work, or thing done, permitted, or suffered by the Design-Builder under or in conjunction with this Agreement, unless the claims are caused wholly by the sole negligence or willful misconduct of the indemnified parties. The District shall have the right to accept or reject any legal representation that Design-Builder proposes to defend the indemnified parties.

34. Insurance.

34.1. The Design-Builder shall procure and maintain at all times it performs any portion of the Services the following insurance:

34.1.1. General Liability. Two Million Dollars (\$2,000,000) combined single limit per occurrence for bodily injury, personal injury and property damage in the form of Comprehensive General Liability and Contractual Liability. If Commercial General Liability or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to each project/location or the general aggregate limit shall be twice the required occurrence limit.

34.1.2. Automobile Liability Insurance. One Million Dollars (\$1,000,000) combined single limit per occurrence for any automobile that shall protect the Design-Builder and the District from all claims of bodily injury, property damage, personal injury, death, and medical payments arising performing any portion of the Services by Design-Builder.

34.1.3. Workers' Compensation and Employers' Liability Insurance. For all of the Design-Builder's employees who are subject to this Agreement and to the extent required by the applicable state or federal law, Design-Builder shall keep in full force and effect, a Workers' Compensation policy.

That policy shall provide employers' liability coverage with minimum liability coverage of One Million Dollars (\$1,000,000) per accident for bodily injury or disease. Design-Builder shall provide an endorsement that the insurer waives the right of subrogation against the District and its respective elected officials, officers, employees, agents, representatives, consultants, trustees, and volunteers.

- 34.1.4. Professional Liability (Errors and Omissions).** One Million Dollars (\$1,000,000) for errors and omissions as appropriate to profession of engineer designing photovoltaic system, coverage to continue through completion of construction plus two years thereafter.

Builder's Risk Insurance.** On a replacement cost value basis, Design-Builder shall procure and maintain, during the life of this Agreement, Builder's Risk (Course of Construction), or similar first party property coverage to insure against all risks of accidental physical loss and shall include without limitation the perils of vandalism and/or malicious mischief (both without any limitation regarding vacancy or occupancy), sprinkler leakage, civil authority, theft, sonic disturbance, earthquake, flood, collapse, wind, fire, war, terrorism, lightning, smoke, and rioting. Coverage shall include debris removal, demolition, increased costs due to enforcement of all applicable ordinances and/or laws in the repair and replacement of damaged and undamaged portions of the property, and reasonable costs for engineering services and expenses required as a result of any insured loss upon the Work and Project, including completed Work and Work in progress, to the full insurable value thereof.
- 34.1.6. Umbrella or Excess Liability.** Four Million Dollars (\$4,000,000) per occurrence to meet the policy limit requirements of the required policies if Design-Builder's underlying policy limits are less than required. There shall be no gap between the per occurrence amount of any underlying policy and the start of the coverage under the Umbrella Liability Insurance Policy. Any Umbrella Liability Insurance Policy shall protect Design-Builder, District, State, and Project Manager(s) in amounts, and that complies with all requirements for Commercial General Liability and Automobile Liability and Employers' Liability Insurance.
- 34.1.7. Other Insurance Provisions:** The policies are to contain, or be endorsed to contain, the following provisions:

Any insurance or self-insurance maintained by the Additional Insureds shall be in excess of the Design-Builder's insurance and shall not contribute with it.

34.1.7.1.3. Any failure to comply with reporting or other provisions of the policies including breaches of warranties shall not affect coverage provided to the Additional Insureds.

34.1.7.2. Design-Builder's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

34.1.7.3. Each insurance policy required by this clause shall be endorsed to state that coverage shall not be suspended, voided, canceled by either party, reduced in coverage or in limits except after thirty (30) days prior written notice by certified mail, return receipt requested, has been given to the District.

34.1.7.4. Design-Builder shall furnish the District with Certificates of Insurance showing maintenance of the required insurance coverage and original endorsements affecting coverage. The endorsements are to be signed by a person authorized by that insurer to bind coverage on its behalf. All endorsements are to be received and approved by the District before Work commence.

34.1.8. Acceptability of Insurers. Insurance is to be placed with insurers with a current A.M. Best's rating of no less than A:VII, unless otherwise acceptable to the District.

38. Subcontractors. Subcontractors, if any, engaged by the Design-Builder for any Service or Work under this Agreement shall be subject to the approval of the District. Design-Builder agrees to bind every subcontractor by the terms of the Agreement as far as such terms are applicable to subcontractor's work, including, without limitation, all indemnification, insurance, bond, and warranty requirements. If Design-Builder shall subcontract any part of this Agreement, Design-Builder shall be fully responsible to the District for acts and omissions of its subcontractor and of persons either directly or indirectly employed by itself. Nothing contained in this Agreement shall create any contractual relations between any subcontractor and the District.

39. Compliance with Laws. Design-Builder shall observe and comply with all rules and regulations of the governing board of the District and all federal, state, and local laws, ordinances and regulations. Design-Builder shall give all notices required by any law, ordinance, rule and regulation bearing on conduct of the Work as indicated or specified. Design-Builder shall permit the District, its agent, other representatives, or an independent auditor to audit, examine, and make excerpts, copies, and transcripts from all books and records, and to make audit(s) of all

billing statements, invoices, records, and other data related to the Services covered by this Agreement. Audit(s) may be performed at any time, provided that the District shall give reasonable prior notice to Design-Builder and shall conduct audit(s) during Design-Builder's normal business hours, unless Design-Builder otherwise consents.

42. Anti-Discrimination. It is the policy of the District that in connection with all work performed under contracts there be no discrimination against any employee engaged in the work because of race, color, ancestry, national origin, religious creed, physical disability, medical condition, marital status, sexual orientation, gender, or age and therefore the Design-Builder agrees to comply with applicable Federal and California laws including, but not limited to the California Fair Employment and Housing Act beginning with Government Code Section 12900 and Labor Code Section 1735. In addition, the Design-Builder agrees to require like compliance by all its subcontractors.

43. Environmental Attributes and Energy Credits. 43.3. All reporting rights and the exclusive rights to claim responsibility for the delivery of the energy from the Generating Facilities.

43.6. All "renewable energy credits," as such term is defined in Section 399.12(h)(2) of the California Public Utilities Code, associated with the Generating Facilities.

44.Limitation of District Liability. Other than as provided in this Agreement, District's financial obligations under this Agreement shall be limited to the payment of the compensation provided in this Agreement. Notwithstanding any other provision of this Agreement, in no event, shall District be liable, regardless of whether any claim is based on contract or tort, for any special, consequential, indirect or incidental damages, including, but not limited to, lost profits or revenue, arising out of or in connection with this Agreement for the services performed in connection with this Agreement.

45.Confidentiality. Design-Builder and all Design-Builder's agents, personnel, employee(s), and/or subcontractor(s) shall maintain the confidentiality of all information received in the course of performing the Services to the extent allowed by law. This requirement to maintain confidentiality shall extend beyond the termination of this Agreement.

Pending resolution of the dispute, Design-Builder agrees it will neither rescind the Contract nor stop the progress of the Work, but will allow determination by the court of the State of California, in the county in which the District's administration office is located, having competent jurisdiction of the dispute. All claims of over \$375,000, which are outside the scope of Public Contract Code section 20104, et seq., may be determined by mediation if mutually agreeable, otherwise by litigation. If a claim, or any portion thereof, remains in dispute upon satisfaction of all applicable dispute resolution requirements, the Design-Builder shall comply with all claims presentation requirements as provided in Chapter 1 (commencing with section 900) and Chapter 2 (commencing with section 910) of Part 3 of Division 3.6 of Title 1 of Government Code as a condition precedent to the Design-Builder's right to bring a civil action against the District. LEAD-PRODUCT(S) CERTIFICATION

California Occupational Safety and Health Administration (CalOSHA), Environmental Protection Agency (EPA), California Department of Health Services (DHS), California Department of Education (CDE), and the Consumer Product Safety Commission (CPSC) regulate lead-containing paint and lead products.

Because the Design-Builder and its employees will be providing services for the District, and because the Design-Builder's work may disturb lead-containing building materials, **DESIGN-BUILDER IS HEREBY NOTIFIED** of the potential presence of lead-containing materials located within certain buildings utilized by the District. All school buildings built prior to 1993 are presumed to contain some lead-based paint until sampling proves otherwise.

The CDE mandates that school districts utilize DHS lead-certified personnel when a lead-based hazard is identified. Examples of lead-certified personnel include: project designers, inspectors, and abatement workers. Furthermore, since it is assumed by the district that all painted surfaces (interior as well as exterior) within the District contain some level of lead, it is imperative that the Design-Builder, its workers and subcontractors fully and adequately comply with all applicable laws, rules and regulations governing lead-based materials (**Including Title 8, California Code of Regulations, Section 1532.1**). Any and all Work which may result in the disturbance of lead-containing building materials must be coordinated through the District.

The California Education Code also prohibits the use or import of lead-containing paint, lead plumbing and solders, or other potential sources of lead contamination in the construction of any new school facility or in the modernization or renovation of any existing school facility. Design-Builder shall provide the District with any sample results prior to beginning Work, during the Work, and after the completion of the Work. The District may request to examine, prior to the commencement of the Work, the lead training records of each employee of the Design-Builder.

All contractors who disturb lead-based paint in a six-square-foot area or greater indoors or a 20-square-foot area outdoors shall comply with the Renovation, Repair and Painting Rule, shall receive training from a U.S. EPA-accredited training provider, and shall be certified by the U.S. EPA. Design-Builder, its workers and subcontractors must fully and adequately comply with all applicable laws, rules and regulations governing lead-based materials, including those rules and regulations appearing within title 40 of the Code of Federal Regulations as part 745 (40 CFR 745).

If failure to comply with these laws, rules, and regulations results in a site or worker contamination, Design-Builder will be held solely responsible for all costs involved in any required corrective actions, and shall defend, indemnify and hold harmless the District, pursuant to the indemnification provisions of the Contract, for all damages and other claims arising therefrom. If lead disturbance is anticipated in the Work, only persons with appropriate accreditation, registrations, licenses and training shall conduct this Work.

It shall be the responsibility of the Design-Builder to properly dispose of any and all waste products, including but not limited to, paint chips, any collected residue, or any other visual material that may occur from the prepping of any painted surface. It will be the responsibility of Design-Builder to provide the proper disposal of any hazardous waste by a certified hazardous waste hauler. This company shall be registered with the Department of Transportation (DOT) and shall be able to issue a current manifest number upon transporting any hazardous material from any school site within the District.

The undersigned hereby acknowledges, under penalty of perjury, that he or she has received notification of potential lead-based materials on the owner's property, as well as the existence of applicable laws, rules and regulations governing work with, and disposal of, such materials with which it must comply. The undersigned also warrants that he or she has the authority to sign on behalf of and bind the design-builder.
