REQUESTED ACTION:

 Consent OR Non-Consent

SUMMARY:

Board approval is requested for award of a professional services agreement to AEDIS Architects for design services for the Swimming Pool Concrete Deck Replacement Project. Since its original installation in 1971, the concrete pavement and tile surrounding the swimming pool has deteriorated over time and is past its life expectancy. Many efforts have been made to patch the original concrete surface and surrounding tile, but these efforts have only resulted in temporary relief, as the patches break away and concrete continues to crack and turn to rubble.

EXHIBIT "A"
DESCRIPTION OF SERVICES TO BE PERFORMED BY CONSULTANT

Project Description:

The District has had an on going problem with the existing pool deck for over five years. Cracks and surface issues have deemed this deck unsafe. The pool and pool deck are approximately 52 years old, and replacement of this pool deck only has become a priority for the college. The following is a description of the work:

Scope of Work and Deliverables:

- Aedis has engaged Aquatic Design Group, a pool design specialist, to implement best practices for the replacement of this deck.
- Remove the existing pool deck, approximately 16,520 sf, from the outer fence line or mechanical buildings to the pool cantilever edge. Existing pool gutter will remain; however, the horizontal and vertical tile surface will be replaced above the water line.
- New pool deck slot drains will be provided.
- The existing raised concrete step for the bleachers will remain. However, a new ramp will need to provide for ADA access. Modifications to the deck and rails will be required.
- Bleachers will be modified for ADA accessibility.
- Construction Documents consisting of drawings and specifications, setting forth in detail the requirements for the construction of the Project.
- On behalf of the Owner, Aedis will seek the appropriate approval from state and local agencies of these documents.
- Assist the District in procurement and bidding.
- Provide Construction Administration support including reviewing submittals, periodic site visits during construction, reviewing and processing change orders, certification of construction payment requests, final project inspection and project closeout.
- Estimated probable cost.

The estimated cost of this project is between \$1.0M and \$1.3M.

Although minor ADA upgrades are anticipated with any project being submitted to DSA for approval, and would be included in Aedis' fee a recent site investigation discovered some significant issues that will need to be addressed in order to obtain DSA approval and certification. A separate fee for this scope of work has been provided. The issues being covered by this fee are as follow:

- Significant modifications of the bleachers to provide accessibility.
- ADA signage at bleachers and restrooms.
- Replace drinking fountains to meet accessibility requirements.
- Verify flooring/matting in locker rooms is ADA-compliant.
- Provide ADA-compliant locker(s) and bench in locker rooms.
- Repair ADA-compliant shower heads and relocate hardware to meet code requirements.
- Replace or repair entry doors to meet ADA requirements.
