President/Superintendent Message- Thank You

Work began Friday afternoon at the Fairfield campus substation in preparation for work to be done over the weekend.

Thank you everyone for your patience and cooperation last week as we managed our power outage. Luckily, the problem with the transformer was repaired by Saturday afternoon and IT was able to begin bringing up our systems over the weekend. Many thanks to maintenance and custodial staff who remained on campus throughout Friday night, Sheriff's staff, and IT staff who also worked throughout the weekend. A special note of thanks to Myron Hord, Jim Petromilli, and Lucky Lofton who managed the complicated process of powering down the campus.

With an aging campus infrastructure, we are apt to face more challenges. We will continue to notify the campus as we are aware of issues and make every effort to prevent major problems in the future.

Thank you everyone for your patience and cooperation last week as we managed our power outage. Luckily, the problem with the

Student Voices Heard at Write Your Senators Event

On Tuesday and Wednesday, February 7th and 8th, amidst storms and power outages, the "Write your Senators"

event occurred on campus and at both of the centers.

Students were given the opportunity to have their voices heard by writing on preprinted postcards which will be mailed to our California senators, Senator Harris and Senator Feinstein. The organizer of the event, Math faculty Corrine Kirkbride, said, "Many students had strong feelings about the cost of college, while others were quite informed on current events, and wanted to assert their opinions to our senators."

Kirkbride would like to give special thanks to the unmatched number of people who volunteered from the English department, as well as student Hazel Miller, who encouraged many students to write, and lastly, the Graphics department, for swiftly helping with all the signage used to promote the event.

Calendar:

Feb. 14 Week of Compassion- 10am-2pm, 1400 Lobby
