Solano County Tennis Education (SCTE)
Phil Cello of the Solano Tennis & Education Foundation (STEF) presented (by remote access) a proposal to provide programs and facilities to further academic and athletic opportunities for Solano Community College students and young athletes from Solano County through low or no
cost tennis training and educational development services. SCC would provide training facilities and educational resources at the main campus and Centers and STEF would fund activities through fundraising and running USTA adult and junior tournaments at SCC. Anticipated yearly tournament profit of $40,000 is expected to be generated for the program.

Current programs to be funded by STEF are:
- SCC tennis facility maintenance & equipment ($2,500)
- SCC Men’s and Women’s Tennis Team ($21,100 (annual and recurring)
- STEF Junior Development programs ($1,200 per month-2 instructors)
- STEF Academic mentoring Program

Future programs to be funded by STEF are:
- STEF scholarships for STEF program graduates
- USTA tennis on campus for SCC students
- Re-establish Solano County Tennis Association to participate in USTA Leagues and social programs
- Tennis office for coaches and STEF offices
- STEF Learning Center
- Lounge for tournaments
- Lights for courts 6 & 7
- Tennis courts for Vallejo and Vacaville campuses
- Covered courts 1-7 (bubble/modular structure for year round all weather play)

The proposed commitment from SCC would be to:
- Have a SCC representative on the STEF board
- Provide use of tennis courts at SCC for CITA, STEF programs an STEF tournaments
- Sanction and add a men’s and women’s tennis team in SCC athletics
- Provide development help and academic resources to implement STEF educational programs
- Provide temporary “learning/study center” space for STEF program participants

Council members asked if this proposal has been reviewed by faculty and staff in the Athletic Department and other areas on campus that would be impacted. Debbie Luttrell-Williams and Jeff Lehfeldt stated that this hadn’t yet been reviewed by the bargaining units and were concerned about the impact on Facilities and other staff. Mr. Cello stated that he had numerous meetings with Dean Espinoza, presented to the Academic Senate and to the Superintendent-President’s Council. Mr. Cello also stated that all feedback he has received has been positive. Maire Morinec voiced concern about the process, as it takes about a year for new courses to go through the curriculum process, and this would be needed for the Tennis Courses.

This will be brought back at the January Shared Governance meeting for action.
Superintendent-President’s Report

Superintendent-President Dr. Laguerre shared with the Council that after discussion with faculty it has been determined that a mini-reorganization is needed within Academic Affairs that will include a dissolution of the School of Human Performance and Development and moving the disciplines within that school to the other schools. The Dean of Human Performance and Development position will be eliminated, and there will be the addition of a full-time Athletic Director. Discussions are currently taking place considering the administrative assistant positions and where they will relocate to.

Executive Coordinator, Academic Affairs

Chair, Vice President Diane White, reviewed with the Council the proposed job description for the Executive Coordinator, Academic Affairs. Vice President White explained that this position is being moved from CSEA to Confidential as the position deals with and has access to collective bargaining information and personnel items. Debbie Luttrell-Williams stated that this change has been approved by CSEA, with the caveat that the current employee in the position will have retreat rights back into CSEA.

It was moved by Maire Morinec and seconded by Debbie Luttrell-Williams to approve the Executive Coordinator position for Academic Affairs.

The motion passed unanimously.

Accreditation Synopsis-Moving Forward

Dr. Laguerre shared that although SCC is close to meeting all of the ACCJC requirements, there is still some work to be done in Distance Education and Equity and Diversity.

Dr. Annette Dambrosio, Accreditation Coordinator, stated that accreditation should become part of our culture, and documented work should be ongoing. The Accreditation Task Force will be working to create uniform standards for documentation and follow through with regularly (monthly) documentation of the work that is taking place. Deans have been asked to place on their School meeting agendas, standing items of Accreditation and SLO’s.

New Accreditation standards have been developed by ACCJC. These draft standards will be reviewed by the Commission in January, 2014. A second review will take place in June 2014, after which the new standards will be finalized and a date for implementation determined.

**Smoking Policy**

Interim Police Chief, Ed Goldberg, presented to the Council members proposed procedure amendments to Policy 4215, Smoking on Campus. Chief Goldberg explained that although SCC has a “no smoking” policy, additional procedures are need for enforcement. Concerns were voiced from various Council members who stated that they felt it would be better to have a designated location for smoking. Chief Goldberg pointed out the proposed amendment is an implementation of the current “no smoking” policy. Any provisions for a designated smoking location would require a new Board policy.

Council members stated that they would like to take the proposed amendments back to their constituents for review before voting. This will be placed on the January 2015 Shared Governance meeting for action.

**Director of Student Life**

Chair, Interim Vice President Diane White, reviewed with the Council members the proposed job description for the Director of Student Life, which is a new position. There was a question concerning the salary range for this position. Professor DeKloe stated that he was in favor of the position but had concerns about the Council making decisions on individual positions without a comprehensive idea of the finances of the college.

It was moved by Jim DeKloe and seconded by Jeff Lehfeldt to approve the Director of Student job description.

Governing Board Meeting Agenda – December 18, 2013

Council members were given copies of the proposed agenda for the December 18, 2013 Governing Board meeting. Chair, Vice President Diane White asked, because of the extended length of the Shared Governance meeting, that Council members email her if they have any questions regarding the agenda.

Review of FABPAC Committee

Jeff Lehfeldt stated that he would like to have FABPAC restored as he felt that with all of the items that come before the Council; it has been difficult for budget discussions to take place. Jim DeKloe added that SCFA is concerned because as the finances of the campus are becoming more complicated, fewer meetings are taking place and the amount of discussion by constituent groups has diminished. SCFA feels that this has created a lack of input into decisions by constituents.

IVP White stated that we may need to bring in other processes, but it is also very important to look at a more global view of how these processes fit together, and how we can most efficiently construct our systems to move the college forward.
Mr. Lehfeldt presented the Council with the following proposals, which will be brought back again to the Council at the Special Shared Governance meeting that will take place on January 22, 2014.

1. Restore FABPAC as before.
2. Have a FABPAC meeting once a month.
3. Have a hybrid of Shared Governance and FABPAC with one standing member from Shared Governance and one stand-alone member for FABPAC for each represented group, to be held before or after every Shared Governance meeting.
4. Have a quarterly FABPAC meeting with one Shared Governance member and one stand-alone member for each represented group.

**Adjournment**

The meeting adjourned at 4:29 p.m.
