### DVD/VCR

#### Before Class:
1. Turn on the projector by pressing the **ON button** located on the upper right corner of the smart panel. *Note: The projector warms up in about a minute.*
2. After the projector warms up, press the DVD/VCR button located near the top-center of the smart panel controller.
3. Open the cabinet
4. Make sure the DVD/VCR player is ON and insert your DVD or VHS tape.
5. Closed Captioning Device (CCD) – it is best to leave the CCD on at all times. If you experience a blue screen when playing a video, check to see if the CCD is on (should emit a red LED light).
6. Use the DVD/VCR remote to play, rewind, fast-forward, and skip.

#### After Class:
1. Turn off the projector by pressing the **OFF button** located on the upper right corner of the smart panel. *Note: You will need to press and hold the off button for 1-2 seconds.*
2. Replace and secure the equipment inside the cabinet.
