“

I attended San Joaquin Delta College and was looking for a school that puts an emphasis on their students. I researched University of the Pacific's culture and learned that many of their classes are small, which is how I prefer to learn.

The financial aid package that Pacific provided me was key to my enrollment decision. I received financial aid, the Community Involvement Program Scholarship and the Transfer Merit Scholarship. I am thankful for all of these opportunities.

Receiving the Merit Scholarship affected my decision to attend Pacific. It was a huge load that was taken off my shoulders. I was able to focus on school and the activities I wanted to be involved in and not be worried about paying for my education.

My financial aid package was the bridge to get from a community college to a four-year university much quicker. The counselors made the application and enrollment process easy.
