Solano Community College

Solano Community College is a tradition in Solano County. Established in 1945 as Vallejo Junior College, Solano was part of the Vallejo Unified School District until 1967 when the College became a countywide institution. The 192-acre campus, centrally located just off Interstate 80, was completed in 1971 and opened with 5,000 students. Since then, facilities, programs, staff and services have expanded to meet the growing needs of a growing county.

Solano Community College is part of California’s public community college system of 113 campuses in 72 districts across the state. The College’s service area encompasses the communities of Benicia, Dixon, Fairfield, Suisun, Vacaville, Vallejo and Travis Air Force Base as well as Winters in Yolo County. Many graduates of the area’s 16 public high schools and three private schools take advantage of the educational opportunities offered by Solano Community College.

Solano’s classes are held during two semesters each year (spring and fall) and two summer sessions. The Weekend College program offers expanded learning opportunities. Flexible scheduling, designed for students’ convenience, includes day, evening, and Saturday classes, held both on and off campus, via online, home study and travel study. Short-term classes, open-entry/open-exit formats, and special interest workshops and seminars add to this scheduling flexibility.

With the current student population of over 14,000 taking classes during both day and evening, the Solano College campus is alive at all hours offering academic study and occupational training to all area residents.
MISSION

ACADEMIC FREEDOM - FACULTY
The Solano Community College District affirms its belief in the academic freedom of its full and adjunct faculty and students to engage in any teaching, studying, research, writing, and criticism deemed appropriate by such individuals to the spirit of free inquiry and pursuit of truth.

As stated in the Academic Freedom and Tenure, 1969 (Handbook of American Association of University Professors):

“...academic freedom consists in the absence of, or protection from, such restraints or pressures - chiefly in the form of sanctions, threatened by the state or church authorities or by the authorities, faculties, or students of colleges and universities, but occasionally also by other power groups in society - as are designed to create in the minds of academic scholars (teachers, research workers, and students in colleges and universities) fears and anxieties that may inhibit them from freely studying and investigating whatever they are interested in, and from freely discussing, teaching or publishing whatever opinions they have reached. “

Since these rights of academic freedom carry responsibilities with them, each faculty member and student should strive to be accurate, should exercise appropriate restraint, show respect for the opinions of others, and must indicate that he or she does not speak, necessarily, for the College.

Possible sanctions for a perpetrator of a sexual assault include: criminal prosecution, official warning, reprimand, social probation, restitution, suspension by teacher, emergency summary suspension, disciplinary suspension, disciplinary probation, and expulsion. All criminal investigations are conducted independently of college rules of conduct inquiries.

Crime Prevention: One of the essential ingredients of any successful crime prevention program is an informed public. It is the intent of Solano Community College to inform students and staff, in a timely manner, of any criminal activity or security problems that may pose a reasonable threat to their physical safety. Another critical element of a campus safety program is training. The Sheriff’s Department, the ASSC and the Office of Student Services sponsor on-going training programs on various topics, ranging from sexual assault awareness to the prevention of substance abuse.

Finally, all effective crime prevention programs include some measure of people watching out for one another.

All staff and students are asked to be ALERT, SAFETY-CONSCIOUS, AND INVOLVED. Report suspicious behavior or activity to the Solano Community College Sheriff’s Department at (707) 864-7131 or (707) 580-6526.

Off-Campus Crime: The local police departments have been requested to provide Solano Community College with crime data for the areas surrounding the facilities operated by the College. When a safety problem arises, the campus Sheriff’s Department will notify persons using these facilities.

STUDENT RIGHTS

Academic Freedom - Students: Every student is guaranteed the right of full expression and advocacy, consistent with established District policy and regulations (Board Policy §5580). To this end, a “Hyde Park” location has been designated near the Student Center (Building 1400). This is the area where peaceful assembly may take place for the purpose of free expression and exchange of ideas by the students and staff of the College. Outside speakers and groups must be sponsored by a campus organization, faculty member or administrator.

The “Hyde Park” area is available five days a week, from 9 a.m. to 5 p.m., unless otherwise reserved. Scheduling of this area must be done through the Office of Student Life (Room 1425) prior to the activity.

Speech, with or without electronic amplification, shall not interfere with nor disrupt the orderly operation of the College, including classroom instruction, registration procedures, public programs, and athletic events. The expression of obscene, libelous, or slanderous statements, according to current legal standards, or statements which so incite students as to create a clear and present danger of the commission of unlawful acts on campus premises or the violation of College regulations or the substantial disruption of the orderly operation of the College are prohibited.

Privacy Act: Students at Solano Community College are guaranteed certain rights regarding their school records and information which they provide to the College (Family Educational Rights and Privacy Act of 1974, Section 438, Public Law 93-380). These rights include:

1. The right to inspect and review official college records.
2. The right to challenge the accuracy of the records.
3. The right of controlled access and release of information.
These rights are designed to protect the privacy of all students. A photo identification is required before releasing information. Official college records are kept in Admissions and Records. The Director of Admissions and Records has been designated “Records Officer,” as required by the Act.

Release of Student Information: Student information cannot be released without the written consent of the student as provided for in the Family Educational Rights and Privacy Act of 1974.

Rights to Privacy: While the College does not provide general directory services, it may (by law under special circumstances) release the following information about a student: name, address, telephone number, date of birth, major field of study, participation in officially recognized sports, height and weight of members of athletic teams, dates of attendance, and degrees and awards received. If a student does not wish such information to be released, notify Admissions and Records in writing. Directory information may be released at the discretion of the College to persons or agencies, such as the National Student Clearinghouse, which the College deems to have legitimate reason for access to the information. To prevent disclosure, written notification must be sent to Admissions and Records.

The College is required to release student names, addresses, and telephone numbers to armed forces recruiters, per the Solomon Act, without first obtaining a student’s permission. In addition, the college is required to release information to the U.S. Department of Education and the Federal Internal Revenue Services about fees paid and financial aid received according to the Hope and Opportunity for Post-secondary Education Act of 1997.

Student Equity: The mission of the California Community Colleges is to serve the educational needs of all residents of the State, regardless of the educational or socioeconomic background, ethnic, or cultural heritage of students seeking higher education opportunities. The College provides programs and services to ensure that all students have the opportunity to succeed academically. The overarching equity goal at Solano Community College is to provide a teaching and learning environment that is welcoming, supportive, and accessible to all participants, regardless of ethnicity, culture, nationality, language, disability, gender, sexual orientation, or religion, and to ensure that all students have an equal opportunity for academic success.

CIVIL RIGHTS/TITLE IX
Open Access & Non-Discrimination is the policy of the Solano Community College District, based on California Title 5 regulations, that no person, on the basis of ethnic group identification, national origin, religion, sexual orientation, age, sex, race, color, or physical or mental disability, shall be unlawfully subjected to discrimination under any program or activity that is funded directly by, or that receives any financial assistance from, the Chancellor or Board of Governors of the California Community Colleges.

Other forms of unlawful/prohibited discrimination under federal and state law include discrimination on the basis of race or national origin. Further, the College District, in compliance with state law, will not tolerate behavior by students or staff which insults, degrades, threatens, stereotypes, or otherwise discriminates on the basis of marital status, pregnancy, sexual orientation, political activities or affiliation and/or medical condition. In addition, Solano Community College has identified another form of discrimination not recognized by the Chancellor’s Office and the State of California to include veteran status. Complaints should be filed with Human Resources. No one shall retaliate against anyone who files a discrimination complaint or participates in an investigation, or against anyone who is a representative of an alleged victim or an alleged offender.

“Title IX” of the Education Amendment of 1972 provides that starting point that guarantees the right of students, faculty, staff, and administration to be free of sexual discrimination and harassment. These guarantees apply to access to educational opportunities and courses, counseling and guidance services, treatment of students, access to personal records, athletics, financial assistance, the educational environment and work experience. Any inquiries related to “Title IX” concerns of sexual discrimination or harassment should be reported directly to the Title IX Administration of the Solano Community College District, through Human Resources.

The Americans with Disabilities Act of 1990 provides individuals with disabilities equal educational opportunities, programs, and services. To
ensure equality of access for students with disabilities, academic accommodations and auxiliary aids shall be provided to the extent necessary to comply with state and federal law and regulations. Academic accommodations and auxiliary aids shall specifically address those functional limitations of the disability, which adversely affect equal educational opportunity. If students feel their accommodations have not been made, they may file a complaint with Human Resources.

**Sexual Harassment** is prohibited by law and by College policy (Board Policies §4270 and §4285). Sexual harassment is defined as unwelcome sexual advances, requests for sexual favors and other verbal, visual, or physical conduct of a sexual nature or communications constituting sexual harassment made by someone from or in the workplace or educational setting when:

1. Submission to the conduct is explicitly or implicitly made a term or condition of an individual’s employment, academic status, or progress.

2. Submission to, or rejection of, the conduct by the individual is used as the basis of employment or academic decisions affecting the individual.

3. The conduct has the purpose or effect of having a negative impact upon the individual’s work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment.

4. Submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors programs, or activities available at or through the district.

**Examples of Sexual Harassment:**

1. Making unsolicited verbal, physical, written, and/or visual contact of a sexual nature.
   a. Verbal: Offensive and/or inappropriate comments, epithets, whistling, jokes and innuendo of a sexual nature, including but not limited to, comments of a sexual nature about another person’s or one’s own physical appearance, attire, sexual thoughts, sexual behavior, marital status or sexual orientation.
   b. Physical: Offensive and/or inappropriate touching, interference with movement, or sexual assault, including but not limited to, kissing, touching intimate places, unnecessary and unwelcome touching of non-intimate places, or blocking of free bodily movement.
   c. Written: Sending or delivering sexually suggestive letters, notes, invitations, electronic media transmissions, or other reading materials.
   d. Visual: Displaying sexually suggestive posters, pictures, drawings, cartoons, computer graphics or objects; making sexually suggestive or obscene gestures; leering or staring at another person with sexual intent.

The above types of conduct of a sexual nature may be considered sexual harassment whether or not they are directed at a specific person. A workplace or educational setting which is permeated with sexual communications or behaviors may create a hostile environment to all persons within that setting. Whether an environment is hostile depends on the totality of the circumstances, including such factors as the frequency and severity of the conduct and whether the conduct has a negative impact on a person’s work or educational environment.

2. Continuing to express sexual interest after having been informed that the interest is unwelcome.

3. Coercive sexual behavior such as making reprisals, threats of reprisal, or implied threats following a rebuff of harassing behavior used to control, influence, or affect the career, salary, or work environment of another person, including but not limited to promises or threats regarding appointments, promotions, transfers, changes of assignment, or performance evaluations which are explicitly or implicitly made contingent on the person tolerating or submitting to the sexual behavior.

4. Coercive sexual behavior such as making reprisals, threats of reprisal, or implied threats following a rebuff of harassing behavior used to control, influence, or affect the educational opportunities, grades, or learning environment of a student, including but not limited to promises or threats regarding grades earned or deserved, course admission, suggesting poor performance evaluations, letters of recommendation, benefits or services such as scholarships, financial aid, or work study jobs which are explicitly or implicitly made contingent on the student tolerating or submitting to the sexual behavior.
Obligations of All District Employees and Students
All employees and students shall report to their immediate supervisor or school official any conduct on the part of other employees and students or non-employees, such as sales representatives or service vendors, who sexually harass any District employee, student, or other persons. If the immediate supervisor is the alleged harasser, contact Human Resources. Immediately following notification to the supervisor or school official, the party shall notify Human Resources and provide all information relevant to the complaint.

Because different procedures apply after a formal governmental administrative charge or complaint is filed, any employee receiving such a charge or complaint is directed to Human Resources immediately.

All employees and students shall cooperate with any investigation of an alleged act of sexual harassment conducted by the District or by an appropriate state or federal agency.

No employee or student of the District shall take any action to discourage a victim of sexual harassment from reporting such an instance.

The District will respond to any conduct which may constitute unlawful/prohibited discrimination as it deems appropriate, including but not limited to an internal investigation of reported conduct, and will take appropriate disciplinary action up to and including discharge, expulsion, or termination of contract if such is justified.

STUDENT RIGHT-TO-KNOW DISCLOSURE
Education is fundamental to the development of individual citizens and the progress of the Nation as a whole. There is increasing concern among citizens, educators, and public officials regarding the academic performance of students at institutions of higher education. Prospective students and prospective student athletes should be aware of the educational commitments of an institution of higher education. Knowledge of graduation rates helps prospective students and prospective student athletes make an informed judgment about the educational benefits available at a given institution of higher education.

Compliance with the Student Right-to-Know and Campus Security Act of 1990 completion and transfer rate statistics can be viewed at http://srtk.cccco.edu/index.asp.
**Student Services**

**ACADEMIC SUCCESS AND TUTORING CENTER (ASTC)**
Academic Success and Tutoring Center (ASTC) serves as a center to encourage and facilitate academic success through academic support services for students. The ASTC provides information about other important campus support resources; a quiet study space; use of laptop computers and printer; academic success workshops (i.e. study skills, exam preparation, time management, research and writing papers). The Academic Success and Tutoring Center is located inside the Library on the Main Campus in Fairfield, in room 137 at the Vacaville Center, and Room 124 at the Vallejo Center.

**ADMISSIONS AND RECORDS (A & R)**
The Admissions and Records office is located in the Student Services building.
Registration information is printed in the Schedule of Classes and is available on our web site at [www.solano.edu](http://www.solano.edu). For more information, email admissions@solano.edu or call (707) 864-7171.

**ASSOCIATED STUDENTS OF SOLANO COMMUNITY COLLEGE (A.S.S.C.)**
The Associated Students of Solano Community College are represented by an Executive Board and the Student Senate. Every registered student is a member of the A.S.S.C. and is encouraged to participate in the student government. Students may obtain information from the Student Life Office (Room 1425) concerning requirements for holding a student government office. The A.S.S.C. meets at 12:30 p.m. on Tuesdays during the Spring and Fall semester in room 1421 in the Student Center. Through its annual budget, the A.S.S.C. allocates student funds for the use and benefit of day, evening and off-campus students. Students are invited to drop in and become familiar with the services provided by the Student Life Office and to meet the people (students, staff, and faculty) who are working to make the student experience at Solano Community College a successful one.

**CALWORKS**
Solano Community College (SCC) is dedicated to long-term self-sufficiency and success. Our program provides comprehensive services to our CalWORKs students while assisting them in achieving success. Students may earn a Certificate of Achievement, Associate Degree or transfer to a 4-year college. We offer support, advocacy, counseling, and work-study. Our office is part of the college Student Services team and we are a partner to the Solano County CalWORKs Program.

To begin your path to success, please visit our office on the Fairfield Campus:
Student Services Building 400, Room 407
Phone: (707) 864-7000, ext. 4645, Fax: (707) 646-2058

**EARLY LEARNING CENTER**
The Solano Community College Early Learning Center provides child care and development services for children of student parents and from the community. The program is also the early childhood education laboratory school for students studying child development and family studies.

We are open for child care from 7:45 a.m. – 3:30 p.m. Monday through Friday, serving young children under age 5 in part-day and full-day programs. We also offer an afternoon preschool program from 1:00 – 4:00 p.m. each week day.

To place your child on the subsidized or non-subsidized child care wait list, you may come to the 200 building on the Fairfield campus to complete an application. As openings occur, we enroll from the wait list. The majority of the enrollment spaces are state or federally subsidized with no- or low-cost child care available to low-income families. The fees for non-subsidized child care vary according to the child’s age and hours enrolled in care.

The children’s days and hours of enrollment are based upon the parents’ school schedules and/or work hours. To support the consistency and structure that children need, we emphasize a consistent enrollment schedule for each child. We do not provide drop in child care services.

High quality, developmentally appropriate services are provided daily by well-qualified, dedicated teachers. Child Development and Family Studies (CDFS) students learning to be teachers of young children work in the classrooms as well. The children receive one-on-one support through a curriculum designed to meet their developmental needs.

Visit the Children’s Programs between 8:00 a.m. and 4:00 p.m. or call (707) 864-7182 for more information.

CARE PROGRAM
(Cooperative Agency Resources for Education)
The CARE Program was established by the State of California to help welfare recipients become convinced that they and their children are important, that they are capable, and that with proper support they can break the welfare dependency cycle through education and job training.

CARE is a supplemental component of EOPS that specifically assists EOPS students, who are single heads of welfare households with young children, by offering supportive services so they are able to acquire the education, training and marketable skills needed to transition from welfare-dependency to employment and eventual self-sufficiency for their families. Every CARE student is an EOPS student who must meet the eligibility criteria for both programs.

Eligibility requirements for the CARE Program includes:
- An EOPS student currently receiving the Pell Grant.
- Enrolled full-time at Solano Community College.
- A current recipient of Tribal TANF/TANF/CalWORKS cash aid, or at least one dependent child currently receiving cash aid.
- At least 18 years of age.
- Single parent head-of-household.
- The parent of at least one child under 14.

CARE provides support services and CARE Grant reimbursement for child care expenses, textbooks and supplies, and transportation costs; meal tickets, academic counseling, and personal development activities and workshops.

For more information, contact the EOPS Office in room 426, or call (707) 864-7000 ext. 4444, or online at www.solano.edu.

COUNSELING
The Counseling Center provides career, educational and personal counseling services. The counselors work with students to help them understand their interests, abilities, and achievements. Counselors assist students in determining goals and planning programs to attain their goals. Careful course selection is the key to a successful college experience.

Because requirements differ for each program, major, and college or university, and because these requirements are subject to change, students are encouraged to consult with a counselor prior to registration. New students should plan to meet with a counselor well before the start of their term.

Counseling services are available in person at the main campus and college centers, as well as online through e-counseling at www.solano.edu/counseling/ecounseling.php.

Students on academic or progress probation, along with students petitioning for readmission after being academically disqualified must meet with a counselor prior to enrolling in classes.

How to make a counseling appointment
1. In person
2. Online at http://www.solano.edu/counseling
3. By phone:
   - Main Campus (707) 864-7101
   - Vallejo Center (707) 642-8188
   - Vacaville Center (707) 863-7836
   - Travis Air Force Base (707) 424-2431

ENGLISH LABS
DROP-IN WRITING LAB
The English department offers a drop-in writing lab on the Fairfield Campus (Room 130). The lab is available to help students work on essays for any course at SCC, not just English courses. Students can drop in for immediate writing assistance if space is available. However, if the lab is busy, students have the option of signing up for drop-in sessions up to two weeks in advance. The lab is a place to help students develop the skills needed to improve their abilities in reading and writing. This means they will be introduced to strategies associated with active reading, brainstorming, organizing, revising and proofreading.

ENGLISH AS A SECOND LANGUAGE (ESL) LAB
The English as a Second Language Department operates an ESL Lab in building 100 (Library) to provide listening comprehension, pronunciation, and note-taking practice for second language learners. Students may also work on grammar and elementary word processing while carrying .5 to 1 unit per semester up to a maximum of 1.5 units.
The Reading Improvement Lab (ENGL 320) is an open-entry, open-exit class offering individualized instruction for students who want to improve their reading skills on an independent basis. The Lab is designed to serve all Solano Community College students, especially those not enrolled in any other English classes. This class focuses on reading foundation skills with individualized instruction providing an opportunity to address specific reading needs.

The Writing Skills Lab (ENGL 310) is an open-entry, open-exit class offering individualized instruction in writing skills. The Lab is especially designed to serve independent students, especially those not enrolled in any other English classes. Assignments are based on individual needs and will vary for each student, but focus on process and fundamentals such as development, grammar, and mechanics.

AB-540 Students
The California Dream Act of 2011 (AB130/131) allows eligible undocumented and documented students to apply for and receive institutional scholarships and state administered financial aid (AB-130) and community college fee waivers (AB 131), effective January 2013. Apply with the CA Dream Application at https://dream.csac.ca.gov/

Financial Aid assistance is available through the federal and state government, as well as scholarships offered by the institution, private, and non-profit foundations. Financial aid may help to offset the cost of higher education such as tuition, fees, books, supplies, housing, transportation and personal expenses. Be aware that financial aid does not fully support a student with all expenses. Financial Aid is one of many tools to help students achieve their educational and career goals. Here is a listing of financial aid programs available through Solano Community College:

Satisfactory Academic Progress (SAP)
Federal and State financial aid regulations require Solano Community College (SCC) to establish, publish, and apply qualitative, quantitative and incremental standards by which SCC can determine whether a student requesting and/or receiving financial aid is maintaining Satisfactory Academic Progress (SAP) in his/her course of study. Financial Aid requires a declared major and enrollment in a Title IV eligible program (16 or more units in length).

solano.financialaidtv.com/m
Solano Community College Financial Aid Office evaluates all three standards along with specific institutional policies to determine a student’s eligibility. Satisfactory Academic Progress (SAP) will be evaluated at the end of each semester. Each SAP evaluation includes both the semester and cumulative GPA and pace of progression completion rate.

**Satisfactory Academic Progress (SAP) Standards**
- Grade Point Average (GPA)
- Pace of Progression
- Maximum Time Frame
- Institutional Policies

**Qualitative-Grade Point Average (GPA)**
- Students must have a semester and cumulative GPA of 2.0 at each SAP evaluation.
- Grades for remedial and ESL courses count in the GPA calculation.

**Quantitative-Pace of Progression**
- Students must complete at least 67% of the semester and cumulative number of units attempted at each SAP evaluation.
- Completion rate is computed by dividing the total number of units completed by the total number of units attempted.
- Must include courses with earned “W” and units transferred into the institution, as well as academic renew/amnesty courses.

**Quantitative-Maximum Time Frame**
- A period of time that is no longer than 150% of published length of the program in which the student is enrolled.
- For degree and transfer programs of 60 units, maximum time frame is 90 units.
- For eligible certificate programs, maximum time frame varies (i.e. 30 unit program = 45 units maximum, 18 unit program = 27 units maximum).
- Requires that the student be enrolled in a Title IV eligible program leading to degree, certificate or transfer (basic financial aid requirement).
- Must include courses with earned “W” and units transferred into the institution, as well as academic renew/amnesty courses.

**Institutional Policies**
- Remedial/ESL coursework may be excluded from the Pace and Maximum Time Frame calculations.
- All units attempted are considered in the evaluation process, this includes incompletes and withdrawals.
- Major Changes: A maximum of two major changes are allowed.

**Warning**
- Students not making SAP will be automatically placed on one term of “Warning” status.
- Students may receive financial aid during the warning period.
- Students not making SAP at the end of the warning period are determined to be ineligible for federal and state financial aid until they meet SAP standards.

**Re-establishing Eligibility**
- Students may reestablish their eligibility by meeting the Pace of Progression- 67% completion rate standard along with a minimum cumulative GPA of 2.0.
- Sitting out one semester or longer will not reestablish eligibility.

**Student Appeals for Extenuating Circumstance**

Puente’s mission is to increase the number of educationally underrepresented students who enroll in four-year colleges and universities, earn degrees, and return to their communities as leaders and mentors to future generations. The Puente Program has three main components:

2) Focused counseling services. Students take one semester of COUN 007: College Study Techniques. Students work closely with the Puente counselor until graduation, exploring career options, developing an academic educational plan and identifying lifetime goals. Students visit University of California and California State University campuses and attend an annual student transfer conference.

3) Professional community mentors—each student is matched with a mentor from the business or professional community. Approval of the student’s principal, and parent or guardian is required. The intent of this program is to provide educational enrichment opportunity for a limited number of eligible students who fulfill special admission standards.

- The College reserves the right to exclude or limit enrollment in courses or programs where health, safety, instructional methodology, facility constraints, or legal requirements are deemed inappropriate for special admission students.

INTERNATIONAL STUDENT ADMISSION
Solano Community College admits international students each semester. We accept applications year round. International students must meet the following admission requirements:

1. File official transcripts from all secondary schools, universities or professional schools. Transcripts must be accompanied by an official English translation.
2. Submit scores from the Test of English as a Foreign Language (TOEFL). A minimum score of 500 is required for admission on the paper-based examination. A score of 61 on the internet-based test is required for admission (subject to change) and from the IELTS test a score of 7.0.
3. File a current declaration and certification of finances.

6. Provide a local street address, not a post office box number, and a social security number, if applicable.

Students with an F-1 Visa must meet with the International Student Academic Counselor each semester for approval of their academic programs. An email address is provided to all students and is the primary means used by the college to communicate with students. Students should activate and check their email regularly. Non-resident tuition is $211.00 per unit plus $46.00 per unit enrollment fee plus $5.00 per unit nonresidential capital outlay fee. All fees are subject to change by the State legislature.

Email to international@solano.edu for additional information, or visit www.solano.edu/international/index.php.

RESIDENCY
The California residency requirement has two parts, Act and Intent. To claim residency a student must have lived and shown intent to reside in California by: a) paying California income taxes; b) possessing a valid California driver’s license; c) registering and voting in the state; d) owning and registering a car in California, and/or the absence of these ties with another state. The payment of California state income taxes is an important act of intent. Concurrent with these acts of intent, physical presence in the state for one year and one day prior to the first day of classes is needed to establish California residency. Because the residency requirement is complicated, students with questions should contact the Residency Assistant in the Admissions and Records office.

SCCID (SOLANO COMMUNITY COLLEGE IDENTIFICATION NUMBER)
All students admitted to Solano Community College will be issued an SCCID upon receipt of their application for admission. The SCCID is your primary identification number. The SCCID provides an added layer of protection to combat ever-increasing occurrences of identity theft.

TRANSCRIPTS FOR ADMISSION
The following students are required to submit official transcripts from all regionally accredited institutions:

Students may also phone (707) 864-7000, ext. 4525 for more information.

SCHEDULE OF CLASSES
A searchable class schedule is online at www.solano.edu.

REGISTRATION PROCEDURES
Preparation: Students should acquaint themselves with college policies and study the information in this Catalog, the Schedule of Classes and registration materials supplied by the Admissions and Records office (A&R). The Admissions and Records office is a convenient place to ask questions about College procedures or visit our Web site at www.solano.edu. The following registration procedures apply to students enrolling in day, evening, on-campus, and off-campus classes.

All debts to the College must be cleared before students may register for classes.

Registration: Students who wish to enroll in classes for the next semester can obtain registration information from the Schedule of Classes or online at www.solano.edu.

The Schedule of Classes contains registration information and instructions. Registration is conducted by priority. The priority registration definitions/schedule are listed in the Schedule of Classes and online approximately 2 weeks prior to the start of the registration period.

WAITLIST
A waitlist allows students to show their interest in a course where the seat capacity has been reached. When a seat becomes available, the next student on the waitlist will receive a notification email which is sent to the student’s Solano Community College email account. It is the student’s responsibility to check their email account. If students choose to have their student email forwarded to their personal email, it is the student’s responsibility to ensure that the forwarded address is correct and that the donotreplya&r@solano.edu is not blocked by the external email provider’s spam filters. Students have 48 hours to register in the waitlisted course from the time the notification email is sent. Failure to register within the 48 hour notification window will result in the student being expired from the waitlist which opens the opportunity for the next student to register.

LATE REGISTRATION
During the first week of each semester, students may register for additional courses if class space is available. (See academic calendar at www.solano.edu for all deadlines.)

Adding Classes and/or Late Registration:
1. Students go to the classes they wish to attend. If space is available, the instructors will give them an add code which they should use to enroll in the course online via the College web site.
2. All enrollment fees must be submitted upon registration.

Dropping Classes:
1. Students must drop classes online at www.solano.edu
2. Students may be dropped from class by the instructor.
3. Students should check their Schedule Bill for course deadlines.

Students are responsible for officially dropping
Admission and Registration

their courses before established deadlines. Non-attendance or non-payment of fees will not remove you from a course nor alleviate your responsibility to pay fees.

Students who do not officially drop courses may receive an “F” for the term and incur a student debt. Students should drop courses online.

Fees are due and payable at the time of registration. All debts to the College must be cleared before students may register for classes.

NON-RESIDENT TUITION
Non-residents (out-of-state and international students) must pay tuition fees at the time of registration. At the time of publication of this catalog, fees are $211.00 per unit. All non-resident students are also required to pay a $46.00 per unit enrollment fee a $5.00 per unit nonresidential capital outlay fee.

Through 10% of the course, 100% of the California Community College Enrollment Fee will be refunded.

HEALTH AND STUDENT CENTER FEES
The Health and Student Center fees are only refundable if all classes are dropped prior to the beginning of the semester.

Since the provision of health services is very expensive and the California Community College system does not have sufficient funds to subsidize student health services, the State Legislature mandates that the burden of supporting a student health center will be shared by all Solano Community College students through a general fee, regardless of whether they utilize the health center or have their own insurance.

The following students are exempt from paying the mandatory health fee:
(1) Students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization.

8. Students who submit petitions that pertain to academic disqualification must have their petitions reviewed and signed by a counselor before the Academic Council will consider their requests for readmission.

9. Each student who petitions the Academic Council is notified in writing, by the Student Services Office, concerning the action taken by the Academic Council on his/her petition.

10. Any student who is not satisfied with the Academic Council action taken on his/her petition may request a second petition review by the Academic Council or an opportunity to meet with the Academic Council in order to discuss his/her petition. Students failing to maintain an acceptable standard of academic achievement shall be placed on academic probation, progress probation, academic dismissal or progress dismissal. (Reference: Student Services Policy and Procedures 5100)

For purposes of probation and dismissal, only consecutive, primary semesters are counted. The semester in which a student’s performance causes him/her to be placed on probation is the first probationary semester. Summer is not a primary semester. For most current information contact Admissions and Records at admissions@solano.edu.

(This condition only overrides A.1. above.)

If semester GPA falls below 2.25 and/or student qualifies for Progress Probation, student will be academically and/or progress dismissed.

**Appeals**
Students who are dismissed may file an appeal to contest the requirement of sitting out a primary semester with the Vice President, Student Services, or designee if extenuating circumstances exist which caused the substandard grades. AUDITING
Course auditing is permitted as a service to students who have completed designated credit courses for the maximum number of allowable enrollments. The purpose of auditing is to allow students to continue study, after course repeatability has been exhausted. A list of courses that have been designated for auditing is available in the Admissions and Records office. Auditing conditions are as follows: 1) Student participation in the course is subject to instructor discretion; 2) no grades or credit shall be awarded and no transcript of record maintained; 3) auditors may not change their status in the course from audit to credit student or the reverse; and 4) audit fees shall not be refunded. The auditing fee is $15 per semester unit. GRADES

GRADING SYSTEM
Solano Community College uses the following letter grade system for evaluating the quality of students’ work:

A grade point average (GPA) is determined by dividing the total number of grade points earned by the total units attempted, excluding credit/no-credit courses and those in which W or I grades are earned. (Example: 36 grade points divided by 12 units attempted equals 3.0 GPA/B average.)

PASS/NO-PASS OPTION
The purpose of the pass/no-pass option is to encourage students to take challenging courses for electives outside the major area while avoiding undue concern for grades in competition with students who may be better prepared.

The P grade represents a letter grade of A, B, or C. The NP grade represents a D or F letter grade. Units earned in the grading system are not used in computing grade point averages. A letter grade cannot be changed to a pass/no-pass grade, and a pass/no-pass grade cannot be changed to a letter grade unless the course is repeated. A course in which a grade of NP has been earned may be repeated once for a P or letter grade. Some courses are offered only on a P/NP grading basis and letter grades may not be earned in these courses. These courses are identified in the Course Descriptions section of this Catalog.

Students may request P/NP grades in any regular graded class offered by the College but they are limited to a total of 15 semester units under the P/NP option.
while attending Solano Community College. In order to exercise this option, a petition must be filed with the Admissions and Records office at the time of registration, or by the fifth week of the semester for a full semester course. Petitions for summer session and short-term courses must be filed within the first thirty per cent of the course.

Students should be aware that other colleges and universities may be reluctant to accept P/NP grades. Students should not take the P/NP grade option in their major fields of study.

UNOFFICIAL TRANSCRIPTS
Unofficial transcripts of grades are available online via MySolano Student tab. Contact admissions@solano.edu for assistance.

INCOMPLETE GRADES
An incomplete grade may be assigned only when a student has failed to complete the final examination, a class project, or a term paper because of illness or severe personal problems. Incomplete work must be completed by the end of one calendar year. When such conditions exist, the instructor and student must complete an “Incomplete Grade Contract” which outlines the work to be completed within one calendar year to result in an agreed-upon grade and states a preliminary grade which represents the grade earned by the student in work completed. When the work has been completed as outlined on the contract, the instructor will forward a “Change of Grade” form to the School Dean. Students who do not complete the contract will be assigned a grade at the end of one calendar year.

CHANGE OF GRADES
Students requesting a change of grade must initiate the request within one year after completing the course for which the grade change is being requested. After this period, if there are extenuating circumstances, a change of grade may be requested; however, the period for requesting a grade change may not exceed 3 years after the completion of the course.

Students should submit a request in writing directly to the faculty member within one year after completing the course for which the grade change is being requested. If the faculty member is not available, the request should be submitted through the appropriate School Dean; however, only the faculty member that assigned the original grade or designee may authorize a change of grade.

Important Note: Except in the cases of mistake, fraud, bad faith, or incompetency, a grade assigned by an instructor is not a grievable issue as described by the California Education Code (Section 76224): “...when grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student’s grade by the instructor, and in the absence of mistake, fraud, bad faith, or incompetency, shall be final.”

HONORS
President’s: The President’s Honor List recognizes those students who earn academic honors each semester. The President’s List includes those students who have earned a grade point average of 3.85 or higher with at least 39 grade points in not fewer than 12 units of work completed.

Deans’: The Deans’ Honor List recognizes those students who earn academic honors each semester. The Deans’ List includes those students who have achieved a grade point average of at least 3.25 or higher with at least 39 grade points in not fewer than 12 units of work completed. A grade point average (GPA) is determined by dividing the total number of grade points earned by the total units attempted, excluding Pass/No Pass courses and those in which W or I grades are earned. (Example: 36 grade points divided by 12 units attempted equals 3.0 GPA/B average.)

Alpha Gamma Sigma: Permanent membership in Alpha Gamma Sigma, the California Community College Honor Society, recognizes students who have maintained a high grade point average in all college work. Permanent membership may be awarded at the time of graduation. Applications and information are available in Room 1425/1426 in the Student Center.

Phi Theta Kappa: Permanent membership in Phi Theta Kappa International Honor Society, Beta Mu Gamma Chapter, recognizes the scholarly achievements of SCC students who have completed 12 semester hours associate degree course work, with a grade point average of 3.5. Grades for courses completed at other institutions will not be considered when determining membership eligibility. A cumulative grade point average of 3.25 must be maintained to remain in good standing. Applications are available in the Student Life Office, Room 1425/1426, Fairfield campus. For detailed membership eligibility information, contact the PTK Advisor, c/o Student Services Office, Room 433.
Honors at Graduation: A student who achieves a cumulative grade point average of 3.50 to 3.74 will be graduated with honors; and 3.75 and above with high honors.

REPEATABILITY OF COURSES
Repetition of courses must be conducted by all California community colleges in compliance with California Title V Regulations, Sections 55040 through 55046.

Course repetition to improve a sub-standard grade:
A course may be taken once and repeated a maximum of two times for which a grade notation of D, F, NP, (No Pass), or W (Withdrawal) was earned. Solano Community College requires students to petition to repeat prior to the second attempt. A W will count as an attempt.

REPEATABLE COURSES:
An earned grade of C or better cannot be repeated. However, there are specialized courses that are designated as repeatable and are noted in the course description. Types of courses in this category include:

• Transfer level courses that may be taken more than once to meet the major requirement for transfer to a California State University (CSU) campus or to other universities with a similar transfer requirement.
• Variable unit courses that are open entry/exit such as math, reading and writing laboratory courses; these courses may be repeated up to the total maximum units allowed.
• Work Experience courses, which can be taken again when there is new or expanded learning on the job for a maximum of sixteen units.
• Interscholastic sports and their related conditioning courses may be repeated to meet requirements for CCCAA eligibility.
• Intercollegiate academic or vocational competition courses with the primary purpose to prepare students for competition.

PETITION FOR AN EXCEPTION-NON-REPEATABLE COURSES:
Some special circumstances allow students complete the Course Repetition petition process when the request does not meet the criteria cited in the section above:

• A student may repeat a course because there has been a significant lapse of time (defined as at least three years) since the student previously took the course and there is a properly established recency prerequisite for a course or program at Solano Community College or at another institution of higher learning. In cases where a transfer university requires a community college course to be taken as a university prerequisite more recently than three years ago, a college may alter the three-year rule with documentation provided by the student. Grades awarded for courses repeated under this circumstance shall not be counted when calculating a student’s grade point average. This is a one-time exception. Documentation from the college or university catalog must be submitted with the petition.
• Courses where students need to meet a legally mandated or licensure training requirement as a condition of continued paid or volunteer employment. These repetitions are not limited and are granted based on the college’s verification of established legal mandates. Documentation may include an expired CPR Certification, the job announcement or job description, coupled with a certification by the student that he or she needs the course for employment.
• A special course that can be repeatable by petition so that a particular student can be approved to repeat it as a disability-related accommodation.
• The college finds that the student’s most recent previous grade is, at least in part, the result of extenuating circumstances. Extenuating circumstances are verified cases of accidents, illness, or other circumstances beyond the student’s control. This is a one-time exception.

LIMITATIONS ON ACTIVE PARTICIPATORY COURSES:
Active participatory courses are those courses where individual study or group assignments are the basic means by which learning objectives are obtained. These include kinesiology (formerly physical education or PE) active participatory courses, as well as visual and performing arts active participatory courses (theatre arts, music and art). Some courses in these categories are related in content and have been placed in groups that Solano Community College is calling Course Families. Course Families allow for skill development beyond an introductory level.

Students are limited to taking a maximum of four courses in any one family. A Course Family may include more than four.
If a student gets a sub-standard grade (a notation of D, F, NP, (No Pass), or W (Withdrawal) in any course within a family, the sub-standard grade counts as one attempt of the four course limitations in the family. Please consult with a counselor for more information.

**STUDENT CLASSIFICATION**

Students are classified in terms of the number of units they have completed and the units in which they are currently enrolled.

- **Freshman:** A college student who has earned from 0 to 29.5 semester units of college credit.

- **Sophomore:** A college student who has earned from 30 to 60 semester units of college credit.

- **Full-time:** A student enrolled in 12 or more semester units.

- **Part-time:** A student enrolled in 11.5 or fewer semester units.

- **Post Associate Degree:** A student who has been awarded an A.A., A.S. or higher degree.

**STUDENT LOAD**

A student load is defined as the total subjects and units carried in a program in any one semester. Fifteen units constitute the normal semester program; twelve units constitute minimum full-time enrollment. In some cases, a semester program may require more than fifteen units for a student to complete a major in the normal two-year period.

Permission to carry an excess load of 20.5 or more units may be granted to individuals depending on the excellence of their academic work. Petition for “Carry Excess Load” must be completed with a counselor. Petitions are available at the Admissions and Records office.

The California State Education Code specifies that each lecture hour of a community college class requires at least two hours of study outside of class. The following schedule is suggested for students who attend college and also work.

**STUDENT RESPONSIBILITIES**

**Attendance and Participation**

Students must attend the first meeting of their classes each semester in order to verify their class enrollments. Students failing to appear may be dropped from class rosters. Regular attendance, completion of examinations, assignments, participation in class activities and discussion is expected. Instructors shall provide students with written statements describing course requirements, grading standards and course prerequisites.

Regular attendance is an obligation assumed by every student at the time of registration. Absences per semester should not exceed the number of hours or the number of days, as determined by the instructor, that a class meets per week. Absences in excess of the maximum may result in students being dropped from classes or having their grades lowered. Students who fail to attend their classes may be dropped by their instructors no later than the end of 62.5 percent of a full-term class, short-term class, or summer session.

Students have the responsibility for verifying their enrollment status. If students stop attending, it is their responsibility to make sure the drop card has been submitted to the Admissions and Records office or that they have completed the drop online at MySolano.

It is the responsibility of students to know the status of their attendance records and to complete all academic work missed due to absences. Compliance with the above regulations may be waived in the presence of verifiable extenuating circumstances including accidents, illnesses, shift changes and temporary changes in military assignments. Students who are dropped from classes because of unsatisfactory attendance and/or participation may petition their instructors for class reinstatement. Instructors may reinstate a student by signing an add card and writing “Reinstate” on the card. The add card must be submitted to the Admissions and Records office.
Attendance and Progress of Veterans
Veterans and their dependents must initiate their claim for educational benefits through the Veterans’ Affairs Center on campus. After classes begin, students are required to notify the Veterans’ Affairs Center promptly of any change in their unit loads or changes of address. Veterans should be aware that short-term classes, variable-unit courses and other flexible schedules may change the training time and affect benefits. A veteran who is academically disqualified must contact a Veterans’ Affairs Center staff member for specific details concerning readmission.

Withdrawal from Classes
Students are responsible for officially dropping from classes and verifying that drop cards are submitted to the Admissions and Records office or complete the drop process using the web online services. Non-attendance or non-payment of fees is not a guarantee of removal from a course and does not alleviate responsibility to pay fees. Students who do not officially drop courses may receive an “F” for the term and incur a student debt. Courses should be dropped online.

Courses dropped after 20% of instruction through the end of 62.5% of instruction will be recorded as a “W” on the student’s record. A student must petition the Academic Council for a “W” after the last day to drop if extenuating circumstances apply. Documentation shall be required.

Short-term or summer session courses, which are less than a full semester in length, dropped during the first 20% of the class will not appear on the student’s record. Courses dropped 21% to 62.5% of the term/session will be recorded as a “W” on the student’s record.

Students should refer to their Schedule Bill for course specific deadlines.

Withdrawal from College
Students who find it necessary to drop all courses during the semester are required to drop within published deadlines. It is important to clear any debts owed to the College before leaving the College. Failure to drop properly could result in failing grades and a student debt.

It is advised to speak with faculty members and a counselor before deciding to withdraw.

Access your MySolano account to drop or do so in person at any of our Admissions & Records campus locations.

ACADEMIC INTEGRITY
At the heart of any institution of higher learning is the fundamental right of Academic Freedom for which Honesty and Integrity are preconditions. Academic Integrity is therefore fundamental to the Solano Community College community. Academic Integrity is maintained only when all academic work is the product of identified individuals. Any act of Academic Dishonesty interferes with Academic Integrity and therefore with the core values of this institution. All violations of Academic Integrity on the part of any member of the academic community constitute a serious offense. Examples of Academic Dishonesty include:

Plagiarism: Academic Honesty Policy
The College community functions best when its members treat one another with honesty, fairness, respect and trust. Therefore, an individual should realize that deception for the purpose of individual gain is an offense against the members of the College community. Violation of the Academic Honesty Policy includes but is not limited to:

1. Plagiarism – from the Latin word for “kidnap” – involves using another’s work without giving proper credit, whether done accidentally or on purpose. This includes not only words and ideas, but also graphs, artwork, music, maps, statistics, diagrams, scientific data, software, films, videos and the like. Plagiarism is plagiarism whether the material is from published or unpublished sources. It does not matter whether ideas are stolen, bought, downloaded from the Internet, or written for the student by someone else – it is still plagiarism. Even if only bits and pieces of other sources are used, or outside sources reworded, they must still be cited. To avoid problems, students should cite any source(s) and check with the instructor before submitting an assignment or project. Students are always responsible for any plagiarism in their work.

An instructor who determines that a student has cheated or plagiarized has the right to give a failing (i.e. “F”) grade, or numerical equivalent, for the assignment or examination.

2. Violation of class assignments, examination rules, e.g., communicating or transferring information to another student, using any materials such as books, notes, etc., other than those expressly allowed for the exam, looking at another student’s exam, etc.
3. Unauthorized preparation, giving, selling, transfer, distribution, or publication, for any commercial purpose, of any contemporaneous recording of an academic presentation in a classroom or equivalent site of instruction, including, but not limited to, handwritten or computer generated class notes, except as permitted by any college policy or administrative procedure.

SANCTIONS FOR ACADEMIC DISHONESTY
An instructor who determines that a student has cheated or plagiarized has the right to give a failing (i.e. “F”) grade, or numerical equivalent, for the assignment or examination. Instances of alleged plagiarism or any other form of academic dishonesty may be referred to the Vice President, Student Services, for action in accordance with the established disciplinary procedures as set forth in Solano Community College Board Policy, §5300. Following procedures consonant with due process, a student may be expelled, suspended, or given a lesser sanction if he or she is found to have committed an act of academic dishonesty. The totality of the particular circumstances, the student involved, and any relevant mitigating factors shall be considered in every case.

Additional Consequences of Violating the Academic Integrity Policy
Students committing acts of academic dishonesty not only face university censure but run a serious risk of harming their future educational and employment opportunities. Prospective employers and other educational institutions frequently use recommendation forms that ask for judgment and comment on an individual’s moral or ethical behavior. Many scholarship opportunities, awards and memberships to academic societies, such as honor societies or discipline-specific associations, also rely heavily on recommendations. College faculty and administrators knowledgeable of academic dishonesty infractions are ethically bound to report such incidences. Moreover, in all cases in which a grade of “F” is assigned for disciplinary reasons, the “F” will remain on the student’s transcript, even if the course is retaken and a passing grade is achieved. Lastly, many other institutions and professional environments impose a no tolerance policy on dishonesty which may result in the student being expelled or fired. Solano Community College students are therefore obligated to develop educational habits befitting their scholastic and career goals.

SOLANO COMMUNITY COLLEGE HONOR CODE
At Solano Community College, we believe that Academic Integrity is fundamental in an institution dedicated to personal development through learning, free inquiry, and the exchange of ideas. Honest work is an integral part of the learning process: it builds self-esteem, knowledge, and skills. It is the responsibility of every Solano Community College student to represent work truthfully and engage honestly in all assignments. We believe that any instance of academic dishonesty hurts the entire college community.
Non-Traditional Learning

Solano Community College awards non-traditional credit for CLEP (College Level Examination Program), Credit by-Examination, formal military service schools, and military service. The maximum credit for all non-traditional credit accepted by Solano Community College may not exceed twenty-four (24) semester units.

Students planning to transfer to a four-year college or university should note that non-traditional credit accepted by Solano Community College may not be acceptable for transfer. Students should check with prospective transfer colleges regarding their policies on non-traditional credit.

ADVANCED STANDING
Students may apply for advanced academic standing through waiver of certain courses as identified by academic schools. To receive course waivers, the student must demonstrate knowledge of the subject to be waived through examination, previous study, or related work experience. Units are not awarded. Students who receive course waivers must complete the minimum number of units for the major and Associate Degree as required by the California Code of Regulations.

CLEP EXAMINATIONS APPROVED AT SOLANO COMMUNITY COLLEGE
Students who receive satisfactory scores on the CLEP (College Level Entrance Program) tests listed below will be awarded college credits for SCC equivalent courses. For more information contact the Office of Admissions and Records.

CREDIT-BY-EXAMINATION
Credit-by-examination is available for some courses that are not remedial or normally taught at or below the secondary education level. Courses eligible for credit-by-examination have been identified by the appropriate academic school. The amount of credit granted may not exceed the amount listed for the specific course in the college catalog.

To be eligible, the student must be enrolled currently at the College in at least one (1) graded course other than those being taken for credit-by-examination, be in good standing (overall 2.0 GPA) and have completed a mini-
mum of 12 units in residence or will have completed a
minimum of 12 semester units by the end of the current
semester, exclusive of units to be earned by the credit-by-
examination. All prerequisites must be met or waived by
the School Dean before a student takes an examination
for credit, and no examination may be repeated. The
maximum number of units that may be earned by credit-
by-examination is 15. A petition for credit-by-examina-
tion must be filed with the Office of Admissions and
Records no later than the fourth week of the semester.
If the petition for credit-by-examination is approved by
the School Dean, the student returns the petition to
Admissions and Records. Eligibility will be checked and
payment of a fee for preparation and administration of
the examination in the amount of $20 per course unit to a
maximum of $120.

Students may obtain a copy of the policy and the credit-
by-examination petition form online or at Admissions
and Records service counters.

MILITARY TRANSCRIPT EVALUATION
Solano Community College under the DoD Voluntary
Education Partnership Memorandum of Understanding
recognizes Servicemembers Military Training for College
credit based on American Council on Education recom-
mendations. Veterans who submit transcripts from either
Community College of the Air Force or Joint Services
Transcript (Army, Marine Corps, Navy, and Coast
Guard) will be granted up to 24 units of college elective
credit. (**Specialized training may be used to meet
degree major requirements by submitting an SCC Substi-
tution Petition. A description of the course/training
received is required).

MILITARY SERVICE
Solano Community College will grant six (6) elective
units for military service if the person has a) spent at
least one year in active service, and b) has received an
honorable discharge. Active duty personnel should sub-
mit a copy of DD295 (veterans submit DD214 Member 4
or Copy 2 or Copy 7) to Admissions and Records for
evaluation. These units meet the health and physical
education requirements for graduation.

Military Service credit is given towards California State
University General Option C transfer for Area E with the
submission of DD214 Member 4 or Copy 2 or Copy 7.

ONLINE AND HYBRID CLASSES
Solano Community College offers two types of Internet
classes for credit: online and hybrid classes. Online
classes are taught over the Internet and hybrid classes
are taught partly over the Internet and partly in the
classroom. These classes have regular assignment
schedules and reading material and the same learning
requirements as traditional classes.

Participation in online sections and hybrid sections
requires that students have a computer with Internet
access and a web browser. The individual classes will
also have additional requirements such as a textbook
and possibly a specific software program to be used.
A student may also have to come to campus for a
required in-person exam or orientation.

ONLINE: These classes utilize the Internet to create an
educational experience that can be partly independent of
time and place. Students still purchase textbook(s) and
take tests and meet due dates, but they do the majority
of the class work at any computer connected to the Inter-
et. They work according to their own schedule, at
home, in the office, or on open access computers on
campus in the library. Course materials, the syllabus,
assignments, tests, and links to other Web resources, are
contained on the course site. Students communicate with
their instructor, and each other, by sending and receiving
e-mail and by participating in "threaded discussions.”
These are discussions that continue over time where
students drop in to read the comments and to add their
own. While online classes may not be for everyone, they
are well-suited to students who are self-motivated, who
have access to a computer, who may have busy daytime
schedules, and who may not be able to travel to campus
for classes with specific meeting times.

HYBRID: These classes use a combination of the face-
to-face and online formats. Some activities will be con-
ducted in a group (traditional class) format and some
activities are conducted (online). These classes offer the
best of both worlds - flexibility with the online portion
and the sense of being in a group with a traditional class
meeting and face-to-face instruction.
Graduation Requirements

Associate Degrees and Certificates of Achievement are awarded within 2-3 months of each semester, fall, spring and summer.

It is the responsibility of the student who expects to receive a degree or certificate to file a petition with Admissions and Records. See the Admissions and Records calendar for deadline dates.

Program Length
Most degree programs at Solano Community College can be completed in two years, assuming students take an average of 15 units per term. Certificate programs vary in length; most certificate programs require less than two years of full-time study to complete and many programs may be completed on a part-time basis. Students are advised to meet with a counselor to develop an educational plan as not all courses are offered every term.

Certificates of Achievement
A Certificate of Achievement recognizes a student’s satisfactory completion of an organized program of study. A number of certificate programs are offered for students seeking specialized training in specific fields. Students are required to complete each course within the program with a grade of ‘C’ or better or P if the course is taken on a pass/no-pass basis and a grade point average of 2.0 in program coursework. Certificate of Achievement programs differ from degree programs in that students are only required to complete the courses in the programs. All credits earned in a certificate program may be counted toward the A.A./A.S./ADT Degree and, in some instances, credit for certificate courses may be transferred to four-year colleges.

To be eligible for a Certificate of Achievement, at least 6 semester units in the field or a closely related subject must be completed at Solano Community College.

Students may be awarded a Certificate of Achievement based on the requirements in this Catalog, or the Catalog in effect at the time of first enrollment, or when the certificate was first offered.

Associate Degrees
Solano Community College offers two degrees, Associate in Art and Associate in Science. A degree may be granted upon successful completion of requirements in a major field of study, appropriate general education courses, and electives to total of at least 60 semester units. Students must petition for degrees as described above. Students may apply for multiple degrees.

Associate Degrees for Transfer (AD-T)
The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an “associate degree for transfer,” a newly established variation of the associate degrees traditionally offered at a California community college.

The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor’s degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete a minimum of 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that accepts the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor’s degree (unless the major is a designated “high-unit” major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor for more information on university admission and transfer requirements.

Catalog Rights
Graduation requirements are determined according to the Catalog in effect at the time of first enrollment. If enrollment is in any credit course and is continuous (at least one course is taken each academic year), then graduation requirements are taken from the Catalog in effect at the time of first enrollment. Students enrolled at another regionally accredited public institution of higher education and meeting the SCC definition of continuous enrollment shall not lose their original catalog rights. In order to maintain catalog rights, enrollment must begin with Solano Community College.

Transfer of Credit From Other Colleges
Only those courses from regionally accredited colleges may be accepted for general education and transfer to a degree or certificate program.

Total Units
A degree requires a minimum of 60 degree-applicable semester units. At least 12 semester units must be completed at Solano Community College. The student must have a 2.0 overall grade point average at the time of graduation.
Graduation Requirements

Major and Area of Emphasis
A minimum of 18 semester units must be concentrated in a designated field of study, as outlined in one of the two-year degree programs. All courses in the major or area of emphasis must be completed with a grade of C or better or a P if the course is taken on a pass/no pass basis.

General Education Philosophy and Criteria Statements
General education represents the breadth component of a liberal arts education as compared with the in-depth study required for a major. The purpose of this requirement is to give students the opportunity to become acquainted with intellectual, social, and aesthetic perspectives that can form the basis of an expanded plan for lifelong learning and enjoyment. In addition, it is designed to assist students in achieving an expanded context within which to explore their majors so as to enrich these specialized viewpoints. This philosophy is intrinsic to the development of the following basic educational abilities and skills:

- To improve the essential communication skills of speaking, writing, reading, and listening.
- To understand the heritage and culture of one’s own society and the society of others.
- To provide opportunities to gain information which could aid students in making realistic career decisions.
- To provide the opportunity for students to achieve competence in mathematics and analytical thinking appropriate to their needs.
- To provide educational experiences for students to gain understanding and appreciation in the basic areas of knowledge: the social and behavioral sciences, the natural sciences, and the humanities which will provide an opportunity for cultural, intellectual and personal growth.
- To develop insight and knowledge in the area of self-understanding.
- To develop the knowledge and understanding of the rights, responsibilities and privileges involved in becoming a participating citizen in a democratic society.
- To develop an understanding of technological developments and the effects these will have on society today and in the future.

Cross-Cultural Studies Requirement
The general education requirement for an Associate Degree from Solano Community College includes a 3 unit Cross-Cultural Studies course. Courses that satisfy this requirement are listed under “Area E.” Additional courses will be developed and added to the curriculum in the future; however, any Cross-Cultural Studies course, either current or future, may be used by students to satisfy this requirement even if that course first appears in a Catalog subsequent to the beginning of the student’s course of study.

General Education Structure
There are three options available for completing the General Education requirements for the Associate Degree. Requirements for Option A, Option B, and Option C are as follows:

Option A – See next page

Option B
To satisfy the general education requirements for the Associate Degree, completion of Intersegmental General Education Transfer Curriculum (IGETC) requirements may be used in lieu of the Solano Community College requirements listed in Option A.

Please see the IGETC requirements listed on the pages entitled “Transfer to Four-Year Colleges and Universities.”

Cross-Cultural Studies Requirement
At least one of the following cross-cultural courses must be completed in order to use this option to fulfill the Solano Community College general education requirement:

ART 012, CINA 011, COUN 055, ENGL 012, ENGL 036, HIST 037, CDFS 053, HUMN 003, MUSC 013, PLSC 005, SOCS 022, THEA 013.

Option C
To satisfy the general education requirements for the Associate Degree, completion of the California State University (CSU) general education 39-unit breadth pattern may be used in lieu of the requirements listed in Option A or B. In order to use this option, these courses must be completed with the grades required for admission to the CSU campuses. Please see a counselor for further information.

Please see the CSU GE requirements listed on the pages entitled “Transfer to Four-Year Colleges and Universities.”

Cross-Cultural Studies Requirement
At least one of the following cross-cultural courses must be completed in order to use this option to fulfill the Solano Community College general education requirement:

ART 012, CINA 011, COUN 055, ENGL 012, ENGL 036, HIST 037, CDFS 053, HUMN 003, MUSC 013, PLSC 005, SOCS 022, THEA 013.
General Education 2016-2017
Option A

In using this option to complete the Solano College general education (GE) requirement, students should note:
1. Students must complete at least 21 units with a minimum of 3 units from each Area A, B1, C, D1, D3 and E, as well as the local District Health and Kinesiology requirement.
2. After meeting the minimum units required for each area, a student may select remaining units from courses listed under the above areas or from Area B2 or D4. If two courses are selected from the same GE area, they must have a different course prefix for both to be used in satisfying GE requirements. Exceptions: English and mathematics.
3. The Area D2 reading requirement may be met by passing the SCC Reading Comprehension Exam or an approved reading course.
4. Courses with the same prefix as the student's major may not be used to fulfill general education requirements. Exceptions: ENGL 001 (Area D1), ENGL 062 (Area D2) and mathematics (Area D3).
5. Courses used to satisfy the English (Area D1), reading (Area D2) and mathematics (Area D3) requirements must be completed with a grade of "C" or better or a "P" if the course is taken on a Pass/No Pass basis.

**Petitioning for a Degree or Certificate**

In order to receive a Degree and/or Certificate from Solano Community College you must file a completed Petition for Degree or Certificate with the Office of Admissions and Records during the appropriate time frame. It is recommended that you meet with your counselor regularly to ensure that you are meeting the necessary requirements.

In your last semester of attendance, you should submit your completed Petition for Degree or Certificate to the Office of Admissions and Records. Petitions are accepted beginning the first day of each term through a date that is set and published for each term. NO PETITIONS ARE ACCEPTED AFTER THE DEADLINE.

Please check Dates and Deadlines in MySolano for the deadline.

Petitions are reviewed by Admissions and Records and students are notified of the outcome 2-3 months after the term ends. Email admissions@solano.edu if you have questions.

**Graduation Ceremony**

SCC holds a graduation ceremony once a year at the end of the spring term. Students who were awarded degrees and/or certificates in the previous summer and fall and who petitioned in spring are encouraged to walk in the graduation ceremony.

Students who were awarded degrees and/or certificates in the prior summer or fall and who petitioned in spring will be sent information regarding graduation ceremony participation mid-way through the spring term from the Student Life Office.

Students should direct additional questions regarding the graduation ceremony participation to the Student Life Office. For more information, please visit www.solano.edu/graduation.

**Associate Degrees for Transfer (ADT)**

California Community Colleges are now offering Associate Degrees for Transfer (ADT) to the CSU. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an A.A.-T or A.S.-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses.

Students who have been awarded an A.A.-T or A.S.-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester units or 90 quarter units.

To view the most current list of Solano Community College Associate Degrees for Transfer go to www.solano.edu. For additional information on Associate Degrees for Transfer, visit http://adegreewithaguarantee.com/.

Current and prospective community college students are encouraged to meet with a counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

Students expecting to complete an ADT degree should be sure to have indicated that with the CSU Mentor website if planning to transfer to a California State University. Students must petition for the degree at Solano Community College Admissions & Records by February 15 for the Fall term and September 15 for the Spring term. If the date falls on a weekend/holiday, then the deadline is the next business day.
Transfer to Four-Year Colleges & Universities

Solano Community College has a long history of preparing students for successful transfer to colleges throughout California and the United States. While it is ultimately the student’s responsibility to adhere to transfer admissions requirements and application deadlines, Solano Community College counselors can help students keep up-to-date with the complex array of transfer requirements. To ensure transfer admission, particularly into competitive majors, students should see a counselor early in their educational experience in order to develop an education plan that includes transfer prerequisites. In addition, students are urged to study the catalogs of the transfer institutions and, if possible, to visit those campuses. Catalogs and detailed transfer information are available in the Counseling, Career, and Transfer Centers. Information regarding general education requirements for the California State University system and the University of California system are summarized in this catalog, but students are still urged to see a counselor to discuss general education for their major and transfer school.

Obtaining regular counselor assistance with transfer education planning is essential for successful transition to four-year universities and colleges.

Transfer Programs
Solano Community College works closely with the UC, CSU, and independent higher education institutions to create a seamless transition from SCC to the higher education university. While Solano students may apply to any university, the college has particular guaranteed transfer admission programs with some universities. To participate in these programs students must meet specific G.P.A. and course requirements often times associated with their major. The University of California offers a Transfer Admission Guarantee (TAG) to all UC campuses with the exception of UC Berkeley, UC Los Angeles and UC San Diego.

Concurrent Enrollment
Students may enroll in one course at the UC or CSU at no additional cost while concurrently enrolled at Solano Community College. G.P.A. and unit requirements are enforced and students must be enrolled full-time. Contact the Office of Admissions and Records or a counselor for additional information and application.

Aerospace Studies (Air Force ROTC)
Air Force Reserve Officer Training Corps (AFROTC) is available to Solano Community College students through a program offered at California State University, Sacramento (CSUS). The CSUS Department of Aerospace Studies offers two-, three-, or four-year programs leading to a commission in the United States Air Force. All coursework (12 or 16 semester units) is completed on the CSUS campus. Drills and courses are normally offered on Tuesdays, Wednesdays, and Thursdays. Field Training is conducted during part of the summer at an active Air Force base, normally between the student’s sophomore and junior years.

Upon completion of all the program requirements for a Bachelor’s degree, cadets are commissioned second lieutenants in the Air Force and serve a minimum of four years on active duty.

Graduates who are qualified and are selected may enter pilot or navigator training after graduation, or serve in a specialty consistent with their academic major, individual goals, and existing Air Force needs. Graduates may request a delay of entry on active duty to continue their education or may apply for Air Force sponsored graduate study to begin immediately upon entry on active duty. Due to firm scheduling requirements for the AFROTC program, students are encouraged to work closely with their academic advisors in planning this academic program.

AFROTC offers 3-year and 2-year scholarships to qualified students. Applications are accepted in any academic discipline; however, particular emphasis is usually given to applicants in the fields of engineering, computer science, mathematics, and physics. Application to the AFROTC program should normally be no later than during the first semester of a student’s sophomore year. Juniors, seniors, and graduate students may also apply under certain conditions. Contact the Unit Admissions Officer in the Aerospace Studies Department at CSUS, telephone (916) 278-7315, for information on the program or the entry process.
# Intersegmental General Transfer Curriculum (IGETC) - Option B 2016-2017

The Intersegmental General Education Transfer Curriculum (IGETC) is a pattern of courses that allows community college transfer students to fulfill lower-division general education requirements either at the UC or the CSU system. The IGETC pattern is most useful for students who want to keep their options open before making a final decision about transferring to a particular UC or CSU campus. Completion of IGETC does not guarantee admission, nor is generally required for admission. IGETC is not appropriate for some majors. Students should request certification from Admission and Records prior to transfer. Please see a counselor for additional information and guidance.

**Note:** All courses used for IGETC must be completed with a “C” grade or better and must be IGETC approved at the time the course is completed.

Transfer to Four-Year Colleges & Universities

**GENERAL EDUCATION FOR THE UC AND CSU SYSTEMS**
In addition to preparing for their transfer major, students are encouraged to complete the lower division portions of their general education (GE) program as well. These requirements may be met using one of two patterns. The first pattern is known as the Intersegmental General Education Transfer Curriculum (IGETC) and the other is the California State University General Education Breath pattern (CSU GEB). The IGETC pattern is accepted at both the UC and the CSU to meet lower division GE requirements. All courses used for IGETC must be completed with a minimum grade of “C” or better.

The CSU GEB pattern is accepted for lower division general education at the CSU only.

Completion of either of these patterns will permit students to transfer to the universities with all of their lower division GE courses completed.

Students may also elect to follow the specific general education requirements for the college to which they plan to transfer.

Completion of the IGETC is not a requirement for transfer to a CSU or UC, nor is it the only way to fulfill the lower-division general education requirements of the CSU or UC prior to transfer. Students may find it advantageous to take courses fulfilling CSU’s general education requirements or those of a particular UC campus. Upon completion of IGETC, a student must request certification. IGETC certification may be verified with a counselor who will confirm that all requirements have been met. To see a list of the courses that meet the IGETC and CSU GE requirements see the forms on the preceding pages. These forms are used by counselors and students to identify appropriate course selection. This does not substitute for counseling advice which includes consideration of many other variables. **Please see a counselor to plan your course selection.**

**California State Universities (CSU) Undergraduate Transfer Admission Requirement**
Students are eligible for admission if they:
- Have completed 60 or more transferable semester college units.
- Have a minimum cumulative grade point average of 2.00 in all transferable college units attempted.

- Are in good standing at the last college or university attended, i.e., they are eligible to re-enroll.
- Meet the admission requirements for a first-time freshman or have successfully completed necessary courses to make up the deficiencies they had in high school if they did not complete the 15-unit pattern of college preparatory subjects.
- Meet the eligibility index required of a freshman which requires SAT or ACT test scores.

Some campuses may require completion of English composition and general education math. Students should contact the campus to which they plan to submit an application to determine whether there are limits on admission as a lower division transfer. (Students who completed college units before they graduated from high school or during the summer between high school graduation and CSU enrollment are considered first-time freshmen and must meet those admission requirements.)

**Upper Division Transfer Admission Requirements**—
Students are eligible for admission if they:
- Have completed 60 or more transferable semester college units (90 quarter units).
- Have a college grade point average of 2.00 or better (2.40 for non-California residents) in all transferable college units attempted.
- Are in good standing at the last college or university attended, i.e., they are eligible to re-enroll.
- Have completed or will complete prior to transfer at least 30 semester units (45 quarter units) of courses equivalent to general education requirements with a grade of C or better. The 30 units must include all of the general education requirements in communication in the English language (English composition, oral communication, and critical thinking) and at least one course of at least 3 semester units (4 quarter units) in transfer level mathematics.

Transfer applicants are required to submit final college transcripts prior to attendance in CSU classes. A final review will be done to verify successful completion of the courses. If the student did not complete the courses, the CSU campus may delay or cancel the student’s admission or enrollment until the student successfully completes the required courses. (NOTE: Some CSU campuses will admit transfer students based on courses “in progress,” and some will not. Students should contact the specific campus(es) or obtain their published or electronic materials for specific campus information.)
Online application, instructions, and other information are available at www.csumentor.edu.

**Identification of Baccalaureate Level Courses—California State Universities**

1. Courses numbered 001 through 099 transfer for entrance and elective credit to all California State Universities.
2. Vocational courses designated for two-year programs are transferable for the Bachelor of Vocational Education (BVE) or other directly related four-year programs.

For additional information, contact a counselor.

**General Education Breadth Requirements**
Requirements for graduation from California State Universities include the completion of specific courses in general education. The requirements may be met by completing a total of 39 semester units in the following categories:

A. A minimum of 9 semester units in communication in the English language, to include both oral communication and written communication, and critical thinking.
B. A minimum of 9 semester units to include inquiry into the physical universe and its life forms, with some immediate participation in laboratory activity, and in math concepts and quantitative reasoning and their applications.
C. A minimum of 9 semester units from the arts, literature, philosophy, and foreign languages.
D. A minimum of 9 semester units dealing with human social, political, and economic institutions and behavior and their historical background.
E. A minimum of three semester units in study designed to equip human beings for lifelong understanding and development of themselves as integrated physiological and psychological entities.

Thirty-nine units of general education requirements that are completed at Solano Community College may be certified on the student’s transcript. The remaining nine units must be upper division courses taken at the California State University from which the student will receive his/her Baccalaureate Degree. Please see the CSU GE requirements listed in the section entitled “Transfer to Four-Year Colleges and Universities.”

**University of California Undergraduate Transfer Admission Requirement**
Transfer students need to plan their coursework carefully. Courses they take should, first, help them meet the minimum admission requirements for transfer. In addition, students should select community college courses that partially or completely fulfill a variety of other University requirements. All courses students take to meet University requirements must be transferable to UC.

Students increase their chances for admission and success after transferring if they develop and follow a pre-transfer plan of college coursework. Many prospective transfer students know which UC campus and program they wish to attend and have a general knowledge of University requirements; however, this is not enough to ensure a successful transfer. It is essential that students research the specific requirements of their intended major and campus and the community college courses that are approved to meet those requirements.

Knowing what the requirements are, and planning their community college program around them will maximize students’ chances for admission to their first-choice campuses and programs. Meeting requirements in advance will give students more freedom when selecting courses once they enroll in the University. They may also be able to complete their undergraduate education within four years, without having to attend additional terms to meet requirements or take prerequisites.

Information to assist in the transfer process is available online at [http://www.ucop.edu/pathways](http://www.ucop.edu/pathways) and in a variety of UC publications, including *Answers for Transfers* and the campus General Catalog. Solano Community College’s UC Transferable Course Agreement and the articulation agreements with UC campuses are available online at [www.assist.org](http://www.assist.org). Contact a counselor for details and specific information on UC transfer requirements.
Transfer to Four-Year Colleges & Universities

California Residents
There are several ways to meet the University’s minimum admission requirements for transfer students as described below. The path used by the student depends upon the degree to which the student has satisfied the UC’s minimum eligibility requirements for freshmen at the time of graduation from high school. In all cases, applicants must have at least a C (2.0) average in all transferable coursework:
1. Students who were eligible for admission to the University when they graduated from high school—meaning they satisfied the Subject, Scholarship, and Examination requirements or were identified by the University during the senior year in high school as being eligible under the Eligibility in the Local Context (ELC) program—are eligible to transfer if they have a C (2.0) average in their transferable college coursework.

2. Students who met the Scholarship Requirement but did not satisfy the Subject Requirement must take transferable college courses in the missing subjects, earning a grade of C or better in each of these required courses, and earn an overall C (2.0) average in all transferable coursework to be eligible to transfer.

3. Students who were not eligible for admission to the University when they graduated from high school because they did not meet the Scholarship Requirement must:
   a. Complete 60 semester (90 quarter) units of transferable college credit with a grade-point average of at least 2.4, and;
   b. Complete the following course pattern, earning a grade of “C” or better in each course:
      • two transferable college courses (3 semester or 4-5 quarter units each) in English composition; and
      • one transferable college course (3 semester or 4-5 quarter units) in mathematical concepts and quantitative reasoning; and
      • four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences, the physical and biological sciences.

(Students who satisfy the IGETC prior to transferring to UC will satisfy Option 3b of the transfer admission requirements.)

Nonresidents
The minimum admission requirements for nonresident transfer applicants are very similar to those for residents. Please consult with the Admissions Office at one of the University campuses for details. In all cases, however, nonresidents must have a grade point average of 2.8 or higher in all transferable college coursework.

University of California (Breadth) General Education Requirements
The general education or breadth requirements are designed to give UC undergraduates a broad background in all major academic disciplines—natural sciences, physical sciences, social sciences, humanities, and fine arts. The general education/breadth requirements specify the courses students must take or credit hours they must accumulate in each area.

Each school and college at every UC campus has its own set of requirements. They are described in the campus catalogs and articulation agreements. With careful planning, the student can meet many of the requirements while attending community college. At some campuses and in some majors, transfer students must fulfill all or a portion of the general education/breadth requirements before transferring.

Transfer applicants may satisfy lower division general education requirements at any UC campus by completing the Intersegmental General Education Transfer Curriculum (IGETC).

However, some majors and some colleges within a particular UC campus may not accept IGETC. Please see a counselor for more information. See IGETC Option B page for the specific Solano Community College courses.

University of California, Berkeley (College of Letters and Science)
Transfer students with 60 or more semester units are expected to have satisfied the reading and composition breadth requirement, the quantitative reasoning breadth requirement, and the foreign language requirement of the College by the end of the spring term prior to transfer.

Transfer students who apply from California community colleges also have the option of fulfilling lower division breadth requirements by completing the Intersegmental General Education Transfer
Curriculum (IGETC). This program specifies a series of subject areas and types of courses that, if completed before transfer, will satisfy the lower division breadth and general education requirements at any general campus of UC.

NOTE: In recent years, all major programs have turned away qualified applicants because of space limitations. Transfer applicants should be aware that admission to most majors in the College of Letters and Science is competitive and should endeavor to complete as much of the lower division preparation for their major as possible before transferring.

Contact a counselor and visit the ASSIST Web site at www.assist.org for details and information on specific courses to satisfy the College of Letters and Science breadth and major requirements.

University of California, Davis
There are three parts to preparing to transfer to UC Davis:

1. Minimum Transfer Admissions Eligibility: courses and grades that prepare a student to be minimally eligible to transfer, regardless of the major.
2. Major Preparation: courses that prepare a student to complete a major after transferring.
3. General Education (GE): courses that satisfy the GE requirement for graduation from UC Davis.

Students should place highest priority on achieving minimum transfer eligibility and on completing courses for their majors. Major preparation gives students the best opportunity to begin upper-level courses as soon as they transfer. Additionally, some majors require that students complete specific courses before they may transfer.

These majors are: all majors in the College of Engineering, all majors in the Division of Biological Sciences, Biotechnology, Communications, Computer Science, Fermentation Science, International Relations, Landscape Architecture, Pre-Design, Pre-Managerial Economics, Psychology, and Viticulture and Enology.

After students have planned their courses for major preparation, they can think about General Education. GE is not required for admission; it is required for graduation from UC Davis. There are two ways to complete GE. Students pursuing majors with few courses for major preparation will want to consider completing the Intersegmental General Education Transfer Curriculum (IGETC). Students pursuing majors that have many preparatory courses should work on UC Davis GE rather than IGETC.

Students should work with a Solano Community College Counselor and a UC Davis Advisor to know how to prepare for their majors. This consultation also will help students decide which version of GE to choose.
Workforce Development
Solano Community College staff work closely with local business, industry, and advisory groups to design occupational programs that meet the needs of employers and residents in Solano County.

Experienced workers can upgrade skills and knowledge or enter a new field. In some areas, it is possible to enter a new field and get a certificate in a year or less. An associate degree can take two years or longer depending upon the field and the student’s prior education. Many courses and programs are transferable to four-year institutions.

For more details, refer to the “Transfer to Four-Year Colleges and Universities” section of this catalog. Equal access in occupational training through our career technical education (CTE) programs is provided for all students regardless of race, handicap, national origin, age or gender. Solano Community College career technical education (CTE) programs encourage women and men to enter non-traditional fields for their gender.

Short-Term Courses
Solano Community College offers short-term courses with flexible schedules which enable students to continue to work while they upgrade skills and obtain the knowledge needed to qualify for career advancement or change.

Degree and Certificate Programs
Solano Community College offers a wide variety of programs and courses leading to the Associate in Arts or Associate in Science degrees. These courses are also available to students who wish to develop personal and technical competence in an occupational area or in an academic discipline. Some programs offer specific areas of concentration within a degree.

A number of Certificate of Achievement programs are offered for students seeking specialized training in specific fields. All courses for the Certificate must be completed with a grade of C or better or a P if the course is taken on a pass-no pass basis. All credits earned in certificate programs may be counted toward the Associate in Arts or Associate in Science (A.A./A.S.) degree, and in some instances credit for certificate courses may be transferable to four-year colleges. To be eligible for a certificate, at least six semester units in the field or a closely related subject must be completed at Solano Community College.

Many Job-Direct certificate programs are also offered. These programs are specifically designed to prepare students for employment in the identified field. Not all credits earned in the Job-Direct certificate programs may be counted toward the A.A./A.S. degree or the Certificate of Achievement.

Students planning to transfer to four-year institutions should consult the catalog of the college to which they intend to transfer. Also, they should meet with a counselor to coordinate their A.A./A.S. courses with transfer requirements. This is the best way to ensure that the program taken at Solano Community College satisfies lower division requirements of the transfer institution.

Requirements for all programs leading to the Associate in Arts or Associate in Science degrees, Certificates of Achievement, and Job-Direct Certificates appear on the following pages.

Gainful Employment Programs
Gainful Employment programs include all programs at public and not-for-profit institutions that do not lead to a degree, that are not fully transferable to a bachelor’s degree program or that are not considered to be basic skills or preparatory course work for enrollment in an eligible program.

Recognized Occupations are those identified by a federal Standard Occupational Classification (SOC) code established by the Office of Management and Budget, by an Occupational Network (O*NET-SOC) code established by the U.S. Department of Labor, or those determined by the U.S. Secretary of Education in consultation with the U.S. Secretary of Labor.

**Associate Degree for Transfer (ADT)**

The Student Transfer Achievement Reform Act of 2010 (SB 1440 - Padilla) enables the California Community Colleges and California State University to collaborate on the creation of Associate in Arts Degree (AA) and Associate in Science (AS) Degree transfer programs. Upon completion of the associate degree, the student is eligible for transfer with junior standing into the California State University (CSU) system. Students are given guaranteed admission into the California State University (CSU) system, and further are given priority consideration when applying to a particular program that is similar to the student’s community college major. For more information, see the California Chancellor’s Office website on SB 1440 Associate Degrees for Transfer [http://www.sb1440.org/](http://www.sb1440.org/)
