Academic Integrity

Upon completion of Solano Community College’s General Education program, a student will demonstrate competency in the following areas:

HONOR CODE

At Solano Community College, we believe that Academic Integrity is fundamental in an institution dedicated to personal development through learning, free inquiry, and the exchange of ideas. Honest work is an integral part of the learning process: it builds self esteem, knowledge, and skills. It is the responsibility of every Solano Community College student to represent work truthfully and engage honestly in all assignments.

We believe that any instance of academic dishonesty hurts the entire college community. Solano Community College defines academic dishonesty as:

• Plagiarism or knowingly or unknowingly using someone else’s ideas, words, or thoughts without giving credit to the source
• Receiving or providing unauthorized assistance on assignments and/or exams
• Using unauthorized materials during an exam
• Fabrication of data or references
• Denying others access to information
• Forgery, alteration, or misuse of documents, records, or identification

Solano Community College will not tolerate Academic Dishonesty. You are responsible for this information as well as the information available in the Student Handbook, the Schedule of Classes and the Solano Community College Catalog, which is available online at www.solano.edu.

At the heart of any institution of higher learning is the fundamental right of Academic Freedom for which Honesty and Integrity are preconditions. Academic Integrity is therefore fundamental to the Solano Community College community. Academic Integrity is maintained only when all academic work is the product of identified individuals. Any act of Academic Dishonesty interferes with Academic Integrity and therefore the core values of this institution. All violations of Academic Integrity on the part of any member of the academic community constitute a serious offense.

Examples of Academic Dishonesty include:

Plagiarism:

Plagiarism consists of taking the exact words or the specific substance, structure or ideas of another and passing these words or ideas off as one’s own in any academic exercise. The following examples are some of the many forms plagiarism may take.

1. Submitting a term paper, examination or other work written by someone else. This includes extended paraphrasing of another’s work or research. This is a flagrant instance of plagiarism.

2. Failure to give appropriate credit for ideas, statements of facts, conclusions, or exact words derived by another either in the text or as a footnote.

3. Failure to use quotation marks or appropriate indents when using the exact words of another, whether it be a paragraph, a sentence or even a portion thereof.

4. Usage of any electronic media without providing proper citations, including the Internet, email, copied postings, or any other source of information available electronically.

5. The citing of a source which does not reasonably conform to these expectations, such as another plagiarized or otherwise undocumented paper or other resource.

Plagiarism can, in some cases, be a subtle issue. Any questions about what constitutes plagiarism should be discussed with the faculty member or a Solano Community College faculty librarian.

Cheating:

Cheating is the usage of unacknowledged or unauthorized notes, materials, information, calculators, electronic devices, or study aids in any academic exercise. Cheating also includes: using information from another student or student’s paper; altering a graded work after it has been returned then submitting the work for re-grading without instructor permission; submitting another’s work under one’s own name. Students must not request others (including commercial term paper companies) to conduct research for them. Students may be restricted from leaving the classroom during an exam period.

Fabrication:

Fabrication is the falsification of any information or citation in an academic exercise. Fabrication includes presenting data not gathered in accordance with guidelines defining the appropriate methods for collecting or generating data or failing to include an accurate account of the method by which the data were generated or collected. “Invented” information may not be used in any laboratory experiment or other academic exercise without authorization from the instructor. The student must also acknowledge reliance upon the actual source from which cited information was obtained. A writer should not, for example, reproduce a quotation from a book review and indicate that the quotation was obtained from the book itself.
Academic Integrity (continued)

Facilitating Academic Dishonesty:
Students who knowingly or negligently allow their work to be used by other students or who otherwise aid another student in violating Academic Integrity are guilty of Academic Dishonesty even though they may not benefit directly from the violation. Facilitating Academic Dishonesty includes making one’s research, notes, essays, or other work available for other students to access such as uploading one’s work to the Internet or making it otherwise available.

Denying Others Access to Information:
It is a violation of Academic Integrity to deny others access to scholarly resources, or to deliberately impede the progress of another student or scholar. Examples of offenses of this type include: giving other students false or misleading information; making library material unavailable to others by stealing or defacing books or journals, or by deliberately misplacing or destroying reserve materials; or altering computer files that belong to another.

Forgery, Alteration or Misuse of Campus Documents, Records, or Identification or Knowingly Furnishing False or Incomplete Information to a Campus:
It is a violation of Academic Integrity to alter documents affecting academic records. It is also a violation to forge a signature of authorization or to falsify information on an official academic document, election form, grade report, letter of permission, petition, or any document designed to meet or exempt a student from an established College academic regulation.

Sanctions:
All violations of Academic Integrity are subject to an appropriate penalty. Violations at Solano Community College are classified into three levels according to the severity of the infraction and the discretion of the instructor and/or Vice President of Academic Affairs. For each level of violation, a corresponding set of sanctions is recommended. These sanctions are intended as general guidelines as culpability may be assessed differentially for those with more and less experience as members of the academic community. Examples are cited below for each level of violation. These examples are illustrations and are not meant to be considered all-inclusive.

Any violation of Academic Integrity which occurs within the classroom or the context of a particular class may incur Level One or Level Two sanctions at the discretion of the instructor. The instructor may also choose to refer the student to the Office of the Vice President of Academic Affairs for possible further action at the discretion of the Vice President, Academic Affairs, including Level Three sanctions.

To refer students to the Office of the Vice President of Academic Affairs, faculty may contact the Office of the Vice President of Academic Affairs directly or use the Solano Community College Academic Dishonesty Report Form.

For a complete copy of the Academic Integrity policy, please refer to the SCC online catalog.

Acknowledgements:
The Academic Integrity description was updated in Spring 2005 by a committee composed of SCC faculty appointed by the Academic Senate. Comments and suggestions were made by deans, faculty, students, and staff in the various academic units. The previous SCC academic integrity description and the policies/ descriptions of other major public institutions were consulted, especially Rutgers University, New Brunswick. Solano Community College is indebted to all those who have contributed their ideas.

children’s programs

The Solano Community College Children’s Programs provide child development and child-care services for children of student parents and from the community. The program also serves as the early childhood education laboratory school for college students enrolled in child development and family studies and other related fields.

Child enrollment priority goes to SCC students enrolled in 12 or more units and, on a space available basis staff/faculty children and children from the neighboring community are enrolled. We serve children between the ages of 9 months to transitional kindergarten or kindergarten entry.

We offer both subsidized and non-subsidized child care options. The majority of the enrollment spaces are state or federally subsidized with no cost or low cost child care available to income eligible families. For those enrolled in the subsidized program, the children’s days and hours of enrollment are based upon the parents’ school schedules and/or work hours. The fees for non-subsidized child care vary according to the child’s age and hours enrolled in care.

To place your child on the wait list, stop by the 200 building on the Fairfield campus to complete an application. As openings occur, we enroll from the wait list.

We do not provide drop in child care services.

Parking Information

PARKING PERMITS
Fall, Spring, and Summer parking permits are purchased online. Log on to My Solano and click on Student Parking. Parking permits are not transferable from one person to another. It is against the law to alter, forge, reproduce, sell, or loan your parking permit to another person. Parking permits are required each semester and during summer sessions. Faculty/Staff and reserved parking is enforced 7 days a week, 24 hours a day. All permits (semester and daily) must be clearly displayed. Motorcycles may park in designated motorcycle areas without cost or permits. Motorcycles parked in other areas require permits at the vehicle price.

PARKING ENFORCEMENT
Permit parking is not enforced in student/general parking lots during the first two weeks of the fall/spring semester and only during the first week of the first summer session offered (e.g., if a 10-week session is offered, the first week of the session will have a grace period. Any session beginning after the 10-week session will not have a grace period). Thereafter, permit parking is enforced Monday-Friday, 7:00 am-10:00 pm. You must have a valid permit clearly displayed while parked on Solano Community College District property, including the Vacaville Center and the Vallejo Center. All other regulations and vehicle code violations are enforced 24 hours a day, 7 days a week.

Parking for students is provided in clearly designated areas. Certain parking areas are reserved for visitors, for faculty and staff who hold permanent parking permits, handicapped persons, and rideshare.
