 Update
 David Williams, Ph.D.

Census rosters were submitted and enrollment numbers look good. Our ultimate goal is student access to needed classes and course efficiency. Spring 2021 is online with few face-to-face opportunities in critical infrastructure courses. Whether we will be primarily online or back on campus for Summer and Fall 2021 is still unknown.

Guided Pathways
 Updated, Fall 2020
 Goals
 Michael Wyly

Guided Pathways is now under VP Shannon Cooper. VP Cooper is reorganizing Student Services which will likely include a revision to the Guided Pathways Steering Committee. Student Services also focusses on on-boarding, retention and programmatic completion so a revision to the steering committee can prevent duplication of meetings and discussions. Guided Pathways is working on the second draft of ADT templates especially in regards to general education with Counseling and recommendations by faculty within their individual disciplines. Guide Pathways is also working with James Thomas Media on promotions. Other priorities are 1) exploring how to use predictive data to better serve at-risk students and 2) revising curriculum and program review handbooks to integrate pathway processes. A Student Ambassador component may be added to Guided Pathways.

11. Other

Kevin Anderson, Minority Coalition President, asked what will happen with the positions vacated by Dwayne Hunt and Damany Fisher and how the Minority Coalition can help to support the associated programs. Dr. Esposito-Noy will meet with the Minority Coalition for further discussion and information sharing.

Dr. Shirley Lewis is now interim Dean of Academic Support Services. Maire Morinec is Dean of Vacaville and Vallejo Centers.

12. Adjournment

There being no further business, the meeting was adjourned at 3:36 p.m.
