A Message from Your Chief of The Department of Public Safety

Dear Solano Community College Campus Community,

As Chief of the Solano Community College Department of Public Safety, it is my honor to present our Three-Year Public Safety Report, highlighting our commitment to protecting and serving the SCC community with professionalism, innovation, and compassion. Over the past three years, our department has worked tirelessly to enhance campus safety while fostering a culture of trust, inclusion, and proactive community engagement.

We are proud to report that despite handling thousands of calls for service, our officers have not had a single use of force incident. This is a testament to our department's commitment to de-escalation, problem-solving, and community-oriented policing. We take great pride in our ability to address concerns with professionalism and care, ensuring a safe and welcoming learning environment for all students, faculty, and staff.

In addition to maintaining a strong public safety presence, we have introduced several innovative programs to better serve our community. The Fix-a-Falcon Bulb Repair Voucher Program has provided free vehicle light bulb replacements to students and staff, helping them avoid citations while ensuring their safety on the road. Meanwhile, our Unhoused-to-Student Program has supported individuals experiencing housing insecurity by connecting them with resources to enroll in classes, access student services, and work toward a brighter future. These initiatives reflect our belief that public safety is not just about enforcement—it's about support, prevention, and community empowerment.

As we move forward, the Solano Community College Department of Public Safety remains dedicated to adapting, innovating, and improving to meet the evolving needs of our campus. We will continue to uphold the highest standards of safety and service, ensuring that SCC remains a place where all students can focus on their education without fear or barriers.

Thank you for allowing us to serve and protect this incredible campus community. We look forward to building on our successes and continuing to make a positive impact in the years ahead.

With upmost love, gratitude and respect.

Brian Huynh Travis

Brian Huynh Travis
Chief of DPS

GUIDING PRINCIPLES

The guiding principles of the Solano Community College Department of Public Safety is to deliver excellent public service through Safety, Commitment and Community to our culturally diverse community. Members of SCCD DPS will display integrity, honesty, and fairness in our interactions with the community and each other, by recognizing and maintaining an ethical standard above reproach through open, truthful and respectful communications, and by encouraging external and internal partnerships. Our efforts are directed toward creating an environment where research, education, and public service flourish.

1

Safety

Proactively identify and mitigate potential risks on campus to protect all persons and property.

Provide a prompt and professional presence in all interactions to ensure a secure learning, working and recreational environment.

Offer regular training to faculty, staff, and students in emergency response techniques such as CPR, AED use, and first aid.

2

Commitment

We Uphold the highest standards of professionalism, reliability, and excellence in all aspects of conduct and performance

Continuously improve skills and knowledge through ongoing professional development and training.

Maintain a constant state of readiness and responsiveness.

3

Community

Foster partnerships with students, faculty, staff, and visitors to create a culture of shared responsibility for campus safety.

Engage in community-oriented problem-solving to address conditions that give rise to public safety concerns.

Respect the diversity of the campus community and treat all individuals with professionalism and civility.

ORGANIZATION CHARTS

The Solano Community College Department of Public Safety is organized into two divisions:
The Services Division, and
The Operations Division

For ease of understanding, please see the organizational Chart listed.

Solano Community College Department of Public Safety Organizational Chart

Campus Patrol

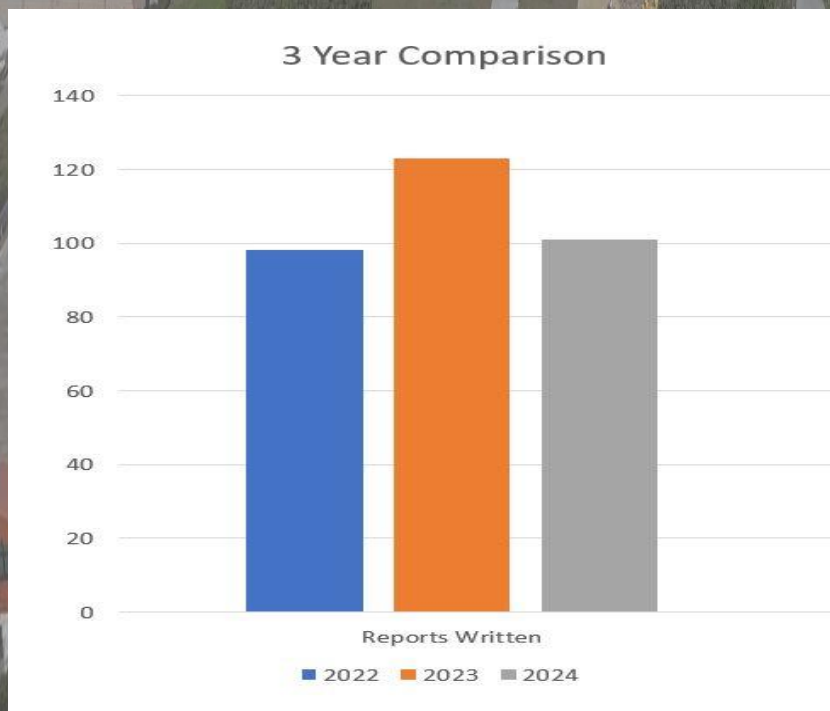

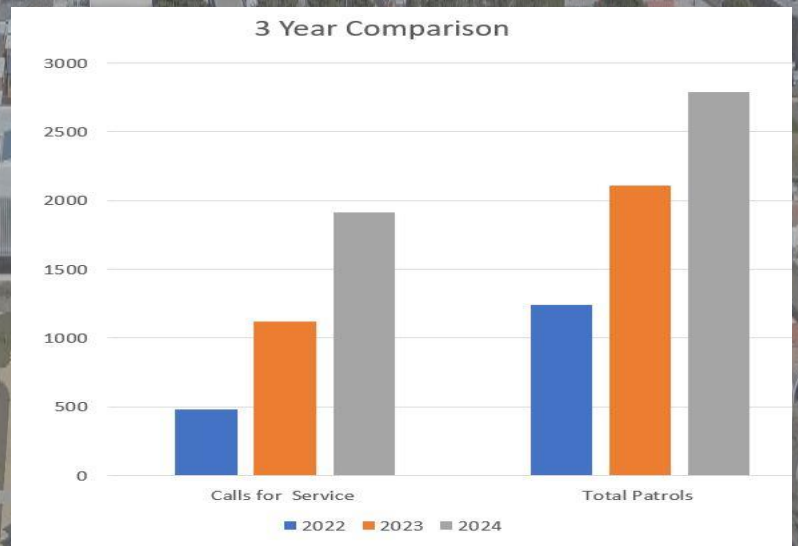

Public Safety Officers (PSOs) from the Department of Public Safety (DPS) at the Solano Community College District (SCCD) play a crucial role for many reasons. They are essential for maintaining a safe learning environment on campus. DPS officers often respond to emergencies, prevent crimes, provide important training and address safety concerns, allowing students and faculty to focus on education. DPS fully embraces community policing strategies, which are particularly effective at SCC. This approach fosters partnerships between public safety and the SCC campus community, promoting a culture of trust and cooperation. DPS officers often receive specialized training to handle the unique challenges of a campus environment, including issues specific to young adults such as relationship violence, stalking, and substance abuse prevention. DPS officers often serve multiple roles, including as counselors, mediators, and community liaisons, requiring a broad range of skills and cultural awareness. By fulfilling these roles, DPS officers contribute significantly to creating a safe, inclusive, and supportive learning environment at Solano Community College, enabling students to focus on their education and personal growth.

Patrol - By The Numbers

Since DPS went operational on May 1, 2022, DPS officers has responded to 3514 calls for services which averages out to 1171 calls per year. These calls for service included crimes in progress, to cold crime responses, or to providing escort services for students and staff from and to their cars or classrooms. DPS officers have also provided over 6150 total patrols during this same time period. These patrols included vehicle patrols, foot, golf cart or on the Trekke patrollers.

As this chart shows, total calls for service and total patrols conducted by our public safety officers. The numbers of calls for service has steadily gone up since mid-2022.

This chart shows the total numbers of reports our officers have written during The past three years.

Some Insight into the Above Table

These reports included Part 1 crimes which the Federal Bureau of Investigation (FBI) defines as the following:

- Criminal Homicide
- Forcible Rape
- Robbery
- Aggravated Assault
- Burglary
- Larceny Theft
- Grand Theft Auto
- Arson

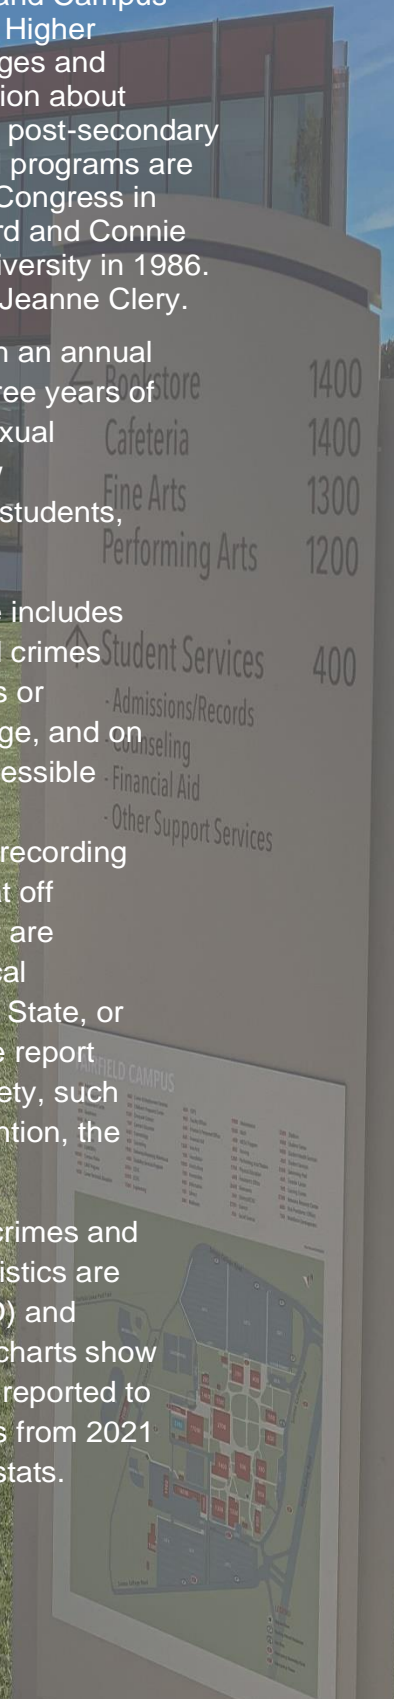

WHAT IS THE JEANNE CLERY DISCLOSURE ACT?

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)), as a part of the Higher Education Act of 1965, is a federal law that requires colleges and universities to disclose certain timely and annual information about campus crime and security policies. All public and private post-secondary educational institutions participating in federal student aid programs are required to comply with it. The law, originally enacted by Congress in 1990 as the Campus Security Act, was initiated by Howard and Connie Clery after their daughter Jeanne was killed at Lehigh University in 1986. Amendments to the Act in 1998 renamed it in memory of Jeanne Clery.

The Clery Act requires colleges and universities to publish an annual security report every year by October 1st that contains three years of crime statistics and certain policy statements including sexual assault policies which assure basic victims' rights, the law enforcement authority of university police, and where the students, staff, faculty, and visitors should go to report crimes.

The annual security report for Solano Community College includes statistics for the previous three years concerning reported crimes that occurred on campus, in certain non-campus buildings or property owned or controlled by Solano Community College, and on public property within, or immediately adjacent to and accessible from the campus. In accordance with mandated reporting requirements, information concerning the monitoring and recording of any criminal activity in which students have engaged, at off campus locations and/or within student organizations that are officially recognized by the College, are gathered from local police/sheriff agencies that may include any City, County, State, or Federal agencies that may have relevant information. The report also includes institutional policies concerning campus safety, such as policies concerning alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters.

The Department of Justice (DOJ) tracks certain property crimes and violent crimes in all jurisdictions. In San Bruno, these statistics are reported directly from our Computer Aided Dispatch (CAD) and Records Management System (RMS). The following two charts show 5-year comparisons for some of the key crime data points reported to DOJ. The next two pages will show the Clery Crime Stats from 2021 through 2023. We are still working on 2024 Clery Crime stats.

Racial and Identity Profiling Act (RIPA)

What is Racial and Identity Profiling Act (RIPA)?

The Racial and Identity Profiling Act (RIPA) of 2015 (AB 953) requires state and local law enforcement agencies, as specified, to collect data regarding stops of individuals, including perceived demographic information on the person stopped, and to report this data to the California Department of Justice (DOJ) on an annual basis. [**Click to view AB 953: The Racial and Identity Profiling Act of 2015**](#)

This data collection has been implemented in a phased-in approach based on the size of the police agencies. The Solano Community College Department of Public Safety is to begin collecting data in May 2022. The collected data is to be reported to the Department of Justice no later than April 2023. The Department of Justice will then post the collected data to their website sometime after April 2023. Data collection will be ongoing with submission to DOJ required no later than April of each year for the prior year's data.

The Solano Community College of Department recognizes the important work of the California Community College's Campus Police Reform task force. One of the key considerations identified by this task force is, "Increasing accountability to the campus community through greater transparency about police interactions, engaging the community in oversight."

While not being required to submit data until April 2023 to the DOJ, the Solano Community College of Department of Public Safety has implemented a RIPA Snapshot, making primary collected data available to the public starting in May 2022 on our website. The Snapshot allows users to view Solano Community College Department of Public Safety stop data by date, perceived race, perceived gender, the reason for the stop, and result of the stop. By analyzing this data, the Solano Community College Department of Public Safety is able to monitor all officer's individual stops to help ensure racial profiling is not occurring.

RIPA Data

| Stop Data - May 2022 - December 2024 | 2022 Year | 2023 Year | 2024 Year |
|---|-----------|-----------|-----------|
| | | | |
| Total number of stops | 14 | 20 | 28 |
| | | | |
| Reason for Stop | | | |
| Stop for traffic violation | 10 | 20 | 28 |
| Stop for reasonable suspicion that the person was about or was engaged in criminal activity | 4 | 0 | 0 |
| | | | |
| Number of stops - By Gender | | | |
| Male | 9 | 13 | 14 |
| Female | 8 | 7 | 14 |
| | | | |
| Stop Result | | | |
| Warning (verbal or written) | 9 | 19 | 27 |
| Citation for infraction | 1 | 1 | 1 |
| No action | 6 | 0 | 0 |
| Field interview card completed | 0 | 0 | 0 |
| Custodial arrest without a warrant | 1 | 0 | 0 |
| In-field cite and release | 0 | 0 | 0 |
| | | | |
| Perceived Race (alphabetical Order) | | | |
| | | | |
| Asian | 2 | 4 | 9 |
| Black/African American | 2 | 4 | 4 |
| Hispanic/Latino | 7 | 8 | 4 |
| Middle Eastern or South Asian | 0 | 0 | 0 |
| Native American | 0 | 0 | 0 |
| Pacific Islander | 0 | 0 | 0 |
| White | 6 | 4 | 11 |
| Other | 0 | 0 | 0 |

Leveraging Technology

To better serve our campus community and enhance public safety while maximizing available resources, we continuously adopt new technologies to enhance efficiency and effectiveness. Below are some of the innovative technologies implemented since 2022.

ALPR Safety Systems: National data indicates that vehicles are involved in over 80% of crimes committed outside the home. As a result, identifying suspect vehicles is crucial for solving crimes and ensuring justice for victims. To enhance our investigative capabilities, we have deployed license plate readers at key locations at the Fairfield and Vallejo campuses. These devices alert officers when a stolen or wanted vehicle is detected and capture license plate data that aids in identifying suspects during criminal investigations.

Solano SAFE App: The Solano Community College District has released a mobile Solano Safe App aimed at further enhancing campus security for students, faculty and staff. The app, which can be downloaded for free in the App Store and Google Play, is available for Apple iOS and Google Android devices. This App adds another layer of safety and protection to the campus community. At the click of a tab on a cellphone, they can make an emergency call, send their location to the Department of Public Safety (DPS), or report a tip. It's not just for security services because students can look up important phone numbers, such as the Health Center, Counseling Department, 24-hour Crisis Hotline, Financial Aid and many more. The variety of tools the app offers makes it a helpful resource for both students and staff members.

Rave Alert Systems: The RAVE Alert System, a free service managed by the Solano Community College District Department of Public Safety (SCCD DPS), delivers urgent alerts to students and employees during incidents such as mass notification for severe weather, public safety concerns, evacuations, missing persons and special events. Among its many features, the Rave Alert system can send voice, email and text notifications directly to workstations and mobile phones.

Body Worn Cameras: Body-worn cameras are essential for promoting transparency, accountability, and trust between law enforcement and the community. This is why every DPS officer wears an Axon body-worn camera.

Innovative Programs

One of DPS' most innovative programs launched since its inception in May of 2022 was the Fix-a-Falcon Bulb Replacement Program. Instead of issuing students and employees fixing tickets for vehicle equipment violations, DPS officers provide repair vouchers instead. DPS SCCDPS understand that students already have a lot on their plates and they don't want to add to their burdens. Receiving a fixing ticket could entail taking time out of their busy school schedules to purchase a replacement item, and if they're unable to make the change themselves, they may need to visit a repair shop, locate an officer to sign off on the ticket, and pay court processing fees. This innovative program which SCCDPS collaborates with the school's automotive training center and local repair shops to help our students is the first of its kind for community colleges in the U.S. Nevertheless, Chief Brian Travis emphasizes that the focus isn't on being the first but rather on fostering innovation to enhance community safety while strengthening trust and legitimacy.

Above: Chief Brian Travis and Jose Cortez, the Dean of Automotive Technology, held the Fix-a-Falcon repair voucher sign before a Board meeting to showcase this new program. **Right:** two SCC college students were the first to receive the repair voucher to fix their right inoperable head light.

INNOVATIVE PROGRAMS (CONT.)

SCC DPS launched the Unhoused-to-Student Outreach to help those experiencing homelessness become college students. Chief Brian Travis and DPS developed this program because, “As public servants and guardians of our community, we should always strive to help everyone we serve, especially those in need or down on their luck,” he said. “We developed this program with that in mind, to help people get the education they need so they can get back on their feet. To have a better life. It’s all about humanity.”

The first step in the process is typically a conversation. When officers come in contact with people who are homeless, they will ask them if they would like to know more about the Homeless-to Student program. If yes, then officers will offer to walk them to the academic support services division so they can help them enroll. Students may focus on obtaining a bachelor’s or associate degree in order to pursue higher education. They can also learn a trade and obtain certification in one of the many fields offered at the college in order to begin work immediately after graduation. The department has liaisons for students experiencing homelessness at each campus to assist with this program, the statement said. Solano College has its main campus in rural Fairfield and community campuses in both Vacaville and Vallejo.

Above: Officer Luz Daniels was able to help this unhoused student become the first in this new program to enroll in a welding certificate program. So far, there has been at least five known unhoused-to-students through this program.

USE OF FORCE DATA

2020 was one of the most challenging years in recent memory for the country at large and for students at all educational levels in particular. In addition to the Covid-19 pandemic and the turmoil from the 2020 national election, a string of protests against police for use of force incidents (that resulted in the deaths of African Americans) occurred. The demand to “defund the police” arose from these situations. It was also during this time period that the country was slowly recovering from the COVID-19 pandemic, with many businesses and schools beginning the process of reopening again. SCC conducted an evaluation process to re-imagine how the College’s campus safety and security department could effectively deliver just, equitable, compassionate, and integrity-driven services.

The College was committed to moving away from policing and focused on community safety, preventive measures, and making sure that we are a safe campus for everyone. This move aligned with a call from the California Community College Chancellor’s Office to review college policies on policing. SCC DPS have prioritized de-escalation techniques in our training and policies. Our detailed use of force policy outlines when and how force may be applied, ensuring accountability and proper procedures. We prohibit the use of chokeholds, require officers to give warnings before using deadly force when feasible, and restrict shooting at moving vehicles to only cases where there is an imminent threat to human life. Additionally, our officers are required to exhaust all reasonable alternatives before resorting to deadly force and have a clear, policy-backed duty to intervene if they witness excessive force by a fellow officer. We also maintain a comprehensive use of force reporting process to ensure transparency and oversight. Despite the challenges of recent years, we have taken this moment as an opportunity to thoroughly review our policies and procedures—not just for legal compliance, but to ensure they align with the values and expectations of our community. Above all, we hold human life as sacred, and due to the professionalism of our officers, use of force incidents at Solano Community College District remain at zero incident. The following pages will provide key data points on use of force at SCC since its inception in May of 2022.

A Few Critical Things to Understand

What is a "Use of Force Incident"?

Anytime an officer uses force that is "more than gentle touch" we consider that to be a use of force incident. As an example, if an officer has to physically put someone's hands behind their back during an arrest, and uses no additional force whatsoever, this is still considered a use of force incident, and it will queue up our robust reporting and review processes.

What is the Use of Force Reporting and Review Process?

Anytime force (as previously defined) is used by an officer, the supervisor conducts a thorough review of the incident and authors a separate use of force report. This includes review of the body worn camera footage and other evidence. That report is then reviewed by a Sergeant, a Commander, and the Chief of DPS to ensure that the use of force was within policy, and to identify any training needs.

HOW OFTEN WAS FORCE USED?

Please recall from the previous page that we define a "Use of Force" as anytime an officer uses more than gentle touch in the course of his/her duties.

Why I Wear the Shield

"Why I Wear the Shield " gives you an opportunity to hear what motivates some of your Public Safety Officers to do this job, straight from the mouths of the men and women who protect your Campus every day.

"College is a place of growth, learning, and self-discovery. I wear the Shield to ensure that the Solano Community College campus remains a space where students can focus on their education without fear, knowing that I am here to support and protect them."

Officer Derrick Roberts - Shield #6

"As an Eagle Scout, I found my passion for giving back to the community. As a student of Solano College, I volunteered my time as a Community Service Officer and took classes majoring in public service. Today, I wear the Shield for the community of Solano College to show the students that their educational endeavors here are protected. To be able to respond and support when I am needed, and to continue to impart that peace of mind I received when I was a student."

Officer Leon Dayrit - Shield #2

Why I Wear the Shield

" Making a Difference Every Day – Whether through a small gesture like a smile, a wave, or a conversation, or in moments of real crisis, I wear the Shield because I want to make a positive impact on someone's life every single day."

Officer Andrea Tunkara - Shield #8

"As a Sergeant, it is my duty and honor to supervise the best public safety officers at Solano Community College. I will ensure that we provide a safe and open environment to all who come here to learn, to teach and to support the campus. We will treat all as we want our own family treated. This will be done with fairness, empathy, compassion, and a little education when appropriate."

Sergeant Dan Widger – Sgt. Shield #2

Why I Wear the Shield

" I wear the Shield because I have a calling to protect and serve. Every student, faculty member, and staff member deserve to feel safe while pursuing their goals, and I take pride in being a guardian of their well-being.

Officer Harjot Bajwa – Shield #7

I wear the Shield because it is not just Piece of metal; it represents my unwavering Dedication to serving with integrity, respect, compassion and honor. I wear it proudly, knowing that my purpose is to help, protect, and uplift my college community.

Officer Egypt Hughes – Shield #9

Closing

At the Solano Community College Department of Public Safety, our commitment extends far beyond enforcing laws—we are here because we genuinely care about the well-being of our campus community. Every student, faculty member, and staff member are an integral part of our SCC family, and your safety remains our top priority. Our officers take great pride in serving with integrity, compassion, and dedication, working tirelessly to ensure that our campuses remain secure, welcoming, and supportive environments for all.

As we continue to evolve and enhance our safety efforts, we remain steadfast in our mission to protect, serve, and support each of you. We encourage open communication, collaboration, and trust, and we pledge to do everything within our power to keep Solano Community College a safe place for learning, growth, and success.

Thank you for allowing us to be a part of your journey—we are honored to serve you.
