### Help Your Students

Submitting your adoptions on time contributes to course material affordability by:

- Allowing your campus store time to source used and rental inventory, ensuring that your students have the most affordable options available for the first day of class.
- When adoptions are known before our end-of-term buyback event, we can pay your students top dollar for the materials they sell back and keep the affordable books circulating locally.
- Allowing us ample time to research your requested materials and determine whether they can be added to our national network list of rental titles, potentially lowering prices even more.
