Student Ed Plan Workshops: starting April 19th

- We could try to create a **little** video (<1 min.) to fit into the presentation—BUT the PPT is already created, and already consumes 30 min of the 45-min session.
- Workshop gives overview of degrees, certificated, transfer & GE, how to register, recs for first-semester courses, FA & MySolano
- The presentation has a PACE section we can update to GPS & add our video

Counselors are working on updating program maps to reflect local GE

Agenda for next time:

Labels for GE recs in Tassel (Coordinators will work with Tassel in a separate meeting)
