Reaffirmation of Accreditation Articles

For those interested in reading more about SCC's recent reaffirmation of accreditation, please see the article in the [Daily Republic](#) and the [Times Herald](#).

SCC's accreditation has been reaffirmed for seven years without any findings or sanctions from the Accrediting Commission for Community and Junior Colleges (ACCJC).

The college's next mid-term report is not due until October 2021. Congratulations everyone!

Photo Student Gets Solo Exhibit

SCC Photography student Jessica Marksbury debuts her solo show in downtown Vallejo.

Former SCC instructor Rick Mariani selected Marksbury's work for the latest art exhibit at Java Jax with the nine-piece "Lost Places," up through February.

"I think it's an amazing opportunity," she said. "Any time my work is seen, I really love it. Normally, I'm very shy and I don't like showing work in class very often. This is a way to put myself out there in the world."

There are several supporters of Marksbury, including another SCC photo professor, Sarah Bursness, who Marksbury says is "super supportive and encouraging."

"Really the whole photo department at Solano is amazing," Marksbury said. "It's really a community and a family there. I trust their opinion and, of course, my mom and dad."
